For example, undiscovered material weaknesses and significant deficiencies could pose a risk of errors in your financial statements. With regard to the current risk factor text, revise to indicate that you will be required, pursuant to Section 404 of the Sarbanes-Oxley Act, to provide a report by management on the effectiveness of your internal control over financial reporting but that this report is not required until November 2013. Finally, revise the text to emphasize that so long as you qualify as a smaller reporting company, you will not be required to provide an attestation report from your registered public accounting firm notwithstanding your status under the JOBS Act.

You may contact Kathleen Collins, Accounting Branch Chief, at (202) 551-3499 if you have any questions regarding comments on the financial statements and related matters.
