MBS CAPITAL MARKETS, LLC

Notes to Financial Statements

December 31, 2017

(1) Nature of Business

MBS Capital Markets, LLC (Company) is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). The Company was organized as a limited liability company in Florida in 2010 and is engaged to effect security transactions primarily in land secured municipal bonds.

(2) Summary of Significant Accounting Policies

(a) Revenue Recognition

The Company recognizes revenues in the period which the revenue is earned and services are rendered.

(b) Cash and Cash Equivalents

The Company considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

(c) Accounts Receivable

Accounts receivable represents balances due for services completed that have yet to be paid. The Company estimates the allowance for doubtful accounts based upon a review of current collectability of existing receivables.

(d) Income Taxes

As a limited liability company, the Company's taxable income or loss is allocated to its members in accordance with the operating agreement. Therefore, no provision or liability for income taxes has been included in the financial statements.

The Company has adopted Accounting Standards Codification Topic, "Income Taxes" ("ASC Topic 740"). This standard prescribes a recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. There was no material impact on the Company's financial position or results of operations as a result of the application of this standard as of and for the year ended December 31, 2017. The Company's income tax returns are generally subject to taxing authority examinations up to three years after the returns are filed.

Notes to Financial Statements

(2) Summary of Significant Accounting Policies - Continued

(e) Marketable Securities

Marketable securities are reported at fair value based on quoted market prices and have been classified as trading securities with realized and unrealized gains and losses included in net income. All transactions entered into are for the account of and risk of the Company and are recorded on a trade date basis.

(f) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect various reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

(g) Recently Issued Accounting Pronouncements

In addition, in May 2014, the (Financial Accounting Standards Board)FASB issued Accounting Standards Updates (update or ASU) 2014-09, Revenue from Contracts with Customers. The amendments in ASU 2014-09 require an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. ASU 2014-9 will replace most existing revenue guidance in U.S. GAAP when it becomes effective. In doing so, companies will need to use more judgement and make more estimates than under current guidance. These may include identifying performance obligations in the contract, estimating the amount of variable consideration to include in the transaction price and allocating the transaction price to each separate performance obligation. In July 2015, the FASB voted to defer the effective date of ASU 2014-09 by one year to December 15, 2017 for interim annual reporting periods beginning after that date. Early adoption of ASU 2014-09 is permitted but not before the original effective date (annual periods beginning after December 15, 2016).

The Company will adopt ASU 2014-09 as of January 1, 2018. At this time, it is not known nor can it be reasonably estimated what the impact of this standard's adoption will have on our firm.

MBS CAPITAL MARKETS, LLC

Notes to Financial Statements

December 31, 2017

(3) Concentrations of Credit Risk and Major Customer Information

The Company maintains all of its cash and cash equivalents in a commercial depository account which is insured by the Federal Deposit Insurance Corporation (FDIC). At times, cash deposits may exceed federally insured limits.

During 2017, approximately 72% and 27% of total revenue was generated by underwriting transactions and private placements, respectively.

(4) Deposits with Clearing Agency

The Company entered into a fully disclosed clearing agreement with Pershing, LLC ("Pershing"). Pershing carries the proprietary accounts of the Company and the accounts of the Company's customers introduced to Pershing by the Company.

As of December 31, 2017, the Company had a cash deposit of \$150,000 with Pershing, of which \$100,000 was held by Pershing for potential unresolved Company claims, losses, or expenses incurred by Pershing.

(5) Fair Value of Financial Instruments

The Company has adopted the provisions of ASC 820, Fair Value Measurements and Disclosures (ASC 820). ASC 820 defines fair value, establishes a framework for measuring fair value in accordance with accounting principles generally accepted in the United States of America, and expands disclosures about fair value measurements. ASC 820 establishes a three-tier fair value hierarchy which prioritizes the inputs used in measuring fair value as follows:

Level 1: Observable inputs such as quoted prices in active markets;

Level 2: Inputs, other than quoted prices in active markets, that are observable either directly or indirectly; and

Level 3: Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The Company held cash and cash equivalents of \$1,538,564 and deposits with clearing agency of \$150,000 at December 31, 2017, which were considered Level 1 assets. The Company held \$3,885,833 of marketable securities which consisted of municipal bonds at December 31, 2017. The fair value of municipal bonds is estimated using recently executed transactions, broker quotations, and bond spread information. These bonds are considered Level 2 assets.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

(6) Commitments and Contingencies

The Company has two operating leases for office space. Approximate future minimum lease payments required under these operating leases are as follows:

Year Ending December 31,

2018	\$	71,591
2019		68,246
2020		5,701
Total	\$	<u>145,538</u>

Expense incurred during the year ended December 31, 2017 related to these leases total approximately \$128,000.

(7) Related Party Transactions

Included in accounts payable and accrued liabilities in the statement of financial condition is approximately \$18,000 due to members for reimbursement of expenses. Also, \$228,543 in employee salary compensation expense for managing members is recorded in the statement of income and members' equity. The Company paid \$90,000 to a profit sharing plan in which they are the Trustee. As of December 31, 2017, the Company accrued \$278,326 related to the profit sharing amount. This number is included in accounts payable and accrued liabilities on the statement of financial condition.

In April 2014, a relative of one of the managing members purchased one of the office buildings that the company leases. Related expense paid to this related party during the year ended December 31, 2017 was approximately \$83,000.

(8) Indemnifications

In the normal course of business, the Company indemnifies and guarantees Pershing against specified potential losses in connection with their acting as an agent of, or providing services to, the Company. The maximum potential amount of future payments that the Company could be required to make under these indemnifications cannot be estimated. However, the Company believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the financial statements for these indemnifications.

(9) Net Capital Requirements

The Company is subject to SEC Uniform Net Capital Rule 15c3-1, which requires the maintenance of minimum regulatory net capital and a specified ratio of aggregate indebtedness to regulatory net capital. At December 31, 2017, the Company had net capital of \$4,427,232 which exceeded the capital requirement of \$100,000 by \$4,327,232. The Company's ratio of aggregate indebtedness to net capital was 0.19 to 1 at December 31, 2017.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Members
of MBS Capital Markets, LLC

We have reviewed management's statements, included in the accompanying Exemption Report for SEC Rule 15c3-3, in which (1) MBS Capital Markets, LLC identified the following provisions of 17 C.F.R. §15c3-3(k) under which MBS Capital Markets, LLC claimed an exemption from 17 C.F.R. §240.15c3-3: (k)(2)(ii) (exemption provisions) and (2) MBS Capital Markets, LLC stated that MBS Capital Markets, LLC met the identified exemption provisions throughout the most recent fiscal year without exception. MBS Capital Markets, LLC's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about MBS Capital Markets, LLC's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.
