General

1. We note a news story on Marketwire dated May 24, 2012, in which Premiere Opportunities Group, Inc. announced its intention to distribute shares of Direct LED to Premiere Opportunities Group's own shareholders, upon effectiveness of Direct LED's registration statement. In particular, tell us of any agreement between these two companies relating to the distribution of Direct LED's shares to Premiere Opportunities Group's shareholders.

8. Provide as a separate, prominent legend the language prescribed in Item 501(b)(1) of Regulation S-K.
9. Please disclose on your prospectus cover page that you are an emerging growth company.
10. Prominently identify the company as a shell company here and throughout the prospectus and caution investors as to the highly illiquid nature of an investment in the company's shares.

Summary of Our Offering, page 1

11. Please revise the paragraph under "Our Business" to clarify the references to A19 LED lights, AC-LED technology, "Light & Light LED bulbs," "patented technology." Also clarify the statements that the "A19 LED technology has been demonstrated" and that "products are beginning to appear on the market." How, when and where has the technology been demonstrated, and whose products are appearing on the market and where are they appearing? What degree of assurance does the company have that it will be able to market its products through major discount retailers?
12. Revise to clarify the current state of the company and its plans. Disclose what activities the company has engaged in to date, and discuss its plans to produce light bulbs, including that the company intends to outsource production.
13. Disclose the financial status of the company, for example that the company has had no sales and no revenue. Disclose, if true, that the company's independent accountant has expressed substantial doubt about the company's ability to continue as a going concern. 14. Disclose the address and phone number of the company. Refer to Item 502(b) of Regulation S-K.

Financial Summary, page 2

15. Please revise to disclose the period for financial data presented.

Risk Factors, page 3

16. We note that you have not included any risk factors relating to the industry in which the company intends to operate. Please revise to include all material risks relating to the industry, or explain in your response why you do not believe that any such risks exist.

Our auditors have expressed substantial doubt..., page 3

17. We note that the auditor's report included on page F-1 does not express a going-concern opinion. Please revise as appropriate.

We have no customers to date..., page 3

18. We note the statement that you have not sold any products. Please expand this risk factor, or include an additional risk factor, disclosing, if true, that you have not begun production of any products and have no agreements in place with any agreements in place for the manufacture of your product.

We are seeking additional financing to fund our products development..., page 3

19. Please revise to disclose how much additional capital you expect to need to fund operations through, at a minimum, the next 12 months, and your planned timetable for raising capital through the sale of equity.

As a result of becoming a reporting company..., page 4

20. Disclose your expected costs for this offering and to meet your reporting requirements over the next 12 months.

Because the company has not, and may never generate revenues..., page 4

21. Your first sentence suggests that the company will receive the proceeds of the offering. Please revise.

We are controlled by current officers, directors and principle stockholders, page 4

22. Please revise to include the percentage of outstanding shares that officers, directors, and principle stockholders will beneficially own following the offering, if all shares are sold.

There is currently no market for our common stock..., page 5

23. This risk factor appears to be incomplete. Please complete it.

While we expect to apply for listing on the OTCQB..., page 5

24. Please revise to briefly outline the requirements you must meet in order to be quoted on the OTCQB. If you intend to seek a market maker to apply for quotation of your securities on the OTCBB, please discuss those requirements as well.

Selling Stockholders, page 7

25. Please tell us why three individuals have been included in the table of selling shareholders, even though they appear not be offering any of their shares for resale.
26. Please revise your disclosure to state that your selling shareholders are underwriters, rather than that they “may be” underwriters. Because your company is a shell company, any selling shareholders reselling their shares in a registered offering are considered underwriters. Refer to SEC Release 33-8869 (2007). That release makes clear that Rule 144 is not available for the resale of securities initially issued by shell companies. This is because shareholders who receive shares from a shell company are considered underwriters with respect to their resales until the company is no longer a shell company and adequate information (Form 10 information) has been available to the market for a period of twelve months. Until the company satisfies these conditions, the selling shareholders will be deemed to be underwriters whose sales are designed to create a market in the company’s securities.

Description of Business, page 12

27. We note your statement that you have “outsourced the development of our products.” Please revise to identify your “outsource partner” and disclose material information about them, for example, where they are located, how much experience they have in producing this type of product, and the nature of your agreement with them. Clarify the statement that you “have identified strategic alliances and acquisitions of our outsource partner.”

Our Product, page 13

28. Please describe your product more fully, for example, what an A-19 bulb is, and provide a clear basis for your claims about this product, for example, that it is highly reliable and has a 50,000 hour life.
29. You state that your plans involve the use of patented technology. Please disclose whether the company holds this patent, and if not, how you intend to acquire rights to use the patent.

30. Please clarify your statement that you have “current open communications” with major chains “interested in placing sales” with the company. Disclose the status of any agreements with retailers. If there are no current agreements, please clarify why you state, “Each store will display...” or delete this disclosure.
31. Please discuss in specific detail how you intend to operate your business. As just one example, discuss how the company will divide responsibilities with its “outsource partner.”
32. Clarify the phrase “end cup program.”
33. Please be more specific about what you mean by your product using “the newest technology.”
34. Please provide a clear factual basis for management’s belief that your product is positioned to sell a certain number of units in the next three years.

Legal Proceedings, page 15

35. It appears that a civil action was filed by the Commission against Randall Gruber in U.S. District Court on June 29, 2012. Please disclose the information required under Item 401(f) of Regulation S-K.

Management’s Discussion and Analysis, page 15

Plan of Operation, page 15

36. In the sixth paragraph you state that you will need to raise additional capital if you are unable to produce sufficient cash flow to support operations over the next 12 months. However, on page 3 you state that you will be unable to fund operations without raising additional capital. Revise to estimate your cash operating expenses for the next 12 months and the amount of capital you will need to raise to meet these operating expenses. In your discussion, specify how you anticipate funding the \$12,500 registration costs described under “Other Expenses of Issuance and Distribution,” since it is more than the amount of cash on hand.
37. You state that you have not yet “fully implemented” your business plan. Revise to clarify and discuss in more detail your plan of operation in the form of milestones, indicating the specific steps needed to make the company operational and generating revenues, the timing of those steps in weeks, months, or quarters, the costs, the source of funds and the expected date of first sales. Explain clearly what steps you have taken to date and which steps remain to be implemented.

38. In the last paragraph of this section you state that you have “no plans to seek a business combination with another entity in the foreseeable future.” This statement appears to contradict your statement on page 14 that you are currently seeking to complete an acquisition. Please revise to clarify.

Management’s Discussion and Analysis or Plan of Operation

39. We note the following disclosures that are not in accordance with your financial statements. Please explain or revise the disclosures.
- In the first paragraph you state that you have not generated any revenue, yet your financial statements show Net revenue of \$96,000.
 - In the second paragraph you state that your auditors have issued a going concern opinion, yet the Report of the Independent Registered Public Accounting Firm does not contain a going concern paragraph. Please correct your disclosure or ask your auditor to correct the report.
 - Please revise your fourth paragraph to reflect the cash on hand at the end of your fiscal year, May 31, 2012.

Security Ownership of Certain Beneficial Owners and Management, page 16

40. Please confirm to us in your response that management does not beneficially own any shares of the company. We note the disclosure on page 17 that indicates that bonus shares have previously been granted to management.

Executive Compensation, page 16

41. We note that you have disclosed in your summary compensation table proposed compensation for 2012. In light of your limited sources of capital, discuss the likelihood that the proposed compensation will actually be paid in 2012. Discuss whether alternative arrangements have been discussed.

Biographical Information, page 18

42. Please revise to clarify if Mr. Gruber’s has primarily been self-employed as an accountant and business consultant since 1994.
43. Please revise the biographical sketches of Mr. Angel and Mr. Morris to provide more specific occupations and employment experiences, including dates. Avoid using promotional language such as “demonstrated leader,” “effective executive,” and “successful results.” In particular clarify the phrases “thirty years of experience in the apparel industry” and “20 years of experience in electronics manufacturing.”

Market for Common Equity and Related Stockholder Matters, page 19

44. Please revise the reference to “36 stockholders.” We note that there are 41 holders specifically identified in this filing.

Certain Relationships and Related Transactions, page 19

45. Please revise the phrase “other business activities” to clarify the nature of any potential conflict of interest. We also note in this context your statement on page 4 that your officers and directors expect to commit full time to the development of the company’s business plan.

Financial Statements

46. Please amend the filing to include audited financial statements as of your fiscal year end May 31, 2012, as disclosed at page F-6.

Balance Sheet, page F-2

47. Please remove the TOTAL CURRENT LIABILITIES line from your TOTAL ASSETS.

Statement of Cash Flows, page F-5

48. Please revise to correct the error in Cash Flows from Operations. The schedule does not foot. You forgot to enter an amount for Net income.
