Re: Oppenheimer Global Real Estate Fund
Files Nos.: 333-185116; 811-22771

Dear Mr. Edwards:

We have reviewed the registration statement on Form N-1A, filed on November 21, 2012, for the Oppenheimer Global Real Estate Fund (the "Fund"). Based upon Securities Act Release No. 6510 and the representations contained in your letter dated November 21, 2012, we conducted a selective review of the registration statement. We have the following comments.

Prospectus

General

1. The heading on page 2 should read "The Summary Prospectus," not "To Summary Prospectus." Also, as we have commented in past filings, we request that you add page numbers to your N-1A, for ease of reference.
2. The prospectus states in the Principal Investment Strategies section that the Fund invests a "substantial portion" of its assets in a number of different countries throughout the world and that under normal circumstances the Fund will invest in at least three different countries. The prior sentence states that the Fund will invest at least 80% in real estate companies. Given that the term "global" is in the Fund's name, please expressly describe how the Fund will invest [its] assets in investments that are tied economically to a number of countries throughout the world." See Investment Company Names, Investment Company Act Release No. 24828, as n. 42 (Jan.17, 2001). For example, the Fund could include a policy that, under normal market conditions, it will invest significantly (*i.e.*, at least 40% of its assets, unless market conditions are not deemed favorable, in which case the Fund would invest at least 30% of its assets) in companies organized or located outside the U.S. or doing a substantial amount of business outside the U.S. Also, given that the Fund's name includes "real estate" in its name, please

disclose the percentage the Fund will invest in real estate companies and real estate securities.

3. The section titled “Top-Down Analysis” references a sub-sub-advisor, Cornerstone Real Estate Advisers, Inc. Please briefly disclose the advisory structure of the Fund -- for example, who is the sub-advisor, are there section 18 advisory contracts applicable to all parties, and what are the basic terms of the sub-sub-advisor contract?

Principal Investment Strategies and Risks

4. The prospectus states in the section “Real Estate Investments,” that the Fund will focus on REITs, REOCs and other real estate related securities. Please define the term “real estate related securities” when it is first used to describe the Fund’s investments and clarify what it includes. Also, please disclose the meaning of “international REIT-like entities.”
5. Please disclose the significance of referencing the “FTSE EPRA/NAREIT GLOBAL INDEX,” given that the prospectus states that the Fund may invest in securities that are not in that index. Please disclose how the Fund chooses the REITS and REOCs it will invest in.
6. In the sections regarding the risks of investing in real estate, real estate debt, and real estate related debt securities, please add disclosure regarding recent economic and real estate market developments that may make the risks greater. For example, please add any relevant disclosure regarding the recent changes in the real estate market.
7. The principal risks include investing in foreign securities and investing in developing and emerging markets. Please expand the risks to include any special risks in investing in *real estate* in foreign, developing, and emerging countries.
8. The Fund can invest in derivatives. Please disclose the maximum amount of assets that will be invested in derivatives. Please disclose the specific reason the Fund will invest in derivatives. Also, please distinguish purchasing derivatives from selling them and also disclose that derivative instruments may be used for hedging and speculation. In general, *see* Letter dated July 30, 2010, from Barry Miller, Associate Director, Office of Legal and Disclosure, Division of Investment Management to the Investment Company Institute.
9. The prospectus states that the Fund can invest in Oppenheimer Institutional Money Market Fund. The fee table does not include a line item for Acquired Fund Fees and Expenses. In the event the AFFE incurred exceeds 0.01% of the average net assets of the Fund, please include these fees and expenses in the fee table.
10. The prospectus states that the Fund may invest in Hybrid REITS. Please add a risk factor regarding investing in such REITS.

The Manager and the Sub-Advisor

11. This section discloses the existence of a manager, a sub-advisor and a sub-sub-advisor. Please provide a brief discussion disclosing the relationship of all parties to the Fund's operations (*i.e.*, Fund, the Adviser, sub-Advisers, the sub-sub-Advisor, and the portfolio managers). Please disclose whether any of their functions are duplicative and whether any fees are paid for duplicative services.

Statement of Additional Information

12. The SAI states that the Fund will invest in repurchase agreements. Please disclose the Fund's policy on the amount it may invest in repurchase agreements.
13. Please file as exhibits the advisory contracts entered into by the manager, sub-advisor, and the sub-sub-advisor. Also, please confirm that the substantive terms of the contracts are fully described in the SAI.
