2. We note your response to comment 2. Please tell us how you determined that “the fair value of the debt, or the entity’s cost, is more readily determinable” and why you used this to determine the fair value of the intangible assets in accordance with paragraph 805-50-30-2 of the FASB ASC.
3. As a related matter, tell us how you determined that an imputed interest rate of 20% would be the rate the company “would be required to pay for financing through a financial institution.”
