Dear Mr. Formoso:

We have reviewed your amended registration statement and have the following comments. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure.

Please respond to this letter by amending your registration statement and providing the requested information. If you do not believe our comments apply to your facts and circumstances or do not believe an amendment is appropriate, please tell us why in your response.

After reviewing any amendment to your registration statement and the information you provide in response to these comments, we may have additional comments.

General

1. Please supplementally provide us with copies of all written communications, as defined in Rule 405 under the Securities Act, that you, or anyone authorized to do so on your behalf, present to potential investors in reliance on Section 5(d) of the Securities Act, whether or not they retain copies of the communications. Similarly, please supplementally provide us with any research reports about you that are published or distributed in reliance upon Section 2(a)(3) of the Securities Act of 1933 added by Section 105(a) of the Jumpstart Our Business Startups Act by any broker or dealer that is participating or will participate in your offering.

Summary Financial Information, page 6

3. We note your response to comment 5 in our letter dated July 9, 2012 and see that you have amended your summary financial information to include information as of August 31, 2011 and August 31, 2010 and for the nine months ended May 31, 2012 and cumulative periods ended May 31, 2010 and May 31, 2011. We note the following regarding your revised tables:
 - Labeling of your financial information as either “audited” or “unaudited” should correspond to the financial statements in your filing. For example, we note you have labeled your balance sheet information as of August 31, 2010 as “unaudited”, whereas your financial statements indicate that these amounts have been audited. Please revise your headings to correctly identify information as audited or unaudited.
 - Revise your tables to include summary financial information for each of the annual periods included in your filing.
 - Cumulative income statement information included should be presented to the date of your most recent interim period presented.

Risk Factors, page 7

4. Your revisions in response to comment 6 in our letter dated July 9, 2012 should address not only the example provided but all material risks to doing business in the Philippines including, as further examples, risks relating to the acquisition of permits, taxation and enforcement of contracts. Please revise further.
