Form 10-K for Fiscal Year Ended January 28, 2023

Management's Discussion and Analysis of Financial Condition and Results of Operations

Use of Non-GAAP Financial Measures

Adjusted EBITDA, page 38

1. Please tell us how the adjustment for pre-opening expenses to arrive at Adjusted EBITDA is in compliance with Question 100.01 of the Compliance and Disclosure Interpretations on Non-GAAP Financial Measures. In addition, tell us how you determined that removing the effects of non-cash rent expense in arriving at Adjusted EBITDA does not substitute individually-tailored recognition and measurement methods for GAAP. Refer to Question 100.04.

Net Operating Cash Flows, page 41

2. Please provide an analysis of why the reported amount of operating cash flows materially changed from period to period for annual and interim periods. Refer to Item 303 of Regulation S-K. Note references to results and changes in timing of working capital items may not provide a sufficient basis to understand how the amount of operating cash actually was affected between periods. Your analysis should discuss all material factors that affected the reported amount of operating cash and reasons for material changes between periods underlying these factors. Refer to the introductory paragraph of section IV.B and B.1 of Release No. 33-8350 for further guidance.

In closing, we remind you that the company and its management are responsible for the accuracy and adequacy of their disclosures, notwithstanding any review, comments, action or absence of action by the staff.

Please contact Robert Shapiro at 202-551-3273 or Stephen Kim at 202-551-3291 with any questions.

Sincerely,
