We have performed the procedures enumerated in Attachment A, which were agreed to by the addressees of this report (the “Specified Parties”), solely to assist Enterprise Fleet Financing, LLC (the “Issuer”) in evaluating the accuracy of certain information with respect to a pool of leases and the vehicles subject to those leases (the “Leases” and “Vehicles,” respectively) that will secure the Enterprise Fleet Financing, LLC Series 2015-2 Asset Backed Notes securitization transaction (the “Transaction”). This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of the procedures is solely the responsibility of the Specified Parties. Consequently, we make no representation regarding the sufficiency of the procedures described in Attachment A, either for the purpose for which this report has been requested or for any other purpose.

The procedures performed and our associated findings are included in Attachment A.

A member firm of Ernst & Young Global Limited

For the purpose of the procedures described in this report, Enterprise Fleet Management, Inc. (the "Sponsor"), on behalf of the Issuer, provided us with the following information:

- a. An electronic data file labeled "DATA_TAPE_MTN_2015_2.mdb" and the corresponding record layout and decode information (the "Data File") that contained information on certain leases and the vehicles subject to those leases as of 31 May 2015 (the "Cutoff Date"),
- b. Imaged copies of the:
 - i. Master equity lease agreement, amended and restated master equity lease agreement, master walkaway lease agreement and corresponding addendums, if applicable (except for the self insurance addendum) (collectively, the "Master Lease Agreement"),
 - ii. Certain printed screen shots from the Sponsor's computerized servicing systems (the "System Screen Shots"),
 - iii. Credit review file (the "Credit Review File"),
 - iv. Certificate of title, application for title or a title inquiry report printed screen shot from the Sponsor's computerized servicing systems (which the Sponsor, on behalf of the Issuer, indicated contains information regarding the ownership of a vehicle that is provided by a State while the certificate of title is being processed) (collectively, the "Title") and
 - v. Certificate of liability insurance, evidence of property insurance or the self insurance addendum to the Master Lease Agreement (collectively, the "Insurance Source Documents," and together with the Master Lease Agreement, System Screen Shots, Credit Review File and Title, the "Source Documents")relating to each of the Sample Leases (as defined in Attachment A),
- c. The list of relevant characteristics (the "Sample Characteristics") on the Data File, which are listed on Exhibit 2 to Attachment A and
- d. Instructions, assumptions and methodologies (which are described in Attachment A).

The procedures in Attachment A were limited to comparing or recalculating certain information that is further described in Attachment A. The Issuer is responsible for the Data File, the Source Documents, the Sample Characteristics and the determination of the instructions, assumptions and methodologies that are described herein. We were not requested to perform and we have not performed any further procedures than those listed in Attachment A with respect to the preparation or verification of any of the information set forth on the Data File. We have not verified, and we make no representation as to, the accuracy, completeness or reasonableness of the information on the Source Documents or any other information provided to us by the Sponsor, on behalf of the Issuer, upon which we relied in forming our findings. Accordingly, we make no representation and express no opinion as to (a) the existence of the Leases or the Vehicles, (b) questions of legal or tax interpretation and (c) the accuracy, completeness or reasonableness of any instructions, assumptions and methodologies provided to us by the Sponsor, on behalf of the Issuer, that are described in this report. We undertake no responsibility to update this report for events and circumstances occurring after the date hereof.

We were not engaged to, and did not, conduct an examination to express an opinion or a review to express a conclusion in accordance with attestation standards established by the American Institute of Certified Public Accountants on any of the items referred to herein. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

The agreed-upon procedures described in this report were not conducted for the purpose of:

- a. Satisfying any criteria for due diligence published by a nationally recognized statistical rating organization (a “rating agency”) or
- b. Making any findings with respect to:
 - i. Whether the origination of the Leases conformed to, or deviated from, stated underwriting or credit extension guidelines, standards, criteria, or other requirements,
 - ii. The value of the collateral securing the Leases,
 - iii. Whether the originator of the Leases complied with federal, state or local laws or regulations or
 - iv. Any other factor or characteristic of the Leases that would be material to the likelihood that the issuer of the Notes will pay interest and principal in accordance with applicable terms and conditions.

This report is intended solely for the use of the Specified Parties and is not intended to be and should not be used by anyone other than the Specified Parties. It is not intended to be and should not be used by any other person or entity, including investors and rating agencies, who are not identified in the report as Specified Parties but who may have access to this report as required by law or regulation.

Procedures we performed and our associated findings

1. As instructed by the Sponsor, on behalf of the Issuer, we deleted the leases and the vehicles subject to those leases on the Data File with a financial issuance description not containing the word “Base,” as shown on the Data File. The Data File, as adjusted, is hereinafter referred to as the “Final Data File.” The Sponsor, on behalf of the Issuer, indicated that the leases and the vehicles subject to those leases on the Final Data File are the Leases and the Vehicles, respectively.

As instructed by the Sponsor, on behalf of the Issuer, we randomly selected a sample of 150 Leases from the Final Data File (the “Sample Leases”). The Sample Leases are listed on Exhibit 1 to Attachment A. For the purpose of this procedure, the Sponsor, on behalf of the Issuer, did not inform us as to the basis for how they selected the number of Sample Leases that we were instructed to randomly select from the Final Data File.

2. For each Sample Lease, we performed the following procedures:
 - a. We compared the Sample Characteristics listed on Exhibit 2 to Attachment A, as shown on the Final Data File, to the corresponding information located on, or to the corresponding information we recalculated using information located on, the System Screen Shots, subject to the instructions, assumptions and methodologies provided by the Sponsor, on behalf of the Issuer, that are stated in the notes to Exhibit 2 to Attachment A. All such compared information was in agreement.
 - b. We observed that the corresponding Master Lease Agreement contained a signature in the lessee signature section of the Master Lease Agreement. We performed no procedures to determine the validity of the signature contained on the Master Lease Agreement.
 - c. We observed on the Credit Review File that such Credit Review File contained either a line of credit authorization form or an addendum to the line of credit authorization form that had an (i) approval and (ii) electronic signature. We performed no procedures to determine the validity of the approval or electronic signature contained on the Credit Review File.
 - d. We compared the “completed” date on the Credit Review File to the Cutoff Date and observed that, except for the Sample Leases listed on Exhibit 3 to Attachment A, the “completed” date on each Credit Review File was less than 12 months prior to the Cutoff Date.
 - e. We observed the name of the owner on the Title, or for Sample Leases which had a Title from the state of Oregon, we observed the name of the security interest holder/lessor on the Title. The name of the owner or the security interest holder/lessor on the Title that we observed for each Sample Lease is listed on Exhibit 4 to Attachment A. We performed no procedures to determine the validity of the owner or the security interest holder/lessor names observed on the Title.

2. (continued)

- f. We observed the name of the loss payee on the Insurance Source Documents (if applicable and available) and/or the System Screen Shots (if applicable). The name of the loss payee on the Insurance Source Documents or System Screen Shots that we observed for each Sample Lease is listed on Exhibit 5 to Attachment A. We also observed on the Insurance Source Documents or the System Screen Shots (as applicable), subject to the note to Exhibit 5 to Attachment A that:
- i. 124 of the Sample Leases have Insurance Source Documents that show evidence of liability and physical damage insurance and identify Enterprise FM Trust as the loss payee,
 - ii. 17 of the Sample Leases have System Screen Shots that detail the amount of liability and physical damage Enterprise Enrollment Coverage billed each month,
 - iii. Seven (7) of the Sample Leases have Insurance Source Documents that show evidence of liability insurance and identify Enterprise FM Trust as the loss payee and show evidence that the lessee is self-insured for physical damage,
 - iv. One Sample Lease has Insurance Source Documents that show evidence of liability insurance and identify Enterprise FM Trust as the loss payee and System Screen Shots that detail the amount of physical damage Enterprise Enrollment Coverage billed each month and
 - v. One Sample Lease has Insurance Source Documents that show evidence of the lessee being self-insured for both liability and physical damage insurance.

We performed no procedures to determine the validity of the information described in this Item 2.f. that was observed on the Insurance Source Documents and/or System Screen Shots.

For the purpose of comparing the contract type Sample Characteristic, the Sponsor, on behalf of the Issuer, indicated that:

a.

A contract type of “type N” on the System Screen Shots corresponds to a “closed” term lease, as shown on the Final Data File and

b.

A contract type of “type E” on the System Screen Shots corresponds to an “open” term lease, as shown on the Final Data File.

Notes: (continued)

- iv. For the purpose of comparing the vehicle residual value Sample Characteristic, the Sponsor, on behalf of the Issuer, instructed us to recalculate the vehicle residual value by:

a. Subtracting the product of:

i. The monthly depreciation value and

ii. The difference between the lease term and the months in service from

b. The sum of the vehicle capitalized cost and accumulated depreciation,

all as shown on the System Screen Shots.

For the purpose of this procedure, the Sponsor, on behalf of the Issuer, instructed us to ignore differences of +/- \$1.00 or less.

Additionally, for the avoidance of any doubt with respect to the recalculation described above, the accumulated depreciation on the System Screen Shots is shown as a negative value, and the recalculation described in iv.b. above reduces the vehicle capitalized cost by such accumulated depreciation amount.

- v. For the purpose of comparing the client industry Sample Characteristic for Affiliate Sample Leases, the Sponsor, on behalf of the Issuer, instructed us to use the client industry for the Master Customer, as shown on the System Screen Shots.
