

Section B.3 Note: Location of Books and Records currently displays the registered address on file in the State of incorporation sourced from State Street's Global Entity Management System. Registrant's preference is to display the operational address where Registrant's books and records are physically maintained and therefore has requested that State Street include an attachment to provide the operational address for each location. In addition, since State Street's Global Entity Management System does not currently include a description of the books and records maintained at each location in response to Item B.3.h, Registrant has included this information in the attachment.
