Cover Page

1. Since you appear to qualify as an “emerging growth company,” as defined in the Jumpstart Our Business Startups Act, please disclose on your prospectus cover page that you are an emerging growth company, and revise your prospectus to:
 - Describe how and when a company may lose emerging growth company status;
 - Briefly describe the various exemptions that are available to you, such as exemptions from Section 404(b) of the Sarbanes-Oxley Act of 2002 and Section 14A(a) and (b) of the Securities Exchange Act of 1934; and
 - State your election under Section 107(b) of the JOBS Act:
 - If you have elected to opt out of the extended transition period for complying with new or revised accounting standards pursuant to Section 107(b), include a statement that the election is irrevocable; or
 - If you have elected to use the extended transition period for complying with new or revised accounting standards under Section 102(b)(1), provide a risk factor

explaining that this election allows you to delay the adoption of new or revised accounting standards that have different effective dates for public and private companies until those standards apply to private companies. Please state in your risk factor that, as a result of this election, your financial statements may not be comparable to companies that comply with public company effective dates. Include a similar statement in your critical accounting policy disclosures.

In addition, consider describing the extent to which any of these exemptions are available to you as a smaller reporting company.

2. Please supplementally provide us with any written materials that you or anyone authorized to do so on your behalf provides in reliance on Section 5(d) of the Securities Act to potential investors that are qualified institutional buyers or institutional accredited investors. Similarly, please supplementally provide us with any research reports about you that are published or distributed in reliance upon Section 2(a)(3) of the Securities Act of 1933 added by Section 105(a) of the Jumpstart Our Business Startups Act by any broker or dealer that is participating or will participate in your offering.
3. Your filing should avoid the used of specialized vocabulary such as acronyms. Please replace acronyms such as PPC, SEO, and SFA with concise, readily understandable phrases that describe the concepts you seek to convey by using the acronyms.
4. You state that the offering price will vary if your common stock is quoted on the Bulletin Board or “another exchange.” Please revise to remove the implication that the Bulletin Board is an exchange. In addition, reconcile the your disclosure regarding listing on “another exchange” with page 35, where you state that you are seeking inclusion of your stock on the Bulletin Board and, consistent with your disclosure on page 9, clarify the pricing on privately negotiated transactions.

7. We note that you do not disclose risks related to the industry in which you have or propose to conduct business. Generally, risk factor disclosure will cover risks related to the relevant industries, the company, and the investment. Refer to the section titled “Risk Factor Guidance” in Updated Staff Legal Bulletin No. 7 (June 7, 1999).
 8. Please include a risk factor that highlights the status of your Touchpoint product, including that it is your primary focus but is not fully developed, the uncertainty regarding an anticipated launch date, the need for additional development expenses, and the lack of a market history.
 9. Please add a risk factor that addresses your lack of liquidity, that you only have sufficient cash to satisfy your needs until December 31, 2012, and describe the resultant risks.
 10. Please add a separate risk factor to highlight that your common stock will not be registered under the Exchange Act and discuss the material consequences to investors, such as the potential effect of the automatic reporting suspension under section 15(d) of the Exchange Act.
 11. Please include a risk factor that highlights the inapplicability of the proxy rules, section 16 of the Exchange Act, beneficial ownership reporting under Regulation 13D-G, and exclusion from most tender offer regulation.
