Amendment No. 6 to Draft Registration Statement on Form S-1

## <u>Prospectus Summary</u> Our Development Pipeline, page 2

1. We note your response to prior comment 2 and reissue in part. Please further clarify if both the "CE Mark" approval arrow and "Insulin-Treated T2D" arrow are for separate indications. To the extent both both of these arrows are targeting the same indication, revise the Revita section of your pipeline table so that the same indication does

not appear twice.
