REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To: The Members'
Sageworks Capital, LLC

Opinion on the Financial Statement

I have audited the accompanying statement of financial condition of Sageworks Capital, LLC as of December 31, 2018, and the related notes (collectively referred to as the financial statement). In my opinion, the statement of financial condition presents fairly, in all material respects, the financial position of Sageworks Capital, LLC as of December 31, 2018 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of Sageworks Capital, LLC's management. My responsibility is to express an opinion on Sageworks, LLC's financial statement based on my audit. I am a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and I am required to be independent with respect to Sageworks Capital, LLC in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

I conducted my audit in accordance with the standards of the PCAOB. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. My audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. My audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. I believe that my audit provides a reasonable basis for my opinion.

Michael T. Remus

I have served as Sageworks Capital, LLC's auditor since 2017.

SAGEWORKS CAPITAL, LLC.
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED
DECEMBER 31, 2018

1 Organization and Nature of Business

Sageworks Capital, Inc. (the "Company") was originally organized as a Corporation in May 2011 in the State of North Carolina. The Company's majority owner, Raiseworks, LLC., sold an 11% minority ownership stake to CFX Direct, LLC via a Stock Purchase Agreement dated January 1, 2016. Subsequently, Raiseworks, LLC decided to terminate operations in June 2016. In conjunction with this decision, Raiseworks, LLC, and its 100% owner, GLI, LTD., transferred their remaining 89% ownership stake in the Company to CEO, Vlad Uchenik via a Stock Power and a letter from GLI to FINRA dated June 21, 2016. On June 21, the Company submitted a CMA to FINRA and the transaction was approved June 28, 2016. Subsequent to that, Sageworks Capital, Inc. filed a succession filing with SEC and FINRA to become Sageworks Capital, LLC, which is a Pennsylvania Limited Liability Company with the same ownership structure as Sageworks Capital, Inc. The succession filing was approved April 3, 2017. The Company is a securities broker-dealer, registered with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority Inc. ("FINRA").

The Company provides non-sales related broker/dealer services to issuers and platforms that need or desire a regulated entity to process transactions. In addition, the firm also runs a secondary market trading platform in conjunction with its minority owner, CFX Direct, LLC, called CFXtrading.com. The secondary market transactions may include private non-listed REITs, Reg A+, Reg D, Reg CF and any other private securities transactions.

The Company holds no customer funds or securities and does not participate in the underwriting of Securities. Accordingly, the Company claims exemption from the requirements of Rule 15c3-3 under Section (k)(2)(i) of the rule.

2 Significant Accounting Policies

(a) Basis of Presentation

The financial statements and accompanying notes are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") unless otherwise disclosed.

(b) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

SAGEWORKS CAPITAL, LLC.
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED
DECEMBER 31, 2018

(c) Statement of Cash Flows

For purposes of the statement of cash flows the Company has defined cash equivalents as highly liquid investments, with original maturities of less than three months, that are not held for sale in the ordinary course of business. The company has adopted the indirect method of presenting the statement of cash flows in accordance with current authoritative pronouncements. There were no cash equivalents at December 31, 2018. Cash is held at a major financial institution and is insured by the Federal Deposit Insurance Corporation.

(d) Revenue Recognition

The Company earns commissions from secondary market trading. Commissions are recorded on the settlement date. The Company also provides services to clients offering securities directly to the public in offerings that are generally exempt from registration under Regulation A+. The Company charges a setup fee and is also entitled to certain success fees based on the aggregate amount raised by the client from investors.

Revenue is recognized in accordance with ASC Topic 606 as services are rendered and the contracts identified performance obligations have been satisfied. There were no unsatisfied performance obligations at December 31, 2018.

For a further discussion of revenue see “Note 5 Concentrations”

(e) Income Tax

The Company elected to be treated as a partnership under the applicable sections of the Internal Revenue Service Code (“Code”) and Pennsylvania corporate tax law. Therefore, no provision or liability for federal or state income taxes has been included in the financial statements. The Company’s tax returns and the amount of income or loss allocable to the members are subject to examination by federal and state taxing authorities. In the event of an examination of the Company’s tax return, the tax liability of the members could be changed if an adjustment in the Company’s income or loss is ultimately determined by the taxing authorities.

Certain transactions may be subject to accounting methods for federal and state income tax purposes which differ from the accounting methods used in preparing the financial statements. Accordingly, the net income or loss of the members and the resulting balances in the members’ capital accounts reported for federal and state income tax purposes may differ from the balances reported for those same items in these financial statements.

SAGEWORKS CAPITAL, LLC.
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED
DECEMBER 31, 2018

(e) Income Tax – continued

The Company recognizes and measures its unrecognized tax benefits in accordance with ASC Topic 740, Income Taxes. Under that guidance the Company assesses the likelihood, based on their technical merit, that tax positions will be sustained upon examination based on the facts, circumstances and information available at the end of the financial reporting period. The measurement of unrecognized tax benefits is adjusted when new information is available, or when an event occurs that requires a change.

Management has determined that the Company has no uncertain tax positions that would require financial statement recognition at December 31, 2018. This determination will always be subject to ongoing evaluation as facts and circumstances may require. The Company remains subject to U.S. federal and state income tax audits for all years subsequent to 2014.

In addition, no income tax related penalties or interest have been recorded for the year ended December 31, 2018.

(f) Fair Value Hierarchy

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1.* Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date.
- Level 2.* Inputs other than quoted prices included in level 1 that are observable for the assets or liability either directly or indirectly.
- Level 3.* Inputs are unobservable for the assets or liability.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, the liquidity of markets, and other characteristics particular to the security.

SAGEWORKS CAPITAL, LLC.
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED
DECEMBER 31, 2018

(f) Fair Value Hierarchy - continued

To the extent the valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining the fair value is greatest for instruments categorized in level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

For further discussion of fair value, see “Note 8 Fair Value”

(g) Advertising and Marketing

Advertising and marketing costs are expensed as incurred.

(h) General and Administrative Expenses

General and administrative costs are expensed as incurred.

(i) New Accounting Standards Not Yet Adopted

In February 2016, the FASB issued a new accounting pronouncement regarding lease accounting for reporting periods beginning after December 31, 2018. A lessee will be required to recognize on the balance sheet, the assets and liabilities for leases with lease terms of more than 12 months. Management has assessed the potential impact of accounting standards that have been issued, but not yet effective, and have determined that no such standards are expected to have a material impact to the financial statements.

3 Net Capital Requirements

As a registered broker-dealer, the Company is subject to the SEC’s Uniform Net Capital for Broker-Dealers Rule (Rule 15c3-1). Rule 15c3-1 requires the maintenance of minimum net capital of \$5,000 as defined and requires that the aggregate indebtedness, as defined, shall not exceed fifteen times net capital. At December 31, 2018, the Company had net capital of \$55,458 which exceeded the required net capital of \$5,000 by \$50,458. At December 31, 2018, the Company’s aggregate indebtedness to net capital ratio was 0.0120 to 1.

SAGEWORKS CAPITAL, LLC.
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED
DECEMBER 31, 2018

3 Net Capital Requirements - *continued*

Advances to affiliates, contributions, distributions and other withdrawals are subject to certain notification and other requirements of Rule 15c3-1 and other regulatory rules.

The Company is registered with FINRA as a broker dealer exempt from SEC Rule 15c3-3 under Section (k)(2)(i). Therefore, it is not subject to possession or control requirements under SEC Rule 15c3-3 and is not required to compute 15c3-3 reserve requirements.

4 Regulation

The Company is registered as a broker-dealer with the SEC. The securities industry in the United States is subject to extensive regulation under both federal and state laws. The SEC is the federal agency responsible for the administration of the federal securities laws. Much of the regulation of broker-dealers has been delegated to self-regulatory organizations, such as the Financial Industry Regulatory Authority, which has been designated by the SEC as the Company's primary regulator. These self-regulatory organizations adopt rules, subject to approval by the SEC, that govern the industry and conduct periodic examinations of the Company's operations. The primary purpose of these requirements is to enhance the protection of customer assets. These laws and regulatory requirements subject the Company to standards of solvency with respect to capital requirements, financial reporting requirements, record keeping and business practices.

Securities firms are also subject to regulation by state securities administrators in those states in which they conduct business.

5 Concentrations

The Company's revenues (as discussed in Note 2 above) and profitability are affected by many conditions, including changes in economic conditions, inflation, political events, investor sentiment, and the changing security laws. These factors are unpredictable and beyond the Company's control, earnings may fluctuate significantly from year to year.

6 Related Party Transactions

The Company provides broker/dealer services for its minority shareholder in order to process secondary market private securities transactions through their platform at cfxinvesting.com. In addition, 100% of its secondary market commission income was generated using the CFX platform.

The Company and CFX Direct, LLC had a technology in agreement in place through March 31, 2018 which enabled the Company to use CFX technology in order to process primary Reg A+ deals through the broker/dealer. During the year the Company decided that it would not use the CFX technology for primary Reg A+ and the agreement was terminated.

SAGEWORKS CAPITAL, LLC.
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED
DECEMBER 31, 2018

7 Commitments and Contingencies

Pursuant to Securities and Exchange Commission Rule 15c3-1(e)(2) the Company may not authorize distributions to its member if such distributions cause the Company's net capital to fall below 120% of the Company's minimum net capital requirement. As of December 31, 2018, the Company was not in violation of this requirement.

The Company had no lease or equipment rental commitments, no underwriting commitments, no contingent liabilities and had not been named as a defendant in any lawsuit at December 31, 2018 or during the year then ended.

8 Fair Value

Cash, receivables (if any), accounts payable and other current liabilities are reflected in the financial statements at carrying value which approximates fair value because of the short-term maturity of these instruments.

9 Anti-Money Laundering Policies and Procedures

The Company is required to implement policies and procedures relating to anti-money laundering, compliance, suspicious activities, and currency transaction reporting and due diligence on customers who open accounts with the Company. At December 31, 2018 the Company had implemented such policies and procedures.

10 Subsequent Events

The Company has performed an evaluation of events that have occurred subsequent to December 31, 2018, and through February 1, 2019, the date of the filing of this report. There have been no material subsequent events that occurred during such period that would require disclosure in this report or would be required to be recognized in the financial statements as of December 31, 2018.
