What If We Made Golf Even More Fun?

INVEST

"My father, who founded Bally Total Fitness,one of the largest fitness center chains in the world, is my role model and mentor. He is an avid entrepreneur, passionate golfer, snowboarder and surfer. His passion for snowboarding, surfing and golf, inspired him to develop an entirely new way to experience the terrain of a golf course, providing riders the same feeling as carving the slopes or surfing the ocean. I immediately realized his idea was genius, so we joined forces to make his dream a reality. With over 100 million passionate players worldwide, GolfBoard has massive growth potential."

Our Mission

Our mission is to increase the enjoyment of golf and to help make the sport more accessible to new fans. To expand on a sport with tremendous heritage, by adding a whole new way to enjoy the beautiful terrain. The GolfBoard's purpose is to grow the game by enhancing the experience resulting in a lifetime of unforgettable moments and memories.

Golf's biggest challenge is pace of play. It is not unusual for a round of golf to take 5 and 6 hours. Today's millennials as well as Gen-X parents of young children do not have the time to spend half a day on the course. Golf needs to become cooler and more accessible to everyone. GolfBoard is a solution to slow rounds, plus makes playing golf more exciting, entertaining and enjoyable.

Why I'm On Board With GolfBoard

Surfer / Entrepreneur Laird Hamilton

"I've been riding the world's biggest waves my entire life, and played a major role in the evolution of surfboard design and new technologies. During this time I helped advance surfing to include stand-up paddle boarding, tow in surfing, and hydrofoil boarding. This unleashed a whole new market of surfers. My passion for board sports advancements made me want to explore taking the surfing experience to land by joining the

GolfBoard team. GolfBoard is going to change the way golf is played forever and help attract millions of new fans to the game" -Laird Hamilton, Big Wave Surfer and Serial Entrepreneur

GolfBoard Is Award-Winning and Patent Pending

The company has filed a patent for three key elements of the GolfBoard that will allow us to offer a unique and revolutionary new vehicle that will increase golf course profitability, because it will increase the number of rounds played, as well as expand the golf market with millions of new players.

IMPORTANT MESSAGE: www.StartEngine.com (the "Site") is a website owned by StartEngine Crowdfunding, Inc. (StartEngine Crowdfunding) and operated by StartEngine Crowdfunding and its wholly owned subsidiary, StartEngine Capital, LLC (StartEngine Capital)(collectively, "StartEngine"). StartEngine Crowdfunding is a not a broker-dealer, funding portal or investment adviser. StartEngine Capital is a funding portal registered with the US Securities and Exchange Commission (SEC) and a member of the Financial Industry Regulatory Authority (FINRA). For Canadian investors, StartEngine intends to rely on a dealer exemption or partner with a Canadian registered dealer. By accessing this Site and any pages on this Site, you agree to be bound by its Terms of Use (/terms) and Privacy Policy (/privacy), as may be amended from time to time without notice or liability.

U.S. Investors: Investment opportunities posted and accessible through the Site are of two types:

- Regulation A offerings (JOBS Act Title IV; known as Regulation A+), which are offered to non-accredited and accredited investors alike. No broker-dealer, funding portal or investment adviser is involved in these offerings. Neither the Site nor StartEngine Crowdfunding is a FINRA member.
- Regulation Crowdfunding offerings (JOBS Act Title III), which are offered to non-accredited and accredited investors alike. These offerings are made through StartEngine Capital, a funding portal which is a FINRA member.

Both types of offerings are open to the general public, however there are important differences and risks. You can learn more in our Learn section (<https://startengine.zendesk.com/hc/en-us>). Each type of offering is presented on this Site in separate workflows. Generally, Regulation A+ and Crowdfunding offerings have important differences in limits on the amount a company can raise in an offering, how they can conduct the offering, limits on the amount an investor can invest per offering and annually, and most importantly differences in when an investor can resell the securities. In particular, securities purchased in a Regulation Crowdfunding offering cannot be sold for one year from purchase, but even after this time, there may be no resale market available. All securities offered by companies on this Site involve high levels of risk. Only invest an amount that you can afford to lose and will not impact your lifestyle.

Canadian Investors: Investment opportunities posted and accessible through the Site will be offered to Canadian resident investors in accordance with prospectus exemptions under Canadian securities laws, including, but not limited to, the "Accredited Investor" and "Offering Memorandum" exemptions under National Instrument 45-106 promulgated by the Canadian Securities Administrators.

Neither the SEC nor any state regulator, the Canadian securities regulators or any other regulatory body has passed upon the merits of or given its approval to the securities, the terms of the offerings, or the accuracy or completeness of any offering materials or information posted on the Site. Neither StartEngine nor any of its directors, officers, employees, representatives, affiliates or agents shall have any liability whatsoever arising from any error or incompleteness of fact or opinion in, or lack of care in the preparation or publication of, the materials and communication herein or the terms or valuation of any securities offering.

Neither StartEngine Crowdfunding nor StartEngine Capital is an investment advisor or broker-dealer and neither engages in any activities requiring any such registration. Neither gives investment advice, provide analysis or recommendations regarding any offering posted on the Site. Prior results are not indicative of future performance; actual results may vary materially. The Site may contain "forward looking statements" which are not guaranteed. All investors should make their own determination of whether or not to make any investment, based on their own independent evaluation and analysis. Potential investors are strongly advised to consult their legal, tax and financial advisors before investing. The securities offered on this Site can only be marketed in jurisdictions where public solicitation of offerings are permitted; it is solely your responsibility to comply with the laws and regulations of your country of residence.
