Corporate Responsibility, Environmental and Sustainability Highlights

CommScope has a solid governance foundation paired with strong environmental and socially focused initiatives and accomplishments that stand out in our sector.

Our primary business is the manufacture of communications infrastructure, and we manufacture most of what we sell. Energy and resource efficiency and sustainable supply chain management are therefore two critical sustainability issues for our company, so we are particularly proud of our achievements in these areas. Highlights include:

- Achieved a gold rating from EcoVadis (a leading provider of sustainability ratings for global supply chains), the highest CSR rating available for sustainable procurement, ethical and responsible business practices, and environmental management.
- Reduced greenhouse gas emissions by 77% over the 2008 baseline levels (exceeding our 2020 reduction goal of 65%). We voluntarily report greenhouse gas emissions in our public filings and to the CDP (formerly the Carbon Disclosure Project).
- Established new 2020 goal (now measured against the 2016 baseline) seeking to reduce greenhouse gas emissions by an additional 25%.
- Diverted 95% of non-hazardous waste generated in our manufacturing plants away from landfills during 2017.
- Maintained an award-winning ReelSmart® recycling program, which helps our customers reduce their waste and saves over 20,000 trees annually.
- Developed a product design process that prioritizes sustainability through all stages of the product lifecycle, further reducing resource consumption.

In addition to our focus on the environment and sustainability, we are committed to ensuring our employees consider CommScope an employer of choice. Highlights include:

- Heavily focused on a robust ethics and compliance program, including an independent audit function and corporate ethics and compliance officer, a strong Code of Ethics and Business Conduct, policies on anti-corruption and anti-bribery, and a well-publicized whistleblower and investigation program with a strict policy prohibiting retaliation.
- Chairman received the Bresnan Ethics in Business award in 2017. This award honors men and women in the cable TV industry that exemplify outstanding commitment to business ethics.
- Conducted an Employee Engagement Survey that is part of our efforts targeted at building on our past success. In response to the survey, we are enhancing career development and growth opportunities for employees. We also intend to increase the speed of our business processes and decisions. By increasing agility and reducing complexity, we will serve our customers better.

You can find more detail on these initiatives and others on our website as part of the Corporate Responsibility & Sustainability discussion at www.commscope.com/About-Us/Corporate-Responsibility-and-Sustainability.

Corporate Governance Highlights (page 11)

CommScope is committed to strong corporate governance, which we believe is important to the success of our business. Our corporate governance practices are described in greater detail in the “*Corporate Governance Matters and Committees of the Board of Directors*” section. Highlights include:

- Strong, independent Board with a Lead Independent Director
- Risk oversight provided by both the appropriate committees and the full Board
- Regular Board and committee self-evaluations

Executive Compensation Highlights (page 36)

Our executive compensation approach is straightforward and supports our pay for performance philosophy:

- Significant portion of executive pay is at risk
- Blend of equity awards, including some that are performance based with multi-year vesting
- Regular shareholder engagement facilitated by the annual say on pay vote
- A compensation approach that seeks to eliminate incentives for excessive risk taking, and prohibits margin accounts and pledging of Company shares

The principal objectives of our named executive officer (NEO) pay include:

- Competitive pay - allows us to attract top talent and to retain those employees by rewarding outstanding achievement
- Pay for performance – by rewarding the results that will enhance near-term performance and drive long-term sustainable returns
- Alignment with stockholders – through performance goals and by setting meaningful equity ownership guidelines

(1) Compensation that varies based on company performance and/or changes in our stock price is considered at-risk.

Compensation Discussion and Analysis Highlights (page 37)

The following table summarizes the primary elements of our executive compensation program for 2017.

Compensation Element	Purpose	Link to Performance	2017 Results
Base Salary	Recognize performance of job responsibilities as well as attract and retain individuals with superior talent.	Determined based on job scope, experience and market competitiveness.	Our CEO's base salary increased by 3.4% in 2017. Base salaries for our named executive officers also increased an average of 3.4% in 2017.
Annual Incentive Plan (AIP) Bonus Awards	Provide short-term incentives linked directly to achievement of financial objectives.	Value earned is based on the level of achievement against predetermined Adjusted Operating Income (AOI), Adjusted Free Cash Flow and Corporate Revenue goals.	We did not attain threshold performance for the AOI and Corporate Revenue performance metrics for 2017. Performance of the Adjusted Free Cash Flow metric was slightly higher than the threshold level, resulting in AIP payouts equal to 16.33% of AIP overall target opportunity.
Stock Options	Directly link senior management's and stockholders' interests by tying long-term incentive to stock price appreciation.	The realized value of stock options is based on stock price performance for up to 10 years.	2017 stock options vest in equal installments over three years, beginning on the first anniversary of the grant date.
Restricted Stock Units (RSUs)	Provide a strong retention element of compensation while providing alignment of executive and stockholders' interests.	The realized value of RSUs is based on stock price performance over the vesting period.	2017 RSUs vest in equal installments over three years, beginning on the first anniversary of the grant date.
Performance Share Units (PSUs)	Provide a strong retention element along with aligning compensation with our business strategy and the long-term creation of stockholder value.	The number of PSUs earned is based on the level of achievement of AOI goals for a one-year performance period. Value realized also varies based on stock price performance over the vesting period.	We did not attain threshold AOI goals for 2017. As a result, the PSUs granted in 2017 were forfeited.

PROXY STATEMENT

Annual Meeting of Stockholders

May 4, 2018

This proxy statement and accompanying proxy (the "Proxy Statement") are being furnished to the stockholders of CommScope Holding Company, Inc., a Delaware corporation (the "Company" or "CommScope"), in connection with the solicitation of proxies by the Board of Directors of the Company (the "Board" or the "Board of Directors") for use at the Annual Meeting of Stockholders, and at any adjournment or postponement thereof (the "Annual Meeting"), for the purposes set forth in the accompanying Notice of 2018 Annual Meeting of Stockholders. The Annual Meeting will be held on May 4, 2018 at 1:00 p.m., local time, at JPMorgan Chase, 383 Madison Avenue, New York, NY 10017.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

Why did I receive a Notice of Internet Availability of Proxy Materials?

You are receiving this Proxy Statement because you owned shares of CommScope common stock at the close of business on March 6, 2018 (the "Record Date"), and that entitles you to vote at the Annual Meeting. By use of a proxy, you can vote whether or not you attend the Annual Meeting.

We are furnishing proxy materials to our stockholders primarily via the Internet, instead of mailing printed copies of those materials to each stockholder. On or about March 20, 2018, we mailed a Notice of Internet Availability of Proxy Materials (the "Notice") to our stockholders. The Notice contains instructions about how to access our proxy materials and vote via the Internet or telephone. If you would like to receive a paper copy of our proxy materials, please follow the instructions included in the Notice. If you previously chose to receive our proxy materials electronically, you will continue to receive access to these materials via e-mail unless you elect otherwise.

Who is entitled to vote at the Annual Meeting?

Holders of our common stock outstanding at the close of business on the Record Date are entitled to vote their shares at the Annual Meeting. As of the Record Date, 191,896,322 shares of our common stock were issued and outstanding. Each share of our common stock is entitled to one vote on each matter properly brought before the Annual Meeting.

The presence at the Annual Meeting in person or by proxy of the holders of record of a majority in voting power of the shares entitled to vote at the Annual Meeting, or 95,948,162 shares, will constitute a quorum for the transaction of business at the Annual Meeting.

What will I be voting on at the Annual Meeting and how does the Board recommend that I vote?

There are three proposals that stockholders will vote on at the Annual Meeting:

- Proposal No. 1—Election of three Class II directors to serve until the 2021 Annual Meeting of Stockholders;
- Proposal No. 2—Ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for 2018;
- Proposal No. 3—Advisory vote to approve the compensation paid to our named executive officers.

The Board recommends that you vote:

- Proposal No. 1—**FOR** the election of each of the three nominees to the Board;
- Proposal No. 2—**FOR** ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for 2018;
- Proposal No. 3—**FOR** the advisory vote to approve the compensation paid to our named executive officers.

Each of Philip M. Armstrong, Jr. and Michael D. Coppin has been selected by our Board to serve as a proxy holder for the Annual Meeting. All shares of our common stock represented by properly delivered proxies received in time for the Annual Meeting will be voted at the Annual Meeting by the proxy holders in the manner specified in the proxy by the stockholder. If you sign and return a proxy card without indicating how you want your shares to be voted, the persons named as proxies will vote your shares in accordance with the recommendations of the Board.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, LLC, you are considered, with respect to those shares, the "stockholder of record." The Notice has been or will be sent directly to you.

If your shares are held in a stock brokerage account or by a bank or other holder of record, you are considered the "beneficial owner" of those shares held in street name. The Notice has been or will be sent to you by your broker, bank or other holder of record who is considered, with respect to those shares, to be the stockholder of record. As the beneficial owner, you have the right to direct your broker, bank or other holder of record on how to vote the shares in your account.

How do I vote?

Stockholder of Record. If you are a stockholder of record, you may vote by using any of the following methods:

- Through the Internet. You may vote by proxy through the Internet by following the instructions on the Notice or the instructions on the proxy card (if you request printed copies of the proxy materials by mail).
- By Tele phone. You may vote by proxy by calling the toll-free telephone number shown on the proxy card and following the recorded instructions.
- By Mail. If you request printed copies of the proxy materials by mail, you may vote by proxy by completing, signing and dating the proxy card and sending it back to the Company in the envelope provided.

- **In Person at the Annual Meeting.** If you attend the Annual Meeting, you may vote your shares in person. We encourage you, however, to vote through the Internet, by telephone or by mailing us your proxy card even if you plan to attend the Annual Meeting so that your shares will be voted in the event you later decide not to attend the Annual Meeting.

Beneficial Owners. If you are a beneficial owner of shares, you may vote by using any of the following methods:

- **Through the Internet.** You may vote by proxy through the Internet by following the instructions provided in the Notice and the voting instruction form provided by your broker, bank or other holder of record.
- **By Tele phone.** You may vote by proxy by calling the toll-free number found on the voting instruction form and following the recorded instructions.
- **By Mail.** If you request printed copies of the proxy materials by mail, you may vote by proxy by completing, signing and dating the voting instruction form and sending it back to the record holder in the envelope provided.
- **In Person at the Annual Meeting.** If you are a beneficial owner of shares held in street name and you wish to vote in person at the Annual Meeting, you must obtain a legal proxy from your broker, bank or other holder of record and present it at the Annual Meeting. Please contact that organization for instructions regarding obtaining a legal proxy.

What does it mean if I receive more than one Notice, proxy card or voting instruction form?

If you received more than one Notice, proxy card or voting instruction form, your shares are registered in more than one name or are registered in different accounts. Please follow the voting instructions included in each Notice, proxy card and voting instruction form to ensure that all your shares are voted.

May I change my vote after I have submitted a proxy?

If you are a stockholder of record, you have the power to revoke your proxy at any time by:

- delivering to our Corporate Secretary an instrument revoking the proxy;
- delivering a new proxy in writing, through the Internet, by telephone or by mail, dated after the date of the proxy being revoked; or
- attending the Annual Meeting and voting in person (attendance without casting a ballot will not, by itself, constitute revocation of a proxy).

If you are a beneficial owner of shares, you may submit new voting instructions by contacting your broker, bank or other holder of record. You may also revoke your previous voting instructions by voting in person at the Annual Meeting if you obtain a legal proxy from your broker, bank or other holder of record and present it at the Annual Meeting.

Who will serve as the proxy tabulator and inspector of election?

A representative from American Stock Transfer & Trust Company, LLC, will serve as the independent inspector of election and will tabulate votes cast by proxy or in person at the Annual Meeting. We will report the results in a Form 8-K filed with the Securities and Exchange Commission (the "Commission") within four business days of the Annual Meeting.

How will abstentions and “broker non-votes” be counted?

The shares of a stockholder whose ballot on any or all proposals is marked as “abstain” will be included in the number of shares present at the Annual Meeting to determine whether a quorum is present.

If you are a beneficial owner of shares and do not provide the record holder of your shares with specific voting instructions, your record holder may vote your shares on the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2018 (Proposal No. 2). However, your record holder cannot vote your shares without specific instructions on the election of directors (Proposal No. 1) or the advisory vote on the compensation paid to our named executive officers (Proposal No. 3). If your record holder does not receive instructions from you on how to vote your shares on Proposals 1 or 3, your record holder will inform the inspector of election that it does not have the authority to vote on that proposal with respect to your shares. This is generally referred to as a “broker non-vote.” Broker non-votes will be counted as present for purposes of determining whether a quorum is present, but they will not be counted in determining the outcome of the vote.

What vote is required to approve each proposal?

The following table summarizes the votes required for passage of each proposal and the effect of abstentions and broker non-votes.

Proposal	Vote Required	Impact of Abstentions and Broker Non-Votes, if any
No. 1—Election of directors	Each director will be elected by a vote of a majority of the votes cast with respect to that director, meaning the number of shares voted “for” a director must exceed the number of votes cast “against” that director.	Abstentions and broker non-votes will not affect the outcome of the vote.
No. 2—Ratification of appointment of independent registered public accounting firm	Approval by a majority of the voting power of the shares entitled to vote and represented in person or by proxy.	Abstentions will count as votes against the proposal.
No. 3—Advisory vote to approve compensation paid to our named executive officers	Approval by a majority of the voting power of the shares entitled to vote and represented in person or by proxy.	Abstentions will count as votes against the proposal; broker non-votes will not affect the outcome of the vote.

Who is paying for the cost of this proxy solicitation?

Our Board is soliciting the proxy accompanying this Proxy Statement. We will pay all proxy solicitation costs. Proxies may be solicited by our officers, directors and employees, none of whom will receive any additional compensation for their services. These solicitations may be made personally or by mail, facsimile, telephone, messenger, email or the Internet. We will pay brokers, banks and certain other holders of record holding shares of common stock in their names or in the names of nominees, but not owning such shares beneficially, for the expense of forwarding solicitation materials to the beneficial owners. The Company has retained Morrow Sodali LLC, 470 West Avenue, Stamford, Connecticut 06902, to assist in the solicitation of proxies from stockholders. Morrow Sodali LLC will receive a solicitation fee of approximately \$10,000, plus reimbursement of certain out-of-pocket expenses.

What do I need to do to attend the meeting in person?

In order to be admitted to the Annual Meeting, you must present proof of ownership of CommScope stock as of the close of business on the Record Date. This can be:

- a brokerage statement or letter from a bank or broker that is a record holder indicating your ownership of CommScope stock as of the close of business on March 6, 2018;
- a printout of the proxy distribution email (if you received your materials electronically);
- a proxy card;
- a voting instruction form; or
- a legal proxy provided by your broker, bank or nominee.

Any holder of a proxy from a stockholder must present the proxy card, properly executed, and a copy of the proof of ownership. Stockholders and proxy holders must also present a form of photo identification such as a driver's license. We will be unable to admit anyone who does not present identification or refuses to comply with our security procedures.

Is there a list of stockholders entitled to vote at the Annual Meeting?

A list of stockholders entitled to vote at the Annual Meeting will be available at the meeting and for ten days prior to the meeting, between the hours of 8:00 a.m. and 4:00 p.m. Eastern Time, at our offices at 1100 CommScope Place, SE, Hickory, North Carolina 28602. If you would like to view the stockholder list, please contact our Corporate Secretary to schedule an appointment.

I share an address with another stockholder, and we received only one paper copy of the proxy materials. How may I obtain an additional copy of the proxy materials?

To reduce costs and reduce the environmental impact of our Annual Meeting, we have adopted a procedure approved by the Commission called "householding." Under this procedure, stockholders of record who have the same address and last name and who do not participate in electronic delivery of proxy materials will receive only a single copy of our Proxy Statement and 2017 Annual Report, unless we have received contrary instructions from such stockholder. Stockholders who participate in householding will continue to receive separate proxy cards and Notices.

We will promptly deliver, upon written or oral request, individual copies of the proxy materials to any stockholder that received a householded mailing. If you are a stockholder of record and would like an additional copy of the Proxy Statement or 2017 Annual Report, please contact our Corporate Secretary by mail at 1100 CommScope Place, SE, Hickory, North Carolina 28602 or by phone at (828) 324-2200. If you are a beneficial owner, you may contact the broker or bank where you hold the account.

If you are eligible for householding, but you and other stockholders of record with whom you share an address currently receive multiple copies of our Proxy Statement and Annual Report, or if you hold stock in more than one account, and in either case you wish to receive only a single copy of each of these documents for your household, please contact our transfer agent, American Stock Transfer & Trust Company, LLC, at 6201 15th Avenue, Brooklyn, NY 11219 or by phone at (800) 937-5449.

Could other matters be decided at the Annual Meeting?

As of the date of this Proxy Statement, our Board is not aware of any matters, other than those described in this Proxy Statement, which are to be voted on at the Annual Meeting. If any other matters are properly raised at the Annual Meeting, however, the persons named as proxy holders intend to vote the shares represented by your proxy in accordance with their judgment on such matters.

CORPORATE GOVERNANCE MATTERS AND COMMITTEES OF THE BOARD OF DIRECTORS

PROPOSAL No. 1:

ELECTION OF DIRECTORS

Our company is governed by a board of directors. Pursuant to our certificate of incorporation, the precise number of directors shall be fixed, and may be altered from time to time, exclusively by a Board resolution adopted by the affirmative vote of a majority of the total number of directors then in office. The number of directors constituting our whole Board is currently fixed at nine. Our directors are divided into three classes with staggered three-year terms so that the term of one class expires at each annual meeting of stockholders. Three nominees will be proposed for election as Class II directors at the Annual Meeting on May 4, 2018.

It is intended that the persons named in the accompanying proxy will vote to elect the nominees listed below unless authority to vote is withheld. The elected directors will serve until the annual meeting of stockholders in 2021 or until an earlier resignation or retirement or until their successors are elected and qualify to serve.

All the nominees are presently serving as directors of the Company. The nominees have agreed to be named in this proxy statement, stand for re-election and serve if elected. However, if for any reason any nominee shall not be a candidate for election as a director at the Annual Meeting, it is intended that shares represented by the accompanying proxy will be voted for the election of a substitute nominee designated by our Board, or the Board may determine to leave the vacancy temporarily unfilled.

POLICIES ON CORPORATE GOVERNANCE

Our Board believes that good corporate governance is important to ensure our business is managed for the long-term benefit of our stockholders. We have adopted a Code of Conduct that applies to all our directors, executive officers and senior financial and accounting officers, as well as a Code of Ethics and Business Conduct that applies to all of our employees. We have also adopted Corporate Governance Guidelines. Current versions of the Code of Conduct, the Code of Ethics and Business Conduct and the Corporate Governance Guidelines, are available on our website at www.commscope.com and will also be provided upon request to any person without charge. Requests should be made in writing to our Corporate Secretary at CommScope Holding Company, Inc., 1100 CommScope Place, SE, Hickory, NC 28602, or by phone at (828) 324-2200. In the event of any amendment or waiver of our Code of Conduct or Code of Ethics and Business Conduct applicable to our directors or executive officers, such amendment or waiver will be posted on our website.

BOARD LEADERSHIP STRUCTURE

The Company currently has separate individuals serving in the positions of Chairman of the Board and Chief Executive Officer. The Board of Directors does not have a set policy with respect to the separation of the offices of Chairman of the Board and Chief Executive Officer, as the Board believes it is in the best interests of the Company to make that determination based on the position and direction of the Company and the membership of the Board. The Board regularly evaluates whether the roles of Chairman of the Board and Chief Executive Officer should be separate and, if they are to be separate, whether the Chairman of the Board should be selected from the non-employee directors or be an employee of the Company. The Board believes these issues should be considered as part of the Board's broader oversight and succession planning process. The Board continues to believe that Mr. Drendel is appropriate to serve as non-executive Chairman as he is a founder of the Company and has significant experience in the Company's industry and in managing through challenging business environments.

Mr. Watts was appointed as Lead Independent Director in November 2017. Among other things, our Lead Independent Director will preside at all meetings of the independent directors and any Board meeting when the Chairman is not present, advise the Chairman and the CEO as to the Board's agenda and information to be provided to the Board, and serve as the principal liaison and facilitator between the independent directors and the Chairman and CEO. In addition, our Lead Independent Director has the authority to convene special meetings of the independent directors, responds to stockholder questions directed to the independent directors and is available to major stockholders for consultation and direct communication.

THE BOARD'S ROLE IN MANAGEMENT'S SUCCESSION PLANNING

As reflected in our Corporate Governance Guidelines, the Board's primary responsibilities include planning for Chief Executive Officer succession and monitoring and advising on management's succession planning for other executive officers. The Board's goal is to have a long-term and continuing program for effective senior leadership development and succession. The Board is actively engaged in these endeavors and has a contingency plan in place for emergencies such as the departure, death or disability of the Chief Executive Officer or other executive officers.

The Chief Executive Officer and Chief Human Resources Officer report to the Board at least twice a year on succession planning and management development.

THE BOARD'S ROLE IN RISK OVERSIGHT

While risk management is primarily the responsibility of our management, the Board provides overall risk oversight focusing on the most significant risks facing the Company. The Board oversees the risk management processes that have been designed and are implemented by our executives to determine whether those processes are functioning as intended and are consistent with our business and strategy. The Board executes its oversight responsibility for risk management directly and through its committees. The Board's role in risk oversight has not affected its leadership structure.

The Audit Committee is specifically tasked with reviewing with management, the independent auditors and our legal counsel, as appropriate, our compliance with legal and regulatory requirements and any related compliance policies and programs. The Audit Committee is also tasked with reviewing our financial and risk management policies. Members of our management who have responsibility for designing and implementing our risk management processes regularly meet with the Audit Committee. The Board's other committees oversee risks associated with their respective areas of responsibility.

The full Board considers specific risk topics, including risk-related issues pertaining to laws and regulations enforced by the United States and foreign government regulators and risks associated with our business plan and capital structure. In addition, the Board receives reports from members of our management that include discussions of the risks and exposures involved with their respective areas of responsibility, and the Board is routinely informed of developments that could affect our risk profile or other aspects of our business.

DIRECTOR INDEPENDENCE

Nasdaq listing standards and our Corporate Governance Guidelines, which are available on our website as described above, require that the Board be comprised of a majority of directors who qualify as independent directors under applicable Nasdaq rules. The Board has determined that each of our non-employee directors, Austin A. Adams, Stephen C. Gray, L. William Krause, Joanne M. Maguire, Thomas J. Manning, Claudius E. Watts IV and Timothy T. Yates, is independent under applicable Nasdaq rules. The Board has determined that Marvin S. Edwards, Jr. and Frank M. Drendel are not independent.

NOMINATIONS FOR DIRECTORS

The Nominating and Corporate Governance Committee will consider director nominees recommended by stockholders. A stockholder who wishes to recommend a director candidate for consideration by the Nominating and Corporate Governance Committee should send such recommendation to our Corporate Secretary at CommScope Holding Company, Inc., 1100 CommScope Place, SE, Hickory, NC 28602, who will then forward it to the committee. Any such recommendation should include a description of the candidate's qualifications for board service, the candidate's written consent to be considered for nomination and to serve if nominated and elected, and addresses and telephone numbers for contacting the stockholder and the candidate for more information. A stockholder who wishes to nominate an individual as a candidate for election, rather than recommend the individual to the Nominating and Corporate Governance Committee as a nominee, must comply with the advance notice requirements set forth in our Bylaws. See "Stockholder Proposals for the Company's 2019 Annual Meeting" for more information on these procedures.

The Nominating and Corporate Governance Committee will consider and evaluate persons recommended by the stockholders in the same manner as it considers and evaluates other potential directors.

DIRECTOR QUALIFICATIONS

The Nominating and Corporate Governance Committee is responsible for reviewing the qualifications of potential director candidates and recommending to the Board of Directors those candidates to be nominated for election to the Board of Directors. In reviewing such candidates, our Corporate Governance Guidelines, which are available on our website as described above, set forth criteria that the Nominating and Corporate Governance Committee must consider when evaluating a director candidate for membership on the Board of Directors. These criteria are as follows:

- **Integrity:** reputation for integrity, honesty and adherence to high ethical standards;
- **Sound business judgment:** demonstrated business acumen, experience and ability to exercise sound judgments in matters that relate to our current and long-term objectives and a willingness to contribute positively to the decision-making process;
- **Ability and willingness to commit sufficient time to the Board:** commitment to understand us and our industry and to regularly attend and participate in meetings of the Board of Directors and its committees; and
- **Ethics and independence:** ability to understand the sometimes conflicting interests of our various constituencies, which include stockholders, employees, customers, governmental units, creditors and the general public, and to act in the interests of all stockholders.

The Nominating and Corporate Governance Committee does not assign specific weights to particular criteria and no particular criterion is a prerequisite for any prospective nominee.

Our Corporate Governance Guidelines also require the Nominating and Corporate Governance Committee to consider the mix of backgrounds and qualifications of the directors in order to assure that the Board of Directors has the necessary experience, knowledge and abilities to perform its responsibilities effectively and to consider the value of diversity on the Board of Directors. While diversity and variety of experiences and viewpoints represented on the Board should always be considered, a director nominee should not be chosen or excluded solely or largely because of race, religion, national origin, gender, sexual orientation or disability.

BOARD COMPOSITION

Our Board of Directors currently consists of nine members. Frank M. Drendel is our Chairman of the Board of Directors. Claudius E. Watts IV was appointed as Lead Independent Director in November 2017.

The number of members on our Board of Directors may be modified from time to time exclusively by resolution of our Board of Directors. Our Board is divided into three classes whose members serve three-year terms expiring in successive years. Directors hold office until their successors have been duly elected and qualified or until the earlier of their respective death, resignation or removal.

At each annual meeting of stockholders, the successors to the directors whose terms will then expire will be elected to serve from the time of election and qualification until the third annual meeting of stockholders following such election. Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of the directors.

When considering whether directors and nominees have the experience, qualifications, attributes or skills, taken as a whole, to enable the Board of Directors to satisfy their oversight responsibilities effectively in light of our business and structure, the Board of Directors focused primarily on each person's background and experience as reflected in the information discussed in each of the director's individual biographies set forth above. See "Proposal No. 1: Election of Directors." We believe that our directors provide an appropriate diversity of experience and skills relevant to the size and nature of our business.

BOARD AND COMMITTEE EVALUATIONS

Each year, our Board and committees conduct self-evaluations to assess the qualifications, attributes, skills and experience represented on the Board; to assess their effectiveness and adherence to our Corporate Governance Guidelines and committee charters; and to identify opportunities to improve Board and committee performance.

STOCKHOLDER COMMUNICATIONS WITH BOARD OF DIRECTORS

The Board of Directors provides a process for stockholders to send communications to the Board of Directors or any of the directors. Stockholders may send written communications to the Board of Directors, or any of the individual directors, c/o the Corporate Secretary of the Company at CommScope Holding Company, Inc., 1100 CommScope Place, SE, Hickory, North Carolina 28602. All communications will be compiled by the Corporate Secretary of the Company and submitted to the Board of Directors or the individual directors, as applicable, on a periodic basis.

BOARD MEETINGS, ATTENDANCE AND EXECUTIVE SESSIONS

The Board meets on a regularly scheduled basis during the year to review significant developments affecting us and to act on matters requiring Board approval. It also holds special meetings when an important matter requires Board action between scheduled meetings. Members of senior management regularly attend meetings of the Board and its committees to report on and discuss their areas of responsibility. Directors are expected to attend Board meetings and meetings of committees on which they serve. In addition, all directors are invited, but not required, to attend our annual stockholder meeting. In 2017, all the directors attended our annual stockholder meeting either in person or via telephone. Directors are expected to spend the time needed and meet as frequently as necessary to properly discharge their responsibilities. In 2017, the Board held eight meetings and committees of the Board held a total of twelve meetings. All directors attended all the meetings of the Board and committees on which they served.

In general, the Board reserves time following each regularly scheduled meeting to allow the independent directors to meet in executive sessions.

BOARD COMMITTEES

Our Board of Directors directs the management of our business and affairs as provided by Delaware law and conducts its business through meetings of the Board of Directors and three standing committees: Audit Committee; Compensation Committee; and Nominating and Corporate Governance Committee. In addition, from time to time, other committees may be established under the direction of the Board of Directors when necessary or advisable to address specific issues.

Each of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee operates under a charter that was approved by our Board of Directors. Each of these charters is available on our investor relations website at <http://ir.commscope.com>.

The Lead Independent Director receives an additional cash retainer annually. We also reimburse non-employee directors for reasonable out-of-pocket expenses in the performance of their duties as directors. Non-employee directors received equity-based awards, in the form of stock options (if granted prior to our IPO in 2013) or RSUs (if granted subsequent to our IPO) at the time of their election to our Board of Directors. In addition, our non-employee directors receive an annual grant of RSUs to be granted on the date of the annual stockholders' meeting. The RSUs vest on the first anniversary of the grant date. Pursuant to this policy, our management will present to our Audit Committee each proposed related person transaction, including all relevant facts and circumstances relating thereto. Our Audit Committee will then:

- review the relevant facts and circumstances of each related person transaction, including the financial terms of such transaction, the benefits to us, the availability of other sources for comparable products or services, if the transaction is on terms no less favorable to us than those that could be obtained in arm’s-length dealings with an unrelated third party or employees generally and the extent of the related person’s interest in the transaction; and
- consider the impact on the independence of any independent director and the actual or apparent conflicts of interest.

Any related person transaction may only be consummated if our Audit Committee has approved or ratified such transaction in accordance with the guidelines set forth in the policy. Certain types of transactions have been pre-approved by our Audit Committee under the policy. These pre-approved transactions include:

- certain employment and compensation arrangements;
- transactions where the related person’s interest is only as an employee (other than an executive officer), director or owner of less than ten percent (10%) of the equity in another entity;
- transactions where the related person is an executive officer of another company and the aggregate amount involved does not exceed the greater of \$200,000 or five percent (5%) of the total annual revenues of the other company;
- charitable contributions to an organization, foundation or university at which the related person’s only relationship is as an employee, trustee or director, if the contribution is made pursuant to the Company’s policies and approved by someone other than the related person;
- transactions where the interest of the related person arises solely from the ownership of a class of equity securities in our Company where all holders of such class of equity securities will receive the same benefit on a pro rata basis;
- transactions determined by competitive bids;
- certain regulated transactions involving the rendering of services at rates or charges fixed by law or governmental authority; and
- certain transactions involving banking-related services such as services as a bank depository of funds, transfer agent, registrar, trustee under a trust indenture or similar services.

No director may participate in the approval of a related person transaction for which he or she, or his or her immediate family members, is a related person.

INDEMNIFICATION AGREEMENTS

We have entered into indemnification agreements with each of our directors and certain of our officers. These indemnification agreements provide the directors and officers with contractual rights to indemnification and expense advancement which are, in some cases, broader than the specific indemnification provisions under Delaware law. We believe that these indemnification agreements are, in form and substance, substantially similar to those commonly entered into by similarly situated companies.

EMPLOYMENT AGREEMENTS

See “Compensation Discussion and Analysis—Employment, Severance and Change in Control Arrangements” for information regarding the agreements that we have entered into with our executive officers.

- each of our named executive officers;
- each of our directors;
- all our directors and executive officers as a group; and
- each individual or entity known to own beneficially more than 5% of the capital stock.

We had 191,896,322 shares of common stock outstanding as of March 6, 2018. Under the Commission rules, an individual or entity is deemed to be a “beneficial” owner of a security if that individual or entity has or shares voting power or investment power, which includes the power to dispose of or to direct the disposition of such security. An individual or entity is also deemed to be a beneficial owner of any securities of which that individual or entity has a right to acquire beneficial ownership within 60 days. Securities that can be so acquired are not deemed to be outstanding for purposes of computing the ownership percentage of any other individual or entity. Under these rules, more than one individual or entity may be deemed to be a beneficial owner of securities as to which such individual or entity has no economic interest. Except as otherwise indicated in the footnotes to the table below, each of the beneficial owners listed has, to our knowledge, sole voting and investment power with respect to the shares of capital stock and the business address of each such beneficial owner, unless otherwise noted, is c/o CommScope Holding Company, Inc., 1100 CommScope Place, SE, Hickory, NC 28602.

AUDIT MATTERS

PROPOSAL No. 2:

RATIFICATION OF THE APPOINTMENT OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed the firm of Ernst & Young LLP (EY), an independent registered public accounting firm, as our independent auditors for the 2018 fiscal year. EY has been retained as our independent auditor since 2008. The Audit Committee has reviewed the qualifications and independence of EY, the lead audit partner and the audit team and determined that it is in the best interests of the Company and its investors to continue to retain EY as the Company's independent registered public accounting firm. The Board of Directors is asking the stockholders to ratify and approve this action.

Representatives of EY are expected to be present at the Annual Meeting and will be afforded the opportunity to make a statement and will be available to respond to appropriate questions that may come before the Annual Meeting.

Although such ratification is not required by law, the Board of Directors believes that stockholders should be given the opportunity to express their views on the subject. While not binding on the Audit Committee, the failure of the stockholders to ratify the appointment of EY as the Company's independent registered public accounting firm would be considered by the Audit Committee in determining whether to retain the services of EY.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The following table shows the aggregate fees for professional services provided by EY and its affiliates for the audits of the Company's consolidated financial statements for the years ended December 31, 2017 and 2016, and other services rendered during the years ended December 31, 2017 and 2016:

	2017	2016
	(in thousands)	
Audit Fees	\$8,416	\$7,667
Audit-Related Fees	182	72
Tax Fees	692	557
TOTAL	\$9,290	\$8,296

Audit Fees

Audit fees consist of the fees and expenses for professional services rendered for the audit of the Company's annual consolidated financial statements, internal control audits, reviews of quarterly financial statements, statutory audits and related services. Audit fees also include fees and expenses for services associated with securities and debt offerings and filing registration statements with the Commission.

Audit-Related Fees

Audit-related fees consist of the fees and expenses for attest and related services that are not required under securities laws, audits of certain benefit plans and reviews of financial statements and other due diligence services pertaining to potential business acquisitions and dispositions, including accounting and financial reporting matters.

Tax Fees

Tax fees consist of the fees and expenses for tax compliance, primarily the preparation of original and amended tax returns, assistance with tax audits and related services of \$561,000 in 2017 and \$471,000 in 2016, and tax advisory services of \$131,000 in 2017 and \$86,000 in 2016.

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee has adopted policies and procedures for pre-approving all audit and non-audit services provided by the Company's independent registered public accounting firm prior to the engagement of the independent registered public accounting firm with respect to such services.

Under these policies and procedures, proposed services may be pre-approved on a periodic basis or individual engagements may be separately approved by the Audit Committee prior to the services being performed. In each case, the Audit Committee considers whether the provision of such services would impair the independent registered public accounting firm's independence. All audit services, audit-related services and tax services provided by EY and its affiliates for 2017 and 2016 were pre-approved by the Audit Committee.

The Board of Directors recommends a vote "FOR" Proposal No. 2, the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for 2018. Proxies will be voted "FOR" ratification, unless otherwise specified in the proxy.

AUDIT COMMITTEE REPORT

The Audit Committee assists the Board of Directors in fulfilling its responsibilities by overseeing the accounting and financial reporting processes of CommScope, the audits of CommScope's consolidated financial statements and internal control over financial reporting, the qualifications and performance of the independent registered public accounting firm and the performance of CommScope's internal audit function. In carrying out their responsibilities, the Audit Committee, among other things, monitors preparation of quarterly and annual financial reports by the Company's management; supervises the relationship between the Company and its independent registered public accountants, including their appointment, compensation and retention; and oversees management's implementation and maintenance of effective systems of internal controls over financial reporting and disclosure controls, including review of the Company's policies relating to legal and regulatory compliance, ethics and conflicts of interests and review of the Company's internal audit function.

The Audit Committee relies on the expertise and knowledge of management, the Company's internal audit function and the independent auditor in carrying out its oversight responsibilities. Management is responsible for the Company's financial statements and the financial reporting process, including the implementation and maintenance of effective internal control over financial reporting. Management is also responsible to the Audit Committee and the Board of Directors for assessing the integrity of the financial accounting and reporting control systems. The Company's independent registered public accounting firm, Ernst & Young LLP (EY), is responsible for auditing the Company's financial statements and the effectiveness of internal controls over financial reporting and expressing an opinion on the conformity of those audited financial statements with U.S. generally accepted accounting principles, as well as expressing an opinion on the effectiveness of internal control over financial reporting. EY has free access to the Audit Committee to discuss any matters they deem appropriate.

In order to assure continuing auditor independence and objectivity, the Audit Committee periodically considers whether there should be a regular rotation of the independent registered public accounting firm. The Audit Committee is also involved in the selection of the lead engagement partner in conjunction with the mandated regular rotation of the lead audit partner every five years or at an earlier date. In conjunction with the mandatory rotation of the lead audit partner for 2018, the selection process included a meeting between the Audit Committee and the lead audit partner candidate as well as discussions by the full committee with management.

The Audit Committee operates pursuant to an Audit Committee Charter that is reviewed annually by the Audit Committee and updated as appropriate. The charter can be found on the Company's investor relations website at <http://ir.commscope.com/corporate-governance.cfm>.

The Audit Committee consists of three directors, each of whom is independent within the meaning of the Securities and Exchange Commission and applicable Nasdaq rules. The Audit Committee met four times during 2017 and met with both EY and the Company's internal auditors without management at each meeting.

In fulfilling its oversight responsibilities, the Audit Committee has: (i) reviewed and discussed the audited financial statements for the year ended December 31, 2017 with management and EY; (ii) reviewed and discussed management's maintenance of effective internal controls over financial reporting; (iii) discussed with EY the matters required to be discussed by the auditors with the Audit Committee under Public Company Accounting Oversight Board (PCAOB) standards; (iv) reviewed the written disclosures and letters from EY as required by the rules of the PCAOB regarding the independent registered public accounting firm's communications with the audit committee concerning independence; and (v) discussed with EY their independence from the Company.

The Audit Committee has considered whether the provision of non-audit professional services rendered by EY, and disclosed elsewhere in this proxy statement, is compatible with maintaining their independence.

Based upon the above-mentioned review and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements for the year ended December 31, 2017 be included in the Company's Annual Report on Form 10-K for filing with the Securities and Exchange Commission.

EXECUTIVE COMPENSATION

PROPOSAL No. 3:

ADVISORY VOTE ON EXECUTIVE COMPENSATION

In accordance with the requirements of Section 14A of the Exchange Act and related rules promulgated by the Commission, our stockholders have an opportunity to vote to approve, on an advisory (nonbinding) basis, the compensation of our named executive officers. This proposal is commonly referred to as a “Say-on-Pay” proposal. This proposal is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this Proxy Statement. As required by these rules, the Board invites you to review carefully the Compensation Discussion and Analysis and the tabular and other disclosures on compensation under Executive Compensation beginning on page 37, and cast a vote on the Company’s executive compensation programs through the following resolution:

“Resolved, that the stockholders approve, on an advisory basis, the compensation of the Company’s named executive officers, including the Company’s compensation practices and principles and their implementation, as discussed and disclosed in the Compensation Discussion and Analysis, the compensation tables, and any narrative executive compensation disclosure contained in this Proxy Statement.”

As discussed in the Compensation Discussion and Analysis, the Board of Directors believes that the Company’s long-term success depends in large measure on the talents of our employees. The Company’s compensation system plays a significant role in our ability to attract, retain and motivate the highest quality workforce. The Board of Directors believes that its current compensation program directly links executive compensation to performance, aligning the interests of the Company’s executive officers with those of the stockholders.

Pursuant to Section 14A of the Exchange Act, this vote is advisory and will not be binding on the Company or the Compensation Committee. While the vote does not bind the Board of Directors to any particular action, the Board of Directors values the input of the stockholders, and will take into account the outcome of this vote in considering future compensation arrangements.

The Company strongly encourages all stockholders to vote on this matter. Currently, Say-on-Pay votes are held by the Company annually, and the next stockholder advisory vote will occur at the 2019 annual meeting of stockholders.

The Board of Directors recommends a vote “FOR” Proposal No. 3, to approve an advisory (non-binding) resolution regarding the compensation of the Company’s named executive officers.

COMPENSATION DISCUSSION AND ANALYSIS

INTRODUCTION

This Compensation Discussion and Analysis (CD&A) describes our compensation philosophy, process, plans and practices for our NEOs. Our executive compensation program is intended to incent and reward our leadership to produce financial results that our Compensation Committee believes align with the interests of our stockholders.

Our NEOs for 2017, whose compensation is discussed in this CD&A, are as follows:

Name	Title
Marvin S. Edwards, Jr.	President and Chief Executive Officer (principal executive officer)
Mark A. Olson	Executive Vice President and Chief Financial Officer (principal financial officer)(1)
Randall W. Crenshaw	Former Executive Vice President and Chief Operating Officer(2)
Peter U. Karlsson	Senior Vice President, Global Sales
Frank B. Wyatt, II	Senior Vice President, General Counsel and Secretary
Frank M. Drendel	Chairman of the Board

(1) Mr. Olson has announced he will retire March 31, 2018. See our current report on Form 8-K, filed on September 18, 2017, for more information.

(2) Mr. Crenshaw retired as Executive Vice President and Chief Operating Officer on December 31, 2017. See our current report on Form 8-K, filed March 17, 2017, for more information.

KEY 2017 FINANCIAL PERFORMANCE HIGHLIGHTS

CommScope Holding Company, Inc. is a global provider of infrastructure solutions for the core, access and edge layers of communication networks. The Company's solutions and services for wired and wireless networks enable high-bandwidth data, video and voice applications. CommScope's global leadership position is built upon innovative technology, broad solution offerings, high-quality and cost-effective customer solutions and global manufacturing and distribution scale.

Our 2017 performance was lower than the previous year and did not meet our expectations. This is evidenced by our performance relative to the goals in our 2017 Annual Incentive Plan (AIP): our Adjusted Free Cash Flow fell between the threshold and target levels of performance and we did not achieve the threshold level of AOI or Corporate Revenue set by our Board of Directors. As a result, and consistent with our pay-for-performance philosophy, the payout under the AIP was 16.33% of target for each of our NEOs. In addition, 100% of the performance shares granted in 2017, which were eligible to vest based on our adjusted operating income performance during 2017, were forfeited based on our failure to achieve the threshold level of performance. Because of the emphasis on at-risk, performance-based compensation in our approach to executive pay, the actual compensation of our named executive officers was meaningfully below target during 2017.

Like others in the network infrastructure industry, CommScope faced challenges due to difficult market conditions and spending delays by some large service provider customers. Our team worked diligently throughout the year to reduce business costs and remain profitable, while laying the groundwork for future growth opportunities. We believe our position in the overall market is strong, and the need for the network bandwidth we enable continues to expand. Net sales were lower than we anticipated in most geographic regions, which led to the decline in our results. Although our results did not meet our expectations, we did achieve some noteworthy goals. We have substantially completed the integration of the Broadband Network Solutions (BNS) business we acquired from TE Connectivity in 2015 and we have exceeded our original synergy plan. Key measures of our financial performance include the following:

- Revenue down 7.4% year over year, driven by a slowdown in spending in the U.S. market
- Operating Income of \$477.6 million, down \$97.1 million year over year and AOI(1) of \$882.3 million, down \$169.1 million year over year
- EPS of \$0.98, down \$0.15 year over year and Adjusted EPS (1) of \$2.14, down \$0.50 year over year
- Cash Flow from Operations of \$586.3 million, down 8.4% year over year
- Adjusted Free Cash Flow (1) of \$568.2 million, down 11.6% year over year

(1) See reconciliation of Non-GAAP financial measures included in Annex A hereto.

Our compensation program is designed to retain key executives with competitive levels of compensation based on our industry, but also to provide a strong link between executive pay and the Company's performance. A significant portion of our executives' compensation for 2017 was tied to the achievement of performance goals that align management's objectives with key drivers of long-term stockholder value, including free cash flow, increased profitability, revenue growth and stock price appreciation. Our 2017 financial performance was below expectations and we did not achieve our financial objectives. This performance is reflected in the compensation of our executives as discussed in this CD&A.

EXECUTIVE COMPENSATION OBJECTIVES AND ELEMENTS

We intend for our NEOs' total compensation to reflect our pay for performance compensation philosophy. This philosophy includes both compensating our NEOs competitively when we meet or out-perform our goals as well as placing large portions of their compensation at-risk based on both the Company's financial performance and our stock price performance. This assures that the financial incentives of our executives are in alignment with the interests of our stockholders. Furthermore, by delivering a significant portion of compensation in the form of at-risk incentives (including equity compensation), the compensation realized by our NEOs will be reduced if the Company does not achieve performance goals.

The principal objectives of our NEO compensation include the following:

- *Competitive pay* - providing compensation opportunities that enable us to attract superior talent in a highly competitive industry and retain key employees by rewarding outstanding achievement.
- *Pay for performance* – creating incentives that reward management for financial results that our Compensation Committee believes will enhance near-term performance and drive sustainable performance over the longer term.
- *Alignment with stockholders* – aligning our executives' interests with those of our stockholders through our pay for performance philosophy and by encouraging our executives to have a meaningful equity stake in the Company.

The following table presents the primary compensation elements for our NEOs for 2017. See the following discussion and the Summary Compensation Table on page 49 for more information about each of the elements of compensation for the NEOs.

Name	2017 Base Salary (\$)	2017 Annual Incentive Plan (Cash Bonus Earned) (\$)	2017 Long-Term Incentive (Grant Date Value of Options, RSUs and PSUs) Award (\$)
Marvin S. Edwards, Jr.	1,056,250	215,594	6,999,992
Mark A. Olson	634,995	88,135	1,499,964
Randall W. Crenshaw	743,765	103,232	1,699,988
Peter U. Karlsson	549,994	76,337	1,249,951
Frank B. Wyatt, II	516,249	59,009	899,924
Frank M. Drendel	590,000	48,171	1,119,974

The following table summarizes the primary elements of our executive compensation program for 2017.

Compensation Element	Purpose	Link to Performance	2017 Results
Base Salary	Recognize performance of job responsibilities as well as attract and retain individuals with superior talent.	Determined based on job scope, experience and market competitiveness.	Our CEO's base salary increased by 3.4% in 2017. Base salaries for our named executive officers also increased an average of 3.4% in 2017.
Annual Incentive Plan (AIP) Bonus Awards	Provide short-term incentives linked directly to achievement of financial objectives.	Value earned is based on the level of achievement against predetermined Adjusted Operating Income (AOI), Adjusted Free Cash Flow and Corporate Revenue goals.	We did not attain threshold performance for the AOI and Corporate Revenue performance metrics for 2017. Performance of the Adjusted Free Cash Flow metric was slightly higher than the threshold level, resulting in AIP payouts equal to 16.33% of AIP overall target opportunity.
Stock Options	Directly link senior management's and stockholders' interests by tying long-term incentive to stock price appreciation.	The realized value of stock options is based on stock price performance for up to 10 years.	2017 stock options vest in equal installments over three years, beginning on the first anniversary of the grant date.
Restricted Stock Units (RSUs)	Provide a strong retention element of compensation while providing alignment of executive and stockholders' interests.	The realized value of RSUs is based on stock price performance over the vesting period.	2017 RSUs vest in equal installments over three years, beginning on the first anniversary of the grant date.
Performance Share Units (PSUs)	Provide a strong retention element along with aligning compensation with our business strategy and the long-term creation of stockholder value.	The number of PSUs earned is based on the level of achievement of AOI goals for a one-year performance period. Value realized also varies based on stock price performance over the vesting period.	We did not attain threshold AOI goals for 2017. As a result, the PSUs granted in 2017 were forfeited.

Our AIP bonus awards are paid in cash and are conditioned upon achievement of Board-established performance goals. AIP bonus awards for the NEOs in 2017 were based upon achievement of an AOI goal, which was weighted at 60%, an Adjusted Free Cash Flow goal, which was weighted at 30%, and a Corporate Revenue goal, which was weighted at 10%. The long-term equity awards granted to the NEOs in 2017 were a combination of stock options, RSUs and PSUs. All stock option and RSU awards vest evenly on the first, second and third anniversary of the grant date, subject to continuous service. PSU awards are subject to achievement of an AOI goal applicable for fiscal 2017 and vest evenly on the second and third anniversary of the grant date subject to continuous service. The AIP bonus awards and the long-term equity awards are designed to ensure that total compensation reflects the overall level of success of the Company, and AIP bonus awards and PSUs are also intended to motivate the NEOs to meet and exceed pre-established target levels of performance for each measure.

The Compensation Committee retained the core design of our executive compensation program for 2017, with an emphasis on short- and long-term incentive compensation that rewards our senior executives when they successfully implement our business plan and, in turn, deliver value for our stockholders. As shown on the following chart, a significant portion of target compensation for each of our NEOs in 2017 was at-risk as it could vary based on company performance against pre-established goals and/or changes in our stock price.

(1) Compensation that varies based on company performance and/or changes in our stock price is considered at-risk.

2017 COMPENSATION ANALYSIS

SAY ON PAY RESULTS AND CONSIDERATION OF STOCKHOLDER SUPPORT

At the Annual Meeting of Stockholders on May 5, 2017, over 98% of the votes cast were in favor of the advisory vote to approve the executive compensation of the NEOs. The Compensation Committee acknowledged this positive result and concluded that our stockholders continue to support the compensation paid to our executive officers and the Company's overall pay practices, given their direct alignment with the performance of the Company.

The Compensation Committee invites our stockholders to communicate any concerns or views on executive pay directly to the Board of Directors. Please refer to "Corporate Governance—Stockholder Communications with Board of Directors" on page 20 for information about communicating with the Board.

DETERMINATION OF COMPENSATION AWARDS

Our Compensation Committee has the primary authority to determine and approve the compensation of our NEOs. The Committee is charged with reviewing our executive compensation policies and practices annually to ensure that the total compensation paid to our NEOs is fair, reasonable, competitive to our peers and commensurate with the level of expertise and experience of our NEOs. To aid our Compensation Committee in making its determinations, our Chief Executive Officer provided recommendations to our Compensation Committee regarding the compensation of all officers who report directly to him.

Our Compensation Committee reviews and approves the total amount of compensation for our NEOs and the allocation of total compensation among each of the components of compensation based principally on the following factors:

- Their compensation levels from prior years
- Individual and Company performance

- Each executive's scope of responsibility and experience
- The judgment and general industry knowledge of its members obtained through years of service with comparably-sized companies in our industry and other similar industries
- Input about competitive market practices from our independent compensation consultant

We believe that direct ownership in CommScope provides our NEOs with a strong incentive to increase the value of the Company. We encourage equity ownership by our NEOs and other employees through direct stock holdings and the award of various equity-based awards. We believe that equity awards granted to our NEOs substantially align their interests with those of our stockholders. In addition, we established formal stock ownership guidelines in November 2016. See the "Stock Ownership Guidelines" section below for more information.

ROLE OF THE COMPENSATION CONSULTANT

The Compensation Committee relies on its independent compensation consultant to provide advice on matters relating to the compensation of our executives and non-employee directors. Compensia, a national compensation consulting firm, has served in this capacity since 2016.

A representative of Compensia attended all Compensation Committee meetings in 2017 and provided the following assistance to the Compensation Committee:

- Analyzed the compensation levels and practices of the companies in our compensation peer group
- Reviewed the competitiveness of compensation paid to our NEOs including base salary, annual cash awards and long-term incentive awards
- Reviewed and provided input on the design of the annual and long-term incentives provided to our NEOs and other executives
- Reviewed the competitiveness of compensation paid to our non-employee directors
- Reviewed and provided input on the Compensation Discussion and Analysis section of our Proxy Statement
- Provided ad hoc advice and support

Compensia reports directly to the Compensation Committee and provided no services to us other than the consulting services to the Committee. The Compensation Committee reviews the objectivity and independence of the advice provided by Compensia. In 2017, the Committee considered the specific independence factors adopted by the SEC and the NASDAQ Global Select Market and determined that Compensia is independent and that its work did not raise any conflicts of interest.

COMPENSATION PEER GROUP

In 2016, with the assistance of Compensia, the Compensation Committee developed and approved a compensation peer group as a source of competitive market data for evaluating the compensation of our executive officers and to support pay decisions for 2017.

The compensation peer group consisted of 17 companies deemed to be representative of the types of companies with which we compete for executive talent.

Companies included in our peer group were identified based primarily on the following selection criteria:

- Companies with a status as an independent, publicly traded company
- Companies with revenue between approximately 0.5 times to 2.0 times our revenue on a trailing twelve-month basis using publicly reported information available in 2016
- Companies with a market capitalization between approximately 0.33 times to 3.0 times our market capitalization in 2016
- Companies with a similar industry profile, prioritizing direct competitors and companies that operate in the Communications Equipment sector

The companies included in the peer group are as follows:

Peer Companies	
Amphenol Corporation	Keysight Technologies
ARRIS International	Motorola Solutions, Inc.
Belden Inc.	NCR Corporation
Brocade Communications Systems, Inc.(1)	NetApp, Inc.
Ciena Corporation	Rockwell Automation, Inc.
Corning Inc.	TE Connectivity Limited
Harris Corporation	Trimble Navigation Limited
Hubbell Inc.	Zebra Technologies, Inc.
Juniper Networks, Inc.	

(1) Based on Brocade's pending acquisition by Broadcom, the Compensation Committee removed Brocade from the peer group in September 2017 for analysis that will be used to support 2018 compensation decisions.

We supplement information from the peer group public filings with the data from the Radford Global Technology Survey. The data from this research, which is provided annually by the Committee's independent Compensation Consultant, is a factor in determining executive compensation, as described above. When evaluating executive compensation relative to practices among our peers, the Compensation Committee generally seeks to align with the market median. Adjustments may be made on an individual basis to account for individual performance and each executive's scope of responsibility and experience.

2017 ELEMENTS OF COMPENSATION

Base Salary

Base salaries for our NEOs are generally set at a level deemed necessary to attract and retain individuals with superior talent. In addition to considering industry and market practices, our Compensation Committee and Board of Directors annually review our NEOs' performance. Adjustments in base salary are generally based on the factors noted above, including each NEO's individual performance, scope of responsibility, experience and competitive pay practices.

After considering our Chief Executive Officer's recommendations (other than with respect to his own compensation) and consistent with past practices, in early 2017 our Compensation Committee increased base salaries for each of our NEOs.

The base salaries for our NEOs as established as of April 1, 2016 and April 1, 2017 are set forth in the following table:

Name	2016 Base Salary	2017 Base Salary	Percent Increase
Marvin S. Edwards, Jr.	\$1,030,000	\$1,065,000	3.40%
Mark A. Olson	\$ 619,980	\$ 640,000	3.23%
Randall W. Crenshaw	\$ 725,060	\$ 750,000	3.44%
Peter U. Karlsson	\$ 534,976	\$ 555,000	3.74%
Frank B. Wyatt, II	\$ 504,994	\$ 520,000	2.97%
Frank M. Drendel	\$ 575,000	\$ 595,000	3.48%

Annual Incentive Plan

Historically, the Company's consolidated financial performance has been the primary factor used in determining payouts for our NEOs under the AIP. As described in more detail below, payouts for 2017 performance were based on the level of achievement of AOI, Adjusted Free Cash Flow and Corporate Revenue goals. The AIP performance measures and each of the NEO's target awards, expressed as a percentage of base salary for the year, are approved by our Compensation Committee during the first quarter of the relevant performance year.

Our Compensation Committee retains the authority to change target award percentages or performance measures, as appropriate, to account for extraordinary business circumstances that are out of the Company's control. In addition, the Compensation Committee may, at its sole discretion, decrease the amount of an award that would otherwise be payable to an NEO. If a change in control of the Company occurs, we will pay each participant a cash award equal to the participant's target award for the AIP plan cycle then underway (with the payout prorated to the date of the change in control). We believe this is appropriate since the impact of a change in control is unpredictable and could potentially adversely affect participant awards under the AIP.

Our Compensation Committee determined that AOI, Adjusted Free Cash Flow and Corporate Revenue were meaningful measures of the Company's financial performance. These financial measures exclude items that could have a disproportionately negative or positive impact on our results in a particular period.

Performance Metric	Definition	Link to Performance
Adjusted Operating Income	<p>Consists of operating income as reported on the Consolidated Statement of Operations and Comprehensive Income (Loss), increased or reduced by each of the following to the extent that any such item is used to determine operating income:</p> <ul style="list-style-type: none"> • amortization of intangible assets • certain extraordinary, unusual or non-recurring charges, expenses or losses • certain restructuring costs and integration costs • equity-based compensation expenses • transaction fees and expenses and purchase accounting adjustments • income or gains corresponding to certain unusual or non-recurring items 	Measures profitability
Adjusted Free Cash Flow	Net cash provided by operating activities, less additions to property, plant and equipment, both as reported in the Company's Consolidated Statement of Cash Flows, increased or reduced for unusual cash items as approved by the Compensation Committee	Measures our ability to translate earnings into cash, indicating the health of our business and allowing the Company to invest for the future
Corporate Revenue	Net sales as reported on the Consolidated Statement of Operations and Comprehensive Income (Loss), adjusted for favorable or unfavorable foreign exchange (FX) variances to the FX impact included in the 2017 Business Plan, subject to equitable adjustments related to acquisitions or divestitures as the Committee may approve	Measures growth

The following chart shows the weighting of each performance metric, the levels of performance required to earn threshold, target and maximum payouts, and the actual performance achieved under our AIP for the year ended December 31, 2017 (dollars in millions):

Performance Metric	Weighting	Threshold	Target	Maximum	Achieved
Adjusted Operating Income	60%	\$904.9	\$1,131.1	\$1,357.4	\$882.3
Adjusted Free Cash Flow	30%	\$498.0	\$622.5	\$747.0	\$568.2
Corporate Revenue	10%	\$4,949.9	\$5,103.0	\$5,256.1	\$4,560.6

Based on the actual levels of achievement set forth above, our NEOs were entitled to bonus payments in amounts equal to 23.46% of their target bonus amounts. However, the Compensation Committee exercised its discretion to reduce the payouts under the AIP due to approximately \$60.0 million of customer payments received in late 2017 that were not due until 2018 and, thereby, provided an

unexpected benefit to Adjusted Free Cash Flow. Based on the Committee's action, bonus payments to all eligible employees, including the NEOs, were reduced to 16.33% of their target bonus amounts.

The following table sets forth the threshold, target and maximum annual incentive award potential, and the actual payout amount for each of our NEOs for 2017.

Name	Threshold Award	Target Award	Maximum Award	Actual 2017 Award	
	(% of 2017 Base Salary) (1)	(% of 2017 Base Salary)	(% of 2017 Base Salary)	% of 2017 Base Salary	Payout Amount
Marvin S. Edwards, Jr.	62.5%	125.0%	262.5%	20.41%	\$215,594
Mark A. Olson	42.5%	85.0%	178.5%	13.88%	\$88,135
Randall W. Crenshaw	42.5%	85.0%	178.5%	13.88%	\$103,232
Peter U. Karlsson	42.5%	85.0%	178.5%	13.88%	\$76,337
Frank B. Wyatt, II	35.0%	70.0%	147.0%	11.43%	\$59,009
Frank M. Drendel	25.0%	50.0%	105.0%	8.16%	\$48,171

(1) The threshold award reflects minimum performance of all three performance metrics (AOI, Adjusted Free Cash Flow and Corporate Revenue).

Equity Incentive Awards

The Compensation Committee believes that key employees who are in a position to make a substantial contribution to the long-term success of the Company and to build stockholder value should have a significant and on-going stake in the Company's success. In determining equity incentive award grants, the Committee considered market practices among comparable companies as well as our compensation objectives and the desired role of equity compensation in the total compensation of our NEOs. Based on this review, the Compensation Committee decided to grant our NEOs an equally weighted mix of stock options, RSUs and PSUs. The key features of our 2017 NEO equity awards are described in greater detail below.

Vehicle	Target Value as a Percent of Total Equity Awards	Overview of Key Terms
Stock Options	33%	<ul style="list-style-type: none"> Vest and become exercisable in equal installments annually over three years subject to continuous service of the NEO Stock options have a 10-year term and an exercise price equal to the closing price of our common stock on the grant date Pro rata vesting upon retirement
RSUs	33%	<ul style="list-style-type: none"> Vest in equal installments annually over three years, subject to the continuous service of the NEO Convertible into shares of common stock upon vesting
PSUs	33%	<ul style="list-style-type: none"> NEOs can earn between 0% and 150% of the granted units based on 2017 AOI Any PSUs that are earned based on performance will vest 50% on the second anniversary of the grant date and 50% on the third anniversary subject to the continuous service of the NEO Convertible into shares of common stock upon vesting

For purposes of the PSU awards, AOI is calculated in the same manner as described above for the AIP. The terms of the PSU agreements indicate that in the event of an acquisition, the Compensation Committee may equitably adjust the AOI target to reflect the projected effect of such acquisition. No such adjustments were made during 2017. The adjusted operating income threshold, target and maximum performance levels for the 2017 PSUs were equal to the performance goals approved for the 2017 AIP and described above. Based on 2017 AOI of \$882.3 million, the performance was below the PSU threshold level and therefore the PSUs granted in 2017 have been forfeited.

Supplemental Executive Retirement Plan

We maintain a nonqualified Supplemental Executive Retirement Plan (SERP) that is intended to provide retirement benefits to certain of our executive officers. This plan has been closed to new participants since 2005. All the NEOs, other than Mr. Olson, participate in the SERP. For additional information regarding the SERP, see below under “Nonqualified Deferred Compensation Plans for 2017.”

Employee Benefits and Perquisites

Our NEOs are eligible to participate in the same plans as substantially all other of our U.S. employees which include medical, dental, vision and short-term and long-term disability insurance and a Health Savings Plan. We also maintain the CommScope, Inc. Retirement Savings Plan, or the 401(k) plan, in which substantially all our U.S. employees, including our NEOs, are eligible to participate. We currently contribute 2% of the participant’s base salary and bonus to the 401(k) plan and provide matching contributions of up to 4% of the participant’s base salary and bonus, which provides for up to a maximum of 6% of the participant’s base salary and bonus, subject to certain statutory limitations (\$270,000 for 2017). In addition, we provide our NEOs with a supplemental term life insurance policy. We provide these benefits due to their relatively low cost and the high value they provide in attracting and retaining talented executives.

Deferred Compensation Plan

We offer a voluntary non-qualified deferred compensation plan (DCP) that permits a group of our management, including the NEOs, to defer up to 90% of their annual compensation (including base salary and AIP awards). For additional information regarding the DCP, see below under “Nonqualified Deferred Compensation.”

EMPLOYMENT, SEVERANCE AND CHANGE IN CONTROL ARRANGEMENTS

Each of Messrs. Edwards, Olson, Crenshaw and Drendel has an employment agreement, and each of Messrs. Karlsson and Wyatt has a severance protection agreement. The employment agreements entitle the executives to certain compensation and benefits, and both the employment agreements and severance protection agreements entitle the executives to receive certain payments and benefits upon a qualifying termination of employment, including a qualifying termination of employment in connection with a change in control of the Company, as described below under “—Potential Payments upon Termination or Change in Control.”

HEDGING AND PLEDGING POLICIES

We have an Insider Trading policy to guide our employees and directors in complying with securities laws and avoid the appearance of improper conduct. Our Insider Trading policy specifically limits our NEOs and directors from entering into hedging or monetization transactions involving CommScope securities such as covered calls, collars and forward sale contracts. Any such transactions are strongly discouraged and must be precleared with our Compliance Officer. Our Insider Trading policy strictly prohibits our NEOs and directors from trading in exchange traded options of CommScope securities. In addition, the Insider Trading policy prohibits NEOs and directors from purchasing CommScope securities on margin, holding CommScope securities in a margin account or pledging CommScope securities, with limited exceptions that must be approved by the Compliance Officer. Our NEOs and directors have historically not entered into any such hedging or pledging transactions.

STOCK OWNERSHIP GUIDELINES

In November 2016, the Compensation Committee approved stock ownership guidelines for our executive officers and the non-employee members of our Board of Directors. These guidelines were established to align with industry practice and to affirm to stockholders that our executives and directors have a meaningful long-term position in the Company and a longer-term view of its performance. The following table summarizes our stock ownership guidelines, which were based on market and peer group data and were adopted following consultation with our independent compensation consultant.

	Multiple of Salary Target
CEO	5x annual base salary
Chairman, CFO & COO	3x annual base salary
Designated Executive Officers	2x annual base salary
Non-Employee Directors	5x base retainer (excluding committee fees)

The value of an executive's or non-employee director's stock ownership is measured as of December 31 of each year by reference to the 30-day average closing price of our stock on the Nasdaq Stock Market and using each individual's base salary or base retainer then in effect.

Current and new executive officers and non-employee directors who are subject to these guidelines are expected to reach their target ownership level within five years of the date on which the guidelines were adopted or the date on which they became subject to the guidelines and to hold at least such minimum value in shares of our common stock, RSUs or vested stock options for so long as applicable. All our executive officers and directors have met or are on track to meet their ownership requirements within the five-year period.

- (1) Amounts represent payments for service awards in 2016 for Mr. Wyatt (20 years), and in 2015 for Mr. Edwards (10 years) and for Mr. Crenshaw (30 years).
- (2) Amounts represent the grant date fair value of equity awards, which was computed in accordance with FASB ASC Topic 718 without regard to estimated forfeitures related to service-based vesting conditions. Refer to Note 12 in the Notes to our consolidated financial statements included in our annual report on Form 10-K for the year ended December 31, 2017 for information regarding the assumptions used to value these awards. The grant date fair value of the 2017 RSUs and PSUs was determined by reference to the \$37.97 closing price of our common stock on the grant date. The grant date fair value of the PSU awards considered the target number of units awarded to each NEO and the anticipated performance outcome as of the grant date. The actual 2017 grant performance was below the threshold level, therefore none of the PSUs granted were eligible to vest. Assuming that the highest level of performance conditions had been achieved, the grant date fair values of the 2017 PSUs would have increased by \$1,166,666 for Mr. Edwards, \$249,995 for Mr. Olson, \$283,332 for Mr. Crenshaw, \$208,323 for Mr. Karlsson, \$149,982 for Mr. Wyatt and \$186,661 for Mr. Drendel.
- (3) Amount represents AIP bonus payments by performance year.
- (4) Amounts represent the portion of the aggregate earnings under the SERP that are "above market."
- (5) The following table shows all amounts included in the "All Other Compensation" column for 2017 for each NEO:

- (1) The equity awards granted on February 27, 2017 were approved by the Compensation Committee on February 21, 2017.
- (2) Reflects the range of awards that could potentially have been earned during 2017 under our AIP. The “Threshold” column represents the minimum amount payable when threshold performance is met for all three performance metrics. The amounts actually earned are included under the column entitled “—Non-Equity Incentive Plan Compensation” in our Summary Compensation Table for 2017.
- (3) Reflects RSUs granted in 2017. These grants vest in equal annual installments over three years beginning on the first anniversary of the grant date.
- (4) Reflects potential share payouts with respect to PSUs granted in 2017 at threshold, target and maximum. The “Threshold” column represents the minimum amount payable (50% of target payout) when threshold performance is met. The “Target” column represents the amount payable (100% of target payout) if the specified performance targets are reached. The “Maximum” column represents the maximum amount payable (150% of target payout). To the extent the performance goals are met, earned shares vest 50% on the second anniversary of the grant date and 50% on the third anniversary. The performance is measured based on the AOI for 2017 and based on such performance, none of the PSUs granted are eligible to vest.
- (5) Reflects stock options granted in 2017. These grants vest in equal annual installments over three years beginning on the first anniversary of the grant date. These options have a ten-year term and provide pro rata vesting upon retirement.

(1) Represents options which were fully vested as of December 31, 2017.

(2) Represents options granted in 2017, 2016 and 2015. The 2017 and 2016 options vest and become exercisable, subject to the continued employment of the NEO, annually over three years beginning on the first anniversary of the grant date. The 2015 options vest and become exercisable, subject to the continued employment of the NEO, with 50% vesting on the second anniversary of the grant date and 50% vesting on the third anniversary of the grant date. Pro rata vesting occurs upon retirement.

(3) The options expire on the tenth anniversary of the date of grant.

(4) Represents RSUs granted in 2017, 2016 and 2015 and PSUs granted in 2016 and 2015 that are eligible for vesting. The RSUs vest, subject to the continued employment of the NEO, annually over three years beginning on the first anniversary of the grant date. The PSUs vest 50% on the second anniversary of the grant date and 50% on the third anniversary of the grant date, subject to continued employment of the NEO. The actual performance factors were 115.6% and 78.1% of target for the 2016 and 2015 awards, respectively.

(5) Represents PSUs granted in 2017, assuming threshold performance. AOI for 2017 was below the PSU threshold level, and therefore none of the PSUs granted are eligible to vest.

NONQUALIFIED DEFERRED COMPENSATION FOR 2017

The Nonqualified Deferred Compensation table reflects information about the SERP and the DCP for 2017.

SERP

The SERP is an unfunded defined contribution type retirement plan maintained for the benefit of a select group of our management and/or highly compensated employees. The SERP provides for an annual credit by the Company to each participating NEO's account in an amount equal to 5% of such participant's base salary and AIP bonus for the respective year up to a cap (which in 2017 was \$270,000), plus 15% of the amount in excess of the cap. Equity-based compensation is not taken into account for purposes of the SERP. In addition to annual contributions, participants' accounts generally accrue interest each year. We review the interest rate annually and set the interest rate for 2017 at 5%. There have been no participants added to the SERP since 2005.

There are generally no payments to participants from the SERP until retirement at age 55 or older with at least 10 years of service, or at age 65 without regard to any service requirement. Pursuant to the terms of the SERP, a participant generally will receive the full value of his or her account balance upon the participant's termination or resignation for any reason once eligible for retirement. However, participants (or participant's beneficiaries, in the case of a participant's death) may also receive benefits prior to retirement in the following situations: (1) if the participant dies before retirement; (2) if the participant experiences a disability (as defined in the SERP) before beginning to receive any SERP benefits; (3) if the participant's employment is involuntarily terminated, for reasons other than for cause; or (4) if the participant terminates employment for any reason other than for cause within two years after a change in control of the Company. Payment to the SERP participants generally occurs the first day of the seventh month following separation from service, except that payments resulting from termination following a change in control or terminations due to disability are paid as soon as practicable following such termination.

Messrs. Edwards, Wyatt and Drendel are vested in their SERP accounts and eligible for retirement, so they would receive their account balance if their employment terminated for any reason. Mr. Karlsson is currently vested in his SERP accounts and, though he is not eligible for retirement, he is eligible to receive the full value of his SERP account upon any termination of employment, other than for cause. Mr. Crenshaw retired as Executive Vice President and Chief Operating Officer effective December 31, 2017 and will receive the full value of his SERP account in 2018.

DCP

The DCP permits a select group of our management, including the NEOs, to defer up to 90% of their compensation (including base salary and AIP bonus payments). Participants may invest the amounts credited to their accounts in one or more notional investments that are substantially the same as the investment offerings provided under our 401(k) plan. Participants' accounts are 100% vested at all times and we do not provide matching or other Company contributions to the DCP. In general, a participant may elect to receive a distribution in a lump sum or annual installments over a period of two to ten years, which distribution will commence, per the participant's election, as follows:

- For deferrals attributable to any period before December 31, 2016, as soon as practical following (i) the participant's separation from service, or (ii) the earlier of (A) a specific date which occurs no earlier than two years from the end of the year in which the compensation is credited, or (B) the date of his or her separation (provided that if separation is due to retirement, payments will commence as of the elected specified date).
- For deferrals attributable to any period on or after January 1, 2017, as soon as practical following (i) the first day of the seventh month after the participant's separation from service, or (ii) the earlier of (A) a specific date which occurs no earlier than two years, and no later than five years, from the end of the year in which the compensation is credited, or (B) the first day of the seventh month after his or her separation (provided that if separation is due to retirement, payments will commence as of the elected specified date).

Upon a participant's death or disability, or upon the occurrence of a change in control of the Company, the participant's entire balance will be paid to him or her (or the participant's estate or beneficiary, as applicable) in a lump sum.

The following table depicts the value of benefits accumulated by our NEOs under the SERP and the DCP as of December 31, 2017.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Employment and Severance Protection Agreements

Each of our NEOs is party to an employment agreement or severance protection agreement that entitles him to receive certain payments upon a qualifying termination of employment.

Employment Agreements with Messrs. Edwards, Olson and Crenshaw

We are party to an employment agreement with Mr. Edwards which expires on December 31, 2018, subject to automatic renewal for additional one-year periods unless the Company gives written notice of non-renewal at least 90 days prior to such date. Pursuant to the agreement, in the event Mr. Edwards' employment is terminated by the Company by notice of non-renewal of the term of the agreement, by the Company for any reason other than for cause or disability or by the executive for good reason, in each case regardless of whether a change in control has occurred. Mr. Edwards will be entitled to receive his accrued compensation and each of the following:

- severance pay in an amount equal to two times the sum of (A) his then current base salary, and (B) his base salary multiplied by 1.25, payable in equal monthly installments over two years (the Termination Benefits Period) or, upon termination within twenty-four months following a change in control, in a lump sum;
- a prorated bonus under the AIP for the fiscal year in which his termination of employment occurs, based on actual performance and payable at the same time the Company pays bonuses to its other executive officers;
- a cash payment equal to the cost we would have incurred had he continued group medical, dental, vision and/or prescription drug benefit coverage for himself and his eligible dependents during the Termination Benefits Period, payable in periodic installments in accordance with our payroll practice (the Medical Coverage Payments); and
- if at the end of the Termination Benefits Period, he is not employed by another entity (including self-employment), then for six months (or his earlier re-employment) he will receive (i) an additional monthly payment equal to one-twelfth of the sum of (A) his base salary and (B) his base salary multiplied by 1.25, and (ii) continuation of the Medical Coverage Payments (provided that such Medical Coverage Payments will not cease upon re-employment unless the executive obtains such coverage or benefits pursuant to the subsequent employer's benefit plans).

For purposes of Mr. Edwards' agreement, "good reason" includes material breach of the agreement, a material diminution in duties, failure to continue in his role as sole President and CEO without his prior written consent, any reduction in salary or target bonus opportunity, relocation of his place of employment by more than twenty-five miles without his prior written consent and our failure to nominate him to our Board.

If Mr. Edwards' employment is terminated by the Company for cause or disability, by reason of his death or by the executive other than for good reason, we will pay to the executive his accrued compensation. In addition, in the event of Mr. Edwards' death, his estate will be entitled to receive a prorated bonus under the AIP for the fiscal year in which his death occurs, payable at the same time the Company pays bonuses to its other executive officers and based on actual performance.

During 2017, we were party to employment agreements with Messrs. Olson and Crenshaw that were similar to Mr. Edwards' employment agreement, except that potential severance under the agreements with Messrs. Olson and Crenshaw was equal to 0.85 times base salary, instead of 1.25 times. As noted above, Mr. Olson has announced he will retire effective March 31, 2018, and Mr. Crenshaw retired as Executive Vice President and Chief Operating Officer effective December 31, 2017. Mr. Crenshaw did not receive any severance upon his retirement, and Mr. Olson is not expected to receive any severance upon his retirement.

Severance Protection Agreement with Mr. Karlsson

We are also a party to a severance protection agreement with Mr. Karlsson. His agreement is on a 1-year term automatically renewing on January 1 of each year unless the Company or Mr. Karlsson gives notice of non-renewal at least ninety (90) days prior to such date, except that the term may not expire prior to 24 months following a change in control of the Company (as defined in the agreement). Pursuant to the agreement, in the event that Mr. Karlsson's employment is terminated within 24 months after a change in control of the Company (i) by the Company for any reason other than for cause or disability or (ii) by Mr. Karlsson for good reason (which definition includes, among other things, an adverse change in status or duties and a reduction in salary or benefits), Mr. Karlsson will be entitled to receive accrued compensation and each of the following:

- severance pay in an amount equal to his then current base salary;
- a prorated bonus for the fiscal year in which his termination occurs, based on the actual bonus that would have been payable to him for the year in which the termination occurs; and
- continuation of Mr. Karlsson's and his dependents' health benefits for 12 months (the Termination Benefits Period).

If Mr. Karlsson's employment is terminated by the Company within 24 months after a change in control for cause or disability, by reason of his death or by Mr. Karlsson other than for good reason, we will pay to him his accrued compensation and any earned but unpaid bonus or incentive compensation. In addition, in the case of a termination by the Company for disability or due to Mr. Karlsson's death, he will receive a pro rata bonus for the year of termination, based on the actual bonus that would have been payable to him for the year in which the termination occurs.

Further, if Mr. Karlsson's employment is terminated by the Company other than for cause at any time prior to the date of a change in control of the Company and such termination (i) occurred after we entered into a definitive agreement, the consummation of which would constitute a change in control of the Company or (ii) Mr. Karlsson reasonably demonstrates that such termination was at the request of a third party who has indicated an intention or has taken steps reasonably calculated to effect a change in control, such termination will be deemed to have occurred after a change in control.

Severance Protection Agreement with Mr. Wyatt

We are party to a severance protection agreement with Mr. Wyatt. This severance protection agreement is on a 1-year term automatically renewing on January 1 of each year unless the Company or Mr. Wyatt gives notice of non-renewal at least ninety (90) days prior to such date, except that the term may not expire prior to 24 months following a change in control of the Company (as defined in the agreement). Pursuant to the agreement, in the event Mr. Wyatt's employment is terminated within 24 months after a change in control of the Company (i) by the Company for any reason other than for cause or disability or (ii) by Mr. Wyatt for good reason (which definition includes, among other things, an adverse change in status or duties, a reduction in salary or benefits, and a relocation of Mr. Wyatt's place of employment by more than twenty-five miles), Mr. Wyatt will be entitled to receive accrued compensation and each of the following:

- severance pay in an amount equal to one and one-half times Mr. Wyatt's then current base salary plus one and one-half times the target annual incentive payable to Mr. Wyatt under the AIP for the fiscal year immediately preceding the fiscal year of termination of employment;
- a prorated bonus under the AIP for the fiscal year in which his termination occurs, based on the actual bonus paid or payable to Mr. Wyatt under the AIP in respect of the year immediately preceding the year of termination of employment;
- continuation of Mr. Wyatt's and his dependents' and beneficiaries' life insurance, disability, medical, dental and hospitalization benefits for 18 months (the Termination Benefits Period);
- if, at the end of the Termination Benefits Period, Mr. Wyatt is not employed by another employer (including self-employment), then for six months (or his earlier re-employment with another entity)

he will receive (i) an additional monthly payment equal to one-twelfth of his then current base salary plus one-twelfth of the target annual incentive payable to Mr. Wyatt for the fiscal year immediately preceding the fiscal year of termination of employment, and (ii) continuation of the benefits discussed in the bullet above (provided that such benefits will not cease upon re-employment unless Mr. Wyatt obtains such coverage or benefits pursuant to the subsequent employer's benefit plans); and

- reimbursement for (i) outplacement assistance services (up to 25% of the sum of Mr. Wyatt's then-current year salary and prior year target bonus), (ii) tax and financial planning assistance (up to \$2,000) and (iii) relocation expenses under certain circumstances.

If Mr. Wyatt's employment is terminated by the Company within 24 months after a change in control of the Company for cause or disability, by reason of his death or by Mr. Wyatt other than for good reason, we will pay to Mr. Wyatt his accrued compensation and any earned but unpaid bonus or incentive compensation. In addition, in the case of a termination of employment by the Company for disability or due to Mr. Wyatt's death, he will receive a pro rata bonus for the year of termination based on the actual bonus paid or payable to Mr. Wyatt under the AIP in respect of the year immediately preceding the year of termination.

Further, if Mr. Wyatt's employment is terminated by the Company other than for cause at any time prior to the date of a change in control of the company and such termination (i) occurred after we entered into a definitive agreement, the consummation of which would constitute a change in control of the Company or (ii) Mr. Wyatt reasonably demonstrates that such termination was at the request of a third party who has indicated an intention or has taken steps reasonably calculated to effect a change in control of the Company, such termination will be deemed to have occurred after a change in control.

Employment Agreement with Mr. Drendel

Mr. Drendel's employment agreement expires on December 31, 2018, subject to automatic renewal for additional one-year periods unless the Company or Mr. Drendel gives written notice of non-renewal at least 90 days prior to such date. Pursuant to the agreement, in the event his employment is terminated by the Company by notice of non-renewal of the term of the agreement, by the Company for any reason other than for cause or by Mr. Drendel for any reason, in each case regardless of whether a change in control has occurred, he will be entitled to receive his accrued compensation and each of the following: (i) an amount (the Severance Payment) equal to two times the sum of (X) his base salary and (Y) his base salary multiplied by 0.50, payable in a lump sum payment within thirty days following termination; and (ii) a cash payment equal to the cost the Company would have incurred had he continued group medical, dental, vision and/or prescription drug benefit coverage for himself for 24 months following his termination of employment, payable in periodic installments in accordance with our payroll practice.

If Mr. Drendel's employment is terminated by the Company for cause or by reason of his death, we will pay to him his accrued compensation. In addition, in the event of Mr. Drendel's death, his estate will be entitled to receive the Severance Payment payable in a lump sum payment within thirty days following his death.

280G Tax Gross-Up Provisions

The employment agreements with Messrs. Edwards, Olson, Crenshaw and Drendel and the severance protection agreement with Mr. Wyatt provide for a gross-up payment by the Company in the event that the total payments the executive receives under the agreement, or otherwise (for example, due to accelerated vesting of equity), are subject to the excise tax under Section 4999 of the Internal Revenue Code. In such an event, we will pay an additional amount so that the executive is made whole on an after-tax basis from the effect of the excise tax. Mr. Karlsson's severance protection agreement does not contain any provision with respect to gross-up payments or cut-backs in the event of such excise taxes.

Restrictive Covenants

Messrs. Edwards', Olson's, Crenshaw's and Drendel's employment agreements each contain cooperation and confidentiality covenants that apply during and following the executives' respective employment with the Company. The agreements also contain certain non-compete and non-solicitation obligations that continue for a certain period following termination of employment, as follows: 24 months, in the case of Messrs. Edwards, Olson and Crenshaw (and up to an additional six months if the executive continues to receive the benefits discussed above following the conclusion of the Termination Benefits Period) and 60 months, in the case of Mr. Drendel. Messrs. Karlsson's and Wyatt's severance protection agreements do not contain any restrictive covenants.

The following table sets forth the estimated amount of the payments and benefits each of our NEOs would receive under the termination of employment scenarios identified therein, in each case assuming a termination of employment on December 31, 2017. The payments and benefits described and quantified below are in addition to the compensation and benefits that would already be vested upon a NEO's termination of employment, including accrued but unpaid salary, accrued but unused vacation pay, amounts previously earned and deferred under the DCP and payments and benefits accrued under the 401(k) plan and the SERP. As noted above, Mr. Olson has announced that he will retire effective March 31, 2018, and Mr. Crenshaw retired as Executive Vice President and Chief Operating Officer on December 31, 2017. Mr. Olson is not expected to receive and Mr. Crenshaw did not receive any severance upon retirement.

- (1) Assumes that the executive is not self-employed or employed by another entity at the end of the Termination Benefits Period and, accordingly, receives an additional six months of severance.
- (2) Pursuant to the executive's severance protection agreement, upon his termination of employment by the Company without cause, by the executive for good reason, or by reason of his death or disability, in each case within 24 months following a

change in control of the Company, he would be entitled to a payment equal to the actual bonus paid to the executive with respect to the year prior to that in which the termination date occurs (in this case, 2016), prorated for the number of days the executive was employed during the year of such termination.

- (3) Pursuant to the terms of the AIP, in the event of a change in control of the Company (as defined in the AIP), within 30 days thereafter, we will pay to each participant immediately prior to such change in control (regardless of whether such participant remains in the employ of the Company following the change in control) an award equal to his or her target incentive for the AIP plan cycle then underway (prorated to the date of the change in control). Outside the context of a change in control of the Company, participants are eligible to receive a pro rata portion of their award, based upon actual achievement of applicable performance objectives, if their employment is terminated due to death, disability or retirement (at age 65 or at age 55 with at least 10 years of service with the Company, or earlier with prior approval of the Company). As of December 31, 2017, each of Messrs. Edwards, Olson, Crenshaw, Wyatt and Drendel was retirement eligible under the AIP.
- (4) Assumes that the executive is not self-employed or employed by another entity at the end of the Termination Benefits Period and, accordingly, receives an additional six months of benefits continuation.
- (5) Reflects reimbursement of outplacement expenses and for tax and financial planning services. Note that, in certain circumstances, Mr. Wyatt would also be entitled to reimbursement for costs of relocation following a termination of employment; however, estimates of these costs are not included in the amounts above.
- (6) Estimate of gross-up payment assumes acceleration of vesting our outstanding and unvested equity incentive awards, see below discussion under the heading “—Equity Incentive Awards.” Estimate of gross-up payment based on a 280G excise tax rate of 20%, a tax rate of 35% for federal, 1.45% for Medicare and an appropriate state tax rate.

SERP

Pursuant to the terms of the SERP, a participant generally will receive the full value of his account balance upon his termination or resignation for any reason once he is eligible for Retirement. Messrs. Edwards, Wyatt and Drendel are vested in their SERP accounts and eligible for Retirement, as was Mr. Crenshaw, so they would receive the amounts shown in the column of the Nonqualified Deferred Compensation table entitled “Aggregate balance at last fiscal year end” were their employment terminated for any reason on December 31, 2017.

Mr. Karlsson is currently vested in his SERP account and, though he is not eligible for Retirement, pursuant to the 2011 amendment to the SERP, he is eligible to receive the full value of his SERP account upon any termination of employment, other than for cause. The value of their SERP accounts is based on an assumed effective date of December 31, 2017 shown in the column of the Nonqualified Deferred Compensation table entitled “Aggregate balance at last fiscal year end.”

Payment to the SERP participants generally occurs on the first day of the seventh month following termination, except that payments resulting from termination following a change in control of the Company or terminations due to death or disability are paid as soon as practicable following such termination.

Equity Incentive Awards

The non-qualified option award agreements and the RSU award agreements under which the NEOs received awards in February 2015, 2016 and 2017 provide that all awards granted pursuant to those award agreements will become immediately vested and, in the case of option awards, become fully exercisable, in the event of any of the following:

- the termination of a participant’s service due to death or disability,
- a change in control of the Company in which the awards are not assumed by the surviving entity or otherwise equitably converted or substituted in connection with the change in control, or
- a change in control of the Company in which the awards are assumed or equitably converted, but the participant’s employment is terminated without “cause” or the participant resigns for “good reason” within two years following the change in control.

The PSU agreements under which the NEOs received grants in February 2015, 2016 and 2017 provide for similar treatment as described above for the options and RSUs, provided that if the participant’s death or disability occurs during the performance period, the PSUs will be prorated and will vest based on actual achievement over the performance period. In the event of a change in control of the Company in which the awards are not assumed by the surviving entity or otherwise equitably converted or substituted in connection with the change in control, or a change in control of the Company in which the awards are

assumed or equitably converted, but the participant's employment is terminated without "cause" or the participant resigns for "good reason" within two years following the change in control, the PSUs will be prorated and will vest based on deemed performance of target level if the change of control falls within the first half of the performance period or based on the actual performance measured at the date of the change in control if the change in control falls within the second half of the performance period.

The following table presents the value (based on the Company's closing stock price on December 29, 2017 of \$37.83 or in the case of options, the excess of such closing stock price over the exercise price) of equity incentive awards that would become vested upon a termination due to death or disability, a change in control in which the awards are not assumed by the surviving entity or otherwise equitably converted or substituted in connection with the change in control, or a change in control in which the awards are assumed or equitably converted but the participant's employment is terminated without "cause" or the participant resigns for "good reason" within two years following the change in control of the Company, assuming that any such events had occurred on December 31, 2017. The amounts for PSUs are based on actual performance factors for the 2015, 2016 and 2017 grants of 78.1%, 115.6%, and 0%, respectively.

COMPENSATION-RELATED RISK ASSESSMENT

Our Compensation Committee, with the assistance of our management, through the human resources, finance and legal departments, has analyzed the potential risks arising from our compensation policies and practices and has determined that there are no such risks that are reasonably likely to have a material adverse effect on the Company.

CEO PAY RATIO

Under Commission rules, we are required to calculate and disclose the ratio of our median employee's annual total compensation to the total annual compensation of our Chief Executive Officer.

To identify our median employee, we compiled a list of all worldwide full-time, part-time, seasonal and temporary employees employed by us and our consolidated subsidiaries as of October 31, 2017. The compensation measure we used to determine our median employee included annual base salary as of October 31, 2017; an estimate of overtime based on average overtime worked considering the job position and country of the employee; and incentive compensation based on targets. We believe this compensation measure is a reasonable measure that can be consistently applied to our over 20,000 employees across the world in order to yield an accurate representation of our median employee.

Mr. Edwards had 2017 annual total compensation of \$8,499,365 as reflected in the Summary Compensation Table included in this Proxy Statement. Our median employee's annual total compensation for 2017, calculated in the same manner as Mr. Edwards' annual total compensation, was \$10,219. As a result, Mr. Edwards' annual total compensation is 832 times that of our median employee.

We have a team of over 20,000 employees to serve customers in over 100 countries through a network of more than 30 manufacturing and distribution facilities strategically located around the globe. We utilize lower-cost geographies for high labor content products while investing in largely automated plants in higher-cost regions close to customers. Most of our manufacturing employees are located in lower-cost geographies such as Mexico, China, India and the Czech Republic and are compensated at the market rate based on their geographic location and their job type. This drives a higher pay ratio between our median employee and our Chief Executive Officer when compared to companies with primarily U.S. operations or those manufacturers that are not as labor intensive. We believe this pay ratio is a reasonable estimate calculated in a manner consistent with Commission rules.

EQUITY COMPENSATION PLAN INFORMATION

The following table provides information as of December 31, 2017, with respect to the shares of our common stock that may be issued under our existing equity compensation plans:

ANNEX A – RECONCILIATION OF GAAP FINANCIAL MEASURES TO NON-GAAP FINANCIAL MEASURES

CommScope management believes that presenting operating income, net income, diluted EPS and cash flow information excluding certain special items provides meaningful information to investors in understanding operating results and may enhance investors' ability to analyze financial and business trends, when considered together with the GAAP financial measures. In addition, CommScope management believes that these non-GAAP financial measures allow investors to compare period to period more easily by excluding items that could have a disproportionately negative or positive impact on results in any particular period.

(1) Reflects non-cash charges resulting from purchase accounting adjustments, including adjustments to the estimated fair value of contingent consideration payable.

(2) Reflects integration costs primarily related to the acquisition of the BNS business, transaction costs related to potential and consummated acquisitions and costs related to secondary stock offerings.

(3) Included in interest expense.

(4) Included in other expense, net.

(5) The tax rates applied to adjustments reflect the tax expense or benefit based on the tax jurisdiction of the entity generating the adjustment. There are certain items for which we expect little or no tax effect. Given the complexities of the U.S. tax legislation enacted in late 2017, we applied a non-GAAP effective tax rate of 35% for the fourth quarter 2017, consistent with the adjusted rate in prior quarters of 2017.

(6) Diluted shares used in the calculation of non-GAAP adjusted diluted EPS for the years ended December 31, 2017 and 2016 are 196.8 million and 196.5 million, respectively.

(7) 2016 excess tax benefits on equity based compensation have been reclassified in the cash flow statement as an operating activity rather than a financing activity in accordance with ASU No. 2016-09, *Improvements to Employee Share-Based Payment Accounting*. In addition, 2016 debt redemption premium paid has been reclassified in the cash flow statement as a financing activity in accordance with ASU No. 2016-15, *Cash Flow Classification of Certain Cash Receipts and Cash Payments*.
