SUNDIAL GROUP, LLC
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2017

NOTE 1 - NATURE OF OPERATIONS AND BASIS OF PRESENTATION

Organization

Sundial Group, LLC (the "Company", "we", "us", "our"), incorporated in 2011 in Florida, is a broker-dealer registered with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority ("FINRA").

The Company's primary business is to assist clients with merger and acquisitions ("M&A"), including acting as a placement agent and finder to assist businesses with the sale of assets, stock or partnership interests; acting as an advisor to businesses looking to pursue acquisitions and/or mergers. The Company does not carry security accounts for customers or perform custodial functions relating to customers' securities.

Basis of Presentation

The accompanying financial statements have been prepared pursuant to Rule 17a-5 of the Securities Exchange Act of 1934. The classification and reporting of items appearing on the financial statements are consistent with that rule.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents:

The Company considers all highly liquid investments with maturity of three months or less at the time of purchase to be cash equivalents. Cash and cash equivalents consist primarily of cash and money market funds held at banks and other financial institutions.

Investment Banking Fees Receivable:

Due to the nature of the Company's business, Investment Banking fees receivable are usually collected within a matter of days as they are typically paid upon closing of a transaction.

Revenue Recognition:

Investment banking revenues include fees earned from providing merger-and-acquisition and financial advisory services on closed transactions. Investment banking fees are recorded on the closing date of the third party transaction if the fees are reasonably determinable.

Income Taxes:

As a limited liability company, the Company's taxable income or loss is allocated to members in accordance with their respective percentage of ownership. Therefore, no provision or liability for income taxes has been included in the financial statements.

SUNDIAL GROUP, LLC
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2017

Management has evaluated the Company's tax positions and concluded that the Company has taken no uncertain tax positions that require adjustment to or disclosures in the financial statements. As of December 31, 2017, tax years since 2014 remain open for IRS audit. The Company has received no notice of audit from the Internal Revenue Service for any of the open tax years.

Fair Value of Financial Instruments and Fair Value Measurements:

The carrying amounts of the Company's financial assets, including cash and certain financial liabilities including accounts payable and payable to related party affiliate, approximate fair value because of their short maturities. Fair value is defined as the price that the Company would receive to sell an investment or pay to transfer a liability in a timely transaction with an independent counter-party in the principal market or in the absence of a principal market, the most advantageous market for the investment or liability. A three-tier hierarchy distinguishes between (1) inputs that reflect the assumptions market participants would use in pricing an asset or liability developed based on market data obtained from sources independent of the reporting entity (observable inputs) and (2) inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing an asset or liability developed based on the best information available in the circumstances (unobservable inputs); and establishes a classification of fair value measurements for disclosure purposes. Various inputs are used in determining the value of the Company's investments.

The inputs are summarized in the three broad levels listed below.

- Level 1** - quoted prices in active markets for identical investments
- Level 2** - other significant observable inputs (including quoted prices for similar investments, interest rates, credit risk, etc.)
- Level 3** - significant unobservable inputs (including the Company's own assumptions in determining the fair value of investments)

NOTE 3 - **CONCENTRATIONS**

The Company maintains its cash in bank and financial institution deposits that at times may exceed federally insured limits. The Company has not experienced any losses in such accounts through December 31, 2017. As of December 31, 2017, there was \$68,269 cash held in a corporate checking account that was not insured.

The Company's revenue stream in 2017 consisted entirely of investment banking fees. The Company closed a total of 3 transactions in fiscal 2017.
