Pro Forma Financial Information

Unaudited Pro Forma Consolidated Statements of Expense, page F-31

16. You have included a pro forma consolidated statement of expenses for the year ended June 30, 2013. Given that the Global Photonic Energy Corporation has a December 31 year end, please also provide a pro forma consolidated statement of expenses for the six months ended June 30, 2013.
17. We have the following comments regarding your earnings per share information:
 - Provide the calculations used to determine your earnings per share. Please specifically address how you determined the historical weighted average shares outstanding for Global Photonic Energy Corporation and how you accounted for the cancellation of the 9,000,000 UTCH shares;

- Include a reconciliation between the historical and pro forma weighted average shares used in computing basic and diluted earnings per share; and
- Disclose any shares not included for anti-dilution reasons. Refer to ASC 260-10-50-1c.

Note 1 – Pro Forma Adjustments to Balance Sheet....., page F-32

18. Please separately present adjustments related to transactions that are not yet reflected in your financial statements in addition to reflecting transactions related to the Purchase Agreement. In this regard, we refer you to the subsequent events discussed in the second paragraph in Note 10 – Subsequent Events on page F-29 which are not reflected in your historical financial statements, such as the \$5,255,000 borrowings from a majority shareholder and \$2,139,500 from private investors in the form of convertible short term note agreements but you are reflecting the issuance of UTCH shares in exchange for such obligations.
19. Please show precisely how you arrived at each adjustment amount with a discussion of any significant assumptions and estimates used to arrive at the adjustment amounts. For example, it is not clear how you determined the pro forma cash adjustment of \$7,369,549. Please disclose the facts and circumstances that resulted in this adjustment.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes the information the Securities Exchange Act of 1934 and all applicable Exchange Act rules require. Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

In responding to our comments, please provide a written statement from the company acknowledging that:

- the company is responsible for the adequacy and accuracy of the disclosure in the filing;
- staff comments or changes to disclosure in response to staff comments do not foreclose the Commission from taking any action with respect to the filing; and
- the company may not assert staff comments as a defense in any proceeding initiated by the Commission or any person under the federal securities laws of the United States.
