REHMANN FINANCIAL NETWORK, LLC

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General Organization and Business: Rehmann Financial Network, LLC (the “Company”) was incorporated in Michigan on July 9, 2012. The Company is a registered broker-dealer under the Securities Exchange Act of 1934. The Company is a wholly-owned subsidiary of Rehmann Financial Group, (“RFG”) a Michigan LLC. The Company started operations on April 16, 2014. The Company engages in limited securities business that maintains a commission sharing arrangement with another FINRA registered broker-dealer. The Company is an introducing broker and clears trades through Royal Alliance Associates, Inc.

Basis of Accounting: The Company prepares its financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Accounts Receivable: Accounts receivable were \$1,343 as of December 31, 2017. All accounts receivable are expected to be collected within one year. Management monitors receivable balances with clients and establishes an allowance for balances where collection appears unlikely. In addition, for accounts where collectability is uncertain, management records an allowance for accounts receivable to reflect management's best estimate of expected recovery. As of December 31, 2017, there are no accounts where collection appears unlikely or collectability is uncertain. Further, there were no accounts charged off in 2017.

Revenue Recognition: Commission revenue is predominantly income received from other third party broker dealers and insurance carriers that is recognized when the terms of the sale of products and services to customers are substantially complete and collectability of the income is probable and determinable.

Income Taxes: The Company's income or loss is reported on the member's tax return. Accordingly, the financial statements do not include a provision for income taxes.

Management does not believe there are any uncertain tax positions as defined by Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 740 *Accounting for Income Taxes*. The Company could be subject to income tax examinations for its U.S. Federal and state tax filings for tax years 2014 to 2016, which are still open under the statute of limitations.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash: As of December 31, 2017, the Company did not hold any cash equivalents. The Company maintains balances with banks in excess of federally insured limits. Management believes the exposure to loss from such balances to be minimal. As of December 31, 2017, the Company's uninsured cash balance was approximately \$120,000.

Concentrations: One customer made up 100% of total revenue concentrations for the year ended December 31, 2017.

Fair Value of Financial Instruments: The Company estimates that the fair value of any financial instruments recognized on the statement of financial condition approximates their carrying value, as such financial instruments are short term in nature. Other assets and liabilities with short and

REHMANN FINANCIAL NETWORK, LLC

NOTES TO FINANCIAL STATEMENTS

intermediate-term maturities and defined settlement amounts, including receivables, payables and accrued expenses are reported at their contractual amounts, with approximate fair value.

Recent Accounting Pronouncements: In May 2014, the FASB issued ASU 2014-09, "Revenue from Contracts with Customers (Topic 606)," which outlines a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers and supersedes most current revenue recognition guidance, including industry-specific guidance, and has since issued additional amendments to ASU 2014-09. These new standards require an entity to recognize revenue depicting the transfer of goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The new standards will also result in enhanced revenue related disclosures. Entities have the option to apply the new guidance under a retrospective approach to each prior reporting period presented or a modified retrospective approach with the cumulative effect of initially applying the new guidance recognized at the date of initial application within the statement of financial condition. The new standards are effective for fiscal years, and interim reporting periods within those years, beginning after December 15, 2018. Early adoption is permitted.

The Company will adopt this guidance as of January 1, 2019. The two permitted transition methods under ASU 2014-09 are the full retrospective method, in which case the standard would be applied to each prior reporting period presented, or the modified retrospective method, under which the cumulative effect of applying the standard would be recognized at the date of initial application. The Company is in the process of determining its method of adoption, which depends, in part, upon the completion of further analysis.

In February 2016, the FASB issued ASU 2016-02, Leases (Topic 842). The guidance in this ASU supersedes the leasing guidance in Topic 840, Leases. Under the new guidance, lessees are required to recognize lease assets and lease liabilities on the balance sheet for all leases with terms longer than 12 months. Leases will be classified as either finance or operating, with classification affecting the pattern of expense recognition in the statement of operations. The new standard is effective for fiscal years beginning after December 15, 2019, including interim periods within those fiscal years. The Company is currently evaluating the impact of our pending adoption of the new standard on our financial statements.

Subsequent Events: The Company has evaluated events and transactions that occurred between December 31, 2017 and February 28, 2018 which is the date the financial statements were issued, for possible recognition or disclosure in the financial statements.

2. NET CAPITAL REQUIREMENT

The Company, as a registered broker-dealer in securities, is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1). The Company has elected to operate under that portion of the Rule which requires that the Company maintain "net capital" equal to the greater of \$5,000 or 6 ²/₃% of "aggregate indebtedness," as those terms are defined in the Rule. Schedule I is included in the Supplemental Information of this report.

Net capital and aggregate indebtedness changes from day-to-day, but as of December 31, 2017, the Company had net capital of \$305,611, which exceeded the minimum net capital requirement of \$5,000 by \$300,611. The Company's ratio of aggregate indebtedness to net capital was 0.2149 to 1.

3. RELATED PARTY TRANSACTIONS

The Company is a member of a group of affiliated companies and has material transactions and relationships with members of the group. Due to these relationships, it is possible that the terms of these transactions are not the same as those that would result among unrelated parties.

(a) Transactions with Rehmann Financial Group

Rehmann Financial Group (RFG) pays substantially all the accounts payable and payroll on behalf of the Company and RFG is reimbursed on a routine basis. RFG also provides general overhead services to the Company, such as (but not limited to) the cost of processing centralized accounts payable and payroll, as well as accounting and financial planning services which are charged by RFG. At December 31, 2017, the net amount of cash owed by the Company to RFG was \$1,743 and is included in accounts payable - related party on the statement of financial condition.

During the year RFG was due \$36,478 from the Company; RFG requested that this be added to the member's equity. This was shown as a capital contribution on the 2017 financial statements.

4. DEFINED CONTRIBUTION PLAN

Defined Contribution Plan: The Rehmann, LLC 401(k) Plan covers substantially all employees of the Company. Rehmann matches 30% of each participant's contributions not in excess of 10% of their compensation for each pay period.
