WITHOUT LIMITING THE FOREGOING, IPASS AND ALL IPASS SUPPLIERS EXPRESSLY DISCLAIM ANY AND ALL WARRANTIES, CONDITIONS, AND REPRESENTATIONS OF ANY KIND, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING ANY WARRANTIES OF TITLE, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NONINFRINGEMENT. NEITHER IPASS NOR ANY IPASS SUPPLIER WILL BE LIABLE FOR ANY THIRD-PARTY NETWORK FAILURE. IPASS AND ITS SUPPLIERS SPECIFICALLY DO NOT WARRANT THAT THE IPASS SOFTWARE OR SERVICES WILL MEET CUSTOMERS' REQUIREMENTS, WILL BE UNINTERRUPTED, TIMELY, SECURE, ERROR FREE, AVAILABLE ON A SPECIFIED DATE OR TIME OR WILL HAVE THE CAPACITY TO MEET CUSTOMER'S DEMAND DURING SPECIFIC HOURS. ACCESS TO THE NETWORK CANNOT BE GUARANTEED, AND DISCONNECTION MAY OCCUR FROM TIME TO TIME. CUSTOMER ACKNOWLEDGES THAT IT HAS NOT ENTERED INTO THIS AGREEMENT IN RELIANCE UPON ANY WARRANTY OR REPRESENTATION.

9.2 No Pass-Through Warranty. Customer shall make no representations or warranties concerning the Software, the Phonebook or the Services on behalf of iPass or any iPass supplier and shall indemnify iPass from any loss, liability, cost, or expense arising from or relating to misrepresentations regarding the Service, the Phonebook or the Software.

10. LIMITATIONS OF LIABILITY. IN NO EVENT WILL IPASS OR IPASS' SUPPLIERS BE LIABLE TO CUSTOMER OR END USERS, OR TO ANYONE WITH WHOM THE FOREGOING COMMUNICATE, FOR ANY LOST PROFITS, LOST DATA, OR EQUIPMENT DOWNTIME, OR FOR ANY SPECIAL, INCIDENTAL, EXEMPLARY, PUNITIVE, INDIRECT OR

Neither iPass nor its suppliers will be liable for any consequences of obtaining Internet access, including those suffered as a result of accessing Internet information and content, such as accessing information with offensive, inaccurate or inappropriate content, the possibility of contracting computer viruses, or unauthorized access to or alteration, theft, or destruction of any data, files, programs, procedures, or information through accident, fraudulent means or devices, or any other method, regardless of whether such damage occurs as a result of iPass' or its suppliers' negligence.

The foregoing limitations of liability will apply notwithstanding the failure of essential purpose of any limited remedy herein. Customer acknowledges that the fees paid under this agreement reflect the allocation of risk set forth herein and iPass would not enter into this agreement without these limitations of liability.

11. CONFIDENTIAL INFORMATION. 5. iOQ. The following item does not count towards Customer's Minimum Monthly Commitment or Business Entity's Minimum Commitment.

5.1 iOQ Service.

The service ("iOQ" or "iOQ Service") enables Customer and Business Entities subscribed to Corporate Access for whom Customer has purchased the iOQ Service ("iOQ Participants") to view, on the password-protected iPass website located at <http://helpdesk.ipass.com> (the "iOQ Web Site"), data related to dial-in access attempts including dial-in problems and errors encountered by End Users and other relevant data made available by iPass separately for each iOQ Participant and for Customer for its Managed Access Users if Customer elects to purchase iOQ for such Users (the "Data") on a daily basis, and updated intermittently during the day, in approximately fifteen minute intervals, after the Data is transmitted to iPass' applicable server upon successful connection by an End User. At the end of each week, iPass will make available the cumulative Data for that week. iPass will only be responsible for making the Data available on a daily and weekly basis as described herein, and will not be responsible for providing the Data in any other manner or at any other frequency, or for storing or archiving any Data. iPass will issue a unique username and password for Customer (for its Managed Access Users, if applicable) and for each iOQ Participant for secure access to Customer's/iOQ Participant's Data ("iOQ Credentials"). Customer acknowledges and understands that the iOQ Credentials will be needed to access the iOQ Web Site and the Data.

Customer may purchase iOQ with respect to any Business Entity for Customer's own business use or for resale to such Business Entity. If Customer purchases the iOQ Service with respect to a Business Entity for resale to such Business Entity, Customer will make the iOQ Credentials available to such Business Entity immediately after iPass has issued such iOQ Password to Customer. If an iOQ Participant requests that Customer not have access to its Data, and Customer agrees to such request, Customer will notify iPass of such request in writing and supply iPass with such iOQ Participant's contact information to enable iPass to provide the iOQ Credentials directly to such iOQ Participant.

If in any month the total number of an iOQ Participant's End Users who have used the Service in such month is greater than the number of End Users covered by the iOQ payment option elected by Customer, iPass reserves the right to automatically upgrade Customer to the iOQ service option which will cover all of iOQ Participant's End Users. For instance if Customer has elected the 1,000 User option and an iOQ Participant in a given month has 1,225 End Users, iPass will automatically upgrade such iOQ Participant to the 2,000 End User option and pricing and will invoice Customer accordingly. Customer may cancel the iOQ Service for itself or any iOQ Participant at any time by giving iPass at least thirty (30) days written notice and such cancellation will take effect upon the first day of the calendar month which is at least thirty (30) days from the date of iPass' receipt of such notice. For example, if Customer sends iPass notice of cancellation on March 15th, the iOQ Service will continue through the end of April and the cancellation will take effect on May 1.

5.2 iOQ Permitted Use and Restrictions

Subject to the terms and conditions of this Agreement, Customer may use the iOQ Web Site, the iOQ Credentials, and the Data during the Term of this Agreement solely to assist and support Business Entities and End Users in using the Service. The Data and the iOQ Credentials are deemed Confidential Information of iPass. Customer will not (i) except for the purpose set forth above in this Section (b), modify, adapt, alter, rearrange, reclassify, decompile or recompile or otherwise manipulate the Data, or merge the Data with other data or information; (ii) use the iOQ Web Site to access the Data of any party other than its own and its Users, (iii) circumvent or attempt to circumvent any security measures implemented by iPass to protect the iOQ Credentials, iOQ Web Site or the Data, or (iv) sublicense, rent, lease, loan, market, distribute or otherwise transfer Data or any part thereof to third parties.

5.3 iOQ Orders

Customer shall indicate on each Business Entity order whether Customer wishes to subscribe to iOQ for such Business Entity and such other information that iPass reasonably requires, including but not limited to the number of End Users. If Customer chooses to subscribe to iOQ for its Managed Access Users, Customer shall send iPass written notice of such decision, indicating the number of Active Users.

5.4 iOQ Fees

Each month, Customer will pay iPass the fees set forth in the table below for iOQ with respect to each iOQ Participant, and Customer for its Managed Access Users, if Customer so elects. As used below, "Active User" means an End User who actually used the Service during the billing month. For clarification purposes, each iOQ participant, and Customer for its Managed Access Users, will be taken separately, the number of End Users calculated, and billed on a separate basis.
