LIQUIDITY FINANCE LP
NOTES TO FINANCIAL STATEMENT

DECEMBER 31, 2021

NOTE 1 - NATURE OF BUSINESS

Liquidity Finance LP (the “Company”) is a Delaware limited partnership. Liquidity Finance LLP is a London based broker dealer and is the parent company (the “Parent”) of the Company. Liquidity Finance Holdings, LLC is the general partner (the “GP”) of the Company.

The purpose of the Company is to carry on a general securities brokerage business. The security transactions entered into on behalf of the Company’s institutional customers are cleared by the Company’s clearing broker on a fully disclosed basis and, therefore, the Company is exempt under the provisions of paragraph (k)(2)(ii) of SEC Rule 15c3-3.

The Company is a registered broker-dealer under the Securities Exchange Act of 1934 with the Securities and Exchange Commission (the “SEC”). The Company is also a member of the Financial Industry Regulatory Authority (“FINRA”) and the Securities Investor Protection Corp (“SIPC”). The Company operates out of its main office in Greenwich, CT.

In August, 2019 Liquidity Finance LLP and Seaport Global Holdings LLC (“Seaport”), a privately held firm specializing in Global Credit Sales, Trading, and Research, agreed to form a strategic partnership focused on servicing the global Emerging Markets. The goal being a potential merger of the two businesses during 2022.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

BASIS OF PRESENTATION

The accompanying financial statements and related notes have been prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

USE OF ESTIMATES IN THE FINANCIAL STATEMENTS

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

FOREIGN EXCHANGE

Translation of foreign currency assets denominated in foreign currencies are translated at year-end rates of exchange.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES(CONTINUED)

CASH AND CASH EQUIVALENTS

The Company has defined cash equivalents as highly liquid investments, with original maturities of less than 90 days when purchased, which are not held for sale in the ordinary course of business. At December 31, 2021, the Company had no cash equivalents, however the Company had Great Britain pounds sterling which was translated into approximately \$0.48 million U.S. dollars.

INCOME TAXES

The Company files an income tax return in the federal jurisdiction and may file in various states. The Company is subject to various state taxes and New York City Unincorporated Business Tax ("NYCUBT"). Generally, the Company is subject to examination by the major taxing authorities for the three-year period prior to the date of these financial statements.

The Company applies the provisions of the Financial Accounting Standard Board's ("FASB") Accounting Standards Codification No. 740 ("ASC" 740) Subtopic 05 "Accounting for Uncertainty in Income Taxes." The Company is required to determine how uncertain tax positions should be recognized, measured, presented and disclosed in the financial statements. This determination requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Company's tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as a tax benefit or expense in the current year. The Company determined that there are no uncertain tax positions which would require adjustments or disclosures on the financial statements. In the event that tax authorities assess interest and penalties on unrecognized tax benefits, the Company will reflect such amounts in tax expense and income taxes payable.

LEASE ACCOUNTING

The Company has elected the package of practical expedients permitted in Accounting Standards Update No. 2016-02, Leases (Topic 842) ("ASC Topic 842"). Accordingly, the Company accounted for its existing operating lease as an operating lease under the new guidance, without reassessing (a) whether the contract contains a lease under ASC Topic 842, (b) whether classification of the operating lease would be different in accordance with ASC Topic 842, or (c) whether the unamortized initial direct costs before transition adjustments (as of December 31, 2019) would have met the definition of initial direct costs in ASC Topic 842 at lease commencement.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES(CONTINUED)

LEASE ACCOUNTING(CONTINUED)

The Company defines a short-term lease as a lease that, at the commencement date, has a lease term of 12 months or less and does not contain an option to purchase the underlying asset that the lease is reasonably certain to exercise. The Company elected to recognize short-term lease payments as an expense on a straight-line basis over the lease term. Related variable lease payments are recognized in the period in which the obligation is incurred. The Company's lease obligations are deemed to be short term.

CREDIT LOSSES

ASC Topic 326, Financial Instruments – Credit Losses (“ASC 326”) impacts the impairment model for certain financial assets by requiring a current expected credit loss (“CECL”) methodology to estimate expected credit losses over the entire life of the financial asset. Under the accounting update, the Company has the ability to determine that there are no expected credit losses in certain circumstances (e.g., based on the credit quality of the customer). The Company identified accounts receivable, including but not limited to commissions as impacted by the new guidance.

NOTE 3 – RECEIVABLE FROM CLEARING BROKER

The amount receivable from broker at December 31, 2021 includes the required clearing deposit pursuant to a clearing agreement with the clearing broker that provides clearing and depository operations for customer transactions on a fully disclosed basis and commissions earned as an introducing broker of transactions for its customers, net of clearing expenses.

NOTE 4 - CONCENTRATIONS AND CREDIT RISK

The Company maintains all of its cash in financial institutions. As of December 31, 2021, U.S. cash balances were fully covered by Federal Deposit Insurance Corporation (“FDIC”). The Company has a foreign cash account denominated in Great Britain pounds sterling, which has been translated into \$0.48 million U.S. dollars and is not insured by the FDIC. The Company has not experienced any losses in such accounts and believes it is not subject to any significant credit risk.

The Company will engage in various investment and brokerage activities whose counterparties are primarily broker-dealers, banks, and other financial institutions.

LIQUIDITY FINANCE LP
NOTES TO FINANCIAL STATEMENT
DECEMBER 31, 2021

NOTE 4 - CONCENTRATIONS AND CREDIT RISK(CONTINUED)

In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to act only as an agent in a transaction and to review the credit standing of each counterparty as necessary.

NOTE 5 - NET CAPITAL REQUIREMENTS

The Company is subject to the SEC Uniform Net Capital Rule ("SEC Rule 15c3-1"), under which the Company is required to maintain a minimum net capital, as defined, of the greater of \$100,000 or 6.67% of aggregate indebtedness and requires that the ratio of aggregate indebtedness to net capital, as defined, shall not exceed 15 to 1 or 6.67%.

At December 31, 2021, the Company had net capital of \$347,430 which exceeded required net capital by \$247,430. The Company's ratio of aggregate indebtedness to net capital ratio was 1.56 to 1 at December 31, 2021.

The Company qualifies under the exemptive provisions of Rule 15c3-3 under sub-paragraph k(2)(ii) as the Company does not carry security accounts for customers or perform custodial functions related to customer securities.

NOTE 6 – CONTINGENCIES

There are currently no asserted claims or legal proceedings against the Company, however, the nature of the Company's business subjects it to various claims, regulatory examinations, and other proceedings in the ordinary course of business. The ultimate outcome of any such action against the Company could have an adverse impact on the financial condition, results of operations, or cash flows of the Company

NOTE 7 – INCOME TAXES

The Company is a partnership and, therefore, does not record a provision for federal taxes because the partners report their share of the Company's profits or losses on their income tax returns. The Company files an income tax return in the federal jurisdiction and may file in various states. The Company is, however, subject to New York City Unincorporated Business Tax ("NYCUBT") and state taxes.

NOTE 8 – PARTNERS’ CAPITAL AND PROFIT AND LOSS ALLOCATIONS

Liquidity Finance Holdings, LLC, a Delaware limited liability company, is the GP of the Company and Liquidity Finance LLP is the initial limited partner (the “Initial LP”) of the Company. Individual limited partners (the “Individual LPs”) may be admitted to the Company as Individual LPs.

The business and affairs of the Company will be managed by the GP. The GP has absolute exclusive and complete control of the business and affairs of the Company. The Initial LP and Individual LPs do not participate in the management of the business.

The partners’ capital immediately before the effective date, as defined, was allocated .01% to the GP with the remainder, 99.99%, allocated to the Initial LP. No additional capital contributions were required. No partner will be required to make additional capital contributions to the Company, including Individual LPs.

The GP will determine partnership percentages in the Company. The GP’s percentage is set at .01% and partnership percentages of the Initial LP and each Individual LP are established at the discretion of the GP. Pursuant to the limited partnership agreement the net profits or net losses of the Company will be allocated among the partners in proportion to their respective partnership percentages as outlined above.

Distributions to partners are made as determined by the GP in its sole discretion. The distributions are in accordance with the partnership percentages outlined above. Each Individual LP agrees that the GP may increase or decrease their partnership percentage at any time on a prospective basis. For the year ended December 31, 2021, the Company made \$2,484,000 of distributions to partners of which, pursuant to a resolution, a capital distribution of \$1,034,000 was deemed to have been made as a corresponding reduction of amounts due from parent.

NOTE 9 – SERVICES AGREEMENT

The Company executed a services agreement with Seaport dated October 16, 2019. Under the agreement, Seaport provides office space, IT support, internet and telephone services. The parties also agreed to provide operational support to each other as necessary, regarding post-trade operation functions. The agreement is cancellable without penalty with 90 days notice.

The Company also earns commissions from Seaport. At December 31, 2021 the Company has a net Due from Seaport of \$490,694.

LIQUIDITY FINANCE LP
NOTES TO FINANCIAL STATEMENT

DECEMBER 31, 2021

NOTE 10 – INDEMNIFICATIONS

In the normal course of its business, the Company indemnifies and guarantees certain service providers, such as clearing and custody agents, against specified potential losses in connection with their acting as an agent of, or providing services to, the Company. The Company also indemnifies some clients against potential losses incurred in the event specified third-party service providers, and third-party brokers, improperly executed transactions. The maximum potential amount of future payments that the Company could be required to make under these indemnifications cannot be estimated. However, the Company believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the financial statements for these indemnifications.

NOTE 11 – RELATED PARTY TRANSACTIONS

The statement of financial condition as of December 31, 2021 reflects a receivable from the Parent of \$600,818. This net receivable is primarily the result of the expense sharing costs and for commissions due from the Parent. The due from Parent is non-interest bearing, has no formal repayment terms and is unsecured.

Note 12 -COVID-19

The World Health Organization characterized the outbreak of the novel coronavirus (“COVID-19”) as a global pandemic on March 11, 2020. COVID-19 continues to adversely impact global and domestic commercial activity and has contributed to significant volatility in financial markets.

The Company’s business operations and revenue sources have not been significantly impacted by COVID-19. However, if the financial markets and/or the overall economy are impacted for an extended period, the Company’s future financial results may be materially adversely affected.

NOTE 13-SUBSEQUENT EVENTS

Management has evaluated the Company’s events and transactions that occurred subsequent to December 31, 2021 through April 13, 2022, the date of issuance of these financial statements.

There were no events or transactions that occurred during this period that materially impacted the amounts or disclosures in the Company’s financial statements.
