NOTES TO STATEMENT OF FINANCIAL CONDITION

YEAR ENDED SEPTEMBER 30, 2022

NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Organization - Prairie Capital Markets, LLC (the “Company”), a limited liability company, was organized in the state of Illinois on July 1, 2010. The Company is a wholly-owned subsidiary of Prairie Capital Holdings, Inc. (“Parent”). The Company is registered with the Securities and Exchange Commission and, is a member of the Financial Industry Regulatory Authority (FINRA). The Company's principal business activity is consulting services.

Basis of Presentation - The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”).

Recognition of Revenue – The Company follows revenue recognition guidance that requires an entity to follow a five step model to (a) identify the contract(s) with a customer, (b) identify the performance obligations in the contract, (c) determine the transaction price, (d) allocate the transaction price to the performance obligations in the contract, and (e) recognize revenue when (or as) the entity satisfies the performance obligation.

Revenues are recognized when control of the promised services is transferred to customers, in an amount that reflects the consideration the Company expects to be entitled to in exchange for those services. Revenues are analyzed to determine whether the Company is the principal (i.e., reports revenue on a gross basis) or agent (i.e., reports revenues on a net basis) in the contract. Principal or agent designations depend primarily on the control an entity has over the product or service before control is transferred to a customer. The indicators of which party exercises control include primary responsibility over performance obligations and discretion in establishing the price.

YEAR ENDED SEPTEMBER 30, 2022

NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES – *(Continued)*

Consulting Fee Revenue – Consulting fee revenue consists primarily of ESOP, Merger/Acquisition and financial advisory fees. The Company earns a retainer from its clients based upon the progress of the project. The progress of the project is evaluated quarterly based on: costs and hours charged to the engagement, project manager discussions and project status, to determine the amount of the retainer to be recognized. All retainers received by the Company were earned and recognized on or before September 30, 2022.

Significant Judgments - The recognition and measurement of revenue is based on the assessment of individual contract terms. Significant judgment is required to determine whether performance obligations are satisfied at a point in time or over time; how to allocate transaction prices where multiple performance obligations are identified; when to recognize revenue based on the appropriate measure of the Company's progress under the contract; and whether constraints on variable consideration should be applied due to uncertain future events.

Concentration of Cash - The Company's cash is on deposit at one financial institution and the balance at times may exceed the federally insured limits. The Company believes it is not exposed to any significant credit risk to cash.

Leases - The Company recognizes and measures its leases in accordance with FASB ASC 842, Leases. At September 30, 2022, the Company did not have any lease obligations.

Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period.
