Notes to Financial Statements
December 31, 2023

1. GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Equilibrium Capital Services, LLC (the "Company") was organized in the State of Oregon on October 1, 2010. The Company is a registered broker-dealer in securities under the Securities and Exchange Act of 1934, a member of the Financial Industry Regulatory Authority ("FINRA"), and a member of the Securities Investor Protection Corporation ("SIPC"). The Company is a wholly-owned subsidiary of Equilibrium Capital Group, LLC (the "Member").

The Company is engaged in business as a securities broker-dealer that provides several classes of services, including private placements, merger and acquisitions advisory services, and broker selling tax shelters or limited partnerships. For the year ended December 31, 2023, the Company's income was derived primarily from advisory services revenue performed in connection with capital raising for the Member and its affiliated funds and vehicles.

Under its membership agreement with FINRA and relying on Footnote 74 of the SEC Release No. 34-70073 adopting amendments to 17 C.F.R. § 240.17a-5, the Company (1) does not directly or indirectly receive, hold, or otherwise owe funds or securities for or to customers, (2) does not and will not carry accounts of or for customers, and (3) does not and will not carry PAB accounts. Other than fixed fee merger and acquisition advisory services provided to the Member, the Company limits its business activities exclusively to effecting securities transactions via subscriptions on a subscription way basis where the funds are payable to the issuer or its agent and not to the Company.

Summary of Significant Accounting Policies

Basis of Presentation – The accompanying financial statements are presented in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Revenue Recognition – The Company charges fees in accordance with terms stipulated in its engagement contracts. Fees are recognized as earned and per the fee schedule stipulated in the Member's or client's engagement contracts. For the year ended December 31, 2023, the Company's only revenue producing contracts were with its Member – see Note 3. The Company performs services for its customers on an ongoing basis; accordingly the Company satisfies its performance obligations each month and thus recognizes its service fee on a monthly basis.

The timing of the Company's revenue recognition may differ from the timing of payment by the Company's customers. The Company records a receivable when revenue is recognized prior to payment and has an unconditional right to payment. Alternatively, when payment precedes the provision of the related services, the Company records deferred revenue until the performance obligations are satisfied. The Company did not have any receivables from contracts with customers or deferred revenue as of December 31, 2023 and December 31, 2022.

Economic conditions that may affect the Company's performance primarily include the general economic and market conditions in the United States, specifically in the agriculture infrastructure, wastewater, energy facilities, and permanent crops industries.

Equilibrium Capital Services, LLC
Notes to Financial Statements
December 31, 2023

Cash – The Company considers all highly liquid investments with a remaining maturity of three months or less when purchased to be cash equivalents. The Company maintains the majority of its cash balance on deposit with one Federal Deposit Insurance Corporation (“FDIC”) insured financial institution. At times, these deposits may be in excess of federally insured limits.

Commitments and Contingencies – The Company may become involved in various legal matters and regulatory inquiries or examinations in the ordinary course of business. The Company is not aware of any material contingencies relating to such matters that would require accrual or disclosure in the financial statements or their notes as of December 31, 2023. The Company does not have any guarantees or other commitments as of December 31, 2023.

Guarantees – Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 460, *Guarantees*, requires the Company to disclose information about its obligations under certain guarantee arrangements. FASB ASC 460 defines guarantees as contracts and indemnification agreements that contingently require a guarantor to make payments to the guaranteed party based on changes in an underlying factor (such as an interest or foreign exchange rate, security or commodity price, an index or the occurrence or nonoccurrence of a specified event) related to an asset, liability, or equity security of a guaranteed party. This guidance also defines guarantees as contracts that contingently require the guarantor to make payments to the guaranteed party based on another entity's failure to perform under an agreement as well as indirect guarantees of indebtedness of others. The Company has issued no guarantees at December 31, 2023, or during the year then ended.

2. INCOME TAXES

The operations of the Company are included in the consolidated federal and state income tax return filed by the Member. The Company is treated as a disregarded entity for federal income tax purposes, in accordance with single member limited liability company rules. All tax effects of the Company's income or loss are passed through to the Member. Therefore, no provision or liability for Federal or State Income Taxes is included in these financial statements.

3. RELATED-PARTY TRANSACTIONS

The Company is engaged by its Member to perform capital raising activities for the Member and its affiliated funds and vehicles whereby the Member pays a monthly fee to the Company in consideration for these services. These services include, but are not limited to, reviewing and planning financing needs, performing due diligence, and executing on certain capital raising transactions as defined in the agreement. For the year ended December 31, 2023, advisory services earned by the Company with respect to this engagement with its Member totaled \$1,356,000.

The Company has an expense sharing agreement with its Member whereby the Company pays a monthly reimbursement in consideration for certain expenses paid on the Company's behalf. These expenses include personnel, rent, and other administrative services. For the year ended December 31, 2023, expenses incurred by the Company with respect to the expense sharing agreement with its Member totaled \$1,149,197.

Equilibrium Capital Services, LLC
Notes to Financial Statements
December 31, 2023

Intercompany receivable due from its Member relating to the monthly retainer is \$0 and intercompany expense share due to its Member is \$5,920, leaving a net payable to a related party of \$5,920 at December 31, 2023.

It is possible that the terms of certain related party transactions are not the same as those that would result for transactions among wholly unrelated parties.

5. NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn, or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. Net capital and aggregate indebtedness change day to day, but on December 31, 2023, the Company had net capital of \$1,081,459 which was \$1,076,459 more than its required net capital of \$5,000. The Company's ratio of aggregate indebtedness (of \$9,664) to net capital was 0:01 to 1.

6. SUBSEQUENT EVENTS

The Company has reviewed events that have occurred after December 31, 2023 through February 20, 2024, the date the financial statements were available to be issued. During this period, no subsequent events occurred that require recognition or disclosure in the financial statements.

Report of Independent Registered Public Accounting Firm

The Member
Equilibrium Capital Services, LLC

We have reviewed management's statements, included in the accompanying Equilibrium Capital Services, LLC's (the Company) Exemption Report (the exemption report), in which:

- 1) The Company does not claim an exemption under paragraph (k) of 17 C.F.R. §240.15c3-3; and
- 2) The Company states the Company is filing the exemption report relying on Footnote 74 of the SEC Release No. 34-70073 adopting amendments to 17 C.F.R. §240.17a-5 (Footnote 74) because, throughout the most recent fiscal year, without exception:
 - The Company limits its business activities exclusively to (1) effecting securities transactions via subscriptions on a subscription way basis where the funds are payable to the issuer or its agent and not to the Company, and
 - The Company (1) did not directly or indirectly receive, hold, or otherwise owe funds or securities for or to customers, other than funds received and promptly transmitted for effecting transactions via subscriptions on a subscription way basis where the funds are payable to the issuer or its agent and not to the Company; (2) did not carry accounts of or for customers; and (3) did not carry PAB accounts (as defined in Rule 15c3-3).

The Company's management is responsible for compliance with the provisions of Footnote 74 and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the provisions of Footnote 74. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions of Footnote 74 of SEC Release No. 34-70073.
