Form 8-K filed May 11, 2022

Fourth Quarter and Full Fiscal Year 2022 Outlook, page 3

1. We note your forward-looking presentation of Non-GAAP Operating Loss and Non-GAAP Net loss per share. Please disclose and state if true that you omitted a reconciliation to the most comparable GAAP measures in reliance on the "unreasonable efforts" exception in Item 10(e)(1)(i)(B) of Regulation S-K. Further identify the information that is unavailable. Although you cited the "uncertainty regarding, and the potential variability of, the amounts of stock-based compensation expense and amortization of intangible assets that may be incurred in the future" (page 5), it is unclear how estimating these costs in the near term could require unreasonable efforts. In this regard, we note that your projected non-GAAP operating loss and non-GAAP net loss per share for your fourth fiscal quarter account for a significant portion of your full year outlook for those measures without further explanation by you. Refer to Q&A 102.10 of
