Opinion on the Financial Statements

We have audited the accompanying statement of financial condition of DCCA Securities, LLC as of December 31, 2020, the related statements of income, changes in member's equity, and cash flows for the 2020 then ended, and the related notes and schedules. Basis for Opinion

These financial statements are the responsibility of DCCA Securities, LLC's management. Our responsibility is to express an opinion on DCCA Securities, LLC's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to DCCA Securities, LLC in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Notes to Financial Statements
For the Year Ended December 31, 2020

(1) Operations and Summary of Significant Accounting Policies:

Nature of Company's business:

DCCA Securities, LLC ("the Company") was registered under the laws of the State of Arizona in February, 2011 to operate as a middle-market investment bank providing merger, acquisition, valuation and private placement advisory services to clients.

Cash and cash equivalents:

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents. At December 31, 2020 and periodically throughout the year, the Company has maintained balances in excess of Federally insured limits.

Use of estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Financial instruments

Fair value is determined by using available market information and valuation methodologies. Financial instruments include cash, and accounts receivable, which are carried at fair value.

Recent Accounting Pronouncements

In May 2014, the FASB issued Accounting Standards Update 2014-09, "Revenue from Contracts with Customers" (Topic 606), that supersedes current revenue recognition guidance, including most industry-specific guidance. ASU 2014-09, as amended, requires a company to recognize revenue when it transfers promised goods or services to customers in an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods and services. The guidance also requires additional disclosures regarding the nature, amount, timing, and uncertainty of revenue

(1) Operations and Summary of Significant Accounting Policies (continued):

that is recognized. Under the new guidance, an entity is required to perform the following five steps: (1) identify the contract(s) with a customer; (2) identify the performance obligations in the contract; (3) determine the transaction price; (4) allocate the transaction price to the performance obligations in the contract; and (5) recognize revenue when (or as) the entity satisfies a performance obligation. The adoption of ASU 2014-09 did not result in a material change in the timing of revenue recognition or a material impact on our financial position, results of operations, or cash flows from adopting this standard.

In February 2016, the FASB issued ASU 2016-02, "Leases" that requires for leases longer than one year, a lessee to recognize in the statement of financial condition a right-of-use asset, representing the right to use the underlying asset for the lease term, and a lease liability, representing the liability to make lease payments. The accounting update also requires that for finance leases, a lessee recognize interest expense on the lease liability, separately from the amortization of the right-of-use asset in the statements of earnings, while for operating leases, such amounts should be recognized as a combined expense. In addition, this accounting update requires expanded disclosures about the nature and terms of lease agreements. The Company has reviewed the new standard and does not expect it to have a material impact on its financial statements.

Expense sharing

The Company has an expense sharing agreement at its home office with its owner, Dinan & Company, LLC, whereby portions of certain expenses, primarily rent, payroll, insurance, furniture and equipment are shared by the companies. Under the arrangement, the Company has no liability under rental leases (except as stated in footnote 7) and owns no depreciable assets.

Advertising Costs

The Company generally expenses the costs of mailers and published advertisements as of the date the advertisements occur. There were no advertising costs or deferred expenses.

Notes to Financial Statements
For the Year Ended December 31, 2020

(2) Revenue Recognition

The Company receives closing fees and retainer fees in accordance with terms stipulated in contracts with clients. Closing fees are recognized as earned when transactions are closed per the agreements. Retainer fees are recognized in the period services are rendered.

(3) Related party:

Amounts paid to the Company's owner for shared expenses follow:

Payroll—including payroll tax and insurance	\$ 281,232
Rent	105,000
Repairs and maintenance	8,208
Utilities	15,984
Office	<u>38,976</u>
	<u>\$ 449,400</u>

(4) Income taxes:

All income and expense is passed through the Company for tax purposes and reported on the income tax returns of the individual member. Accordingly, the financial statements include no provision or liability for income taxes. Generally, the Company is subject to examination by U.S. Federal and state income tax authorities for three years from the filing of a tax return.

(5) Net capital requirements:

The Company is subject to regulatory requirements for minimum capitalization by FINRA. At December 31, 2020, the Company had net capital of \$664,964, which was \$659,964 in excess of its required capital of \$5,000.
