Filed December 23, 2010
File No. 333-171370**

Dear Ms. Sutherland:

We have reviewed your registration statement and have the following comments. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure.

Please respond to this letter by amending your registration statement and providing the requested information. If you do not believe our comments apply to your facts and circumstances or do not believe an amendment is appropriate, please tell us why in your response.

After reviewing any amendment to your registration statement and the information you provide in response to these comments, we may have additional comments.

General

1. We note that you are registering the 10.875% Notes due 2015 in reliance on our position enunciated in Exxon Capital Holding Corp., SEC No-Action Letter (April 13, 1989). See also Morgan Stanley & Co. Inc., SEC No-Action Letter (June 5, 1991) and Shearman & Sterling, SEC No-Action Letter (July 2, 1993). Accordingly, with the next amendment, please provide us with a supplemental letter stating that you are registering the exchange offer in reliance on our position contained in these letters and include the representations contained in the Morgan Stanley and Shearman & Sterling no action letters.

Prospectus Cover Page

3. Please indicate on the cover page that the exchange offer is an Exxon Capital exchange offer.
4. Please indicate on the cover page that the exchange notes will be unconditionally guaranteed by Nationstar Mortgage LLC, Nationstar Capital Corporation and the other guarantors. Also indicate whether the guarantors will jointly and severally guarantee the exchange notes.

Market and Industry Data

5. You may explain the sources of information in a registration statement, but you may not disclaim liability for it. Please revise.

Prospectus Summary

Loan Servicing, page 1

6. Please provide substantiation for the statement that you are “one of the largest independent loan servicers in the United States”.

Our Strengths, page 5

7. Please eliminate the phrase “Best-In-Class”.

Summary Consolidated Financial Data, page 14

8. Please revise your disclosure of adjusted EBITDA in the table on page 15 to address the following:
 - a. Please tell us how you considered the guidance in Item 10(e) of Regulation S-K when determining that your presentation of “adjusted EBITDA” was not a prohibited non-GAAP measure;
 - b. Specifically identify this measure as a non-GAAP measure;
 - c. Expand your disclosure to provide additional information about how management uses this measure in assessing the performance of your operating segments and how it is incorporated into the decisions regarding the allocation of resources to each segment; and

- d. Disclose the reasons for excluding “interest expense from unsecured senior notes” from your measure. It appears that this interest expense will continue to be incurred in the future, either from the existing notes or from the exchanged notes.

Refer to Release No. 34-47226 and Questions 102.09 and 103.01 in the Non-GAAP Financial Measures Compliance and Disclosure Interpretation on the SEC’s website.

9. You disclose that you use Adjusted EBITDA (with additional adjustments) to measure your compliance with covenants such as leverage coverage ratios for your unsecured senior notes. Please revise to disclose the following:
 - a. Disclose this measure here or in your liquidity and capital resources discussion beginning on page 78;
 - b. Provide a reconciliation of this measure to the most comparable GAAP measure; and
 - c. Please disclose the amount or limit required to comply with the covenant and identify the particular credit agreement included in your liquidity discussion that includes this covenant.

Risk Factors, page 17

10. Please revise your Risk Factors section so that the risk factor headings clearly state the risk and so that the following discussions are concise. We note that several of your current risk factors require numerous paragraphs to communicate the risk; consider breaking these into multiple risk factors that are clear and concise.
11. Some of your risk factors make statements regarding your ability to provide assurances, predictions, certainties or guarantees that a given event might happen. Please revise this section to eliminate this type of language. The point of a particular risk factor is to discuss a material risk and explain the likelihood of the risk impacting an investment in your securities, not your ability to provide assurances, predictions, certainties or guarantees.

We are conducting an internal review of our foreclosure policies, page 17

12. Please revise the second paragraph of this section to provide the approximate number of states where you have been asked to suspend foreclosure proceedings and where you have delayed such proceedings.

Selected Historical Consolidated Financial Data, page 40

13. We note your disclosure that you have not provided financial information for periods prior to the Acquisition due to the fact that it cannot be created without unreasonable effort and expense. Please submit a request for a waiver of the reporting requirements to the Division of Corporation Finance's Office of Chief Accountant. Instructions for this process can be found on the SEC's website. In your letter, please provide an expanded description of why the historical information is impacted by your acquisition, provide a description of the structure of the acquisition and clarify whether it was accounted for as a reverse acquisition. Otherwise, please revise to include the financial information for all periods required by Regulation S-K.
14. We also note that you have not included certain periods in your historical financial data because they would not contribute to an investor's understanding of your historical financial performance. Please revise to clarify whether this information is available to you. If so, please revise your financial data to include these amounts. Any material variances or changes in your operations affecting trends in your historical results may be discussed elsewhere in the filing, where appropriate. If this information is unavailable to you and would cause an undue hardship to create, please submit a request for a waiver of the reporting requirements to the Division of Corporation Finance's Office of Chief Accountant.

Description of the Exchange Offer

Describe, for instance, how often you obtain updated appraisals and broker quotes and discuss the types and amounts of any adjustments you may make as a result of outdated appraisals.

Please revise to disclose whether you follow ASC 450, ASC 310, or both to evaluate your loan portfolio for collectability. If you utilize ASC 310, please revise to disclose how your policy is consistent with the guidance in ASC 310-10-35-16 which indicates that a loan is impaired when it is probable that both the contractual interest and the contractual principal payments of a loan will not be collected as scheduled in the loan agreement.

Interest Income, page F-11

35. Please revise your disclosure to address the following:
- a. Clarify your basis for resuming accrual when a mortgage loan becomes less than 90 days delinquent, how you determined that you will collect all amounts and how doing so considers the fact that you have not yet collected all past due amounts;
 - b. Disclose whether you require a sustained period of repayment to support the resumption of interest accruals on a past due loan, and if not, disclose why not; and
 - c. Clarify how you account for accrued and unpaid interest at the time you discontinue the accrual of interest.

4. Mortgage Loans Held for Sale and Investment, page F-16

36. Please revise your disclosures to clarify whether you recorded any non-accretable discount in connection with your transfer of loans held for sale to loans held for investment. If so, please separately present any cash flows you do not expect to receive (i.e. the non-accretable portion) related to the discount recorded upon transfer of the mortgage loans back into the held for investment portfolio. If not, please disclose the contractual principle amount you deemed to be uncollectible.

statement that such an estimate cannot be made. We also remind you of the requirement in Item 303 of Regulation S-K to discuss any known trends or uncertainties that you may reasonably expect to have a material favorable or unfavorable impact on your income from operations, liquidity and capital resources, such as increases or decreases in the volume or amount of claims. Please revise your discussion on page 115, or elsewhere if appropriate, to more thoroughly discuss the risks and uncertainties associated with developing your estimated liability for representations and warranties. Please provide this discussion separately for the repurchase obligations related to your sold and serviced loans, if material.

16. Fair Value Measurements, page F-29

40. Please revise to disclose how you considered that mortgage backed securities may have collateral with differing credit and other characteristics when determining the fair value of your loans held for sale. 41. Please revise your disclosures to clarify the criteria used to stratify your mortgage servicing rights for the purposes of determining fair value.

6. Mortgage Loans Held for Sale and Investment, page F-60

45. Please revise to disclose the types of items included in “other changes” in your table on page F-61. Please revise your Management’s Discussion and Analysis to discuss trends in these items, if appropriate.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes the information the Securities Act of 1933 and all applicable Securities Act rules require. Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

Notwithstanding our comments, in the event you request acceleration of the effective date of the pending registration statement please provide a written statement from the company acknowledging that:

- should the Commission or the staff, acting pursuant to delegated authority, declare the filing effective, it does not foreclose the Commission from taking any action with respect to the filing;
- the action of the Commission or the staff, acting pursuant to delegated authority, in declaring the filing effective, does not relieve the company from its full responsibility for the adequacy and accuracy of the disclosure in the filing; and
- the company may not assert staff comments and the declaration of effectiveness as a defense in any proceeding initiated by the Commission or any person under the federal securities laws of the United States.

Please refer to Rules 460 and 461 regarding requests for acceleration. We will consider a written request for acceleration of the effective date of the registration statement as confirmation of the fact that those requesting acceleration are aware of their respective responsibilities under the Securities Act of 1933 and the Securities Exchange Act of 1934 as they relate to the proposed public offering of the securities specified in the above registration statement.
