Re: Our Microlending, LLC
Registration Statement on Form 1-A
Filed August 28, 2014
File No. 024-10414

Dear Mr. Schiffman:

On behalf of OUR MicroLending, LLC (the "Company"), we hereby respond to the Commission Staff's comment letter, dated September 24, 2014, regarding the Offering Statement on Form 1-A (the "Offering Statement"), filed with the Commission on August 28, 2014. In accordance with your letter, in those instances that you have requested additional information, we have provided the additional information in this letter. Please note that for the Staff's convenience we have recited the Staff's comment and provided the Company's response to the comment immediately thereafter.

In addition, we have simultaneously filed seven copies of Amendment No. 1 to the Offering Statement with the filing desk. For your review, we have included herewith three courtesy copies of the Offering Statement and three copies marked to show changes from the Form 1-A.

Eligibility Requirements

1. We note that according to your statements of cash flows during the first six months of 2014, you sold \$273,000 in certificates in reliance upon Regulation A and during 2013 you sold \$1,074,195 in certificates in reliance upon Regulation A. Accordingly, as we noted in you in comment 3 of our letter to you dated January 27, 2013 regarding your previously qualified Form 1-A (File No. 024-10226) pursuant to Rule 251(b), you are not eligible to use Form 1-A unless you reduce the aggregate offering price of the securities you are offering to reflect all securities sold in reliance on

Regulation A within the past 12 months. Note that Instruction I to Form 1-A states that the aggregate offering amount is "strictly limited."

The amount offered has been reduced to reflect Certificates sold within the past 12 months.

2. We note that the securities will be automatically rolled over into a new security unless the holder notifies you in ten business days before the maturity date. In light of the fact that you are sending notification by first-class mail only fifteen days before the maturity date, it is not clear that an investor will receive the notification in time. In the staffs view, the actual maturity date is unclear since it will automatically renew. Please provide us with your legal analysis of how the rollovers with such limited notice will comply with the federal securities laws.

See the revised disclosure on page 24 noting that the Company contacts the holders of Certificates telephonically in addition to mailing the notifications. Accordingly, the Company believes the notice is sufficient.

Failure to File Reports Required Under Rule 257

3. Despite our notice to you in comment 1 of our letter to you dated January 27, 2013 regarding your previously qualified Form 1-A (File No. 024-10226), you have failed to file a Form 2-A every six months after qualification as required by Item 257(a) or a final report as required by Item 257(b). We note you last filed a Form 2-A on April 25, 2013. However, you subsequently filed four amendments to your Form 1-A and continued to sell the securities throughout 2013 and into 2014, as noted above. Please file all required reports as soon and possible.

The required Forms 2-A have been filed.

4. We note you invite investors to call you regarding the certificates. Please state that you will provide each investor with a copy of the Offering Circular prior to accepting orders. Please provide us with any script that your employees use to respond to telephone inquiries. Please revise your description of the Certificate to include the material terms, including the fact the investment is not secured and is subject to automatic rollover. State that you will provide a copy of the certificate to any person that requests one. Please remove from each page your statement that you are "Regulation A SEC qualified."

The website has been revised accordingly. The script used by employees has been included.

5. Please revise the first paragraph and the summary on page 1 to clarify that the certificates are not equity securities but are unsecured debt securities. Please add a statement that the investment securities are not savings accounts or deposits and are not insured by the Federal Deposit Insurance Corporation or any other government agency. In addition, provide this disclosure on your website.

The requested disclosure has been provided on the cover page, page 1 and page 22. Further, the disclosure has been provided on the website.

Offering Circular Summary. Our Company, page 1

6. We note your characterization in the first paragraph of your customers as "micro and small business owners and entrepreneurs in South Florida, many of whom are immigrants from Latin American and the Caribbean. Please clarify whether the business owners are legal residents of the United States and whether the businesses operate in the United States or in another country. Please explain the reasons that "traditional sources of financing are largely unavailable to our target clients." Please provide greater detail as to legal status (e.g. incorporated, limited partnership, sole proprietorship) and the stage of development of your business borrowers.

The requested disclosure has been provided on page 1.

Offering Circular Summary, The Offering page 1

7. Please revise your statements in the Introduction to the Section entitled "The Offering" in the middle of page 1 that "the summary ... is not intended to be complete" and that "it does not contain all the information that is important to you." Provide a summary of the material terms of the offering.

The requested revisions have been made on page 1.

Risk Factors. page 3

8. As required by Item 3(a) of Form 1-A, please revise your statement in the preamble on the top of page 3 to reflect the requirement in Item 3(a) that the section "summarizes principal factors which make the offering one of high risk or speculative." Revise the substance of your disclosure in the Risk Factors to comply with Item 3(a).

The requested revision in the preamble has been made on page 3. The Company believes that the factors described in the Risk Factor section are the principal factors which make the offering one of high risk or speculative.

We have experienced operating losses and our liquidity has been reduced, and we could incur losses in the future. page 3

9. Please revise the first sentence of the risk factor to refer to the net income of \$324,576 for the six months ended June 30, 2014 and the net loss of \$391,407 for the year ended December 31, 2013.

The disclosure has been revised accordingly on page 3.

10. Please revise the fourth sentence of the risk factor to refer to page 17 and Note 14 - Operational Considerations.

The sentence has been revised to reflect the correct references. See page 3.

Risks Relating to our Business, page 5

11. Please revise the caption and the substance of the last risk factor on page 5 relating to the substantial voting control that certain existing owners have to add discussion of the control that Mr. Santandreu possesses as the beneficial owner of over 47 percent of your stock and as your CEO, President and Managing Member.

The revised disclosure has been added to pages 5-6.

Risks Relating to the Certificates, page 7

12. Please consider adding a risk factor addressing the risk that investors may not get their principal back at the end of the initial term if they fail to formally request the principal at least ten days before their maturity date and present their certificate to you because otherwise you retain the right to automatically roll over the debt into a new certificate. Moreover, the interest rate on the new Certificate could be higher or lower than the rate on the initial certificate since it will reset at then current Treasury bill rates.

An additional risk factor has been added to page 8.

13. Please revise the caption and the substance of the first risk factor in this section on page 7 regarding your ability to service your obligations to more clearly state that the risk to investors in the Certificates is they may not earn any interest and may lose their entire investment because the certificates are unsecured, you have other senior debt of over \$293,000 and other investment certificates previously issued in the principal amount of \$1.7 million; and you have suffered losses and expect to continue to experience losses.

The disclosure has been revised accordingly on page 7.

14. Please consider adding a risk related to fact that it will be difficult for investors to accurately ascertain the your financial condition because the financial information provided in the Offering Circular was not audited by an independent auditor and that you are not required by federal or state law to provide any further financial or other information to investors in the future. Discuss your voluntarily undertaking to

provide annual unaudited financial statements within four month after the close of a fiscal year, but discuss the risk that you may not provide the financial statements and it may be difficult for an investor to enforce this promise.

The additional risk factor has been added on page 8.

15. **Please revise this section to disclose which officers own the approximately five percent of the stock not beneficially owned by Mr. Santandreu.**

The revised disclosure has been added on page 11 to be consistent with the website.

Loan Portfolio, page 11

20. **Please revise the first paragraph to disclose the number and percent of the loans that you disbursed during the various periods to distinguish between loans to new customers from rollover, refinancing or back to back loans to old customers.**

The revised disclosure has been added to page 12. Please note that the Company does not rollover or refinance loans, but rather makes new loans to existing clients once the prior loan has been repaid.

21. **Please revise the fifth sentence of the second paragraph to refer to an increase of approximately 49.5% as compared to the amount of loans in 2012.**

The revised disclosure has been added to page 12.

The revised disclosure has been added to page 14. Please be advised that all loan fees are recorded as commissions in the Company's financial statements. We note the disclosure appearing in Note 12 - Other Income of the June 30, 2014 financial statements. Please file the agreement signed with the CDFI Fund. Tell us the nature of the award, whether there were any contingencies attached to the award and how you agreed to use the funds to fund loans. Provide a detailed response as to why you recorded the award as revenue.**

The agreement with the CDFI has been filed as Exhibit 6.7.

The nature of the award is considered a grant since there were no financial contingencies to the receipt of the funds. The cash was recorded as deferred income on the balance sheet and once the funds were disbursed to fund loans, the funds were classified as revenue. Since 100% of the funds were disbursed to fund loans, the full amount of the grant was recorded as revenue for the period ended June 30, 2014.
