Peak Brokerage Services, LLC

Notes to the Financial Statements For the Year Ended December 31, 2021

NOTE 1 – NATURE OF BUSINESS

Organization and Nature of Business

Peak Brokerage Services, LLC (the Company) is a brokerage firm and a majority owned subsidiary of Peak Reps, LLC. The Company is registered as a broker-dealer pursuant to Section 15(b) of the Securities Exchange Act of 1934, and has two sister companies: one being Blackridge Asset management, a registered investment advisor with the Securities and Exchange Commission (the SEC) and the other, Top Advisors Group, LLC, a licensed, insurance marketing organization. The Company is subject to regulation and oversight by the SEC and the Financial Industry Regulatory Authority, Inc. (FINRA) (FINRA CRD #: 158045; SEC #: 8-68829).

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Financial Statement Presentation

The accompanying Financial Statements have been prepared pursuant to Rule 17a-5 of the Securities and Exchange Act of 1934. The classification and reporting of items appearing on the Financial Statements are consistent with that rule.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The Company estimates its accounts receivables at year-end and related revenues and commission payable and expense.

Inter-company Expense Allocations

The Company's financial statements reflect allocations of certain occupancy, equipment and personnel-related expenses that are paid on its behalf by Peak Reps, LLC and reimbursed by the Company. Personnel-related allocations include salaries and costs attributable to the employees of the Company participating in other benefit plans sponsored by Peak Reps, LLC. In the opinion of management, the expenses allocated to the company approximate the actual costs incurred.

Notes to the Financial Statements For the Year Ended December 31, 2021

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Cash and Cash Equivalents

Cash equivalents are highly liquid investments with an original maturity of 90 days or less that are not required to be segregated under federal or other regulations. The Company's cash and cash equivalents are composed of interest-bearing and noninterest-bearing deposits.

Securities

All securities are reported at fair value on the trade date. Net unrealized and realized gains and losses on securities are included as revenue in the statement of operations. As of December 31, 2021, the Company does not have ownership of any securities.

Commissions Receivable

Commissions receivable are non-interest bearing uncollateralized obligations receivable in accordance with the terms agreed upon with each client. The Company regularly reviews its commissions receivable for any uncollectible amounts. The review for uncollectible amounts is based on an analysis of the Company's collection experience, customer credit worthiness, and current economic trends. Based on management's review of commissions receivable, no allowance for doubtful accounts is considered necessary.

Receivables from Others

Receivables from others primarily consist of amounts due from registered representatives and Peak Reps LLC. Management monitors the need for an allowance estimate through periodic evaluations against actual historical results. Based on management's review of receivables from others, no allowance for doubtful accounts is considered necessary.

Fixed Assets

Leasehold improvements, computers and software, and furniture and equipment are recorded at historical cost, net of accumulated depreciation and amortization. Management has elected to capitalize any single asset where the initial cost and cost of installation exceeds \$2,500. Depreciation is recognized using the straight-line method over the estimated useful lives of the assets.

Management reviews fixed assets for impairment whenever events or changes in circumstances indicate the carrying amount of the assets may not be recoverable. All fixed assets were fully depreciated as of December 31, 2021. There was no depreciation expense in 2021.

Peak Brokerage Services, LLC

Notes to Financial Statements

For the Year Ended December 31, 2021

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Revenue Recognition

Transaction-based sales commissions are recognized as revenue on a trade-date basis, which is when the Company's performance obligations in generating the commissions have been substantially completed. The Company settles a significant volume of transactions that are initiated directly between its representatives and product sponsors, particularly regarding mutual fund, 529 education savings plan, fixed and variable annuity, and insurance products. As a result, management must estimate a portion of its commission revenues earned from clients for purchases and sales of these products at the end of each accounting period for which the proceeds have not yet been received. These estimates are based on the amount of commissions earned from transactions in these products in prior periods.

Trailing commission revenues include mutual fund, 529 education savings plans, and fixed and variable product trailing fees that are recurring in nature. These trailing fees are earned by the Company based on a percentage of the current market value of clients' investment holdings in trail-eligible assets and recognized over the period during which services are performed. Because trailing commission revenues are generally paid in arrears, management estimates trailing revenues earned at the end of each period.

Commitments and Contingencies

The Company recognizes a liability with regard to loss contingencies when it believes it is probable a liability has occurred, and the amount can be reasonably estimated. If some amount within a range of loss appears at the time to be a better estimate than any other amount within the range, the Company accrues that amount. When no amount within the range is a better estimate than any other amount, however, the Company accrues the minimum amount in the range.

The Company, as a rule will establish an accrual for those legal proceedings and regulatory matters for which a loss is both probable and the amount can be reasonably estimated, except as otherwise covered by third-party insurance or self-insurance.

The Company is subject to litigation in the normal course of business. The Company was the subject of litigation, as defendant, that had been settled at December 31, 2021. The resolution of this matter through a settlement agreement did not have a significant adverse effect on its financial position.

Peak Brokerage Services, LLC

Notes to Financial Statements

For the Year Ended December 31, 2021

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Guarantees

The Company occasionally enters into certain types of contracts that contingently require it to indemnify certain parties against third-party claims. The terms of these obligations vary and because a maximum obligation is not explicitly stated, the Company has determined that it is not possible to make an estimate of the amount that it could be obligated to pay under such contracts.

The Company provides guarantees to securities clearing houses and exchanges under their standard membership agreements, which require a member to guarantee the performance of other members. Under these agreements, if a member becomes unable to satisfy its obligations to the clearing houses and exchanges, all other members would be required to meet any shortfall. The Company's liability under these arrangements is not quantifiable and may exceed the cash and securities it has posted as collateral. However, the potential requirement for the Company to make payments under these agreements is remote. Accordingly, no liability has been recognized for these transactions.

Legal & Regulatory Matters

The Company is subject to extensive regulation and supervision by United States federal and state agencies and various self-regulatory organizations. The Company and its representatives periodically engage with such agencies and organizations, in the context of examinations or otherwise, to respond to inquiries, informational requests, and investigations. From time to time, such engagements result in regulatory complaints or other matters, the resolution of which can include fines and other remediation. Assessing the probability of a loss occurring and the amount of any loss related to a legal proceeding or regulatory matter is inherently difficult. While the company exercises significant and complex judgements to make certain estimates presented in its financial statements, there are particular uncertainties and complexities involved when assessing the potential outcomes of legal proceedings and regulatory matters. The Company's assessment process considers a variety of factors and assumptions, which may include the procedural status of the matter and any recent developments; prior experience and the experience of others in similar matters; the size and nature of potential exposures; available defenses; the progress of fact discovery; the opinions of counsel and experts; potential opportunities for settlement and the status of any settlement discussions; as well as the potential for insurance coverage and indemnification, if available. The Company monitors these factors and assumptions for new developments and re-assesses the likelihood that a loss will occur and the estimated range or amount of loss, if those amounts can be reasonably determined.

Peak Brokerage Services, LLC

Notes to Financial Statements

For the Year Ended December 31, 2021

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*continued*)

Legal & Regulatory Matters (Continued)

The Company maintains third-party insurance coverage for certain potential legal proceedings, including those involving client claims. With respect to client claims, the estimated losses on many of the pending matters may be less than the applicable deductibles of the insurance policies.

Income Taxes

The Company is taxed as a Partnership for federal income tax purposes. Therefore, the financial statements do not include a provision for income taxes since the Company is not a taxable entity. The Company's partners will pay taxes on the Company's earnings. The Company files a separate pass-through income tax return for federal and state purposes. At the year ended December 31, 2021, management has determined the Company had no uncertain tax positions requiring recognition and reporting. This determination will always be subject to ongoing reevaluation as facts and circumstances may require. The Company's open tax years (2018 through 2021) remain subject to income tax audits.

Fair Value of Financial Instruments

The Company measures its financial assets and liabilities in accordance with generally accepted accounting principles. For many of the Company's financial instruments, including cash, receivables, prepaid and other assets, accounts payable, commissions payable and other payables, the carrying amount of these instruments reflect the approximate fair value due to their short maturities.

Concentrations

The Company generated \$5,215,376 or approximately 62% of total revenue from the sale of variable annuities. Approximately 23% of the Company's total revenue came from products sold as provided through one variable annuity product provider.

NOTE 3 – FINANCIAL INSTRUMENTS AND CONCENTRATION OF RISK

Financial instruments subject to concentration risk are cash and cash equivalents. The Company maintains depository cash with one banking institution. Depository accounts are insured by the Federal Depository Insurance Company ("FDIC") to a maximum of \$250,000, per bank, per depositor. The total cash and cash equivalents for the Company exceeding the FDIC insured limit is \$239,978 as of December 31, 2021.

Peak Brokerage Services, LLC

Notes to Financial Statements

For the Year Ended December 31, 2021

NOTE 4 – RELATED PARTY TRANSACTIONS

The Company has related party transactions with Peak Reps, LLC, its parent entity who provides certain services to the Company under an expense sharing agreement. The Company paid approximately \$916,000 for occupancy, technology and personnel expenses in 2021.

The Company recorded an override investment advisory income in the amount of \$75,000 from a related entity, Independent Solutions Wealth Management; and an override investment advisory income in the amount of \$73,042 from a related entity, The Retirement Guys Formula.

The Company received and transmitted deposits in the amount of \$117,480 and \$341,813 on behalf of related entities, Blackbridge Asset Management and Top Advisors Group, respectively.

NOTE 5 – NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule 15c3-1 ("Rule"), requiring the maintenance of minimum net capital. The Rule prohibits the Company from engaging in securities transactions during any time the Company's net capital, as defined by the Rule, is less than five thousand dollars (\$5,000), or, if the ratio of aggregate indebtedness to net capital, both as defined, exceed 15:1 (and the rule of "applicable" exchange provides that equity capital may not be withdrawn, or cash dividends be paid, if the resulting net capital ratio exceeds 12:1.) The net capital rules also provide that the broker-dealer's capital may not be withdrawn if resulting net capital would be less than minimum requirements. Additionally, certain withdrawals require the approval of the SEC and FINRA to the extent they exceed defined levels, even though such withdrawals would not cause net capital to be less than minimum requirements. Net capital and the related net capital requirement may fluctuate daily.

At December 31, 2021, the Company has net allowable capital of \$212,613, exceeding the requirement by \$165,281.

NOTE 6 – SUBSEQUENT EVENTS

Management has performed an evaluation of subsequent events through March 16, 2022, the date the financial statements were available to be issued. The evaluation did not result in any material subsequent events requiring adjustment and/or disclosure.

Report of Independent Registered Public Accounting Firm

To the Members of

We have reviewed management's statements, included in the accompanying "*Rule 15c3-3 Exemption Report*", in which (1) Peak Brokerage Services, LLC identified the following provisions of 17 C.F.R. §15c3-3(k) under which Peak Brokerage Services, LLC claimed an exemption from 17 C.F.R. §240.15c3-3: (k)(2)(ii) (the "exemption provisions") and (2) Peak Brokerage Services, LLC stated that Peak Brokerage Services, LLC met the identified exemption provisions throughout the most recent fiscal year without exception. Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Peak Brokerage Services, LLC's compliance with the exemption provisions. Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.
