Opinion on the Financial Statements

We have audited the accompanying statement of financial condition of TGP Securities, Inc. as of December 31, 2018, and the related notes and supplemental schedules (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of TGP Securities, Inc. as of December 31, 2018, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of TGP Securities, Inc.'s management. Our responsibility is to express an opinion on TGP Securities, Inc.'s financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to TGP Securities, Inc. in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2018

Note 1 - Nature of Business

TGP Securities, Inc. (The "Company") operates as a registered broker/dealer in securities under the provisions of the Securities Exchange Act of 1934. The Company is a member of the Financial Industry Regulatory Authority ("FINRA") and the Securities Investor Protection Corporation ("SIPC").

The Company is engaged to provide private placement of securities, mergers, acquisitions, and other financial advisory services. The Company does not carry security accounts for customers and does not perform custodial functions relating to customer securities.

Under its membership agreement with FINRA, and, pursuant to Rule 15c3-3(k)(2)(i), the Company conducts business on a fully disclosed basis and does not execute or clear securities transactions for customers. Accordingly, the Company is exempt from the requirement of Rule 15c3-3, under the Securities Exchange Act of 1934, pertaining to the possession or control of customer assets and reserve requirements.

Note 2 - Going Concern

Accounting standards state that substantial doubt about an entity's ability to continue as a going concern exists when relevant conditions and the events, considered in the aggregate, indicates that it is probable that the entity will be unable to meet its obligations as they become due within one year after the date that the financial statements are issued (or are available to be issued).

The Company's historical operating results, negative cash flows from operations, net capital deficiencies and the required additional cash contributions from shareholders indicates there is substantial doubt about the entity's ability to continue as a going concern within one year after the financial statements are issued. In addition, the Company is unsure of any actions, if any, to be taken from regulatory agencies with regards to not satisfying the net capital requirements under SEC Rule 15c3-1.

Management of the Company believes these conditions are significant and intends to mitigate these matters by reducing operating expenses and overhead, but has not formalized specific actions. Management of the Company believes that the actions discussed above are probable of occurring and mitigating the substantial doubt raised by the reported historical operating results for the 12 months from the issuance of the financial statements. However, management of the Company cannot predict, with certainty, the outcome of these actions.

Note 3 - Summary of Significant Accounting Policies

a) *Recently Issued Accounting Pronouncements*

In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2014-09, Revenue from Contracts with Customers: Topic 606 (ASU 2014-09) to supersede nearly all existing revenue recognition guidance under U.S. GAAP. In August 2015, the FASB issued ASU 2015-14, Revenue from Contracts with Customers: Deferral of the Effective Date (ASU 2015-14), which deferred the effective date for implementation of ASU 2014-09 by one year and is now effective for annual reporting periods beginning after December 15, 2017, with early adoption permitted but not earlier than the original effective date. The Company has not yet selected a transition method and is currently evaluating the effect that the updated standard will have on the statement of financial condition and related disclosures.

b) *Revenue Recognition*

Effective January 1, 2018, the Company adopted ASC Topic 606, Revenue from Contracts with Customers ("ASC Topic 606"). The new revenue recognition guidance requires that an entity recognize revenue due to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The guidance requires an entity to follow a five step model to (a) identify the contract(s) with a customer, (b) identify the performance obligations in the contract, (c) determine the transaction price, (d) allocate the transaction price to the performance obligations in the contract, and (e) recognize revenue when (or as) the entity satisfies a performance obligation. In determining the transaction price, an entity may include variable consideration only to the extent that it is probable that a significant reversal in the amount of cumulative revenue recognized would not occur when the uncertainty associated with the variable consideration is resolved. The Company applied the modified retrospective method of adoption which resulted in no adjustment to retained earnings as of January 1, 2018. The new revenue recognition guidance does not apply to revenue associated with financial instruments, interest income and expense, leasing and insurance contracts.

Note 3 - Summary of Significant Accounting Policies (continued)

c) Income Taxes

The amount of current and deferred taxes payable or refundable is recognized as of the date of the financial statements, utilizing currently enacted tax laws and rates. Deferred tax expenses or benefits are recognized in the financial statements for the changes in deferred tax liabilities or assets between years.

d) Cash

The Company maintains cash in bank accounts which, at times, may exceed federally insured limits or where no insurance is provided. The Company has not experienced any losses in such accounts and does not believe it is exposed to any significant credit risk on cash balances.

e) Use of Estimates

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Note 4 - Income Taxes

The Company has available at December 31, 2018 unused operating loss carry-forwards of approximately \$115,000 which may be applied against future taxable income, resulting in a deferred tax asset of approximately \$35,000 that expires from 2033-2038. A 100% valuation allowance has been established against this asset since management cannot determine if it is more likely than not that the asset will be realized.

Note 5 - Net Capital Requirement

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1) which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 1500%. At December 31, 2018, the Company had net capital of \$338 which was a deficiency of \$4,894 over its required net capital of \$5,232. The Company's net capital ratio was 23,221%.
