

Pembina Terminates Inter Pipeline Acquisition

Pembina to Receive \$350 Million Cash Termination Fee

CALGARY, ALBERTA, July 26, 2021 – Pembina Pipeline Corporation ("Pembina") (TSX: PPL; NYSE: PBA) today announced that it has terminated the arrangement agreement with Inter Pipeline Ltd. ("Inter Pipeline") (TSX: IPL) providing for the proposed acquisition by Pembina of Inter Pipeline, in accordance with its terms. In connection with the termination, Inter Pipeline has agreed to pay Pembina the C\$350 million termination fee provided for in the agreement.

Pembina's President and Chief Executive Officer, Mick Dilger said, "The industrial logic of a combined Pembina and Inter Pipeline remains unparalleled and the value creation between certain of our assets is impossible to replicate by any other entity. While we are disappointed with this outcome, we will continue to seek opportunities for growth through focused acquisitions."

"Pembina remains optimistic about its future, including the profitability of our existing business given foreseeable sector tailwinds, as well as with tremendous flexibility to pursue an ever increasing and more diverse set of opportunities for growth, some of which we were able to highlight and advance during this process. I would also like to thank our dedicated staff, alongside our legal counsel, Blakes, and financial advisor, Scotiabank, for their hard work and expert counsel throughout this process, which leaves Pembina in an even stronger position as we move forward."

About Pembina

Pembina is a leading transportation and midstream service provider that has been serving North America's energy industry for more than 65 years. Pembina owns an integrated system of pipelines that transport various hydrocarbon liquids and natural gas products produced primarily in western Canada. Pembina also owns gas gathering and processing facilities; an oil and natural gas liquids infrastructure and logistics business; and is growing an export terminals business. Pembina's integrated assets and commercial operations along the majority of the hydrocarbon value chain allow it to offer a full spectrum of midstream and marketing services to the energy sector. Pembina is committed to identifying additional opportunities to connect hydrocarbon production to new demand locations through the development of infrastructure that would extend Pembina's service offering even further along the hydrocarbon value chain. These new developments will contribute to ensuring that hydrocarbons produced in the Western Canadian Sedimentary Basin and the other basins where Pembina operates can reach the highest value markets throughout the world.

Purpose of Pembina:

To be the leader in delivering integrated infrastructure solutions connecting global markets:

- **Customers** choose us first for reliable and value-added services;
- **Investors** receive sustainable industry-leading total returns;

- **Employees** say we are the 'employer of choice' and value our safe, respectful, collaborative and fair work culture; and
- **Communities** welcome us and recognize the net positive impact of our social and environmental commitment.

Pembina is structured into three Divisions: Pipelines Division, Facilities Division and Marketing & New Ventures Division.

Pembina's common shares trade on the Toronto and New York stock exchanges under PPL and PBA, respectively. For more information, visit www.pembina.com.
