Re: REIA Investments, LLC
Offering Statement on Form 1-A
Filed February 4, 2013
File No. 024-10341

Dear Mr. Kluck,

Please see the answers to your comments below.

General

1. We note your disclosure on page 20 that you intend to purchase real estate owned properties or notes secured by real property. We further note your risk factor on page 18 relating to the Investment Company Act of 1940. It seems that you intend to operate your business in a manner that will permit you to maintain an exemption from registration under the 1940 Act. Please provide us with a detailed analysis of the exemption that you and your subsidiaries intend to rely on and how your investment strategy will support that exemption. Please note that we will refer your response to the Division of Investment Management for further review.

We refer to the exemption provided in Section 3(c)(6) of the Investment Company Act that reads:

“Any company primarily engaged, directly or through majority-owned subsidiaries, in one or more of the businesses described in paragraphs (3), (4), and (5), or in one or more of such businesses (from which not less than 25 per centum of such company's gross income during its last fiscal year was derived) together with an additional business or businesses other than investing, reinvesting, owning, holding, or trading in securities.”

We then refer to paragraph 5 of this same Section which outlines an exemption for the Company:

“Any person who is not engaged in the business of issuing redeemable securities, face-amount certificates of the installment type or periodic payment plan certificates, and who is primarily engaged in one or more

of the following businesses: (A) Purchasing or otherwise acquiring notes, drafts, acceptances, open accounts receivable, and other obligations representing part or all of the sales price of merchandise, insurance, and services; (B) making loans to manufacturers, wholesalers, and retailers of, and to prospective purchasers of, specified merchandise, insurance, and services; and (C) *purchasing or otherwise acquiring mortgages and other liens on and interest in real estate.*"

The Company's business is purchase notes and mortgages secured by real estate, specifically, and thus we believe that paragraph 5(c) applies. The Company has no intention of trading securities or dealing in institutional securities. Their business will be limited to purchasing notes, mortgage and properties and then reselling them to real estate investors.

2. Please provide a principal stockholder table. Refer to Model A. Question 37.

We added the following table on page 38"

Also revise to provide the information required by Part 1, Item 5(c).

We have added the following:

5. We note your disclosure on page 38 that “for... [your] initial capitalization of \$30,000, and other related services... Thomas Hennigan, was awarded 100% of the available common units of the company.” Please revise your disclosure to provide the information required by Part I, Item 5(a)(3) of Form 1-A or advise.

Please see our answer to comment #4.

Risk Factors, page 6

6. Please revise the first risk factor by breaking it into two. One risk factor should address the risk related to you being a development stage company. The other risk factor should address the auditor’s going concern report.

We are a development stage company organized in November 2012 and have recently commenced operations, which makes an evaluation of us extremely difficult. At this stage of our business operations, even with our good faith efforts, we may never become profitable or generate any significant amount of revenues, thus potential investors have a high probability of losing their investment.

We were incorporated in November 2102. As a result of our start-up operations we have; (i) generated no revenues, (ii) accumulated deficits of \$15,147 from inception due to organizational and start-up activities, business plan development, and professional fees since we incorporated. There is nothing at this time on which to base an assumption that our business operations will prove to be successful or that we will ever be able to operate profitably. Our future operating results will depend on many factors, including our ability to raise adequate working capital, demand for our loan products, the level of our competition and our ability to attract and maintain key management and employees.

Our auditors have substantial doubt about our ability to continue as a going concern. Additionally, our auditor’s report reflects the fact that the ability of the Company to continue as a going concern is

dependent upon its ability to raise additional capital from the sale of Units and, ultimately the achievement of significant operating revenues. If we are unable to continue as a going concern, you will lose your investment.

Our auditor's report reflects that the ability of the Company to continue as a going concern is dependent upon its ability to raise additional capital from the sale of Units and, ultimately, the achievement of significant operating revenues. If we are unable to continue as a going concern, you will lose your investment. You should not invest in this offering unless you can afford to lose your entire investment.

Plan of Operations, page 20

7. Please refer to Model A. Question 4 and provide the disclose required for milestones which in management's opinion the company must or should reach in order for the company to become profitable, and indicate the expected manner of occurrence or the expected method by which the company will achieve the milestones. State the probable consequences to the company of delays in achieving each of the events or milestones within the above time schedule, and particularly the effect of any delays upon the company's liquidity in view of the company's then anticipated level of operating costs.

Event	Expected Manner of occurrence or method of achievement	Date or number of months after receipt of proceeds when should be accomplished
Qualification of the Offering Circular	Approval by the Securities Exchange Commission	July 2013
Advertising of the securities for Sale	Purchasing of advertising space in real estate magazines or by sponsor local REIA groups. Approximate cost of \$5,000	July 2013
Development of our Website	Approximate cost of \$1,500 – we currently do not have a web developer under contract	July 2013
Raise the minimum subscriptions to be placed in escrow	Cost of the escrow fees.	December 2013
Purchase of our first package of bulk REO's and notes	Will depend on inventory and availability.	January 2014
Sale of first assets from first purchase	Sale of notes and properties that are ready for resale to REIA members	February 2014
Raising of additional funds up to the maximum	Up to \$4,000,000 for the purchase of assets	January 2014- July 2014
Purchase of additional assets	Up to \$4,000,000	January 2014- July 2016

Plan of Operations, page 20

8. Your disclosure indicates that when purchasing a package of properties that you will perform a Broker Price Opinion (BPO). Please explain the methodology involved in performing a BPO, clarify whether you will perform the BPO internally or obtain a BPO from a third party and describe how a BPO differs from an appraisal.

We added the following:

Unlike an appraisal, the broker may not fully inspect the property and may not even enter the property, but only view the property from the outside. Therefore, their opinion provided to us may not be as accurate as an appraisal. If a BPO is inaccurate, we may not realize the same profits, or any profits, had we conducted an appraisal. During an appraisal, generally speaking, an appraiser is specially qualified to fully inspect and analyze the value of the property. As stated earlier, our brokers that conduct opinions for us, may never have a chance to fully inspect the quality and value of any particular property.

Purchasing REOs in bulk transactions, page 20

9. Please tell us the basis for your "25% to 50%" acquisition value range and the 50% to 60% sell range. For instance, please clarify if this is the industry standard. Please also provide the same for your statement on page 21 with respect to the purchase of nonperforming mortgage notes. Alternatively, please remove such statements.

We have removed these statements.

10. We note your disclosure that "the broker price opinion is not the same as an appraisal." Please revise to clarify whether you will conduct an appraisal of the properties before purchasing them. If not, please so state and revise the risk factor section accordingly.

We added the following risk factor:

We will not obtain an appraisal on properties prior to purchase.

We intend on purchasing properties in bulk transactions. In other words, purchasing multiple properties in one sale. Because appraisals, we believe, are cost prohibitive, we will not be obtaining appraisals on the properties we purchase. Instead, we will elect to conduct a Broker Price Opinion ("BPO"), where, based on a local broker's opinion, we will determine the value of a property. The broker will compare the property to other properties in the area that are listed and sold, and will visit the property. However, unlike an appraisal, the broker may not fully inspect the property and may not even enter the property, but only view the property from the outside. Therefore, their opinion provided to us may not be as accurate as an appraisal. If a BPO is inaccurate, we may not realize the same profits, or any profits, had we conducted an appraisal.

Seller Financing, page 24

11. We note your disclosure that you "will have extremely loose underwriting criteria." Please revise your disclosure to provide the industry underwriting standard for comparative purposes.

We have added the following:

Traditional institutions, generally speaking, require FICO scores of 700 or greater; require an full appraisal be conducted on the property; often do not lend to new real estate investors without a history of being in the real estate business; and may not lend on properties that have significant rehabilitation problems such as destroyed plumbing, electrical, or flooring.

12. We refer to the fifth underwriting criteria. We further refer to your disclosure in the "plan of operations" section where you state that you currently have no operations other than, among others, to

develop your business plan. Since you will have no borrowing history in the near future, please delete this disclosure or revise to clarify what you mean by "borrowing history."

We have removed this.

Our Strengths and relationships with Real Estate Investment Associations, page 24

13. Please tell us whether you have a written agreement with the National REIA. If so, please summarize the material terms of the agreement and submit the agreement as an exhibit to the offering statement. Refer to Part III, Item 2(6) of Form 1-A. If not, please revise to so state and revise your risk factor disclosure to discuss your dependence on National REIA with whom you have no formal arrangement.

We currently do not have a written agreement with National REIA.

We added the following risk factor:

We will rely on outside entities to assist with our business plan with which we have no formal or written agreement.

We will rely on National REIA to assist with our marketing. We will look to National REIA as a source not only for investors, but also for brokers to provide BPO's on our potential acquisitions, but also for purchasers of our properties. We currently do not have a written agreement with National REIA and they have no obligation to assist us. Therefore, if we are unable to establish a relationship, then we may not be able to fully carry out our business plan as stated herein.

14. Please tell us whether your agreement to utilize the services of qualified REIA members when available represents an obligation.

It does not represent an obligation. We have no written agreement.

Borrowing of money, page 25

15. Please revise to clarify what "prudent amounts of leverage" means.

We have updated this to read:

Although the Company is not required to maintain any particular leverage ratio, the Company intends, when appropriate, to employ prudent amounts of leverage, meaning less than 65% of the value of the underlying property based on a Broker Price Opinion, and to use debt as a means of providing additional funds for the acquisition of assets, to refinance existing debt or for general corporate purposes. The Company expects to use leverage conservatively, assessing the appropriateness of new equity or debt capital based on market conditions, including prudent assumptions regarding future cash flow, the creditworthiness of tenants and future rental rates.

Purchase and sale (or turnover) of investments, page 26

16. We note your disclosure that you plan to "turnover quickly." Please revise to give an estimated amount of time the company intends to hold each property for. This relates to the REO and non-performing mortgage notes segments, respectively.

We have update this to read:

The Company plans to turnover assets within five years of acquisition depending on the acquisition. After purchase of the properties in a bulk transaction, the Company intends to immediately market the properties and sell them to rehabbers, developers, those in search of a new home. Although the Company may utilize traditional methods of selling properties such as listing properties on the multiple listing services (MLS) and the use of a real estate broker's services, it is expected that most properties will be sold to members of real estate investment clubs throughout the country as our sole Manager, Tom Hennigan, has an extensive network throughout such clubs throughout the country.

Business Strengths, page 27

17. Please revise the first bullet to state that members of the National REIA and regional REIAs who decide to engage in operations similar to yours may also have the same access.

We added:

It should be noted, that those who engage in similar operations may also have the same access to REIA members.

18. Please revise to identify the "pro-real estate legislation" Mr. Hennigan worked on, including the applicable state, detailing the work he did and the impact it had in the industry. In this regard, we note your disclosure on page 33. You may include a cross- reference.

We have added a cross reference.

Offering Price Factors, page 28

19. Please revise to provide the information requested by Model A. Question 8.

We added the following:

If the maximum amount of Preferred Membership Interests are sold under this Offering, the purchasers under this Offering will own 100% of the Preferred Membership Interests outstanding.

If the minimum amount of Preferred Membership Interests are sold under this Offering, the purchasers under this Offering will own 100% of the Preferred Membership Interests outstanding.

The Management believes that if the maximum amount of the Preferred Membership Interests the price per Unit value will be \$1.00 per Unit for a total of \$5,000,000.

The Management believes that if the minimum amount of the Preferred Membership Interests the price per Unit value will be \$1.00 per Unit for a total of \$1,000,000.

Use of Proceeds, page 29

20. We note your disclosure on page 4 of the offering statement that there is a finder's fee or similar payment in connection with the offering. We further note your disclosure in footnote 2 to the table with respect to finder's fee. Please revise the table to disclose the estimated fees in the "selling commissions & fees" line item. Also submit, as an exhibit to the offering statement, the agreement between the manager and the REIA group before qualification of the offering statement.

To date, the Manager has determined it will most likely not pay any types of finder's fees to an REIA

groups and thus, has not entered into any agreements with REIA groups. Instead, the Manager has determined it might instead sponsor REIA groups and/or pay for a booth or advertising space at local REIA meetings. These costs will not come out of the Use of Proceeds, but instead of the Manager will cover these costs initially and will not seek reimbursement.

The Manager still reserves the right, at some time in the future, to pay finder's fees.

We have updated the footnote to read as follows:

Finder's fees will not come from the proceeds of this Offering and ONLY will be derived from profits paid to the Manager. The Finder's fee agreement, that has not yet been developed or entered into and one may never develop. If the Manager does enter into a finder's fee agreement with any such group, the agreement will state: 1.) That such finder's fees will not be derived from investor's funds and 2.) that the REIA group is to only make a mere introduction and not to act as an agent for the Company.

20. Please revise to expand, by footnote, your "working capital" disclosure to indicate with specificity what this will include. For example, we note your disclosure on page 28 that "Mr. Hennigan has provided the working capital to cover [your] initial expense." We further note your disclosure on page 38 that Mr. Hennigan provided an initial capitalization of \$30,000 to you and that he will receive reimbursement for expenses incurred on behalf of the company. Please revise your disclosure to indicate whether a portion of the amount allocated for working capital will be used to reimburse Mr. Hennigan.

We have updated the footnote to read:

Working capital shall include ongoing office expenses, telephone, utilities, answering services, bookkeeping and accounting services, and marketing services. We do not expect that any of these funds will reimburse Mr. Hennigan for his contributions thus far. Mr. Hennigan will only be compensated for those expenses related to the Offering.

21. Please revise to provide additional detail on the use of net proceeds. Refer to the Instruction to the Use of Proceeds section of Model A. For example, please separately disclose the estimated amounts to be used to purchase real properties and the amount that will be used to purchase notes.

We have divided both of these and have updated the table to read as follows:

Although we expect proceeds for purchases of notes and properties to be evenly divided, there can be no guarantee as purchases will depend highly on the availability of notes and properties and the price/value such notes and properties are offered at. We will attempt to equally purchase both notes and properties. These costs include the amount required for administrative, legal, and due diligence fees associated with an individual property, note, or bulk purchase.

22. Please also provide disclosure on cash flow and liquidity issues for the next 12 months. Refer to Model A. Questions 11 and 12.

We have added the following:

We do not anticipate having any cash flow or liquidity problems in the next 12 months. We are not in default or in breach of any note, loan, lease or other indebtedness or financing arrangement requiring the

Company to make payments. None of the Company's trade payables have not been paid within the stated trade terms. The Company is not subject to any unsatisfied judgments, liens or settlement obligations.

We believe that the proceeds from this offering will satisfy the Company's cash requirement for the next 12 months and we do not believe it will be necessary to raise additional funds.

23. Please clarify whether the amount of proceeds allocated to Property or Note Purchases includes the costs associated with the purchase of these investments, including but not limited to administrative, legal and due diligence fees.

We have added the following sentence to the footnotes:

These costs include the amount required for administrative, legal, and due diligence fees associated with an individual property, note, or bulk purchase.

Capitalization, page 29

25. It appears that a portion of the disclosure under this heading is missing. Specifically there is no following summary financial data. Please revise to include the information required by Model A. 28. We note your disclosure that all subscriptions funds which are accepted will be deposited directly into REIA Investments' segregated escrow account. Please submit the escrow agreement as an exhibit to the offering statement. Refer to Part III, Item 2(9) of Form 1- A.

We have revised.

30. Please revise to clarify if subscriptions are irrevocable.

Subscriptions are irrevocable.

31. We note your disclosure on page 32 that the offering period will commence upon the "prospectus being declared effective." Please revise to clarify that the "offering statement" will be "qualified." Please make conforming changes throughout the document.

We have made this change throughout the document.

32. Please revise to disclosure how you will determine which investor is a member in good standing at the REIA. Also clarify whether education on real estate and real estate related investments is a prerequisite to REIA membership. Finally, please clarify how you will proceed if an investor stops being a REIA member in good standing. In this regard, please clarify whether you will conduct an ongoing test to determine an investor's standing.

We have added the following:

The Company will verify membership by contacting and consulting with the applicable REIA group to verify membership. The Company will merely ask if the prospective Member is a member in good standing with the REIA group. The Company will not have any minimum education requirements of prospective Members. The Company will conduct on-going checks of Members standing with a REIA group and will allow for Members flexibility in joining other REIA groups. The Company will only verify membership with a REIA group upon subscription.

Officers and Key Personnel of the Company, page 32

33. We note your disclosure regarding Mr. Hennigan's experience. Please revise to provide the following (for the past ten years):

Of these, 96% were residential properties and 4% were commercial properties He has sold 652 properties and still owns 56 properties. Mr. Hennigan has also purchased 33 first lien notes. Of these, one was in Montana, 18 in Florida, 5 in Texas, and 9 in Louisiana. He invested a total of \$938,637 and all of the liens were on residential properties. 9 of the liens were paid off and 24 remain active.

33. We note that Mr. Hennigan is the sole member of the managing member and sole officer of the company. Please revise your disclosure to indicate the amount of time he plans to spend on company matters, if less than full time.

We have added the following disclosure:

Mr. Hennigan intends to spend 60% of his time on Company matters.

Advisory Board, page 33

34. Please clarify whether any of the members of the Advisory Board will be deemed an "officer or key personnel" of the company. Please refer to the instruction to Model A. Questions 29 to 32 of Form 1-A for guidance. If you determine that they are officers and/or key personnel, please revise your disclosure on page 1 and elsewhere, as applicable. 35. Please revise to include the disclosure related to the identified footnote 1 in the summary compensation table.

We have updated to read as follows:

1. For his organizing of our Company, the business plan development, putting together of this offering, our initial capitalization of \$30,000, and other related services, the Managing Member of our Managing Member, Thomas Hennigan, was awarded 100% of the available Common Units of the Company.

37. Please clarify whether the expenses for which Thomas Hennigan will be reimbursed for is separate from the initial \$30,000 capitalization. If so, please quantify the amount he has advanced to the company, if any, for which he will be reimbursed for. Also revise to provide the principal terms of the financing, as applicable.

We have added the following:

However, Mr. Hennigan's contribution of \$30,000 is NOT reimbursable and is considered paid in capital for which Mr. Hennigan received 100% of the Common Units of the Company. Mr. Hennigan is not seeking reimbursement for his initial \$30,000 investment, but may seek reimbursement for future expenses

incurred. We currently do not have any financing terms with Mr. Hennigan.

38. We note your disclosure on page 41 that the company currently has two outstanding membership classes, including the preferred units issued to the manager and the preferred units being offering as units to new members in three different classes. We further note your disclosure here that Thomas Hennigan was awarded 100% of the available common units of the company. Please reconcile your disclosure here and throughout the document.

This was in error. Thomas Hennigan has only been issued common units.

Transaction with Related Persons, page 38

39. Please revise here or elsewhere, as applicable, to discuss if there are any proposed transactions in which Mr. Hennigan or other related parties would have an interest. For example, please discuss whether any of the properties or notes could be purchased from related parties or whether any services provided to the company could be by related parties.

It is currently not anticipated that any notes or properties herein proposed to be acquired will be acquired from Mr. Hennigan or a related party.

Financing Arrangements with Significant Members, Managers, Directors and Officers, page 38

40. We note your disclosure on page 38 that "the manager shall receive reimbursement for expenses incurred on behalf of the company." Please revise to include the material terms of this arrangement.

The Manager intends to contribute up to \$20,000 more as a capital contribution for which he will not seek any reimbursement.

The Manager shall receive reimbursement for expenses incurred on behalf of the Company. So long as expenditures are under \$1,000 in any given month, no such expenses will incur any interest and no agreement will be entered into as it is expected that the Manager will be merely reimbursed on a dollar for dollar basis.

If expenses are greater than \$1,000 and are not reimbursed because the Company is unable to reimburse the Manager, may enter into a financing agreement with the Company in accordance with 3.9.1 of the Operating Agreement:

It shall be the responsibility of the Manager to arrange temporary or permanent financing for the Company in such amount(s) as reasonably necessary for the proper management of the Company, both in form and upon commercially reasonable terms and at competitive rates. The Manager shall execute any and all loan documentation as required for obtaining such financing, including, without limitation, security agreements, mortgage notes and trust deeds.

Cash Distributions, page 42

41. Please define Class Preferred Return.

We have updated to read:

Class Preferred Return shall mean the preferred return designated to a particular class of Preferred Members. Those Class A Preferred Members shall receive a Class Preferred Return of 7% annualized. Those Class B Preferred Members shall receive a Class Preferred Return of 6% annualized. Those Class B Preferred Members shall receive a Class Preferred Return of 5% annualized.

Exit Strategies, page 44

42. We note your disclosure regarding the intended exit strategy. Please revise the risk factor section to disclose that an exit event is not guaranteed and is subject to the Manager's discretion.

We added the following:

Please see the risk factor regarding exit strategies on page 11.

Management's Discussion and Analysis of Financial Condition and Results of Operations, page 46

Liquidity and Capital Resources, page 46

43. We note that you believe cash available as of December 31, 2012 will be able to sustain operations for an additional twelve months and that your auditor has not issued a going concern opinion. Please explain to us in detail why you believe that \$15,603 will be enough to sustain operations for twelve months when you have incurred \$15,147 in the approximately six week period from inception through December 31, 2012.

Our auditor has updated their report to include a going concern opinion. We added the following to page 46:

We believe this because most of startup costs have already been incurred and do not expect to have many more significant costs prior to deployment of our fundraising. For the next twelve months, we believe that our ongoing costs will be minimal. Furthermore, in the event of a shortfall, Mr. Hennigan has committed to financing the Company with an additional \$20,000. Mr. Hennigan's commitment is not in writing, but he intends to contribute it as paid in capital, and not as a loan.

Financial Statements, page F-1

44. We note that in several instances (e.g. on pages F-2, F-4, F-6, and F-7), November 17, 2012 is given as your date of inception. However, elsewhere in your filing, including your Articles of Organization, Operating Agreement and Statement of Changes in Net Assets, November 27, 2012 is given. Please reconcile for us this discrepancy and revise your disclosure as appropriate.

We have reconciled and revised.

Report of Independent Auditors, page F-2

45. Please have your auditor revise his report to refer to the standards of the Public Company Accounting Oversight Board (United States) in accordance with AS 1: References in the Auditors' Reports to the Standards of the Public Company Accounting Oversight Board.

Our auditor has updated to add the following:

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

46. Please have your auditor provide a consent to the inclusion of his report in this registration statement.

We have included the consent from our auditor.

In that event, a copy of the requirement should be furnished to us as supplemental information and the subscription agreement must be revised to include a statement in a prominent place informing the subscribers that by making such representations they have not waived any right of action they may have under the applicable federal securities laws. In addition, it should be noted that the federal securities laws specifically provide that any such waiver would be unenforceable. The subscription agreement should also note whether the company intends to assert the representations as a defense in any subsequent litigation. We may have further comment.

We have removed paragraph 5.

Exhibit 5. Opinion re Legality

52. We note that counsel opines that the units will be legal, valid and binding obligations of the company. Counsel must also opine whether the units will, when sold, be legally issued, fully paid and non-assessable. Please revise accordingly.

We note that the company is incorporated under the laws of Nevada. Counsel must opine on the corporate laws of the jurisdiction of incorporation of the registrant. Please revise accordingly.

We have removed this paragraph

55. We refer to the penultimate paragraph of the opinion where you state that the opinion letter is being delivered pursuant to Item 601(b)(5) of Regulation S-K.
