2. Noting the irrevocability of the orders and the simultaneous offerings, clarify what will happen to the community orders if the subscription offering covers all of the shares offered.

Summary, page 1

3. We note that your 17 page summary only includes a few sentences (which are on page 1) regarding the business, financial condition and results of operations of Sound Financial, Inc and Sound Community Bank. Please revise section entitled “The Companies” to provide “a brief overview of the key aspects of the offering” required by Item 503(a) and the related Instruction including, but not limited to, the following:
 - the amount of net income and trends in the amount of total assets, loans and deposits;
 - the concentration of 86 percent of your loan portfolio in real estate in five counties in the state of Washington;
 - you have a total of five retail offices which are located in the Puget Sound area of Washington state;
 - the increase in nonperforming loans in 2011;
 - the economic conditions in your market area, including home value declines and unemployment in your market area; and
 - disclose, if material, the amount and percentage of your loans that are nonconforming, subprime, “alt A” loans, interest-only and option adjustable rate loans.

How We Determined the Offering Range, page 5

4. Please revise the second paragraph to identify the factors on which RP Financial considered each member of the peer group to be “comparable to Sound Financial Bancorp”.

Risk Factors, Page 18

5. Please address the risks associated with the concentration of your loan portfolio in real estate loans that are located in four counties in one state.
6. Revise to add a risk factor for the continuing MOU or advise the staff why you believe one is not needed. In this regard, advise us as to any restrictions still in effect for any past or current MOU with regulatory authorities.

7. Revise this risk factor to quantify various measures to which you refer including the following:
 - the “increased loan-to-value ratios” in your portfolio;

- the “declines in home prices” in your particular market area;
- “significant increases in our non-performing assets, provision for loan losses and net charge-offs;”
- “valuation adjustments on our loan portfolio and real estate owned;” and
- the aggregate amount of your loans in which “borrowers have little or no equity.”

Provide more detailed analysis of risks to you including the effect on your loan losses and asset quality.

Management’s Discussion and Analysis of Financial Condition and Results of Operations, page 44

8. Please revise this section to provide an analysis of any Memorandum of Understandings that you had and have with federal and/or state regulators. Provide analysis of the issues identified by regulators, such as, your capital level, the amount of classified assets, and the amount of brokered deposits and any restrictions imposed. In addition, identify any restrictions still in effect as well as what you have done to address the problems.

9. Please revise your table to include information for the last five fiscal years. Refer to the preface and section I of Industry Guide 3.

Business, page 60
