Vista Point Advisors, LLC (the "Company") was organized in the State of Delaware on January 12, 2011. The Company is a registered broker-dealer in securities under the Securities and Exchange Act of 1934. The Company is a member of the Financial Industry Regulatory Authority ("FINRA"), and the Securities Investor Protection Corporation ("SIPC").

The Company is engaged in business as a securities broker-dealer that provides several classes of services, including advisory services. Advisory fees generally consist of retainers that are paid after letters of engagement are signed for services, as well as success fees upon the closing of transactions in which the Company participated.

Under its membership agreement with FINRA and pursuant to Rule 15c3-3(k)(2)(i), the Company is exempt from the requirement of Rule 15c3-3 under the Securities Exchange Act of 1934 pertaining to the possession or control of customer assets and reserve requirements.

For the year ended December 31, 2015, the Company made 59% of its revenue from one of its clients.

Summary of Significant Accounting Policies

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Advisory fees are recognized as earned according to the fee schedule stipulated in the client's engagement contracts. The Company receives investment banking fees in accordance with terms stipulated in its engagement contracts. Fees are recognized as earned.

The Company has fully depreciated property and equipment of \$74,698. Repairs and maintenance to these assets are charged to expense as incurred; major improvements enhancing the function and/or useful life are capitalized. When items are sold or retired, the related cost and accumulated depreciation are removed from the accounts and any gains or losses arising from such transactions are recognized (See Note 3).

NOTE 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(Continued)

The Company, with the consent of its Members, has elected to be a Delaware Limited Liability Company. For tax purposes the Company is treated like a partnership, therefore in lieu of business income taxes, the Members are taxed on the Company's taxable income. The Company has adopted authoritative standards of accounting for and the disclosure of events that occur after the balance sheet date but before the financial statements are issued or are available to be issued. These standards require the Company to recognize in the financial statements the effects of all recognized subsequent events that provide additional evidence about conditions that existed at the date of the balance sheet. For non-recognized subsequent events that must be disclosed to keep the financial statements from being misleading, the Company is required to disclose the nature of the event as well as an estimate of its financial effect, or a statement that such estimate cannot be made. In addition, the Company is required to disclose the date through which subsequent events have been evaluated. The Company has evaluated subsequent events through the issuance of their financial statements (See Note 8).

NOTE 6: GUARANTEES

FASB ASC 460, Guarantees, requires the Company to disclose information about its obligations under certain guarantee arrangements. FASB ASC 460 defines guarantees as contracts and indemnification agreements that contingently require a guarantor to make payments to the guaranteed party based on changes in an underlying factor (such as an interest or foreign exchange rate, security or commodity price, an index or the occurrence or nonoccurrence of a specified event) related to an asset, liability or equity security of a guaranteed party. This guidance also defines guarantees as contracts that contingently require the guarantor to make payments to the guaranteed party based on another entity's failure to perform under an agreement as well as indirect guarantees of indebtedness of others.

NOTE 7: CONCENTRATION OF CREDIT RISK

The Company is engaged in various trading and brokerage activities in which counter-parties primarily include broker-dealers, banks, and other financial institutions. In the event counter-parties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counter-party or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counter-party.

NOTE 8: SUBSEQUENT EVENTS

The Company has evaluated events subsequent to the balance sheet date for items requiring recording or disclosure in the financial statements. The evaluation was performed through the date the financial statements were available to be issued. Based upon this review, the Company has determined that there were no events which took place that would have a material impact on its financial statements.

NOTE 9: RECENTLY ISSUED ACCOUNTING STANDARDS

For the year ending December 31, 2015, various ASUs issued by the FASB were either newly issued or had effective implementation dates that would require their provisions to be reflected in the financial statements for the year then ended. The Company has either evaluated or is currently evaluating the implications, if any, of each of these pronouncements and the possible impact they may have on the Company's financial statements. In most cases, management has determined that the pronouncement has either limited or no application to the Company and, in all cases, implementation would not have a material impact on the financial statements taken as a whole.

NOTE 10: NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. Net capital and aggregate indebtedness change day to day, but on December 31, 2015, the Company had net capital of \$2,374,324 which was \$2,363,853 in excess of its required net capital of \$10,471; and the Company's ratio of aggregate indebtedness (\$157,059) to net capital was 0.07 to 1.
