Prospectus Summary

Our Business

We design, build and distribute a full suite of high-floor and low-floor vehicles, including transit buses, school buses, shuttle buses, a double decker bus and cargo van. We employ a clean-sheet design to manufacture all-electric buses that are purpose built to be battery powered with zero emissions. We integrate global suppliers for key components, such as Siemens or TM4 for the drive motors, Knorr for the brakes, ZF for the axles and Parker or I/O Controls for the dash and control systems. This original equipment manufacturer platform allows us to meet the specifications of various operators while providing standard parts for ease of maintenance and accessibility for warranty requirements.

We are an Original Equipment Manufacturer of Class 4-8 commercial, heavy-duty bus chassis for products ranging from a 25-foot Min-eBus to a 45-foot double decker bus. We utilize various contract manufacturers in Malaysia, Taiwan and China for all of the major components with final assembly in Porterville, California.

We believe our battery-electric commercial vehicles offer fleet operators significant benefits, which include:

- Low total cost-of-ownership vs. conventional gas or diesel-powered vehicles

- Lower maintenance costs
- Reduced fuel expenses
- Satisfaction of government mandates to move to zero-emission vehicles
- Decreased vehicle emissions and reduction in carbon footprint

We currently sell and lease our vehicles to fleet customers directly and through our primary distributor Creative Bus Sales.

We have not yet established an ongoing source of revenues sufficient to cover our operating costs and to allow us to continue as a going concern. As of March 31, 2019, being the end of our most recently completed fiscal year, we had an accumulated deficit of \$(18,706,668). Our ability to continue as a going concern is dependent on our company obtaining adequate capital to fund operating losses until we become profitable. If we are unable to obtain adequate capital, we could be forced to significantly curtail or cease operations. In its report on our financial statements for the year ended March 31, 2019, our auditors included an explanatory paragraph regarding substantial doubt about our ability to continue as a going concern. Our financial statements do not include any adjustments that might result from the outcome of this uncertainty.

The principal executive offices of our company are located at #240 - 209 Carrall Street, Vancouver, British Columbia V6B 2J2, Canada. Our telephone number is (604) 563-4144.

Number of Shares Being Offered

This prospectus covers the resale by the selling shareholders named in this prospectus of up to ~~13,062,754~~ ~~13,114,754~~ common shares of our company and up to 6,557,371 common shares of our company that may be issued upon exercise of warrants.

Number of Shares Outstanding

There were ~~108,207,251~~ ~~107,572,207~~ common shares of our company issued and outstanding as at ~~August~~ ~~September~~ ♦, 2019.

Use of Proceeds

We will not receive any proceeds from the sale of our common shares by the selling shareholders. We may, however, receive proceeds upon exercise of the warrants by the selling shareholders. We will pay for expenses of this offering, except that the selling shareholders will pay any broker discounts or commissions or equivalent expenses and expenses of their legal counsel applicable to the sale of their common shares.

Summary of Financial Data

The following information represents selected financial information for our company for the years ended March 31, 2019, March 31, 2018, and March 31, 2017 ~~from our audited financial statements, as well as the three months ended June 30 2019 and June 30, 2018 from our unaudited financial statements~~. The summarized financial information presented below is derived from and should be read in conjunction with our ~~audited~~ financial statements, including the notes to those financial statements which are included elsewhere in this prospectus along with the section entitled "Operating and Financial Review and Prospects" beginning on page 27 of this prospectus.

Risk Factors

An investment in our common shares involves a number of very significant risks. You should carefully consider the following risks and uncertainties in addition to other information in this prospectus in evaluating our company and our business before making an investment decision about our company. Our business, operating results and financial condition could be seriously harmed as a result of the occurrence of any of the following risks. You could lose all or part of your investment due to any of these risks.

Risks Related to Our Business

We have not reached profitability and currently have negative operating cash flows and a working capital deficit

For the fiscal year ended March 31, 2019, we generated a loss of \$(4,544,151), bringing our accumulated deficit to \$(18,706,668), and had a working capital deficit of \$(155,176). For the three-month period ending June 30, 2019 we generated a loss of \$(1,263,484), bringing our accumulated deficit to \$(19,970,152).

We have minimal revenues, have a significant amount of debt, and expect significant increases in costs and expenses as we invest in expanding our production and operations. Even if we are successful in increasing revenues from sales of our products, we may be unable to achieve positive cash flow or profitability for a number of reasons, including but not limited to, an inability to control production costs, increases in our selling general and administrative expenses, and a reduction in our product sales price due to competitive or other factors. An inability to generate positive cash flow and profitability until we reach a sufficient level of sales with positive gross margins that cover operating expenses, or an inability to raise additional capital on reasonable terms, will adversely affect our viability as an operating business.

We operate in a capital-intensive industry and will require a significant amount of capital to continue operations

If the revenue from the sale of our electric buses, if any, are not sufficient to cover our cash requirements, we will need to raise additional funds through the sale of equity or other securities, or the issuance of additional debt. Financing may not be available at terms that are acceptable to us, if at all.

Our ability to obtain the necessary financing for our business is subject to a number of factors, including general market conditions and investor acceptance of our business plan. These factors may make the timing, amount, terms and conditions of such financing unattractive or unavailable to us. If we are unable to raise sufficient funds we will have to significantly reduce our spending, delay or cancel our planned activities, or substantially change our current operations and plans in order to reduce our cost structure. We might not be able to obtain any funding, and we might not have sufficient resources to conduct our business as projected, both of which could mean that we would be forced to curtail or discontinue our operations.

Developments in alternative technologies or improvements in the internal combustion engine may materially adversely affect the demand for our electric vehicles

Significant developments in alternative technologies, such as advanced diesel, ethanol, fuel cells or compressed natural gas, or improvements in the fuel economy of the internal combustion engine, may materially and adversely affect our business and prospects in ways we do not currently anticipate. For example, fuel which is abundant and relatively inexpensive in North America, such as compressed natural gas, may emerge as consumers' preferred alternative to petroleum-based propulsion. Any failure by us to develop new or enhanced technologies or processes, or to react to changes in existing technologies, could materially delay our development and introduction of new and enhanced electric vehicles, which could result in the loss of competitiveness of our vehicles, decreased revenue and a loss of market share to competitors.

If we are unable to keep up with advances in electric vehicle technology, we may suffer a decline in our competitive position

We may be unable to keep up with changes in electric vehicle technology and, as a result, may suffer a decline in our competitive position. Any failure to keep up with advances in electric vehicle technology would result in a decline in our competitive position which would materially and adversely affect our business, prospects, operating results and financial condition. Our research and development efforts may not be sufficient to adapt to changes in electric vehicle technology. As technologies change we plan to upgrade or adapt our vehicles and introduce new models to continue to provide vehicles with the latest technology. However, our vehicles may not compete effectively with alternative vehicles if we are not able to source and integrate the latest technology into our vehicles at a competitive price. For example, we do not manufacture battery cells or drive motors which makes us dependent upon suppliers of these products for our vehicles.

The majority of our manufacturing is currently contracted out to third party manufacturers and we are dependent on these manufacturers to operate competitively

We currently contract out the majority of the manufacturing of our vehicles to third party manufacturers in Asia, with final assembly performed by our employees in North America. As a result, we are dependent on third party manufacturers to manufacture our vehicles according to our specifications and quality, at a competitive cost and within agreed upon timeframes. If our chosen manufacturing vendors are unable or unwilling to perform these functions then our financial results and reputation may suffer, which may prevent us from being able to continue as a going concern. In addition, we are subject to inherent risks involved in shipping our vehicles from these primary manufacturers to our facilities in North America. During the shipping process our vehicles are subject to theft, loss or damage due to a number of factors, some of which we may be unable to insure cost-effectively, if at all.

We may need to defend ourselves against intellectual property infringement claims, which may be time-consuming and could cause us to incur substantial costs.

Others, including our competitors, may hold or obtain patents, copyrights, trademarks or other proprietary rights that could prevent, limit or interfere with our ability to make, use, develop, sell or market our products and services, which could make it more difficult for us to operate our business. From time to time, the holders of such intellectual property rights may assert their rights and urge us to take licenses, and/or may bring suits alleging infringement or misappropriation of such rights. We may consider the entering into licensing agreements with respect to such rights, although no assurance can be given that such licenses can be obtained on acceptable terms or that litigation will not occur, and such licenses could significantly increase our operating expenses. In addition, if we are determined to have infringed upon a third party's intellectual property rights, we may be required to cease making, selling or incorporating certain components or intellectual property into the goods and services we offer, to pay substantial damages and/or license royalties, to redesign our products and services, and/or to establish and maintain alternative branding for our products and services. In the event that we were required to take one or more such actions, our business, prospects, operating results and financial condition could be materially adversely affected. In addition, any litigation or claims, whether or not valid, could result in substantial costs, negative publicity and diversion of resources and management attention.

We depend on certain key personnel, and our success will depend on our continued ability to retain and attract such qualified personnel

Our success depends on the efforts, abilities and continued service of our executive officers and management. A number of these key employees have significant experience in the electric vehicle industry, and valuable relationships with our suppliers, customers, and other industry participants. A loss of service from any one of these individuals may adversely affect our operations, and we may have difficulty or may be unable to locate and hire a suitable replacement. We have not obtained any "key person" insurance on any of our executives or managers.

We are subject to numerous environmental and health and safety laws and any breach of such laws may have a material adverse effect on our business and operating results

We are subject to numerous environmental and health and safety laws, including statutes, regulations, bylaws and other legal requirements. These laws relate to the generation, use, handling, storage, transportation and disposal of regulated substances, including hazardous substances (such as batteries), dangerous goods and waste, emissions or discharges into soil, water and air, including noise and odors (which could result in remediation obligations), and occupational health and safety matters, including indoor air quality. These legal requirements vary by location and can arise under federal, provincial, state or municipal laws. Any breach of such laws, regulations or requirements would have a material adverse effect on our company and its operating results.

Our vehicles are subject to motor vehicle standards and the failure to satisfy such mandated safety standards would have a material adverse effect on our business and operating results.

All vehicles sold must comply with federal, state and provincial motor vehicle safety standards. In both Canada and the United States vehicles that meet or exceed all federally mandated safety standards are certified under the federal regulations. In this regard, Canadian and U.S. motor vehicle safety standards are substantially the same. Rigorous testing and the use of approved materials and equipment are among the requirements for achieving federal certification. Failure by us to have our current or future electric vehicles satisfy motor vehicle standards would have a material adverse effect on our business and operating results.

If our vehicles fail to perform as expected, our ability to continue to develop, market and sell our electric vehicles could be harmed

Our vehicles may contain defects in design and manufacture that may cause them not to perform as expected or that may require repair. For example, our vehicles use technologically complex battery management software to operate. Given the inherent complexity of this software, it may contain defects and errors which would adversely impact the operation of our vehicles. While we have performed extensive testing of our vehicles, we currently have a limited frame of reference to evaluate the performance of our vehicles in the hands of our customers under a range of operating conditions.

We may not succeed in establishing, maintaining and strengthening the GreenPower brand, which would materially and adversely affect customer acceptance of our vehicles and components and our business, revenues and prospects.

Our business and prospects heavily depend on our ability to develop, maintain and strengthen the GreenPower brand. Any failure to develop, maintain and strengthen our brand may materially and adversely affect our ability to sell our planned electric vehicles. If we are not able to establish, maintain and strengthen our brand, we may lose the opportunity to expand our customer base. Promoting and positioning our brand will depend significantly on our ability to provide high quality electric vehicles and maintenance and repair services, and we have limited experience in these areas. In addition, we expect that our ability to develop, maintain and strengthen the GreenPower brand will also depend heavily on the success of our marketing efforts. To date we have limited experience with marketing activities as we have relied primarily on the internet, word of mouth and attendance at industry trade shows to promote our brand. To further promote our brand, we may be required to change our marketing practices, which could result in substantially increased advertising expenses. We operate in a competitive industry, and we may not be successful in building, maintaining and strengthening our brand. Many of our current and potential competitors, particularly automobile manufacturers headquartered in the United States, Japan and the European Union have greater name recognition, broader customer relationships and substantially greater marketing resources than we do. If we do not develop and maintain a strong brand, our business, prospects, financial condition and operating results will be materially and adversely impacted.

We are dependent on our suppliers, many of which are single-source suppliers, and the inability of these suppliers to deliver necessary components of our products according to our schedule and at prices, quality levels and volumes acceptable to us, or our inability to efficiently manage these components, could have a material adverse effect on our financial condition and operating results.

Our products contain numerous purchased parts which we source globally directly from suppliers, many of which are single-source suppliers, although we attempt to qualify and obtain components from multiple sources whenever feasible. Any significant increases in our production may require us to procure additional components in a short amount of time, and in the past we have also replaced certain suppliers because of their failure to provide components that met our quality control standards or our timing requirements. There is no assurance that we will be able to secure additional or alternate sources of supply for our components or develop our own replacements in a timely manner, if at all. If we encounter unexpected difficulties with key suppliers, and if we are unable to fill these needs from other suppliers, we could experience production delays and potential loss of access to important technology and parts for producing, servicing and supporting our products.

This limited, and in many cases single source, supply chain exposes us to multiple potential sources of delivery failure or component shortages for production of our products. Furthermore, unexpected changes in business conditions, materials pricing, labor issues, wars, governmental changes, and natural disasters could also affect our suppliers' ability to deliver components to us on a timely basis. The loss of any single or limited source supplier or the disruption in the supply of components from these suppliers could lead to product design changes and delays in product deliveries to our customers, which could hurt our relationships with our customers and result in negative publicity, damage to our brand and a material and adverse effect on our business, prospects, financial condition and operating results.

Changes in our supply chain may lead to an increased cost for our products. We have also experienced cost increases from certain of our suppliers in order to meet our quality targets and timelines as well as due to our design

changes, and we may experience similar cost increases in the future. Certain suppliers have sought to renegotiate the terms of supply arrangements. Additionally, we are negotiating with existing suppliers for cost reductions and are seeking new and less expensive suppliers for certain parts. If we are unsuccessful in our efforts to control and reduce supplier costs, our operating results will suffer.

There is no assurance that our suppliers will be able to sustainably and timely meet our cost, quality and volume needs. Furthermore, as the scale of our vehicle production increases, we will need to accurately forecast, purchase, warehouse and transport to our manufacturing facilities components at much higher volumes. If we are unable to accurately match the timing and quantities of component purchases to our actual needs, or successfully manage our inventory to accommodate the increased complexity in our supply chain, we may incur unexpected production disruption, storage, transportation and write-off costs, which could have a material adverse effect on our financial condition and operating results.

The reduction or elimination of government and economic incentives, funding approval or the delay in the timing of advancing funding that has been approved, in particular in the state of California, could have a material adverse effect on our business, financial condition, operating results and prospects.

Any reduction, elimination or discriminatory application of government subsidies and economic incentives because of policy changes, the reduced need for such subsidies and incentives for electric vehicles may result in the diminished competitiveness of the alternative fuel vehicle industry generally or our electric vehicles in particular. This could materially and adversely affect the growth of the alternative fuel automobile markets and our business, prospects, financial condition and operating results.

Our vehicles are eligible for vouchers from specific government programs, including the Hybrid and Zero-Emission Truck and Bus Voucher Incentive Project from the California Air Resources Board in partnership with Calstart, and the Specialty-Use Vehicle Incentive Program funded by the Province of British Columbia, Canada. The ability for potential purchasers to receive funding from these programs is subject to the risk of the programs being funded by governments, and the risk of the delay in the timing of advancing funds to the specific programs. To the extent that program funding is not approved, or if the funding is approved but timing of advancing of funds is delayed, subject to cancellation, or otherwise uncertain, this could have a material adverse effect on our business, financial condition, operating results and prospects.

To date the vast majority of our electric vehicle sales have been in the state of California, in part due to subsidies and grants for electric vehicles and electric charging infrastructure available from the California state government. In some cases these grants or subsidies have covered the entire vehicle cost, and in many cases the grants or subsidies have reduced the net cost to our customers to a point that the vehicle is less expensive than purchasing a comparable diesel powered vehicle. Any reduction or elimination of the grants or incentives in the state of California would have a material negative impact on our business, financial condition, operating results and prospects.

If we fail to manage future growth effectively, we may not be able to market and sell our vehicles successfully.

Any failure to manage our growth effectively could materially and adversely affect our business, prospects, operating results and financial condition. We are expecting significant growth in sales, and are currently expanding our employees, facilities and infrastructure in order to accommodate this growth. Our future operating results depend to a large extent on our ability to manage this expansion and growth successfully. Risks that we face in undertaking this expansion include:

- training new personnel;

-
- forecasting production and revenue;
 - controlling expenses and investments in anticipation of expanded operations;
 - establishing or expanding manufacturing, sales and service facilities;
 - implementing and enhancing administrative infrastructure, systems and processes;
 - addressing new markets; and
 - establishing international operations.

We intend to continue to hire a number of additional personnel, including manufacturing personnel and service technicians for our electric vehicles. There is significant competition for individuals with experience manufacturing and servicing electric vehicles, and we may not be able to attract, assimilate, train or retain additional highly qualified personnel in the future. The failure to attract, integrate, train, motivate and retain these additional employees could seriously harm our business and prospects.

Our business may be adversely affected by labor and union activities.

Although none of our employees are currently represented by a labor union, it is common throughout the automobile industry for employees to belong to a union. Having a unionized workforce may result in higher employee costs and increased risk of work stoppages. Additionally, we are in the process of expanding our in-house manufacturing capabilities and increasing the number of employees in this area. If our employees engaged in manufacturing were to unionize, this may increase our future production costs and negatively impact our gross margins and financial results.

We also directly and indirectly depend upon other companies with unionized work forces, such as parts suppliers and trucking and freight companies, and work stoppages or strikes organized by such unions could have a material adverse impact on our business, financial condition or operating results. If a work stoppage occurs within our business, or in one of our key suppliers, it could delay the manufacture and sale of our electric vehicles and have a material adverse effect on our business, prospects, operating results and financial condition.

We may become subject to product liability or warranty claims, which could harm our financial condition and liquidity if we are not able to successfully defend or insure against such claims.

We may become subject to product liability or warranty claims, which could harm our business, prospects, operating results and financial condition. The automobile industry experiences significant product liability claims and we face inherent risk of exposure to claims in the event our vehicles do not perform as expected or malfunction resulting in personal injury or death. Our risks in this area are particularly pronounced given our vehicles have only been operating for a short period of time. A successful product liability claim against us could require us to pay a substantial monetary award. Moreover, a product liability claim could generate substantial negative publicity about our vehicles and business which would have a material adverse effect on our brand, business, prospects and operating results.

Global economic conditions could materially adversely impact demand for our products and services.

Our operations and performance depend significantly on economic conditions. Uncertainty about global economic conditions could result in customers postponing purchases of our products and services in response to tighter credit, unemployment, negative financial news and/or declines in income or asset values and other macroeconomic factors,

which could have a material negative effect on demand for our products and services and, accordingly, on our business, results of operations or financial condition.

We are vulnerable to a growing trade dispute between the United States and China

A growing trade dispute between the United States and China could lead to an increase in the cost of certain parts and manufactured goods that we import from China to the United States. Recently, the current U.S. administration has imposed tariffs of \$34 billion on Chinese exports, including a 25% duty on cars built in China and shipped to the United States. Following the imposition of these tariffs, China has imposed additional tariffs on U.S. goods manufactured in the United States and exported to China. Subsequently, the U.S. administration indicated that it may impose tariffs on up to \$500 billion of goods manufactured in China and imported into the United States. These tariffs may escalate a nascent trade war between China and the United States. This trade conflict could affect our business because some of our vehicles are being manufactured in China, and some of the parts we use for our vehicles are purchased from Chinese manufacturers. If a trade war were to escalate or if tariffs on any of the products or goods we import from China to the United States were to increase, we may be unable to pass on these higher costs which would negatively impact our financial performance and financial position.

Servicing our indebtedness requires a significant amount of cash, and there is no guarantee that we will have sufficient cash flow from our business to pay our substantial indebtedness.

As of March 31, 2019, we had approximately US\$4.4 million drawn on our line of credit, and approximately CDN\$5.6 million in convertible debentures outstanding, and as of June 30, 2019 we had approximately US\$4.9 million drawn on our line of credit, and approximately CDN\$5.6 million in convertible debentures outstanding. Our substantial consolidated indebtedness may increase our vulnerability to any generally adverse economic and industry conditions. We and our subsidiaries may, subject to the limitations in the terms of our existing and future indebtedness, incur additional debt, secure existing or future debt or recapitalize our debt.

Our ability to make scheduled payments of the interest on our indebtedness when due, or to make payments upon repurchase demands with respect to our line of credit, or to refinance our indebtedness as we may need or desire, depends on our future performance, which is subject to economic, financial, competitive and other factors beyond our control. Our business may not continue to generate cash flow from operations in the future sufficient to satisfy our obligations under our existing indebtedness, and any future indebtedness we may incur, and to make necessary capital expenditures. If we are unable to generate such cash flow, we may be required to adopt one or more alternatives, such as reducing or delaying investments or capital expenditures, selling assets, refinancing or obtaining additional equity capital on terms that may be onerous or highly dilutive. Our ability to refinance existing or future indebtedness will depend on the capital markets and our financial condition at such time. In addition, our ability to make payments may be limited by law, by regulatory authority or by agreements governing our future indebtedness. We may not be able to engage in any of these activities or engage in these activities on desirable terms or at all, which could result in a default on our existing or future indebtedness and have a material adverse effect on our business, results of operations and financial condition.

Our line of credit contains covenant restrictions that may limit our ability to operate our business.

The terms of our line of credit contains, and future debt agreements we enter into may contain, covenant restrictions that limit our ability to operate our business, including restrictions on our ability to, among other things, incur additional debt or issue guarantees, create liens, and make certain dispositions of property or assets. As a result of these covenants, our ability to respond to changes in business and economic conditions and engage in beneficial transactions, including to obtain additional financing as needed, may be restricted. Furthermore, our failure to comply with our debt covenants could result in a default under our line of credit, which would permit the lender to demand repayment. If a demand is made for us to repay our line of credit, we may not have sufficient funds available to repay it.

Risks Related to Our Company

It may be difficult for non-Canadian investors to obtain and enforce judgments against us because of our Canadian incorporation and presence.

We are a corporation existing under the laws of British Columbia, Canada. Some of our directors and officers, and the experts named in this prospectus, are residents of Canada, and all or a substantial portion of their assets, and a substantial portion of our assets, are located outside the United States. Consequently, although we have appointed an agent for service of process in the United States, it may be difficult for holders of our common shares who reside in the United States to effect service within the United States upon our directors and officers and experts who are not residents of the United States. It may also be difficult for holders of our common shares who reside in the United States to realize in the United States upon judgments of courts of the United States predicated upon our civil liability and the civil liability of our directors, officers and experts under the United States federal securities laws. Investors should not assume that Canadian courts (i) would enforce judgments of United States courts obtained in actions against us or our directors, officers or experts predicated upon the civil liability provisions of the United States federal securities laws or the securities or "blue sky" laws of any state within the United States or (ii) would enforce, in original actions, liabilities against us or our directors, officers or experts predicated upon the United States federal securities laws or any such state securities or "blue sky" laws.

We are an "emerging growth company," and we cannot be certain if the reduced reporting requirements applicable to emerging growth companies will make our common shares less attractive to investors.

We are an "emerging growth company," as defined in the Jumpstart Our Business Startups Act of 2012, or the "JOBS Act". For as long as we continue to be an emerging growth company, we may take advantage of exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies, including not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act of 2002, reduced disclosure obligations regarding executive compensation in our periodic reports and exemptions from the requirements of holding a non-binding advisory vote on executive compensation and shareholder approval of any golden parachute payments not previously approved.

We will cease to be an emerging growth company upon the earliest of:

- the last day of the fiscal year during which we have total annual gross revenues of \$1,000,000,000 (as such amount is indexed for inflation every five years by the Securities and Exchange Commission or more);
- the last day of our fiscal year following the fifth anniversary of the completion of our first sale of common equity securities pursuant to an effective registration statement under the Securities Act of 1933;
- the date on which we have, during the previous three-year period, issued more than \$1,000,000,000 in non-convertible debt; or
- the date on which we are deemed to be a "large accelerated filer", as defined in Rule 12b-2 of the Securities Exchange Act of 1934.

We cannot predict if investors will find our common shares less attractive because we may rely on these exemptions. If some investors find our common shares less attractive as a result, there may be a less active trading market for our common shares and our share price may be more volatile.

As a foreign private issuer, we are not subject to certain United States securities law disclosure requirements that apply to a domestic United States issuer, which may limit the information that would be publicly available to our shareholders.

As a foreign private issuer, we will be exempt from certain rules under the Securities Exchange Act of 1934 that impose disclosure requirements as well as procedural requirements for proxy solicitations under Section 14 of the Securities Exchange Act of 1934 if our common shares are registered pursuant to Section 12 of the Securities Exchange Act of 1934. In addition, our officers, directors and principal shareholders will be exempt from the reporting and "short-swing" profit recovery provisions of Section 16 of the Securities Exchange Act of 1934 if our common shares are registered pursuant to Section 12 of the Securities Exchange Act of 1934. Moreover, we are not required to file periodic reports and financial statements with the Securities and Exchange Commission as frequently or as promptly as a company that files as a U.S. domestic issuer whose securities are registered under the Securities Exchange Act of 1934, nor are we generally required to comply with the Securities and Exchange Commission's Regulation FD, which restricts the selective disclosure of material non-public information. For as long as we are a "foreign private issuer" we intend to file our annual financial statements on Form 20-F and furnish our quarterly updates on Form 6-K to the Securities and Exchange Commission for so long as we are subject to the reporting requirements of Section 13(g) or 15(d) of the Securities Exchange Act of 1934. However, the information we file or furnish is not the same as the information that is required in annual and quarterly reports on Form 10-K or Form 10-Q for U.S. domestic issuers. Accordingly, there may be less information publicly available concerning us than there is for a company that files as a U.S. domestic issuer.

Our shareholders approved a shareholder rights plan which may be implemented by management and may impede a change in control

Our shareholders approved a shareholder rights plan which has not been implemented by management, but which, if implemented, may impede a change in control. The shareholder rights plan provides for the issuance of one right for each common share of the company outstanding, and the rights become separable and exercisable upon the receipt of a take-over bid or similar proposal other than those meeting certain conditions or those that are exempted by our board of directors. The potential for the rights becoming separable and exercisable may have the effect of impeding a change of control of the company.

Risks Related to Our Common Shares

Because we can issue additional common shares or preferred shares, our shareholders may experience dilution in the future.

We are authorized to issue an unlimited number of common shares without par value and an unlimited number of preferred shares without par value. Our board of directors has the authority to cause us to issue additional common shares or preferred shares and to determine the special rights and restrictions of the shares of one or more series of our preferred shares, without consent of our shareholders. The issuance of any such securities may result in a reduction of the book value or market price of our common shares. Given the fact that we have not achieved profitability or generated positive cash flow historically, and we operate in a capital intensive industry with significant working capital requirements, we may be required to issue additional common equity or securities that are dilutive to existing common shares in the future in order to continue its operations. Our efforts to fund our intended business plan may result in dilution to existing shareholders. Further, any such issuances could result in a change of control or a reduction in the market price for our common shares.

The market price of our common shares may be volatile and may fluctuate in a way that is disproportionate to our operating performance.

Our common shares are quoted on the OTCQX operated by the OTC Markets Group and listed on the TSX Venture Exchange. Trading of shares on the OTCQX or TSX Venture Exchange is often characterized by wide fluctuations in trading prices, due to many factors that may have little to do with our operations or business prospects.

The volume of trading in our common shares has been low and the share price has fluctuated significantly. This volatility could depress the market price of our common shares for reasons unrelated to operating performance. The market price of our common shares could decline due to the impact of any of the following factors upon the market price of our common shares:

- sales or potential sales of substantial amounts of our common shares;
- announcements about us or about our competitors;
- litigation and other developments relating to our company or those of our suppliers or our competitors;
- conditions in the automobile industry;
- governmental regulation and legislation;
- variations in our anticipated or actual operating results;
- change in securities analysts' estimates of our performance, or our failure to meet analysts' expectations;
- change in general economic conditions or trends;
- changes in capital market conditions or in the level of interest rates; and
- investor perception of our industry or our prospects.

Many of these factors are beyond our control. The stock markets in general, and the market price of common shares of vehicle companies in particular, have historically experienced extreme price and volume fluctuations. These fluctuations often have been unrelated or disproportionate to the operating performance of these companies. These broad market and industry factors could reduce the market price of our common shares, regardless of our actual operating performance.

Volatility in our common share price may subject us to securities litigation

The market for our common shares may have, when compared to seasoned issuers, significant price volatility, and we expect that our share price may continue to be more volatile than that of a seasoned issuer for the foreseeable future. In the past, plaintiffs have often initiated securities class action litigation against a company following periods of volatility in the market price of its securities. We may, in the future, be the target of similar litigation. Securities litigation could result in substantial costs and liabilities and could divert management's attention and resources away from the day to day business operations.

Our common shares are thinly traded, and you may be unable to sell your shares at a reasonable price, or sell your shares at all

Our common shares are quoted on the OTCQX operated by the OTC Markets Group and listed on the TSX Venture Exchange. Trading of shares on the OTCQX or TSX Venture Exchange is often more sporadic than the trading of securities listed on a stock exchange like the NASDAQ, the NYSE or the Toronto Stock Exchange. In the quarter ended March 31, 2019, our average daily trading volume on the OTCQX was approximately 13,650 shares, and for the quarter ended June 30, 2019 our average daily trading volume on the OTCQX was approximately 12,739 shares, and there were several trading days in each~~the~~ quarter when no shares were traded. Our common shares may continue to be "thinly-traded", meaning that the number of persons interested in purchasing our common shares at or

near bid prices at any given time may be relatively small or non-existent. This situation may be attributable to a number of factors, including that we are relatively unknown to stock analysts, stock brokers, institutional investors and others in the investment community that generate or influence sales volume, and that even if we came to the attention of such persons, they may be reluctant or unwilling to follow an unproven company such as ours or purchase or recommend the purchase of our shares until such time as we have a longer operating history. As a consequence, there may be periods of time when trading activity in our shares is minimal or non-existent as compared to a seasoned issuer which has a large and steady volume of trading activity that will generally support continuous sales without an adverse effect on share price. A broad or active public trading market for our common shares may not develop or, if one were to develop, may not be sustained.

A prolonged and substantial decline in the price of our common shares could affect our ability to raise further working capital, thereby adversely impacting our ability to continue operations.

A prolonged and substantial decline in the price of our common shares could result in a reduction in the liquidity of our common shares and a reduction in our ability to raise capital. Because we plan to acquire a significant portion of the funds we need in order to conduct our planned operations through the sale of equity securities, a decline in the price of our common shares could be detrimental to our liquidity and our operations because the decline may cause investors not to choose to invest in our shares. If we are unable to raise the funds we require for all our planned operations and to meet our existing and future financial obligations, we may be forced to reallocate funds from other planned uses and may suffer a significant negative effect on our business plan and operations, including our ability to develop new products and continue our current operations. As a result, our business may suffer, and we may go out of business.

Because we do not intend to pay any cash dividends on our common shares in the near future, our shareholders will not be able to receive a return on their shares unless they sell them.

We intend to retain any future earnings to finance the development and expansion of our business. We do not anticipate paying any cash dividends on our common shares in the near future. The declaration, payment and amount of any future dividends will be made at the discretion of our board of directors, and will depend upon, among other things, the results of operations, cash flows and financial condition, operating and capital requirements, and other factors as the board of directors considers relevant. There is no assurance that future dividends will be paid, and if dividends are paid, there is no assurance with respect to the amount of any such dividend. Unless we pay dividends, our shareholders will not be able to receive a return on their shares unless they sell them.

Our common shares are penny stock. Trading of our common shares may be restricted by the Securities and Exchange Commission's penny stock regulations, which may limit a shareholder's ability to buy and sell our common shares.

Our common shares are penny stock. The Securities and Exchange Commission has adopted Rule 15c-9 which generally defines "penny stock" to be any equity security that has a market price (as defined) less than \$5.00 per share or an exercise price of less than \$5.00 per share, subject to certain exceptions. Our securities are covered by the penny stock rules, which impose additional sales practice requirements on broker-dealers who sell to persons other than established customers and "accredited investors". The term "accredited investor" refers generally to institutions with assets in excess of \$5,000,000 or individuals with a net worth in excess of \$1,000,000 or annual income exceeding \$200,000 or \$300,000 jointly with their spouse. The penny stock rules require a broker-dealer, prior to a transaction in a penny stock not otherwise exempt from the rules, to deliver a standardized risk disclosure document in a form prepared by the SEC which provides information about penny stocks and the nature and level of risks in the penny stock market. The broker-dealer also must provide the customer with current bid and offer quotations for the penny stock, the compensation of the broker-dealer and its salesperson in the transaction and monthly account statements showing the market value of each penny stock held in the customer's account. The bid and offer quotations, and the broker-dealer and salesperson compensation information, must be given to the customer orally or in writing prior to effecting the transaction and must be given to the customer in writing before or with the customer's confirmation. In addition, the penny stock rules require that prior to a transaction in a penny stock not otherwise exempt from these rules, the broker-dealer must make a special written determination that the penny stock is a suitable investment for the purchaser and receive the purchaser's written agreement to the transaction. These disclosure requirements may have the effect of reducing the level of trading activity in the

secondary market for the common shares that are subject to these penny stock rules. Consequently, these penny stock rules may affect the ability of broker-dealers to trade our securities. We believe that the penny stock rules discourage investor interest in, and limit the marketability of, our common shares.

The Financial Industry Regulatory Authority sales practice requirements may also limit a shareholder's ability to buy and sell our common shares.

In addition to the "penny stock" rules promulgated by the Securities and Exchange Commission, the Financial Industry Regulatory Authority has adopted rules that require that in recommending an investment to a customer, a broker-dealer must have reasonable grounds for believing that the investment is suitable for that customer. Prior to recommending speculative low priced securities to their non-institutional customers, broker-dealers must make reasonable efforts to obtain information about the customer's financial status, tax status, investment objectives and other information. Under interpretations of these rules, the Financial Industry Regulatory Authority believes that there is a high probability that speculative low-priced securities will not be suitable for at least some customers. The Financial Industry Regulatory Authority requirements make it more difficult for broker-dealers to recommend that their customers buy our common shares, which may limit your ability to buy and sell our shares.

Forward-Looking Statements

This prospectus contains forward-looking statements. Forward-looking statements are projections in respect of future events or our future financial performance. In some cases, you can identify forward-looking statements by terminology such as "may", "should", "intend", "expect", "plan", "anticipate", "believe", "estimate", "predict", "potential", or "continue" or the negative of these terms or other comparable terminology. These statements are only predictions and involve known and unknown risks, including the risks in the section entitled "Risk Factors", uncertainties and other factors, which may cause our company's or our industry's actual results, levels of activity or performance to be materially different from any future results, levels of activity or performance expressed or implied by these forward-looking statements. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity or performance. Except as required by applicable law, including the securities laws of the United States and Canada, we do not intend to update any of the forward-looking statements to conform these statements to actual results.

Information on Our Company

History and Development of Our Company

We are a corporation incorporated under the Business Corporations Act (British Columbia) in British Columbia, Canada under the name "GreenPower Motor Company Inc." with an authorized share structure of unlimited number of common shares and preferred shares without par value. Our principal place of business is located at Suite 209 - 240 Carrall Street, Vancouver, British Columbia V6J 2B2, Canada and our telephone number is (604) 563-4144. Our registered agent in the United States is GKL Corporate/Search, Inc., located at One Capitol Mall, Suite 660, Sacramento, California 95814 and its telephone number is (800) 446-5455.

History of Our Company

Our company was incorporated under the *Business Corporations Act* (British Columbia) on March 30, 2010 as "Oakmont Capital Corp." Oakmont Capital Corp.'s authorized capital consisted of an unlimited number of common and preferred shares. On June 17, 2011, Oakmont Capital Corp. completed an initial public offering of 4,000,000 common shares for gross proceeds of CDN\$400,000 and the Oakmont Capital Corp. shares began trading on the TSX Venture Exchange on June 21, 2011 under the symbol "OMK.P". Prior to completing its Qualifying Transaction (as defined in the policies of the TSX Venture Exchange), Oakmont Capital Corp. was a capital pool company listed for trading on the TSX Venture Exchange in Canada. A capital pool company is a company with no

assets other than cash and no commercial operations. The capital pool company uses its funds to seek out an investment opportunity.

On October 25, 2012, Oakmont Capital Corp. entered into a share exchange agreement with 0939181 B.C. Ltd., pursuant to which Oakmont Capital Corp. agreed to acquire 0939181 B.C. Ltd., which would constitute Oakmont Capital Corp.'s Qualifying Transaction. On July 3, 2013, the TSX Venture Exchange accepted Oakmont Capital Corp.'s Qualifying Transaction. Oakmont Capital Corp. then became a Tier 2 Mining Issuer on the TSX Venture Exchange. On July 3, 2013, Oakmont Capital Corp. also changed its name to "Oakmont Minerals Corp." The common shares of Oakmont Minerals Corp. began trading on the TSX Venture Exchange under the symbol "OMK" on July 8, 2013. Oakmont Minerals Corp. was then a natural resource company engaged in the acquisition and exploration of resource properties, with its focus on the Utah Manganese Properties, which included four separate properties (known as Duma Point, Dubinky Well, Moab Fault and Flat Iron) consisting of 150 mineral claims totaling 1,250 hectares held 100% by Utah Manganese Inc., a wholly-owned subsidiary of 0939181 B.C. Ltd. Oakmont Minerals Corp. was engaged in the exploration of the Utah Manganese Properties to determine the presence of geo-chemical characteristics that could support small-to-medium scale extraction of minerals suitable for use in specialty high strength steel production. Oakmont Minerals Corp. remained in the exploration stage and did not generate revenues or income from operations.

On December 23, 2014, 0999314 B.C. Ltd., a British Columbia corporation and a wholly-owned subsidiary of Oakmont Minerals Corp. completed an amalgamation with GreenPower Motor Company Inc., a British Columbia corporation, pursuant to an amalgamation agreement between Oakmont Minerals Corp., 0999314 B.C. Ltd., and GreenPower Motor Company Inc. dated April 14, 2014. The amalgamated company (with the name "0999314 B.C. Ltd.") became a wholly-owned subsidiary of Oakmont Minerals Corp. and Oakmont Minerals Corp. changed its name to "GreenPower Motor Company Inc." and the common shares of GreenPower Motor Company Inc. (formerly Oakmont Minerals Corp.) were consolidated on the basis of two pre-consolidation shares for each post-consolidation share. And our common shares began trading under the symbol "GPV" on the TSX Venture Exchange effective December 30, 2014. For accounting purposes, this amalgamation was considered a reverse take-over whereby GreenPower Motor Company Inc. was considered the acquiring company of Oakmont Minerals Corp. Subsequent to the completion of the amalgamation, the business of GreenPower Motor Company Inc. became the business of the amalgamated company.

Prior to the amalgamation on December 23, 2014, GreenPower Motor Company Inc., the acquiring company of Oakmont Minerals Corp. for the accounting purposes, was incorporated on September 18, 2007 as "Blackrock Resources Ltd." under the *Business Corporations Act* (British Columbia), with an authorized share structure of unlimited number of common shares and preferred shares without par value. Pursuant to share purchase agreements dated September 30, 2013, Blackrock Resources Ltd. completed a reverse takeover transaction with GP GreenPower Industries Inc., whereby it acquired all of the issued and outstanding shares of GP GreenPower Industries Inc. in exchange for the issuance of 47,534,402 common shares of Blackrock Resources Ltd. In connection with the reverse takeover transaction with GP GreenPower Industries Inc., Blackrock Resources Ltd. changed its name from "Blackrock Resources Ltd." to its then name, "GreenPower Motor Company Inc.", on July 22, 2013.

In May 2015, our common shares were approved for trading on the OTCQB in the United States under the trading symbol "GPVRF".

In October 2015, we announced the sale of two school buses to Adomani Inc. and appointed Adomani Inc. as a non-exclusive authorized factory sales representative for school buses in California. In November 2015, we entered into a letter of intent with the Greater Victoria Harbour Authority and CVS Cruise Victoria Ltd. to lease our EV 550 double decker buses. The buses were delivered to CVS Cruise Victoria Ltd. in February 2018. By mid-2016, our company was offering a suite of transit buses ranging in length from 30 feet to 60 feet, a 45-foot coach bus, a 45-foot double decker, and a school bus.

In December 2016, we announced that the California Air Resources Board had awarded \$9.5 million to the City of Porterville to deploy 10 GreenPower EV 350 40-foot transit buses and to install 11 charging stations on its transit routes. Two EV 350 buses were delivered to the City of Porterville in the year ended March 31, 2018, and another 6 buses were delivered in the year ended March 31, 2019. The 9th bus was delivered in May 2019 and the final bus is expected to be delivered to the City of Porterville during the summer of 2019.

In June 2018, our company appointed Creative Bus Sales as our exclusive sales agent. Creative Bus Sales is the largest bus dealer in the United States, with 18 physical locations, a 75-person sales team and more than 200 service and support staff. During the year ended March 31, 2019, we delivered 14 buses to customers, pursuant to vehicle leases and vehicle sales. The customers were all located in the state of California, and include Sacramento Regional Transit, the University of California San Francisco, the Port of Oakland, Airline Coach Services and the City of Porterville. On November 14, 2018, Utah Manganese Inc., the wholly-owned subsidiary of 0939181 B.C. Ltd., the company with which Oakmont Capital Corp. effected its Qualifying Transaction in 2013, changed its name from "Utah Manganese Inc." to "San Joaquin Valley Equipment Leasing Inc." and San Joaquin Valley Equipment Leasing Inc. is now used by GreenPower Motor Company Inc. to enter into lease agreements to lease its buses.

The principal capital expenditures of our company have been investments in a 9.3 acre parcel of land in the City of Porterville (carrying value of \$794,431 as at March 31, 2019) and in electric buses and EV equipment (one Synapse shuttle, three EV 350 buses and ancillary equipment) (carrying value of \$799,093 as at March 31, 2019). Two EV 350 buses are currently being leased to customers. All three of the buses are located in California. We are in the process of obtaining building permits from the City of Porterville to develop a manufacturing facility and office building on the land in Porterville. To date, our principal capital expenditures have been funded with capital which has been sourced from our company's sale of convertible debentures, warrants and common shares, proceeds from the exercise of warrants for common shares, loans from related parties, and from our company's \$5 million operating credit line with the Bank of Montreal.

There have been no indications of any public takeover offers by third parties in respect of our company's shares or by our company in respect of other companies' shares which have occurred during the last and current financial year.

Business Overview

We design, build and distribute a full suite of high-floor and low-floor vehicles, including transit buses, school buses, shuttle buses, a double decker bus and cargo van. We employ a clean-sheet design to manufacture all-electric buses that are purpose built to be battery powered with zero emissions. We integrate global suppliers for key components, such as Siemens or TM4 for the drive motors, Knorr for the brakes, ZF for the axles and Parker or I/O Controls for the dash and control systems. This OEM platform allows our company to meet the specifications of various operators while providing standard parts for ease of maintenance and accessibility for warranty requirements.

We are an Original Equipment Manufacturer ("OEM") of Class 4-8 commercial, heavy-duty bus chassis for products ranging from a 25-foot Min-eBus to a 45 foot double decker bus. We utilize various contract manufacturers in Malaysia, Taiwan and China for all of the major components with final assembly in Porterville, California. We are planning to expand our manufacturing capabilities with component manufacturing in Porterville.

We believe our battery-electric commercial vehicles offer fleet operators significant benefits, which include:

- Low total cost-of-ownership vs. conventional gas or diesel-powered vehicles
- Improved profitability through:

Formatted: Left

-
- Lower maintenance costs
 - Reduced fuel expenses
 - Satisfaction of government mandates to move to zero-emission vehicles
 - Decreased vehicle emissions and reduction in carbon footprint
 - Improved vehicle safety and driver experience

Our company currently sells and leases its vehicles to fleet customers directly and through its primary distributor Creative Bus Sales. Creative Bus Sales is considered to be the largest bus dealer in the United States for sales, parts and service. With 18 physical locations, a 75-person sales team, and 200-plus service and support staff, Creative Bus Sales sold thousands of buses in the U.S. last year and represents over 20 of the top bus manufacturers.

Products

EV Star

The GreenPower EV Star Min-E bus is a zero-emission, multi-utility electric vehicle capable of a range up to 150 miles on a single charge. The EV Star is a purpose-built, electric mini-bus with a life expectancy of ten years. The 25-ft EV Star is offered in 3 configurations that include the base model EV Star Min-eBus, the EV Star Plus, and the EV Star CarGo Van. The EV Star Min-eBus features a maximum capacity of 19 passengers while the wider EV Star Plus has a maximum capacity of 24 passengers and a flat tracked floor to allow for seating customization. The EV Star can be used as a paratransit bus, executive shuttle, micro transit, and vanpool service. The seating layout is customizable to an operator's needs with multiple configurations and multiple ADA positions available. The EV Star CarGo is a cargo van with a capacity of over 570 cubic feet and a payload of up to 6,000 pounds.

The EV Star utilizes standard J1772 CCS charging and can fully charge in as little as 2 hours or overnight. The EV Star was designed and built from the ground-up around its electric drive and battery system.

EV Transit Bus Line

Launched in 2014, our EV battery-electric transit bus line features multiple models that include the 30-ft EV250, the 40-ft EV350, and the double decker EV550. Our electric buses do not have heavy battery storage or battery charging systems on the roof of the bus which enhances the user experience due to the bus's low center of gravity for steering and maneuvering around corners. This design also offers ease-of-access for maintenance due to the low positioned stainless-steel battery trays that can be accessed without removing panels or the use of elaborate hoist systems to maintain the battery boxes.

EV250

The EV250 is our battery-electric 30-ft low floor transit bus with a passenger capacity of 28 seats plus standees. It features a monocoque body with a stainless-steel chassis, a GreenPower battery management system, and component integration with quality global suppliers. The EV250 features a Siemens ELFA traction motor, a 240-kWh battery capacity, and a range of up to 160 miles on a single charge. It is designed to charge using SAE standard chargers that are readily available on the open market and capable of CCS ultra-fast charging.

EV350

The EV250 is our battery-electric 40-ft low floor transit bus with a passenger capacity of 40 seats plus standees. It features a monocoque body with a stainless-steel chassis, a GreenPower battery management system, and component integration with quality global suppliers. The EV350 features a Siemens ELFA traction motor, a 430-kWh battery capacity, and a range of up to 220 miles on a single charge. It is designed to charge using SAE standard chargers that are readily available on the open market and capable of CCS ultra-fast charging.

EV550

The EV550 is our battery-electric 45-ft double-decker bus with a passenger capacity of 100 seats plus standees. It features a monocoque body with a stainless-steel chassis, a GreenPower battery management system, and component integration with quality global suppliers. The EV550 features a Siemens ELFA traction motor, a 575-kWh battery capacity, and a range of up to 300 miles on a single charge. It is designed to charge using SAE standard chargers that are readily available on the open market and capable of CCS ultra-fast charging.

Synapse Type-D School Bus

The GreenPower Synapse Type-D School Bus features a clean sheet build that was designed from the ground-up around its electric drive and battery systems. The body and chassis are integrated together to form the composite monocoque structure which provides the benefits of increased strength and a significant weight advantage in comparison to other school buses. Additionally, the design is not limited to the inner frame rails like conventional "body on chassis" school buses which allows for the maximization of interior space.

The GreenPower Synapse is offered in 2 different length configurations and maximum capacities that include the 36-ft 72 passenger Synapse 72, and the 40-ft 90 passenger Synapse 90. The Synapse features a flat tracked floor that gives the end-user complete seating customization that can be modified with ease. The tracked flooring also allows the end-user to customize how many wheelchair positions are located on the bus and their location.

Standard features include vehicle control stability, air ride suspension, and ABS brakes. With the 165-kWh advanced battery system, the Synapse has a reliable range of greater than 100 miles on a single charge. This is paired with a state of the art TM4 electric drivetrain that has accumulated over one million miles in heavy-duty application. The standard J1772 Level 2 charging of the Synapse will fully charge the electric school bus in under 7 hours.

Synapse Shuttle

The Synapse Shuttle is our battery-electric, high floor shuttle bus that features a purpose-built design with a monocoque structure providing safety and durability. The Synapse shuttle has a length of 36-ft, and offers seating for over 40 passengers. The shuttle's clean sheet design and flat floor allows easy customization of the interior space that can be set up with various seating, luggage racks, or activity setups, and the pass-through under-carriage offers capacity for storage. The Synapse Shuttle features a range of up to 150 miles on a single charge and can be configured with multiple charging options including Level 2 on-board charging or Level 3 DC fast charging.

Technology

Batteries

The battery pack is a key component with the design, development, and manufacture of advanced electric-vehicle powertrains. Where some other electric vehicle ("EV") manufacturers build their own battery packs we purchase the batteries in a plug-and-play pack from our designs. This provides us with the flexibility to use different cell manufacturers with different battery chemistries. We believe that the underlying battery cells are a commodity and

consequently have designed our products to take full advantage of the best batteries that are available at the time we manufacture our products.

Powertrains

Our powertrains encompass the complete motor assemblies, computers, and software required for vehicle electrification. We use off-the-shelf proven components such as Siemens for the drive motors for our low floor transit buses and TM4 for our EV Stars or Synapse buses.

Telematics

The telematics system and associated hardware installed in almost all of our vehicles is designed to monitor the controller area network traffic for specific signals. These signals are uploaded along with GPS data to a server facility. The real-time data is stored in a database as it arrives and delivers updates to clients connected through the web interface. The information transmitted to the cloud and stored onboard the vehicle include: vehicle location, vehicle speed, vehicle energy usage, the amount of charge remaining in the battery, vehicle range, general status of the health of vehicle systems, using onboard diagnostics and driver habits monitoring.

Locations and Facilities

Our primary production facility is located at 90 W Poplar, Porterville, California. We occupy a 50,000 sq. ft. facility that is used for the production of our products. We also have additional space with approximately 20,000 sq. ft. ~~facility~~ that we use for production and includes offices at 2011 Wildcat Way in Porterville, California.

Our U.S. operations, sales and marketing office is located at 8885 Haven Avenue, Rancho Cucamongo, California.

Our corporate office is located at 240 - 209 Carrall Street, Vancouver, British Columbia, Canada.

During the year ended March 31, 2017, we purchased 9.3 acres on Hope Drive in Porterville California which is being financed with a promissory note. We completed the plans for the civil work, obtained a grading permit and have submitted plans for the construction of a 144,000-square-foot manufacturing facility. The facility will be built in three phases with the first phase consisting of 50,000 square feet to come online next year.

Marketing

Our sales team is focused on the goal of securing purchase orders from commercial transportation companies, transit properties, government agencies and school districts.

Our priority is to generate customers across all of the sectors we are targeting including transit, shuttle, schools, government and commercial. As we can produce the EV Star in the shortest time compared to any of our other products and given the ease with which we can deploy an EV Star we are focused on growing this business in the short term. Many of the customers that we have deployed or are targeting with the EV Star also have other buses in their fleet that we can replace with our all-electric buses such as with our low floor transit products or our Synapse Shuttle. Ultimately, we intend to be the best choice for a vehicle in this segment regardless of the fuel type that the customer chooses. Our sales plan is to meet with the top potential customers and obtain purchase orders for new electric vehicles for their production vehicle requirements.

Finally, since our competitive advantage in the marketplace is our ability to provide purpose-built solutions to customers that have unique requirements at relatively low-volume, we are also submitting proposals to companies for purpose-built vehicle applications.

Strategic Relationships

On May 25, 2018, we entered into an agreement with Creative Bus Sales to serve as the primary distributor, except with respect to certain exclusive accounts, in certain states in the United States. Creative Bus Sales will also serve as the sole and exclusive provider of certain repair services and the sole and exclusive distributor of certain vehicle parts in the United States

Research and Development

The majority of our research and development is conducted in-house. Additionally, we contract with engineering firms to assist with validation and certification requirements as well as specific vehicle integration tasks.

Competitive Companies

The commercial vehicle market, is highly competitive and we expect it to become even more so in the future as additional companies launch competing vehicle offerings. However, the commercial alternative fueled vehicle market is less developed and less competitive. Competition varies by sector with EV manufacturers that solely offer all-electric buses (such as BYD, Proterra or Lion) or traditional manufacturers of heavy duty buses who are entering the market with all-electric buses (such as New Flyer or Bluebird).

Transit buses

GreenPower	30', 40', 45'DD and EV Star
BYD	30', 35', 40', 60' and 45'DD

Some of the key differences between our company and many of our competitors in the heavy-duty bus market is that we use a clean sheet design to offer customers purpose-built solutions. Many of our competitors use an existing layout and then determine where to place the batteries or the drive motor or in some cases retrofit an existing design and build.

We believe that the primary competitive factors within the heavy-duty commercial vehicle market are:

21

-
- the difference in the initial purchase prices of electric vehicles and comparable vehicles powered by internal combustion engines, both including and excluding the impact of government and other subsidies and incentives designed to promote the purchase of electric vehicles;
 - the total cost of vehicle ownership over the vehicle's expected life, which includes the initial purchase price and ongoing fuel, operational and maintenance costs;
 - vehicle quality, performance and safety;
 - government regulations and economic incentives promoting fuel efficiency and alternate forms of energy; and
 - the quality and availability of service and parts for the vehicle.

Government Regulation

Our electric vehicles are designed to comply with a significant number of governmental regulations and industry standards, some of which are evolving as new technologies are deployed. Government regulations regarding the manufacture, sale and implementation of products and systems similar to our electric vehicles are subject to future change. We cannot predict what impact, if any, such changes may have upon our business.

Emission and fuel economy standards

California legislature has adopted a zero-emission bus program for all California public transit properties called the Innovative Clean Transit Regulation (ICT). The ICT regulation was adopted in December 2018 and requires all public transit agencies to gradually transition to a 100 percent zero-emission bus (ZEB) fleet. Beginning in 2029, 100% of new purchases by transit agencies must be ZEBs, with a goal for full transition by 2040. It applies to all transit agencies that own, operate, or lease buses with a gross vehicle weight rating (GVWR) greater than 14,000 lbs. It includes standard, articulated, over-the-road, double-decker, and cutaway buses.

On June 27, 2019, the California Air Resources Board ("CARB") approved a rule that will require fixed route airport shuttles serving the state's 13 largest airports to transition to 100 percent zero-emission vehicles by 2035. The regulation affects public and private fleets, including parking facilities, rental car agencies and hotels. This applies to about 1000 Buses and Shuttles.

Government regulation related to climate change is in effect at the U.S. federal and state levels. The U.S. Environmental Protection Agency ("EPA") and the National Highway Traffic Safety Administration ("NHTSA") issued a final rule for greenhouse gas emissions and fuel economy requirements for trucks and heavy-duty engines

on August 9, 2011, which is applicable in model years 2018 through 2020. NHTSA and EPA also issued a final rule on August 16, 2016 increasing the stringency of these standards for model years 2021 through 2027.

The rules provide emission standards for CO₂ and fuel consumption standards for three main categories of vehicles: (i) combination tractors, (ii) heavy-duty pickup trucks and vans and (iii) vocational vehicles. We believe that our buses and EV Star Cargo Van would be considered "vocational vehicles" and "heavy-duty pickup trucks and vans" under the rules. According to the EPA and NHTSA, vocational vehicles consist of a wide variety of truck and bus types, including delivery, refuse, utility, dump, cement, transit bus, shuttle bus, school bus, emergency vehicles, motor homes and tow trucks, and are characterized by a complex build process, with an incomplete chassis often built with an engine and transmission purchased from other manufacturers, then sold to a body manufacturer.

The Clean Air Act requires that we obtain a Certificate of Conformity issued by the EPA and a California Executive Order issued by the CARB with respect to emissions for our vehicles. The Certificate of Conformity is required for vehicles sold in states covered by the Clean Air Act's standards and the Executive Order is required for vehicles sold in states that have sought and received a waiver from the EPA to utilize California standards. The California standards for emissions control for certain regulated pollutants for new vehicles and engines sold in California are set by CARB. States that have adopted the California standards as approved by EPA also recognize the Executive Order for sales of vehicles.

Manufacturers who sell vehicles in states covered by federal requirements under the Clean Air Act without a Certificate of Conformity may be subject to penalties of up to \$44,539 per violation and be required to recall and remedy any vehicles sold with emissions in excess of Clean Air Act standards. In 2013, we received approval from CARB to sell the E-100 in California based on our own emissions tests.

Vehicle safety and testing

The National Traffic and Motor Vehicle Safety Act of 1966 (the "**Safety Act**") regulates motor vehicles and motor vehicle equipment in the United States in two primary ways. First, the Safety Act prohibits the sale in the United States of any new vehicle or equipment that does not conform to applicable motor vehicle safety standards established by NHTSA. Meeting or exceeding many safety standards is costly, in part because the standards tend to conflict with the need to reduce vehicle weight in order to meet emissions and fuel economy standards. Second, the Safety Act requires that defects related to motor vehicle safety be remedied through safety recall campaigns. A manufacturer is obligated to recall vehicles if it determines that the vehicles do not comply with a safety standard. Should we or NHTSA determine that either a safety defect or noncompliance exists with respect to any of our vehicles, the cost of such recall campaigns could be substantial.

Battery safety and testing

Our battery pack configurations are designed to conform to mandatory regulations that govern transport of "dangerous goods," which includes lithium-ion batteries, which may present a risk in transportation. The governing regulations, which are issued by the Pipeline and Hazardous Safety Administration and are based on the UN Recommendations on the Safe Transport of Dangerous Goods Model Regulations, and related UN Manual of Tests and Criteria. The requirements for shipments of these goods vary by mode of transportation, such as ocean vessel, rail, truck and air.

Vehicle dealer and distribution regulation

Certain states' laws require motor vehicle manufacturers and dealers to be licensed in such states in order to conduct manufacturing and sales activities. To date, we are registered as a motor vehicle manufacturer in California and as a dealer in California. We have not yet sought formal clarification of our ability to manufacture or sell our vehicles in any other states.

Plan of Operations

~~Presently we have 15 EV Stars that have been completed and are ready for delivery. Substantially all of the costs have been incurred on these vehicles and we expect to deliver these vehicles during the quarter ended September 30, 2019. In June 2019, we started production on another 50 EV Stars, 24 of which have been substantially completed, and the majority of the costs to produce these vehicles have been incurred. Eight of these vehicles are expected to be ready for delivery over the next two weeks and the remainder are expected to be ready for delivery in October 2019, with the first tranche of 16 EV Stars expected to be completed and ready for delivery at the end of August 2019. The remaining costs to complete manufacturing of these 26 vehicles is approximately \$1 million, excluding shipping, duties, tariffs and other costs. Once the production timeline is known for the balance of these units we will commence production on the next round of EV Stars. ended September 30, 2019, e have completed and fully paid for the tenth EV350 for the Porterville contract and six Synapse school buses which we are preparing for delivery. We are also in pre-production for five EV250 thirty-foot low floor buses pursuant to a customer contract.~~

As of July 31, 2019 we had approximately \$1.5 million available on the line of credit, some cash on hand, approximately \$3.6 million in accounts receivable and anticipated receipts from the delivery of completed vehicles over the coming months. Consequently, we do not anticipate raising additional funds for our current operations over the next six months.

We are set up for complete vehicle assembly and are presently planning assembly of EV Stars in Porterville that will enable our company to meet the federal "buy America" standards for these vehicles. We expect only minor purchases of capital equipment over the next 6-9 months totaling less than \$50,000 for the complete assembly of vehicles in Porterville. We are also working on preparing our facility for the complete assembly of our EV Star Transit Plus and a prototype of a forty-foot ninety passenger Type D school bus.

Our current leased facilities in Porterville are sufficient for our current level of production of EV Stars. Our company owns a 9.3 acre parcel of land in the City of Porterville where we plan to build a 144,000 sq. ft. manufacturing facility. We are in the process of obtaining building permits from the City of Porterville to commence construction of this facility. To date, this development and other principal capital expenditures have been funded with capital which has been sourced from our company's sale of convertible debentures, warrants and common shares, proceeds from the exercise of warrants for common shares, loans from our CEO, and from our company's \$5 million operating credit line with the Bank of Montreal.

We will need to hire additional staff for the increased production of vehicles as well as for several other requirements including Engineering, QA/QC, Production Planning, Project Management and Procurement personnel.

We expect to start the federally sponsored Altoona testing of our EV Star in ~~late~~ September ~~or early October~~ which will require a GP vehicle, our EV Star. This structural and durability test, that is required for the use of Federal Transit Administration funding, usually takes 3 months to complete. We expect to have an employee or consultant on site in Altoona, PA during this test. Our estimated cost for completion of the Altoona test is approximately \$220,000, plus the wear and tear on a single EV Star vehicle that would be put through the test. In addition, we expect to complete FMVSS brake tests required for the EV Star within the next 6 months, at an estimated cost of approximately \$90,000.

Organizational Structure

We have the following wholly-owned subsidiaries:

1. GP GreenPower Industries Inc. (incorporated in the Province of British Columbia, Canada)

-
2. GreenPower Motor Company, Inc. (incorporated in the State of Delaware)
 3. 0939181 B.C. Ltd. (incorporated in the Province of British Columbia, Canada)
 4. San Joaquin Valley Equipment Leasing Inc. (formerly, Utah Manganese, Inc.) (incorporated in the State of Utah)
 5. 0999314 B.C. Ltd. (incorporated in the Province of British Columbia, Canada)

Property, Plant and Equipment

We maintain our corporate office at a leased property at 240-209 Carrall Street, Vancouver, British Columbia V6B 2J2, Canada. We first entered into a three-year lease of this office on January 24, 2014, and subsequently renewed the lease for a term of 3 years, which expires on January 31, 2020. The office space is 869 square feet, and current annual rent is CDN\$32.00 per square foot plus a pro-rata share of operating costs and property taxes. We are not allowed to assign or sub-lease the premises without the written consent of the landlord.

We maintain an office for the U.S. operations, sales, marketing and support at a leased property at 8885 Haven Avenue, Suite 150, Rancho Cucamonga, CA 91730. The current sub-lease commenced on February 1, 2019 and expires on August 31, 2021. The monthly rent under the agreement is \$4,785.03 per month, plus a pro-rata share of operating costs and property taxes.

We maintain two leased properties in the City of Porterville that are used for assembly and manufacturing. One facility is approximately 20,000 square feet and is located at 2011 Wildcat Way, Porterville, CA 93527. The original lease was entered into on August 1, 2018 and terminated on August 1, 2019. The current lease on this property commenced August 1, 2019, and terminates August 1, 2022. Rent is \$5,000.00 per month for the first year of the lease, \$5,100 per month for the second year of the lease and \$5,200 per month for the third year of the lease. We also lease a second manufacturing facility and assembly facility of approximately 50,000 square feet located at 90 West Poplar, Porterville, CA, 93257 which commenced on October 1, 2018 and ends on September 30, 2022 with the option to extend the lease for an additional three years. The initial monthly rent is \$12,317.52 until September 2019, increasing to \$13,343.98 between October 2019 and September 2021, and increasing to \$14,370.44 between October 2021 and September 2022. Under the terms of this lease we are also responsible for a pro-rata portion of operating costs and property taxes.

The principal capital expenditures of our company have been investments in a 9.3 acre parcel of land in the City of Porterville (carrying value of \$794,431 as at March 31, 2019) and in electric buses and EV equipment (one Synapse shuttle, three EV 350 buses and ancillary equipment) (carrying value of \$799,093 as at March 31, 2019). Two of the EV 350 buses are currently being leased to customers. All four of the buses are located in California. We are in the process of obtaining building permits from the City of Porterville to develop a manufacturing facility and office building on the land in Porterville. To date, our principal capital expenditures have been funded with capital which has been sourced from our company's sale of convertible debentures, warrants and common shares, proceeds from the exercise of warrants for common shares, loans from related parties, and from our company's \$5 million operating credit line with the Bank of Montreal.

Employees

As of March 31, 2017, 2018 and 2019, we had 8, 14, and 24 employees, respectively. Our employees are not members of a labor union.

Our workforce is based out of our head office in Vancouver, British Columbia, Canada, our sales office in Rancho Cucamonga, California and our manufacturing facilities based in Porterville, California.

The breakdown of full-time employees by main category of activity and geographic location, as at March 31, 2019 is as follows:

Activity	Number of Full-Time Employees	Location
Engineering, Research & Development	12	Rancho Cucamonga, CA and Porterville, CA
Sales & Marketing	2	Rancho Cucamonga, CA
General & Administration	5	Vancouver, British Columbia, Canada, and Rancho Cucamonga, CA.
Executives	5	Vancouver, British Columbia, Canada, and Rancho Cucamonga, CA.

Our audited financial statements ~~for the years ended March 31, 2019, March 31, 2018 and March 31, 2017~~ and our unaudited financial statements for the three month period ended June 30, 2019 included in this prospectus were prepared in accordance with International Financial Reporting Standards, as adopted by the International Accounting Standards Board.

Operating Results

For the three-month period ended June 30, 2019

For the three-month period ended June 30, 2019 we recorded revenues of \$2,449,951 and cost of sales of \$1,726,555 generating a gross profit of \$723,396 or 30% of revenues. Revenue from vehicle sales and vehicle leases was generated from the sale of one EV 350 and 5 EV Stars, two of which were accounted for as finance leases, and revenue from other sources was primarily from sales of chargers. Operating costs consisted of administrative fees —of \$668,903 relating to salaries, project management, accounting, and administrative services; transportation costs of \$61,980 which relate to the use of trucks, trailers, contractors as well as other operational costs needed to transport company products around North America; travel, accommodation, meals and entertainment costs of \$88,347 related to travel for project management, demonstration of company products, and trade shows; product development costs of \$214,413; sales and marketing costs of \$97,158; interest and accretion on the convertible debentures and promissory note of \$500,612; professional fees of \$60,692 consisting of legal and audit fees; as well as \$93,544 of non-cash share-based compensation expense and depreciation of \$143,586. The remaining operating costs for the period amounted to \$57,645 in general corporate expenses resulting in a consolidated net loss of \$1,263,484. Non-cash expenses consisting of depreciation, share-based compensation, accretion, warranty accrual and amortization of deferred financing fees totaled \$562,715 in the three-month period.

The consolidated total comprehensive loss for the three-month period was impacted by \$(4,511) of other comprehensive loss as a result of the translation of the entities with a different functional currency than presentation currency.

For the three-month period ended June 30, 2018

For the three-month period ended June 30, 2018 we recorded revenues of \$2,480,412 and cost of sales of \$1,612,229 generating a gross profit of \$868,183 or 35% of revenues. The revenue was generated from the sale of three EV 350's. Operating costs consists of administrative fees of \$476,696 relating to salaries, project management, accounting, and administrative services; transportation costs of \$54,861 which relate to the use of trucks, trailers, contractors as well as other operational costs needed to transport company products around North America; travel, accommodation, meals and entertainment costs of \$66,712 related to travel for project management, demonstration of company products, and trade shows; product development costs of \$163,622; sales and marketing costs of \$126,374; interest and accretion on the convertible debentures and promissory note of \$242,474; professional fees of \$81,176 consisting of legal and audit fees; as well as \$92,806 of non-cash share-based compensation expense and depreciation of \$114,690. The remaining operating costs for the period amounted to \$77,951 in general corporate expenses resulting in a consolidated net loss of \$629,179. Non-cash expenses consisting of depreciation, share-based compensation, and accretion totaled \$296,103 in the three-month period.

The consolidated total comprehensive loss for the three-month period was impacted by \$5,872 of other comprehensive loss as a result of the translation of the entities with a different functional currency than presentation currency.

The following is a description of our business activities during the year ended March 31, 2019. During the year, we completed and delivered a total of 11 buses, including 5 EV Stars and 6 EV 350s. In addition, we entered into lease agreements for three buses with a customer operating the airport passenger shuttle service at LAX airport, including one EV 250 and 2 EV 350s.

We delivered a total of 6 EV 350s to the City of Porterville during the year ended March 31, 2019. 3 buses were delivered in June 2018 and the other 3 buses were delivered in March 2019. As of March 31, 2019, we delivered a total of 8 buses to the City of Porterville, with another 2 buses remaining to be delivered under the initial contract.

During the first quarter, we announced an order for 100 buses from Creative Bus Sales, the U.S.'s largest bus dealer for sales, parts and service. With this order, we also announced that Creative Bus Sales would become our company's exclusive authorized factory representative in certain states, offering sales, parts and service for our company's buses. We also attended the Advanced Clean Transportation Expo in Long Beach, CA where we provided demonstrations of a Synapse shuttle and an EV 350.

In November, we were awarded an initial contract for six EV Stars from Sacramento Regional Transit, or SacRT, for deployment on its SmaRT Ride service. SacRT provides public transportation for the City of Sacramento and most of Northern Sacramento County. Last year, SacRT launched SmaRT Ride, a new on-demand service where customers use a smartphone app to request shuttle rides within a designated service area. Following the success of its debut, SacRT received a \$12 million grant from the Sacramento Transportation Authority to expand this service. SacRT plans on operating its SmaRT Ride shuttle service in 12 Sacramento communities, including the first disadvantaged community to receive the service. 2 EV Stars had been delivered to SacRT as at March 31, 2019.

We received an order for 3 EV Stars from Green Commuter for deployment for Vanpooling and Ride-Sharing services in November. Green Commuter is an all-electric vanpool provider based in California that combines vanpooling, car sharing and fleet replacement.

During November, we received an order for 5 EV250 thirty-foot all-electric buses. San Joaquin Valley Equipment Leasing Inc., a subsidiary of our company, provided lease financing for an existing EV 250 and entered into two separate lease financing arrangements with the same customer for two EV350 40-foot electric buses. Under the terms of the leases on the EV 350s, the customer has the option to return either of the EV 350s to our company in exchange for a new EV250.

We received an order for 2 EV Stars from the University of California San Francisco in June and completed and delivered the buses to the University of California San Francisco in December.

In January, we delivered an EV Star to the Port of Oakland, which is being used as an employee and executive shuttle for on-property transportation.

During the year, we entered into a lease and completed preparation of a 50,000 square foot facility in the City of Porterville, California. This facility is set up as a manufacturing and assembly center with an initial focus on the production of EV Stars and EV Star Plus buses.

During the year, we obtained an operating line of credit which had a limit of \$5,000,000 as at March 31, 2019. The operating line of credit is secured by the assets of our company and two of our company's directors have also provided personal guarantees. The line of credit bears interest at the bank's US Base Rate (6.0% at March 31, 2019) plus a margin of 1.5%. The line of credit is being used to finance the production costs for our company's all-electric buses and for ongoing working capital requirements.

As at March 31, 2019, we had thirty EV Stars in pre-production to satisfy existing orders. We have also substantially completed production of the final two EV350 vehicles for the City of Porterville and one additional EV 350. In addition, we are finalizing production of six Synapse 72 school buses.

For the year ended March 31, 2019 we generated revenue of \$6,082,561 and cost of sales of \$4,224,419 yielding a gross profit of \$1,858,142. Revenue for the year relates primarily to the sale of 6 EV 350s to the City of Porterville, the sale of 2 EV Stars to Sacramento Regional Transit, the sale of 2 EV Stars to the University of California San Francisco, and the Sale of one EV Star to the Port of Oakland. The remaining revenue for the year was generated from lease income, accretion on the promissory note, and sales of vehicle chargers and other products which relate to income generated from the lease of two EV550's, one EV 350 and one EV 250. Operating costs consists of administrative fees of \$2,144,423 relating to salaries, project management, accounting, and administrative services; transportation costs of \$263,164 which relate to the use of trucks, trailers, tractors as well as other operational costs needed to transport company products around North America; travel, accommodation, meals and entertainment costs of \$298,328 related to travel for project management, demonstration of company products, and trade shows; product development costs of \$437,208; sales and marketing costs of \$417,111; interest and accretion of \$1,400,923; professional fees of \$324,577 consisting of legal and audit fees; as well as \$332,741 of non-cash share-based compensation expense and depreciation of \$516,208. The remaining operating costs for the period amounted to \$189,379 in general corporate expenses and a write down of assets of \$78,231 resulting in a consolidated net loss of \$4,544,151.

The consolidated total comprehensive loss for the year was impacted by \$23,691 of other comprehensive loss as a result of the translation of the entities with a different functional currency than presentation currency.

Year ended March 31, 2018

For the year ended March 31, 2018 we generated revenue of \$3,516,156 and cost of sales of \$2,267,765 yielding a gross profit of \$1,248,391 which relate to income generated from the lease of the EV550, sales of two EV550's and two EV 350's. Operating costs consists of administrative fees of \$1,231,041 relating to salaries, project management, accounting, and administrative services; transportation costs of \$229,637 which relate to the use of trucks, trailers, tractors as well as other operational costs needed to transport company products around North America; travel, accommodation, meals and entertainment costs of \$315,556 related to travel for project management, demonstration of company products, and trade shows; product development costs of \$251,826; sales and marketing costs of \$404,610; interest and accretion on the convertible debentures and promissory note of \$563,411; professional fees of \$170,153 consisting of legal and audit fees; as well as \$744,801 of non-cash share-based compensation expense and depreciation of \$525,228. The remaining operating costs for the period amounted to \$167,451 in general corporate expenses and a write down of exploration assets of \$28,817. Our company also recorded an income tax recovery of \$610,000 to recognize previously unrecognized deferred income tax benefits to offset the deferred income tax liability that arose from the issuance of convertible debentures. A deferred income tax liability was created on the issuance of the convertible debentures as the tax base of the convertible debentures differs from the carrying value. The carrying value was reduced to record the value of the conversion feature as equity and record the fair value of the warrants issued as financing costs to be amortized over the term of the convertible debentures. These reductions in the carrying value of the convertible debentures are not recognized for tax purposes resulting in a consolidated net loss of \$2,774,140.

The consolidated total comprehensive loss for the year was impacted by \$21,314 of other comprehensive income as a result of the translation of the entities with a different functional currency than presentation currency.

Year ended March 31, 2017

For the year ended March 31, 2017, we incurred administrative fees of \$598,850 relating to salaries, project management, accounting, and administrative services; transportation costs of \$257,352 which related to the use of

trucks, trailers, contractors as well as other operational costs needed to transport company products around North America; travel, accommodation, meals and entertainment costs of \$430,821 related to travel for project management, demonstration of company products, and trade shows; product development costs of \$312,278; sales and marketing costs of \$234,395; interest and accretion on the convertible debentures and promissory note of \$95,629; professional fees of \$176,563 consisting of legal and audit fees; as well as \$391,769 of share-based compensation expense and depreciation of \$177,498. The remaining operating costs for the period amounted to \$138,062 in general corporate expenses resulting in a consolidated net loss of \$2,813,217.

The consolidated total comprehensive loss for the year was impacted by \$4,788 of other comprehensive income as a result of the translation of the entities with a different functional currency than presentation currency.

For the three months ended June 30, 2019, Cost of Sales included chassis and assembly costs of \$596,858 representing 34.6% of Cost of Sales, compared to \$733,549 representing 45.5% of Cost of Sales in the prior period, batteries of \$173,617 compared to \$484,536 in the prior year period, and chargers of \$615,949, representing 35.7% of Cost of Sales, compared to nil in the prior year period. The change in the components of Cost of Sales between the periods was primarily driven by changes in product mix, as five EV Stars were sold or leased, one EV 350 was sold, and chargers were sold in the three months ended June 30, 2019 compared to three EV 350s sold in the quarter ended June 30, 2018.

For the year ended March 31, 2019, Cost of Sales included chassis and assembly costs of \$1,854,667 representing 43.9% of Cost of Sales, compared to \$946,628 representing 41.7% of Cost of Sales in the prior year, batteries of \$1,090,122 representing 25.8% of Cost of Sales compared to \$794,234 representing 35.0% of Cost of Sales in the prior year, and bus parts of \$515,618, representing 12.2% of Cost of Sales, compared to \$228,099, representing 10.1% of Cost of Sales in the prior year. The change in the components of Cost of Sales between the year ended March 31, 2019 and the year ended March 31, 2018 was primarily driven by changes in product mix, as the year ended March 31, 2019 included sales of five EV Stars, and six EV 350s, and leases of two EV 350s and one EV 250, whereas the year ended March 31, 2018 included sales of two EV 550s and two EV 350s as well as the lease of an EV 550. The higher cost of batteries as a percentage of Cost of Sales for EV 550s compared to other products was a contributing factor to the higher relative cost of batteries as a percentage of Cost of Sales in the year ended March 31, 2018 compared to the year ended March 31, 2019.

Application of Critical Accounting Policies

The preparation of financial statements in conformity with applicable generally accepted accounting principles requires our management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods.

Our management routinely makes judgements and estimates about the effects of matters that are inherently uncertain. As the number of variables and assumptions affecting the probable future resolution of the uncertainties increase, these judgements become even more subjective and complex. We have identified certain accounting policies, described below, that are the most important to the portrayal of our current financial condition and results of operations. Our significant accounting policies are disclosed in our financial statements included in this registration statement.

Basis of presentation

Statement of Compliance with IFRS

Our annual consolidated financial statements for the years ended March 31, 2019, March 31, 2018, and March 31, 2017 and for the three-month periods ended June 30, 2019 and June 30, 2018 were prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB"), and interpretations of the International Financial Reporting Interpretations Committee ("IFRIC"). These

consolidated financial statements are presented on a historical cost basis, except for financial instruments classified as fair value through profit or loss ("FVTPL") or as fair value through other comprehensive income ("FVOCI"), in U.S. dollars. In addition, these consolidated financial statements have been prepared using the accrual basis of accounting, except for cash flow information. The preparation of these consolidated financial statements in compliance with IFRS requires management to make certain critical accounting estimates. It also requires management to exercise judgment in applying our company's accounting policies.

Basis of consolidation

Our consolidated financial statements include the accounts of our company and all of its wholly-owned subsidiaries:

Name of Subsidiary	Country of Incorporation	Ownership 31-Mar-19	Ownership 31-Mar-18	Principal Activity
GP GreenPower Industries Inc.	Canada	100%	100%	Holding Company
GreenPower Motor Company, Inc.	United States	100%	100%	Electric bus manufacturing and distribution
0939181 BC Ltd.	Canada	100%	100%	Electric bus manufacturing and distribution
San Joaquin Equipment Valley Leasing, Inc. (formerly Utah Manganese, Inc.)	United States	100%	100%	Vehicle Leasing
0999314 BC Ltd.	Canada	100%	100%	Inactive

All intercompany balances, transactions, revenues and expenses are eliminated upon consolidation. Certain information and note disclosures which are considered material to the understanding of our consolidated financial statements are provided below.

Subsidiaries are consolidated from the date of acquisition, being the date on which we obtain control, and continue to be consolidated until the date when such control ceases. Control exists when we have the power, directly or indirectly, to govern the financial and operating policies of an entity so as to obtain benefits from its activities. The financial statements of the subsidiaries are prepared for the same reporting period as the parent company, using consistent accounting policies.

Financial instruments

Measurement

All of our financial instruments, initially recognized at fair value, are subsequently measured at amortized cost using the effective interest rate method. Transaction costs are included in the initial fair value measurement of the financial instruments.

Impairment

We assess on a forward-looking basis the expected credit loss associated with financial assets measured at amortized cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. For trade receivables, we apply the simplified approach permitted by IFRS 9, which requires expected lifetime losses to be recognized from initial recognition of the receivables.

For financial assets that are measured at amortized cost, we will, at a minimum, recognize 12 month expected losses in profit or loss, calculated as the difference between our carrying amount and the present value of the estimated

future cash flows discounted at the asset's original effective interest rate. Lifetime expected losses will be recognized on assets for which there is a significant increase in credit risk after initial recognition.

Losses are recognized in profit or loss and reflected in an allowance account against receivables. When a subsequent event causes the amount of impairment loss to decrease, the decrease in impairment loss is reversed through profit or loss.

The adoption of the expected credit loss impairment model did not have a significant impact on our financial statements.

Classification

IFRS 9 requires a company to classify its financial instruments based on the way they are measured, into one of three categories: Amortized Cost, FVTPL, and FVOCI. In determining the appropriate category for financial assets, a company must consider whether it intends to hold the financial assets and collect the contractual cash flows or to collect the cash flows and sell financial assets (the "**business model test**") and whether the contractual cash flows of an asset are solely payments of principal and interest (the "**SPPI test**").

i. Amortized Cost

All of our financial instruments, initially recognized at fair value, are subsequently measured at amortized cost using the effective interest rate method. Transaction costs are included in the initial fair value measurement of the financial instruments, and we incorporate the expected credit loss in financial assets on a forward-looking basis. We will, at a minimum, recognize 12 month expected losses in profit or loss, and if a significant increase in credit risk occurs after initial recognition, lifetime expected losses will be recognized.

We have issued convertible debentures that can be converted into shares of our company at the option of the holder, and the number of shares to be issued does not vary with changes in their fair value. The liability component of a compound financial instrument is recognized initially at the fair value of a similar liability that does not have an equity conversion option. The equity component is recognized initially as the difference between the fair value of the compound financial instrument as a whole and the fair value of the liability component. Any directly attributable transaction costs are allocated to the liability and equity components in proportion to their initial carrying amounts.

Subsequent to the initial recognition, the liability component of a compound financial instrument is measured at amortized cost using the effective interest method. The equity component of a compound financial instrument is not re-measured subsequent to initial recognition. Interest, dividends, losses and gains relating to the financial liability are recognized in profit or loss. When the conversion option is exercised, the consideration received is recorded as share capital and the equity component of the compound financial instrument is transferred to share capital.

When our company extinguishes convertible debentures before maturity through early redemption or repurchase where the conversion option is unchanged, we allocate the consideration paid and any transaction costs for the repurchase or redemption to the liability and equity components of the instrument at the date of settlement. The method used in allocating the consideration paid and transaction costs to the separate components is consistent with the method used in the original allocation to the separate components of the proceeds received by the entity when the convertible instrument was issued. The amount of gain or loss relating to the early redemption or repurchase of the liability component is recognized in profit or loss. The amount of consideration relating to the equity component is recognized in equity.

ii. FVTPL

Financial liabilities classified as FVTPL are measured at fair value with unrealized gains and losses recognized through the Consolidated Statements of Operations of our financial statements. We did not have any liabilities classified as FVTPL as at March 31, 2019, March 31, 2018, and ~~June 30, 2019~~~~March 31, 2017~~.

Derivative financial assets and liabilities are initially recognized at their fair value on the date the derivative contract is entered into and are subsequently re-measured at their fair value at each reporting period with changes in the fair value recognized in profit and loss. Derivative financial assets and liabilities include warrants purchased or issued by our company denominated in a currency other than our company's functional currency. As at March 31, 2019, March 31, 2018 ~~and March 31, 2017~~, and ~~June 30, 2019~~ we did not have any derivative financial assets or liabilities.

iii. FVOCI

Certain debt instrument assets must be classified as FVOCI unless the option to FVTPL is taken and the FVOCI classification is an election for equity assets. We did not have any debt or equity assets classified as FVOCI as at March 31, 2019, March 31, 2018, ~~and March 31, 2017~~, and ~~June 30, 2019~~.

For debt instruments measured at FVOCI, interest income (calculated using the effective interest rate method), foreign currency gains or losses and impairment gains or losses are recognized directly in profit or loss. The difference between cumulative fair value gains or losses and the cumulative amounts recognized in profit or loss is recognized in OCI until derecognition, when the amounts in OCI are reclassified to profit or loss. For equity instruments designated as FVOCI only dividend income is recognized in profit or loss with all other gains and losses recognized in OCI and there is no reclassification on derecognition.

Cash and cash equivalents

Cash and cash equivalents usually consist of highly liquid investments which are readily convertible into cash with maturity of three months or less and are subject to an insignificant risk of change in value. As at March 31, 2019, ~~and March 31, 2018~~, and ~~June 30, 2019~~ we had no cash equivalents.

Revenue recognition

We recognize revenue from contracts with customers when a customer obtains control of the goods or services, and we satisfy our performance obligation to customers in exchange for consideration we expect to receive, net of discounts and taxes. Revenue is allocated to each performance obligation.

Most of our company's contracts have a single performance obligation as the promise to transfer the individual goods. Revenues from the sale of products are recognized when the goods are shipped or accepted by the customer, depending on the delivery conditions, and title and risk have passed to the customer. Revenues from services such as supporting and training relating to the sale of products are recognized as the services are performed. We also have not historically, but may in the future, earn product repair and maintenance revenues, which may relate to warranty contracts, which would be recognized over the periods and according to the terms of the warranty or other contract. We enter into a few transactions that represent multiple-element arrangements, which may include any combination of products, support and training services, and extended warranty. The allocation of consideration to the multiple-element is dependent on the explicit stand-alone selling price stipulated in the contract term.

We would recognize an asset for the incremental costs of obtaining a contract with a customer if it expects the costs to be recoverable and has determined that such costs meet the requirements to be capitalized. Capitalized contract acquisition costs are amortized consistent with the pattern of transfer to the customer for the goods and services to which the asset relates. We do not capitalize incremental costs of obtaining contracts if the amortization period is one year or less.

Impairment of long-lived assets

At the end of each reporting period, our company's assets are reviewed to determine whether there is any indication that those assets may be impaired. If such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment, if any. The recoverable amount is the higher of fair value less costs to sell and value in use. Fair value is determined as the amount that would be obtained from the sale of the asset in an arm's length transaction between knowledgeable and willing parties. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount and the impairment loss is recognized in the Consolidated Statements of Operations of our financial statements for the period. For an asset that does not generate largely independent cash inflows, the recoverable amount is determined for the cash generating unit to which the asset belongs.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but to an amount that does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognized immediately in the Consolidated Statements of Operations of our financial statements.

Foreign currency translation

The consolidated entities and their respective functional currencies are as follows:

<u>Entity</u>	<u>Functional Currency</u>
GreenPower Motor Company Inc. (parent)	Canadian Dollar
GP GreenPower Industries Inc.	Canadian Dollar
GreenPower Motor Company, Inc.	U.S. Dollar
0939181 BC Ltd.	Canadian Dollar
San Joaquin Valley Equipment Leasing, Inc. (formerly Utah Manganese, Inc.)	U.S. Dollar
0999314 B.C. Ltd.	Canadian Dollar

San Joaquin Valley Equipment Leasing, Inc. changed its functional currency from the Canadian dollar to the US dollar during the year ended March 31, 2019. The change in functional currency of this entity did not have a material impact on the financial results of our company for the year ended March 31, 2019.

Translation to functional currency

Foreign currency transactions are translated into U.S. dollars using exchange rates in effect at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency using the exchange rate in effect at the measurement date. Non-monetary assets and liabilities denominated in foreign currencies are translated into the functional currency using the historical exchange rate or the exchange rate in effect at the measurement date for items recognized at FVTPL. Gains and losses arising from foreign exchange are included in the Consolidated Statements of Operations.

Translation to presentation currency

The results and financial position of those entities with a functional currency different from the presentation currency are translated into the presentation currency as follows:

-
- assets and liabilities are translated at the closing rate at the date of the Statements of Financial Position of our financial statements;
 - income and expenses are translated at average exchange rates; and
 - all resulting exchange differences are recognized in accumulated other comprehensive income/loss.

Goodwill and fair value adjustments arising on the acquisition of a foreign entity are treated as assets and liabilities of the foreign entity and translated at the closing rate. Exchange differences arising on translation of foreign operations are recognized in accumulated other comprehensive income/loss. On disposal of a foreign operation (that is, a disposal of our company's entire interest in a foreign operation, or a disposal involving loss of control over a subsidiary that includes a foreign operation) all exchange differences accumulated in equity in respect of that operation attributable to the equity holders of our company are reclassified from accumulated other comprehensive income/loss to net income/loss for the period.

Inventory

Inventory is recorded at the lower of cost and net realizable value with cost determined on a specific item basis. Our company's inventory consists of electric buses in process, production supplies, and finished goods. In determining net realizable value for new buses, our company primarily considers the age of the vehicles along with the timing of annual and model changeovers. For used buses, our company considers recent market data and trends such as loss histories along with the current age of the inventory.

Property, plant, and equipment

Property, plant and equipment ("PPE") are carried at cost, less accumulated depreciation and accumulated impairment losses. The cost of an item of PPE consists of the purchase price, any costs directly attributable to bringing the asset to the location and condition necessary for its intended use and an initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located. Depreciation is provided at rates calculated to write off the cost of PPE, less their estimated residual value, using the following rates/estimated lives and methods:

Leasehold improvements	Over term of lease, straight line method
Computers	3 years, straight line method
EV equipment	3 years, straight line method
Furniture	7 years, straight line method
Automobile	10 years, straight line method
Leased asset	12 years, straight line method
Diesel and Electric buses	12 years, straight line method

An item of PPE is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on disposal of the asset, determined as the difference between the net disposal proceeds and the carrying amount of the asset, is recognized in profit or loss in the Consolidated Statements of Operations of our financial statements. Where an item of PPE comprises major components with different useful lives, the components are accounted for as separate items of PPE. Expenditures incurred to replace a component of an item of PPE is accounted for separately, including major inspection and overhaul expenditures are capitalized.

Loss per share

We present basic and diluted loss per share data for our common shares, calculated by dividing the loss attributable to common shareholders of our company by the weighted average number of common shares outstanding during the period. Diluted loss per share does not adjust the loss attributable to common shareholders or the weighted average number of common shares outstanding when the effect is anti-dilutive.

Share capital

Common shares are classified as equity. Finders fees and other related share issue costs, such as legal, regulatory, and printing, on the issue of our company's shares are charged directly to share capital, net of any tax effects. During the years ended March 31, 2019 and March 31, 2018, we recorded \$nil in share issuance costs, and in the three months ended June 30, 2019 we recorded \$367,247 in share issuance costs on our Consolidated Statements of Changes in Equity in regards to the issuance of shares.

Income taxes

Income tax expense comprises current and deferred tax. Current and deferred tax are recognized in net income/loss except to the extent that it relates to a business combination or items recognized directly in equity or in other comprehensive loss/income.

Current income taxes are recognized for the estimated income taxes payable or receivable on taxable income or loss for the current period and any adjustment to income taxes payable in respect to previous years. Current income taxes are determined using tax rates and tax laws that have been enacted or substantively enacted by the year end date.

Deferred tax assets and liabilities are recognized where the carrying amount of an asset or liability differs from its tax base, except for taxable temporary differences arising on the initial recognition of goodwill and temporary differences arising on the initial recognition of an asset or liability in a transaction which is not a business combination and at the time of the transaction affects neither accounting nor taxable profit or loss.

Recognition of deferred tax assets for unused tax losses, tax credits, and deductible temporary differences is restricted to those instances where it is probable that future taxable profit will be available against which the deferred tax asset can be utilized. At the end of each reporting period we reassess deferred tax assets. We recognize a previously unrecognized deferred tax asset to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Critical accounting estimates and judgments

The preparation of our consolidated financial statements requires management to make certain estimates, judgments and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and reported amounts of expenses during the reporting period. Actual outcomes could differ from these estimates. Our consolidated financial statements include estimates which, by their nature, are uncertain. The impacts of such estimates are pervasive throughout the consolidated financial statements and may require accounting adjustments based on future occurrences. Revisions to critical accounting estimates are recognized in the period in which the estimate is revised and future periods if the revision affects both current and future periods. These estimates are based on historical experience, current and future economic conditions and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Critical accounting estimates

Significant assumptions about the future and other sources of estimation uncertainty that management has made at the end of the reporting period, that could result in a material adjustment to the carrying amounts of assets and

liabilities, in the event that actual results differ from assumptions made, relate to, but are not limited to, the inputs used in the Black-Scholes option pricing model to measure stock-based compensation and warrants, determination of the useful life of equipment, net realizable value of inventory, provision for warranty expense, and the \$nil provision for income taxes.

Effective January 1, 2019, management changed its estimated useful life for diesel and electric buses (including some categorized under Leased Assets from 7 years to 12 years. For the year ended March 31, 2019 this change reduced our company's depreciation expense by \$19,537. The carrying value of diesel and electric buses was \$622,833 as at March 31, 2019 using an estimated useful life of 12 years, and the carrying value of diesel and electric buses would have been \$603,296 with an estimated life of 7 years.

Critical accounting judgments

- i. the determination of the discount rate to use to discount the promissory note receivable, finance lease receivable and lease liabilities;
- ii. the determination of the functional currency of each entity within the consolidated company;
- iii. our company's ability to continue as a going concern.
- iv. The classification of leases as either financial leases or operating leases; and
- v. The identification of performance obligations in revenue contracts and the determination of when they are satisfied.

Share-based payment transactions

We grant share-based awards to certain officers, employees, directors and other eligible persons. The fair value of the equity-settled awards is determined at the date of the grant. In calculating fair value, no account is taken of any vesting conditions, other than conditions linked to the price of the shares of our company. Each tranche in an award is considered a separate award with its own vesting period and grant date fair value. The fair value is determined by using the Black-Scholes option pricing model. At each financial reporting date, the cumulative expense representing the extent to which the vesting period has expired and management's best estimate of the awards that are ultimately expected to vest is computed. The movement in cumulative expense is recognized in the Consolidated Statements of Operations of our company with a corresponding entry against the related equity settled share-based payments reserve account over the vesting period. No expense is recognized for awards that do not ultimately vest. If the awards expire unexercised, the related amount remains in share-option reserve.

Where equity instruments are granted to non-employees, they are recorded at the fair value of the goods or services received in the Consolidated Statements of Operations of our company, unless they are related to the issuance of shares. Amounts related to the issuance of shares are recorded as a reduction of share capital. When the value of goods or services received in exchange for the share-based payment cannot be reliably estimated, the fair value is measured by use of a valuation model. The fair value of stock options granted to non-employees is re-measured at the earlier of each financial reporting or vesting date, and any adjustment is charged or credited to operations upon re-measurement.

Valuation of equity units issued in private placements

We have adopted a residual value method with respect to the measurement of shares and warrants issued as private placement units. The residual value method first allocates value to the more easily measurable component based on fair value and then the residual value, if any, to the less easily measurable component.

The fair value of the common shares issued in the private placement was determined to be the more easily measurable component and were valued at their fair value, as determined by the closing quoted bid price on the announcement date. The balance, if any, is allocated to the attached warrants. Any fair value attributed to the warrants is recorded as warrant reserve. If the warrants are exercised, the related amount is reclassified as share capital. If the warrants expire unexercised, the related amount remains in warrant reserve.

Government grants

We receive grants from government agencies related to sales and leases of our electric buses. The accounting for these grants depends on whether the carrying amount of the vehicle remains with our company, which is the case for operating leases where our company is the lessor. For government grants associated with leased vehicles under operating leases, the grant reduces the value of the asset.

Adoption of accounting standards

The following new or amended standards were adopted during the year ended March 31, 2019:

IFRS 15

IFRS 15 Revenue from Contracts with Customers provides a single principle-based framework to be applied to all contracts with customers. IFRS 15 replaces the previous revenue standard IAS 18, Revenue, and the related Interpretations on revenue recognition. The standard scopes out contracts that are considered to be lease contracts, insurance contracts and financial instruments. The new standard is a control-based model as compared to the existing revenue standard which is primarily focused on risks and rewards. Under the new standard, revenue is recognized when a customer obtains control of a good or service. Transfer of control occurs when the customer has the ability to direct the use of and obtain the benefits of the good or service. This standard is effective for reporting periods beginning on or after January 1, 2018.

The company chose to adopt IFRS 15 beginning in the financial year ended March 31, 2019 using the modified retrospective approach. Under this approach our company, did not restate comparative historical periods, but rather recognized a cumulative adjustment to accumulated deficit of \$82,378, which represents the cumulative change to equity that would have resulted if we had adopted IFRS 15 in prior periods and re-stated our consolidated financial statements. The adoption of IFRS 15 resulted in reduction to Revenue of \$247,133 for the year ended March 31, 2019.

IFRS 9

IFRS 9 Financial Instruments replaces the current standard IAS 39 Financial Instruments: Recognition and Measurement, replacing the current classification and measurement criteria for financial assets and liabilities with only three classification categories: amortized cost, fair value to profit and loss, and fair value to other comprehensive income. This standard has an effective date of January 1, 2018.

We completed a detailed assessment of our financial assets and liabilities as at April 1, 2018 and concluded that there is no change to the original measurement categories under IAS 39 compared to the new measurement categories under IFRS 9.

Financial Instrument	Previous Classification (Measurement)	New Classification and Measurement	Impact
Cash and restricted cash	Loans and Receivables (Amortized cost)	Amortized cost	Nil
Accounts receivable	Loans and Receivables (Amortized cost)	Amortized cost	Nil
Promissory note receivable	Held to maturity investment (Amortized cost)	Amortized cost	Nil
Accounts payable and accrued liabilities	Other financial liabilities (Amortized cost)	Amortized cost	Nil
Promissory note payable	Other financial liabilities (Amortized cost)	Amortized cost	Nil
Liability component of convertible debentures	Other financial liabilities (Amortized cost)	Amortized cost	Nil
Loans payable to related parties	Other financial liabilities (Amortized cost)	Amortized cost	Nil

IFRS 16

Effective January 1, 2019, we adopted IFRS 16 using the modified retrospective approach and accordingly the information presented for the year ended March 31, 2018 has not been restated. The cumulative effect of the initial application, if any, is recognized in deficit at January 1, 2019. Comparative amounts up to December 31, 2018 remain as previously reported under IAS 17 and related interpretations.

Definition of a lease

At inception of a contract, we assess whether a contract is, or contains, a lease based on whether the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. We have elected to apply the practical expedient to account for leases for which the lease term ends within 12 months of the date of initial application and leases of low value assets as short-term leases. The lease payments associated with these leases are recognized as expenses on a straight-line basis over the lease term.

We have also elected to apply the practical expedient for excluding the initial direct costs for the measurement of right of use assets at the date of initial application, as well as for using hindsight in determining the lease term where the contract contains options to extend or terminate the lease.

As a lessee

We recognize a right of use asset and a lease liability at the lease commencement date. The right of use asset is initially measured at cost, based on the initial amount of the lease liability. The assets are depreciated to the earlier of the end of the useful life of the right of use asset or the lease term using the straight-line method as this most closely reflects the expected pattern of consumption of the future economic benefits. The lease term includes periods covered by an option to extend if our company is reasonably certain to exercise that option.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, at our company's incremental borrowing rate.

The ongoing lease liability is measured at amortized cost using the effective interest method. It is re-measured when there is a change in future lease payments, if there is a change in our company's estimate of the amount expected to be payable under a residual value guarantee, or if our company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is premeasured in this way a corresponding adjustment is made to the carrying amount of the right of use asset or is recorded in profit or loss if the carrying amount of the right of use asset has been reduced to zero.

As a lessor

When we act as a lessor, we determine at lease inception whether each lease is a finance lease or an operating lease.

To classify each lease, we make an overall assessment of whether the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease; if not, then it is an operating lease. As part of this assessment, we consider certain indicators such as whether the lease is for the major part of the economic life of the asset.

If an arrangement contains lease and non-lease components, we apply IFRS 15 to allocate the consideration in the contract.

We recognize lease payments received under operating leases as income on a straight-line basis over the lease term, included in revenue in the Consolidated Statements of Operations of our financial statements.

Impact on adoption

On initial application, we have elected to record right of use assets based on the corresponding lease liabilities, as described more fully in Note 7 to our financial statements. Lease liabilities have been measured by discounting future lease payments at the incremental borrowing rate of 8% per annum, and represents our company's best estimate of the rate of interest that it would expect to pay to borrow, on a collateralized basis, over a similar term, an amount equal to the lease payments in the current economic environment. As of March 31, 2019, the remaining non-cancelable period of one of the two leases is 29 months, and the other is 42 months.

The application of IFRS 16 to leases previously classified as operating leases under IAS 17, resulted in the recognition of right of use assets and lease liabilities as at January 1, 2019. The following table summarizes the Right of Use Assets of our company for the year ended March 31, 2019:

Right of Use Assets, March 31, 2018	\$	-
Additions to Right of Use Assets during the year		787,326
Depreciation during the year		(87,752)
Right of Use Assets, March 31, 2019	\$	699,574

During the year ended March 31, 2019, we entered into two transactions as lessor, one which was accounted for as an operating lease, and the other as a finance lease (Note 4 to our financial statements). The adoption of IFRS 16 did not have a material impact on the financial results for the year ended March 31, 2019 for either of these transactions.

The adoption of the above accounting policies impacted the consolidated financial statements for the year ended March 31, 2019 as described in the respective notes.

Future accounting pronouncements

Certain new accounting standards and interpretations have been published by the IASB or the IFRS Interpretations Committee that are not mandatory for the March 31, 2019 reporting period.

We have reviewed new and revised accounting pronouncements that have been issued but are not yet effective. We have not early adopted any of these standards and is currently evaluating the impact, if any, that these standards might have on our consolidated financial statements.

Research and Development, Patents and Licenses, etc.

We have invested significant resources in developing our suite of all-electric buses. Our buses were developed using a clean-sheet proprietary design and use key components from established third-party suppliers. We do not currently have patents and licenses, but may choose to obtain patents and licenses on our designs, processes or inventions in the future.

We have expended \$437,208, \$251,826, and \$312,278 on product development costs during the years ended March 31, 2019, March 31, 2018 and March 31, 2017 respectively, and we have expended \$214,413 and \$163,622 on product development costs during the three-months ended June 30, 2019 and June 30, 2018 respectively.

Trend Information

We do not know of any trends, commitments, events, or uncertainty that are expected to have a material effect on our company's business, financial condition, or results of operations other than as described in the section "Risk Factors" and in the section entitled "Quantitative and Qualitative Disclosures About Market Risk".

Off-Balance Sheet Arrangements

We do not have any off-balance sheet arrangements that have, or are reasonably likely to have, a current or future effect on the results of operations or financial condition of our company including, without limitation, such considerations as liquidity and capital resources that have not previously been discussed, other than payments on two leases that are classified as short term leases, which totaled \$83,962 for the year ended March 31, 2019, and were recognized in rent and maintenance expense. As of March 31, 2019, these leases were scheduled to terminate during the year ended March 31, 2020, and the remaining minimum lease payments for the next fiscal year on these two leases, as at March 31, 2019, was \$42,356.

Tabular Disclosure of Contractual Obligations

Other than as disclosed below, we do not have any contractual obligations as of March 31, 2019 relating to long-term debt obligations, capital (finance) lease obligations, operating lease obligations, purchase obligations or other long-term liabilities reflected on our latest fiscal year end balance sheet. The payments in the table below include estimated future principal and interest payments on our contractual obligations.

Notes:

- ⁽¹⁾ We have a line of credit with a \$5,000,000 credit limit with no fixed terms of repayment that is repayable on demand and is therefore accounted for as a current liability under IFRS reporting standards. The line of credit bears interest at the bank's variable US bank rate plus a margin of 1.5%. For the purpose of estimating future interest on the line of credit we have assumed the variable US bank rate remains unchanged at 6.0% and the balance outstanding at March 31, 2019 is repaid in one year.
- ⁽²⁾ We had four series of convertible debentures with a total of CDN\$5,646,000 outstanding as at March 31, 2019. The convertible debentures are convertible into our common shares at CDN\$0.40 per share and at CDN\$0.65 per share, and have maturity dates between May 17, 2021 and October 16, 2021. If the convertible debentures are not converted into common shares by their maturity date, we will be required to repay the CDN\$5,646,000 at maturity. The maximum payment due at maturity (CDN\$5,646,000) has been converted to US\$ in this table at an assumed exchange rate of 0.7483 US dollars per Canadian dollar.

Quantitative and Qualitative Disclosures About Market Risk

Investing in the common shares of our company involves risk. Prospective investors should carefully consider the risks described below, together with all of the other information included in this prospectus before making an investment decision. If any of the following risks actually occurs, the business, financial condition or results of operations of our company could be harmed. In such an event, the trading price of the common shares could decline and prospective investors may lose part or all of their investment.

No Operating History

We have not paid any dividends and may not produce earnings or pay dividends in the immediate or foreseeable future.

Reliance on Management

We are relying solely on the past business success of our directors and officers. The success of our company is dependent upon the efforts and abilities of our directors, officers and employees. The loss of any of our directors, officers or employees could have a material adverse effect upon the business and prospects of our company.

Operational Risk

We are exposed to many types of operational risks that affect all companies. Operational risk is the risk of loss resulting from inadequate or failed internal processes, people and/or systems. Operational risk is present in all of our company's business activities, and incorporates exposure relating to fiduciary breaches, product liability claims, product recalls, regulatory compliance failures, legal disputes, business disruption, technology failures, business integration, damage to physical assets, employee safety, dependence on suppliers, foreign exchange fluctuations, insurance coverage and rising insurance costs. Such risks also include the risk of misconduct, theft or fraud by employees or others, unauthorized transactions by employees, operational or human error or not having sufficient levels or quality of staffing resources to successfully achieve our company's strategic or operational objectives.

As a result of the acquisition of land in Porterville described above, we are subject to the risks normally associated with the construction of a manufacturing facility, including, but not limited to, construction delays, natural disasters, labour disputes, cost overruns, insufficient financing and requirements for governmental permits or approvals.

The occurrence of an event caused by an operational risk that is material could have a material adverse effect on our company's business, financial condition, liquidity and operating results.

Volatile Operating Results

Our orders with our customers generally require time-consuming customization and specification. We incur significant operating expenses when we are building a bus prior to sale or designing and testing a new bus. If there are delays in the sale of buses to customers, such delays may lead to significant fluctuations in results of operations from quarter to quarter, making it difficult to predict our financial performance on a quarterly basis.

Competition in the Industry

We compete against a number of existing manufacturers of all-electric buses, traditional diesel buses and other buses with various models based on size, purpose or performance features. We compete in the non-diesel or alternative fuel segment of this market. There are existing competitors in the various market segments with the potential for future competitors.

Provision for Warranty Costs

We offer warranties on the transit, charter and school buses we sell. Management estimates the related provision for future warranty claims based on historical warranty claim information as well as recent trends that might suggest past cost information may differ from future claims. Factors that could impact the estimated claim information include the success of our company's productivity and quality initiatives as well as parts and labor costs. Actual warranty expense will differ from the provisions which are estimated by management.

Sales and Marketing

Presently, the initial price of our products are higher than a traditional diesel bus and certain grants and subsidies are available to offset these higher prices. Sales of our company's products may also be impacted by the current market price of diesel fuel, along with the values placed on avoiding other ancillary costs such as noise and vehicle emissions. Our company's products are based on emerging technologies which seek to provide operators and users with vehicles that are all-electric, emission free, and with reduced noise. A reduction or cancellation of these grants would negatively impact our sales program.

Current requirements and regulations may change or become more onerous

Our company's products must comply with local regulatory and safety requirements in order to be allowed to operate within the relevant jurisdiction or to qualify for funding. These requirements are subject to change and one regulatory environment is not indicative of another.

Financial Instruments

Our company's financial instruments consist of cash and restricted cash, accounts receivable, finance lease receivable, promissory note receivable, line of credit, accounts payable and accrued liabilities, note payable, loans payable to related parties, promissory note payable, convertible debentures and lease liabilities. As at March 31, 2019, our company had a working capital deficit of \$155,176, and as at June 30, 2019 our company had working

capital of \$2,775,679. Our company's continuing operations are dependent upon its ability to raise capital and generate cash flows from operations.

Our company has exposure to the following financial instrument related risks.

Credit risk

Our company's exposure to credit risk is on its cash, finance lease, and promissory note receivable. Cash consists of cash bank balances held in major financial institutions in Canada and the United States with a high credit quality and therefore our company is exposed to minimal risk. We assess the credit risk of our promissory note receivable counterparty and lease counterparty on an annual basis and believes we are exposed to minimal credit risk.

Liquidity risk

We try to ensure that there is sufficient capital in order to meet short-term business requirements, after taking into account our company's cash balances and available liquidity on our company's \$5 million operating line of credit. Our company's cash is invested in bank accounts at major financial institutions in Canada and the United States and is available on demand. We will continue to rely on additional financings to further our operations and meet our capital requirements.

Trade Tariffs

We manufacture and import key components from overseas that are subject to tariffs on importation into the United States.

Market risks

Market risk is the risk of loss that may arise from changes in market factors such as interest rates and foreign exchange. We believe interest rate risk is not material.

We are exposed to foreign exchange risk as we conduct business in both the United States and Canada. Management monitors our foreign currency balances, but we do not engage in any hedging activities to reduce our foreign currency risk.

At March 31, 2019, we were exposed to currency risk through the following monetary assets and liabilities in CDN Dollars.

Cash	\$ 2,067
Accounts Receivable	\$ 38,091
Promissory Notes Receivable	\$ 1,000,000
Accounts Payable and Accrued Liabilities	\$ (176,197)
Loans Payable to Related Parties	\$ (1,430,000)
Convertible Debentures	\$ (5,646,000)
Note Payable	\$ (380,000)

Based on the net exposure and assuming all other variables remain constant, as at March 31, 2019, a 10% change in the appreciation or depreciation of the Canadian dollar relative to the US dollar would result in a change of approximately \$494,000 to other comprehensive income/loss.

At June 30, 2019, we were exposed to currency risk through the following monetary assets and liabilities in CDN Dollars.

Cash	\$ 24,636
Accounts Receivable	\$ 341,554
Promissory Notes Receivable	\$ 1,000,000
Accounts Payable and Accrued Liabilities	\$ (207,064)
Loans Payable to Related Parties	\$ (1,250,000)
Convertible Debentures	\$ (5,646,000)
Note Payable	\$ (380,000)

Based on the net exposure and assuming all other variables remain constant, as at June 30, 2019, a 10% change in the appreciation or depreciation of the Canadian dollar relative to the US dollar would result in a change of approximately \$4904,000 to other comprehensive income/loss.

Interest Rate Risk

We have a line of credit with a credit limit of up to \$5,000,000 which bears interest at a variable rate of interest of the bank's US Base Rate plus 1.5%. As of March 31, 2019 and as at June 30, 2019 the US Base Rate was 6.0%. Assuming the maximum amount is drawn on the line of credit, our company's interest expense will increase by \$50,000 per annum for every 1.0% increase in the US Base Rate.

In addition, our company had CDN\$5,646,000 in outstanding convertible debentures as at March 31, 2019 and as at June 30, 2019. The convertible debentures incur interest at the greater of 8.0% per annum or the BMO bank prime rate plus 2.5% per annum. As of March 31, 2019, the BMO bank prime rate was 3.95%. Our company's interest expense will increase by CDN\$56,460 for every 1.0% that the BMO bank prime rate increases above 5.5%.

Pension, Retirement or Similar Benefits

We have not set aside or accrued any amounts to provide pension, retirement or similar benefit for our directors or members of our management during the year ended March 31, 2019.

Board Practices

Term of Office

Each director of our company holds office until the next annual general meeting of our company or until his successor is elected or appointed, unless his office is earlier vacated in accordance with the articles of our company or the provisions of the Business Corporations Act (British Columbia). Each officer of our company is appointed to serve at the discretion of our board of directors.

Committees

We have three committees: the nominating committee, the compensation committee and the audit committee.

Nominating Committee

We have a nominating committee comprised of Malcolm Clay, Fraser Atkinson and Mark Achtemichuk. Our nominating committee does not have a specific charter or terms of reference. Our nominating committee, in consultation with our board of directors, is responsible for identifying individuals qualified to become new board members and recommending to our board of directors new director nominees for the next annual meeting of shareholders. New nominees must have a track record in general business management, special expertise in an area of strategic interest to our company, a willingness to serve and the ability to devote the required time and support for our mission and strategic objectives.

Compensation Committee

We have a compensation committee comprised of Malcolm Clay and David Richardson. Our compensation committee does not have a specific charter or terms of reference. Our compensation committee, in consultation with our board of directors, conducts reviews with regard to the compensation of our directors and officers once a year. To make its recommendations on such compensation, our compensation committee take into account the types of compensation and the amounts paid to directors and officers of comparable publicly traded Canadian companies.

Audit Committee

We have an audit committee that is comprised of Mark Achtemichuk, Malcolm Clay and David Richardson.

We have adopted a charter for our audit committee. According to our audit committee charter, the mandate of our audit committee is to assist our board of directors in fulfilling its financial oversight responsibilities. According to our audit committee charter, our audit committee will review and consider, in consultation with our external auditors, the financial reporting process, the system of internal control over financial reporting and the audit process. In performing its duties, our audit committee will maintain effective working relationships with our board of directors, management and external auditors. To effectively perform his or her role, each committee member must

obtain an understanding of the principal responsibilities of committee membership as well as our company's business, operations and risks. Our audit committee has duties and responsibilities including:

- being directly responsible for overseeing the work of external auditors in preparing or issuing the auditor's report, or performing other audit, review or attestation services, including the resolution of disagreements between management and the external auditors regarding financial reporting;
- considering whether adequate internal controls are in place over annual and interim financial reporting as well as controls over assets, transactions and the creation of obligations, commitments and liabilities of our company;
- reviewing the financial statements and financial information of our company prior to their release to the public; and
- considering and approving any non-audit services (being services other than services rendered for the audit and review of the financial statements or services that are normally provided by the external auditor in connection with statutory and regulatory filings or engagements) which are proposed to be provided by the external auditors to our company or any subsidiary of our company.

Stock Option Plans

On April 12, 2013, our board of directors adopted the 2013 Rolling Stock Option Plan, which is a "rolling" stock option plan, whereby the aggregate number of common shares of our company reserved for issuance, together with any other common shares reserved for issuance under any other plan or agreement of our company, must not exceed 10% of the total number of issued common shares of our company (calculated on a non-diluted basis) at the time a stock option is granted.

On February 4, 2016, our board of directors adopted the 2016 Fixed Stock Option Plan which was a "fixed" stock option plan, pursuant to which we were permitted to grant stock options to acquire up to a maximum of 14,909,992 common shares of our company.

On April 12, 2019, our board of directors adopted the 2019 Rolling Stock Option Plan, which is a "rolling" stock option plan, whereby the aggregate number of common shares of our company reserved for issuance, together with any other common shares of our company reserved for issuance under any other plan or agreement of our company, must not exceed 10% of the total number of issued common shares of our company (calculated on a non-diluted basis) at the time a stock option is granted.

We will not grant any additional stock options under our 2013 Rolling Stock Option Plan or 2016 Fixed Stock Option Plan and all new stock options will be granted under our 2019 Rolling Stock Option Plan.

The following information is a brief description of our 2019 Rolling Stock Option Plan:

1. Our board of directors must establish the exercise price at the time each stock option is granted, subject to the following conditions:
 - (a) if our common shares are listed on the TSX Venture Exchange, the exercise price must not be less than the minimum prevailing price permitted by the policies of the TSX Venture Exchange;
 - (b) if our common shares are not listed, posted and trading on any stock exchange or bulletin board, then the exercise price will be determined by our board of directors at the time of granting;
 - (c) if a stock option is granted within 90 days of a distribution by a prospectus by our company, the exercise price must not be less than the price that is the greater of the minimum prevailing price permitted by the policies of the TSX Venture Exchange and the per share price paid by public investors for our common shares acquired under the distribution by the prospectus, with the 90 day period beginning on the date a final receipt is issued for the prospectus; and

(d) in all other cases, the exercise price must be determined in accordance with the rules and regulations of any applicable regulatory bodies.

2. Upon expiry of a stock option, or in the event a stock option is otherwise terminated for any reason, without having been exercised in full, the number of our common shares in respect of the expired or terminated stock option will again be available for a grant under our 2019 Rolling Stock Option Plan.
3. No stock option granted under our 2019 Rolling Stock Option Plan may have an expiry date exceeding 10 years from the date on which the stock option is granted (unless automatically extended as a result of a blackout period as described below).
4. The expiry date of each stock option will be automatically extended if the expiry date falls within a period during which we prohibit optionees from exercising their stock options, provided that: (a) the blackout period has been formally imposed by our company pursuant to our internal trading policies as a result of the bona fide existence of undisclosed Material Information (as defined in the policies of the TSX Venture Exchange). For greater certainty, in the absence of our company formally imposing a blackout period, the expiry date of any stock options will not be automatically extended in any circumstances; (b) the blackout period expires upon the general disclosure of the undisclosed Material Information and the expiry date of the affected stock options is extended to no later than ten business days after the expiry of the blackout period; and (c) the automatic extension will not be permitted where the optionee or our company is subject to a cease trade order (or similar order under applicable securities laws) in respect of our securities.
5. Stock options granted to any one individual in any 12 month period cannot exceed more than 5% of the issued common shares of our company, unless we have obtained disinterested shareholder approval.
6. Stock options granted to any one consultant in any 12 month period cannot exceed more than 2% of the issued common shares of our company, without the prior consent of the TSX Venture Exchange.
7. Stock options granted to all persons, in aggregate, conducting investor relations activities in any 12 month period cannot exceed more than 2% of the issued common shares of our company, without the prior consent of the TSX Venture Exchange.
8. Stock options issued to optionees performing investor relations activities must vest in stages over 12 months with no more than one quarter of the stock options vesting in any three month period.
9. If a director, employee or consultant of our company is terminated for cause, then any stock option granted to the option holder will terminate immediately upon the option holder ceasing to be a director, employee, or consultant of our company by reason of termination for cause.
10. If an option holder ceases to be a director, employee or consultant of our company (other than by reason of death, disability or termination of services for cause), or if an optionee resigns, as the case may be, then any stock option granted to the holder that had vested and was exercisable on the date of termination will expire on the earlier of the expiry date and the date that is 90 days following the date that the holder ceases to be a director, employee or service provider of our company.
11. If the engagement of an option holder engaged in investor relations activities as a consultant is terminated for any reason other than cause, disability or death, any stock option granted to such holder that was exercisable and had vested on the date of termination will be exercisable until the earlier of the expiry date and the date that is 30 days after the effective date of the holder ceasing to be a consultant.

-
12. If an option holder dies, the holder's lawful personal representatives, heirs or executors may exercise any stock option granted to the holder that had vested and was exercisable on the date of death until the earlier of the expiry date and one year after the date of death of the holder.

13. If an option holder ceases to be a director, employee or consultant of our company as a result of a disability, the holder may exercise any stock option granted to the holder that had vested and was exercisable on the date of disability until the earlier of the expiry date and one year after the date of disability.
14. If an option holder ceases to be one type of eligible person but concurrently is or becomes one or more other type of eligible person, the stock option will not terminate but will continue in full force and effect and the option holder may exercise the stock option until the earlier of (a) the expiry date, and (b) the applicable date where the option holder ceases to be any type of eligible person. If the option holder is an employee, the stock option will not be affected by any change of the option holder's employment where the option holder continues to be employed by our company or an affiliate of our company.
15. Stock options granted to directors, employees or consultants will vest when granted unless determined by our board of directors on a case by case basis, other than stock options granted to consultants performing investor relations activities, which will vest in stages over 12 months with no more than one quarter of the stock options vesting in any three month period.
16. Our 2019 Rolling Stock Option Plan is administered by our board of directors who has the full authority and sole discretion to grant stock options under our 2019 Rolling Stock Option Plan to any eligible party, including themselves.
17. Stock options granted under our 2019 Rolling Stock Option Plan are not assignable or transferable by an option holder.
18. Our board of directors may from time to time, subject to regulatory or shareholder approval, amend or revise the terms of our 2019 Rolling Stock Option Plan.

On December 21, 2018, we entered into an amended and restated letter of agreement with respect to credit facilities with the Bank of Montreal. The letter of agreement amended and restated an existing letter of agreement dated May 15, 2018 and amendment and restatement agreement dated November 8, 2018. Pursuant to the letter of agreement, the Bank of Montreal offered (or continued to offer, as applicable) credit facilities to our company on the terms and conditions set out in this letter of agreement. The total approved amount of all credit facilities must not exceed \$5,020,000 at any time. The first credit facility is repayable on demand and consists of an operating demand loan authorized for \$5,000,000 bearing an interest rate of the US Base Rate plus 1.50%. Interest is calculated monthly in arrears, and payable monthly on the last day of each month. The US Base Rate in effect as of December 21, 2018 was 6.00%. The first facility carries a facility fee of \$945 per month. The first credit facility is secured by a general floating charge on our company's assets and the assets of one of its subsidiaries. The first credit facility is also guaranteed by David Richardson and Fraser Atkinson, directors of our company, and in consideration for these guarantees, when the first credit facility had a maximum limit of \$2,000,000, we agreed to issue these directors 4,400,000 non-transferrable common share purchase warrants, with 2,400,000 warrants issued to David Richardson and 2,000,000 issued to Fraser Atkinson on November 2, 2018 at an exercise price of CDN\$0.65 per share expiring on June 29, 2021. In consideration for guarantees offered by the two directors when the first credit facility's limit was increased to \$5,000,000, we agreed to issue these directors an additional 4,800,000 non-transferrable common share purchase warrants, with 2,400,000 warrants issued to David Richardson and 2,400,000 issued to Fraser Atkinson, on March 14, 2019, exercisable at an exercise price of CDN\$0.60 per share expiring three years after the issue date. The second credit facility consists of a corporate credit card authorized for \$20,000.00 and is repayable, bears interest, and carries a facility fee as determined by a Corporate MasterCard Agreement. The amended and restated letter of agreement contains customary business covenants such as maintenance of security, maintenance of corporate existence, and other covenants typical for a corporate operating line of credit. In addition, the agreement has one financial covenant, to maintain a current ratio greater than 1.2:1, which will be tested quarterly starting on June 30, 2019.

The selling shareholders identified in this prospectus may offer and sell up to ~~13,062,754~~^{13,114,754} common shares of our company and up to 6,557,371 common shares of our company that may be issued upon exercise of warrants. The common shares of our company and warrants were acquired by the selling shareholders directly from us in private placements that were exempt from the registration requirements of the Securities Act of 1933.

May 2019 Private Placements

On May 6 and 8, 2019, we completed private placements of an aggregate of 13,114,754 units of our securities at a price of \$0.305 per unit for aggregate gross proceeds of \$3,999,999.97. Each unit consisted of one common share of our company and one-half of one share purchase warrant, with each whole share purchase warrant entitling the holder to acquire one additional common share of our company at a price of \$0.3811 per share for a period of four years.

At any time after the date which is one year after the issuance of share purchase warrants, if, for at least 10 consecutive trading days, our common shares have a closing price greater than CDN\$1.20 per share, we may issue an acceleration notice to a holder of the share purchase warrants to accelerate the expiration date of such share purchase warrants. The share purchase warrants will terminate on the date that is 30 days from the date of the acceleration notice in the event that the holder has not exercised the share purchase warrants in accordance with the terms of the acceleration notice by such date.

Of the 13,114,754 units we issued: (i) 11,543,361 units were issued pursuant to the exemption from registration under the Securities Act of 1933 provided by Section 4(a)(2) and/or Rule 506 of Regulation D promulgated under the Securities Act of 1933 to 42 investors who were "accredited investors" within the meaning ascribed to that term in Regulation D promulgated under the Securities Act of 1933; and (ii) 1,571,393 units were issued to four non-U.S. persons (as that term is defined in Regulation S of the Securities Act of 1933) in offshore transactions relying on Regulation S and/or Section 4(a)(2) of the Securities Act of 1933.

Think Equity, a division of Fordham Financial Management, Inc., acted as placement agent for these private placements and we paid placement agent's fees of \$280,000 in connection with the closing of these private placements.

In connection with these private placements, we entered into a registration rights agreement with each subscriber who purchased these units, pursuant to which we agreed to prepare and file a registration statement with the Securities and Exchange Commission with respect to (i) the common shares of our company comprising these units and (ii) the common shares of our company issuable upon exercise of the share purchase warrants comprising these units on or before the 100th calendar day following the date of the registration rights agreement. We also agreed to use our best efforts to cause the registration statement to be declared effective as promptly as possible after the filing, but in any event no later than the 120th calendar day (the 180th calendar day in the event of a "full review" by the Securities and Exchange Commission) following the earlier of (i) the date that we file our audited financial statements for the year ended March 31, 2019 on SEDAR and (ii) the date that we file the registration statement. In addition, we agreed to use our best efforts to keep the registration statement continuously effective until the earlier of (i) the date that all the common shares covered by the registration statement have been sold or (ii) the date that is one year and 30 days after we issue an acceleration notice as defined in the form of the share purchase warrant or (iii) the date that all common shares of covered by the registration statement may be sold without the volume or manner of sale restrictions pursuant to Rule 144 promulgated under the Securities Act of 1933 and without the requirement for our company to be in compliance with the current public information requirement under Rule 144 promulgated under the Securities Act of 1933 or (iv) the date that we request a security holding confirmation and have not received an affirmative response from at least one holder or (v) the date that is four years from the date of the registration rights agreement. If we do not satisfy certain timing requirements set forth in the registration rights

agreement, we agreed to pay to each subscriber an amount in cash, as partial liquidated damages and not as a penalty, equal to the product of 1.0% multiplied by the aggregate subscription amount paid by such subscriber in the private placements (subject to an interest of 10% per annum in the case of the late payment).

Use of Proceeds

We will not receive any proceeds from the sale of our common shares by the selling shareholders. We may, however, receive proceeds upon exercise of the warrants by the selling shareholders.

61

We will pay for expenses of this offering, except that the selling shareholders will pay any broker discounts or commissions or equivalent expenses and expenses of their legal counsel applicable to the sale of their shares.

Markets

Our common shares have been listed for trading on the TSX Venture Exchange under the symbol "GPV" since December 30, 2014. From July 8, 2013 to December 29, 2014, our common shares have been listed for trading on the TSX Venture Exchange under the symbol "OMK."

Our common shares have been quoted on the OTCQX under the symbol "GPVRF" since March 28, 2017. From May 6, 2015 to March 27, 2017, our common shares were quoted on the OTCQB under the symbol "GPVRF."

Our common shares are in registered form and the transfer of our common shares is managed by our transfer agent, Computershare Investor Services Inc., located at 3rd Floor, 510 Burrard Street, Vancouver, British Columbia V6C 3B9, Canada (Tel: (604) 661-9400; Fax: (604) 661-9549).

Selling Shareholders

The common shares being offered by the selling shareholders are those previously issued to the selling shareholders, and those issuable to the selling shareholders, upon exercise of the warrants. For additional information regarding the issuances of those common shares and warrants, see "Private Placements" above. The selling shareholders may offer and sell these common shares from time to time. Except for the ownership of the common shares and the warrants, the selling shareholders have not had any material relationship with us within the past three years.

The table below lists the selling shareholders and other information regarding the beneficial ownership of the common shares by each of the selling shareholders. The second column lists the number of our common shares beneficially owned by each selling shareholder, based on his, her or its ownership of the common shares and warrants, as of ~~August~~September ♦, 2019, assuming exercise of the warrants held by the selling shareholders on that date, without regard to any limitations on exercises. The third column lists the common shares being offered by this prospectus by the selling shareholders.

In accordance with the terms of a registration rights agreement with the selling shareholders, this prospectus generally covers the resale of the sum of (i) the number of common shares issued to the selling shareholders on May 6 and 8, 2019, and (ii) the maximum number of common shares issuable upon exercise of the related warrants, determined as if the outstanding warrants were exercised in full as of ♦, 2019 and all subject to adjustment as provided in the registration right agreement, without regard to any limitations on the exercise of the warrants. The fourth column assumes the sale of all of the common shares offered by the selling shareholders pursuant to this prospectus.

Under the terms of the warrants, a selling shareholder may not exercise the warrants to the extent such exercise would cause such selling shareholder, together with its affiliates and attribution parties, to beneficially own a

number of shares of common stock which would exceed 4.99% or 9.99%, as applicable of our then outstanding common shares following such exercise, excluding for purposes of such determination common shares issuable upon exercise of the warrants which have not been exercised. The number of shares in the second column does not reflect this limitation. The selling shareholders may sell all, some or none of their shares in this offering. See "Plan of Distribution."

Plan of Distribution

Each of the selling shareholders named below and any of their pledgees, assignees and successors-in-interest may, from time to time, sell any or all of his, her or its common shares of our company covered hereby on the OTC Markets Group's OTCQX, the TSX Venture Exchange or any other stock exchange, market or trading facility on which our common shares are traded or in private transactions. A selling shareholder may sell all or a portion of our common shares being offered pursuant to this prospectus at fixed prices, at prevailing market prices at the time of sale, at varying prices or at negotiated prices. A selling shareholder may use any one or more of the following methods when selling our common shares:

70

- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- block trades in which the broker-dealer will attempt to sell our common shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- an exchange distribution in accordance with the rules of the applicable exchange;
- privately negotiated transactions;
- settlement of short sales;
- in transactions through broker-dealers that agree with the selling shareholders to sell a specified number of such common shares of our company at a stipulated price per share;
- through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise;
- a combination of any such methods of sale; or
- any other method permitted pursuant to applicable law.

The selling shareholders may also sell our common shares under Rule 144 or any other exemption from registration under the Securities Act of 1933, if available, rather than under this prospectus.

Broker-dealers engaged by the selling shareholders may arrange for other broker-dealers to participate in sales. If the selling shareholders effect such transactions by selling our common shares to or through underwriters, broker-dealers or agents, such underwriters, broker-dealers or agents may receive commissions in the form of discounts, concessions or commissions from the selling shareholders or commissions from purchasers of our common shares for whom they may act as agent or to whom they may sell as principal. Such commissions will be in amounts to be negotiated, but, except as set forth in a supplement to this prospectus, will not be in excess of a customary brokerage commission in compliance with FINRA Rule 2121 and Supplementary Material .01 and Supplementary Material .02 thereto in the case of an agency transaction.

In connection with the sale of our common shares or interests therein, the selling shareholders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of

our common shares in the course of hedging the positions they assume. The selling shareholders may also sell our common shares short and deliver these common shares to close out their short positions, or loan or pledge our common shares to broker-dealers that in turn may sell these common shares. The selling shareholders may also enter into option or other transactions with broker-dealers or other financial institutions or create one or more derivative securities which require the delivery to such broker-dealer or other financial institution of our common shares offered by this prospectus, which common shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The selling shareholders and any broker-dealers or agents that are involved in selling our common shares may be deemed to be "underwriters" within the meaning of the Securities Act of 1933 in connection with such sales. In such event, any commissions received by such broker-dealers or agents and any profit on the resale of our common shares purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act of 1933. Each selling shareholder has informed our company that he, she or it does not have any written or oral agreement or understanding, directly or indirectly, with any person to distribute our common shares.

We are required to pay certain fees and expenses incurred by our company incident to the registration of our common shares. We have agreed to indemnify the selling shareholders against certain losses, claims, damages and liabilities, including liabilities under the Securities Act of 1933.

We agreed to use our best efforts to keep this prospectus effective until the earlier of (i) the date that all the common shares covered by this prospectus have been sold or (ii) the date that is one year and 30 days after we issue an acceleration notice as defined in the form of the share purchase warrant or (iii) the date that all common shares of covered by this prospectus may be sold without the volume or manner of sale restrictions pursuant to Rule 144 promulgated under the Securities Act of 1933 and without the requirement for our company to be in compliance with the current public information requirement under Rule 144 promulgated under the Securities Act of 1933 or (iv) the date that we request a security holding confirmation and have not received an affirmative response from at least one holder or (v) the date that is four years from the date of the registration rights agreement.

Our common shares will be sold only through registered or licensed brokers or dealers if required under applicable state securities laws. In addition, in certain states, our common shares covered hereby may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

Under applicable rules and regulations under the Securities Exchange Act of 1934, any person engaged in the distribution of our common shares may not simultaneously engage in market making activities with respect to our common shares for the applicable restricted period, as defined in Regulation M, prior to the commencement of the distribution. In addition, the selling shareholders will be subject to applicable provisions of the Securities Exchange Act of 1934 and the rules and regulations thereunder, including Regulation M, which may limit the timing of purchases and sales of our common shares by the selling shareholders or any other person.

Expenses Relating to This Offering

The following table sets forth the expenses incurred by us in connection with the issuance and distribution of our common shares covered by this prospectus. The selling shareholders will bear no expenses associated with this offering except for any broker discounts and commissions or equivalent expenses and expenses of the selling shareholders' legal counsels applicable to the sale of their shares. All of the amounts shown are estimates, except for the Securities and Exchange Commission registration fees.

As at ~~August~~September ♦, 2019 we had a total of CDN\$ 5,596,000 in convertible debentures outstanding as CDN\$50,000 of the October 16, 2017 issuance were converted into 125,000 shares at CDN\$0.40 per share during July 2019.

Issuances of Common Shares

During the last three years, we have issued the following securities:

On July 19, 2019 we issued 250,000 common shares of our company. 125,000 of these common shares were issued pursuant to the conversion of CAD\$50,000 of convertible debentures issued October 16, 2017 at a conversion price of CAD\$0.40 per share, and 125,000 of these common shares were issued pursuant to the exercise of 125,000 warrants at CAD\$0.40 per share.

On May 6 and 8, 2019, we completed private placements of an aggregate of 13,114,754 units of our securities at a price of \$0.305 per unit for aggregate gross proceeds of \$3,999,999.97. Each unit consisted of one common share of our company and one-half of one share purchase warrant, with each whole share purchase warrant entitling the holder to acquire one additional common share of our company at a price of \$0.3811 per share for a period of four years.

At any time after the date which is one year after the issuance of share purchase warrants, if, for at least 10 consecutive trading days, our common shares have a closing price greater than CDN\$1.20 per share, we may issue an acceleration notice to a holder of the share purchase warrants to accelerate the expiration date of such share purchase warrants. The share purchase warrants will terminate on the date that is 30 days from the date of the acceleration notice in the event that the holder has not exercised the share purchase warrants in accordance with the terms of the acceleration notice by such date.

On February 12, 2019, we granted an aggregate of 650,000 incentive stock options including 50,000 incentive stock options to employees and 100,000 incentive stock options to directors and officers of our company. The stock options are exercisable for a period of five years at a price of CDN \$0.50. For the employees, the stock options vest as to 25% four months after the grant date, 25% one year after the grant date, 25% two years after the grant date, and 25% three years after the grant date. For the directors and officers, the stock options vest as to 25% four months after the grant date, 25% six months after the grant date, 25% nine months after the grant date, and 25% one year after the grant date.

On November 30, 2018, we granted 350,000 incentive stock options to the current Chief Financial Officer of our company. The stock options are exercisable for a period of five years at a price of \$0.43 per share and vest as to 25% four months after the grant date, 25% one year after the grant date, and 50% two years after the grant date.

On May 24, 2018, we entered into a credit facility with BMO Bank of Montreal. BMO Bank of Montreal provided us with a revolving operating demand loan for US \$2,000,000, which bears interest at the US bank rate plus 1.5% and is secured by assets of our company. Two directors of our company, David Richardson and Fraser Atkinson, agreed to provide joint and several personal guarantees each in the amount of CDN \$2,525,000 in support of the revolving operating demand loan. In consideration for providing the personal guarantees, we issued an aggregate of 4,400,000 non-transferrable common share purchase warrants to David Richardson and Fraser Atkinson. Each warrant is exercisable into one common share of our company for a period of three years at an exercise price of CDN\$0.65 per share. In consideration for additional personal guarantees provided by David Richardson and Fraser Atkinson when the revolving operating demand loan was increased from \$2,000,000 to \$5,000,000 in December 2018, we issued an aggregate of 4,800,000 non-transferrable common share purchase warrants on March 14, 2019 to David Richardson and Fraser Atkinson. Each warrant is exercisable into one common share of our company for a period of three years at an exercise price of CDN\$0.60 per share.

On May 4, 2018, we granted an aggregate of 630,000 incentive stock options including 100,000 incentive stock options to each director of our company and 130,000 incentive stock options to employees. These stock options are exercisable for a period of five years at a price of \$0.50 per share. For the employees, the stock options vest as to 25% four months after the grant date, 25% one year after the grant date, 25% two years after the grant date, and 25%

three years after the grant date. For the directors and officers, the stock options vest as to 25% four months after the grant date, 25% six months after the grant date, 25% nine months after the grant date, and 25% one year after the grant date.

On December 18, 2017, we granted 260,000 incentive stock options including 100,000 incentive stock options to Brendan Riley, the President of our company and 160,000 incentive stock options to a consultant and employees. The stock options are exercisable for a period of five years at a price of \$0.45 per share and vest as to 25% four months after the grant date, 25% one year after the grant date, 25% two years after the grant date, and 25% three years after the grant date.

On October 13, 2017, we closed the second and final tranche of a private placement of convertible debentures for gross proceeds of CDN\$2,220,000. The debentures mature four years after issuance, and the principal amount of the debentures, together with accrued and any unpaid interest, will be payable on this date. The debentures bear interest at the greater of 8% per annum or the BMO Bank of Montreal prime rate of lending plus 2.5% per annum, which is payable monthly. The principal amount of the debentures is convertible into common shares of our company at a price of CDN\$0.40 per share at any time until the maturity date. Alongside the debentures, we issued 5,550,000 non-transferrable common share purchase warrants, with each warrant exercisable into one share for a period of four years at an exercise price of CDN \$0.50 per share.

Shareholder Rights Plan

On May 4, 2018 our shareholders approved a shareholder rights plan which we have not implemented yet. Management is currently evaluating whether to implement the shareholder rights plan.

Purpose of the Shareholder Rights Plan

The objectives of the shareholder rights plan are to ensure, to the extent possible, that all shareholders are treated equally and fairly in connection with any take-over bid or similar proposal to acquire common shares of our company.

Take-over bids may be structured in such a way as to be coercive or discriminatory in effect, or may be initiated at a time when it will be difficult for our board of directors to prepare an adequate response. Such offers may result in shareholders receiving unequal or unfair treatment, or not realizing the full or maximum value of their investment in our company.

The shareholder rights plan discourages the making of any such offers by creating the potential of significant dilution to any offeror who does so. This potential is created through the issuance to all shareholders of contingent rights to acquire additional common shares of our company at a significant discount to then prevailing market prices, which could, in certain circumstances, become exercisable by all shareholders other than an offeror and its associates, affiliates and joint actors.

An offeror can avoid that potential by making an offer that either: (i) qualifies as a "Permitted Bid" under the shareholder rights plan, and therefore meets certain specified conditions (including a minimum deposit period of 105

days) which aim to ensure that all shareholders are treated fairly and equally; or (ii) does not qualify as a "Permitted Bid" but is negotiated with our company and has been exempted by our board of directors from the application of the shareholder rights plan in light of the opportunity to bargain for agreed terms and conditions to the offer that are believed to be in the best interests of shareholders.

Notwithstanding that there have been recent amendments to the current Canadian securities legislation which include, inter alia, an increased minimum deposit period from 35 days to 105 days, our board of directors believes that the adoption of the shareholder rights plan remains in the best interests of our company and will ensure that all shareholders have an equal opportunity to participate in a change of control transaction.

Summary of the Shareholder Rights Plan

The following is a summary of the principal terms of our shareholder rights plan.

Issue of Rights

Subject to the implementation of our shareholder rights plan, one right will be issued by our company in respect of each common share of our company that was outstanding at the close of business on the date of the shareholder rights plan agreement. One right will also be issued for each additional common share of our company (or other voting share of our company) issued after the Record Time and prior to the earlier of the Separation Time (as defined below) and the time at which the rights expire and terminate.

The issuance of rights will not be dilutive and will not affect reported earnings or cash flow per share unless the rights separate from the underlying shares in connection with which they were issued and become exercisable or are exercised.

Separation Time / Ability to Exercise Rights

The rights are not exercisable, and are not separable from the common shares in connection with which they will be issued, until the "**Separation Time**", being the close of business on the date that is 10 business days after the public announcement of a person becoming an Acquiring Person (as defined below), the commencement of or first public announcement or disclosure of the intent of any person to make a take-over bid that does not qualify as a Permitted Bid (as defined below), the date on which a Permitted Bid ceases to qualify as a Permitted Bid, or such later time as our board of directors may determine.

Acquiring Person

A person will be considered to be an Acquiring Person for the purposes of the shareholder rights plan if they, together with their associates, affiliates and joint actors, acquire beneficial ownership (within the meaning of the shareholder rights plan) of over 20% or more of the outstanding voting shares of our company other than pursuant to a Permitted Bid or another type of transaction that is excepted under the shareholder rights plan.

In general terms, a person will not be considered to be an Acquiring Person for the purposes of the shareholder rights plan if it becomes the holder of 20% or more of the voting shares by reason of: (i) a reduction of the number of voting shares outstanding; (ii) an acquisition under a Permitted Bid (as defined below); (iii) an acquisition in respect of which our board of directors has waived the application of the shareholder rights plan; (iv) an acquisition under a dividend or interest reinvestment plan or a stock dividend or similar pro rata event; (v) an acquisition from treasury that does not result in an increase in the person's proportionate shareholdings; or (vi) the exercise of convertible securities that were themselves received by the person pursuant to such a transaction; provided,

however, that any subsequent increase by 1% or more in the person's shareholdings (other than pursuant to an exempt transaction) will cause the person to be an Acquiring Person for the purposes of the shareholder rights plan.

Consequences of a Flip-in Event

A "**Flip-in Event**" refers to any transaction or event pursuant to which a person becomes an Acquiring Person. Following the occurrence of a Flip-in Event as to which our board of directors has not waived the application of the shareholder rights plan, each right held by:

1. an Acquiring Person (or any of its associates, affiliates or joint actors) on or after the earlier of the Separation Time or the first date of public announcement that an Acquiring Person has become such, will become null and void; and
2. any other shareholder shall entitle the holder thereof to purchase additional common shares from our company at a substantial discount to the prevailing market price at the time.

Permitted Bid Requirements

80

An offeror may make a take-over bid for our company without becoming an Acquiring Person (and therefore subject to the consequences of a Flip-in Event described above) if it makes a take-over bid (a "**Permitted Bid**") that meets certain requirements, including that the bid must be:

1. made pursuant to a formal take-over bid circular under applicable securities laws;
2. made to all registered holders of voting shares (other than the offeror); and
3. subject to irrevocable and unqualified provisions that:
 - (a) the bid will remain open for acceptance for at least 105 days from the date of the bid;
 - (b) the bid will be subject to a minimum tender condition of more than 50% of the voting shares held by independent shareholders;
 - (c) the bid will be extended for at least 10 business days if more than 50% of the voting shares held by independent shareholders are deposited to the bid (and the offeror shall make a public announcement of that fact); and
 - (d) any shares deposited can be withdrawn until taken up and paid for.

A competing take-over bid that is made while a Permitted Bid is outstanding and satisfies all of the criteria for Permitted Bid status, except that it may expire on the same date (which may be less than 105 days after such bid is commenced) as the Permitted Bid that is outstanding, will be considered to be a "Permitted Bid" for the purposes of the shareholder rights plan.

Certificates and Transferability

Before the Separation Time, the rights will be evidenced by a legend imprinted on share certificates issued after the effective date of the shareholder rights plan agreement. Although rights will also be attached to our common shares outstanding on the effective date, share certificates issued before the effective date will not (and need not) bear the

legend. Our shareholders will not be required to return their certificates to be entitled to the benefits of the shareholder rights plan.

From and after the Separation Time, rights will be evidenced by separate certificates.

Before the Separation Time, rights will trade together with, and will not be transferable separately from, our common shares in connection with which they were issued. From and after the Separation Time, rights will be transferable separately from the common shares.

Waiver

A potential offeror for our company that does not wish to make a Permitted Bid can nevertheless negotiate with our board of directors to make a formal take-over bid on terms that our board of directors considers fair to all shareholders, in which case our board of directors may waive the application of the shareholder rights plan. Any waiver of the shareholder rights plan's application in respect of a particular take-over bid will constitute a waiver of the shareholder rights plan in respect of any other formal take-over bid made while the initial bid is outstanding.

Our board of directors may also waive the application of the shareholder rights plan in respect of a particular Flip-in Event that has occurred through inadvertence, provided that the Acquiring Person that inadvertently triggered the Flip-in Event thereafter reduces its beneficial holdings below 20% of the outstanding voting shares of our company within 14 days or such other date as our board of directors may determine.

With shareholder approval, our board of directors may waive the application of the shareholder rights plan to any other Flip-in Event prior to its occurrence.

Redemption

Rights are deemed to be redeemed following completion of a Permitted Bid (including a competing Permitted Bid) or any other take-over bid in respect of which our board of directors has waived the shareholder rights plan's application.

With requisite approval, our board of directors may also, prior to the occurrence of a Flip-in Event, elect to redeem all (but not less than all) of the then outstanding rights at a nominal redemption price of \$0.00001 per right.

Amendments

Amendments to the shareholder rights plan are subject to shareholder approval, unless to correct any clerical or typographical error or (subject to confirmation at the next meeting of shareholders) make amendments that are necessary to maintain the shareholder rights plan's validity as a result of changes in applicable legislation, rules or regulations. Any amendments will also be subject to any requisite approval of any stock exchange on which our common shares are then trading.

Articles

Incorporation

We are incorporated under the Business Corporations Act (British Columbia). Our British Columbia incorporation number is BC0877385.

Objects and Purposes of Our Company

Our articles do not contain a description of our objects and purposes.

Voting on Certain Proposal, Arrangement, Contract or Compensation by Directors

Our articles do not restrict directors' power to (a) vote on a proposal, arrangement or contract in which the directors are materially interested or (b) to vote compensation to themselves or any other members of their body in the absence of an independent quorum. Any such conflicts of interest will be subject to the procedures and remedies as provided under the Business Corporations Act (British Columbia).

Borrowing Powers of Directors

Our articles provide that we, if authorized by our directors, may from time to time on behalf of our company:

- borrow money in the manner and amount, on the security, from the sources and on the terms and conditions that they consider appropriate;
- issue bonds, debentures and other debt obligations either outright or as security for any liability or obligation of our company or any other person and at any discount or premium and on such other terms as they consider appropriate;
- guarantee the repayment of money by any other person or the performance of any obligation of any other person; and
- mortgage or charge, whether by way of specific or floating charge, or give other security on the whole or any part of the present and future assets and undertaking of our company.

Qualifications of Directors

Under our articles, there is no mandatory retirement age for our directors and our directors are not required to own securities of our company in order to serve as directors.

Share Rights

Our authorized capital consists of an unlimited number of common shares without par value and an unlimited number of preferred shares without par value.

Holders of our common shares are entitled to vote one vote for each share held at all meetings of our shareholders, to receive any dividend declared by our board of directors and, to receive the remaining property of our company upon dissolution. None of our common shares are subject to any call or assessment nor pre-emptive or conversion rights. There are no provisions attached to our common shares for redemption, purchase for cancellation, surrender or sinking or purchase funds.

Our preferred shares may include one or more series and, subject to the Business Corporations Act (British Columbia), the directors of our company may, by resolution, if none of the shares of any particular series are issued, alter articles of our company and authorize the alteration of the notice of articles of our company, as the case may be, to do one or more of the following:

-
- determine the maximum number of shares of that series that our company is authorized to issue, determine that there is no such maximum number, or alter any such determination;
 - create an identifying name for the shares of that series, or alter any such identifying name; and
 - attach special rights or restrictions to the shares of that series, or alter any such special rights or restrictions.

The holders of our preferred shares are entitled, on the liquidation or dissolution of our company, whether voluntary or involuntary, or on any other distribution of the assets of our company among shareholders of our company for the purpose of winding up its affairs, to receive, before any distribution is made to the holders of our common shares or any other shares of our company ranking junior to our preferred shares with respect to the repayment of capital on the liquidation or dissolution of our company, whether voluntary or involuntary, or on any other distribution of the assets of our company among shareholders of our company for the purpose of winding up its affairs, the amount paid up with respect to each preferred share held by them, together with the fixed premium (if any) thereon, all accrued and unpaid cumulative dividends (if any and if preferential) thereon, which for such purpose will be calculated as if such dividends were accruing on a day-to-day basis up to the date of such distribution, whether or not earned or declared, and all declared and unpaid non-cumulative dividends (if any and if preferential) thereon. After payment to the holders of our preferred shares of the amounts so payable to them, they will not, as such, be entitled to share in any further distribution of the property or assets of our company, except as specifically provided in the special rights and restrictions attached to any particular series. All assets remaining after payment to the holders of our preferred shares as aforesaid will be distributed rateably among the holders of our common shares.

Except for such rights relating to the election of directors on a default in payment of dividends as may be attached to any series of the preferred shares by the directors, holders of our preferred shares are not entitled, as such, to receive notice of, or to attend or vote at, any general meeting of shareholders of our company

Meetings

Each director holds office until our next annual general meeting, or until his office is earlier vacated in accordance with our articles or with the provisions of the Business Corporations Act (British Columbia). A director appointed or elected to fill a vacancy on our board also holds office until our next annual general meeting.

Our articles provide that our annual meetings of shareholders must be held at such time in each calendar year and not more than 15 months after the last annual general meeting and at such place as our board of directors may from time to time determine. Our directors may, at any time, call a meeting of our shareholders.

The holders of not less than five percent of our issued shares that carry the right to vote at a meeting may requisition our directors to call a meeting of shareholders for the purposes stated in the requisition.

Under our articles, the quorum for the transaction of business at a meeting of our shareholders is two persons who are, or who represent by proxy, shareholders who, in the aggregate, hold at least 5% of the issued shares entitled to be voted at the meeting. However, if there is only one shareholder entitled to vote at a meeting of shareholders, (a) the quorum is one person who is, or who represents by proxy, that shareholder, and (b) that shareholder, present in person or by proxy, may constitute the meeting.

Our articles state that in addition to those persons who are entitled to vote at a meeting of our shareholders, the only other persons entitled to be present at the meeting are the directors, the president (if any), the secretary (if any), the assistant secretary (if any), any lawyer for our company, the auditor of our company, any persons invited to be present at the meeting by our directors or by the chair of the meeting and any person entitled or required under the Business Corporations Act (British Columbia) or our articles to be present at the meeting.

Limitations on Ownership of Securities

Except as provided in the Investment Canada Act, there are no limitations specific to the rights of non-Canadians to hold or vote our common shares under the laws of Canada or British Columbia, or in our charter documents.

Change in Control

There are no provisions in our articles or in the Business Corporations Act (British Columbia) that would have the effect of delaying, deferring or preventing a change in control of our company, and that would operate only with respect to a merger, acquisition or corporate restructuring involving our company or our subsidiaries. However, please see our shareholder rights plan described under "Share Capital - Shareholder Rights Plan".

Ownership Threshold

Our articles or the Business Corporations Act (British Columbia) do not contain any provisions governing the ownership threshold above which shareholder ownership must be disclosed. Securities legislation in Canada, however, requires that we disclose in our information circular for our annual general meeting, holders who beneficially own more than 10% of our issued and outstanding shares. Most state corporation statutes do not contain provisions governing the threshold above which shareholder ownership must be disclosed. However, we expect that the United States federal securities laws will require us to disclose, in our annual report on Form 20-F, holders who own 5% or more of our issued and outstanding shares.

Material Contracts

With the exception of the contracts listed below and contracts entered into in the ordinary course of business, we have not entered into any material contracts during the last two years:

On September 25, 2017 we issued in a private placement of convertible debentures in the principal amount of CDN\$1,476,000 with a 4-year term and an 8% interest rate which are convertible into our common shares at a rate of CDN\$0.40 per share, and 3,690,000 warrants which grant the holder the right to purchase our common shares at CDN\$0.50 per share. Countryman Investments Inc., a company beneficially owned by David Richardson, a director of our company, invested \$1,000,000 in the private placement, Koko Financial Services Inc., a company beneficially owned by Fraser Atkinson, the Chairman, director and Chief Executive Officer of our company, invested CDN\$225,000 in the private placement, and Malcolm Clay, a director of our company, invested CDN\$150,000 in the private placement.

On November 2nd, 2018 we granted 2,000,000 warrants to Fraser Atkinson and 2,400,000 warrants to David Richardson and on March 14, 2019 we granted 2,400,000 warrants to Fraser Atkinson, and 2,400,000 warrants to David Richardson in consideration for providing personal guarantees on our line of credit. See "Related Party Transactions" for additional information.

On March 31, 2019 we issued two promissory notes to Koko Financial Services Ltd., a company beneficially owned by Fraser Atkinson for CDN\$1,050,000 and for US\$120,000. See "Related Party Transactions" for additional information.

For information regarding Employment, Consulting and Management Agreements involving our directors and senior management, see "Compensation" for additional information.

Exchange Controls

Our company is incorporated in and subject to the laws of the Province of British Columbia, Canada. There is no law or governmental decree or regulation in Canada that restricts the export or import of capital, or affects the remittance of dividends, interest or other payments to a non-resident holder of common shares, other than withholding tax requirements. Any such remittances to United States residents are generally subject to withholding tax, however no such remittances are likely in the foreseeable future. See "Taxation" below.

There is no limitation imposed by Canadian law or by the charter or other constituent documents of our company on the right of a non-resident to hold or vote common shares of our company. However, the Investment Canada Act (Canada) has rules regarding certain acquisitions of shares by non-residents, along with other requirements under that legislation.

The following discussion summarizes the principal features of the Investment Canada Act (Canada) for a non-resident who proposes to acquire common shares of our company. The discussion is general only; it is not a substitute for independent legal advice from an investor's own advisor; and it does not anticipate statutory or regulatory amendments.

The Investment Canada Act (Canada) is a Canadian federal statute of broad application regulating the establishment and acquisition of Canadian businesses by non-Canadians, including individuals, governments or agencies thereof, corporations, partnerships, trusts or joint ventures. Investments by non-Canadians to acquire control over existing Canadian businesses or to establish new ones are either reviewable or notifiable under the Investment Canada Act (Canada). If an investment by a non-Canadian to acquire control over an existing Canadian business is reviewable under the Investment Canada Act (Canada), the Investment Canada Act (Canada) generally prohibits implementation of the investment unless, after review, the Minister of Industry, is satisfied that the investment is likely to be of net benefit to Canada.

A non-Canadian would acquire control of our company for the purposes of the Investment Canada Act (Canada) through the acquisition of common shares if the non-Canadian acquired a majority of the common shares of our company.

Further, the acquisition of less than a majority but one-third or more of the common shares of our company would be presumed to be an acquisition of control of our company unless it could be established that, on the acquisition, our company was not controlled in fact by the acquirer through the ownership of common shares.

For a direct acquisition that would result in an acquisition of control of our company, subject to the exception for "WTO Investors" that are controlled by persons who are resident in World Trade Organization ("WTO") member nations, a proposed investment would be reviewable where the value of the acquired assets is CDN\$5 million or more, or if an order for review was made by the federal cabinet on the grounds that the investment related to Canada's cultural heritage or national identity, where the value of the acquired assets is less than CDN\$5 million.

For a proposed indirect acquisition that is not a so-called WTO transaction and that would result in an acquisition of control of our company through the acquisition of a non-Canadian parent entity, the investment would be reviewable where (a) the value of the Canadian assets acquired in the transaction is CDN\$50 million or more, or (b) the value of the Canadian assets is greater than 50% of the value of all of the assets acquired in the transaction and the value of the Canadian assets is CDN\$5 million or more.

In the case of a direct acquisition by or from a WTO Investor, the threshold is significantly higher. The 2016 threshold was CDN\$600 million, which threshold was increased to CDN\$800 million in April 2017 for an intended period of two years. Starting January 1, 2019, and for subsequent years, the threshold level became adjusted annually based on growth in nominal gross domestic product in accordance with a formula set out in the Investment Canada Act (Canada) (i.e., the growth in the nominal gross domestic product at market prices multiplied by the threshold amount determined for the previous year). In keeping with this formula, in 2019, the review threshold was

increased to CDN\$1.045 billion. Other than the exception noted below, an indirect acquisition involving a WTO Investor is not reviewable under the Investment Canada Act (Canada).

The higher WTO threshold for direct investments and the exemption for indirect investments do not apply where the relevant Canadian business is carrying on a "cultural business". The acquisition of a Canadian business that is a "cultural business" is subject to lower review thresholds under the Investment Canada Act (Canada) because of the perceived sensitivity of the cultural sector.

In 2009, amendments were enacted to the Investment Canada Act (Canada) concerning investments that may be considered injurious to national security. If the Industry Minister has reasonable grounds to believe that an investment by a non-Canadian "could be injurious to national security," the Industry Minister may send the non-Canadian a notice indicating that an order for review of the investment may be made. The review of an investment on the grounds of national security may occur whether or not an investment is otherwise subject to review on the basis of net benefit to Canada or otherwise subject to notification under the Investment Canada Act. To date, there is neither legislation nor guidelines published, or anticipated to be published, on the meaning of "injurious to national security." Discussions with government officials suggest that very few investment proposals will cause a review under these new sections.

Certain transactions, except those to which the national security provisions of the Investment Canada Act (Canada) may apply, relating to common shares of our company are exempt from the Investment Canada Act (Canada), including:

- (a) acquisition of common shares of our company by a person in the ordinary course of that person's business as a trader or dealer in securities,
- (b) acquisition of control of our company in connection with the realization of security granted for a loan or other financial assistance and not for a purpose related to the provisions on the Investment Canada Act (Canada), and
- (c) acquisition of control of our company by reason of an amalgamation, merger, consolidation or corporate reorganization following which the ultimate direct or indirect control in fact of our company, through the ownership of common shares, remained unchanged.

Taxation

Certain Canadian Federal Income Tax Considerations for United States Residents

The following is a summary of certain Canadian federal income tax considerations generally applicable to the holding and disposition of our securities acquired by a holder who, at all relevant times, (a) for the purposes of the Income Tax Act (Canada) (i) is not resident, or deemed to be resident, in Canada, (ii) deals at arm's length with us, and is not affiliated with us, (iii) holds our common shares as capital property, (iv) does not use or hold the common shares in the course of carrying on, or otherwise in connection with, a business carried on or deemed to be carried on in Canada and (v) is not a "registered non-resident insurer" or "authorized foreign bank" (each as defined in the Income Tax Act (Canada)), or other holder of special status, and (b) for the purposes of the Canada-U.S. Tax Convention (the "**Tax Treaty**"), is a resident of the United States, has never been a resident of Canada, does not have and has not had, at any time, a permanent establishment or fixed base in Canada, and who otherwise qualifies for the full benefits of the Tax Treaty. Holders who meet all the criteria in clauses (a) and (b) above are referred to herein as "U.S. Holders", and this summary only addresses such U.S. Holders.

This summary does not deal with special situations, such as the particular circumstances of traders or dealers, tax exempt entities, insurers or financial institutions, or other holders of special status or in special circumstances. Such

holders, and all other holders who do not meet the criteria in clauses (a) and (b) above, should consult their own tax advisors.

This summary is based on the current provisions of the Income Tax Act (Canada), the regulations thereunder in force at the date hereof, the current provisions of the Tax Treaty, and our understanding of the administrative and assessing practices of the Canada Revenue Agency published in writing prior to the date hereof. This summary takes into account all specific proposals to amend the Income Tax Act (Canada) and regulations thereunder publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof (the "**Proposed Amendments**") and assumes that such Proposed Amendments will be enacted in the form proposed. However, such Proposed Amendments might not be enacted in the form proposed, or at all. This summary does not otherwise take into account or anticipate any changes in law or administrative or assessing practices, whether by legislative, governmental or judicial decision or action, nor does it take into account tax laws of any province or territory of Canada or of any other jurisdiction outside Canada, which may differ significantly from those discussed in this summary.

For the purposes of the Income Tax Act (Canada), all amounts relating to the acquisition, holding or disposition of our securities must generally be expressed in Canadian dollars. Amounts denominated in United States currency generally must be converted into Canadian dollars using the rate of exchange that is acceptable to the Canada Revenue Agency.

This summary is of a general nature only and is not intended to be, nor should it be construed to be, legal or tax advice to any particular U.S. Holder, and no representation with respect to the Canadian federal income tax consequences to any particular U.S. Holder or prospective U.S. Holder is made. This summary is not exhaustive of all Canadian federal income tax considerations. Accordingly, all prospective purchasers (including U.S. Holders as defined above) should consult with their own tax advisors for advice with respect to their own particular circumstances.

Withholding Tax on Dividends

Amounts paid or credited or deemed to be paid or credited as, on account or in lieu of payment of, or in satisfaction of, dividends on our common shares to a U.S. Holder will be subject to Canadian withholding tax. Under the Tax Treaty, the rate of Canadian withholding tax on dividends paid or credited by us to a U.S. Holder that beneficially owns such dividends and substantiates eligibility for the benefits of the Tax Treaty is generally 15% (unless the beneficial owner is a company that owns at least 10% of our voting stock at that time, in which case the rate of Canadian withholding tax is generally reduced to 5%).

Dispositions

A U.S. Holder will not be subject to tax under the Income Tax Act (Canada) on a capital gain realized on a disposition or deemed disposition of a security, unless the security is "taxable Canadian property" to the U.S. Holder for purposes of the Income Tax Act (Canada) and the U.S. Holder is not entitled to relief under the Tax Treaty.

Generally, our common shares will not constitute "taxable Canadian property" to a U.S. Holder at a particular time unless, at any time during the 60 month period immediately preceding the disposition, more than 50% of the fair market value of such security was derived, directly or indirectly, from one or any combination of: (i) real or immoveable property situated in Canada, (ii) "Canadian resource properties" (as defined in the Income Tax Act (Canada)), (iii) "timber resource properties" (as defined in the Income Tax Act (Canada)), and (iv) options in respect of, or interests in, or for civil law rights in, property described in any of the foregoing whether or not the property exists. Notwithstanding the foregoing, in certain other circumstances set out in the Income Tax Act (Canada), common shares could also be deemed to be "taxable Canadian property".

If our common shares become listed on a "designated stock exchange" as defined in the Income Tax Act (Canada) and are so listed at the time of disposition, our common shares generally will not constitute "taxable Canadian property" of a U.S. Holder at that time unless, at any time during the 60 month period immediately preceding the disposition, the following two conditions are met: (i) the U.S. Holder, persons with whom the U.S. Holder did not deal at arm's length, partnerships in which the U.S. Holder or such non-arm's length person holds a membership interest (either directly or indirectly through one or more partnerships), or the U.S. Holder together with all such persons, owned 25% or more of the issued shares of any class or series of shares of our company; and (ii) more than 50% of the fair market value of the shares of the company was derived directly or indirectly from one or any combination of real or immovable property situated in Canada, Canadian resource properties (as defined in the Income Tax Act (Canada)), timber resource properties (as defined in the Income Tax Act (Canada)) or options in respect of, or interests in, or for civil law rights in, property described in any of the foregoing whether or not the property exists. Notwithstanding the foregoing, in certain other circumstances set out in the Income Tax Act (Canada), common shares could also be deemed to be "taxable Canadian property".

U.S. Holders who may hold common shares as "taxable Canadian property" should consult their own tax advisors with respect to the application of Canadian capital gains taxation, any potential relief under the Tax Treaty, and special compliance procedures under the Income Tax Act (Canada), none of which is described in this summary.

Certain Material United States Federal Income Tax Considerations

The following is a general summary of certain material U.S. federal income tax considerations applicable to a U.S. Holder (as defined below) arising from the acquisition, ownership and disposition of our securities. This summary applies only to U.S. Holders that acquire securities pursuant to this prospectus and does not apply to any subsequent U.S. Holder of our common shares.

This summary is for general information purposes only and does not purport to be a complete analysis or listing of all potential U.S. federal income tax considerations that may apply to a U.S. Holder as a result of the acquisition, ownership and disposition of our common shares. In addition, this summary does not take into account the individual facts and circumstances of any particular U.S. Holder that may affect the U.S. federal income tax consequences to such U.S. Holder, including specific tax consequences to a U.S. Holder under an applicable tax treaty. Accordingly, this summary is not intended to be, and should not be construed as, legal or U.S. federal income tax advice with respect to any particular U.S. Holder. In addition, this summary does not address the U.S. federal alternative minimum, net investment income, U.S. federal estate and gift, U.S. Medicare contribution, U.S. state and local, or non-U.S. tax consequences of the acquisition, ownership or disposition of our common shares. Except as specifically set forth below, this summary does not discuss applicable tax reporting requirements. **Each U.S. Holder should consult its own tax advisor regarding all U.S. federal, U.S. state and local and non-U.S. tax consequences of the acquisition, ownership and disposition of our common shares.**

No opinion from U.S. legal counsel or ruling from the Internal Revenue Service (the "IRS") has been requested, or will be obtained, regarding the U.S. federal income tax consequences of the acquisition, ownership or disposition of our common shares. This summary is not binding on the IRS, and the IRS is not precluded from taking a position that is different from, or contrary to, any position taken in this summary. In addition, because the authorities upon which this summary is based are subject to various interpretations, the IRS and the U.S. courts could disagree with one or more of the positions taken in this summary.

Scope of This Disclosure

Authorities

This summary is based on the Internal Revenue Code of 1986, as amended (the "Code"), Treasury Regulations (whether final, temporary, or proposed), published rulings of the IRS, published administrative positions of the IRS,

the Convention Between Canada and the United States of America with Respect to Taxes on Income and on Capital, signed September 26, 1980, as amended (the “**Canada-U.S. Tax Convention**”), and U.S. court decisions that are applicable and, in each case, as in effect and available, as of the date hereof. Any of the authorities on which this summary is based could be changed in a material and adverse manner at any time, and any such change could be applied on a retroactive or prospective basis, which could affect the U.S. federal income tax considerations described in this summary. This summary does not discuss the potential effects, whether adverse or beneficial, of any proposed legislation that, if enacted, could be applied on a retroactive or prospective basis.

U.S. Holders

For purposes of this summary, the term “U.S. Holder” means a beneficial owner of our common shares that is for U.S. federal income tax purposes:

- an individual who is a citizen or resident of the U.S.;
- a corporation (or other entity taxable as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the U.S., any state thereof or the District of Columbia;
- an estate, the income of which is subject to U.S. federal income taxation regardless of its source; or
- a trust that
 - a. is subject to the primary supervision of a court within the U.S. and the control of one or more U.S. persons for all substantial decisions; or
 - b. has a valid election in effect under applicable Treasury Regulations to be treated as a U.S. person.

Transactions Not Addressed

This summary does not address the tax consequences of transactions effected prior or subsequent to, or concurrently with, any purchase of common shares pursuant to this prospectus (whether or not any such transactions are undertaken in connection with the purchase of common shares pursuant to this prospectus).

U.S. Holders Subject to Special U.S. Federal Income Tax Rules Not Addressed

This summary does not address the U.S. federal income tax considerations of the acquisition, ownership or disposition of our securities by U.S. Holders that are subject to special provisions under the Code, including, but not limited to, the following: (a) tax-exempt organizations, qualified retirement plans, individual retirement accounts, or other tax-deferred accounts; (b) financial institutions, underwriters, insurance companies, real estate investment trusts, or regulated investment companies; (c) broker-dealers, dealers, or traders in securities or currencies that elect to apply a “mark-to-market” accounting method; (d) U.S. Holders that have a “functional currency” other than the U.S. dollar; (e) U.S. Holders that own our securities as part of a straddle, hedging transaction, conversion transaction, constructive sale, or other arrangement involving more than one position; (f) U.S. Holders that acquire our securities in connection with the exercise of employee stock options or otherwise as compensation for services; (g) U.S. Holders that hold our securities other than as a capital asset within the meaning of Section 1221 of the Code (generally, property held for investment purposes); and (h) U.S. Holders that own directly, indirectly, or by attribution, 10% or more, by voting power, of our outstanding stock.

This summary also does not address the U.S. federal income tax considerations applicable to U.S. Holders who are: (a) U.S. expatriates or former long-term residents of the U.S.; (b) persons that have been, are, or will be a resident or deemed to be a resident in Canada for purposes of the Income Tax Act (Canada); (c) persons that use or hold, will use or hold, or that are or will be deemed to use or hold our securities in connection with carrying on a business in Canada; (d) persons whose securities in our company constitute “taxable Canadian property” under the Income Tax Act (Canada); or (e) persons that have a permanent establishment in Canada for purposes of the Canada-U.S. Tax Convention. U.S. Holders that are subject to special provisions under the Code, including U.S. Holders described immediately above, should consult their own tax advisors regarding all U.S. federal, U.S. state and local, and non-

U.S. tax consequences (including the potential application and operation of any income tax treaties) relating to the acquisition, ownership or disposition of our common shares.

If an entity or arrangement that is classified as a partnership (or other “pass-through” entity) for U.S. federal income tax purposes holds our common shares, the U.S. federal income tax consequences to such partnership and the partners (or other owners) of such partnership of the acquisition, ownership or disposition of our common shares generally will depend on the activities of the partnership and the status of such partners (or other owners). This summary does not address the U.S. federal income tax considerations for any such partner or partnership (or other “pass-through” entity or its owners). Owners of entities and arrangements that are classified as partnerships (or other “pass-through” entities) for U.S. federal income tax purposes should consult their own tax advisors regarding the U.S. federal income tax consequences of the acquisition, ownership or disposition of our common shares.

Acquisition of Our Securities

A U.S. Holder generally will not recognize gain or loss upon the acquisition of our securities for cash pursuant to this prospectus. A U.S. Holder’s holding period for such common shares will begin on the day after the acquisition.

Ownership and Disposition of Our Common Shares

Distributions on Our Common Shares

Subject to the “passive foreign investment company” (“**PFIC**”) rules discussed below (see “Tax Consequences if Our Company is a PFIC”), a U.S. Holder that receives a distribution, including a constructive distribution, with respect to our common shares will be required to include the amount of such distribution in gross income as a dividend (without reduction for any Canadian income tax withheld from such distribution) to the extent of the current or accumulated “earnings and profits” of our company, as computed for U.S. federal income tax purposes. To the extent that a distribution exceeds the current and accumulated “earnings and profits” of our company, such distribution will be treated first as a tax-free return of capital to the extent of a U.S. Holder’s tax basis in our common shares and thereafter as gain from the sale or exchange of such common shares (see “Sale or Other Taxable Disposition of Our Common Shares” below). However, we may not maintain calculations of earnings and profits in accordance with U.S. federal income tax principles, and each U.S. Holder should therefore assume that any distribution by our company with respect to our common shares will constitute a dividend. Dividends received on our common shares generally will not be eligible for the “dividends received deduction” available to U.S. corporate shareholders receiving dividends from U.S. corporations. If our company is eligible for the benefits of the Canada-U.S. Tax Convention or our common shares is readily tradable on an established securities market in the U.S., dividends paid by our company to non-corporate U.S. Holders generally will be eligible for the preferential tax rates applicable to long-term capital gains, provided certain holding period and other conditions are satisfied, including that our company not be classified as a PFIC in the tax year of distribution or in the preceding tax year. The dividend rules are complex, and each U.S. Holder should consult its own tax advisor regarding the application of such rules.

Sale or Other Taxable Disposition of Our Common Shares

Subject to the PFIC rules discussed below, upon the sale or other taxable disposition of our common shares, a U.S. Holder generally will recognize capital gain or loss in an amount equal to the difference between the amount of cash plus the fair market value of any property received and such U.S. Holder’s tax basis in the common shares sold or otherwise disposed of. Such capital gain or loss will be long-term capital gain or loss if, at the time of the sale or other taxable disposition, the U.S. Holder’s holding period for such security is more than one year. Preferential tax rates apply to long-term capital gains of non-corporate U.S. Holders. There are currently no preferential tax rates for long-term capital gains of a U.S. Holder that is a corporation. Deductions for capital losses are subject to significant limitations under the Code.

PFIC Status of Our Company

If our company is or becomes a PFIC, the preceding sections of this summary may not describe the U.S. federal income tax consequences to U.S. Holders of the ownership and disposition of our common shares. The U.S. federal income tax consequences of owning and disposing of our common shares if our company is or becomes a PFIC are described below under the heading “Tax Consequences if Our Company is a PFIC.”

A non-U.S. corporation is a PFIC for each tax year in which (i) 75% or more of its gross income is passive income (as defined for U.S. federal income tax purposes) (the “income test”) or (ii) on average for such tax year, 50% or more (by value) of its assets either produces or is held for the production of passive income (the “asset test”). For purposes of the PFIC provisions, “gross income” generally includes sales revenues less cost of goods sold, plus income from investments and from incidental or outside operations or sources, and “passive income” generally includes dividends, interest, certain rents and royalties, and certain gains from commodities or securities transactions. In determining whether or not it is a PFIC, a non-U.S. corporation is required to take into account its pro rata portion of the income and assets of each corporation in which it owns, directly or indirectly, at least a 25% interest (by value). If certain conditions are met, a start-up non-U.S. corporation is not a PFIC in the first year that it has gross income, but could be a PFIC in one or more earlier years in which it has no gross income but satisfies the asset test.

Under certain attribution and indirect ownership rules, if our company is a PFIC, U.S. Holders will generally be deemed to own their proportionate shares of our company’s direct or indirect equity interest in any company that is also a PFIC (a “**Subsidiary PFIC**”).

The Company does not know if it currently is a PFIC or was a PFIC in a prior year and, based on current business plans and financial projections, does not know if it will be a PFIC in subsequent tax years. The determination of PFIC status is inherently factual, is subject to a number of uncertainties, and can be determined only annually after the close of the tax year in question. Additionally, the analysis depends, in part, on the application of complex U.S. federal income tax rules, which are subject to differing interpretations. We might be determined to be a PFIC for the current tax year or any prior or future tax year, and no opinion of legal counsel or ruling from the IRS concerning the status of our company as a PFIC has been obtained or will be requested. U.S. Holders should consult their own U.S. tax advisors regarding the PFIC status of our company.

Tax Consequences if Our Company is a PFIC

If our company is a PFIC for any tax year during which a U.S. Holder owns our common shares, special rules may increase such U.S. Holder’s U.S. federal income tax liability with respect to the ownership and disposition of such common shares. If our company meets the income test or the asset test for any tax year during which a U.S. Holder owns our common shares, our company will be treated as a PFIC with respect to such U.S. Holder for that tax year and for all subsequent tax years, regardless of whether our company meets the income test or the asset test for such subsequent tax years, unless the U.S. Holder elects to recognize any unrealized gain in such common shares or makes a timely and effective QEF Election or, if applicable, Mark-to-Market Election.

Under the default PFIC rules:

- any gain realized on the sale or other disposition (including dispositions and certain other events that would not otherwise be treated as taxable events) of our common shares (including an indirect disposition of the stock of any Subsidiary PFIC) and any “excess distribution” (defined as a distribution to the extent it, together with all other distributions received in the relevant tax year, exceeds 125% of the average annual distribution received during the preceding three years) received on our common shares or with respect to the stock of a Subsidiary PFIC will be allocated ratably to each day of such U.S. Holder’s holding period for our common shares;
- the amount allocated to the current tax year and any year prior to the first year in which our company was a PFIC will be taxed as ordinary income in the current year;
- the amount allocated to each of the other tax years (the “**Prior PFIC Years**”) will be subject to tax at the highest ordinary income tax rate in effect for the applicable class of taxpayer for that year;
- an interest charge will be imposed with respect to the resulting tax attributable to each Prior PFIC Year, which interest charge is not deductible by non-corporate U.S. Holders; and

-
- any loss realized on the disposition of our common shares generally will not be recognized.

A U.S. Holder that makes a timely and effective “mark-to-market” election under Section 1296 of the Code (a “**Mark-to-Market Election**”) or a timely and effective election to treat our company and each Subsidiary PFIC as a “qualified electing fund” (a “**QEF**”) under Section 1295 of the Code (a “**QEF Election**”) may generally mitigate or avoid the PFIC consequences described above with respect to our common shares.

If a U.S. Holder makes a timely and effective QEF Election, the U.S. Holder must include currently in gross income each year its pro rata share of our company’s ordinary income and net capital gains, regardless of whether such income and gains are actually distributed. Thus, a U.S. Holder could have a tax liability with respect to such ordinary income or gains without a corresponding receipt of cash from our company. If our company is a QEF with respect to a U.S. Holder, the U.S. Holder’s basis in our common shares will be increased to reflect the amount of the taxed but undistributed income. Distributions of income that had previously been taxed will result in a corresponding reduction of basis in our common shares and will not be taxed again as a distribution to a U.S. Holder. Taxable gains on the disposition of our common shares by a U.S. Holder that has made a timely and effective QEF Election are generally capital gains. A U.S. Holder must make a QEF Election for our company and each Subsidiary PFIC if it wishes to have this treatment. To make a QEF Election, a U.S. Holder will need to have an annual information statement from our company setting forth the ordinary income and net capital gains for the year. U.S. Holders should be aware that we might not satisfy the recordkeeping requirements that apply to a QEF or supply U.S. Holders with information such U.S. Holders require to report under the QEF rules in the event that our company is a PFIC for any tax year.

In general, a U.S. Holder must make a QEF Election on or before the due date for filing its income tax return for the first year to which the QEF Election applies. Under applicable Treasury Regulations, a U.S. Holder will be permitted to make retroactive elections in particular circumstances, including if it had a reasonable belief that our company was not a PFIC and filed a protective election. If a U.S. Holder owns PFIC stock indirectly through another PFIC, separate QEF Elections must be made for the PFIC in which the U.S. Holder is a direct shareholder and the Subsidiary PFIC for the QEF rules to apply to both PFICs. Each U.S. Holder should consult its own tax advisor regarding the availability and desirability of, and procedure for, making a timely and effective QEF Election for our company and any Subsidiary PFIC.

A Mark-to-Market Election may be made with respect to stock in a PFIC if such stock is “regularly traded” on a “qualified exchange or other market” (within the meaning of the Code and the applicable Treasury Regulations). A class of stock that is traded on one or more qualified exchanges or other markets is considered to be “regularly traded” for any calendar year during which such class of stock is traded in other than de minimis quantities on at least 15 days during each calendar quarter. If our common shares are considered to be “regularly traded” within this meaning, then a U.S. Holder generally will be eligible to make a Mark-to-Market Election with respect to such security but not with respect to a Subsidiary PFIC. Upon closing our common shares will be listed or posted for trading on a stock quotation system and therefore considered to be “regularly traded” for this purpose.

When these securities become “regularly traded,” a U.S. Holder that makes a timely and effective Mark-to-Market Election with respect to such securities generally will be required to recognize as ordinary income in each tax year in which our company is a PFIC an amount equal to the excess, if any, of the fair market value of such stock as of the close of such taxable year over the U.S. Holder’s adjusted tax basis in such stock as of the close of such taxable year. A U.S. Holder’s adjusted tax basis in our securities generally will be increased by the amount of ordinary income recognized with respect to such stock. If the U.S. Holder’s adjusted tax basis in our securities as of the close of a tax year exceeds the fair market value of such stock as of the close of such taxable year, the U.S. Holder generally will recognize an ordinary loss, but only to the extent of net mark-to-market income recognized with respect to such stock for all prior taxable years. A U.S. Holder’s adjusted tax basis in our securities generally will be decreased by the amount of ordinary loss recognized with respect to such stock. Any gain recognized upon a disposition of our common shares or warrants generally will be treated as ordinary income, and any loss recognized upon a disposition generally will be treated as ordinary loss to the extent of the net mark-to-market income recognized for all prior taxable years. Any loss recognized in excess thereof will be taxed as a capital loss. Capital

losses are subject to significant limitations under the Code. Each U.S. Holder should consult its own tax advisor regarding the availability and desirability of, and procedure for, making a timely and effective Mark-to-Market Election with respect to our common shares.

Foreign Tax Credit

A U.S. Holder that pays (whether directly or through withholding) Canadian income tax in connection with the ownership or disposition of our common shares may be entitled, at the election of such U.S. Holder, to receive either a deduction or a credit for such Canadian income tax paid. Generally, a credit will reduce a U.S. Holder's U.S. federal income tax liability on a dollar-for-dollar basis, whereas a deduction will reduce a U.S. Holder's income subject to U.S. federal income tax. This election is made on a year-by-year basis and applies to all creditable foreign taxes paid (whether directly or through withholding) by a U.S. Holder during a year.

Complex limitations apply to the foreign tax credit, including the general limitation that the credit cannot exceed the proportionate share of a U.S. Holder's U.S. federal income tax liability that such U.S. Holder's "foreign source" taxable income bears to such U.S. Holder's worldwide taxable income. In applying this limitation, a U.S. Holder's various items of income and deduction must be classified, under complex rules, as either "foreign source" or "U.S. source." Generally, dividends paid by a non-U.S. corporation should be treated as foreign source for this purpose, and gains recognized on the sale of securities of a non-U.S. corporation by a U.S. Holder should be treated as U.S. source for this purpose, except as otherwise provided in an applicable income tax treaty, and if an election is properly made under the Code. However, the amount of a distribution with respect to our common shares that is treated as a "dividend" may be lower for U.S. federal income tax purposes than it is for Canadian federal income tax purposes, resulting in a reduced foreign tax credit allowance to a U.S. Holder. In addition, this limitation is calculated separately with respect to specific categories of income. The foreign tax credit rules are complex, and each U.S. Holder should consult its own U.S. tax advisor regarding the foreign tax credit rules.

Special rules apply to the amount of foreign tax credit that a U.S. Holder may claim on a distribution, including a constructive distribution, from a PFIC. Subject to such special rules, non-U.S. taxes paid with respect to any distribution in respect of stock in a PFIC are generally eligible for the foreign tax credit. The rules relating to distributions by a PFIC and their eligibility for the foreign tax credit are complicated, and a U.S. Holder should consult its own tax advisor regarding their application to the U.S. Holder.

Receipt of Foreign Currency

The amount of any distribution or proceeds paid in Canadian dollars to a U.S. Holder in connection with the ownership, sale or other taxable disposition of our common shares, will be included in the gross income of a U.S. Holder as translated into U.S. dollars calculated by reference to the exchange rate prevailing on the date of actual or constructive receipt of the payment, regardless of whether the Canadian dollars are converted into U.S. dollars at that time. If the Canadian dollars received are not converted into U.S. dollars on the date of receipt, a U.S. Holder will have a basis in the Canadian dollars equal to their U.S. dollar value on the date of receipt. Any U.S. Holder who receives payment in Canadian dollars and engages in a subsequent conversion or other disposition of the Canadian dollars may have a foreign currency exchange gain or loss that would be treated as ordinary income or loss, and generally will be U.S. source income or loss for foreign tax credit purposes. Different rules apply to U.S. Holders who use the accrual method with respect to foreign currency. Each U.S. Holder should consult its own U.S. tax advisor regarding the U.S. federal income tax consequences of receiving, owning, and disposing of Canadian dollars.

Information Reporting; Backup Withholding

Under U.S. federal income tax law, certain categories of U.S. Holders must file information returns with respect to their investment in, or involvement in, a non-U.S. corporation. For example, U.S. return disclosure obligations (and related penalties) are imposed on individuals who are U.S. Holders that hold certain specified foreign financial assets in excess of certain threshold amounts. The definition of “specified foreign financial assets” includes not only financial accounts maintained in non-U.S. financial institutions, but also, if held for investment and not in an account maintained by certain financial institutions, any stock or security issued by a non-U.S. person, any financial instrument or contract that has an issuer or counterparty other than a U.S. person and any interest in a non-U.S. entity. A U.S. Holder may be subject to these reporting requirements unless such U.S. Holder’s shares of our common shares are held in an account at certain financial institutions. Penalties for failure to file certain of these information returns are substantial. U.S. Holders should consult with their own tax advisors regarding the requirements of filing information returns on IRS Form 8938 for specified foreign financial assets, filing obligations relating to the PFIC rules including possible reporting on IRS Form 8621, and any other applicable reporting requirements.

Payments made within the U.S. or by a U.S. payor or U.S. middleman of (a) distributions on our common shares, and (b) proceeds arising from the sale or other taxable disposition of our common shares generally will be subject to information reporting. In addition, backup withholding, currently at a rate of 24%, may apply to such payments if a U.S. Holder (a) fails to furnish such U.S. Holder’s correct U.S. taxpayer identification number (“TIN”) (generally on Form W-9), (b) furnishes an incorrect U.S. TIN, (c) is notified by the IRS that such U.S. Holder has previously failed to properly report items subject to backup withholding, or (d) fails to certify, under penalty of perjury, that such U.S. Holder has furnished its correct U.S. TIN and that the IRS has not notified such U.S. Holder that it is subject to backup withholding. Certain exempt persons generally are excluded from these information reporting and backup withholding rules. Backup withholding is not an additional tax. Any amounts withheld under the U.S. backup withholding rules are allowed as a credit against a U.S. Holder’s U.S. federal income tax liability, if any, or will be refunded, if such U.S. Holder furnishes required information to the IRS in a timely manner. The information reporting and backup withholding rules may apply even if, under the Canada-U.S. Tax Convention, payments are exempt from dividend withholding tax or otherwise eligible for a reduced withholding rate.

The discussion of reporting requirements set forth above is not intended to constitute an exhaustive description of all reporting requirements that may apply to a U.S. Holder. A failure to satisfy certain reporting requirements may result in an extension of the time period during which the IRS can assess a tax, and, under certain circumstances, such an extension may apply to assessments of amounts unrelated to any unsatisfied reporting requirement. Each U.S. Holder should consult its own tax advisor regarding the information reporting and backup withholding rules.

Certain Reporting Requirements

A U.S. Holder that acquires common shares generally will be required to file Form 926 with the IRS if (1) immediately after the acquisition such U.S. Holder, directly or indirectly, owns at least 10% of the common shares, or (2) the amount of cash transferred in exchange for common shares during the 12-month period ending on the date of the acquisition exceeds US\$100,000. Significant penalties may apply for failing to satisfy these filing requirements. U.S. Holders are urged to contact their tax advisors regarding these filing requirements.

THE ABOVE SUMMARY IS NOT INTENDED TO CONSTITUTE A COMPLETE ANALYSIS OF ALL U.S. TAX CONSIDERATIONS APPLICABLE TO U.S. HOLDERS WITH RESPECT TO THE ACQUISITION, OWNERSHIP OR DISPOSITION OF OUR COMMON SHARES. U.S. HOLDERS SHOULD CONSULT THEIR OWN TAX ADVISORS AS TO THE TAX CONSIDERATIONS APPLICABLE TO THEM IN THEIR PARTICULAR CIRCUMSTANCES.

There is no dividend restriction; however, we have not declared any dividends since our inception and do not anticipate that we will do so in the foreseeable future. We currently intend to retain future earnings, if any, to finance the development of our business. Any future payment of dividends or distributions will be determined by our board of directors on the basis of our earnings, financial requirements and other relevant factors.

There is no special procedure for non-resident holders to claim dividends. Any remittances of dividends to United States residents and to other non-residents are, however, subject to withholding tax. See "Taxation" above.

Report of Independent Registered Public Accounting Firm

To the Shareholders and the Board of Directors of GreenPower Motor Company Inc.

Opinion on the Consolidated Financial Statements

We have audited the accompanying consolidated statements of financial position of GreenPower Motor Company Inc. and subsidiaries (the "Company") as of March 31, 2019 and 2018, the related consolidated statements of operations and comprehensive loss, changes in equity (deficit) and cash flows for the years ended March 31, 2019, 2018 and 2017, and the related notes (collectively referred to as the "consolidated financial statements"). In our opinion, the consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Company as at March 31, 2019 and 2018, and the results of its operations and its cash flows for the years ended March 31, 2019, 2018 and 2017 in conformity with International Financial Reporting Standards as issued by the International Accounting Standards Board.

Going Concern

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 1 to the consolidated financial statements, the Company has a working capital deficit and has suffered recurring losses from operations. These conditions raise substantial doubt about the Company's ability to continue as a going concern. Management's plans in regard to these matters are also described

in Note 1. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Basis for Opinion

These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits, we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

F-1

Our audits included performing procedures to assess the risks of material misstatement of the consolidated financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. We believe that our audits provide a reasonable basis for our opinion.

GREENPOWER MOTOR COMPANY INC.
Notes to the Consolidated Financial Statements
For the Years Ended March 31, 2019, 2018 and 2017
(Expressed in US Dollars)

1. Nature and Continuance of Operations

GreenPower Motor Company Inc. ("GreenPower" or the "Company") was incorporated in the Province of British Columbia on September 18, 2007. The Company is in the business of manufacturing and distributing all-electric transit, school and charter buses.

The primary office is located at Suite 240-209 Carrall St., Vancouver, Canada.

The consolidated financial statements were authorized by the Board of Directors on July 29, 2019.

These consolidated financial statements have been prepared in accordance with International Financial Reporting Standards with the assumption that the Company will be able to realize its assets and discharge its liabilities in the normal course of business.

The Company's continuing operations are dependent upon its ability to raise capital and generate cash flows. At March 31, 2019, the Company had working capital deficit of \$155,176 and an accumulated deficit of \$18,706,668. These consolidated financial statements do not include any adjustments related to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue in existence. The continuation of the Company as a going concern is dependent on future cash flows from operations including the successful sale and manufacture of electric buses to achieve a profitable level of operations and obtaining necessary financing to fund ongoing operations. To this end, the Company has now delivered and received payment for all-electric buses to customers, has a backlog of orders for delivery, and has a \$5 million line of credit to meet funding requirements. In addition, subsequent to the year-end, the Company completed a brokered private placement of units for gross proceeds of approximately \$5.35 million CAD or \$4.0 million USD (Note 23). The Company's ability to achieve its business objectives is subject to material uncertainty which may cast significant doubt upon the Company's ability to continue as a going concern.

2. Significant Accounting Policies

(a) Basis of presentation

Statement of Compliance with IFRS

These annual consolidated financial statements for the years ended March 31, 2019, March 31, 2018, and March 31, 2017 were prepared in accordance with International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board (“IASB”), and interpretations of the International Financial Reporting Interpretations Committee (“IFRIC”). These consolidated financial statements are presented on a historical cost basis, except for financial instruments classified as fair value through profit or loss (“FVTPL”) or as fair value through other comprehensive income (“FVOCI”), in U.S. dollars. In addition, these consolidated financial statements have been prepared using the accrual basis of accounting, except for cash flow information. The preparation of these consolidated financial statements in compliance with IFRS requires management to make certain critical accounting estimates. It also requires management to exercise judgment in applying the Company’s accounting policies.

2. Significant Accounting Policies (continued)

(b) Basis of consolidation

These consolidated financial statements include the accounts of the Company and all of its wholly-owned subsidiaries:

Name of Subsidiary	Country of Incorporation	Ownership 31-Mar-19	Ownership 31-Mar-18	Principal Activity
GP GreenPower Industries Inc.	Canada	100%	100%	Holding Company
GreenPower Motor Company, Inc.	United States	100%	100%	Electric bus manufacturing and distribution
0939181 BC Ltd.	Canada	100%	100%	Electric bus manufacturing and distribution
San Joaquin Equipment Valley Leasing, Inc. (formerly Utah Manganese, Inc.)	United States	100%	100%	Vehicle Leasing
0999314 BC Ltd.	Canada	100%	100%	Inactive

All intercompany balances, transactions, revenues and expenses are eliminated upon consolidation. Certain information and note disclosures which are considered material to the understanding of the Company’s consolidated financial statements are provided below.

Subsidiaries are consolidated from the date of acquisition, being the date on which the Company obtains control, and continue to be consolidated until the date when such control ceases. Control exists when the Company has the power, directly or indirectly, to govern the financial and operating policies of an entity so as to obtain benefits from its activities. The financial statements of the subsidiaries are prepared for the same reporting period as the parent company, using consistent accounting policies.

(c) Financial instruments

Measurement

All of the Company's financial instruments, initially recognized at fair value, are subsequently measured at amortized cost using the effective interest rate method. Transaction costs are included in the initial fair value measurement of the financial instruments.

Impairment

The Company assesses on a forward-looking basis the expected credit loss associated with financial assets measured at amortized cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. For trade receivables, the Company applies the simplified approach permitted by IFRS 9, which requires expected lifetime losses to be recognized from initial recognition of the receivables.

For financial assets that are measured at amortized cost, the Company will, at a minimum, recognize 12 month expected losses in profit or loss, calculated as the difference between its carrying amount and the present value of the estimated future cash flows discounted at the asset's original effective interest rate. Lifetime expected losses will be recognized on assets for which there is a significant increase in credit risk after initial recognition.

Losses are recognized in profit or loss and reflected in an allowance account against receivables. When a subsequent event causes the amount of impairment loss to decrease, the decrease in impairment loss is reversed through profit or loss.

The adoption of the expected credit loss impairment model did not have a significant impact on the Company's financial statements.

2. Significant Accounting Policies (continued)

(c) Financial instruments (continued)

Classification

IFRS 9 requires a company to classify its financial instruments based on the way they are measured, into one of three categories: Amortized Cost, FVTPL, and FVOCI. In determining the appropriate category for financial assets, a company must consider whether it intends to hold the financial assets and collect the contractual cash flows or to collect the cash flows and sell financial assets (the "business model test") and whether the contractual cash flows of an asset are solely payments of principal and interest (the "SPPI test").

i. Amortized Cost

All of the Company's financial instruments, initially recognized at fair value, are subsequently measured at amortized cost using the effective interest rate method. Transaction costs are included in the initial fair value measurement of the financial instruments, and the Company incorporates the expected credit loss in financial assets on a forward-looking basis. The Company will, at a minimum, recognize 12 month expected losses in profit or loss, and if a significant increase in credit risk occurs after initial recognition, lifetime expected losses will be recognized.

The Company has issued convertible debentures that can be converted into shares of the Company at the option of the holder, and the number of shares to be issued does not vary with changes in their fair value. The liability component of a compound financial instrument is recognized initially at the fair value of a similar liability that does not have an equity conversion option. The equity component is recognized initially as the difference between the fair value of the compound financial instrument as a whole and the fair value of the liability component. Any directly attributable transaction costs are allocated to the liability and equity components in proportion to their initial carrying amounts.

Subsequent to the initial recognition, the liability component of a compound financial instrument is measured at amortized cost using the effective interest method. The equity component of a compound financial instrument is not re-measured subsequent to initial recognition. Interest, dividends, losses and gains relating to the financial liability are recognized in profit or loss. When the conversion option is exercised, the consideration received is recorded as share capital and the equity component of the compound financial instrument is transferred to share capital.

When the Company extinguishes convertible debentures before maturity through early redemption or repurchase where the conversion option is unchanged, the Company allocates the consideration paid and any transaction costs for the repurchase or redemption to the liability and equity components of the instrument at the date of settlement. The method used in allocating the consideration paid and transaction costs to the separate components is consistent with the method used in the original allocation to the separate components of the proceeds received by the entity when the convertible instrument was issued. The amount of gain or loss relating to the early redemption or repurchase of the liability component is recognized in profit or loss. The amount of consideration relating to the equity component is recognized in equity.

2. Significant Accounting Policies (continued)

(c) Financial instruments (continued)

ii. FVTPL

Financial liabilities classified as FVTPL are measured at fair value with unrealized gains and losses recognized through the Consolidated Statements of Operations. The Company did not have any liabilities classified as FVTPL as at March 31, 2019, March 31, 2018, and March 31, 2017.

Derivative financial assets and liabilities are initially recognized at their fair value on the date the derivative contract is entered into and are subsequently re-measured at their fair value at each reporting period with changes in the fair value recognized in profit and loss. Derivative financial assets and liabilities include warrants purchased or issued by the Company denominated in a currency other than the Company's functional currency. As at March 31, 2019, March 31, 2018 and March 31, 2017, the Company did not have any derivative financial assets or liabilities.

iii. FVOCI

Certain debt instrument assets must be classified as FVOCI unless the option to FVTPL is taken and the FVOCI classification is an election for equity assets. The Company did not have any debt or equity assets classified as FVOCI as at March 31, 2019, March 31, 2018, and March 31, 2017.

For debt instruments measured at FVOCI, interest income (calculated using the effective interest rate method), foreign currency gains or losses and impairment gains or losses are recognized directly in profit or loss. The difference between cumulative fair value gains or losses and the cumulative amounts recognized in profit or loss is recognized in OCI until derecognition, when the amounts in OCI are reclassified to profit or loss. For equity instruments designated as FVOCI only dividend income is recognized in profit or loss with all other gains and losses recognized in OCI and there is no reclassification on derecognition.

(d) Cash and cash equivalents

Cash and cash equivalents usually consist of highly liquid investments which are readily convertible into cash with maturity of three months or less and are subject to an insignificant risk of change in value. As at March 31, 2019, and March 31, 2018 the Company had no cash equivalents.

(e) Revenue recognition

The Company recognizes revenue from contracts with customers when a customer obtains control of the goods or services, and the Company satisfies its performance obligation to customers in exchange for consideration the Company expects to receive, net of discounts and taxes. Revenue is allocated to each performance obligation.

Most of the Company's contracts have a single performance obligation as the promise to transfer the individual goods. Revenues from the sale of products are recognized when the goods are shipped or accepted by the customer, depending on the delivery conditions, and title and risk have passed to the customer. Revenues from services such as supporting and training relating to the sale of products are recognized as the services are performed. The Company also has not historically, but may in the future, earn product repair and maintenance revenues, which may relate to warranty contracts, which would be recognized over the periods and according to the terms of the warranty or other contract.

GREENPOWER MOTOR COMPANY INC.
Notes to the Consolidated Financial Statements
For the Years Ended March 31, 2019, 2018 and 2017
(Expressed in US Dollars)

2. Significant Accounting Policies (continued)

(e) Revenue recognition (continued)

The Company enters into a few transactions that represent multiple-element arrangements, which may include any combination of products, support and training services, and extended warranty. The allocation of consideration to the multiple-element is dependent on the explicit stand-alone selling price stipulated in the contract term.

The Company would recognize an asset for the incremental costs of obtaining a contract with a customer if it expects the costs to be recoverable and has determined that such costs meet the requirements to be capitalized. Capitalized contract acquisition costs are amortized consistent with the pattern of transfer to the customer for the goods and services to which the asset relates. The Company does not capitalize incremental costs of obtaining contracts if the amortization period is one year or less.

(f) Impairment of long-lived assets

At the end of each reporting period, the Company's assets are reviewed to determine whether there is any indication that those assets may be impaired. If such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment, if any. The recoverable amount is the higher of fair value less costs to sell and value in use. Fair value is determined as the amount that would be obtained from the sale of the asset in an arm's length transaction between knowledgeable and willing parties. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount and the impairment loss is recognized in the Consolidated Statements of Operations for the period. For an asset that does not generate largely independent cash inflows, the recoverable amount is determined for the cash generating unit to which the asset belongs.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but to an amount that does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognized immediately in the Consolidated Statements of Operations.

(g) Foreign currency translation

The consolidated entities and their respective functional currencies are as follows:

<u>Entity</u>	<u>Functional Currency</u>
GreenPower Motor Company Inc. (parent)	Canadian Dollar
GP GreenPower Industries Inc.	Canadian Dollar
GreenPower Motor Company, Inc.	U.S. Dollar
0939181 BC Ltd.	Canadian Dollar
San Joaquin Valley Equipment Leasing, Inc. (formerly Utah Manganese, Inc.)	U.S. Dollar
0999314 B.C. Ltd.	Canadian Dollar

San Joaquin Valley Equipment Leasing, Inc. changed its functional currency from the Canadian dollar to the US dollar during the year ended March 31, 2019. The change in functional currency of this entity did not have a material impact on the financial results of the Company for the year ended March 31, 2019.

(g) Foreign currency translation (continued)

Translation to functional currency

Foreign currency transactions are translated into U.S. dollars using exchange rates in effect at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated into the functional

currency using the exchange rate in effect at the measurement date. Non-monetary assets and liabilities denominated in foreign currencies are translated into the functional currency using the historical exchange rate or the exchange rate in effect at the measurement date for items recognized at FVTPL. Gains and losses arising from foreign exchange are included in the Consolidated Statements of Operations.

Translation to presentation currency

The results and financial position of those entities with a functional currency different from the presentation currency are translated into the presentation currency as follows:

- assets and liabilities are translated at the closing rate at the date of the Statements of Financial Position;
- income and expenses are translated at average exchange rates; and
- all resulting exchange differences are recognized in accumulated other comprehensive income/loss.

Goodwill and fair value adjustments arising on the acquisition of a foreign entity are treated as assets and liabilities of the foreign entity and translated at the closing rate. Exchange differences arising on translation of foreign operations are recognized in accumulated other comprehensive income / loss. On disposal of a foreign operation (that is, a disposal of the Company's entire interest in a foreign operation, or a disposal involving loss of control over a subsidiary that includes a foreign operation) all exchange differences accumulated in equity in respect of that operation attributable to the equity holders of the Company are reclassified from accumulated other comprehensive income/loss to net income/loss for the period.

(h) Inventory

Inventory is recorded at the lower of cost and net realizable value with cost determined on a specific item basis. The Company's inventory consists of electric buses in process, production supplies, and finished goods. In determining net realizable value for new buses, the Company primarily considers the age of the vehicles along with the timing of annual and model changeovers. For used buses, the Company considers recent market data and trends such as loss histories along with the current age of the inventory.

2. Significant Accounting Policies (continued)

(i) Property, plant, and equipment

Property, plant and equipment ("PPE") are carried at cost, less accumulated depreciation and accumulated impairment losses. The cost of an item of PPE consists of the purchase price, any costs directly attributable to bringing the asset to the location and condition necessary for its intended use and an initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located. Depreciation is provided at rates calculated to write off the cost of PPE, less their estimated residual value, using the following rates/estimated lives and methods:

Leasehold improvements	Over term of lease, straight line method
Computers	3 years, straight line method

EV equipment	3 years, straight line method
Furniture	7 years, straight line method
Automobile	10 years, straight line method
Leased asset	12 years, straight line method
Diesel and Electric buses	12 years, straight line method

An item of PPE is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on disposal of the asset, determined as the difference between the net disposal proceeds and the carrying amount of the asset, is recognized in profit or loss in the Consolidated Statements of Operations. Where an item of PPE comprises major components with different useful lives, the components are accounted for as separate items of PPE. Expenditures incurred to replace a component of an item of PPE is accounted for separately, including major inspection and overhaul expenditures are capitalized.

(j) Loss per share

The Company presents basic and diluted loss per share data for its common shares, calculated by dividing the loss attributable to common shareholders of the Company by the weighted average number of common shares outstanding during the period. Diluted loss per share does not adjust the loss attributable to common shareholders or the weighted average number of common shares outstanding when the effect is anti-dilutive.

(k) Share capital

Common shares are classified as equity. Finders fees and other related share issue costs, such as legal, regulatory, and printing, on the issue of the Company's shares are charged directly to share capital, net of any tax effects. During the years ended March 31, 2019 and March 31, 2018 the Company recorded \$nil in share issuance costs on its Consolidated Statements of Changes in Equity in regards to the issuance of shares (Note 10).

(l) Income taxes

Income tax expense comprises current and deferred tax. Current and deferred tax are recognized in net income/loss except to the extent that it relates to a business combination or items recognized directly in equity or in other comprehensive loss/income.

Current income taxes are recognized for the estimated income taxes payable or receivable on taxable income or loss for the current period and any adjustment to income taxes payable in respect to previous years. Current income taxes are determined using tax rates and tax laws that have been enacted or substantively enacted by the year end date.

(l) Income taxes (continued)

Deferred tax assets and liabilities are recognized where the carrying amount of an asset or liability differs from its tax base, except for taxable temporary differences arising on the initial recognition of goodwill and temporary differences arising on the initial recognition of an asset or liability in a transaction which is not a business combination and at the time of the transaction affects neither accounting nor taxable profit or loss.

Recognition of deferred tax assets for unused tax losses, tax credits, and deductible temporary differences is restricted to those instances where it is probable that future taxable profit will be available against which the deferred tax asset can be utilized. At the end of each reporting period the Company reassesses deferred tax assets. The Company recognizes a previously unrecognized deferred tax asset to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

(m) Critical accounting estimates and judgments

The preparation of these consolidated financial statements requires management to make certain estimates, judgments and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and reported amounts of expenses during the reporting period. Actual outcomes could differ from these estimates. These consolidated financial statements include estimates which, by their nature, are uncertain. The impacts of such estimates are pervasive throughout the consolidated financial statements and may require accounting adjustments based on future occurrences. Revisions to critical accounting estimates are recognized in the period in which the estimate is revised and future periods if the revision affects both current and future periods. These estimates are based on historical experience, current and future economic conditions and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Critical accounting estimates

Significant assumptions about the future and other sources of estimation uncertainty that management has made at the end of the reporting period, that could result in a material adjustment to the carrying amounts of assets and liabilities, in the event that actual results differ from assumptions made, relate to, but are not limited to, the inputs used in the Black-Scholes option pricing model to measure stock-based compensation and warrants, determination of the useful life of equipment, net realizable value of inventory, provision for warranty expense, and the \$nil provision for income taxes.

Effective January 1, 2019, management changed its estimated useful life for diesel and electric buses (including some categorized under Leased Assets in note 8) from 7 years to 12 years. For the year ended March 31, 2019 this change reduced the Company's depreciation expense by \$19,537. The carrying value of diesel and electric buses was \$622,833 as at March 31, 2019 using an estimated useful life of 12 years, and the carrying value of diesel and electric buses would have been \$603,296 with an estimated life of 7 years.

Critical accounting judgments

- i. the determination of the discount rate to use to discount the promissory note receivable, finance lease receivable and lease liabilities;
- ii. the determination of the functional currency of each entity within the consolidated Company;
- iii. the Company's ability to continue as a going concern.
- iv. The classification of leases as either financial leases or operating leases; and
- v. The identification of performance obligations in revenue contracts and the determination of when they are satisfied.

(n) Share-based payment transactions

The Company grants share-based awards to certain officers, employees, directors and other eligible persons. The fair value of the equity-settled awards is determined at the date of the grant. In calculating fair value, no account is taken of any vesting conditions, other than conditions linked to the price of the shares of the Company. Each tranche in an award is considered a separate award with its own vesting period and grant date fair value. The fair value is determined by using the Black-Scholes option pricing model. At each financial reporting date, the cumulative expense representing the extent to which the vesting period has expired and management's best estimate of the awards that are ultimately expected to vest is computed. The movement in cumulative expense is recognized in the Consolidated Statements of Operations with a corresponding entry against the related equity settled share-based payments reserve account over the vesting period. No expense is recognized for awards that do not ultimately vest. If the awards expire unexercised, the related amount remains in share-option reserve.

Where equity instruments are granted to non-employees, they are recorded at the fair value of the goods or services received in the Consolidated Statements of Operations, unless they are related to the issuance of shares. Amounts related to the issuance of shares are recorded as a reduction of share capital. When the value of goods or services received in exchange for the share-based payment cannot be reliably estimated, the fair value is measured by use of a valuation model. The fair value of stock options granted to non-employees is re-measured at the earlier of each financial reporting or vesting date, and any adjustment is charged or credited to operations upon re-measurement.

(o) Valuation of equity units issued in private placements

The Company has adopted a residual value method with respect to the measurement of shares and warrants issued as private placement units. The residual value method first allocates value to the more easily measurable component based on fair value and then the residual value, if any, to the less easily measurable component.

The fair value of the common shares issued in the private placement was determined to be the more easily measurable component and were valued at their fair value, as determined by the closing quoted bid price on the announcement date. The balance, if any, is allocated to the attached warrants. Any fair value attributed to the warrants is recorded as warrant reserve. If the warrants are exercised, the related amount is reclassified as share capital. If the warrants expire unexercised, the related amount remains in warrant reserve.

(p) Government grants

The Company receives grants from government agencies related to sales and leases of its electric buses. The accounting for these grants depends on whether the carrying amount of the vehicle remains with the Company, which is the case for operating leases where the Company is the lessor. For government grants associated with leased vehicles under operating leases, the grant reduces the value of the asset.

(q) Adoption of accounting standards

The following new or amended standards were adopted during the year ended March 31, 2019:

IFRS 15

IFRS 15 Revenue from Contracts with Customers provides a single principle-based framework to be applied to all contracts with customers. IFRS 15 replaces the previous revenue standard IAS 18, Revenue, and the related Interpretations on revenue recognition. The standard scopes out contracts that are considered to be lease contracts, insurance contracts and financial instruments. The new standard is a control-based model as compared to the existing revenue standard which is primarily focused on risks and rewards. Under the new standard, revenue is recognized when a customer obtains control of a good or service. Transfer of control occurs when the customer has the ability to direct the use of and obtain the benefits of the good or service. This standard is effective for reporting periods beginning on or after January 1, 2018.

The company chose to adopt IFRS 15 beginning in the financial year ended March 31, 2019 using the modified retrospective approach. Under this approach the Company, did not restate comparative historical periods, but rather recognized a cumulative adjustment to accumulated deficit of \$82,378, which represents the cumulative change to equity that would have resulted if the Company had adopted IFRS 15 in prior periods and re-stated its consolidated financial statements. The adoption of IFRS 15 resulted in reduction to Revenue of \$247,133 for the year ended March 31, 2019.

IFRS 9

IFRS 9 Financial Instruments replaces the current standard IAS 39 Financial Instruments: Recognition and Measurement, replacing the current classification and measurement criteria for financial assets and liabilities with only three classification categories: amortized cost, fair value to profit and loss, and fair value to other comprehensive income. This standard has an effective date of January 1, 2018.

The Company completed a detailed assessment of its financial assets and liabilities as at April 1, 2018 and concluded that there is no change to the original measurement categories under IAS 39 compared to the new measurement categories under IFRS 9.

Financial Instrument	Previous Classification (Measurement)	New Classification and Measurement	Impact
Cash and restricted cash	Loans and Receivables (Amortized cost)	Amortized cost	Nil
Accounts receivable	Loans and Receivables (Amortized cost)	Amortized cost	Nil

IFRS 16

Effective January 1, 2019, the Company adopted IFRS 16 using the modified retrospective approach and accordingly the information presented for the year ended March 31, 2018 has not been restated. The cumulative effect of the initial application, if any, is recognized in deficit at January 1, 2019. Comparative amounts up to December 31, 2018 remain as previously reported under IAS 17 and related interpretations.

Definition of a lease

At inception of a contract, the Company assesses whether a contract is, or contains, a lease based on whether the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. The Company has elected to apply the practical expedient to account for leases for which the lease term ends within 12 months of the date of initial application and leases of low value assets as short-term leases. The lease payments associated with these leases are recognized as expenses on a straight-line basis over the lease term.

The Company has also elected to apply the practical expedient for excluding the initial direct costs for the measurement of right of use assets at the date of initial application, as well as for using hindsight in determining the lease term where the contract contains options to extend or terminate the lease.

As a lessee

The Company recognizes a right of use asset and a lease liability at the lease commencement date. The right of use asset is initially measured at cost, based on the initial amount of the lease liability. The assets are depreciated to the earlier of the end of the useful life of the right of use asset or the lease term using the straight-line method as this most closely reflects the expected pattern of consumption of the future economic benefits. The lease term includes periods covered by an option to extend if the Company is reasonably certain to exercise that option.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, at the Company's incremental borrowing rate.

The ongoing lease liability is measured at amortized cost using the effective interest method. It is re-measured when there is a change in future lease payments, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is premeasured in this way a corresponding adjustment is made to the carrying amount of the right of use asset or is recorded in profit or loss if the carrying amount of the right of use asset has been reduced to zero.

(q) Adoption of accounting standards (continued)

IFRS 16 (continued)

As a lessor

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

To classify each lease, the Company makes an overall assessment of whether the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease; if not, then it is an operating lease. As part of this assessment, the Company considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

If an arrangement contains lease and non-lease components, the Company applies IFRS 15 to allocate the consideration in the contract.

The Company recognizes lease payments received under operating leases as income on a straight-line basis over the lease term, included in Revenue in the consolidated statements of operations.

Impact on adoption

On initial application, the Company has elected to record right of use assets based on the corresponding lease liabilities, as described more fully in Note 7. Lease liabilities have been measured by discounting future lease payments at the incremental borrowing rate of 8% per annum, and represents the Company's best estimate of the rate of interest that it would expect to pay to borrow, on a collateralized basis, over a similar term, an amount equal to the lease payments in the current economic environment. As of March 31, 2019, the remaining non-cancelable period of one of the two leases is 29 months, and the other is 42 months.

The application of IFRS 16 to leases previously classified as operating leases under IAS 17, resulted in the recognition of right of use assets and lease liabilities as at January 1, 2019. The following table summarizes the Right of Use Assets of the Company for the year ended March 31, 2019:

Right of Use Assets, March 31, 2018	\$	-
Additions to Right of Use Assets during the year		787,326
Depreciation during the year		(87,752)
Right of Use Assets, March 31, 2019	\$	699,574

During the year ended March 31, 2019, the Company entered into two transactions as lessor, one which was accounted for as an operating lease, and the other as a finance lease (Note 4). The adoption of IFRS 16 did not have a material impact on the financial results for the year ended March 31, 2019 for either of these transactions.

The adoption of the above accounting policies impacted the consolidated financial statements for the year ended March 31, 2019 as described in the respective notes.

(r) Future accounting pronouncements

Certain new accounting standards and interpretations have been published by the IASB or the IFRS Interpretations Committee that are not mandatory for the March 31, 2019 reporting period.

The Company has reviewed new and revised accounting pronouncements that have been issued but are not yet effective. The Company has not early adopted any of these standards and is currently evaluating the impact, if any, that these standards might have on its consolidated financial statements.

3. Restricted Cash

The Company has a restricted cash balance of \$151,886 on deposit at a major financial institution in the United States. The funds relate to a contract for the sale of vehicles and will be returned to the Company within 30 days of acceptance of the vehicles by the customer.

4. Finance Lease Receivable

On December 14, 2018 the Company sold an EV250 that was previously held in inventory and, through its wholly owned subsidiary San Joaquin Valley Equipment Leasing Inc., provided the customer with 7-year lease financing to finance a portion of the purchase price of the vehicle. The present value of future lease payments discounted at a market rate of interest was used to determine revenue at lease inception and the net investment in the finance lease. For the year ended March 31, 2019 selling profit on the lease was \$102,155 (2018 – nil, 2017 – nil). For the year ended March 31, 2019 the opening balance of the lease was nil, net investment in the lease recognized was \$329,090, lease payments received were \$4,274, interest income recognized was \$87, and the closing balance was \$324,903.

5. Inventory

The following is a listing of inventory as at March 31, 2019 and 2018:

	March 31, 2019	March 31, 2018
Work in Process	\$ 5,107,918	\$ 2,711,947
Production Supplies	-	70,900
Finished Goods	50,000	463,241
Total	\$ 5,157,918	\$ 3,246,088

6. Promissory Note Receivable

On January 23, 2018, the Company entered into multiple lease agreements (the "Agreements") with a third party (the "Customer") for the purpose of leasing EV 550's for a period of five years. On January 30, 2018, these lease payments, except for the final payment to be made by the Customer of CDN\$1,000,000 to the Company, were purchased by and transferred to an independent third party (the "Purchaser") in exchange for a lump sum payment of CDN\$1,492,611 to the Company. The Purchaser was granted a first priority security interest in the EV550's. Both the lump sum and the discounted final payment were included in Revenue in the Consolidated Statements of Operations.

The CDN\$1,000,000 due at the end of the lease term is classified as a Promissory Note Receivable on the Consolidated Statements of Financial Position. The Promissory Note Receivable has been discounted over the five-year lease term at a rate of 6.4% .

7. Right of Use Assets and Lease Liabilities

The Company has recorded Right of Use assets and Lease Liabilities in its statement of financial position related to two properties in California for which the Company has entered into lease agreements that both expire in more than one year. These two leases are therefore in a single class of Right of Use Assets, whose carrying value at March 31, 2019 is \$699,574. Rental payments on the Right of Use Assets are discounted using an 8% rate of interest and capitalized on the Consolidated Statement of Financial Position as Lease Liabilities. The value of the Right of Use Assets is determined at lease inception and include the capitalized lease liabilities, incorporate upfront costs incurred and incentives received, and the value is depreciated over the term of the lease. For the year ended March 31, 2019 the Company incurred interest expense of \$25,199 on the Lease Liabilities, recognized depreciation expense of \$87,752 on the Right of Use Assets and made total rental payments of \$74,237. Additions to Right of Use Assets during the year was \$787,326, of which \$20,000 is security deposits.

For one of the leases there is an option to extend the lease for a further 36 months. As at March 31, 2019, GreenPower has not committed to additional leases that begin after the year-end.

8. Property and Equipment (continued)

During the year ended March 31, 2019, the Company wrote down the value of two diesel buses from \$78,231 to \$nil, leased one EV 350 to a customer for a period of 3 years which was determined to be an operating lease and leased one EV 250 to a customer for a period of 7 years which was determined to be a finance lease (Note 4). The EV 250 was previously held in inventory. The carrying value of electric buses was reduced by \$319,635 to reflect the Company's receipt of government grants for two leased EV 350s. During the year ended March 31, 2018, the Company sold its leased asset to a third party. The proceeds from the disposals have been included in Revenue and the net realizable value of the asset is included in Cost of Sales on the Consolidated Statements of Operations.

9. Line of Credit

As at March 31, 2019 the Company's Line of Credit had a maximum limit of \$5,000,000 (2018 – nil). The line of Credit had a limit of \$2,000,000 at September 30, 2018, which was increased to a limit of US \$5,000,000 during the quarter ended December 31, 2018. The Line of Credit bears interest at the bank's US Base Rate (March 31, 2019 – 6.0%) plus 1.5% .

The Line of Credit is secured by a general floating charge on the Corporation's assets and the assets of one of its subsidiaries. The Line of Credit is also guaranteed by two of the directors of the Company, and in consideration for these guarantees, when the Line of Credit had a maximum limit of \$2,000,000 the Company agreed to issue 4,400,000 non-transferrable common share purchase warrants exercisable at an exercise price of CDN \$0.65 per share expiring on June 29, 2021. In consideration for guarantees offered by the two Directors when the Line of Credit limit was increased to \$5,000,000, the Company agreed to issue an additional 4,800,000 non-transferrable common share purchase warrants exercisable at an exercise price of CDN \$0.60 per share expiring three years after the issue date.

The Line of Credit contains customary business covenants such as maintenance of security, maintenance of corporate existence, and other covenants typical for a corporate operating line of credit. In addition, the Line of Credit has one financial covenant, to maintain a current ratio greater than 1.2:1, which will be tested quarterly starting on June 30, 2019.

10. Share Capital

Unlimited number of common shares without par value
Unlimited number of preferred shares without par value

Issued

During the year ended March 31, 2019, the Company issued a total of 1,020,000 shares pursuant to the exercise of 670,000 stock options and 350,000 converted debentures. During the year ended March 31, 2018, the Company issued a total of 1,745,000 shares pursuant to the exercise of 1,495,000 stock options and 250,000 converted debentures. During the year ended March 31, 2017, the Company issued a total of 6,081,588 shares pursuant to the exercise of 284,520 broker options, 1,338,750 stock options, 4,408,318 warrants and 50,000 converted debentures. Further:

On May 25, 2016, the Company completed a non-brokered private placement of 1,000,000 common shares at a subscription price of CDN\$0.30 per share for gross proceeds of CDN\$300,000 (USD\$232,440) and incurred \$22,004 in share issuance costs including \$11,613 in finder's fees.

For the Years Ended March 31, 2019, 2018 and 2017

(Expressed in US Dollars)

10. Share Capital (continued)

On October 17, 2016, the Company completed a non-brokered private placement for a total of 684,541 units at a price of CDN\$0.75 per unit for gross proceeds of CDN\$513,406 (USD\$391,557). Each unit consisted of one common share and one-half of one non-transferable share purchase warrant. Each warrant entitles the holder to purchase one common share with an exercise price of CDN\$1.10 per share until and on October 16, 2017 and CDN\$1.50 per share until and on October 16, 2018. The Company issued 342,270 common share purchase warrants (Note 12) and incurred \$10,418 in share issuance costs including \$5,412 in finder's fees.

As at March 31, 2019 and March 31, 2018, the Company had no shares held in escrow (March 31, 2017 – 15,154,197).

11. Stock Options

The Company has an incentive stock option plan whereby it grants options to directors, officers, employees, and consultants of the Company. On March 9, 2016, the shareholders approved the current plan which allows for the issuance of up to 10,440,790 shares (the "2016 Plan"). The exercise price of options granted under the 2016 Plan may not be less than the minimum prevailing price permitted by the TSXV policies with a maximum term of 10 years. Prior to the adoption of the 2016 Plan, the Company had adopted an incentive stock option plan (the "Plan"), whereby it could grant options to directors, officers, employees, and consultants of the Company.

On March 30, 2017, the shareholders approved an increase in the number of common shares available for issuance under the 2016 Plan from 10,440,790 to 13,656,367. On May 4, 2018, the number available for issuance was further increased to 14,909,992.

On June 18, 2018, CDN\$100,000 worth of debentures (issued on October 16, 2017) were converted into 250,000 common shares at a conversion price of CDN\$0.40.

On December 11, 2018, the convertible debentures issued on December 11, 2015, with a remaining balance prior to maturity of CDN \$717,000 matured. Prior to maturity, CDN \$40,000 worth of debentures from this series were converted into 100,000 common shares at a conversion price of CDN \$0.40 per share. CDN \$37,000 of the debentures were repaid during December 2018. The remaining balance of CDN \$680,000 was transferred to a Note Payable, CDN \$300,000 of which were repaid during January 2019. The remaining investors have agreed to be repaid their investments in December 2019. The Note Payable accrues interest at 12% per annum, payable in quarterly instalments, and matures on December 11, 2019.

During the years ended March 31, 2019, the Company paid interest of \$393,043 (March 31, 2018 - \$276,957, and March 31, 2017 - \$46,008) and recognized accretion of \$469,725 (March 31, 2018 - \$275,523, and March 31, 2017 - \$44,766) related to its issued and outstanding convertible debentures.

14. Promissory Note Payable

During the year ended March 31, 2017, the Company issued a \$594,000 promissory note (the "Note") to the City of Porterville to acquire land (Note 8). The Note bears interest at 2.0% per annum and is payable in blended monthly installments of \$5,463, which began on November 1, 2016. The monthly installments will occur for five years, at which point a balloon payment of \$311,764 is due and payable. The Note is secured by an interest in the land in favour of the City of Porterville.

A summary of the remaining principal payments until maturity of the promissory note are as follows:

Principal Payments	
Next 12 months	\$ 56,895
12 to 24 months	58,039
Thereafter	346,201
Total	461,135
Current portion	(56,895)

16. Financial Instruments

The Company's financial instruments consist of cash and restricted cash, accounts receivable, finance lease receivable, promissory note receivable, line of credit, accounts payable and accrued liabilities, note payable, loans payable to related parties, promissory note payable, convertible debentures and lease liabilities.

Financial instruments measured at fair value are classified into one of three levels in the fair value hierarchy according to the relative reliability of the inputs used to estimate the fair values. The three levels of the fair value hierarchy are:

Level 1: Unadjusted quoted prices in active markets for identical assets and liabilities;

Level 2: Inputs other than quoted prices that are observable for the asset or liabilities either directly or indirectly; and

Level 3: Inputs that are not based on observable market data

The Company does not currently hold any financial instruments measured at fair value on the Consolidated Statements of Financial Position.

The fair value of these financial instruments approximates their carrying value, unless otherwise noted.

Overview

The Company has exposure to the following financial instrument related risks.

Credit risk

The Company's exposure to credit risk is on its cash, promissory note receivable, and on its finance lease receivables. The maximum exposure to credit risk is their carrying amounts in the consolidated statement of Financial Statements.

Cash and restricted cash consists of cash bank balances held in major financial institutions in Canada and the United States with a high credit quality and therefore the Company is exposed to minimal risk. The Company assesses the credit risk of its finance lease receivable and promissory note receivable counterparties on an annual basis and believes it is exposed to minimal credit risk.

Liquidity risk

The Company tries to ensure that there is sufficient capital in order to meet short-term business requirements, after taking into account the Company's cash balances and available liquidity on the Company's \$5 million operating line of credit. The Company's cash is invested in bank accounts at major financial institutions in Canada and the United States and is available on demand. The Company will continue to rely on additional financings to further its operations and meet its capital requirements.

Market risks

Market risk is the risk of loss that may arise from changes in market factors such as interest rates and foreign exchange. The Company is exposed to interest rate risk with respect to its Line of Credit (Note 9).

The Company is exposed to foreign exchange risk as it conducts business in both the United States and Canada. Management monitors its foreign currency balances, but the Company does not engage in any hedging activities to reduce its foreign currency risk.

16. Financial Instruments (continued)

At March 31, 2019, the Company was exposed to currency risk through the following financial assets and liabilities in CDN Dollars.

Cash	\$	2,067
Accounts Receivable	\$	38,091

Promissory Notes Receivable	\$	1,000,000
Accounts Payable and Accrued Liabilities	\$	(176,197)
Loans Payable to Related Parties	\$	(1,430,000)
Convertible Debentures	\$	(5,646,000)
Note Payable	\$	(380,000)

The CDN/USD exchange rate as at March 31, 2019 was 0.74895 \$ (2018 - \$0.776) . Based on the net exposure and assuming all other variables remain constant, a 10% change in the appreciation or depreciation of the Canadian dollar relative to the US dollar would result in a change of approximately \$494,000 to other comprehensive income/loss.

17. Capital Management

The Company is actively engaged in selling its electric vehicles and expanding its business however the company has not achieved profitability to date. The Company's capital management objective is to obtain sufficient capital to develop new business opportunities for the benefit of its shareholders. To meet the objectives, management monitors the Company's ongoing capital requirements on specific business opportunities on a case-by-case basis. The capital structure of the Company consists of cash, operating line of credit, secured and unsecured promissory notes and convertible debentures and equity attributable to common shareholders, consisting of issued share capital and deficit. There was no change to the Company's approach to capital management during the year. The Company is subject to externally imposed capital requirements with respect to its line of credit (note 9). In May 2019 the Company completed a brokered private placement of units for gross proceeds of approximately \$5.35 million CAD or \$4.0 million USD. Under the offering the Company sold 13,114,754 Units at a price of CDN \$0.408 per unit, with each unit being comprised of one GreenPower common share and one-half share purchase warrant (Note 23). Subject to market conditions and other factors the Company intends to raise additional capital in the future to fund and grow its business for the benefit of shareholders.

18. Related Party Transactions (continued)

- Salaries and benefits incurred with directors and officers are included in Administrative fees on the Consolidated Statements of Operations.

-
- 2) Consulting fees included in professional fees and sales and marketing on Consolidated Statements of Operations are paid to the directors, the Chairman, and to the CEO of the Company to provide accounting, management consulting and director services.
 - 3) Accommodation expense paid to Stage Coach Landing, Inc., a company that the Chairman of GreenPower is an officer and director. These costs are expensed on the Consolidated Statements of Operations.
 - 4) Truck and trailer rental fees paid to Maple Leaf Equipment Aircraft and Recovery Inc., a company that the Chairman of GreenPower is an officer and director. These costs are included in Transportation costs on the Consolidated Statements of Operations.
 - 5) Amounts recognized for related party stock-based compensation are included in Share-based payments on the Consolidated Statements of Operations.

Accounts payable and accrued liabilities at March 31, 2019 included \$38,768 (March 31, 2018 - \$57,755, and March 31, 2017 - \$115,464) owed to officers, directors, and companies controlled by officers and directors, and shareholders, which is non-interest bearing, unsecured and has no fixed terms of repayment.

Notes payable as at March 31, 2019 includes \$172,259 (March 31, 2018 – nil) owed to a company beneficially owned by the Chairman of the Company.

As at March 31, 2019, two companies beneficially owned by the Chairman of the Company had loans outstanding to the Company with a total value of CDN \$1,430,000 and USD \$120,000 (2018 – CDN \$650,000). On March 31, 2019, the two companies renewed loans to the Company for CDN \$1,050,000 and USD \$120,000. The principal and interest on the loans is repayable on the earlier of the date that (i) the Company completes an equity financing of more than US\$5,000,000, (ii) from receipt of proceeds on the sale of buses in excess of US\$5,000,000, or (iii) July 1, 2020. The remaining loans outstanding with one company beneficially owned by the Chairman totaling CAD \$380,000 plus accrued interest were repaid on May 31, 2019. The Company has agreed to grant the lender in each of these loans a general security assignment on the assets of GreenPower Motor Company Inc., which will be subordinated to the BMO Bank of Montreal.

During the year ended March 31, 2019, there were \$222,334 (March 31, 2018 - \$38,084) of shareholder loan repayments.

Loans payable to related parties of \$1,498,907 (March 31, 2018 - \$756,241) include the loans with terms described above, including accrued interest, and other loans payable to directors and officers, companies controlled by directors and officers, which are unsecured and have no fixed terms of repayment.

The outstanding balance of unconverted convertible debentures at March 31, 2019 (Note 13), includes CDN\$3,025,000 (2018 – CDN\$3,255,000) owed to directors and companies controlled by directors.

These transactions were measured at the exchange amount, which is the amount agreed upon by the transacting parties.

19. Income Taxes

Income tax expense is recognized based on management's best estimate of weighted average annual income tax rate for the full financial year applied to the pre-tax income of the reporting period. The Company's effective tax rate for the years ended March 31, 2019, March 31, 2018 and March 31, 2017 was 27.00%, 26.25% and 26.00% respectively.

The difference between tax expenses for the years and the expected income taxes based on the statutory rate are as follows:

	For the year ended		
	March 31, 2019	March 31, 2018	March 31, 2017
Combined statutory tax rate	27.00%	26.25%	26.00%
Expected income tax expense (recovery)	\$ (1,226,922)	\$ (888,337)	\$ (731,436)
Items not deductible for tax purposes	124,866	193,900	115,295
Difference in tax rate in other jurisdictions	(63,785)	(124,699)	(105,162)
Effect of change in tax rates	180,534	(52,391)	-
Expiry of loss carryforwards	57,656	-	-
Unrecognized (recognized) loss carryforwards	927,651	261,527	721,303
Deferred income tax expense (recovery)	\$ -	\$ (610,000)	\$ -

The nature and effect of the temporary differences giving rise to the deferred income tax assets as of March 31, 2019 and March 31, 2018 are summarized below:

Deferred income tax assets	As at	
	March 31, 2019	March 31, 2018
Non-capital loss carry-forwards	\$ 3,733,613	\$ 2,730,030

Convertible debentures	(424,348)	(573,438)
Other carryforward balances	(3,205)	4,392
Share issue costs	23,617	46,497
Unrecognized deferred tax assets	(3,922,931)	(2,773,013)
Net deferred income tax asset (liability)	\$ -	\$ -

As at March 31, 2019, and March 31, 2018 the Company has approximately \$7,043,000 and \$5,813,000 respectively, of non-capital losses carry forwards available to reduce Canadian taxable income for future years. As at March 31, 2019, and March 31, 2018 the Company has approximately \$6,139,000 and \$3,412,000, respectively, of net operating losses carry forwards available to reduce future taxable income in the United States. The losses in Canada and United States expire between 2030 and 2039 if unused. The potential benefits of these carry-forward non-capital losses has not been recognized in these consolidated financial statements as it is not considered probable that sufficient future taxable profit will allow the deferred tax asset to be recovered.

**Notes to the Consolidated Condensed Interim Financial Statements
For the Three Months Ended June 30, 2019 and 2018**

(Unaudited – Prepared by Management)

1. Nature and Continuance of Operations

GreenPower Motor Company Inc. ("GreenPower" or the "Company") was incorporated in the Province of British Columbia on September 18, 2007. The Company is in the business of manufacturing and distributing all-electric transit, school and charter buses.

The primary office is located at Suite 240-209 Carrall St., Vancouver, Canada.

These consolidated financial statements have been prepared in accordance with International Financial Reporting Standards with the assumption that the Company will be able to realize its assets and discharge its liabilities in the normal course of business.

The Company's continuing operations are dependent upon its ability to raise capital and generate cash flows. At June 30, 2019, the Company had working capital of \$2,775,679 and an accumulated deficit of \$19,970,152. These consolidated financial statements do not include any adjustments related to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue in existence. The continuation of the Company as a going concern is dependent on future cash flows from operations including the successful sale and manufacture of electric buses to achieve a profitable level of operations and obtaining necessary financing to fund ongoing operations. To this end, the Company has now delivered and received payment for all-electric buses to customers, has a backlog of orders for delivery, and has a \$5 million line of credit to meet funding requirements. The Company's ability to achieve its business objectives is subject to material uncertainty which may cast significant doubt upon the Company's ability to continue as a going concern.

2. Significant Accounting Policies

(a) Basis of presentation

Statement of Compliance with IFRS

The Consolidated Condensed Interim Financial Statements of the Company are prepared in accordance with International Financial Reporting Standards ("IFRS") applicable to interim financial information, as outlined in International Accounting Standard ("IAS") 34, Interim Financial Reporting, and using the accounting policies

GREENPOWER MOTOR COMPANY INC.

**Notes to the Consolidated Condensed Interim Financial Statements

consistent with those in the audited consolidated financial statements as at and for the year ended March 31, 2019.

These Consolidated Condensed Interim Financial Statements were prepared under the historical cost convention, except for certain items not carried at historical cost as discussed below. All amounts are expressed in US dollars, unless otherwise stated.

(b) Basis of consolidation

These consolidated financial statements include the accounts of the Company and all of its wholly-owned subsidiaries:

Name of Subsidiary	Country of Incorporation	Ownership 30-Jun-19	Ownership 31-Mar-19	Principal Activity
GP GreenPower Industries Inc.	Canada	100%	100%	Holding company

2. Significant Accounting Policies (continued)

(b) Basis of consolidation (continued)

All intercompany balances, transactions, revenues and expenses are eliminated upon consolidation. Certain information and note disclosures which are considered material to the understanding of the Company's consolidated financial statements are provided below.

Subsidiaries are consolidated from the date of acquisition, being the date on which the Company obtains control, and continue to be consolidated until the date when such control ceases. Control exists when the Company has the power, directly or indirectly, to govern the financial and operating policies of an entity so as to obtain benefits from its activities. The financial statements of the subsidiaries are prepared for the same reporting period as the parent company, using consistent accounting policies.

GREENPOWER MOTOR COMPANY INC.

**Notes to the Consolidated Condensed Interim Financial Statements
For the Three Months Ended June 30, 2019 and 2018**

(Expressed in US Dollars)

(Unaudited – Prepared by Management)

(c) Financial instruments

IFRS 9 requires a company to classify its financial instruments based on the way they are measured, into one of three categories: Amortized Cost, FVTPL, and FVOCI. The Company did not have any financial instruments measured at FVTPL or FVOCI as at June 30, 2019. All of the Company's financial instruments, initially recognized at fair value, are subsequently measured at amortized cost using the effective interest rate method. Transaction costs are included in the initial fair value measurement of the financial instruments.

Subsidiaries are consolidated from the date of acquisition, being the date on which the Company obtains control, and continue to be consolidated until the date when such control ceases. Control exists when the Company has the power, directly or indirectly, to govern the financial and operating policies of an entity so as to obtain benefits from its activities. The financial statements of the subsidiaries are prepared for the same reporting period as the parent company, using consistent accounting policies.

(d) Cash and cash equivalents

Cash and cash equivalents usually consist of highly liquid investments which are readily convertible into cash with maturity of three months or less and are subject to an insignificant risk of change in value. As at June 30, 2019, and March 31, 2019 the Company had no cash equivalents.

(e) Revenue recognition

The Company recognizes revenue from contracts with customers when a customer obtains control of the goods or services, and the Company satisfies its performance obligation to customers in exchange for consideration the Company expects to receive, net of discounts and taxes. Revenue is allocated to each performance obligation.

Most of the Company's contracts have a single performance obligation as the promise to transfer the individual goods. Revenues from the sale of products are recognized when the goods are shipped or accepted by the customer, depending on the delivery conditions, and title and risk have passed to the customer. Revenues from services such as supporting and training relating to the sale of products are recognized as the services are performed.

The Company enters into a few transactions that represent multiple-element arrangements, which may include any combination of products, support and training services, and extended warranty. The allocation of

(Unaudited – Prepared by Management)

consideration to the multiple-element is dependent on the explicit stand-alone selling price stipulated in the contract term.

2. Significant Accounting Policies (continued)

(f) Impairment of long-lived assets

At the end of each reporting period, the Company's assets are reviewed to determine whether there is any indication that those assets may be impaired. If such indication exists, the recoverable amount of the asset

is estimated in order to determine the extent of the impairment, if any. The recoverable amount is the higher of fair value less costs to sell and value in use. Fair value is determined as the amount that would be obtained from the sale of the asset in an arm's length transaction between knowledgeable and willing parties. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount and the impairment loss is recognized in the Consolidated Statements of Operations for the period. For an asset that does not generate largely independent cash inflows, the recoverable amount is determined for the cash generating unit to which the asset belongs.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but to an amount that does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognized immediately in the Consolidated Statements of Operations.

(g) Foreign currency translation

The consolidated entities and their respective functional currencies are as follows:

<u>0999314 B.C. Ltd.</u>	<u>Canadian Dollar</u>

Translation to functional currency

Foreign currency transactions are translated into U.S. dollars using exchange rates in effect at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency using the exchange rate in effect at the measurement date. Non-monetary assets and liabilities denominated in foreign currencies are translated into the functional currency using the historical exchange rate or the exchange rate in effect at the measurement date for items recognized at FVTPL. Gains and losses arising from foreign exchange are included in the Consolidated Statements of Operations.

Translation to presentation currency

The results and financial position of those entities with a functional currency different from the presentation currency are translated into the presentation currency as follows:

- assets and liabilities are translated at the closing rate at the date of the Statements of Financial Position;
- income and expenses are translated at average exchange rates; and
- all resulting exchange differences are recognized in accumulated other comprehensive income/loss.

(h) Inventory

Inventory is recorded at the lower of cost and net realizable value with cost determined on a specific item basis. The Company's inventory consists of electric buses in process, production supplies, and finished goods. In determining net realizable value for new buses, the Company primarily considers the age of the vehicles along with the timing of annual and model changeovers. For used buses, the Company considers recent market data and trends such as loss histories along with the current age of the inventory.

(i) Property, plant, and equipment

Property, plant and equipment ("PPE") are carried at cost, less accumulated depreciation and accumulated impairment losses. The cost of an item of PPE consists of the purchase price, any costs directly attributable to bringing the asset to the location and condition necessary for its intended use and an initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located. Depreciation is provided at rates calculated to write off the cost of PPE, less their estimated residual value, using the following rates/estimated lives and methods:

<u>Leasehold improvements</u>	<u>Over term of lease, straight line method</u>
<u>Computers</u>	<u>3 years, straight line method</u>
<u>EV equipment</u>	<u>3 years, straight line method</u>
<u>Furniture</u>	<u>7 years, straight line method</u>
<u>Automobile</u>	<u>10 years, straight line method</u>

(Expressed in US Dollars)

(Unaudited – Prepared by Management)

<u>Leased asset</u>	<u>12 years, straight line method</u>
<u>Diesel and Electric buses</u>	<u>12 years, straight line method</u>

An item of PPE is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on disposal of the asset, determined as the difference between the net disposal proceeds and the carrying amount of the asset, is recognized in profit or loss in the Consolidated Statements of Operations. Where an item of PPE comprises major components with different useful lives, the components are accounted for as separate items of PPE. Expenditures incurred to replace a component of an item of PPE is accounted for separately, including major inspection and overhaul expenditures are capitalized.

2. Significant Accounting Policies (continued)

(j) Loss per share

The Company presents basic and diluted loss per share data for its common shares, calculated by dividing the loss attributable to common shareholders of the Company by the weighted average number of common shares outstanding during the period. Diluted loss per share does not adjust the loss attributable to common shareholders or the weighted average number of common shares outstanding when the effect is anti-dilutive.

(k) Share capital

Common shares are classified as equity. Finders fees and other related share issue costs, such as legal, regulatory, and printing, on the issue of the Company's shares are charged directly to share capital, net of any tax effects. During the three months ended June 30, 2019 and June 30, 2018 the Company recorded \$346,436 and \$nil, respectively, in share issuance costs on its Consolidated Condensed Interim Statements of Changes in Equity in regards to the issuance of shares (Note 10).

(l) Income taxes

GREENPOWER MOTOR COMPANY INC.

**Notes to the Consolidated Condensed Interim Financial Statements
For the Three Months Ended June 30, 2019 and 2018**

(Expressed in US Dollars)

(Unaudited – Prepared by Management)

Income tax expense comprises current and deferred tax. Current and deferred tax are recognized in net income/loss except to the extent that it relates to a business combination or items recognized directly in equity or in other comprehensive loss/income.

Current income taxes are recognized for the estimated income taxes payable or receivable on taxable income or loss for the current period and any adjustment to income taxes payable in respect to previous years. Current income taxes are determined using tax rates and tax laws that have been enacted or substantively enacted by the year end date.

Deferred tax assets and liabilities are recognized where the carrying amount of an asset or liability differs from its tax base, except for taxable temporary differences arising on the initial recognition of goodwill and temporary differences arising on the initial recognition of an asset or liability in a transaction which is not a business combination and at the time of the transaction affects neither accounting nor taxable profit or loss.

Recognition of deferred tax assets for unused tax losses, tax credits, and deductible temporary differences is restricted to those instances where it is probable that future taxable profit will be available against which the deferred tax asset can be utilized. At the end of each reporting period the Company reassesses deferred tax assets. The Company recognizes a previously unrecognized deferred tax asset to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

(m) Critical accounting estimates and judgments

The preparation of these consolidated financial statements requires management to make certain estimates, judgments and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and reported amounts of expenses during the reporting period. Actual outcomes could differ from these estimates. These consolidated financial statements include estimates which, by their nature, are uncertain. The impacts of such estimates are pervasive throughout the consolidated financial statements and may require accounting adjustments based on future occurrences. Revisions to critical accounting estimates are recognized in the period in which the estimate is revised and future periods if the revision affects both current and future periods. These estimates are based on historical experience, current and future economic conditions and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

2. Significant Accounting Policies (continued)

(m) Critical accounting estimates and judgments (continued)

GREENPOWER MOTOR COMPANY INC.

**Notes to the Consolidated Condensed Interim Financial Statements
For the Three Months Ended June 30, 2019 and 2018**

(Expressed in US Dollars)

(Unaudited – Prepared by Management)

Critical accounting estimates

Significant assumptions about the future and other sources of estimation uncertainty that management has made at the end of the reporting period, that could result in a material adjustment to the carrying amounts of assets and liabilities, in the event that actual results differ from assumptions made, relate to, but are not limited to, the inputs used in the Black-Scholes option pricing model to measure stock-based compensation and warrants, determination of the useful life of equipment, net realizable value of inventory, provision for warranty expense, and the \$nil provision for income taxes.

Critical accounting judgments

- i. the determination of the discount rate to use to discount the promissory note receivable, finance lease receivable and lease liabilities;
- ii. the determination of the functional currency of each entity within the consolidated Company;
- iii. the Company's ability to continue as a going concern.
- iv. The classification of leases as either financial leases or operating leases; and
- v. The identification of performance obligations in revenue contracts and the determination of when they are satisfied.

(n) Share-based payment transactions

The Company grants share-based awards to certain officers, employees, directors and other eligible persons. The fair value of the equity-settled awards is determined at the date of the grant. In calculating fair value, no account is taken of any vesting conditions, other than conditions linked to the price of the shares of the Company. Each tranche in an award is considered a separate award with its own vesting period and grant date fair value. The fair value is determined by using the Black-Scholes option pricing model. At each financial reporting date, the cumulative expense representing the extent to which the vesting period has expired and management's best estimate of the awards that are ultimately expected to vest is computed. The movement in cumulative expense is recognized in the Consolidated Statements of Operations with a corresponding entry against the related equity settled share-based payments reserve account over the vesting period. No expense is recognized for awards that do not ultimately vest. If the awards expire unexercised, the related amount remains in share-option reserve.

Where equity instruments are granted to non-employees, they are recorded at the fair value of the goods or services received in the Consolidated Statements of Operations, unless they are related to the issuance of shares. Amounts related to the issuance of shares are recorded as a reduction of share capital. When the value of goods or services received in exchange for the share-based payment cannot be reliably estimated, the fair value is measured by use of a valuation model. The fair value of stock options granted to non-employees is re-measured at the earlier of each financial reporting or vesting date, and any adjustment is charged or credited to operations upon re-measurement.

(o) Valuation of equity units issued in private placements

GREENPOWER MOTOR COMPANY INC.

**Notes to the Consolidated Condensed Interim Financial Statements
For the Three Months Ended June 30, 2019 and 2018**

(Expressed in US Dollars)

(Unaudited – Prepared by Management)

The Company has adopted a residual value method with respect to the measurement of shares and warrants issued as private placement units. The residual value method first allocates value to the more easily measurable component based on fair value and then the residual value, if any, to the less easily measurable component.

2. Significant Accounting Policies (continued)

The fair value of the common shares issued in the private placement during the three months ended June 30, 2019 was determined to be the more easily measurable component and were valued at their fair value, as determined by the closing quoted bid price on the announcement date less a discount to the public trading price typical of a private placement for similarly sized public companies. The balance, if any, is allocated to the attached warrants. Any fair value attributed to the warrants is recorded as warrant reserve. If the warrants are exercised, the related amount is reclassified as share capital. If the warrants expire unexercised, the related amount remains in warrant reserve.

(p) Government grants

The Company receives grants from government agencies related to sales and leases of its electric buses. The accounting for these grants depends on whether the carrying amount of the vehicle remains with the Company, which is the case for operating leases where the Company is the lessor. For government grants associated with leased vehicles under operating leases, the grant reduces the value of the asset.

(q) Adoption of accounting standards

The following new or amended standards were adopted during the year ended March 31, 2019:

IFRS 15

IFRS 15 Revenue from Contracts with Customers provides a single principle-based framework to be applied to all contracts with customers. IFRS 15 replaces the previous revenue standard IAS 18, Revenue, and the related Interpretations on revenue recognition. The standard scopes out contracts that are considered to be lease contracts, insurance contracts and financial instruments. The new standard is a control-based model as compared to the existing revenue standard which is primarily focused on risks and rewards. Under the new standard, revenue is recognized when a customer obtains control of a good or service. Transfer of control occurs when the customer has the ability to direct the use of and obtain the benefits of the good or service. This standard is effective for reporting periods beginning on or after January 1, 2018.

(Unaudited – Prepared by Management)

The company chose to adopt IFRS 15 beginning in the financial year ended March 31, 2019 using the modified retrospective approach. Under this approach the Company, did not restate comparative historical periods, but rather recognized a cumulative adjustment to accumulated deficit of \$82,378, which represents the cumulative change to equity that would have resulted if the Company had adopted IFRS 15 in prior periods and re-stated its consolidated financial statements. The adoption of IFRS 15 resulted in reduction to Revenue of \$247,133 for the year ended March 31, 2019.

IFRS 9

IFRS 9 Financial Instruments replaces the current standard IAS 39 Financial Instruments: Recognition and Measurement, replacing the current classification and measurement criteria for financial assets and liabilities with only three classification categories: amortized cost, fair value to profit and loss, and fair value to other comprehensive income. This standard has an effective date of January 1, 2018.

The Company completed a detailed assessment of its financial assets and liabilities as at April 1, 2018 and concluded that there is no change to the original measurement categories under IAS 39 compared to the new measurement categories under IFRS 9.

2. Significant Accounting Policies (continued)

(a) Adoption of accounting standards (continued)

IFRS 16

Effective January 1, 2019, the Company adopted IFRS 16 using the modified retrospective approach and accordingly the information presented for the year ended March 31, 2018 has not been restated. The cumulative effect of the initial application, if any, is recognized in deficit at January 1, 2019. Comparative amounts up to December 31, 2018 remain as previously reported under IAS 17 and related interpretations.

The application of IFRS 16 to leases previously classified as operating leases under IAS 17, resulted in the recognition of right of use assets and lease liabilities as at January 1, 2019. On initial application, the Company has elected to record right of use assets based on the corresponding lease liabilities, as

described more fully in Note 7. Lease liabilities have been measured by discounting future lease payments at the incremental borrowing rate of 8% per annum, and represents the Company's best estimate of the rate of interest that it would expect to pay to borrow, on a collateralized basis, over a similar term, an amount equal to the lease payments in the current economic environment.

(r) Future accounting pronouncements

Certain new accounting standards and interpretations have been published by the IASB or the IFRS Interpretations Committee that are not mandatory for the March 31, 2019 reporting period.

The Company has reviewed new and revised accounting pronouncements that have been issued but are not yet effective. The Company has not early adopted any of these standards and is currently evaluating the impact, if any, that these standards might have on its consolidated financial statements.

3. Restricted Cash

The Company has a restricted cash balance of \$151,896 on deposit at a major financial institution in the United States. The funds relate to a contract for the sale of vehicles and will be returned to the Company within 30 days of acceptance of the vehicles by the customer.

4. Finance Lease Receivable

During December 2018 the Company sold an EV250 that was previously held in inventory and, through its wholly owned subsidiary San Joaquin Valley Equipment Leasing Inc., provided the customer with 7-year lease financing to finance a portion of the purchase price of the vehicle. The present value of future lease payments discounted at a market rate of interest was used to determine revenue at lease inception and the net investment in the finance lease. For the quarter ended June 30, 2019 the opening balance of the lease was \$324,903, lease payments received were \$12,820, interest income recognized was \$7,732, and the closing balance was \$319,814.

During June 2019 the Company delivered two EV Stars and provided the customer with 50-month lease financing to finance a portion of the purchase price. Selling profit recognized on the sale of the two EV Stars was \$122,646, and the net investment in the two leases was \$182,656. The Company did not receive lease payments and did not recognize interest income on the two leases during the quarter ended June 30, 2019.

On January 23, 2018, the Company entered into multiple lease agreements (the “Agreements”) with a third party (the “Customer”) for the purpose of leasing EV 550's for a period of five years. On January 30, 2018, these lease payments, except for the final payment to be made by the Customer of CDN\$1,000,000 to the Company, were purchased by and transferred to an independent third party (the “Purchaser”) in exchange for a lump sum payment of CDN\$1,492,611 to the Company. The Purchaser was granted a first priority security interest in the EV550's. Both the lump sum and the discounted final payment were included in Revenue in the Consolidated Statements of Operations.

The CDN\$1,000,000 due at the end of the lease term is classified as a Promissory Note Receivable on the Consolidated Statements of Financial Position. The Promissory Note Receivable has been discounted over the five-year lease term at a rate of 6.4%.

7. Right of Use Assets and Lease Liabilities

The Company has recorded Right of Use assets and Lease Liabilities in its statement of financial position related to three properties in California for which the Company has entered into lease agreements that expire in more than one year. These leases are in a single class of Right of Use Assets, whose carrying value at June 30, 2019 is \$815,110. Rental payments on the Right of Use Assets are discounted using an 8% rate of interest and capitalized on the Consolidated Statement of Financial Position as Lease Liabilities. The value of the Right of Use Assets is determined at lease inception and include the capitalized lease liabilities, incorporate upfront costs incurred and incentives received, and the value is depreciated over the term of the lease. For the three months ended June 30, 2019 the Company incurred interest expense of \$13,155 on the Lease Liabilities, recognized depreciation expense of \$52,584 on the Right of Use Assets and made total rental payments of \$59,006. Additions to Right of Use Assets during the quarter ended June 30, 2019 was \$168,120, of which \$5,000 is a security deposit, which relates to a lease agreement that starts on August 1, 2019.

For one of the leases there is an option to extend the lease for a further 36 months.

9. Line of Credit

As at June 30, 2019 the Company's Line of Credit had a maximum limit of \$5,000,000 (March 31, 2019 - \$5,000,000). The Line of Credit bears interest at the bank's US Base Rate (June 30, 2019 – 6.0%) plus 1.5%.

The Line of Credit is secured by a general floating charge on the Corporation's assets and the assets of one of its subsidiaries. The Line of Credit is also guaranteed by two of the directors of the Company, and in consideration for these guarantees, when the Line of Credit had a maximum limit of \$2,000,000 the Company agreed to issue 4,400,000 non-transferrable common share purchase warrants exercisable at an exercise price of CDN \$0.65 per share expiring on June 29, 2021. In consideration for guarantees offered by the two Directors when the Line of Credit limit was increased to \$5,000,000, the Company agreed to issue an additional 4,800,000 non-transferrable common share purchase warrants exercisable at an exercise price of CDN \$0.60 per share expiring three years after the issue date.

The Line of Credit contains customary business covenants such as maintenance of security, maintenance of corporate existence, and other covenants typical for a corporate operating line of credit. In addition, the Line of Credit has one financial covenant, to maintain a current ratio greater than 1.2:1.

which point a balloon payment of \$311,764 is due and payable. The Note is secured by an interest in the land in favour of the City of Porterville.

A summary of the remaining principal payments until maturity of the promissory note are as follows:

Principal Payments	
Next 12 months	\$57,178
12 to 24 months	58,328
Thereafter	\$331,467
<hr/>	
Total	446,973
<hr/>	
Current portion	(57,178)
<hr/>	
Long-term portion	\$ 389,795

During the three months ended June 30, 2019, the Company incurred \$2,227 (June 30, 2018 - \$2,580) of interest on the Note. This amount is included in Interest and accretion on the Consolidated Statements of Operations.

15. Deferred Revenue

The Company recorded Deferred Revenue of \$364,727 for invoices issued to customers for the sale of all-electric buses which were not delivered as at June 30, 2019.

16. Financial Instruments

The Company's financial instruments consist of cash and restricted cash, accounts receivable, finance lease receivable, promissory note receivable, line of credit, accounts payable and accrued liabilities, note payable, loans payable to related parties, promissory note payable, convertible debentures and lease liabilities.

Financial instruments measured at fair value are classified into one of three levels in the fair value hierarchy according to the relative reliability of the inputs used to estimate the fair values. The three levels of the fair value hierarchy are:

Level 1: Unadjusted quoted prices in active markets for identical assets and liabilities;

Level 2: Inputs other than quoted prices that are observable for the asset or liabilities either directly or indirectly;
and

Level 3: Inputs that are not based on observable market data

The Company does not currently hold any financial instruments measured at fair value on the Consolidated Statements of Financial Position.

The fair value of these financial instruments approximates their carrying value, unless otherwise noted.

Overview

The Company has exposure to the following financial instrument related risks.

Credit risk

The Company's exposure to credit risk is on its cash, accounts receivable, promissory note receivable, and on its finance lease receivables. The maximum exposure to credit risk is their carrying amounts in the consolidated statement of Financial Statements.

Cash and restricted cash consists of cash bank balances held in major financial institutions in Canada and the United States with a high credit quality and therefore the Company is exposed to minimal risk. The Company assesses the credit risk of its finance lease receivable and promissory note receivable counterparties on an annual basis and believes it is exposed to minimal credit risk.

Liquidity risk

The Company tries to ensure that there is sufficient capital in order to meet short-term business requirements, after taking into account the Company's cash balances and available liquidity on the Company's \$5 million operating line of credit. The Company's cash is invested in bank accounts at major financial institutions in Canada and the United States and is available on demand. The Company will continue to rely on additional financings to further its operations and meet its capital requirements.

Market risks

Market risk is the risk of loss that may arise from changes in market factors such as interest rates and foreign exchange. The Company is exposed to interest rate risk with respect to its Line of Credit (Note 9).

The Company is exposed to foreign exchange risk as it conducts business in both the United States and Canada. Management monitors its foreign currency balances, but the Company does not engage in any hedging activities to reduce its foreign currency risk.

16. Financial Instruments (continued)

At June 30, 2019, the Company was exposed to currency risk through the following financial assets and liabilities in CDN Dollars.

Cash	\$	24,636
Accounts Receivable		41,554
Promissory Notes Receivable		1,000,000
Accounts Payable and Accrued Liabilities		(207,064)
Loans Payable to Related Parties		(1,250,000)
Convertible Debentures		(5,646,000)
Note Payable	\$	(380,000)

Based on the net exposure and assuming all other variables remain constant, a 10% change in the appreciation or depreciation of the Canadian dollar relative to the US dollar would result in a change of approximately \$490,000 to other comprehensive income/loss.

17. Capital Management

The Company is actively engaged in selling its electric vehicles and expanding its business however the company has not achieved profitability to date. The Company's capital management objective is to obtain sufficient capital to develop new business opportunities for the benefit of its shareholders. To meet the objectives, management monitors the Company's ongoing capital requirements on specific business opportunities on a case-by-case basis. The capital structure of the Company consists of cash, operating line of credit, secured and unsecured promissory

notes and convertible debentures and equity attributable to common shareholders, consisting of issued share capital and deficit. There was no change to the Company's approach to capital management during the year. The Company is subject to externally imposed capital requirements with respect to its line of credit (note 9). In May 2019 the Company completed a brokered private placement of units for gross proceeds of approximately \$5.35 million CAD or \$4.0 million USD. Under the offering the Company sold 13,114,754 Units at a price of CDN \$0.408 per unit, with each unit being comprised of one GreenPower common share and one-half share purchase warrant (Note 10). Subject to market conditions and other factors the Company intends to raise additional capital in the future to fund and grow its business for the benefit of shareholders.

18. Related Party Transactions

3) Accommodation expense paid to Stage Coach Landing, Inc., a company that the Chairman of GreenPower and former CEO are officers and directors. These costs are expensed on the Consolidated Statements of Operations.

4) Truck and trailer rental fees paid to Maple Leaf Equipment Aircraft and Recovery Inc., a company that the Chairman of GreenPower and former CEO are officers and directors. These costs are included in Transportation costs on the Consolidated Statements of Operations.

5) Amounts recognized for related party stock-based compensation are included in Share-based payments on the Consolidated Statements of Operations.

Accounts payable and accrued liabilities at June 30, 2019 included \$27,181 (March 31, 2019 - \$38,768) owed to officers, directors, and companies controlled by officers and directors, and shareholders, which is non-interest bearing, unsecured and has no fixed terms of repayment.

Notes payable as at June 30, 2019 includes CAD\$230,000 (March 31, 2019 – CAD\$230,000) owed to a company beneficially owned by the Chairman of the Company.

As at June 30, 2019, two companies beneficially owned by the Chairman of the Company had loans outstanding to the Company with a total value of CDN \$1,250,000 and USD \$120,000 (March 31, 2019 - CDN \$1,430,000 and USD \$120,000). On March 31, 2019, the two companies renewed loans to the Company for CDN \$1,050,000 and USD \$120,000. The principal and interest on the loans is repayable on the earlier of the date that (i) the Company completes an equity financing of more than US\$5,000,000, (ii) from receipt of proceeds on the sale of buses in excess of US\$5,000,000, or (iii) July 1, 2020. Loans outstanding with one company beneficially owned by the Chairman totaling CAD \$380,000 plus accrued interest were repaid on May 31, 2019. During June 2019, a company beneficially owned by the Chairman loaned the Company an additional CAD\$200,000. The Company has agreed to grant the lender in each of these loans a general security assignment on the assets of GreenPower Motor Company Inc., which will be subordinated to the BMO Bank of Montreal.

Loans payable to related parties of \$1,300,884 (March 31, 2019 - \$1,498,907) include the loans with terms described above, including accrued interest, and other loans payable to directors and officers, companies controlled by directors and officers, which are unsecured and have no fixed terms of repayment.

The outstanding balance of unconverted convertible debentures at June 30, 2019 (Note 13), includes CDN\$3,025,000 (March 31, 2019 – CDN\$3,025,000) owed to directors and companies controlled by directors.

These transactions were measured at the exchange amount, which is the amount agreed upon by the transacting parties.

19. Income Taxes

Income tax expense is recognized based on management's best estimate of weighted average annual income tax rate for the full financial year applied to the pre-tax income of the reporting period. The Company's effective tax rate for the year ended March 31, 2019 was 27.00%.

As at June 30, 2019, and March 31, 2019 the Company has approximately \$7,800,000 and \$7,043,000 respectively, of non-capital losses carry forwards available to reduce Canadian taxable income for future years. As at June 30, 2019, and March 31, 2019 the Company has approximately \$6,650,000 and \$6,139,000, respectively, of net operating losses carry forwards available to reduce future taxable income in the United States. The losses in Canada and United States expire between 2030 and 2039 if unused. The potential benefits of these carry-forward non-capital losses has not been recognized in these consolidated financial statements as it is not considered probable that sufficient future taxable profit will allow the deferred tax asset to be recovered.

20. Segmented Information and Other Additional Disclosures

The Company operates in one reportable operating segment, being the manufacture and distribution of all-electric transit, school and charter buses.

During the period ended June 30, 2019, the Company was economically dependent on three (June 30, 2018 – one) customer(s) who accounted for more than 10% of revenue from continuing operations and in aggregate accounted for approximately 97% (June 30, 2018: 100%) of sales.

The Company's revenues allocated by geography for the three months ended June 30, 2019, and June 30, 2018 is as follows:

	For the Three Months Ended			
	June 30, 2019		30-Jun-18	
United States of America	\$	2,440,229	\$	2,480,412

As at June 30, 2019 and March 31, 2019 the majority of the Company's consolidated non-current assets, being property and equipment, are located in the United States.

21. Warranty Liability

The Company generally provides its customers with a base warranty on the entire transit, school or charter bus. The Company also provides certain extended warranties, including those covering brake systems,

lower level components, fleet defect provisions and battery-related components, covering a warranty period of approximately one to five years, depending on the contract. Management estimates the related provision

for future warranty claims based on historical warranty claim information as well as recent trends that might suggest past cost information may differ from future claims. It is expected that some of these costs will be

incurred in the 2020 fiscal year and the remaining will be incurred beyond two years of the reporting date. The warranty provision is recorded at 3.5% of revenue from product sales.

22. Events After the Reporting Period

On July 2, 2019, the former CEO resigned as a director of the Company, resulting in the forfeiture of 1,566,860 stock options exercisable at CAD \$0.25 per share, and 100,000 stock options exercisable at CAD \$0.35 per share. In addition, 75,000 unvested stock options exercisable at CAD \$0.50 per share expired immediately.

During July 2019, 250,000 stock options exercisable at CAD \$0.25 per share and 200,000 options exercisable at CAD \$0.60 per share were forfeited.

On July 19, 2019 125,000 common shares were issued at CAD \$0.50 per share, pursuant to the exercise of 125,000 warrants and an additional 125,000 common shares were issued pursuant to the conversion of CAD \$50,000 of convertible debentures.

Indemnification of Directors and Officers

Business Corporations Act (British Columbia)

Division 5 of Part 5 of the Business Corporations Act (British Columbia) provides that a corporation may (a) indemnify an eligible party against all eligible penalties to which the eligible party is or may be liable and (b) after the final disposition of an eligible proceeding, pay the expenses (not including judgments, penalties, fines or amounts paid in settlement of a proceeding) actually and reasonably incurred by an eligible party in respect of that proceeding.

An "eligible party" means an individual who (a) is or was a director or officer of the corporation, (b) is or was a director or officer of another corporation (i) at a time when the corporation is or was an affiliate of the corporation, or (ii) at the request of the corporation, or (c) at the request of the corporation, is or was, or holds or held a position equivalent to that of, a director or officer of a partnership, trust, joint venture or other unincorporated entity. An "eligible proceeding" means a proceeding in which an eligible party or any of the heirs and personal or other legal representatives of the eligible party, by reason of the eligible party being or having been a director or officer of, or holding or having held a position equivalent to that of a director or officer of, the corporation or an associated corporation (a) is or may be joined as a party, or (b) is or may be liable for or in respect of a judgment, penalty or fine in, or expenses related to, the proceeding.

A corporation must, after the final disposition of an eligible proceeding, pay the expenses actually and reasonably incurred by the eligible party in respect of that proceeding if the eligible party (a) has not been reimbursed for those expenses, and (b) is wholly successful, on the merits or otherwise, in the outcome of the proceeding or is substantially successful on the merits in the outcome of the proceeding.

A corporation may pay, as they are incurred in advance of the final disposition of an eligible proceeding, the expenses actually and reasonably incurred by an eligible party in respect of that proceeding, provided the corporation first receives from the eligible party a written undertaking that, if it is ultimately determined that the payment of expenses is prohibited, the eligible party will repay the amounts advanced.

A corporation must not indemnify an eligible party or pay the expenses of an eligible party if any of the following circumstances apply:

- if the indemnity or payment is made under an earlier agreement to indemnify or pay expenses and, at the time that the agreement to indemnify or pay expenses was made, the corporation was prohibited from giving the indemnity or paying the expenses by its memorandum or articles;
- if the indemnity or payment is made otherwise than under an earlier agreement to indemnify or pay expenses and, at the time that the indemnity or payment is made, the corporation is prohibited from giving the indemnity or paying the expenses by its memorandum or articles;
- if, in relation to the subject matter of the eligible proceeding, the eligible party did not act honestly and in good faith with a view to the best interests of the corporation or the associated corporation, as the case may be;
- in the case of an eligible proceeding other than a civil proceeding, if the eligible party did not have reasonable grounds for believing that the eligible party's conduct in respect of which the proceeding was brought was lawful.

If an eligible proceeding is brought against an eligible party by or on behalf of the corporation or by or on behalf of an associated corporation, the corporation must not (a) indemnify the eligible party in respect of the proceeding or (b) pay the expenses of the eligible party in respect of the proceeding.

A corporation may purchase and maintain insurance for the benefit of an eligible party or the heirs and personal or other legal representatives of the eligible party against any liability that may be incurred by reason of the eligible party being or having been a director or officer of, or holding or having held a position equivalent to that of a director or officer of, the corporation or an associated corporation.

Articles

Our articles provide that our directors must cause our company to indemnify our directors and former directors, and their respective heirs and personal or other legal representatives to the greatest extent permitted by Division 5 of Part 5 of the Business Corporations Act (British Columbia) and each director is deemed to have contracted with our company on this term.

Insurance Policy

We currently maintain a Public Corporation and Executive Liability Insurance Policy which is effective until June 4, 2020. The policy covers claims against our company and against any people who were, now are, or will be directors

or officers of our company for claims against them, either jointly or severally, in their capacity as directors or officers of our company.

Recent Sales of Unregistered Securities

On July 19, 2019 we issued 250,000 common shares of our company. 125,000 of these common shares were issued pursuant to the conversion of CAD\$50,000 of convertible debentures issued October 16, 2017 at a conversion price of CAD\$0.40 per share, and 125,000 of these common shares were issued pursuant to the exercise of 125,000 warrants at CAD\$0.40 per share. We issued these securities to two non-U.S. person (as that term is defined in Regulation S of the Securities Act of 1933) in an offshore transaction in which we relied on the exemptions from the registration requirements provided for in Regulation S and/or Section 4(a)(2) of the Securities Act of 1933.

On May 6 and 8, 2019, we completed private placements of an aggregate of 13,114,754 units of our securities at a price of \$0.305 per unit for aggregate gross proceeds of \$3,999,999.97. Each unit consisted of one common share of our company and one-half of one share purchase warrant, with each whole share purchase warrant entitling the holder to acquire one additional common share of our company at a price of \$0.3811 per share for a period of four years.

At any time after the date which is one year after the issuance of share purchase warrants, if, for at least 10 consecutive trading days, our common shares have a closing price greater than CDN\$1.20 per share, we may issue an acceleration notice to a holder of the share purchase warrants to accelerate the expiration date of such share purchase warrants. The share purchase warrants will terminate on the date that is 30 days from the date of the acceleration notice in the event that the holder has not exercised the share purchase warrants in accordance with the terms of the acceleration notice by such date.

Of the 13,114,754 units we issued: (i) 11,543,361 units were issued pursuant to the exemption from registration under the Securities Act of 1933 provided by Section 4(a)(2) and/or Rule 506 of Regulation D promulgated under the Securities Act of 1933 to 42 investors who were "accredited investors" within the respective meanings ascribed to that term in Regulation D promulgated under the Securities Act of 1933; and (ii) 1,571,393 units were issued to four non-U.S. persons (as that term is defined in Regulation S of the Securities Act of 1933) in offshore transactions relying on Regulation S and/or Section 4(a)(2) of the Securities Act of 1933.

Think Equity, a division of Fordham Financial Management, Inc., acted as placement agent for these private placements and we paid placement agent's fees of \$280,000 in connection with the closing of these private placements.

In connection with these private placements, we entered into a registration rights agreement with each subscriber who purchased these units, pursuant to which we agreed to prepare and file a registration statement with respect to (i) the common shares of our company comprising these units and (ii) the common shares of our company issuable upon exercise of the share purchase warrants comprising these units with the Securities and Exchange Commission on or before the 100th calendar day following the date of the registration rights agreement. We also agreed to use our best efforts to cause the registration statement to be declared effective as promptly as possible after the filing, but in any event no later than the 120th calendar day (the 180th calendar day in the event of a "full review" by the Securities and Exchange Commission) following the earlier of (i) the date that we file our audited financial statements for the year ended March 31, 2019 on SEDAR and (ii) the date that we file the registration statement. In addition, we agreed to use our best efforts to keep the registration statement continuously effective until the earlier of (i) the date that all the common shares covered by the registration statement have been sold or (ii) the date that is one year and 30 days after we issue an acceleration notice as defined in the form of the share purchase warrant or (iii) the date that all common shares covered by the registration statement may be sold without the volume or manner of sale restrictions pursuant to Rule 144 promulgated under the Securities Act of 1933 and without the requirement for our company to be in compliance with the current public information requirement under Rule 144 promulgated under the Securities Act of 1933 or (iv) the date that we request a security holding confirmation and have not received an affirmative response from at least one holder or (v) the date that is four years from the date of the registration rights agreement. If we do not satisfy certain timing requirements set forth in the registration rights

agreement, we agreed to pay to each subscriber an amount in cash, as partial liquidated damages and not as a penalty, equal to the product of 1.0% multiplied by the aggregate subscription amount paid by such subscriber in the private placements (subject to an interest of 10% per annum in the case of the late payment).

On February 12, 2019, we granted an aggregate of 650,000 incentive stock options including 50,000 incentive stock options to employees and 100,000 incentive stock options to directors and officers of our company. The stock options are exercisable for a period of five years at a price of CDN \$0.50. For the employees, the stock options vest as to 25% four months after the grant date, 25% one year after the grant date, 25% two years after the grant date, and 25% three years after the grant date. For the directors and officers, the stock options vest as to 25% four months after the grant date, 25% six months after the grant date, 25% nine months after the grant date, and 25% one year after the grant date. We granted 10,000 of the stock options to one U.S. person (as that term is defined in Regulation S of the Securities Act of 1933) and in issuing securities we relied on the registration exemption provided for in Section 4(a)(2) of the Securities Act of 1933. We granted 640,000 stock options to seven non-U.S. persons and in issuing securities we relied on the registration exemption provided for in Regulation S and/or Section 4(a)(2) of the Securities Act of 1933.

On November 30, 2018, we granted 350,000 incentive stock options to the current Chief Financial Officer of our company. The stock options are exercisable for a period of five years at a price of \$0.43 per share and vest as to 25% four months after the grant date, 25% one year after the grant date, and 50% two years after the grant date. We granted the stock options to one non-U.S. person and in issuing securities we relied on the registration exemption provided for in Regulation S and/or Section 4(a)(2) of the Securities Act of 1933.

On May 24, 2018, we entered into a credit facility with BMO Bank of Montreal. BMO Bank of Montreal provided us with a revolving operating demand loan for US \$2,000,000, which bears interest at the US bank rate plus 1.5% and is secured by assets of our company. Two directors of our company, David Richardson and Fraser Atkinson, agreed to provide joint and several personal guarantees each in the amount of CDN \$2,525,000 in support of the revolving operating demand loan. In consideration for providing the personal guarantees, we issued an aggregate of 4,400,000 non-transferrable common share purchase warrants to David Richardson and Fraser Atkinson. Each warrant is exercisable into one common share of our company for a period of three years at an exercise price of CDN\$0.65 per share. We issued these securities to two non-U.S. person (as that term is defined in Regulation S of the Securities Act of 1933) in an offshore transaction in which we relied on the exemptions from the registration requirements provided for in Regulation S and/or Section 4(a)(2) of the Securities Act of 1933. In consideration for additional personal guarantees provided by David Richardson and Fraser Atkinson when the revolving operating demand loan was increased from \$2,000,000 to \$5,000,000 in December 2018, we issued an aggregate of 4,800,000 non-transferrable common share purchase warrants on March 14, 2019 to David Richardson and Fraser Atkinson. Each warrant is exercisable into one common share of our company for a period of three years at an exercise price of CDN\$0.60 per share. We issued these securities to two non-U.S. person (as that term is defined in Regulation S of the Securities Act of 1933) in an offshore transaction in which we relied on the exemptions from the registration requirements provided for in Regulation S and/or Section 4(a)(2) of the Securities Act of 1933.

On May 4, 2018, we granted an aggregate of 630,000 incentive stock options including 100,000 incentive stock options to each director of our company and 130,000 incentive stock options to employees. These stock options are exercisable for a period of five years at a price of \$0.50 per share. For the employees, the stock options vest as to 25% four months after the grant date, 25% one year after the grant date, 25% two years after the grant date, and 25% three years after the grant date. For the directors and officers, the stock options vest as to 25% four months after the grant date, 25% six months after the grant date, 25% nine months after the grant date, and 25% one year after the grant date. We granted 130,000 stock options to four U.S. persons (as that term is defined in Regulation S of the Securities Act of 1933) and in issuing securities we relied on the registration exemption provided for in Section 4(a)(2) of the Securities Act of 1933. We granted 500,000 stock options to five non-U.S. persons and in issuing securities we relied on the registration exemption provided for in Regulation S and/or Section 4(a)(2) of the Securities Act of 1933.

On December 18, 2017, we granted 260,000 incentive stock options including 100,000 incentive stock options to Brendan Riley, the President of our company and 160,000 incentive stock options to a consultant and employees. The stock options are exercisable for a period of five years at a price of \$0.45 per share and vest as to 25% four months after the grant date, 25% one year after the grant date, 25% two years after the grant date, and 25% three years after the grant date. We granted 110,000 stock options to two U.S. persons (as that term is defined in Regulation S of the Securities Act of 1933) and in issuing securities we relied on the registration exemption provided for in Section 4(a)(2) of the Securities Act of 1933. We granted 150,000 stock options to three non-U.S. persons and in issuing securities we relied on the registration exemption provided for in Regulation S and/or Section 4(a)(2) of the Securities Act of 1933.

On October 13, 2017, we closed the second and final tranche of a private placement of convertible debentures for gross proceeds of CDN\$2,220,000. The debentures mature four years after issuance, and the principal amount of the debentures, together with accrued and any unpaid interest, will be payable on this date. The debentures bear interest at the greater of 8% per annum or the BMO Bank of Montreal prime rate of lending plus 2.5% per annum, which is payable monthly. The principal amount of the debentures is convertible into common shares of our company at a price of CDN\$0.40 per share at any time until the maturity date. Alongside the debentures, we issued 5,550,000 non-transferrable common share purchase warrants, with each warrant exercisable into one share for a period of four years at an exercise price of CDN \$0.50 per share. We issued CDN\$625,000 of these securities to one U.S. person (as that term is defined in Regulation S of the Securities Act of 1933) relying on Rule 506 of Regulation D and/or Section 4(a)(2) of the Securities Act of 1933. We issued CDN\$1,595,000 of these securities to 16 non-U.S. persons (as that term is defined in Regulation S of the Securities Act of 1933) in an offshore transaction in which we relied on the exemptions from the registration requirements provided for in Regulation S and/or Section 4(a)(2) of the Securities Act of 1933.

On September 26, 2017, we closed the first tranche of a private placement of convertible debentures for gross proceeds of CDN\$1,476,000. The debentures mature four years after issuance, and the principal amount of the debentures, together with accrued and any unpaid interest, will be payable on this date. The debentures bear interest at the greater of 8% per annum or the BMO Bank of Montreal prime rate of lending plus 2.5% per annum, which is payable monthly. The principal amount of the debentures is convertible into common shares of the company at a price of CDN\$0.40 per share at any time until the maturity date. Alongside the debentures, issued 3,690,000 non-transferrable common share purchase warrants, with each warrant exercisable into one share for a period of four years at an exercise price of CDN \$0.50 per share. We issued these securities to seven non-U.S. persons (as that term is defined in Regulation S of the Securities Act of 1933) in an offshore transaction in which we relied on the exemptions from the registration requirements provided for in Regulation S and/or Section 4(a)(2) of the Securities Act of 1933.

On May 31, 2017, we closed a second and final tranche of a private placement of convertible debentures for gross proceeds of CDN\$250,000. The debentures mature four years after issuance, and the principal amount of the debentures, together with accrued and any unpaid interest, will be payable on this date. The debentures bear interest at the greater of 8% per annum or the BMO Bank of Montreal prime rate of lending plus 2.5% per annum, which is payable monthly. The principal amount of the debentures is convertible into common shares of the company at a price of CDN\$0.65 per share at any time until the maturity date. Alongside the debentures, issued 384,500 non-transferrable common share purchase warrants, with each warrant exercisable into one share for a period of four years at an exercise price of CDN \$0.75 per share. We issued these securities to five non-U.S. persons (as that term is defined in Regulation S of the Securities Act of 1933) in an offshore transaction in which we relied on the exemptions from the registration requirements provided for in Regulation S and/or Section 4(a)(2) of the Securities Act of 1933.

On May 26, 2017, we granted 1,337,500 incentive stock options to certain directors, officers, employees and consultants of our company. The 1,037,500 stock options granted to directors and officers are exercisable for a period of five years at a price of \$0.75 per share. The 100,000 stock options granted to the consultant are exercisable for a period of three years at a price of \$0.60 per share. The 200,000 stock options granted to an employee are exercisable for a period of five years at a price of \$0.60 per share and vest as to 25% four months after the grant date, 25% one year after the grant date, 25% two years after the grant date, and 25% three years after the grant date.

On May 19, 2017, we closed the first tranche of a private placement of convertible debentures for gross proceeds of CDN \$1,650,000. The debentures mature four years after issuance, and the principal amount of the debentures, together with accrued and any unpaid interest, will be payable on this date. The debentures bear interest at the greater of 8% per annum or the BMO Bank of Montreal prime rate of lending plus 2.5% per annum, which is payable monthly. The principal amount of the debentures is convertible into common shares of the company at a price of \$0.65 per share at any time until the maturity date. Alongside the debentures, issued 2,922,200 non-transferrable common share purchase warrants, with each warrant exercisable into one share for a period of four years at an exercise price of CDN \$0.75 per share. We issued these securities to seven non-U.S. persons (as that term is defined in Regulation S of the Securities Act of 1933) in an offshore transaction in which we relied on the exemptions from the registration requirements provided for in Regulation S and/or Section 4(a)(2) of the Securities Act of 1933.

On February 2, 2017, we granted 715,000 incentive stock options to certain directors, officers, employees and consultants of our company which stock options are exercisable for a period of five years at a price of \$0.75 per share. The 548,000 stock options granted to the directors and officers vest as to 25% four months after the grant date, 25% six months after the grant date, 25% nine months after the grant date, and 25% one year after the grant date. The 167,000 stock options granted to the employees and consultants vest as to 25% four months after the grant date, 25% one year after the grant date, 25% two years after the grant date, and 25% three years after the grant date. We granted 35,000 stock options to two U.S. persons (as that term is defined in Regulation S of the Securities Act of 1933) and in issuing securities we relied on the registration exemption provided for in Section 4(a)(2) of the Securities Act of 1933. We granted 680,000 stock options to eight non-U.S. persons and in issuing securities we relied on the registration exemption provided for in Regulation S and/or Section 4(a)(2) of the Securities Act of 1933.

On October 27, 2016, we granted 500,000 incentive stock options to the President of our company. The stock options are exercisable for a period of five years at a price of \$0.62 per share and vest as to 25% four months after the grant date, 25% one year after the grant date, 25% two years after the grant date, and 25% three years after the grant date. We granted the stock options to one U.S. person (as that term is defined in Regulation S of the Securities Act of 1933) and in issuing securities we relied on the registration exemption provided for in Section 4(a)(2) of the Securities Act of 1933.

On October 17, 2016, we closed a private placement in which we sold 684,541 units at a price of CDN\$0.75 per unit for gross proceeds of CDN\$513,406. Each unit consisted of one common share in the capital of our company and one-half of one common share purchase warrant, with each whole warrant entitling the holder to acquire one additional common share of our company at a price of CDN\$1.10 per share in the first year after issuance and CDN\$1.50 per share in the second year after issuance. We issued these securities to twenty-two non-U.S. persons (as that term is defined in Regulation S of the Securities Act of 1933) in an offshore transaction in which we relied on the exemptions from the registration requirements provided for in Regulation S and/or Section 4(a)(2) of the Securities Act of 1933.

On August 22, 2016, we granted 100,000 incentive stock options to an employee of our company which stock options are exercisable for a period of five years at a price of \$0.82 per share. The stock options vest as to 25% four months after the grant date, 25% six months after the grant date, 25% one year after the grant date, 25% two years after the grant date, and 25% three years after the grant date. We granted the stock options to one U.S. person (as that term is defined in Regulation S of the Securities Act of 1933) and in issuing securities we relied on the registration exemption provided for in Section 4(a)(2) of the Securities Act of 1933.

Undertakings

The undersigned registrant hereby undertakes:

1. To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

i. To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

ii. To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

iii. To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

2. That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof;

3. To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering;

4. To file a post-effective amendment to the registration statement to include any financial statements required by Item 8.A of Form 20-F at the start of any delayed offering or throughout a continuous offering. Financial statements and information otherwise required by Section 10(a)(3) of the Securities Act of 1933 need not be furnished, provided that the registrant includes in the prospectus, by means of a post-effective amendment, financial statements required pursuant to this paragraph (4) and other information necessary to ensure that all other information in the prospectus is at least as current as the date of those financial statements. Notwithstanding the foregoing, with respect to registration statements on Form F-3, a post-effective amendment need not be filed to include financial statements and information required by Section 10(a)(3) of the Securities Act of 1933 or Item 8.A of Form 20-F if such financial statements and information are contained in periodic reports filed with or furnished to the Securities and Exchange Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the Form F-3; and

5. That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

104

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

105

Signatures

Pursuant to the requirements of the Securities Act of 1933, the registrant certifies that it has reasonable grounds to believe that it meets all of the requirements for filing on Form F-1 and has duly caused this registration statement to be signed on its behalf by the undersigned, thereunto duly authorized in the City of Vancouver, Province of British Columbia, Canada, on ~~August~~September ♦, 2019.

BUSINESS CORPORATIONS ACT

ARTICLES

OF

GREENPOWER MOTOR COMPANY INC.
(the "Company")

PART 1- INTERPRETATION

1.1 Definitions

Without limiting Article 1.2, in these Articles, unless the context requires otherwise:

"adjourned meeting" means the meeting to which a meeting is adjourned under Article 8.7 or 8.11;

"board" and **"directors"** mean the directors or sole director of the Company for the time being;

"Business Corporations Act" means the *Business Corporations Act*, S.B.C. 2002, c.57, and includes its regulations;

"Interpretation Act" means the *Interpretation Act*, R.S.B.C. 1996, c. 238;

"trustee", in relation to a shareholder, means the personal or other legal representative of the shareholder, and includes a trustee in bankruptcy of the shareholder.

1.2 Business Corporations Act definitions apply

The definitions in the *Business Corporations Act* apply to these Articles.

1.3 Interpretation Act applies

The *Interpretation Act* applies to the interpretation of these Articles as if these Articles were an enactment.

1.4 Conflict in definitions

If there is a conflict between a definition in the *Business Corporations Act* and a definition or rule in the *Interpretation Act* relating to a term used in these Articles, the definition in the *Business Corporations Act* will prevail in relation to the use of the term in these Articles.

1.5 Conflict between Articles and legislation

If there is a conflict between these Articles and the *Business Corporations Act*, the *Business Corporations Act* will prevail.

- 2 -

PART 2 - SHARES AND SHARE CERTIFICATES

2.1 Form of share certificate

Each share certificate issued by the Company must comply with, and be signed as required by, the *Business Corporations Act*.

2.2 Shareholder Entitled to Certificate or Acknowledgement

Each shareholder is entitled, without charge, to (a) one share certificate representing the shares of each class or series of shares registered in the shareholder's name or (b) a non-transferable written acknowledgement of the shareholder's right to obtain such a share certificate, provided that in respect of a share held jointly by several persons, the Company is not bound to issue more than one share certificate and delivery of a share certificate for a share to one of several joint shareholders or to one of the shareholders' duly authorized agents will be sufficient delivery to all.

2.3 Sending of share certificate

Any share certificate to which a shareholder is entitled may be sent to the shareholder by mail and neither the Company nor any agent is liable for any loss to the shareholder because the certificate sent is lost in the mail or stolen.

2.4 Replacement of worn out or defaced certificate

If the directors are satisfied that a share certificate is worn out or defaced, they must, on production to them of the certificate and on such other terms, if any, as they think fit,

- (a) order the certificate to be cancelled, and
- (b) issue a replacement share certificate.

2.5 Replacement of lost, stolen or destroyed certificate

If a share certificate is lost, stolen or destroyed, a replacement share certificate must be issued to the person entitled to that certificate if the directors receive

- (a) proof satisfactory to them that the certificate is lost, stolen or destroyed, and
- (b) any indemnity the directors consider adequate.

2.6 Splitting share certificates

If a shareholder surrenders a share certificate to the Company with a written request that the Company issue in the shareholder's name 2 or more certificates, each representing a specified number of shares and in the aggregate representing the same number of shares as the certificate, so surrendered, the Company must cancel the surrendered certificate and issue replacement share certificates in accordance with that request.

PART 3 - ISSUE OF SHARES

3.1 Directors authorized to issue shares

The directors may, subject to the rights of the holders of the issued shares of the Company, issue, allot, sell, grant options on or otherwise dispose of the unissued shares, and issued shares held by the Company, at the times, to the persons, including directors, in the manner, on the terms and conditions and for the issue prices that the directors, in their absolute discretion, may determine.

3.2 Company need not recognize unregistered interests

Except as required by law or these Articles, the Company need not recognize or provide for any person's interests in or rights to a share unless that person is the shareholder of the share.

- 3 -

PART 4 - SHARE TRANSFERS

4.1 Recording or registering transfer

A transfer of a share of the Company must not be registered

- (a) unless a duly signed instrument of transfer in respect of the share has been received by the Company and the certificate representing the share to be transferred has been surrendered and cancelled, or
- (b) if no certificate has been issued by the Company in respect of the share, unless a duly signed instrument of transfer in respect of the share has been received by the Company.

4.2 Form of instrument of transfer

The instrument of transfer in respect of any share of the Company must be either in the form, if any, on the back of the Company's share certificates or in any other form that may be approved by the directors from time to time.

4.3 Signing of instrument of transfer

If a shareholder, or his or her duly authorized attorney, signs an instrument of transfer in respect of shares registered in the name of the shareholder, the signed instrument of transfer constitutes a complete and sufficient authority to the Company and its directors, officers and agents to register the number of shares specified in the instrument of transfer, or, if no number is specified, all the shares represented by share certificates deposited with the instrument of transfer,

- (a) in the name of the person named as transferee in that instrument of transfer, or

-
- (b) if no person is named as transferee in that instrument of transfer, in the name of the person on whose behalf the share certificate is deposited for the purpose of having the transfer registered.

4.4 Enquiry as to title not required

Neither the Company nor any director, officer or agent of the Company is bound to inquire into the title of the person named in the instrument of transfer as transferee or, if no person is named as transferee in the instrument of transfer, of the person on whose behalf the instrument is deposited for the purpose of having the transfer registered or is liable for any claim related to registering the transfer by the shareholder or by any intermediate owner or holder of the shares, of any interest in the shares, of any share certificate representing such shares or of any written acknowledgment of a right to obtain a share certificate for such shares.

4.5 Transfer fee

There must be paid to the Company, in relation to the registration of any transfer, the amount determined by the directors.

PART 5 - ACQUISITION OF SHARES

5.1 Company authorized to purchase shares

Subject to the special rights and restrictions attached to any class or series of shares, the Company may, if it is authorized to do so by the directors, purchase or otherwise acquire any of its shares.

5.2 Company authorized to accept surrender of shares

The Company may, if it is authorized to do so by the directors, accept a surrender of any of its shares by way of gift or for cancellation.

5.3 Company authorized to convert fractional shares into whole shares

The Company may, if it is authorized to do so by the directors, convert any of its fractional shares into whole shares in accordance with, and subject to the limitations contained in, the *Business Corporations Act*.

- 4 -

PART 6 - BORROWING POWERS

6.1 Powers of directors

The directors may from time to time on behalf of the Company

- (a) borrow money in the manner and amount, on the security, from the sources and on the terms and conditions that they consider appropriate,
- (b) issue bonds, debentures and other debt obligations either outright or as security for any liability or obligation of the Company or any other person, and at any discount or premium and on such other terms as they consider appropriate,

(c) guarantee the repayment of money by any other person or the performance of any obligation of any other person, and

(d) mortgage or charge, whether by way of specific or floating charge, or give other security on the whole or any part of the present and future assets and undertaking of the Company.

PART 7 - GENERAL MEETINGS

7.1 Annual general meetings

Unless an annual general meeting is deferred or waived in accordance with section 182(2)(a) or (c) of the *Business Corporations Act*, the Company must hold its first annual general meeting within 18 months after the date on which it was incorporated or otherwise recognized, and after that must hold an annual general meeting at least once in each calendar year and not more than 15 months after the last annual general meeting.

7.2 When annual general meeting is deemed to have been held

If all of the shareholders who are entitled to vote at an annual general meeting consent by a unanimous resolution under the *Business Corporations Act* to all of the business that is required to be transacted at that annual general meeting, the annual general meeting is deemed to have been held on the date of the unanimous resolution. The shareholders must, in any unanimous resolution passed under this Article 7.2, select as the Company's annual reference date a date that would be appropriate for the holding of the applicable annual general meeting.

7.3 Calling of shareholder meetings

The directors may, whenever they think fit, call a meeting of shareholders.

7.4 Notice for meetings of shareholders

The Company must send notice of the date, time and location of any meeting of shareholders, in the manner provided in these Articles, or in such other manner, if any, as may be prescribed by ordinary resolution (whether previous notice of the resolution has been given or not), to each shareholder entitled to attend the meeting, to each director and to the auditor of the Company, unless these Articles otherwise provide, at least the following number of days before the meeting:

(a) if and for so long as the Company is a public company, 21 days;

(b) otherwise, 10 days.

7.5 Record date for notice

The directors may set a date as the record date for the purpose of determining shareholders entitled to notice of any meeting of shareholders. The record date must not precede the date on which the meeting is to be held by more than two months or, in the case of a general meeting requisitioned by shareholders under the *Business Corporations Act*, by more than four months. The record date must not precede the date on which the meeting is held by fewer than:

(a) if and for so long as the Company is a public company, 21 days;

(b) otherwise, 10 days.

If no record date is set, the record date is 5 p.m. on the day immediately preceding the first date on which the notice is sent or, if no notice is sent, the beginning of the meeting.

7.6 Record date for voting

The directors may set a date as the record date for the purpose of determining shareholders entitled to vote at any meeting of shareholders. The record date must not precede the date on which the meeting is to be held by more than two months or, in the case of a general meeting requisitioned by shareholders under the *Business Corporations Act*, by more than four months. If no record date is set, the record date is 5 p.m. on the day immediately preceding the first date on which the notice is sent or, if no notice is sent, the beginning of the meeting.

7.7 Failure to give notice and waiver of notice

The accidental omission to send notice of any meeting to, or the non-receipt of any notice by, any of the persons entitled to notice does not invalidate any proceedings at that meeting. Any person entitled to notice of a meeting of shareholders may, in writing or otherwise, waive or reduce the period of notice of such meeting.

7.8 Notice of special business at meetings of shareholders

If a meeting of shareholders is to consider special business within the meaning of Article 8.1, the notice of meeting must:

- (a) state the general nature of the special business; and
- (b) if the special business includes considering, approving, ratifying, adopting or authorizing any document or the signing of or giving of effect to any document, have attached to it a copy of the document or state that a copy of the document will be available for inspection by shareholders:
 - (i) at the Company's records office, or at such other reasonably accessible location in British Columbia as is specified in the notice; and
 - (ii) during statutory business hours on any one or more specified days before the day set for the holding of the meeting.

PART 8 - PROCEEDINGS AT MEETINGS OF SHAREHOLDERS

8.1 Special business

At a meeting of shareholders, the following business is special business:

- (a) at a meeting of shareholders that is not an annual general meeting, all business is special business except business relating to the conduct of or voting at the meeting;
- (b) at an annual general meeting, all business is special business except for the following:
 - (i) business relating to the conduct of or voting at the meeting;

-
- (ii) consideration of any financial statements of the Company presented to the meeting;
 - (iii) consideration of any reports of the directors or auditor;
 - (iv) the setting or changing of the number of directors;
 - (v) the election or appointment of directors;
 - (vi) the appointment of an auditor;
-

- 6 -

- (vii) the setting of the remuneration of an auditor;
- (viii) business arising out of a report of the directors not requiring the passing of a special resolution or an exceptional resolution;
- (ix) any other business which, under these Articles or the *Business Corporations Act*, may be transacted at a meeting of shareholders without prior notice of the business being given to the shareholders.

8.2 Special majority

The majority of votes required for the Company to pass a special resolution at a meeting of shareholders is two-thirds of the votes cast on the resolution.

8.3 Quorum

Subject to the special rights and restrictions attached to the shares of any class or series of shares, the quorum for the transaction of business at a meeting of shareholders is 2 persons who are, or who represent by proxy, shareholders who, in the aggregate, hold at least 1/20 of the issued shares entitled to be voted at the meeting.

8.4 One shareholder may constitute quorum

If there is only one shareholder entitled to vote at a meeting of shareholders,

- (a) the quorum is one person who is, or who represents by proxy, that shareholder, and
- (b) that shareholder, present in person or by proxy, may constitute the meeting.

8.5 Other persons may attend

The directors, the president, if any, the secretary, if any, and any lawyer or auditor for the Company are entitled to attend any meeting of shareholders, but if any of those persons do attend a meeting of shareholders, that person is not to be counted in the quorum, and is not entitled to vote at the meeting, unless that person is a shareholder or proxy holder entitled to vote at the meeting.

8.6 Requirement of quorum

No business, other than the election of a chair of the meeting and the adjournment of the meeting, may be transacted at any meeting of shareholders unless a quorum of shareholders entitled to vote at the meeting is present at the commencement of the meeting.

8.7 Lack of quorum

If, within 1/2 hour from the time set for the holding of a meeting of shareholders, a quorum is not present,

(a) in the case of a general meeting convened by requisition of shareholders, the meeting is dissolved, and

(b) in the case of any other meeting of shareholders, the meeting stands adjourned to the same day in the next week at the same time and place.

8.8 Lack of quorum at succeeding meeting

If, at the meeting to which the first meeting referred to in Article 8.7 was adjourned, a quorum is not present within 1/2 hour from the time set for the holding of the meeting, the persons present and who are, or who represent by proxy, shareholders entitled to attend and vote at the meeting constitute a quorum.

8.9 Chair

The following individual is entitled to preside as chair at a meeting of shareholders:

(a) the chair of the board, if any;

- 7 -

(b) if the chair of the board is absent or unwilling to act as chair of the meeting, the president, if any.

8.10 Alternate chair

At any meeting of shareholders, the directors present must choose one of their number to be chair of the meeting if: (a) there is no chair of the board or president present within 15 minutes after the time set for holding the meeting; (b) the chair of the board and the president are unwilling to act as chair of the meeting; or (c) if the chair of the board and the president have advised the secretary, if any, or any director present at the meeting, that they will not be present at the meeting. If, in any of the foregoing circumstances, all of the directors present decline to accept the position of chair or fail to choose one of their number to be chair of the meeting, or if no director is present, the shareholders present in person or by proxy must choose any person present at the meeting to chair the meeting.

8.11 Adjournments

The chair of a meeting of shareholders may, and if so directed by the meeting must, adjourn the meeting from time to time and from place to place, but no business may be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.

8.12 Notice of adjourned meeting

It is not necessary to give any notice of an adjourned meeting or of the business to be transacted at an adjourned meeting of shareholders except that, when a meeting is adjourned for 30 days or more, notice of the adjourned meeting must be given as in the case of the original meeting.

8.13 Motion need not be seconded

No motion proposed at a meeting of shareholders need be seconded unless the chair of the meeting rules otherwise, and the chair of any meeting of shareholders is entitled to propose or second a motion.

8.14 Manner of taking a poll

Subject to Article 8.15, if a poll is duly demanded at a meeting of shareholders,

- (a) the poll must be taken
 - (i) at the meeting, or within 7 days after the date of the meeting, as the chair of the meeting directs, and
 - (ii) in the manner, at the time and at the place that the chair of the meeting directs,
- (b) the result of the poll is deemed to be a resolution of, and passed at, the meeting at which the poll is demanded, and
- (c) the demand for the poll may be withdrawn.

8.15 Demand for a poll on adjournment

A poll demanded at a meeting of shareholders on a question of adjournment must be taken immediately at the meeting.

8.16 Demand for a poll not to prevent continuation of meeting

The demand for a poll at a meeting of shareholders does not, unless the chair of the meeting so rules, prevent the continuation of a meeting for the transaction of any business other than the question on which a poll has been demanded.

8.17 Poll not available in respect of election of chair

No poll may be demanded in respect of the vote by which a chair of a meeting of shareholders is elected.

- 8 -

8.18 Casting of votes on poll

On a poll, a shareholder entitled to more than one vote need not cast all the votes in the same way.

8.19 Chair must resolve dispute

In the case of any dispute as to the admission or rejection of a vote given on a poll, the chair of the meeting must determine the same, and his or her determination made in good faith is final and conclusive.

8.20 Chair has no second vote

In case of an equality of votes, the chair of a meeting of shareholders does not, either on a show of hands or on a poll, have a casting or second vote in addition to the vote or votes to which the chair may be entitled as a shareholder.

8.21 Declaration of result

The chair of a meeting of shareholders must declare to the meeting the decision on every question in accordance with the result of the show of hands or the poll, as the case may be, and that decision must be entered in the minutes of the meeting.

8.22 Meetings by telephone or other communications medium

A shareholder or proxy holder who is entitled to participate in a meeting of shareholders may do so in person, or by telephone or other communications medium, if all shareholders and proxy holders participating in the meeting are able to communicate with each other; provided, however, that nothing in this Section shall obligate the Company to take any action or provide any facility to permit or facilitate the use of any communications medium at a meeting of shareholders. If one or more shareholders or proxy holders participate in a meeting of shareholders in a manner contemplated by this Section,

- (a) each such shareholder or proxy holder shall be deemed to be present at the meeting, and
- (b) the meeting shall be deemed to be held at the location specified in the notice of the meeting.

PART 9 - ALTERATIONS

9.1 Alteration of Authorized Share Structure

Subject to Article 9.2 and the *Business Corporations Act*, the Company may by resolution of the directors:

- (a) create one or more classes or series of shares or, if none of the shares of a class or series of shares are allotted or issued, eliminate that class or series of shares;
- (b) increase, reduce or eliminate the maximum number of shares that the Company is authorized to issue out of any class or series of shares or establish a maximum number of shares that the Company is authorized to issue out of any class or series of shares for which no maximum is established;
- (c) if the Company is authorized to issue shares of a class of shares with par value:
 - (i) decrease the par value of those shares; or
 - (ii) if none of the shares of that class of shares are allotted or issued, increase the par value of those shares;
- (d) subdivide all or any of its unissued or fully paid issued shares by way of a stock dividend;
- (e) change all or any of its unissued, or fully paid issued, shares with a par value into shares without par value or any of its unissued shares without par value into shares with par value;

-
- (f) alter the identifying name of any of its shares;
 - (g) consolidate all or any of its unissued, or fully paid issued, shares;
-

- 9 -

- (h) subdivide all or any of its unissued or fully paid issued shares, other than by way of a stock dividend; or
- (i) otherwise alter its shares or authorized share structure when required or permitted to do so by the *Business Corporations Act*.

9.2 Change of Name

The Company may by resolution of the directors authorize an alteration to its Notice of Articles in order to change its name or adopt or change any translation of that name.

9.3 Other Alterations

If the *Business Corporations Act* does not specify the type of resolution and these Articles do not specify another type of resolution, the Company may by ordinary resolution alter these Articles.

PART 10 - VOTES OF SHAREHOLDERS

10.1 Voting rights

Subject to any special rights or restrictions attached to any shares and to the restrictions imposed on joint registered holders of shares under Article 10.3,

- (a) on a vote by show of hands, every person present who is a shareholder or proxy holder and entitled to vote at the meeting has one vote, and
- (b) on a poll, every shareholder entitled to vote has one vote in respect of each share held by that shareholder that carries the right to vote on that poll and may exercise that vote either in person or by proxy.

10.2 Trustee of shareholder may vote

A person who is not a shareholder may vote on a resolution at a meeting of shareholders, whether on a show of hands or on a poll, and may appoint a proxy holder to act at the meeting in relation to that resolution, if, before doing so, the person satisfies the chair of the meeting at which the resolution is to be considered, or satisfies all of the directors present at the meeting, that the person is a trustee for a shareholder who is entitled to vote on the resolution.

10.3 Votes by joint shareholders

If there are joint shareholders registered in respect of any share,

- (a) any one of the joint shareholders, but not both or all, may vote at any meeting, either personally or by proxy, in respect of the share as if that joint shareholder were solely entitled to it, or

-
- (b) if more than one of the joint shareholders is present at any meeting, personally or by proxy, the joint shareholder present whose name stands first on the central securities register in respect of the share is alone entitled to vote in respect of that share.

10.4 Trustees as joint shareholders

Two or more trustees of a shareholder in whose sole name any share is registered are, for the purposes of Article 10.3, deemed to be joint shareholders.

10.5 Representative of a corporate shareholder

If a corporation that is not a subsidiary of the Company is a shareholder, that corporation may appoint a person to act as its representative at any meeting of shareholders of the Company, and,

- (a) for that purpose, the instrument appointing a representative must
-

- 10 -

- (i) be received at the registered office of the Company or at any other place specified, in the notice calling the meeting, for the receipt of proxies, at least 2 business days before the day set for the holding of the meeting, or
- (ii) be provided, at the meeting, to the chair of the meeting, and
- (b) if a representative is appointed under this Article 10.5,
- (i) the representative is entitled to exercise in respect of and at that meeting the same rights on behalf of the corporation that the representative represents as that corporation could exercise if it were a shareholder who is an individual, including, without limitation, the right to appoint a proxy holder, and
- (ii) the representative, if present at the meeting, is to be counted for the purpose of forming a quorum and is deemed to be a shareholder present in person at the meeting.

10.6 When proxy provisions do not apply

Articles 10.7 to 10.13 do not apply to the Company if and for so long as it is a public company.

10.7 Appointment of proxy holder

Every shareholder of the Company, including a corporation that is a shareholder but not a subsidiary of the Company, entitled to vote at a meeting of shareholders of the Company may, by proxy, appoint a proxy holder to attend and act at the meeting in the manner, to the extent and with the powers conferred by the proxy.

10.8 Alternate proxy holders

A shareholder may appoint one or more alternate proxy holders to act in the place of an absent proxy holder.

10.9 When proxy holder need not be shareholder

A person must not be appointed as a proxy holder unless the person is a shareholder, although a person who is not a shareholder may be appointed as a proxy holder if

- (a) the person appointing the proxy holder is a corporation or a representative of a corporation appointed under Article 10.5,
- (b) the Company has at the time of the meeting for which the proxy holder is to be appointed only one shareholder entitled to vote at the meeting, or
- (c) the shareholders present in person or by proxy at and entitled to vote at the meeting for which the proxy holder is to be appointed, by a resolution on which the proxy holder is not entitled to vote but in respect of which the proxy holder is to be counted in the quorum, permit the proxy holder to attend and vote at the meeting.

10.10 Form of proxy

A proxy, whether for a specified meeting or otherwise, must be either in the following form or in any other form approved by the directors or the chair of the meeting:

- 11 -

(Name of Company)

The undersigned, being a shareholder of the above named Company, hereby appoints or, failing that person,, as proxy holder for the undersigned to attend, act and vote for and on behalf of the undersigned at the meeting of shareholders to be held on the day of and at any adjournment of that meeting.

Signed this day of,

.....
Signature of shareholder

10.11 Provision of proxies

A proxy for a meeting of shareholders must

- (a) be received at the registered office of the Company or at any other place specified, in the notice calling the meeting, for the receipt of proxies, at least the number of business days specified in the notice, or if no number of days is specified, 2 business days, before the day set for the holding of the meeting, or
- (b) unless the notice provides otherwise, be provided at the meeting to the chair of the meeting.

10.12 Revocation of proxies

Subject to Article 10.13, every proxy may be revoked by an instrument in writing that is

-
- (a) received at the registered office of the Company at any time up to and including the last business day before the day set for the holding of the meeting at which the proxy is to be used, or
 - (b) provided at the meeting to the chair of the meeting.

10.13 Revocation of proxies must be signed

An instrument referred to in Article 10.12 must be signed as follows:

- (a) if the shareholder for whom the proxy holder is appointed is an individual, the instrument must be signed by the shareholder or his or her trustee;
- (b) if the shareholder for whom the proxy holder is appointed is a corporation, the instrument must be signed by the corporation or by a representative appointed for the corporation under Article 10.5.

10.14 Validity of proxy votes

A vote given in accordance with the terms of a proxy is valid despite the death or incapacity of the shareholder giving the proxy and despite the revocation of the proxy or the revocation of the authority under which the proxy is given, unless notice in writing of that death, incapacity or revocation is received

- (a) at the registered office of the Company, at any time up to and including the last business day before the day set for the holding of the meeting at which the proxy is to be used, or
- (b) by the chair of the meeting, before the vote is taken.

10.15 Production of evidence of authority to vote

The chair of any meeting of shareholders may, but need not, inquire into the authority of any person to vote at the meeting and may, but need not, demand from that person production of evidence as to the existence of the authority to vote.

PART 11 - DIRECTORS

11.1 First directors; number of directors

The first directors are the persons designated as directors of the Company in the Notice of Articles that applies to the Company when it is recognized under the *Business Corporations Act*. The number of directors, excluding additional directors appointed under Article 12.8, is set at:

- (a) subject to paragraphs (b) and (c), the number of directors that is equal to the number of the Company's first directors;
- (b) if the Company is a public company, the greater of three and the number most recently established:
 - (i) by ordinary resolution (whether or not previous notice of the resolution was given); and
 - (ii) under Article 12.4;

(c) if the Company is not a public company, the number most recently established:

- (i) by ordinary resolution (whether or not previous notice of the resolution was given); and
- (ii) under Article 12.4.

11.2 Change in number of directors

If the number of directors is set under Articles 11.1(b)(i) or 11.1(c)(i):

- (a) the shareholders may elect or appoint the directors needed to fill any vacancies in the board of directors up to that number;
- (b) if, contemporaneously with setting that number, the shareholders do not elect or appoint the directors needed to fill vacancies in the board of directors up to that number, then the directors may appoint, or the shareholders may elect or appoint, directors to fill those vacancies.

11.3 Directors' acts valid despite vacancy

An act or proceeding of the directors is not invalid merely because fewer directors have been appointed or elected than the number of directors set or otherwise required under these Articles.

11.4 Qualifications of directors

A director is not required to hold a share in the capital of the Company as qualification for his or her office but must be qualified as required by the *Business Corporations Act* to become, act or continue to act as a director.

11.5 Remuneration of directors

The directors are entitled to the remuneration, if any, for acting as directors as the directors may from time to time determine. If the directors so decide, the remuneration of the directors will be determined by the shareholders. That remuneration may be in addition to any salary or other remuneration paid to a director in such director's capacity as an officer or employee of the Company.

11.6 Reimbursement of expenses of directors

The Company must reimburse each director for the reasonable expenses that he or she may incur in and about the business of the Company.

11.7 Special remuneration for directors

If any director performs any professional or other services for the Company that in the opinion of the directors are outside the ordinary duties of a director, or if any director is otherwise specially occupied in or about the Company's business, he or she may be paid remuneration fixed by the directors, or, at the option of that director, fixed by ordinary resolution, and such remuneration may be either in addition to, or in substitution for, any other remuneration that he or she may be entitled to receive.

11.8 Gratuity, pension or allowance on retirement of director

Unless otherwise determined by ordinary resolution, the directors on behalf of the Company may pay a gratuity or pension or allowance on retirement to any director who has held any salaried office or place of profit with the Company or to his or her spouse or dependants and may make contributions to any fund and pay premiums for the purchase or provision of any such gratuity, pension or allowance.

PART 12 - ELECTION AND REMOVAL OF DIRECTORS

12.1 Election at annual general meeting

At every annual general meeting and in every unanimous resolution contemplated by Article 7.2:

- (a) the shareholders entitled to vote at the annual general meeting for the election of directors must elect, or in the unanimous resolution appoint, a board of directors consisting of the number of directors for the time being set under these Articles; and
- (b) all the directors cease to hold office immediately before the election or appointment of directors under paragraph (a), but are eligible for re-election or re-appointment.

12.2 Consent to be a director

No election, appointment or designation of an individual as a director is valid unless:

- (a) that individual consents to be a director in the manner provided for in the *Business Corporations Act*;
- (b) that individual is elected or appointed at a meeting at which the individual is present and the individual does not refuse, at the meeting, to be a director; or
- (c) with respect to first directors, the designation is otherwise valid under the *Business Corporations Act*.

12.3 Failure to elect or appoint directors

If:

- (a) the Company fails to hold an annual general meeting, and all the shareholders who are entitled to vote at an annual general meeting fail to pass the unanimous resolution contemplated by Article 7.2, on or before the date by which the annual general meeting is required to be held under the *Business Corporations Act*; or
- (b) the shareholders fail, at the annual general meeting or in the unanimous resolution contemplated by Article 7.2, to elect or appoint any directors;

then each director in office at such time continues to hold office until the earlier of:

- (c) the date on which his or her successor is elected or appointed; and
- (d) the date on which he or she otherwise ceases to hold office under the *Business Corporations Act* or these Articles.

12.4 Places of retiring directors not filled

If, at any meeting of shareholders at which there should be an election of directors, the places of any of the retiring directors are not filled by that election, those retiring directors who are not re-elected and who are asked by the newly elected directors to continue in office will, if willing to do so, continue in office to fill the vacancies in the number of directors set pursuant to these Articles until further new directors are elected at a meeting of shareholders convened for that purpose. If any such election or continuance of directors does not result in the election or continuance of the number of directors set pursuant to these Articles, the number of directors of the Company is deemed to be set at the number of directors actually elected or continued in office.

- 14 -

12.5 Directors may fill casual vacancies

Any casual vacancy occurring in the board of directors may be filled by the directors.

12.6 Remaining directors' power to act

The directors may act notwithstanding any vacancy in the board of directors, but if the Company has fewer directors in office than the number set pursuant to these Articles as the quorum of directors, the directors may only act for the purpose of appointing directors up to that number or for the purpose of summoning a meeting of shareholders to fill any vacancies on the board of directors or for any other purpose permitted by the *Business Corporations Act*.

12.7 Shareholders may fill vacancies

If the Company has no directors or fewer directors in office than the number set pursuant to these Articles as the quorum of directors, the shareholders may elect or appoint directors to fill any vacancies on the board of directors.

12.8 Additional directors

Notwithstanding Articles 11.1 and 11.2, between annual general meetings or unanimous resolutions contemplated by Article 7.2, the directors may appoint one or more additional directors, but the number of additional directors appointed under this Article 12.8 must not at any time exceed:

- (a) one-third of the number of first directors, if, at the time of the appointments, one or more of the first directors have not yet completed their first term of office; or
- (b) in any other case, one-third of the number of the current directors who were elected or appointed as directors other than under this Article 12.8.

Any director so appointed ceases to hold office immediately before the next election or appointment of directors under Article 12.1(a), but is eligible for re-election or re-appointment.

12.9 Ceasing to be a director

A director ceases to be a director when:

- (a) the term of office of the director expires;

(b) the director dies;

(c) the director resigns as a director by notice in writing provided to the Company or a lawyer for the Company; or

(d) the director is removed from office pursuant to Articles 12.10 or 12.11.

12.10 Removal of director by shareholders

The Shareholders may, by special resolution, remove any director before the expiration of his or her term of office, and may, by ordinary resolution, elect or appoint a director to fill the resulting vacancy. If the shareholders do not contemporaneously elect or appoint a director to fill the vacancy created by the removal of a director, then the directors may appoint, or the shareholders may elect or appoint by ordinary resolution, a director to fill that vacancy.

- 15 -

12.11 Removal of director by directors

The directors may remove any director before the expiration of his or her term of office if the director is convicted of an indictable offence, or if the director ceases to be qualified to act as a director of a company and does not promptly resign, and the directors may appoint a director to fill the resulting vacancy.

PART 13 - PROCEEDINGS OF DIRECTORS

13.1 Meetings of directors

The directors may meet together for the conduct of business, adjourn and otherwise regulate their meetings as they think fit, and meetings of the board held at regular intervals may be held at the place, at the time and on the notice, if any, that the board may by resolution from time to time determine.

13.2 Chair of meetings

Meetings of directors are to be chaired by

(a) the chair of the board, if any,

(b) in the absence of the chair of the board, the president, if any, if the president is a director, or

(c) any other director chosen by the directors if

(i) neither the chair of the board nor the president, if a director, is present at the meeting within 15 minutes after the time set for holding the meeting,

(ii) neither the chair of the board nor the president, if a director, is willing to chair the meeting, or

(iii) the chair of the board and the president, if a director, have advised the secretary, if any, or any other director, that they will not be present at the meeting.

13.3 Voting at meetings

Questions arising at any meeting of directors are to be decided by a majority of votes and, in the case of an equality of votes, the chair of the meeting does not have a second or casting vote.

13.4 Meetings by telephone or other communications medium

A director may participate in a meeting of the directors or of any committee of the directors in person, or by telephone or other communications medium, if all directors participating in the meeting are able to communicate with each other. A director may participate in a meeting of the directors or of any committee of the directors by a communications medium other than telephone if all directors participating in the meeting, whether in person or by telephone or other communications medium, are able to communicate with each other and if all directors who wish to participate in the meeting agree to such participation. A director who participates in a meeting in a manner contemplated by this Article 13.4 is deemed for all purposes of the *Business Corporations Act* and these Articles to be present at the meeting and to have agreed to participate in that manner.

13.5 Who may call extraordinary meetings

A director may call a meeting of the board at any time. The secretary, if any, must on request of a director, call a meeting of the board.

13.6 Notice of extraordinary meetings

Subject to Articles 13.7 and 13.8, if a meeting of the board is called under Article 13.4, reasonable notice of that meeting, specifying the place, date and time of that meeting, must be given to each of the directors

- 16 -

- (a) by mail addressed to the director's address as it appears on the books of the Company or to any other address provided to the Company by the director for this purpose,
- (b) by leaving it at the director's prescribed address or at any other address provided to the Company by the director for this purpose, or
- (c) orally, by delivery of written notice or by telephone, voice mail, e-mail, fax or any other method of legibly transmitting messages.

13.7 When notice not required

It is not necessary to give notice of a meeting of the directors to a director if

- (a) the meeting is to be held immediately following a meeting of shareholders at which that director was elected or appointed or is the meeting of the directors at which that director is appointed, or
- (b) the director has filed a waiver under Article 13.9.

13.8 Meeting valid despite failure to give notice

The accidental omission to give notice of any meeting of directors to any director, or the non-receipt of any notice by any director, does not invalidate any proceedings at that meeting.

13.9 Waiver of notice of meetings

Any director may file with the Company a document signed by the director waiving notice of any past, present or future meeting of the directors and may at any time withdraw that waiver with respect to meetings of the directors held after that withdrawal.

13.10 Effect of waiver

After a director files a waiver under Article 13.9 with respect to future meetings of the directors, and until that waiver is withdrawn, notice of any meeting of the directors need not be given to that director unless the director otherwise requires in writing to the Company.

13.11 Quorum

The quorum necessary for the transaction of the business of the directors may be set by the directors and, if not so set, is a majority of the directors.

13.12 If only one director

If, in accordance with Article 11.1, the number of directors is one, the quorum necessary for the transaction of the business of the directors is one director, and that director may constitute a meeting.

PART 14 - COMMITTEES OF DIRECTORS

14.1 Appointment of committees

The directors may, by resolution,

(a) appoint one or more committees consisting of the director or directors that they consider appropriate,

(b) delegate to a committee appointed under paragraph (a) any of the directors' powers, except

(i) the power to fill vacancies in the board,

(ii) the power to change the membership of, or fill vacancies in, any committee of the board, and

(iii) the power to appoint or remove officers appointed by the board, and

(c) make any delegation referred to in paragraph (b) subject to the conditions set out in the resolution.

14.2 Obligations of committee

Any committee formed under Article 14.1, in the exercise of the powers delegated to it, must

(a) conform to any rules that may from time to time be imposed on it by the directors, and

-
- (b) report every act or thing done in exercise of those powers to the earliest meeting of the directors to be held after the act or thing has been done.

14.3 Powers of board

The board may, at any time,

- (a) revoke the authority given to a committee, or override a decision made by a committee, except as to acts done before such revocation or overriding,
- (b) terminate the appointment of, or change the membership of, a committee, and
- (c) fill vacancies in a committee,

14.4 Committee meetings

Subject to Article 14.2(a),

- (a) the members of a directors' committee may meet and adjourn as they think proper,
- (b) a directors' committee may elect a chair of its meetings but, if no chair of the meeting is elected, or if at any meeting the chair of the meeting is not present within 15 minutes after the time set for holding the meeting, the directors present who are members of the committee may choose one of their number to chair the meeting,
- (c) a majority of the members of a directors' committee constitutes a quorum of the committee, and
- (d) questions arising at any meeting of a directors' committee are determined by a majority of votes of the members present, and in case of an equality of votes, the chair of the meeting has no second or casting vote.

PART 15 - OFFICERS

15.1 Appointment of officers

The board may, from time to time, appoint a president, secretary or any other officers that it considers necessary, and none of the individuals appointed as officers need be a member of the board.

15.2 Functions, duties and powers of officers

The board may, for each officer,

- (a) determine the functions and duties the officer is to perform,
- (b) entrust to and confer on the officer any of the powers exercisable by the directors on such terms and conditions and with such restrictions as the directors think fit, and
- (c) from time to time revoke, withdraw, alter or vary all or any of the functions, duties and powers of the officer.

15.3 Remuneration

All appointments of officers are to be made on the terms and conditions and at the remuneration (whether by way of salary, fee, commission, participation in profits or otherwise) that the board thinks fit and are subject to termination at the pleasure of the board.

- 18 -

PART 16 - CERTAIN PERMITTED ACTIVITIES OF DIRECTORS

16.1 Other office of director

A director may hold any office or place of profit with the Company (other than the office of auditor of the Company) in addition to his or her office of director for the period and on the terms (as to remuneration or otherwise) that the directors may determine.

16.2 No disqualification

No director or intended director is disqualified by his or her office from contracting with the Company either with regard to the holding of any office or place of profit the director holds with the Company or as vendor, purchaser or otherwise.

16.3 Professional services by director or officer

Subject to compliance with the provisions of the *Business Corporations Act*, a director or officer of the Company, or any corporation or firm in which that individual has an interest, may act in a professional capacity for the Company, except as auditor of the Company, and the director or officer or such corporation or firm is entitled to remuneration for professional services as if that individual were not a director or officer.

16.4 Remuneration and benefits received from certain entities

A director or officer may be or become a director, officer or employee of, or may otherwise be or become interested in, any corporation, firm or entity in which the Company may be interested as a shareholder or otherwise, and, subject to compliance with the provisions of the *Business Corporations Act*, the director or officer is not accountable to the Company for any remuneration or other benefits received by him or her as director, officer or employee of, or from his or her interest in, such other corporation, firm or entity.

PART 17 - INDEMNIFICATION

17.1 Indemnification of directors

The directors must cause the Company to indemnify its directors and former directors, and their respective heirs and personal or other legal representatives to the greatest extent permitted by Division 5 of Part 5 of the *Business Corporations Act*.

17.2 Deemed contract

Each director is deemed to have contracted with the Company on the terms of the indemnity referred to in Article 17.1.

PART 18 - AUDITOR

18.1 Remuneration of an auditor

The directors may set the remuneration of the auditor of the Company.

18.2 Waiver of appointment of an auditor

The Company shall not be required to appoint an auditor if all of the shareholders of the Company, whether or not their shares otherwise carry the right to vote, resolve by a unanimous resolution to waive the appointment of an auditor. Such waiver may be given before, on or after the date on which an auditor is required to be appointed under the *Business Corporations Act*, and is effective for one financial year only.

PART 19 - DIVIDENDS

19.1 Declaration of dividends

Subject to the rights, if any, of shareholders holding shares with special rights as to dividends, the directors may from time to time declare and authorize payment of any dividends the directors consider appropriate.

- 19 -

19.2 No notice required

The directors need not give notice to any shareholder of any declaration under Article 19.1.

19.3 Directors may determine when dividend payable

Any dividend declared by the directors may be made payable on such date as is fixed by the directors.

19.4 Dividends to be paid in accordance with number of shares

Subject to the rights of shareholders, if any, holding shares with special rights as to dividends, all dividends on shares of any class or series of shares must be declared and paid according to the number of such shares held.

19.5 Manner of paying dividend

A resolution declaring a dividend may direct payment of the dividend wholly or partly by the distribution of specific assets or of paid up shares or fractional shares, bonds, debentures or other debt obligations of the Company, or in any one or more of those ways, and, if any difficulty arises in regard to the distribution, the directors may settle the difficulty as they consider expedient, and, in particular, may set the value for distribution of specific assets.

19.6 Dividend bears no interest

No dividend bears interest against the Company.

19.7 Fractional dividends

If a dividend to which a shareholder is entitled includes a fraction of the smallest monetary unit of the currency of the dividend, that fraction may be disregarded in making payment of the dividend and that payment represents full payment of the dividend.

19.8 Payment of dividends

Any dividend or other distribution payable in cash in respect of shares may be paid by cheque, made payable to the order of the person to whom it is sent, and mailed

- (a) subject to paragraphs (b) and (c), to the address of the shareholder,
- (b) subject to paragraph (c), in the case of joint shareholders, to the address of the joint shareholder whose name stands first on the central securities register in respect of the shares, or
- (c) to the person and to the address as the shareholder or joint shareholders may direct in writing.

19.9 Receipt by joint shareholders

If several persons are joint shareholders of any share, any one of them may give an effective receipt for any dividend, bonus or other money payable in respect of the share.

PART 20 - ACCOUNTING RECORDS

20.1 Recording of financial affairs

The board must cause adequate accounting records to be kept to record properly the financial affairs and condition of the Company and to comply with the provisions of the *Business Corporations Act*.

PART 21 - EXECUTION OF INSTRUMENTS

21.1 Who may attest seal

The Company's seal, if any, must not be impressed on any record except when that impression is attested by the signature or signatures of

- 20 -

- (a) any 2 directors,
- (b) any officer, together with any director,
- (c) if the Company has only one director, that director, or
- (d) any one or more directors or officers or persons as may be determined by resolution of the directors.

21.2 Sealing copies

For the purpose of certifying under seal a true copy of any resolution or other document, the seal must be impressed on that copy and, despite Article 21.1, may be attested by the signature of any director or officer.

21.3 Execution of documents not under seal

Any instrument, document or agreement for which the seal need not be affixed may be executed for and on behalf of and in the name of the Company by any one director or officer of the Company, or by any other person appointed by the directors for such purpose.

PART 22 - NOTICES

22.1 Method of giving notice

Unless the *Business Corporations Act* or these Articles provides otherwise, a notice, statement, report or other record required or permitted by the *Business Corporations Act* or these Articles to be sent by or to a person may be sent by any one of the following methods:

- (a) mail addressed to the person at the applicable address for that person as follows:
 - (i) for a record mailed to a shareholder, the shareholder's registered address;
 - (ii) for a record mailed to a director or officer, the prescribed address for mailing shown for the director or officer in the records kept by the Company or the mailing address provided by the recipient for the sending of that record or records of that class;
 - (iii) in any other case, the mailing address of the intended recipient;
- (b) delivery at the applicable address for that person as follows, addressed to the person:
 - (i) for a record delivered to a shareholder, the shareholder's registered address;
 - (ii) for a record delivered to a director or officer, the prescribed address for delivery shown for the director or officer in the records kept by the Company or the delivery address provided by the recipient for the sending of that record or records of that class;
 - (iii) in any other case, the delivery address of the intended recipient;
- (c) sending the record by fax to the fax number provided by the intended recipient for the sending of that record or records of that class;
- (d) sending the record by email to the email address provided by the intended recipient for the sending of that record or records of that class;
- (e) physical delivery to the intended recipient.

22.2 Deemed receipt of mailing

A record that is mailed to a person by ordinary mail to the applicable address for that person referred to in Article 22.1 is deemed to be received by the person to whom it was mailed on the day, Saturdays, Sundays and holidays excepted, following the date of mailing.

22.3 Certificate of sending

A certificate signed by the secretary, if any, or other officer of the Company or of any other corporation acting in that behalf for the Company stating that a notice, statement, report or other record was addressed as required by Article 22.1, prepaid and mailed or otherwise sent as permitted by Article 22.1 is conclusive evidence of that fact.

22.4 Notice to joint shareholders

A notice, statement, report or other record may be provided by the Company to the joint registered shareholders of a share by providing the notice to the joint registered shareholder first named in the central securities register in respect of the share.

22.5 Notice to trustees

A notice, statement, report or other record may be provided by the Company to the persons entitled to a share in consequence of the death, bankruptcy or incapacity of a shareholder by:

(a) mailing the record, addressed to them:

(i) by name, by the title of the legal personal representative of the deceased or incapacitated shareholder, by the title of trustee of the bankrupt shareholder or by any similar description; and

(ii) at the address, if any, supplied to the Company for that purpose by the persons claiming to be so entitled; or

(b) if an address referred to in Article 22.5(a)(ii) has not been supplied to the Company, by giving the notice in a manner in which it might have been given if the death, bankruptcy or incapacity had not occurred.

PART 23 - RESTRICTION ON SHARE TRANSFER

23.1 Application

Article 23.2 does not apply to the Company if and for so long as it is a public company.

23.2 Consent required for transfer

No shares may be sold, transferred or otherwise disposed of without the consent of the directors and the directors are not required to give any reason for refusing to consent to any such sale, transfer or other disposition.

PART 24 - SPECIAL RIGHTS AND RESTRICTIONS

24.1 Preferred shares issuable in series

The Preferred shares may include one or more series and, subject to the *Business Corporations Act*, the directors may, by resolution, if none of the shares of any particular series are issued, alter the Articles of the Company and authorize the alteration of the Notice of Articles of the Company, as the case may be, to do one or more of the following:

-
- (a) determine the maximum number of shares of that series that the Company is authorized to issue, determine that there is no such maximum number, or alter any such determination;
 - (b) create an identifying name for the shares of that series, or alter any such identifying name; and
 - (c) attach special rights or restrictions to the shares of that series, or alter any such special rights or restrictions.
-

- 22 -

24.2 Dissolution or winding up

The holders of Preferred shares shall be entitled, on the liquidation or dissolution of the Company, whether voluntary or involuntary, or on any other distribution of its assets among its shareholders for the purpose of winding up its affairs, to receive, before any distribution is made to the holders of Voting Common shares or any other shares of the Company ranking junior to the Preferred shares with respect to the repayment of capital on the liquidation or dissolution of the Company, whether voluntary or involuntary, or on any other distribution of its assets among its shareholders for the purpose of winding up its affairs, the amount paid up with respect to each Preferred share held by them, together with the fixed premium (if any) thereon, all accrued and unpaid cumulative dividends (if any and if preferential) thereon, which for such purpose shall be calculated as if such dividends were accruing on a day-to-day basis up to the date of such distribution, whether or not earned or declared, and all declared and unpaid non-cumulative dividends (if any and if preferential) thereon. After payment to the holders of the Preferred shares of the amounts so payable to them, they shall not, as such, be entitled to share in any further distribution of the property or assets of the Company, except as specifically provided in the special rights and restrictions attached to any particular series. All assets remaining after payment to the holders of Preferred shares as aforesaid shall be distributed rateably among the holders of the Voting Common shares.

24.3 Preferred shares do not confer right to receive notice of, attend or vote at general meetings

Except for such rights relating to the election of directors on a default in payment of dividends as may be attached to any series of the Preferred shares by the directors, holders of Preferred shares shall not be entitled, as such, to receive notice of, or to attend or vote at, any general meeting of shareholders of the Company.

GreenPower Motor Company Inc.
#240 - 209 Carrall Street
Vancouver, British Columbia V6B 2J2
Canada

Dear Sirs:

**Re: GreenPower Motor Company Inc.
- Registration Statement on Form F-1**

We have acted as counsel to GreenPower Motor Company Inc. (the "**Company**"), a British Columbia corporation, in connection with the filing of a registration statement on Form F-1 (the "**Registration Statement**") under the *Securities Act of 1933*, as amended, with respect to the resale of (i) up to 13,062,754~~13,144,754~~ common shares of the Company that are issued and outstanding (the "**Outstanding Shares**"), and (ii) up to 6,557,371 common shares of the Company that may be issued upon exercise of warrants (the "**Warrant Shares**"), as further described in the Registration Statement.

In connection with this opinion, we have examined the following documents:

- (a) the notice of articles of the Company
- (b) the articles of the Company;
- (c) the resolutions adopted by the board of directors of the Company pertaining to the Outstanding Shares and the Warrant Shares;
- (d) the Registration Statement; and
- (e) the prospectus constituting a part of the Registration Statement.

In addition, we have examined such other documents as we have deemed necessary or appropriate as a basis for the opinions hereinafter expressed.

We have assumed that the signatures on all documents examined by us are genuine, that all documents submitted to us as originals are authentic and that all documents submitted to us as copies or as facsimiles of copies or originals, conform with the originals, which assumptions we have not independently verified.

Based upon the foregoing and the examination of such legal authorities as we have deemed relevant, and subject to the qualifications and further assumptions set forth below, we are of the opinion that:

- the Outstanding Shares have been duly and validly authorized and issued as fully paid and non-assessable common shares in the capital of the Company; and
- the Warrant Shares have been duly and validly authorized, and will, if and when issued in accordance with the terms of the warrants, be issued as fully paid and non-assessable common shares in the capital of the Company.

This opinion letter is opining upon and is limited to the laws of the Province of British Columbia and the federal laws of Canada applicable therein, as such laws presently exist and to the facts as they presently exist. We express no opinion with respect to the effect or applicability of the laws of any other jurisdiction. We assume no obligation to revise or supplement this opinion letter should the laws of such jurisdiction be changed after the date hereof by legislative action, judicial decision or otherwise.

We hereby consent to the filing of this opinion as an exhibit to the Registration Statement. In giving this consent, we do not admit that we are within the category of persons whose consent is required under Section 7 of the Securities Act of 1933 or the General Rules and Regulations of the Securities and Exchange Commission.

Yours

truly,

CLARK WILSON LLP

Commissions for any sales occurring outside of the United States and Canada, where you have assisted with that sale, will be determined when these markets are opened by the Company.

A sale will be determined in accordance with GreenPower's accounting practices. For greater certainty, this means that title or ownership has passed to the customer, there are no rights of return and there is customer acceptance.

Subject to the approval of the Board of Directors and the TSX Venture Exchange the Company will grant you 500,000 stock options on the date that you start with a term of five years, an exercise price at the most favorable rate permitted by the TSX Venture Exchange and the Company's standard vesting of 25% after 4 months and then 25% after the end of years 1, 2 and 3.

Benefits

In addition to the Base Salary and commissions you shall be entitled to participate in the Company's Medical Plan and the Company shall pay the base premiums for your participation in the Plan.

For the term of your employment, GreenPower shall provide a vehicle for your use (to be agreed upon by the parties) and will reimburse you for the direct vehicle costs and other sales expenses based on submitted receipts solely for the time spent on GreenPower activities.

You shall be entitled to two weeks of vacation per year in the first year and three weeks of vacation thereafter.

Confidentiality

You agree that during the term of your employment, and for a period of twenty four (24) months after your employment you will not, divulge, publish or otherwise reveal, either directly or through another person, to any person, firm or corporation any information concerning confidential or proprietary information belonging to GreenPower or of any of its affiliated companies.

Acceptance

To indicate your acceptance of this offer, please sign below. This offer shall remain open until the close of business on September 23, 2016.

We firmly believe that you can make a great contribution to GreenPower, and that you will find working here a rewarding experience. We look forward to the opportunity of working with you to create a successful company, and we are confident that your employment will prove mutually beneficial.

Sincerely,

/s/ Fraser Atkinson

UNLESS PERMITTED UNDER SECURITIES LEGISLATION, THE HOLDER OF THE SECURITIES REPRESENTED HEREBY, AND THE SECURITIES INTO WHICH SUCH SECURITIES ARE CONVERTIBLE, WILL NOT TRADE SUCH SECURITIES BEFORE JANUARY 26, 2018.

WITHOUT PRIOR WRITTEN APPROVAL OF TSX VENTURE EXCHANGE AND COMPLIANCE WITH ALL APPLICABLE SECURITIES LEGISLATION, THE SECURITIES REPRESENTED BY THIS CERTIFICATE MAY NOT BE SOLD, TRANSFERRED, HYPOTHECATED OR OTHERWISE TRADED ON OR THROUGH THE FACILITIES OF TSX VENTURE EXCHANGE OR OTHERWISE IN CANADA OR TO OR FOR THE BENEFIT OF A CANADIAN RESIDENT UNTIL JANUARY 26, 2018.

Issue Date: September 25, 2017

Conversion Price (subject to adjustment as contemplated herein): **\$0.40 per Conversion Share**

UNSECURED CONVERTIBLE DEBENTURE

FOR VALUE RECEIVED, GREENPOWER MOTOR COMPANY INC. (the "**Company**") promises to pay to COUNTRYMAN INVESTMENTS LTD., of *** BC, or its registered assigns (the "**Holder**"), the principal sum of **ONE MILLION (\$1,000,000)** in lawful currency of Canada (the "**Principal Amount**") on or before the date that is four (4) years after the Issue Date (the "**Maturity Date**"), without penalty or prepayment premium, subject to the terms and conditions hereof. This Debenture will bear interest calculated per annum at the Interest Rate (as defined herein).

This Debenture is subject to the following additional terms and conditions:

1. Definitions

1.1 For the purposes hereof, in addition to the terms defined elsewhere in this Debenture: (i) capitalized terms not otherwise defined herein have the meanings given to such terms in the Subscription Agreement (as defined herein), and (ii) the following terms will have the following meanings:

- (a) "**Business Day**" means any day except Saturday, Sunday and any day which will be a statutory holiday in the province of British Columbia or a day on which banking institutions in the province of British Columbia are authorized or required by law or other government action to close;
- (b) "**Change of Control**" means
 - (i) any transaction (whether by purchase, merger or otherwise) whereby a Person or Persons acting jointly or in concert directly or indirectly acquires the right to cast, at a general meeting of shareholders of the Company, more than 33 1/3% of the votes attached to the Common Shares that may be ordinarily cast at a general meeting;
 - (ii) the Company's amalgamation, consolidation or merger with or into any other person, any merger of another person into the Company, unless the holders of voting securities of the Company immediately prior to such amalgamation, consolidation or merger hold securities representing 50% or more of the voting control or direction in the Company or the successor entity upon completion of the amalgamation, consolidation or merger; or

- 2 -

- (iii) any conveyance, transfer, sale lease or other disposition of all or substantially all of the Company's and the Company's subsidiaries' assets and properties, taken as a whole, to another arm's length Person;
- (c) "**Change of Control Notice**" has the meaning attributed thereto in Section 4.1;
- (d) "**Common Shares**" means the common shares in the capital of the Company and shares of any other class into which such Common Shares may hereafter have been reclassified or changed;
- (e) "**Conversion Date**" has the meaning set forth in Section 6.2 hereof;
- (f) "**Conversion Price**" means \$0.40 per Conversion Share, subject to adjustment as provided herein;
- (g) "**Debenture**" means this unsecured convertible debenture;
- (h) "**Exchange**" means the TSX Venture Exchange;
- (i) "**Interest Rate**" means the greater of i) 8% per annum or; ii) the BMO bank prime rate lending plus 2.5% per annum;
- (j) "**Issue Date**" means September 25, 2017;
- (k) "**Maturity Date**" means September 25, 2021;
- (l) "**Notice of Conversion**" has the meaning set forth in Section 6.2 hereof;

(m) "**Person**" means a corporation, association, partnership, organization, business, individual, government or political subdivision thereof;

(n) "**Principal Amount**" means the principal amount as may be due and owing by the Company to the Holder from time to time under this Debenture; and

(o) "**Subscription Agreement**" means the subscription agreement, dated September 25, 2017, to which the Company and the Holder are parties and pursuant to which the Holder agreed to purchase this Debenture.

1.2 Unless otherwise provided, all dollar amounts referred to in this Debenture are in lawful money of Canada.

2. Subscription Agreement

2.1 This Debenture has been issued pursuant to the Subscription Agreement, is subject in all respects to the terms of the Subscription Agreement, and incorporates the terms of the Subscription Agreement to the extent that they do not conflict with the terms of this Debenture. This Debenture may not be transferred or exchanged without the prior written consent of the Company and then only in compliance with applicable securities laws and regulations.

- 3 -

3. Interest

3.1 The Principal Amount will bear simple interest both before and after the Maturity Date, default and judgment from and including the Issue Date to the earlier of: (i) the date of repayment in full of the Principal Amount, and (ii) the date of conversion in full of the Principal Amount. The Interest Rate for any period will be determined and calculated at the end of the applicable month. The interest will be calculated quarterly, not in advance, on the basis of the number of days in the applicable quarter and payable quarterly within ten (10) days of each applicable quarter end (or, if such date is not a Business Day, on the next following Business Day). For clarity, the first payment of interest will be for the period from the Issue Date until October 31, 2017. The interest will be payable in cash.

4. Change of Control

4.1 Not less than 30 days prior to the consummation of a transaction that would constitute a Change of Control, the Company shall give to the Holder written notice of such Change of Control (the "**Change of Control Notice**"). Upon receipt of a Change of Control Notice, the Holder shall, in its sole discretion on or before the Change of Control, have the right to require the Company to repay 100% of the Principal Amount plus any accrued and unpaid interest thereon, with such repayment to be made by the Company to the Holder within ten (10) days of such election by the Holder.

5. Prepayments

5.1 At any time after September 25, 2019 and on not less than sixty (60) Business Days' prior written notice to the Holder, the then outstanding Principal Amount (any accrued but unpaid interest) may be prepaid in whole or in part upon payment, at the expiry of such notice period, of the Principal Amount to be prepaid together with any accrued but unpaid interest to the date of such prepayment, without bonus or penalty.

6. Conversion

6.1 At the option of the Holder, the Principal Amount then outstanding may be converted, in whole or in part, into Conversion Shares at any time at the Conversion Price.

6.2 The Holder will effect conversions by delivering to the Company a duly completed and executed Notice of Conversion in the form attached hereto as Appendix A (a "**Notice of Conversion**"), specifying the aggregate amount of the Principal Amount to be converted and the date on which such conversion is to be effected (a "**Conversion Date**"), which date will not be more than ten (10) days following the date of delivery of the Notice of Conversion. If no Conversion Date is specified in a Notice of Conversion, the Conversion Date will be the date that is five (5) days following the date of delivery of the Notice of Conversion. The Holder will physically surrender the Debenture to the Company if the entire Principal Amount has been converted.

6.3 At the time of any conversion, the Company will pay to the Holder any accrued but unpaid interest on the Principal Amount being converted up to and including the Conversion Date at the Interest Rate. All interest will be paid in cash.

- 4 -

6.4 Any conversions hereunder will have the effect of lowering the outstanding Principal Amount in an amount equal to the applicable amount of the Principal Amount being converted. The Company will maintain records showing all Principal Amount converted and the date of such conversions. The Holder, by acceptance of this Debenture, acknowledges and agrees that, following conversion of a portion of this Debenture, the unpaid and unconverted Principal Amount may be less than the amount stated on the face hereof.

6.5 The number of Conversion Shares issuable upon any conversion of the Principal Amount will be determined by the quotient obtained by dividing (x) by (y) where (x) is equal to the amount of the Principal Amount to be converted and (y) is the Conversion Price.

6.6 Not later than ten (10) Business Days after any Conversion Date, the Company will deliver to the Holder certificates representing the number of Conversion Shares being issued, which certificates will bear such restrictive legends and trading restrictions as are required by applicable laws and by the Exchange.

6.7 If the Company will at any time or from time to time, while any Principal Amount is still outstanding, effect a subdivision or consolidation of the outstanding Common Shares, the Conversion Price in effect immediately before a subdivision will be proportionately decreased, and, conversely, the Conversion Price in effect immediately before a consolidation will be proportionately increased. Any adjustment under this Section 6.7 will become effective at the close of business on the date the subdivision or consolidation becomes effective.

6.8 If the Company at any time or from time to time while this Debenture is outstanding, issues, or fixes a record date for the determination of holders of Common Shares entitled to receive, a dividend or other distribution payable solely in Common Shares, the Conversion Price that is then in effect will be decreased as of the time of such issuance or, in the event such record date is fixed, as of the close of business on such record date, by multiplying the Conversion Price by a fraction (i) the numerator of which is the total number of Common Shares issued and outstanding immediately prior to the time of such issuance or the close of business on such record date, and (ii) the denominator of which is the sum of the total number of Common Shares issued and outstanding immediately prior to the time of such issuance or the close of business on such record date plus the number of Common Shares issuable in payment of such dividend or distribution; provided, however, that if such record date is fixed and such dividend is not fully paid or if such distribution is not fully made on the date fixed therefore, the Conversion Price will be recomputed

accordingly as of the close of business on such record date and thereafter the Conversion Price will be adjusted pursuant to this Section 6.8 to reflect the actual payment of such dividend or distribution.

6.9 If at any time while this Debenture is outstanding, (i) the Company effects any merger or combination of the Company with or into another entity, (ii) the Company effects any sale of all or substantially all of its assets in one or more transactions, (iii) any tender offer or exchange offer (whether by the Company or another entity) is completed pursuant to which holders of Common Shares are permitted to tender or exchange their Common Shares for other securities, cash or property, or (iv) the Company effects any reclassification or recapitalization of the Common Shares or any compulsory share exchange pursuant to which the Common Shares are effectively converted into or exchanged for other securities, cash or property (other than a subdivision, consolidation or dividend provided for elsewhere in this Article 6) (in any such case, a "**Fundamental Change**"), then, upon any subsequent conversion of this Debenture, the Holder will have the right to receive, for each Conversion Share that would have been issuable upon such conversion absent such Fundamental Change, the same kind and amount of securities, cash or property as it would have been entitled to receive upon the occurrence of such Fundamental Change if it had been, immediately prior to such Fundamental Change, the holder of one Common Share (the "**Alternate Consideration**"). If holders of Common Shares are given any choice as to the securities, cash or property to be received in a Fundamental Change, then the Holder will be given the same choice as to the Alternate Consideration it receives upon any conversion of this Debenture following such Fundamental Change. In the event of a Fundamental Change, the Company or the successor or purchasing entity, as the case may be, will execute with the Holder a written agreement providing that:

- 5 -

(a) this Debenture will thereafter entitle the Holder to purchase the Alternate Consideration; and

(b) in the case of any such successor or purchasing entity, upon such consolidation, merger, statutory exchange, combination, sale or conveyance, such successor or purchasing entity will be jointly and severally liable with the Company for the performance of all of the Company's obligations under this Debenture and the Subscription Agreement entered into in connection with the issuance of this Debenture.

6.10 If, in the case of any Fundamental Change, the Alternate Consideration includes shares, other securities, other property or assets of an entity other than the Company or any such successor or purchasing entity, as the case may be, then such written agreement will also be executed by such other entity and will contain such additional provisions to protect the interests of the Holder as the board of directors of the Company will reasonably consider necessary by reason of the foregoing. At the Holder's request, any successor to the Company or surviving entity in such Fundamental Change will issue to the Holder a new Debenture consistent with the foregoing provisions and evidencing the Holder's right to receive Alternate Consideration upon conversion of this Debenture. The terms of any agreement pursuant to which a Fundamental Change is effected will include terms requiring any such successor or surviving entity to comply with the provisions of this Article 6 and insuring that this Debenture (or any such replacement security) will be similarly adjusted upon any subsequent transaction analogous to a Fundamental Change.

6.11 Upon a conversion hereunder, the Company will not be required to issue share certificates representing fractions of Conversion Shares, and the Company will be entitled to round the number of Conversion Shares down to the nearest whole number. The Holder agrees to waive any rights or entitlements to fractional Conversion Shares that the Holder may have in connection with a conversion hereunder.

6.12 In each case of an adjustment or readjustment of the Conversion Price for the number of Conversion Shares issuable upon conversion of this Debenture, the Company, at its own expense, will cause its Secretary or other officer as directed by the board of directors of the Company to compute such adjustment or

readjustment in accordance with the provisions hereof and prepare a certificate showing such adjustment or readjustment, and will deliver such certificate to the Holder in accordance with Section 8.1. The certificate will set forth such adjustment or readjustment, showing in detail the facts upon which such adjustment or readjustment is based. No adjustment in the Conversion Price will be required to be made unless it would result in an increase or decrease of at least one cent, but any adjustments not made because of this sentence will be carried forward and taken into account in any subsequent adjustment otherwise required hereunder.

- 6 -

7. Events of Default

7.1 The occurrence of any of the following will constitute an "**Event of Default**" under this Debenture:

- (a) the Company failing to pay any Principal Amount or interest payment hereof on the due date hereunder and such failure continuing for ten (10) days after written notice thereof is delivered to the Company;
- (b) the Company failing to observe or perform any other covenant or agreement contained in this Debenture or the Subscription Agreement which failure is not cured, if possible to cure, within thirty (30) calendar days after notice of such default is sent by the Holder to the Company;
- (c) the Company (i) applying for or consenting to the appointment of a receiver, trustee, liquidator or custodian of itself or of all or a substantial part of its property, (ii) being unable, or admitting in writing its inability, to pay its debts generally as they mature, (iii) making a general assignment for the benefit of its or any of its creditors, (iv) being dissolved or liquidated in full or in part (v) commencing a voluntary case or other proceeding seeking liquidation, reorganization or other relief with respect to itself or its debts under any bankruptcy, insolvency or other similar law now or hereafter in effect, or consenting to any such relief, or to the appointment of, or taking possession of its property by, any official in an involuntary case or other proceeding commenced against it, or (vi) taking any action for the purpose of effecting any of the foregoing; and
- (d) proceedings for the appointment of a receiver, trustee, liquidator or custodian of the Company or of all or a substantial part of the property thereof, or an involuntary case or other proceeding seeking liquidation, reorganization or other relief with respect to the Company or the debts thereof under any bankruptcy, insolvency or other similar law now or hereafter in effect being commenced and an order for relief entered or such proceeding is not dismissed or discharged within thirty (30) days of commencement.

7.2 Upon the occurrence or existence of any Event of Default and following the expiry of any applicable grace periods and at any time thereafter during the continuance of such Event of Default, the Holder may, by written notice to the Company, declare all outstanding amounts payable by the Company hereunder to be immediately due and payable without presentment, demand, protest or any other notice of any kind, all of which are hereby expressly waived, anything contained herein to the contrary notwithstanding. Upon the occurrence or existence of any Event of Default described in Section 6.1(c) hereof, immediately and without notice, all outstanding amounts payable by the Company hereunder will automatically become immediately due and payable, without presentment, demand, protest or any other notice of any kind, all of which are hereby expressly waived, anything contained herein to the contrary notwithstanding. In addition to the foregoing remedies, upon the occurrence or existence of any Event of Default, the Holder may exercise any other right, power or remedy permitted to it by law, either by suit in equity or by action at law, or both.

8. Notices

8.1 Any notice required or permitted to be given to the Company or the Holder will be in writing and may be given by prepaid registered post, electronic facsimile transmission or other means of electronic communication capable of producing a printed copy to the address of the party set forth below or such other address as such party may specify by notice in writing to the other party, and any such notice will be deemed to have been given and received by the party to whom it was addressed if mailed, on the third day following the mailing thereof, if by facsimile or other electronic communication, on the date sent, or, if delivered, on delivery; but if at the time of mailing or between the time of mailing and the third Business Day thereafter there is a strike, lockout, or other labour disturbance affecting postal service, then the notice will not be effectively given until actually delivered:

9. Exchange or Replacement of Debenture

9.1 The Holder may, at its option, in person or by duly authorized attorney, surrender this Debenture for exchange at the principal business office of the Company and receive in exchange therefor a new Debenture in the same principal amount as the unpaid Principal Amount of this Debenture and bearing interest at the same annual rate as this Debenture, each such new Debenture to be dated as of the date of this Debenture and to be in such Principal Amount as remains unpaid and payable to such Holder.

9.2 Upon receipt by the Company of evidence satisfactory to it of the loss, theft, destruction, or mutilation of this Debenture and (in the case of loss, theft or destruction) of an indemnity reasonably satisfactory to it, and upon surrender and cancellation of this Debenture, if mutilated, the Company will deliver a new Debenture of like tenor in lieu of this Debenture. Any Debenture delivered in accordance with the provisions of this Section 9.2 will be dated as of the date of this Debenture.

10. Governing Law

10.1 All questions concerning the construction, validity, enforcement and interpretation of this Debenture will be governed by and construed and enforced in accordance with the laws of the province of British Columbia and the federal laws of Canada applicable therein, without regard to the principles of conflicts of law thereof.

11. Waivers

11.1 The Company hereby waives presentment, demand for payment, notice of dishonour, notice of protest and all other notices or demands in connection with the delivery, acceptance, performance or default of this Debenture. No delay by the Holder in exercising any power or right hereunder will operate as a waiver of any power or right, nor will any single or partial exercise of any power or right preclude other or further exercise thereof, or the exercise thereof, or the exercise of any other power or right hereunder or otherwise; and no waiver whatsoever or modification of the terms hereof will be valid unless set forth in writing by the Holder and then only to the extent set forth therein.

12. Amendments

12.1 Subject to the provisions of the Subscription Agreement, this Debenture may not be amended without the express written consent of both the Company and the Holder.

13. Severability

13.1 If any provision of this Debenture is invalid, illegal or unenforceable, the balance of this Debenture will remain in effect, and if any provision is inapplicable to any Person or circumstance, it will nevertheless remain applicable to all other Persons and circumstances.

14. Next Business Day

14.1 Whenever any payment or other obligation hereunder will be due on a day other than a Business Day, such payment will be made on the next succeeding Business Day.

15. Time of the Essence

15.1 Time will be of the essence of this Debenture.

IN WITNESS WHEREOF, the Company has caused this Debenture to be duly executed by a duly authorized officer as of the date first above indicated.

4. EXERCISE OF WARRANTS

4.1 Method of Exercise of Warrants

The Holder may exercise its right to purchase the Warrant Shares at the Exercise Price at any time until the Time of Expiry by:

- providing the Company with the Warrant Certificate and a completed and executed subscription form, in the form attached as Appendix "B" hereto (the "**Subscription Form**"), for the number of Warrant Shares which the Holder wishes to purchase;
- surrendering the Warrant Certificate and the Subscription Form to the Company at the address set forth in Section 3.2; and
- paying the appropriate Exercise Price, in Canadian funds, for the aggregate number of Warrant Shares subscribed for, either by bank draft, certified cheque or money order, payable to the Company, and delivering such payment to the Company at the address set forth in Section 3.2. Alternatively, the

Exercise Price may be wired to the Company or its lawyers pursuant to wiring instructions that will be provided to the Holder upon request.

4.2 Effect of Exercise of Warrants

- (a) On the date the Company receives a duly executed Subscription Form and the aggregate Exercise Price for the number of Warrant Shares specified in the Subscription Form (the "**Exercise Date**"), the Warrant Shares so subscribed for will be deemed to have been issued and the persons to whom such Warrant Shares have been deemed to be issued will be deemed to have become the holder (or holders) of record of such Warrant Shares on such date.
- (b) As promptly as practicable after the Exercise Date and, in any event, within ten (10) Business Days of the Exercise Date, the Company will cause to be delivered to the person in whose name the Warrant Shares so subscribed for are to be registered as specified in the Subscription Form, and deliver to such person at its respective address specified in the Subscription Form, a certificate for the appropriate number of fully paid and non-assessable Warrant Shares, which will not exceed that number which the Holder is entitled to purchase pursuant to the Warrant Certificate surrendered.

4.3 Subscription for Less Than Entitlement

The Holder may subscribe for and purchase a number of Warrant Shares less than the number which the Holder is entitled to purchase pursuant to the surrendered Warrant Certificate. In the event of any purchase of a number of Warrant Shares less than the number which can be purchased pursuant to the Warrant Certificate, the Holder, upon exercise thereof, will be entitled to receive a new Warrant Certificate in respect of the balance of the Warrant Shares which the Holder was entitled to purchase pursuant to the surrendered Warrant Certificate and which were not then purchased.

4.4 Warrants for Fractions of Warrant Shares

If, on exercise or partial exercise of any Warrant, the Holder is entitled to receive a fraction of a Warrant Share, such Warrant may be exercised in respect of such fraction only in combination with another Warrant or Warrants which, in the aggregate, entitle the Holder to receive a whole Warrant Share.

Page 5 of 9

4.5 Expiration of Warrants

The Holder agrees that, after the Time of Expiry, all rights under the Warrant Certificate and these Terms and Conditions will wholly cease and terminate and the Warrants will be void and of no further force and effect.

4.6 Adjustment of Exercise Price

- (a) The Exercise Price and the number of Warrant Shares deliverable upon the exercise of the Warrants will be subject to adjustment in the event of and in the manner following:
 - (i) if and whenever the Shares at any time outstanding are subdivided into a greater, or consolidated into a lesser, number of Shares, the Exercise Price will be decreased or increased proportionately as the case may be. Upon any such subdivision or consolidation, the number of Warrant Shares deliverable upon the exercise of the Warrants will be increased or decreased proportionately as the case may be; and

(ii) in the case of any capital reorganization or of any reclassification of the capital of the Company, or in the case of the combination, merger, amalgamation or reorganization of the Company with or into any other company (in any case, a "**Reorganization**"), each Warrant will, after such Reorganization, be deemed to confer the right to purchase the number of Warrant Shares or other securities of the Company (or of the company resulting from such Reorganization) which the Holder would have been entitled to upon the Reorganization if the Holder had been a shareholder of the Company at the time of such Reorganization.

(b) In the case of any Reorganization, appropriate adjustments will be made in the application of the provisions of this Section 4.6 relating to the rights and interest thereafter of the Holder so that the provisions of this Section 4.6 will be made applicable as nearly as reasonably possible to any Warrant Shares or other securities deliverable after the Reorganization on the exercise of the Warrants.

(c) The subdivision or consolidation of Shares at any time outstanding into a greater or lesser number of Shares (whether with or without par value) will not be deemed to be a Reorganization for the purposes of this Section 4.6.

(d) The adjustments provided for in this Section 4.6 are cumulative and will become effective immediately after the applicable record date or, if no record date is fixed, the effective date of the event which results in such adjustments.

4.7 Determination of Adjustments

If any questions will at any time arise with respect to the Exercise Price or any adjustment provided for in Section 4.6, such questions will be conclusively determined by the independent firm of accountants duly appointed as auditors of the Company, or, if they decline to so act, by any other firm of certified public accountants registered with the Canadian Public Accountability Board that the Company may designate and who will have access to all appropriate records, and such determination will be binding upon the Company and the Holder.

5. MODIFICATION OF TERMS AND CONDITIONS FOR CERTAIN PURPOSES

From time to time, the Company may, subject to the provisions herein, modify the Terms and Conditions for the purpose of correction or rectification of any ambiguities, defective provisions, errors or omissions.

6. TIME OF ESSENCE

Time will be of the essence hereof.

7. SUCCESSORS

This Warrant Certificate will enure to the benefit of and will be binding upon the Company and its successors.

8. WARRANTS NOT TRANSFERABLE

None of the Warrants, nor any rights attached to any of them, are transferable.

Issue Date: September 25, 2017

Conversion Price (subject to adjustment as contemplated herein): **\$0.40 per Conversion Share**

UNSECURED CONVERTIBLE DEBENTURE

FOR VALUE RECEIVED, GREENPOWER MOTOR COMPANY INC. (the "**Company**") promises to pay to KOKO FINANCIAL SERVICES LTD., of ***, or its registered assigns (the "**Holder**"), the principal sum of TWO HUNDRED AND TWENTY FIVE THOUSAND (\$225,000) in lawful currency of Canada (the "**Principal Amount**") on or before the date that is four (4) years after the Issue Date (the "**Maturity Date**"), without penalty or prepayment premium, subject to the terms and conditions hereof. This Debenture will bear interest calculated per annum at the Interest Rate (as defined herein).

This Debenture is subject to the following additional terms and conditions:

1. Definitions

1.1 For the purposes hereof, in addition to the terms defined elsewhere in this Debenture: (i) capitalized terms not otherwise defined herein have the meanings given to such terms in the Subscription Agreement (as defined herein), and (ii) the following terms will have the following meanings:

- (a) "**Business Day**" means any day except Saturday, Sunday and any day which will be a statutory holiday in the province of British Columbia or a day on which banking institutions in the province of British Columbia are authorized or required by law or other government action to close;
- (b) "**Change of Control**" means
 - (i) any transaction (whether by purchase, merger or otherwise) whereby a Person or Persons acting jointly or in concert directly or indirectly acquires the right to cast, at a general meeting of shareholders of the Company, more than 33 1/3% of the votes attached to the Common Shares that may be ordinarily cast at a general meeting;
 - (ii) the Company's amalgamation, consolidation or merger with or into any other person, any merger of another person into the Company, unless the holders of voting securities of the Company immediately prior to such amalgamation, consolidation or merger hold securities representing 50% or more of the voting control or direction in the Company or the successor entity upon completion of the amalgamation, consolidation or merger; or

- 2 -

- (iii) any conveyance, transfer, sale lease or other disposition of all or substantially all of the Company's and the Company's subsidiaries' assets and properties, taken as a whole, to another arm's length Person;
- (c) "**Change of Control Notice**" has the meaning attributed thereto in Section 4.1;
- (d) "**Common Shares**" means the common shares in the capital of the Company and shares of any other class into which such Common Shares may hereafter have been reclassified or changed;
- (e) "**Conversion Date**" has the meaning set forth in Section 6.2 hereof;
- (f) "**Conversion Price**" means \$0.40 per Conversion Share, subject to adjustment as provided herein;
- (g) "**Debenture**" means this unsecured convertible debenture;
- (h) "**Exchange**" means the TSX Venture Exchange;
- (i) "**Interest Rate**" means the greater of i) 8% per annum or; ii) the BMO bank prime rate lending plus 2.5% per annum;
- (j) "**Issue Date**" means September 25, 2017;
- (k) "**Maturity Date**" means September 25, 2021;
- (l) "**Notice of Conversion**" has the meaning set forth in Section 6.2 hereof;

(m) "**Person**" means a corporation, association, partnership, organization, business, individual, government or political subdivision thereof;

(n) "**Principal Amount**" means the principal amount as may be due and owing by the Company to the Holder from time to time under this Debenture; and

(o) "**Subscription Agreement**" means the subscription agreement, dated September 25, 2017, to which the Company and the Holder are parties and pursuant to which the Holder agreed to purchase this Debenture.

1.2 Unless otherwise provided, all dollar amounts referred to in this Debenture are in lawful money of Canada.

2. Subscription Agreement

2.1 This Debenture has been issued pursuant to the Subscription Agreement, is subject in all respects to the terms of the Subscription Agreement, and incorporates the terms of the Subscription Agreement to the extent that they do not conflict with the terms of this Debenture. This Debenture may not be transferred or exchanged without the prior written consent of the Company and then only in compliance with applicable securities laws and regulations.

- 3 -

3. Interest

3.1 The Principal Amount will bear simple interest both before and after the Maturity Date, default and judgment from and including the Issue Date to the earlier of: (i) the date of repayment in full of the Principal Amount, and (ii) the date of conversion in full of the Principal Amount. The Interest Rate for any period will be determined and calculated at the end of the applicable month. The interest will be calculated quarterly, not in advance, on the basis of the number of days in the applicable quarter and payable quarterly within ten (10) days of each applicable quarter end (or, if such date is not a Business Day, on the next following Business Day). For clarity, the first payment of interest will be for the period from the Issue Date until October 31, 2017. The interest will be payable in cash.

4. Change of Control

4.1 Not less than 30 days prior to the consummation of a transaction that would constitute a Change of Control, the Company shall give to the Holder written notice of such Change of Control (the "**Change of Control Notice**"). Upon receipt of a Change of Control Notice, the Holder shall, in its sole discretion on or before the Change of Control, have the right to require the Company to repay 100% of the Principal Amount plus any accrued and unpaid interest thereon, with such repayment to be made by the Company to the Holder within ten (10) days of such election by the Holder.

5. Prepayments

5.1 At any time after September 25, 2019 and on not less than sixty (60) Business Days' prior written notice to the Holder, the then outstanding Principal Amount (any accrued but unpaid interest) may be prepaid in whole or in part upon payment, at the expiry of such notice period, of the Principal Amount to be prepaid together with any accrued but unpaid interest to the date of such prepayment, without bonus or penalty.

6. Conversion

6.1 At the option of the Holder, the Principal Amount then outstanding may be converted, in whole or in part, into Conversion Shares at any time at the Conversion Price.

6.2 The Holder will effect conversions by delivering to the Company a duly completed and executed Notice of Conversion in the form attached hereto as Appendix A (a "**Notice of Conversion**"), specifying the aggregate amount of the Principal Amount to be converted and the date on which such conversion is to be effected (a "**Conversion Date**"), which date will not be more than ten (10) days following the date of delivery of the Notice of Conversion. If no Conversion Date is specified in a Notice of Conversion, the Conversion Date will be the date that is five (5) days following the date of delivery of the Notice of Conversion. The Holder will physically surrender the Debenture to the Company if the entire Principal Amount has been converted.

6.3 At the time of any conversion, the Company will pay to the Holder any accrued but unpaid interest on the Principal Amount being converted up to and including the Conversion Date at the Interest Rate. All interest will be paid in cash.

- 4 -

6.4 Any conversions hereunder will have the effect of lowering the outstanding Principal Amount in an amount equal to the applicable amount of the Principal Amount being converted. The Company will maintain records showing all Principal Amount converted and the date of such conversions. The Holder, by acceptance of this Debenture, acknowledges and agrees that, following conversion of a portion of this Debenture, the unpaid and unconverted Principal Amount may be less than the amount stated on the face hereof.

6.5 The number of Conversion Shares issuable upon any conversion of the Principal Amount will be determined by the quotient obtained by dividing (x) by (y) where (x) is equal to the amount of the Principal Amount to be converted and (y) is the Conversion Price.

6.6 Not later than ten (10) Business Days after any Conversion Date, the Company will deliver to the Holder certificates representing the number of Conversion Shares being issued, which certificates will bear such restrictive legends and trading restrictions as are required by applicable laws and by the Exchange.

6.7 If the Company will at any time or from time to time, while any Principal Amount is still outstanding, effect a subdivision or consolidation of the outstanding Common Shares, the Conversion Price in effect immediately before a subdivision will be proportionately decreased, and, conversely, the Conversion Price in effect immediately before a consolidation will be proportionately increased. Any adjustment under this Section 6.7 will become effective at the close of business on the date the subdivision or consolidation becomes effective.

6.8 If the Company at any time or from time to time while this Debenture is outstanding, issues, or fixes a record date for the determination of holders of Common Shares entitled to receive, a dividend or other distribution payable solely in Common Shares, the Conversion Price that is then in effect will be decreased as of the time of such issuance or, in the event such record date is fixed, as of the close of business on such record date, by multiplying the Conversion Price by a fraction (i) the numerator of which is the total number of Common Shares issued and outstanding immediately prior to the time of such issuance or the close of business on such record date, and (ii) the denominator of which is the sum of the total number of Common Shares issued and outstanding immediately prior to the time of such issuance or the close of business on such record date plus the number of Common Shares issuable in payment of such dividend or distribution; provided, however, that if such record date is fixed and such dividend is not fully paid or if such distribution is not fully made on the date fixed therefore, the Conversion Price will be recomputed

accordingly as of the close of business on such record date and thereafter the Conversion Price will be adjusted pursuant to this Section 6.8 to reflect the actual payment of such dividend or distribution.

6.9 If at any time while this Debenture is outstanding, (i) the Company effects any merger or combination of the Company with or into another entity, (ii) the Company effects any sale of all or substantially all of its assets in one or more transactions, (iii) any tender offer or exchange offer (whether by the Company or another entity) is completed pursuant to which holders of Common Shares are permitted to tender or exchange their Common Shares for other securities, cash or property, or (iv) the Company effects any reclassification or recapitalization of the Common Shares or any compulsory share exchange pursuant to which the Common Shares are effectively converted into or exchanged for other securities, cash or property (other than a subdivision, consolidation or dividend provided for elsewhere in this Article 6) (in any such case, a "**Fundamental Change**"), then, upon any subsequent conversion of this Debenture, the Holder will have the right to receive, for each Conversion Share that would have been issuable upon such conversion absent such Fundamental Change, the same kind and amount of securities, cash or property as it would have been entitled to receive upon the occurrence of such Fundamental Change if it had been, immediately prior to such Fundamental Change, the holder of one Common Share (the "**Alternate Consideration**"). If holders of Common Shares are given any choice as to the securities, cash or property to be received in a Fundamental Change, then the Holder will be given the same choice as to the Alternate Consideration it receives upon any conversion of this Debenture following such Fundamental Change. In the event of a Fundamental Change, the Company or the successor or purchasing entity, as the case may be, will execute with the Holder a written agreement providing that:

- 5 -

(a) this Debenture will thereafter entitle the Holder to purchase the Alternate Consideration; and

(b) in the case of any such successor or purchasing entity, upon such consolidation, merger, statutory exchange, combination, sale or conveyance, such successor or purchasing entity will be jointly and severally liable with the Company for the performance of all of the Company's obligations under this Debenture and the Subscription Agreement entered into in connection with the issuance of this Debenture.

6.10 If, in the case of any Fundamental Change, the Alternate Consideration includes shares, other securities, other property or assets of an entity other than the Company or any such successor or purchasing entity, as the case may be, then such written agreement will also be executed by such other entity and will contain such additional provisions to protect the interests of the Holder as the board of directors of the Company will reasonably consider necessary by reason of the foregoing. At the Holder's request, any successor to the Company or surviving entity in such Fundamental Change will issue to the Holder a new Debenture consistent with the foregoing provisions and evidencing the Holder's right to receive Alternate Consideration upon conversion of this Debenture. The terms of any agreement pursuant to which a Fundamental Change is effected will include terms requiring any such successor or surviving entity to comply with the provisions of this Article 6 and insuring that this Debenture (or any such replacement security) will be similarly adjusted upon any subsequent transaction analogous to a Fundamental Change.

6.11 Upon a conversion hereunder, the Company will not be required to issue share certificates representing fractions of Conversion Shares, and the Company will be entitled to round the number of Conversion Shares down to the nearest whole number. The Holder agrees to waive any rights or entitlements to fractional Conversion Shares that the Holder may have in connection with a conversion hereunder.

6.12 In each case of an adjustment or readjustment of the Conversion Price for the number of Conversion Shares issuable upon conversion of this Debenture, the Company, at its own expense, will cause its Secretary or other officer as directed by the board of directors of the Company to compute such adjustment or

readjustment in accordance with the provisions hereof and prepare a certificate showing such adjustment or readjustment, and will deliver such certificate to the Holder in accordance with Section 8.1. The certificate will set forth such adjustment or readjustment, showing in detail the facts upon which such adjustment or readjustment is based. No adjustment in the Conversion Price will be required to be made unless it would result in an increase or decrease of at least one cent, but any adjustments not made because of this sentence will be carried forward and taken into account in any subsequent adjustment otherwise required hereunder.

- 6 -

7. Events of Default

7.1 The occurrence of any of the following will constitute an "**Event of Default**" under this Debenture:

- (a) the Company failing to pay any Principal Amount or interest payment hereof on the due date hereunder and such failure continuing for ten (10) days after written notice thereof is delivered to the Company;
- (b) the Company failing to observe or perform any other covenant or agreement contained in this Debenture or the Subscription Agreement which failure is not cured, if possible to cure, within thirty (30) calendar days after notice of such default is sent by the Holder to the Company;
- (c) the Company (i) applying for or consenting to the appointment of a receiver, trustee, liquidator or custodian of itself or of all or a substantial part of its property, (ii) being unable, or admitting in writing its inability, to pay its debts generally as they mature, (iii) making a general assignment for the benefit of its or any of its creditors, (iv) being dissolved or liquidated in full or in part (v) commencing a voluntary case or other proceeding seeking liquidation, reorganization or other relief with respect to itself or its debts under any bankruptcy, insolvency or other similar law now or hereafter in effect, or consenting to any such relief, or to the appointment of, or taking possession of its property by, any official in an involuntary case or other proceeding commenced against it, or (vi) taking any action for the purpose of effecting any of the foregoing; and
- (d) proceedings for the appointment of a receiver, trustee, liquidator or custodian of the Company or of all or a substantial part of the property thereof, or an involuntary case or other proceeding seeking liquidation, reorganization or other relief with respect to the Company or the debts thereof under any bankruptcy, insolvency or other similar law now or hereafter in effect being commenced and an order for relief entered or such proceeding is not dismissed or discharged within thirty (30) days of commencement.

7.2 Upon the occurrence or existence of any Event of Default and following the expiry of any applicable grace periods and at any time thereafter during the continuance of such Event of Default, the Holder may, by written notice to the Company, declare all outstanding amounts payable by the Company hereunder to be immediately due and payable without presentment, demand, protest or any other notice of any kind, all of which are hereby expressly waived, anything contained herein to the contrary notwithstanding. Upon the occurrence or existence of any Event of Default described in Section 6.1(c) hereof, immediately and without notice, all outstanding amounts payable by the Company hereunder will automatically become immediately due and payable, without presentment, demand, protest or any other notice of any kind, all of which are hereby expressly waived, anything contained herein to the contrary notwithstanding. In addition to the foregoing remedies, upon the occurrence or existence of any Event of Default, the Holder may exercise any other right, power or remedy permitted to it by law, either by suit in equity or by action at law, or both.

8. Notices

8.1 Any notice required or permitted to be given to the Company or the Holder will be in writing and may be given by prepaid registered post, electronic facsimile transmission or other means of electronic communication capable of producing a printed copy to the address of the party set forth below or such other address as such party may specify by notice in writing to the other party, and any such notice will be deemed to have been given and received by the party to whom it was addressed if mailed, on the third day following the mailing thereof, if by facsimile or other electronic communication, on the date sent, or, if delivered, on delivery; but if at the time of mailing or between the time of mailing and the third Business Day thereafter there is a strike, lockout, or other labour disturbance affecting postal service, then the notice will not be effectively given until actually delivered:

9. Exchange or Replacement of Debenture

9.1 The Holder may, at its option, in person or by duly authorized attorney, surrender this Debenture for exchange at the principal business office of the Company and receive in exchange therefor a new Debenture in the same principal amount as the unpaid Principal Amount of this Debenture and bearing interest at the same annual rate as this Debenture, each such new Debenture to be dated as of the date of this Debenture and to be in such Principal Amount as remains unpaid and payable to such Holder.

9.2 Upon receipt by the Company of evidence satisfactory to it of the loss, theft, destruction, or mutilation of this Debenture and (in the case of loss, theft or destruction) of an indemnity reasonably satisfactory to it, and upon surrender and cancellation of this Debenture, if mutilated, the Company will deliver a new Debenture of like tenor in lieu of this Debenture. Any Debenture delivered in accordance with the provisions of this Section 9.2 will be dated as of the date of this Debenture.

10. Governing Law

10.1 All questions concerning the construction, validity, enforcement and interpretation of this Debenture will be governed by and construed and enforced in accordance with the laws of the province of British Columbia and the federal laws of Canada applicable therein, without regard to the principles of conflicts of law thereof.

11. Waivers

11.1 The Company hereby waives presentment, demand for payment, notice of dishonour, notice of protest and all other notices or demands in connection with the delivery, acceptance, performance or default of this Debenture. No delay by the Holder in exercising any power or right hereunder will operate as a waiver of any power or right, nor will any single or partial exercise of any power or right preclude other or further exercise thereof, or the exercise thereof, or the exercise of any other power or right hereunder or otherwise; and no waiver whatsoever or modification of the terms hereof will be valid unless set forth in writing by the Holder and then only to the extent set forth therein.

12. Amendments

12.1 Subject to the provisions of the Subscription Agreement, this Debenture may not be amended without the express written consent of both the Company and the Holder.

13. Severability

13.1 If any provision of this Debenture is invalid, illegal or unenforceable, the balance of this Debenture will remain in effect, and if any provision is inapplicable to any Person or circumstance, it will nevertheless remain applicable to all other Persons and circumstances.

14. Next Business Day

14.1 Whenever any payment or other obligation hereunder will be due on a day other than a Business Day, such payment will be made on the next succeeding Business Day.

15. Time of the Essence

15.1 Time will be of the essence of this Debenture.

IN WITNESS WHEREOF, the Company has caused this Debenture to be duly executed by a duly authorized officer as of the date first above indicated.

2.1 Additional Warrants

The Company may at any time and from time to time issue additional warrants or grant options or similar rights to purchase Shares.

2.2 Warrants to Rank Pari Passu

All Warrants and additional warrants, options or similar rights to purchase Shares from time to time issued or granted by the Company will rank *pari passu*, whatever may be the actual dates of issue or grant thereof, or of the dates of the certificates by which they are evidenced.

2.3 Replacement of Lost or Damaged Warrant Certificate

- (a) If the Warrant Certificate becomes mutilated, lost, destroyed or stolen, the Company, at its discretion, may issue and deliver a new Warrant Certificate of like date and tenor as the one mutilated, lost, destroyed or stolen, in exchange for, in place of, and upon cancellation of, such mutilated Warrant Certificate, or in lieu of, and in substitution for, such lost, destroyed or stolen Warrant Certificate.
- (b) The applicant for the issue of a new Warrant Certificate pursuant hereto will bear the cost of such issue and, in case of loss, destruction or theft, will furnish to the Company such evidence of ownership and of loss, destruction or theft of the Warrant Certificate so lost, destroyed or stolen as will be satisfactory to the Company in its discretion. Such applicant may also be required to furnish indemnity in amount and form satisfactory to the Company in its discretion, and will pay the reasonable charges of the Company in connection therewith.

2.4 Holder Not a Shareholder

The holding of the Warrants will not constitute the Holder a shareholder of the Company, nor entitle it to any right or interest in respect thereof except as expressly provided in the Warrant Certificate.

3. NOTICE

3.1 Notice to Holders

Any notice required or permitted to be given to the Holder will be in writing and may be given by prepaid registered post, electronic facsimile transmission or other means of electronic communication capable of producing a printed copy to the address of the Holder appearing on the Warrant Certificate or to such other address as the Holder may specify by notice in writing to the Company to the address set forth in Section 3.2, and any such notice will be deemed to have been given and received by the Holder: (a) if mailed by prepaid registered post, on the third Business Day following the mailing thereof; (b) if by electronic facsimile or other electronic communication, on successful transmission; or (c) if delivered, on delivery, but if at the time of mailing, or between the time of mailing and the third Business Day thereafter, there is a strike, lockout or other labour disturbance affecting postal service, then the notice will not be effectively given until actually delivered.

3.2 Notice to the Company

Any notice required or permitted to be given to the Company will be in writing and may be given by prepaid registered post, electronic facsimile transmission or other means of electronic communication capable of producing a printed copy to the address of the Company set forth below or such other address as the Company may specify by notice in writing to the Holder to the address of the Holder appearing on the Warrant Certificate, and any such notice will be deemed to have been given and received by the Company: (a) if mailed by prepaid registered post, on the third Business Day following the mailing thereof; (b) if by electronic facsimile transmission or other electronic communication, on successful transmission; or (c) if delivered, on delivery, but if at the time of mailing, or between the time of mailing and the third Business Day thereafter, there is a strike, lockout or other labour disturbance affecting postal service, then the notice will not be effectively given until actually delivered.

Notices to the Company will be delivered to:

4. EXERCISE OF WARRANTS

4.1 Method of Exercise of Warrants

The Holder may exercise its right to purchase the Warrant Shares at the Exercise Price at any time until the Time of Expiry by:

- providing the Company with the Warrant Certificate and a completed and executed subscription form, in the form attached as Appendix "B" hereto (the "**Subscription Form**"), for the number of Warrant Shares which the Holder wishes to purchase;
- surrendering the Warrant Certificate and the Subscription Form to the Company at the address set forth in Section 3.2; and
- paying the appropriate Exercise Price, in Canadian funds, for the aggregate number of Warrant Shares subscribed for, either by bank draft, certified cheque or money order, payable to the Company, and delivering such payment to the Company at the address set forth in Section 3.2. Alternatively, the

Exercise Price may be wired to the Company or its lawyers pursuant to wiring instructions that will be provided to the Holder upon request.

4.2 Effect of Exercise of Warrants

- (a) On the date the Company receives a duly executed Subscription Form and the aggregate Exercise Price for the number of Warrant Shares specified in the Subscription Form (the "**Exercise Date**"), the Warrant Shares so subscribed for will be deemed to have been issued and the persons to whom such Warrant Shares have been deemed to be issued will be deemed to have become the holder (or holders) of record of such Warrant Shares on such date.
- (b) As promptly as practicable after the Exercise Date and, in any event, within ten (10) Business Days of the Exercise Date, the Company will cause to be delivered to the person in whose name the Warrant Shares so subscribed for are to be registered as specified in the Subscription Form, and deliver to such person at its respective address specified in the Subscription Form, a certificate for the appropriate number of fully paid and non-assessable Warrant Shares, which will not exceed that number which the Holder is entitled to purchase pursuant to the Warrant Certificate surrendered.

4.3 Subscription for Less Than Entitlement

The Holder may subscribe for and purchase a number of Warrant Shares less than the number which the Holder is entitled to purchase pursuant to the surrendered Warrant Certificate. In the event of any purchase of a number of Warrant Shares less than the number which can be purchased pursuant to the Warrant Certificate, the Holder, upon exercise thereof, will be entitled to receive a new Warrant Certificate in respect of the balance of the Warrant Shares which the Holder was entitled to purchase pursuant to the surrendered Warrant Certificate and which were not then purchased.

4.4 Warrants for Fractions of Warrant Shares

If, on exercise or partial exercise of any Warrant, the Holder is entitled to receive a fraction of a Warrant Share, such Warrant may be exercised in respect of such fraction only in combination with another Warrant or Warrants which, in the aggregate, entitle the Holder to receive a whole Warrant Share.

Page 5 of 9

4.5 Expiration of Warrants

The Holder agrees that, after the Time of Expiry, all rights under the Warrant Certificate and these Terms and Conditions will wholly cease and terminate and the Warrants will be void and of no further force and effect.

4.6 Adjustment of Exercise Price

- (a) The Exercise Price and the number of Warrant Shares deliverable upon the exercise of the Warrants will be subject to adjustment in the event of and in the manner following:
 - (i) if and whenever the Shares at any time outstanding are subdivided into a greater, or consolidated into a lesser, number of Shares, the Exercise Price will be decreased or increased proportionately as the case may be. Upon any such subdivision or consolidation, the number of Warrant Shares deliverable upon the exercise of the Warrants will be increased or decreased proportionately as the case may be; and

(ii) in the case of any capital reorganization or of any reclassification of the capital of the Company, or in the case of the combination, merger, amalgamation or reorganization of the Company with or into any other company (in any case, a "**Reorganization**"), each Warrant will, after such Reorganization, be deemed to confer the right to purchase the number of Warrant Shares or other securities of the Company (or of the company resulting from such Reorganization) which the Holder would have been entitled to upon the Reorganization if the Holder had been a shareholder of the Company at the time of such Reorganization.

(b) In the case of any Reorganization, appropriate adjustments will be made in the application of the provisions of this Section 4.6 relating to the rights and interest thereafter of the Holder so that the provisions of this Section 4.6 will be made applicable as nearly as reasonably possible to any Warrant Shares or other securities deliverable after the Reorganization on the exercise of the Warrants.

(c) The subdivision or consolidation of Shares at any time outstanding into a greater or lesser number of Shares (whether with or without par value) will not be deemed to be a Reorganization for the purposes of this Section 4.6.

(d) The adjustments provided for in this Section 4.6 are cumulative and will become effective immediately after the applicable record date or, if no record date is fixed, the effective date of the event which results in such adjustments.

4.7 Determination of Adjustments

If any questions will at any time arise with respect to the Exercise Price or any adjustment provided for in Section 4.6, such questions will be conclusively determined by the independent firm of accountants duly appointed as auditors of the Company, or, if they decline to so act, by any other firm of certified public accountants registered with the Canadian Public Accountability Board that the Company may designate and who will have access to all appropriate records, and such determination will be binding upon the Company and the Holder.

Page 6 of 9

5. MODIFICATION OF TERMS AND CONDITIONS FOR CERTAIN PURPOSES

From time to time, the Company may, subject to the provisions herein, modify the Terms and Conditions for the purpose of correction or rectification of any ambiguities, defective provisions, errors or omissions.

6. TIME OF ESSENCE

Time will be of the essence hereof.

7. SUCCESSORS

This Warrant Certificate will enure to the benefit of and will be binding upon the Company and its successors.

8. WARRANTS NOT TRANSFERABLE

None of the Warrants, nor any rights attached to any of them, are transferable.

Issue Date: September 25, 2017

Conversion Price (subject to adjustment as contemplated herein): **\$0.40 per Conversion Share**

UNSECURED CONVERTIBLE DEBENTURE

FOR VALUE RECEIVED, **GREENPOWER MOTOR COMPANY INC.** (the "**Company**") promises to pay to **MALCOLM CLAY**, of ***, or its registered assigns (the "**Holder**"), the principal sum of **ONE HUNDRED AND FIFTY THOUSAND (\$150,000)** in lawful currency of Canada (the "**Principal Amount**") on or before the date that is four (4) years after the Issue Date (the "**Maturity Date**"), without penalty or prepayment premium, subject to the terms and conditions hereof. This Debenture will bear interest calculated per annum at the Interest Rate (as defined herein).

This Debenture is subject to the following additional terms and conditions:

1. Definitions

1.1 For the purposes hereof, in addition to the terms defined elsewhere in this Debenture: (i) capitalized terms not otherwise defined herein have the meanings given to such terms in the Subscription Agreement (as defined herein), and (ii) the following terms will have the following meanings:

- (a) "**Business Day**" means any day except Saturday, Sunday and any day which will be a statutory holiday in the province of British Columbia or a day on which banking institutions in the province of British Columbia are authorized or required by law or other government action to close;
- (b) "**Change of Control**" means
 - (i) any transaction (whether by purchase, merger or otherwise) whereby a Person or Persons acting jointly or in concert directly or indirectly acquires the right to cast, at a general meeting of shareholders of the Company, more than 33 1/3% of the votes attached to the Common Shares that may be ordinarily cast at a general meeting;
 - (ii) the Company's amalgamation, consolidation or merger with or into any other person, any merger of another person into the Company, unless the holders of voting securities of the Company immediately prior to such amalgamation, consolidation or merger hold securities representing 50% or more of the voting control or direction in the Company or the successor entity upon completion of the amalgamation, consolidation or merger; or

- 2 -

- (iii) any conveyance, transfer, sale lease or other disposition of all or substantially all of the Company's and the Company's subsidiaries' assets and properties, taken as a whole, to another arm's length Person;
- (c) "**Change of Control Notice**" has the meaning attributed thereto in Section 4.1;
- (d) "**Common Shares**" means the common shares in the capital of the Company and shares of any other class into which such Common Shares may hereafter have been reclassified or changed;
- (e) "**Conversion Date**" has the meaning set forth in Section 6.2 hereof;
- (f) "**Conversion Price**" means \$0.40 per Conversion Share, subject to adjustment as provided herein;
- (g) "**Debenture**" means this unsecured convertible debenture;
- (h) "**Exchange**" means the TSX Venture Exchange;
- (i) "**Interest Rate**" means the greater of i) 8% per annum or; ii) the BMO bank prime rate lending plus 2.5% per annum;
- (j) "**Issue Date**" means September 25, 2017;
- (k) "**Maturity Date**" means September 25, 2021;
- (l) "**Notice of Conversion**" has the meaning set forth in Section 6.2 hereof;

(m) "**Person**" means a corporation, association, partnership, organization, business, individual, government or political subdivision thereof;

(n) "**Principal Amount**" means the principal amount as may be due and owing by the Company to the Holder from time to time under this Debenture; and

(o) "**Subscription Agreement**" means the subscription agreement, dated September 25, 2017, to which the Company and the Holder are parties and pursuant to which the Holder agreed to purchase this Debenture.

1.2 Unless otherwise provided, all dollar amounts referred to in this Debenture are in lawful money of Canada.

2. Subscription Agreement

2.1 This Debenture has been issued pursuant to the Subscription Agreement, is subject in all respects to the terms of the Subscription Agreement, and incorporates the terms of the Subscription Agreement to the extent that they do not conflict with the terms of this Debenture. This Debenture may not be transferred or exchanged without the prior written consent of the Company and then only in compliance with applicable securities laws and regulations.

- 3 -

3. Interest

3.1 The Principal Amount will bear simple interest both before and after the Maturity Date, default and judgment from and including the Issue Date to the earlier of: (i) the date of repayment in full of the Principal Amount, and (ii) the date of conversion in full of the Principal Amount. The Interest Rate for any period will be determined and calculated at the end of the applicable month. The interest will be calculated quarterly, not in advance, on the basis of the number of days in the applicable quarter and payable quarterly within ten (10) days of each applicable quarter end (or, if such date is not a Business Day, on the next following Business Day). For clarity, the first payment of interest will be for the period from the Issue Date until October 31, 2017. The interest will be payable in cash.

4. Change of Control

4.1 Not less than 30 days prior to the consummation of a transaction that would constitute a Change of Control, the Company shall give to the Holder written notice of such Change of Control (the "**Change of Control Notice**"). Upon receipt of a Change of Control Notice, the Holder shall, in its sole discretion on or before the Change of Control, have the right to require the Company to repay 100% of the Principal Amount plus any accrued and unpaid interest thereon, with such repayment to be made by the Company to the Holder within ten (10) days of such election by the Holder.

5. Prepayments

5.1 At any time after September 25, 2019 and on not less than sixty (60) Business Days' prior written notice to the Holder, the then outstanding Principal Amount (any accrued but unpaid interest) may be prepaid in whole or in part upon payment, at the expiry of such notice period, of the Principal Amount to be prepaid together with any accrued but unpaid interest to the date of such prepayment, without bonus or penalty.

6. Conversion

6.1 At the option of the Holder, the Principal Amount then outstanding may be converted, in whole or in part, into Conversion Shares at any time at the Conversion Price.

6.2 The Holder will effect conversions by delivering to the Company a duly completed and executed Notice of Conversion in the form attached hereto as Appendix A (a "**Notice of Conversion**"), specifying the aggregate amount of the Principal Amount to be converted and the date on which such conversion is to be effected (a "**Conversion Date**"), which date will not be more than ten (10) days following the date of delivery of the Notice of Conversion. If no Conversion Date is specified in a Notice of Conversion, the Conversion Date will be the date that is five (5) days following the date of delivery of the Notice of Conversion. The Holder will physically surrender the Debenture to the Company if the entire Principal Amount has been converted.

6.3 At the time of any conversion, the Company will pay to the Holder any accrued but unpaid interest on the Principal Amount being converted up to and including the Conversion Date at the Interest Rate. All interest will be paid in cash.

- 4 -

6.4 Any conversions hereunder will have the effect of lowering the outstanding Principal Amount in an amount equal to the applicable amount of the Principal Amount being converted. The Company will maintain records showing all Principal Amount converted and the date of such conversions. The Holder, by acceptance of this Debenture, acknowledges and agrees that, following conversion of a portion of this Debenture, the unpaid and unconverted Principal Amount may be less than the amount stated on the face hereof.

6.5 The number of Conversion Shares issuable upon any conversion of the Principal Amount will be determined by the quotient obtained by dividing (x) by (y) where (x) is equal to the amount of the Principal Amount to be converted and (y) is the Conversion Price.

6.6 Not later than ten (10) Business Days after any Conversion Date, the Company will deliver to the Holder certificates representing the number of Conversion Shares being issued, which certificates will bear such restrictive legends and trading restrictions as are required by applicable laws and by the Exchange.

6.7 If the Company will at any time or from time to time, while any Principal Amount is still outstanding, effect a subdivision or consolidation of the outstanding Common Shares, the Conversion Price in effect immediately before a subdivision will be proportionately decreased, and, conversely, the Conversion Price in effect immediately before a consolidation will be proportionately increased. Any adjustment under this Section 6.7 will become effective at the close of business on the date the subdivision or consolidation becomes effective.

6.8 If the Company at any time or from time to time while this Debenture is outstanding, issues, or fixes a record date for the determination of holders of Common Shares entitled to receive, a dividend or other distribution payable solely in Common Shares, the Conversion Price that is then in effect will be decreased as of the time of such issuance or, in the event such record date is fixed, as of the close of business on such record date, by multiplying the Conversion Price by a fraction (i) the numerator of which is the total number of Common Shares issued and outstanding immediately prior to the time of such issuance or the close of business on such record date, and (ii) the denominator of which is the sum of the total number of Common Shares issued and outstanding immediately prior to the time of such issuance or the close of business on such record date plus the number of Common Shares issuable in payment of such dividend or distribution; provided, however, that if such record date is fixed and such dividend is not fully paid or if such distribution is not fully made on the date fixed therefore, the Conversion Price will be recomputed

accordingly as of the close of business on such record date and thereafter the Conversion Price will be adjusted pursuant to this Section 6.8 to reflect the actual payment of such dividend or distribution.

6.9 If at any time while this Debenture is outstanding, (i) the Company effects any merger or combination of the Company with or into another entity, (ii) the Company effects any sale of all or substantially all of its assets in one or more transactions, (iii) any tender offer or exchange offer (whether by the Company or another entity) is completed pursuant to which holders of Common Shares are permitted to tender or exchange their Common Shares for other securities, cash or property, or (iv) the Company effects any reclassification or recapitalization of the Common Shares or any compulsory share exchange pursuant to which the Common Shares are effectively converted into or exchanged for other securities, cash or property (other than a subdivision, consolidation or dividend provided for elsewhere in this Article 6) (in any such case, a "**Fundamental Change**"), then, upon any subsequent conversion of this Debenture, the Holder will have the right to receive, for each Conversion Share that would have been issuable upon such conversion absent such Fundamental Change, the same kind and amount of securities, cash or property as it would have been entitled to receive upon the occurrence of such Fundamental Change if it had been, immediately prior to such Fundamental Change, the holder of one Common Share (the "**Alternate Consideration**"). If holders of Common Shares are given any choice as to the securities, cash or property to be received in a Fundamental Change, then the Holder will be given the same choice as to the Alternate Consideration it receives upon any conversion of this Debenture following such Fundamental Change. In the event of a Fundamental Change, the Company or the successor or purchasing entity, as the case may be, will execute with the Holder a written agreement providing that:

- 5 -

(a) this Debenture will thereafter entitle the Holder to purchase the Alternate Consideration; and

(b) in the case of any such successor or purchasing entity, upon such consolidation, merger, statutory exchange, combination, sale or conveyance, such successor or purchasing entity will be jointly and severally liable with the Company for the performance of all of the Company's obligations under this Debenture and the Subscription Agreement entered into in connection with the issuance of this Debenture.

6.10 If, in the case of any Fundamental Change, the Alternate Consideration includes shares, other securities, other property or assets of an entity other than the Company or any such successor or purchasing entity, as the case may be, then such written agreement will also be executed by such other entity and will contain such additional provisions to protect the interests of the Holder as the board of directors of the Company will reasonably consider necessary by reason of the foregoing. At the Holder's request, any successor to the Company or surviving entity in such Fundamental Change will issue to the Holder a new Debenture consistent with the foregoing provisions and evidencing the Holder's right to receive Alternate Consideration upon conversion of this Debenture. The terms of any agreement pursuant to which a Fundamental Change is effected will include terms requiring any such successor or surviving entity to comply with the provisions of this Article 6 and insuring that this Debenture (or any such replacement security) will be similarly adjusted upon any subsequent transaction analogous to a Fundamental Change.

6.11 Upon a conversion hereunder, the Company will not be required to issue share certificates representing fractions of Conversion Shares, and the Company will be entitled to round the number of Conversion Shares down to the nearest whole number. The Holder agrees to waive any rights or entitlements to fractional Conversion Shares that the Holder may have in connection with a conversion hereunder.

6.12 In each case of an adjustment or readjustment of the Conversion Price for the number of Conversion Shares issuable upon conversion of this Debenture, the Company, at its own expense, will cause its Secretary or other officer as directed by the board of directors of the Company to compute such adjustment or

readjustment in accordance with the provisions hereof and prepare a certificate showing such adjustment or readjustment, and will deliver such certificate to the Holder in accordance with Section 8.1. The certificate will set forth such adjustment or readjustment, showing in detail the facts upon which such adjustment or readjustment is based. No adjustment in the Conversion Price will be required to be made unless it would result in an increase or decrease of at least one cent, but any adjustments not made because of this sentence will be carried forward and taken into account in any subsequent adjustment otherwise required hereunder.

- 6 -

7. Events of Default

7.1 The occurrence of any of the following will constitute an "**Event of Default**" under this Debenture:

- (a) the Company failing to pay any Principal Amount or interest payment hereof on the due date hereunder and such failure continuing for ten (10) days after written notice thereof is delivered to the Company;
- (b) the Company failing to observe or perform any other covenant or agreement contained in this Debenture or the Subscription Agreement which failure is not cured, if possible to cure, within thirty (30) calendar days after notice of such default is sent by the Holder to the Company;
- (c) the Company (i) applying for or consenting to the appointment of a receiver, trustee, liquidator or custodian of itself or of all or a substantial part of its property, (ii) being unable, or admitting in writing its inability, to pay its debts generally as they mature, (iii) making a general assignment for the benefit of its or any of its creditors, (iv) being dissolved or liquidated in full or in part (v) commencing a voluntary case or other proceeding seeking liquidation, reorganization or other relief with respect to itself or its debts under any bankruptcy, insolvency or other similar law now or hereafter in effect, or consenting to any such relief, or to the appointment of, or taking possession of its property by, any official in an involuntary case or other proceeding commenced against it, or (vi) taking any action for the purpose of effecting any of the foregoing; and
- (d) proceedings for the appointment of a receiver, trustee, liquidator or custodian of the Company or of all or a substantial part of the property thereof, or an involuntary case or other proceeding seeking liquidation, reorganization or other relief with respect to the Company or the debts thereof under any bankruptcy, insolvency or other similar law now or hereafter in effect being commenced and an order for relief entered or such proceeding is not dismissed or discharged within thirty (30) days of commencement.

7.2 Upon the occurrence or existence of any Event of Default and following the expiry of any applicable grace periods and at any time thereafter during the continuance of such Event of Default, the Holder may, by written notice to the Company, declare all outstanding amounts payable by the Company hereunder to be immediately due and payable without presentment, demand, protest or any other notice of any kind, all of which are hereby expressly waived, anything contained herein to the contrary notwithstanding. Upon the occurrence or existence of any Event of Default described in Section 6.1(c) hereof, immediately and without notice, all outstanding amounts payable by the Company hereunder will automatically become immediately due and payable, without presentment, demand, protest or any other notice of any kind, all of which are hereby expressly waived, anything contained herein to the contrary notwithstanding. In addition to the foregoing remedies, upon the occurrence or existence of any Event of Default, the Holder may exercise any other right, power or remedy permitted to it by law, either by suit in equity or by action at law, or both.

8. Notices

8.1 Any notice required or permitted to be given to the Company or the Holder will be in writing and may be given by prepaid registered post, electronic facsimile transmission or other means of electronic communication capable of producing a printed copy to the address of the party set forth below or such other address as such party may specify by notice in writing to the other party, and any such notice will be deemed to have been given and received by the party to whom it was addressed if mailed, on the third day following the mailing thereof, if by facsimile or other electronic communication, on the date sent, or, if delivered, on delivery; but if at the time of mailing or between the time of mailing and the third Business Day thereafter there is a strike, lockout, or other labour disturbance affecting postal service, then the notice will not be effectively given until actually delivered:

9. Exchange or Replacement of Debenture

9.1 The Holder may, at its option, in person or by duly authorized attorney, surrender this Debenture for exchange at the principal business office of the Company and receive in exchange therefor a new Debenture in the same principal amount as the unpaid Principal Amount of this Debenture and bearing interest at the same annual rate as this Debenture, each such new Debenture to be dated as of the date of this Debenture and to be in such Principal Amount as remains unpaid and payable to such Holder.

9.2 Upon receipt by the Company of evidence satisfactory to it of the loss, theft, destruction, or mutilation of this Debenture and (in the case of loss, theft or destruction) of an indemnity reasonably satisfactory to it, and upon surrender and cancellation of this Debenture, if mutilated, the Company will deliver a new Debenture of like tenor in lieu of this Debenture. Any Debenture delivered in accordance with the provisions of this Section 9.2 will be dated as of the date of this Debenture.

10. Governing Law

10.1 All questions concerning the construction, validity, enforcement and interpretation of this Debenture will be governed by and construed and enforced in accordance with the laws of the province of British Columbia and the federal laws of Canada applicable therein, without regard to the principles of conflicts of law thereof.

11. Waivers

11.1 The Company hereby waives presentment, demand for payment, notice of dishonour, notice of protest and all other notices or demands in connection with the delivery, acceptance, performance or default of this Debenture. No delay by the Holder in exercising any power or right hereunder will operate as a waiver of any power or right, nor will any single or partial exercise of any power or right preclude other or further exercise thereof, or the exercise thereof, or the exercise of any other power or right hereunder or otherwise; and no waiver whatsoever or modification of the terms hereof will be valid unless set forth in writing by the Holder and then only to the extent set forth therein.

12. Amendments

12.1 Subject to the provisions of the Subscription Agreement, this Debenture may not be amended without the express written consent of both the Company and the Holder.

13. Severability

13.1 If any provision of this Debenture is invalid, illegal or unenforceable, the balance of this Debenture will remain in effect, and if any provision is inapplicable to any Person or circumstance, it will nevertheless remain applicable to all other Persons and circumstances.

14. Next Business Day

1.2 **Gender**

Words importing the singular number include the plural and vice versa and words importing the masculine gender include the feminine and neuter genders.

1.3 **Interpretation not affected by Headings**

The division of these Terms and Conditions into sections and the insertion of headings are for convenience of reference only and will not affect the construction or interpretation thereof.

1.4 **Applicable Law**

The Warrants will be exclusively construed in accordance with the laws of the Province of British Columbia. The Warrant Certificate and these Terms and Conditions are governed by the laws of the Province of British Columbia and the federal laws of Canada applicable therein. The Holder irrevocably attorns to the exclusive jurisdiction of the courts of the Province of British Columbia.

1.5 **Currency**

Unless otherwise provided, all dollar amounts referred to in the Warrant Certificate and these Terms and Conditions are in lawful money of Canada.

2. ISSUE OF WARRANTS

2.1 Additional Warrants

The Company may at any time and from time to time issue additional warrants or grant options or similar rights to purchase Shares.

2.2 Warrants to Rank Pari Passu

All Warrants and additional warrants, options or similar rights to purchase Shares from time to time issued or granted by the Company will rank *pari passu*, whatever may be the actual dates of issue or grant thereof, or of the dates of the certificates by which they are evidenced.

2.3 Replacement of Lost or Damaged Warrant Certificate

- (a) If the Warrant Certificate becomes mutilated, lost, destroyed or stolen, the Company, at its discretion, may issue and deliver a new Warrant Certificate of like date and tenor as the one mutilated, lost, destroyed or stolen, in exchange for, in place of, and upon cancellation of, such mutilated Warrant Certificate, or in lieu of, and in substitution for, such lost, destroyed or stolen Warrant Certificate.
- (b) The applicant for the issue of a new Warrant Certificate pursuant hereto will bear the cost of such issue and, in case of loss, destruction or theft, will furnish to the Company such evidence of ownership and of loss, destruction or theft of the Warrant Certificate so lost, destroyed or stolen as will be satisfactory to the Company in its discretion. Such applicant may also be required to furnish indemnity in amount and form satisfactory to the Company in its discretion, and will pay the reasonable charges of the Company in connection therewith.

Page 3 of 9

2.4 Holder Not a Shareholder

The holding of the Warrants will not constitute the Holder a shareholder of the Company, nor entitle it to any right or interest in respect thereof except as expressly provided in the Warrant Certificate.

3. NOTICE

3.1 Notice to Holders

Any notice required or permitted to be given to the Holder will be in writing and may be given by prepaid registered post, electronic facsimile transmission or other means of electronic communication capable of producing a printed copy to the address of the Holder appearing on the Warrant Certificate or to such other address as the Holder may specify by notice in writing to the Company to the address set forth in Section 3.2, and any such notice will be deemed to have been given and received by the Holder: (a) if mailed by prepaid registered post, on the third Business Day following the mailing thereof; (b) if by electronic facsimile or other electronic communication, on successful transmission; or (c) if delivered, on delivery, but if at the time of mailing, or between the time of mailing and the third Business Day thereafter, there is a strike, lockout or other labour disturbance affecting postal service, then the notice will not be effectively given until actually delivered.

3.2 Notice to the Company

Any notice required or permitted to be given to the Company will be in writing and may be given by prepaid registered post, electronic facsimile transmission or other means of electronic communication capable of producing a printed copy to the address of the Company set forth below or such other address as the Company may specify by notice in writing to the Holder to the address of the Holder appearing on the Warrant Certificate, and any such notice will be deemed to have been given and received by the Company: (a) if mailed by prepaid registered post, on the third Business Day following the mailing thereof; (b) if by electronic facsimile transmission or other electronic communication, on successful transmission; or (c) if delivered, on delivery, but if at the time of mailing, or between the time of mailing and the third Business Day thereafter, there is a strike, lockout or other labour disturbance affecting postal service, then the notice will not be effectively given until actually delivered.

4. EXERCISE OF WARRANTS

4.1 Method of Exercise of Warrants

The Holder may exercise its right to purchase the Warrant Shares at the Exercise Price at any time until the Time of Expiry by:

- providing the Company with the Warrant Certificate and a completed and executed subscription form, in the form attached as Appendix "B" hereto (the "**Subscription Form**"), for the number of Warrant Shares which the Holder wishes to purchase;
- surrendering the Warrant Certificate and the Subscription Form to the Company at the address set forth in Section 3.2; and
- paying the appropriate Exercise Price, in Canadian funds, for the aggregate number of Warrant Shares subscribed for, either by bank draft, certified cheque or money order, payable to the Company, and delivering such payment to the Company at the address set forth in Section 3.2. Alternatively, the

Exercise Price may be wired to the Company or its lawyers pursuant to wiring instructions that will be provided to the Holder upon request.

4.2 Effect of Exercise of Warrants

- (a) On the date the Company receives a duly executed Subscription Form and the aggregate Exercise Price for the number of Warrant Shares specified in the Subscription Form (the "**Exercise Date**"), the Warrant Shares so subscribed for will be deemed to have been issued and the persons to whom such Warrant Shares have been deemed to be issued will be deemed to have become the holder (or holders) of record of such Warrant Shares on such date.
- (b) As promptly as practicable after the Exercise Date and, in any event, within ten (10) Business Days of the Exercise Date, the Company will cause to be delivered to the person in whose name the Warrant Shares so subscribed for are to be registered as specified in the Subscription Form, and deliver to such person at its respective address specified in the Subscription Form, a certificate for the appropriate number of fully paid and non-assessable Warrant Shares, which will not exceed that number which the Holder is entitled to purchase pursuant to the Warrant Certificate surrendered.

4.3 Subscription for Less Than Entitlement

The Holder may subscribe for and purchase a number of Warrant Shares less than the number which the Holder is entitled to purchase pursuant to the surrendered Warrant Certificate. In the event of any purchase of a number of Warrant Shares less than the number which can be purchased pursuant to the Warrant Certificate, the Holder, upon exercise thereof, will be entitled to receive a new Warrant Certificate in respect of the balance of the Warrant Shares which the Holder was entitled to purchase pursuant to the surrendered Warrant Certificate and which were not then purchased.

4.4 Warrants for Fractions of Warrant Shares

If, on exercise or partial exercise of any Warrant, the Holder is entitled to receive a fraction of a Warrant Share, such Warrant may be exercised in respect of such fraction only in combination with another Warrant or Warrants which, in the aggregate, entitle the Holder to receive a whole Warrant Share.

Page 5 of 9

4.5 Expiration of Warrants

The Holder agrees that, after the Time of Expiry, all rights under the Warrant Certificate and these Terms and Conditions will wholly cease and terminate and the Warrants will be void and of no further force and effect.

4.6 Adjustment of Exercise Price

- (a) The Exercise Price and the number of Warrant Shares deliverable upon the exercise of the Warrants will be subject to adjustment in the event of and in the manner following:
 - (i) if and whenever the Shares at any time outstanding are subdivided into a greater, or consolidated into a lesser, number of Shares, the Exercise Price will be decreased or increased proportionately as the case may be. Upon any such subdivision or consolidation, the number of Warrant Shares deliverable upon the exercise of the Warrants will be increased or decreased proportionately as the case may be; and

(ii) in the case of any capital reorganization or of any reclassification of the capital of the Company, or in the case of the combination, merger, amalgamation or reorganization of the Company with or into any other company (in any case, a "**Reorganization**"), each Warrant will, after such Reorganization, be deemed to confer the right to purchase the number of Warrant Shares or other securities of the Company (or of the company resulting from such Reorganization) which the Holder would have been entitled to upon the Reorganization if the Holder had been a shareholder of the Company at the time of such Reorganization.

(b) In the case of any Reorganization, appropriate adjustments will be made in the application of the provisions of this Section 4.6 relating to the rights and interest thereafter of the Holder so that the provisions of this Section 4.6 will be made applicable as nearly as reasonably possible to any Warrant Shares or other securities deliverable after the Reorganization on the exercise of the Warrants.

(c) The subdivision or consolidation of Shares at any time outstanding into a greater or lesser number of Shares (whether with or without par value) will not be deemed to be a Reorganization for the purposes of this Section 4.6.

(d) The adjustments provided for in this Section 4.6 are cumulative and will become effective immediately after the applicable record date or, if no record date is fixed, the effective date of the event which results in such adjustments.

4.7 Determination of Adjustments

If any questions will at any time arise with respect to the Exercise Price or any adjustment provided for in Section 4.6, such questions will be conclusively determined by the independent firm of accountants duly appointed as auditors of the Company, or, if they decline to so act, by any other firm of certified public accountants registered with the Canadian Public Accountability Board that the Company may designate and who will have access to all appropriate records, and such determination will be binding upon the Company and the Holder.

Page 6 of 9

5. MODIFICATION OF TERMS AND CONDITIONS FOR CERTAIN PURPOSES

From time to time, the Company may, subject to the provisions herein, modify the Terms and Conditions for the purpose of correction or rectification of any ambiguities, defective provisions, errors or omissions.

6. TIME OF ESSENCE

Time will be of the essence hereof.

7. SUCCESSORS

This Warrant Certificate will enure to the benefit of and will be binding upon the Company and its successors.

8. WARRANTS NOT TRANSFERABLE

None of the Warrants, nor any rights attached to any of them, are transferable.

Amended Offer Letter

August 3, 2018

Anne Rutto

Delivered by email (***)

Dear Anne;

Re: Offer of Employment

GreenPower Motor Company Inc. and subsidiary companies ("GreenPower" or the "Company") is pleased to offer you the position of **Senior Accountant** for GreenPower in Vancouver, Canada. The position reports directly to Fraser Atkinson and indirectly to Mark Achtemichuk and involves working with other members of the team.

Job Description

The duties, roles and responsibilities will include, but are not limited to those set forth in Schedule A.

Start Date

Your employment will commence on or about August 23, 2018 or as is mutually agreed upon by both parties.

Probation

The first three (3) months of your employment will be probationary. The probationary period provides GreenPower with an opportunity to assess your ability to perform the duties of your position and to assess your ability to comply with the organizational requirements of the Company.

Place of Work

Your place of work will be at Suite 240 - 209 Carrafi Street, Vancouver BC.

Hours of Work

The Company's normal hours of operation are from 8:30 a.m. to 5:00 p.m. However, it is anticipated that your hours of work may be irregular at times, and you may be required to work extended hours in accordance with the priorities of your position.

Compensation

You will be compensated with an annual Base Salary of \$82,500 subject to normal income tax withholdings. There may be opportunities to earn additional bonuses based on the successful execution of specific projects.

After your probationary period, you may be eligible to be granted stock options with a term of five years, exercise price at the current market price and vesting 25% after 4 months and then 25% after the end of years 1, 2 and 3, subject to the approval of the Board of Directors and the TSX Venture Exchange.

Termination of Employment

Your employment with the Company may be terminated in one of the following ways:

- a) You may terminate your employment with GreenPower by giving not less than 4 weeks' written notice of termination to GreenPower.
- b) GreenPower may terminate your employment at any time by giving you written notice or pay in lieu of notice, at the option of GreenPower according to and not exceeding the termination pay obligations mandated by the legislation in BC. Such notice or pay in lieu of notice will be in full and complete satisfaction of the obligations of GreenPower on termination of your employment.
- c) Your employment will be automatically terminated upon your death, and GreenPower shall be under no obligation to provide you or your estate or personal representative with notice of termination or payment in lieu of notice or any other form of severance pay or damages.

d) Notwithstanding any other provision of this clause, GreenPower may terminate your employment at any time for just cause, in which case, you will not be entitled to notice, pay in lieu of notice or any other form of compensation, severance pay or damages.

Benefits

The Company will endeavour to have a Medical Plan in place by November 2018 at which time you shall have the option to participate in the Company's Medical Plan and the Company shall pay 50% of the base premiums for a single person for your participation in the Plan.

You will be reimbursed for the use of your mobile phone for Company use and you shall be entitled to three weeks of vacation per year and increased to four weeks of vacation per year upon the completion of your first annual review.

Confidentiality

You agree that during the term of your employment, and for a period of twenty four (24) months after your employment you will not, divulge, publish or otherwise reveal, either directly or through another person, to any person, firm or corporation any information concerning confidential or proprietary information belonging to GreenPower or of any of its affiliated companies. You also

agree that any and all work performed or work product developed for GreenPower is the sole property of GreenPower.

Acceptance

To indicate your acceptance of this offer, please sign below.

We firmly believe that you can make a great contribution to GreenPower, and that you will find working here a rewarding experience. We look forward to the opportunity of working with you to create a successful company, and we are confident that your employment will prove mutually beneficial.

Sincerely,

Fraser Atkinson Executive Chairman

Schedule B

For the year after the commencement of your employment you will be entitled to earn bonuses of up to CDN \$125,000 for the following activities (individually an "Activity"):

-
1. CDN \$25,000 - to secure a facility in the range of \$3 to \$5 Million for San Joaquin Equipment Leasing (our wholly owned subsidiary). Equity funding will be allocated to this aspect of the business providing leverage for any lease facility
 2. CDN \$25,000 - to secure floor plan financing in the range of \$3 to \$5 million for our EV Stars and Synapse school buses in conjunction with Creative Bus Sales floor plan or any other like dealers that are secured by the Company. Equity funding will be allocated to this aspect of the business
 3. CDN \$25,000 - to secure analyst coverage from a recognizable firm (ie. not a "for hire" research firm)
 4. CDN \$25,000 - Company completes the uplisting to NASDAQ
 5. CDN \$25,000 - Where any combination of two of the above items are completed OR where you secure a new item such as a funding program in Canada or the U.S. that was not previously identified by the Company

Upon the successful completion of an Activity then the bonus is payable within ten business days.

To the extent that the specific funding is less than the target amounts then the Company will pay a pro-rata amount of the bonus.

To the extent that any of these activities are substantially complete at the end of one year then the entitlement to the bonus will survive until the Activity is completed. For example, if a Term Sheet for a Leasing Facility has been received, approved and signed but is subject to various closing conditions then this Activity will survive until the closing has been completed.

In the event that there is a Change in Control (as defined in the Company's stock option plan) OR if any two of Fraser Atkinson, Phillip Oldridge or Brendan Riley cease to be with the Company (either being a "Triggering Event") then any Activity that is substantially completed or is completed within six months of the Triggering Event will be deemed to have been earned and payable. So long as you are employed by the Company on the date of the Triggering Event, any bonus payment deemed to be earned and payable within six months of the Triggering Event will be paid within ten business days, whether or not you continue to be employed by the Company.

THE WARRANTS REPRESENTED BY THIS WARRANT CERTIFICATE ARE NON-TRANSFERABLE.

UNLESS PERMITTED UNDER SECURITIES LEGISLATION, THE HOLDER OF THE SECURITIES REPRESENTED HEREBY, AND ANY SECURITIES ISSUABLE UPON EXERCISE OF SUCH SECURITIES, WILL NOT TRADE THE SECURITIES BEFORE MARCH 3, 2019.

WITHOUT PRIOR WRITTEN APPROVAL OF TSX VENTURE EXCHANGE AND COMPLIANCE WITH ALL APPLICABLE SECURITIES LEGISLATION, THE SECURITIES REPRESENTED BY THIS CERTIFICATE MAY NOT BE SOLD, TRANSFERRED, HYPOTHECATED OR OTHERWISE TRADED ON OR THROUGH THE FACILITIES OF TSX VENTURE EXCHANGE OR OTHERWISE IN CANADA OR TO OR FOR THE BENEFIT OF A CANADIAN RESIDENT UNTIL MARCH 3, 2019.

Words importing the singular number include the plural and vice versa and words importing the masculine gender include the feminine and neuter genders.

1.3 **Interpretation not affected by Headings**

The division of these Terms and Conditions into sections and the insertion of headings are for convenience of reference only and will not affect the construction or interpretation thereof.

1.4 **Applicable Law**

The Warrants will be exclusively construed in accordance with the laws of the Province of British Columbia. The Warrant Certificate and these Terms and Conditions are governed by the laws of the Province of British Columbia and the federal laws of Canada applicable therein. The Holder irrevocably attorns to the exclusive jurisdiction of the courts of the Province of British Columbia.

1.5 Currency

Unless otherwise provided, all dollar amounts referred to in the Warrant Certificate and these Terms and Conditions are in lawful money of Canada.

2. ISSUE OF WARRANTS

2.1 Additional Warrants

The Company may at any time and from time to time issue additional warrants or grant options or similar rights to purchase Shares.

2.2 Warrants to Rank Pari Passu

All Warrants and additional warrants, options or similar rights to purchase Shares from time to time issued or granted by the Company will rank *pari passu*, whatever may be the actual dates of issue or grant thereof, or of the dates of the certificates by which they are evidenced.

2.3 Replacement of Lost or Damaged Warrant Certificate

- (a) If the Warrant Certificate becomes mutilated, lost, destroyed or stolen, the Company, at its discretion, may issue and deliver a new Warrant Certificate of like date and tenor as the one mutilated, lost, destroyed or stolen, in exchange for, in place of, and upon cancellation of, such mutilated Warrant Certificate, or in lieu of, and in substitution for, such lost, destroyed or stolen Warrant Certificate.
- (b) The applicant for the issue of a new Warrant Certificate pursuant hereto will bear the cost of such issue and, in case of loss, destruction or theft, will furnish to the Company such evidence of ownership and of loss, destruction or theft of the Warrant Certificate so lost, destroyed or stolen as will be satisfactory to the Company in its discretion. Such applicant may also be required to furnish indemnity in amount and form satisfactory to the Company in its discretion, and will pay the reasonable charges of the Company in connection therewith.

4. EXERCISE OF WARRANTS

4.1 Method of Exercise of Warrants

The Holder may exercise its right to purchase the Warrant Shares at the Exercise Price at any time until the Time of Expiry by:

- (a) providing the Company with the Warrant Certificate and a completed and executed subscription form, in the form attached as Appendix "B" hereto (the "**Subscription Form**"), for the number of Warrant Shares which the Holder wishes to purchase;

(b) surrendering the Warrant Certificate and the Subscription Form to the Company at the address set forth in Section 3.2; and

(c) paying the appropriate Exercise Price, in Canadian funds, for the aggregate number of Warrant Shares subscribed for, either by bank draft, certified cheque or money order, payable to the Company, and delivering such payment to the Company at the address set forth in Section 3.2. Alternatively, the Exercise Price may be wired to the Company or its lawyers pursuant to wiring instructions that will be provided to the Holder upon request.

4.2 Effect of Exercise of Warrants

(a) On the date the Company receives a duly executed Subscription Form and the aggregate Exercise Price for the number of Warrant Shares specified in the Subscription Form (the "**Exercise Date**"), the Warrant Shares so subscribed for will be deemed to have been issued and the persons to whom such Warrant Shares have been deemed to be issued will be deemed to have become the holder (or holders) of record of such Warrant Shares on such date.

(b) As promptly as practicable after the Exercise Date and, in any event, within ten (10) Business Days of the Exercise Date, the Company will cause to be delivered to the person in whose name the Warrant Shares so subscribed for are to be registered as specified in the Subscription Form, and deliver to such person at its respective address specified in the Subscription Form, a certificate for the appropriate number of fully paid and non-assessable Warrant Shares, which will not exceed that number which the Holder is entitled to purchase pursuant to the Warrant Certificate surrendered.

4.3 Subscription for Less Than Entitlement

The Holder may subscribe for and purchase a number of Warrant Shares less than the number which the Holder is entitled to purchase pursuant to the surrendered Warrant Certificate. In the event of any purchase of a number of Warrant Shares less than the number which can be purchased pursuant to the Warrant Certificate, the Holder, upon exercise thereof, will be entitled to receive a new Warrant Certificate in respect of the balance of the Warrant Shares which the Holder was entitled to purchase pursuant to the surrendered Warrant Certificate and which were not then purchased.

4.4 Warrants for Fractions of Warrant Shares

If, on exercise or partial exercise of any Warrant, the Holder is entitled to receive a fraction of a Warrant Share, such Warrant may be exercised in respect of such fraction only in combination with another Warrant or Warrants which, in the aggregate, entitle the Holder to receive a whole Warrant Share.

Page 5 of 9

4.5 Expiration of Warrants

The Holder agrees that, after the Time of Expiry, all rights under the Warrant Certificate and these Terms and Conditions will wholly cease and terminate and the Warrants will be void and of no further force and effect.

4.6 Adjustment of Exercise Price

(a) The Exercise Price and the number of Warrant Shares deliverable upon the exercise of the Warrants will be subject to adjustment in the event of and in the manner following:

(i) if and whenever the Shares at any time outstanding are subdivided into a greater, or consolidated into a lesser, number of Shares, the Exercise Price will be decreased or increased proportionately as the case may be. Upon any such subdivision or consolidation, the number of Warrant Shares deliverable upon the exercise of the Warrants will be increased or decreased proportionately as the case may be; and

(ii) in the case of any capital reorganization or of any reclassification of the capital of the Company, or in the case of the combination, merger, amalgamation or reorganization of the Company with or into any other company (in any case, a "**Reorganization**"), each Warrant will, after such Reorganization, be deemed to confer the right to purchase the number of Warrant Shares or other securities of the Company (or of the company resulting from such Reorganization) which the Holder would have been entitled to upon the Reorganization if the Holder had been a shareholder of the Company at the time of such Reorganization.

(b) In the case of any Reorganization, appropriate adjustments will be made in the application of the provisions of this Section 4.6 relating to the rights and interest thereafter of the Holder so that the provisions of this Section 4.6 will be made applicable as nearly as reasonably possible to any Warrant Shares or other securities deliverable after the Reorganization on the exercise of the Warrants.

(c) The subdivision or consolidation of Shares at any time outstanding into a greater or lesser number of Shares (whether with or without par value) will not be deemed to be a Reorganization for the purposes of this Section 4.6.

(d) The adjustments provided for in this Section 4.6 are cumulative and will become effective immediately after the applicable record date or, if no record date is fixed, the effective date of the event which results in such adjustments.

4.7 Determination of Adjustments

If any questions will at any time arise with respect to the Exercise Price or any adjustment provided for in Section 4.6, such questions will be conclusively determined by the independent firm of accountants duly appointed as auditors of the Company, or, if they decline to so act, by any other firm of certified public accountants registered with the Canadian Public Accountability Board that the Company may designate and who will have access to all appropriate records, and such determination will be binding upon the Company and the Holder.

Page 6 of 9

5. MODIFICATION OF TERMS AND CONDITIONS FOR CERTAIN PURPOSES

From time to time, the Company may, subject to the provisions herein, modify the Terms and Conditions for the purpose of correction or rectification of any ambiguities, defective provisions, errors or omissions.

6. TIME OF ESSENCE

Time will be of the essence hereof.

7. SUCCESSORS

This Warrant Certificate will enure to the benefit of and will be binding upon the Company and its successors.

8. WARRANTS NOT TRANSFERABLE

None of the Warrants, nor any rights attached to any of them, are transferable.

4. EXERCISE OF WARRANTS

4.1 Method of Exercise of Warrants

The Holder may exercise its right to purchase the Warrant Shares at the Exercise Price at any time until the Time of Expiry by:

- (a) providing the Company with the Warrant Certificate and a completed and executed subscription form, in the form attached as Appendix "B" hereto (the "**Subscription Form**"), for the number of Warrant Shares which the Holder wishes to purchase;

(b) surrendering the Warrant Certificate and the Subscription Form to the Company at the address set forth in Section 3.2; and

(c) paying the appropriate Exercise Price, in Canadian funds, for the aggregate number of Warrant Shares subscribed for, either by bank draft, certified cheque or money order, payable to the Company, and delivering such payment to the Company at the address set forth in Section 3.2. Alternatively, the Exercise Price may be wired to the Company or its lawyers pursuant to wiring instructions that will be provided to the Holder upon request.

4.2 Effect of Exercise of Warrants

(a) On the date the Company receives a duly executed Subscription Form and the aggregate Exercise Price for the number of Warrant Shares specified in the Subscription Form (the "**Exercise Date**"), the Warrant Shares so subscribed for will be deemed to have been issued and the persons to whom such Warrant Shares have been deemed to be issued will be deemed to have become the holder (or holders) of record of such Warrant Shares on such date.

(b) As promptly as practicable after the Exercise Date and, in any event, within ten (10) Business Days of the Exercise Date, the Company will cause to be delivered to the person in whose name the Warrant Shares so subscribed for are to be registered as specified in the Subscription Form, and deliver to such person at its respective address specified in the Subscription Form, a certificate for the appropriate number of fully paid and non-assessable Warrant Shares, which will not exceed that number which the Holder is entitled to purchase pursuant to the Warrant Certificate surrendered.

4.3 Subscription for Less Than Entitlement

The Holder may subscribe for and purchase a number of Warrant Shares less than the number which the Holder is entitled to purchase pursuant to the surrendered Warrant Certificate. In the event of any purchase of a number of Warrant Shares less than the number which can be purchased pursuant to the Warrant Certificate, the Holder, upon exercise thereof, will be entitled to receive a new Warrant Certificate in respect of the balance of the Warrant Shares which the Holder was entitled to purchase pursuant to the surrendered Warrant Certificate and which were not then purchased.

4.4 Warrants for Fractions of Warrant Shares

If, on exercise or partial exercise of any Warrant, the Holder is entitled to receive a fraction of a Warrant Share, such Warrant may be exercised in respect of such fraction only in combination with another Warrant or Warrants which, in the aggregate, entitle the Holder to receive a whole Warrant Share.

Page 5 of 9

4.5 Expiration of Warrants

The Holder agrees that, after the Time of Expiry, all rights under the Warrant Certificate and these Terms and Conditions will wholly cease and terminate and the Warrants will be void and of no further force and effect.

4.6 Adjustment of Exercise Price

(a) The Exercise Price and the number of Warrant Shares deliverable upon the exercise of the Warrants will be subject to adjustment in the event of and in the manner following:

(i) if and whenever the Shares at any time outstanding are subdivided into a greater, or consolidated into a lesser, number of Shares, the Exercise Price will be decreased or increased proportionately as the case may be. Upon any such subdivision or consolidation, the number of Warrant Shares deliverable upon the exercise of the Warrants will be increased or decreased proportionately as the case may be; and

(ii) in the case of any capital reorganization or of any reclassification of the capital of the Company, or in the case of the combination, merger, amalgamation or reorganization of the Company with or into any other company (in any case, a "**Reorganization**"), each Warrant will, after such Reorganization, be deemed to confer the right to purchase the number of Warrant Shares or other securities of the Company (or of the company resulting from such Reorganization) which the Holder would have been entitled to upon the Reorganization if the Holder had been a shareholder of the Company at the time of such Reorganization.

(b) In the case of any Reorganization, appropriate adjustments will be made in the application of the provisions of this Section 4.6 relating to the rights and interest thereafter of the Holder so that the provisions of this Section 4.6 will be made applicable as nearly as reasonably possible to any Warrant Shares or other securities deliverable after the Reorganization on the exercise of the Warrants.

(c) The subdivision or consolidation of Shares at any time outstanding into a greater or lesser number of Shares (whether with or without par value) will not be deemed to be a Reorganization for the purposes of this Section 4.6.

(d) The adjustments provided for in this Section 4.6 are cumulative and will become effective immediately after the applicable record date or, if no record date is fixed, the effective date of the event which results in such adjustments.

4.7 Determination of Adjustments

If any questions will at any time arise with respect to the Exercise Price or any adjustment provided for in Section 4.6, such questions will be conclusively determined by the independent firm of accountants duly appointed as auditors of the Company, or, if they decline to so act, by any other firm of certified public accountants registered with the Canadian Public Accountability Board that the Company may designate and who will have access to all appropriate records, and such determination will be binding upon the Company and the Holder.

5. MODIFICATION OF TERMS AND CONDITIONS FOR CERTAIN PURPOSES

From time to time, the Company may, subject to the provisions herein, modify the Terms and Conditions for the purpose of correction or rectification of any ambiguities, defective provisions, errors or omissions.

6. TIME OF ESSENCE

Time will be of the essence hereof.

7. SUCCESSORS

This Warrant Certificate will enure to the benefit of and will be binding upon the Company and its successors.

8. WARRANTS NOT TRANSFERABLE

None of the Warrants, nor any rights attached to any of them, are transferable.

1.2 **Gender**

Words importing the singular number include the plural and vice versa and words importing the masculine gender include the feminine and neuter genders.

1.3 **Interpretation not affected by Headings**

The division of these Terms and Conditions into sections and the insertion of headings are for convenience of reference only and will not affect the construction or interpretation thereof.

1.4 **Applicable Law**

The Warrants will be exclusively construed in accordance with the laws of the Province of British Columbia. The Warrant Certificate and these Terms and Conditions are governed by the laws of the Province of British Columbia

and the federal laws of Canada applicable therein. The Holder irrevocably attorns to the exclusive jurisdiction of the courts of the Province of British Columbia.

1.5 **Currency**

Unless otherwise provided, all dollar amounts referred to in the Warrant Certificate and these Terms and Conditions are in lawful money of Canada.

2. **ISSUE OF WARRANTS**

2.1 **Additional Warrants**

The Company may at any time and from time to time issue additional warrants or grant options or similar rights to purchase Shares.

2.2 **Warrants to Rank Pari Passu**

All Warrants and additional warrants, options or similar rights to purchase Shares from time to time issued or granted by the Company will rank *pari passu*, whatever may be the actual dates of issue or grant thereof, or of the dates of the certificates by which they are evidenced.

2.3 **Replacement of Lost or Damaged Warrant Certificate**

- (a) If the Warrant Certificate becomes mutilated, lost, destroyed or stolen, the Company, at its discretion, may issue and deliver a new Warrant Certificate of like date and tenor as the one mutilated, lost, destroyed or stolen, in exchange for, in place of, and upon cancellation of, such mutilated Warrant Certificate, or in lieu of, and in substitution for, such lost, destroyed or stolen Warrant Certificate.
- (b) The applicant for the issue of a new Warrant Certificate pursuant hereto will bear the cost of such issue and, in case of loss, destruction or theft, will furnish to the Company such evidence of ownership and of loss, destruction or theft of the Warrant Certificate so lost, destroyed or stolen as will be satisfactory to the Company in its discretion. Such applicant may also be required to furnish indemnity in amount and form satisfactory to the Company in its discretion, and will pay the reasonable charges of the Company in connection therewith.

Page 3 of 9

2.4 **Holder Not a Shareholder**

The holding of the Warrants will not constitute the Holder a shareholder of the Company, nor entitle it to any right or interest in respect thereof except as expressly provided in the Warrant Certificate.

3. **NOTICE**

3.1 **Notice to Holders**

Any notice required or permitted to be given to the Holder will be in writing and may be given by prepaid registered post, electronic facsimile transmission or other means of electronic communication capable of producing a printed copy to the address of the Holder appearing on the Warrant Certificate or to such other address as the Holder may specify by notice in writing to the Company to the address set forth in Section 3.2, and any such notice will be

deemed to have been given and received by the Holder: (a) if mailed by prepaid registered post, on the third Business Day following the mailing thereof; (b) if by electronic facsimile or other electronic communication, on successful transmission; or (c) if delivered, on delivery, but if at the time of mailing, or between the time of mailing and the third Business Day thereafter, there is a strike, lockout or other labour disturbance affecting postal service, then the notice will not be effectively given until actually delivered.

3.2 Notice to the Company

Any notice required or permitted to be given to the Company will be in writing and may be given by prepaid registered post, electronic facsimile transmission or other means of electronic communication capable of producing a printed copy to the address of the Company set forth below or such other address as the Company may specify by notice in writing to the Holder to the address of the Holder appearing on the Warrant Certificate, and any such notice will be deemed to have been given and received by the Company: (a) if mailed by prepaid registered post, on the third Business Day following the mailing thereof; (b) if by electronic facsimile transmission or other electronic communication, on successful transmission; or (c) if delivered, on delivery, but if at the time of mailing, or between the time of mailing and the third Business Day thereafter, there is a strike, lockout or other labour disturbance affecting postal service, then the notice will not be effectively given until actually delivered.

4. EXERCISE OF WARRANTS

4.1 Method of Exercise of Warrants

The Holder may exercise its right to purchase the Warrant Shares at the Exercise Price at any time until the Time of Expiry by:

- (a) providing the Company with the Warrant Certificate and a completed and executed subscription form, in the form attached as Appendix "B" hereto (the "**Subscription Form**"), for the number of Warrant Shares which the Holder wishes to purchase;

(b) surrendering the Warrant Certificate and the Subscription Form to the Company at the address set forth in Section 3.2; and

(c) paying the appropriate Exercise Price, in Canadian funds, for the aggregate number of Warrant Shares subscribed for, either by bank draft, certified cheque or money order, payable to the Company, and delivering such payment to the Company at the address set forth in Section 3.2. Alternatively, the Exercise Price may be wired to the Company or its lawyers pursuant to wiring instructions that will be provided to the Holder upon request.

4.2 Effect of Exercise of Warrants

(a) On the date the Company receives a duly executed Subscription Form and the aggregate Exercise Price for the number of Warrant Shares specified in the Subscription Form (the "**Exercise Date**"), the Warrant Shares so subscribed for will be deemed to have been issued and the persons to whom such Warrant Shares have been deemed to be issued will be deemed to have become the holder (or holders) of record of such Warrant Shares on such date.

(b) As promptly as practicable after the Exercise Date and, in any event, within ten (10) Business Days of the Exercise Date, the Company will cause to be delivered to the person in whose name the Warrant Shares so subscribed for are to be registered as specified in the Subscription Form, and deliver to such person at its respective address specified in the Subscription Form, a certificate for the appropriate number of fully paid and non-assessable Warrant Shares, which will not exceed that number which the Holder is entitled to purchase pursuant to the Warrant Certificate surrendered.

4.3 Subscription for Less Than Entitlement

The Holder may subscribe for and purchase a number of Warrant Shares less than the number which the Holder is entitled to purchase pursuant to the surrendered Warrant Certificate. In the event of any purchase of a number of Warrant Shares less than the number which can be purchased pursuant to the Warrant Certificate, the Holder, upon exercise thereof, will be entitled to receive a new Warrant Certificate in respect of the balance of the Warrant Shares which the Holder was entitled to purchase pursuant to the surrendered Warrant Certificate and which were not then purchased.

4.4 Warrants for Fractions of Warrant Shares

If, on exercise or partial exercise of any Warrant, the Holder is entitled to receive a fraction of a Warrant Share, such Warrant may be exercised in respect of such fraction only in combination with another Warrant or Warrants which, in the aggregate, entitle the Holder to receive a whole Warrant Share.

Page 5 of 9

4.5 Limitation on Exercise of the Warrants

Notwithstanding anything to the contrary contained in the Warrant Certificate, the Warrants shall not be exercisable by the Holder, and the Company shall not effect any exercise of the Warrants or otherwise issue any Warrant Shares pursuant hereto, to the extent (but only to the extent) that, after giving effect to such exercise, the Holder or any of its affiliates would beneficially own in excess of 20% (the "**Maximum Percentage**") of the issued and outstanding Shares of the Company after such exercise, unless the Company has obtained all necessary shareholder and regulatory approvals for such exercise. To the extent the above limitation applies, the determination of whether a Warrant shall be exercised (vis-à-vis other convertible, exercisable or exchangeable securities owned by the Holder

or any of its affiliates) and of which such securities shall be convertible, exercisable or exchangeable (as among all such securities owned by the Holder and its affiliates) shall, subject to the Maximum Percentage limitation, be determined on the basis of the first submission to the Company for conversion, exercise or exchange (as the case may be). No prior inability to exercise a Warrant or to issue Warrant Shares pursuant to this Section shall have any effect on the applicability of the provisions of this Section with respect to any subsequent determination of exercisability. For purposes of this Section, beneficial ownership and all determinations and calculations (including, without limitation, with respect to calculations of percentage ownership) shall be determined in accordance with National Instrument 55-104 *Insider Reporting Requirements and Exemptions* ("NI 55-104"). The limitations contained in this Section shall apply to a successor Holder of the Warrants. For any reason at any time, upon the written or oral request of the Holder, the Company shall within one business day confirm orally and in writing to the Holder the number of Shares then outstanding, including by virtue of any prior conversion or exercise of convertible or exercisable securities into Shares, including, without limitation, pursuant to the Warrants. Unless otherwise agreed to by the parties hereto, by written notice to the Company, the Holder may increase or decrease the Maximum Percentage to any other percentage provided that: (a) any such increase will not be effective until the 61st day after such notice is delivered to the Company, and (b) any such increase or decrease will apply only to the Holder sending such notice.

4.6 Expiration of Warrants

The Holder agrees that, after the Time of Expiry, all rights under the Warrant Certificate and these Terms and Conditions will wholly cease and terminate and the Warrants will be void and of no further force and effect.

4.7 Adjustment of Exercise Price

- (a) The Exercise Price and the number of Warrant Shares deliverable upon the exercise of the Warrants will be subject to adjustment in the event of and in the manner following:
 - (i) if and whenever the Shares at any time outstanding are subdivided into a greater, or consolidated into a lesser, number of Shares, the Exercise Price will be decreased or increased proportionately as the case may be. Upon any such subdivision or consolidation, the number of Warrant Shares deliverable upon the exercise of the Warrants will be increased or decreased proportionately as the case may be; and
 - (ii) in the case of any capital reorganization or of any reclassification of the capital of the Company, or in the case of the combination, merger, amalgamation or reorganization of the Company with or into any other company (in any case, a "**Reorganization**"), each Warrant will, after such Reorganization, be deemed to confer the right to purchase the number of Warrant Shares or other securities of the Company (or of the company resulting from such Reorganization) which the Holder would have been entitled to upon the Reorganization if the Holder had been a shareholder of the Company at the time of such Reorganization.

Page 6 of 9

-
- (b) In the case of any Reorganization, appropriate adjustments will be made in the application of the provisions of this Section 4.6 relating to the rights and interest thereafter of the Holder so that the provisions of this Section 4.6 will be made applicable as nearly as reasonably possible to any Warrant Shares or other securities deliverable after the Reorganization on the exercise of the Warrants.

(c) The subdivision or consolidation of Shares at any time outstanding into a greater or lesser number of Shares (whether with or without par value) will not be deemed to be a Reorganization for the purposes of this Section 4.6.

(d) The adjustments provided for in this Section 4.6 are cumulative and will become effective immediately after the applicable record date or, if no record date is fixed, the effective date of the event which results in such adjustments.

4.8 Determination of Adjustments

If any questions will at any time arise with respect to the Exercise Price or any adjustment provided for in Section 4.6, such questions will be conclusively determined by the independent firm of accountants duly appointed as auditors of the Company, or, if they decline to so act, by any other firm of certified public accountants registered with the Canadian Public Accountability Board that the Company may designate and who will have access to all appropriate records, and such determination will be binding upon the Company and the Holder.

5. MODIFICATION OF TERMS AND CONDITIONS FOR CERTAIN PURPOSES

From time to time, the Company may, subject to the provisions herein, modify the Terms and Conditions for the purpose of correction or rectification of any ambiguities, defective provisions, errors or omissions.

6. TIME OF ESSENCE

Time will be of the essence hereof.

7. SUCCESSORS

This Warrant Certificate will enure to the benefit of and will be binding upon the Company and its successors.

8. WARRANTS NOT TRANSFERABLE

None of the Warrants, nor any rights attached to any of them, are transferable.

4. EXERCISE OF WARRANTS

4.1 Method of Exercise of Warrants

The Holder may exercise its right to purchase the Warrant Shares at the Exercise Price at any time until the Time of Expiry by:

- (a) providing the Company with the Warrant Certificate and a completed and executed subscription form, in the form attached as Appendix "B" hereto (the "**Subscription Form**"), for the number of Warrant Shares which the Holder wishes to purchase;
- (b) surrendering the Warrant Certificate and the Subscription Form to the Company at the address set forth in Section 3.2; and
- (c) paying the appropriate Exercise Price, in Canadian funds, for the aggregate number of Warrant Shares subscribed for, either by bank draft, certified cheque or money order, payable to the Company, and delivering such payment to the Company at the address set forth in Section 3.2. Alternatively, the Exercise Price may be wired to the Company or its lawyers pursuant to wiring instructions that will be provided to the Holder upon request.

4.2 Effect of Exercise of Warrants

- (a) On the date the Company receives a duly executed Subscription Form and the aggregate Exercise Price for the number of Warrant Shares specified in the Subscription Form (the "**Exercise Date**"), the Warrant Shares so subscribed for will be deemed to have been issued and the persons to whom such Warrant Shares have been deemed to be issued will be deemed to have become the holder (or holders) of record of such Warrant Shares on such date.
- (b) As promptly as practicable after the Exercise Date and, in any event, within ten (10) Business Days of the Exercise Date, the Company will cause to be delivered to the person in whose name the Warrant Shares so subscribed for are to be registered as specified in the Subscription Form, and deliver to such person at its respective address specified in the Subscription Form, a certificate for the appropriate number of fully paid and non-assessable Warrant Shares, which will not exceed that number which the Holder is entitled to purchase pursuant to the Warrant Certificate surrendered.

4.3 Subscription for Less Than Entitlement

The Holder may subscribe for and purchase a number of Warrant Shares less than the number which the Holder is entitled to purchase pursuant to the surrendered Warrant Certificate. In the event of any purchase of a number of Warrant Shares less than the number which can be purchased pursuant to the Warrant Certificate, the Holder, upon

exercise thereof, will be entitled to receive a new Warrant Certificate in respect of the balance of the Warrant Shares which the Holder was entitled to purchase pursuant to the surrendered Warrant Certificate and which were not then purchased.

4.4 Warrants for Fractions of Warrant Shares

If, on exercise or partial exercise of any Warrant, the Holder is entitled to receive a fraction of a Warrant Share, such Warrant may be exercised in respect of such fraction only in combination with another Warrant or Warrants which, in the aggregate, entitle the Holder to receive a whole Warrant Share.

Page 5 of 9

4.5 Limitation on Exercise of the Warrants

Notwithstanding anything to the contrary contained in the Warrant Certificate, the Warrants shall not be exercisable by the Holder, and the Company shall not effect any exercise of the Warrants or otherwise issue any Warrant Shares pursuant hereto, to the extent (but only to the extent) that, after giving effect to such exercise, the Holder or any of its affiliates would beneficially own in excess of 20% (the "**Maximum Percentage**") of the issued and outstanding Shares of the Company after such exercise, unless the Company has obtained all necessary shareholder and regulatory approvals for such exercise. To the extent the above limitation applies, the determination of whether a Warrant shall be exercised (vis-à-vis other convertible, exercisable or exchangeable securities owned by the Holder or any of its affiliates) and of which such securities shall be convertible, exercisable or exchangeable (as among all such securities owned by the Holder and its affiliates) shall, subject to the Maximum Percentage limitation, be determined on the basis of the first submission to the Company for conversion, exercise or exchange (as the case may be). No prior inability to exercise a Warrant or to issue Warrant Shares pursuant to this Section shall have any effect on the applicability of the provisions of this Section with respect to any subsequent determination of exercisability. For purposes of this Section, beneficial ownership and all determinations and calculations (including, without limitation, with respect to calculations of percentage ownership) shall be determined in accordance with National Instrument 55-104 *Insider Reporting Requirements and Exemptions* ("**NI 55-104**"). The limitations contained in this Section shall apply to a successor Holder of the Warrants. For any reason at any time, upon the written or oral request of the Holder, the Company shall within one business day confirm orally and in writing to the Holder the number of Shares then outstanding, including by virtue of any prior conversion or exercise of convertible or exercisable securities into Shares, including, without limitation, pursuant to the Warrants. Unless otherwise agreed to by the parties hereto, by written notice to the Company, the Holder may increase or decrease the Maximum Percentage to any other percentage provided that: (a) any such increase will not be effective until the 61st day after such notice is delivered to the Company, and (b) any such increase or decrease will apply only to the Holder sending such notice.

4.6 Expiration of Warrants

The Holder agrees that, after the Time of Expiry, all rights under the Warrant Certificate and these Terms and Conditions will wholly cease and terminate and the Warrants will be void and of no further force and effect.

4.7 Adjustment of Exercise Price

- (a) The Exercise Price and the number of Warrant Shares deliverable upon the exercise of the Warrants will be subject to adjustment in the event of and in the manner following:
 - (i) if and whenever the Shares at any time outstanding are subdivided into a greater, or consolidated into a lesser, number of Shares, the Exercise Price will be decreased or increased proportionately as the case may be. Upon any such subdivision or

consolidation, the number of Warrant Shares deliverable upon the exercise of the Warrants will be increased or decreased proportionately as the case may be; and

- (ii) in the case of any capital reorganization or of any reclassification of the capital of the Company, or in the case of the combination, merger, amalgamation or reorganization of the Company with or into any other company (in any case, a "**Reorganization**"), each Warrant will, after such Reorganization, be deemed to confer the right to purchase the number of Warrant Shares or other securities of the Company (or of the company resulting from such Reorganization) which the Holder would have been entitled to upon the Reorganization if the Holder had been a shareholder of the Company at the time of such Reorganization.

Page 6 of 9

- (b) In the case of any Reorganization, appropriate adjustments will be made in the application of the provisions of this Section 4.6 relating to the rights and interest thereafter of the Holder so that the provisions of this Section 4.6 will be made applicable as nearly as reasonably possible to any Warrant Shares or other securities deliverable after the Reorganization on the exercise of the Warrants.
- (c) The subdivision or consolidation of Shares at any time outstanding into a greater or lesser number of Shares (whether with or without par value) will not be deemed to be a Reorganization for the purposes of this Section 4.6.
- (d) The adjustments provided for in this Section 4.6 are cumulative and will become effective immediately after the applicable record date or, if no record date is fixed, the effective date of the event which results in such adjustments.

4.8 Determination of Adjustments

If any questions will at any time arise with respect to the Exercise Price or any adjustment provided for in Section 4.6, such questions will be conclusively determined by the independent firm of accountants duly appointed as auditors of the Company, or, if they decline to so act, by any other firm of certified public accountants registered with the Canadian Public Accountability Board that the Company may designate and who will have access to all appropriate records, and such determination will be binding upon the Company and the Holder.

5. MODIFICATION OF TERMS AND CONDITIONS FOR CERTAIN PURPOSES

From time to time, the Company may, subject to the provisions herein, modify the Terms and Conditions for the purpose of correction or rectification of any ambiguities, defective provisions, errors or omissions.

6. TIME OF ESSENCE

Time will be of the essence hereof.

7. SUCCESSORS

This Warrant Certificate will enure to the benefit of and will be binding upon the Company and its successors.

8. WARRANTS NOT TRANSFERABLE

None of the Warrants, nor any rights attached to any of them, are transferable.

Greenpower Motor Company Inc. 240-209 Carrall Street Vancouver, B.C. V6B 2J2

Attention: Fraser Atkinson, David Richardson and Michael Sieffert

LETTER OF AGREEMENT - AMENDMENT & RESTATEMENT

Bank of Montreal ("BMO") is pleased to provide this amended and restated Letter of Agreement with respect to the credit Facilities (each a "Facility" and collectively, the "Facilities") described herein. The letter (the "**Letter of Agreement**") amends and restates the existing Letter of Agreement dated May 15th 2018 and Amendment and Restatement Agreement dated November 8th 2018 (the "**Prior Letter**"). The Facilities are offered (or continue to be offered, as applicable) on the terms and conditions set out in this Letter of Agreement. The Schedules listed below and attached form part of this Letter of Agreement.

Notwithstanding any other provision of this Letter of Agreement or in any applicable agreements, any Advance under any Facility hereunder will be made at BMO's sole discretion. Any unutilized portion of any Facility hereunder may be cancelled by BMO at any time without prior notice.

Borrower(s): Greenpower Motor Company Inc.
(the "**Borrower**")
Guarantor(s): David Richardson, Fraser Atkinson, Greenpower Motor Company, Inc.
(Registered in the United States)
(the "**Guarantor(s)**")
Total Facility Limit: The total approved amount of all facilities shall not exceed USD

Any other documents, instruments or agreements as may be required by BMO, acting reasonably

Reporting Requirements:

Annual	- Audited Year-end financial statements of GreenPower Motor Company Inc., within 120 days of fiscal year-end.
	- Personal Tax Returns (T1) with Notice of Assessment of personal guarantors (Mr. David Richardson and Mr. Fraser Atkinson), within 120 days of fiscal year-end.
	- Such other information as Lender may reasonably request from time to time (such as updated personal financial statements).
Quarterly	- Company prepared quarterly financial statements of GreenPower Motor Company Inc., within 60 days of respective quarter-end.
	- Updated order backlog from borrower within 60 days of respective quarter-end.

A \$50 per month fee will be applied for non compliance with reporting requirements. The application of this fee does not waive the default condition.

Prompt notification of management letters, default notices, litigation, and any other material events

Satisfactory evidence that all taxes (including, without limitation, GST, HST, sales tax, withholdings, etc.) have been paid to date

Representations and Warranties:

The Borrower and each Guarantor, as applicable, makes the representations and warranties set out in Schedule B. All representations and warranties of the Borrower and any Guarantor, in addition to any representation or warranty provided in any document executed in connection with a Facility or any Security, shall be true and correct on the date of this Letter of Agreement and on the date of any Advance under a Facility.

Noteless Advances:

The Borrower acknowledges that the actual recording of the amount of any advance or repayment thereof under the Facilities, and interest, fees and other amounts due in connection with the Facilities, in an account of the Borrower maintained by BMO, shall constitute *prima facie* evidence of the Borrower's indebtedness and liability from time to time under the Facilities; provided that the obligation of the Borrower to pay or repay any indebtedness and liability in accordance with the terms and conditions of the Facilities set out in this Letter of Agreement shall not be affected by the failure of BMO to make such recording. The Borrower also hereby acknowledges being indebted to BMO for principal amounts shown as outstanding from time to time in BMO's account records, and all accrued and unpaid interest in respect thereto, which principal and interest the Borrower hereby undertakes to pay to BMO in accordance with the terms and conditions applicable to the Facilities as set out in this Letter of Agreement.

Fees:

All costs and expense incurred by BMO in connection with this Letter of Agreement and the Facilities (including without limitation all legal, appraisal and consulting fees), and the enforcement of the Security are for the account of the Borrower.

A one-time fee ("Fee") of \$10,000.00 USD is payable by the Borrower to BMO upon acceptance of this Letter of Agreement. This fee is deemed to be earned by BMO upon acceptance of this Letter of Agreement, to compensate for time, effort and expense incurred by BMO in authorizing these Facilities.

Page 4 of 10

Credit renewal fees will be payable as advised by BMO annually; at the date of this letter such fees are estimated to be \$2,500.00 CAD.

All fees payable under this Letter of Agreement shall be paid to BMO on the dates due, in immediately available funds. Fees paid shall not be refundable except in the case of manifest error in the calculation of any fee payment.

Banking Services:

The Borrower shall maintain its Bank Accounts, solely with the BMO. Borrower acknowledges that the pricing (including interest, fees and charges) contained in this Letter of Agreement is contingent on the Borrower maintaining all of its operating accounts with BMO. In the event the Borrower does not do so, BMO may, at any time, in its sole discretion and without any requirement to obtain the agreement of, or provide prior notice to the Borrower, increase such pricing.

Treasury & Payment Solutions:

BMO will provide Non-Credit and treasury & payment solutions to the Borrower. A Treasury & Payment Specialist will contact the Borrower to implement BMO's On-Line Banking for Business platform (OLBB) and discuss additional treasury & payment features such as Electronic Funds Transfer (EFT), Wire Payments, BMO DepositEdge® and Moneris® Payment Processing Solutions. BMO's objective is to provide a package of services that are tailored to meet both the current and future needs of the Borrower in a cost efficient operating environment.

Commercial Loan Insurance Plan:

You understand that unless you submit an Application for Commercial Loan Insurance Plan ("Application"), and it has been approved by Canada Life as the insurer, you will not be covered under the Commercial Loan Insurance Plan for any facilities under this Letter of Agreement and would be ineligible to submit a claim should you undergo an insurable event.

Counterparts; Electronic Transmissions:

This agreement may be executed in any number of counterparts with the same effect as if all parties hereto had all signed the same document. Any counterpart of this Agreement may be executed and circulated by facsimile, PDF or other electronic means and any counterpart executed and circulated in such a manner shall be deemed to be an original counterpart of this Agreement. All counterparts shall be construed together and shall constitute one and the same original agreement.

Governing Law:

British Columbia and the federal laws of Canada applicable therein.

Schedules:

The following Schedules are attached to and form part of this letter of agreement:
Schedule A - Covenants
Schedule B - Representations and Warranties
Schedule C - Conditions Precedent to Advances

BMO's Legal Counsel: Peter Ferrari at Guild Yule LLP Suite 2100 - 1075 West Georgia Street Vancouver, BC V6E 3C9

This Letter of Agreement amends and restates, without novation, the Prior Letter, as of December 21st 2018], without prejudice to the effect of the terms of the Prior Letter or to any actions taken under or pursuant to the Prior Letter prior to such date. The entry into effect of this Letter of Agreement shall not be deemed to waive or limit any of BMO's rights in respect of any Event of Default then existing under the Prior Letter or any Event of Default under this Letter of Agreement which exists because of matters occurring prior to such effective date, whether or not known to BMO.

Page 5 of 10

In accepting this agreement you acknowledge that if, in the opinion of BMO, a material adverse change in risk occurs including, without limitation, any material adverse change in the financial condition, business, property or prospects of the Borrower or any Guarantor, the rights and remedies of BMO, or the ability of the Borrower or any Guarantor to perform its obligations to BMO, any obligation to advance some or all of the above Facilities may be withdrawn or cancelled.

Please indicate your acceptance of the terms and conditions hereof by signing and returning one copy of this Letter of Agreement (and making payment of the above noted fee, if applicable) to BMO no later than December 24th 2018. If your acceptance of this Letter of Agreement is not received by BMO by that date, BMO shall have no obligation to proceed with any of the Facilities.

Yours truly,

8. Access by BMO to books and records; BMO to have right to inspect property to which its security applies
9. No assumption of additional indebtedness or guarantee obligations by Borrower without prior written consent of BMO
10. No liens or encumbrances on any assets except with the prior written consent of BMO
11. No change of control or ownership of the Borrower without the prior written consent of BMO
12. No disposition of property or assets (except in the ordinary course of business) without the prior written consent of BMO
13. No material acquisitions, hostile takeovers, mergers or amalgamations without BMO's prior written approval
14. [For multiple currencies]:

If, for the purposes of obtaining judgment in any court in any jurisdiction with respect to this Letter of Agreement, it becomes necessary to convert into a particular currency (the "Judgment Currency") any amount due under this Letter of Agreement in any currency other than the Judgment Currency (the "Currency Due"), then conversion shall be made at the rate of exchange prevailing on the Business Day before the day on which judgment is given. For this purpose "rate of exchange" means the rate at which BMO is able, on the relevant date, to purchase the Currency Due with the Judgment Currency in accordance with its normal practice at its principal office in Toronto, Ontario. In the event that there is a change in the rate of exchange prevailing between the Business Day before the day on which the judgment is given and the date of receipt by BMO of the amount due, the Borrower will, on the date of receipt by BMO, pay such additional amounts, if any, or be entitled to receive reimbursement of such amount, if any, as may be necessary to ensure that the amount

received by BMO on such date is the amount in the Judgment Currency which when converted at the rate of exchange prevailing on the date of receipt by BMO is the amount then due under this Letter of Agreement in the Currency Due. If the amount of the Currency Due which BMO is so able to purchase is less than the amount of the Currency Due originally due to it, the Borrower and each Guarantor jointly and severally (solidarily) agree to indemnify BMO from and against any and all loss or damage arising as a result of such deficiency. This indemnity shall constitute an obligation separate and independent from the other obligations contained in this Letter of Agreement, shall give rise to a separate and independent cause of action, shall apply irrespective of any indulgence granted by BMO from time to time and shall continue in full force and effect notwithstanding any judgment or order in respect of an amount due under this Letter of Agreement or under any judgment or order.

GREENPOWER MOTOR COMPANY INC.
(the "Company")

2019 ROLLING STOCK OPTION PLAN
May 14, 2019

1. PURPOSE

The purpose of this Plan is to advance the interests of the Company by encouraging equity participation in the Company through the acquisition of Common Shares of the Company. It is the intention of the Company that, if and so long as the Company's shares are listed on the TSXV (as defined herein), at the discretion of the Board (as defined herein), this Plan will at all times be in compliance with the TSXV Policies (as defined herein) and unless the Board determines otherwise, any inconsistencies between this Plan and the TSXV Policies whether due to inadvertence or changes in TSXV Policies will be resolved in favour of the TSXV Policies.

2. INTERPRETATION

2.1 Definitions

For the purposes of this Plan, the following terms have the respective meanings set forth below:

- (a) "**Affiliate**" has the same meaning ascribed to that term as set out in the TSXV Policies;
- (b) "**Associate**" has the same meaning as ascribed to that term as set out in the TSXV Policies;
- (c) "**Board**" means the board of directors of the Company or any committee thereof duly empowered or authorized to grant options under this Plan;
- (d) "**Change of Control**" means the occurrence of any one of the following events:
 - (i) there is a report filed with any securities commission or securities regulatory authority in Canada, disclosing that any offeror (as the term "offeror" is defined in Section 1.1 of Multilateral Instrument 62-104 *Take-Over Bids and Issuer Bids*) has acquired beneficial ownership of, or the power to exercise control or direction over, or securities convertible into, any shares of capital stock of any class of the Company carrying voting rights under all circumstances (the "**Voting Shares**"), that, together with the offeror's securities would constitute Voting Shares of the Company representing more than 50% of the total voting power attached to all Voting Shares of the Company then outstanding,
 - (ii) there is consummated any amalgamation, consolidation, statutory arrangement, merger, business combination or other similar transaction involving the Company: (1) in which the Company is not the continuing or surviving corporation, or (2) pursuant to which any Voting Shares of the Company would be reclassified, changed or converted into or exchanged for cash, securities or other property, other than (in each case) an amalgamation, consolidation, statutory arrangement, merger, business combination or other similar transaction involving the Company in which the holders of the Voting Shares of the Company immediately prior to such amalgamation, consolidation, statutory arrangement, merger, business combination or other similar transaction have, directly or indirectly, more than 50% of the Voting Shares of the continuing or surviving corporation immediately after such transaction,

- 2 -

(iii) any person or group of persons shall succeed in having a sufficient number of its nominees elected as directors of the Company such that such nominees, when added to any existing directors of the Company, will constitute a majority of the directors of the Company, or

(iv) there is consummated a sale, transfer or disposition by the Company of all or substantially all of the assets of the Company,

provided that an event shall not constitute a Change of Control if its sole purpose is to change the jurisdiction of the Company's organization or to create a holding company, partnership or trust that will be owned in substantially the same proportions by the persons who held the Company's securities immediately before such event;

(e) "**Common Shares**" means the common shares in the capital of the Company as constituted on the Grant Date, provided that, in the event of any adjustment pursuant to Section 4.9, "Common Shares" shall thereafter mean the shares or other property resulting from the events giving rise to the adjustment;

(f) "**Company**" means GreenPower Motor Company Inc. and includes, unless the context otherwise requires, all of its subsidiaries or Affiliates and successors according to law;

(g) "**Consultant**" means, in relation to the Company, an individual or Consultant Company, other than an Employee or a Director of the Company, that:

(i) is engaged to provide on an ongoing bona fide basis, consulting, technical, management or other services to the Company or to an Affiliate of the Company, other than services provided in relation to a Distribution,

(ii) provides the services under a written contract between the Company or the Affiliate and the individual or the Consultant Company,

(iii) in the reasonable opinion of the Company, spends or will spend a significant amount of time and attention on the affairs and business of the Company or an Affiliate of the Company, and

- 3 -

(iv) has a relationship with the Issuer or an Affiliate of the Company that enables the individual to be knowledgeable about the business and affairs of the Company;

(h) "**Consultant Company**" means for an individual consultant, a company or partnership of which the individual is an employee, shareholder or partner;

(i) "**Director**" has the same meaning ascribed to that term as set out in the TSXV Policies;

(j) "**Disability**" means any disability with respect to an Optionee which the Board in its sole and unfettered discretion, considers likely to prevent permanently the Optionee from:

(i) being employed or engaged by the Company, its subsidiaries or another employer, in a position the same as or similar to that in which he was last employed or engaged by the Company or its subsidiaries, or

(ii) acting as a director or officer of the Company or its subsidiaries,

and "**Date of Disability**" means the effective date of the Disability as determined by the Board in its sole and unfettered discretion;

(k) "**Disinterested Shareholder Approval**" means approval by a majority of the votes cast by all the Company's shareholders at a duly constituted shareholders' meeting, excluding votes attached to shares beneficially owned by Insiders, and their Associates, to whom Options may be granted under this Plan;

(l) "**Distribution**" has the same meaning ascribed to that term as set out in the TSXV Policies;

(m) "**Eligible Person**" means, from, time to time, any bona fide Director, Employee or Consultant of the Company or an Affiliate of the Company;

(n) "**Employee**" has the same meaning ascribed to that term as set out in the TSXV Policies;

(o) "**Exercise Price**" means the amount payable per Common Share on the exercise of an Option, as determined in accordance with the terms hereof;

(p) "**Expiry Date**" means 5:00 p.m. (Vancouver time) on the day on which an Option expires as specified in the Option Agreement therefor or in accordance with the terms of this Plan;

(q) "**Grant Date**" for an Option means the date of grant thereof by the Board, whether or not the grant is subject to any Regulatory Approval;

(r) "**Insider**" means:

- 4 -

(i) an insider as defined in the TSXV Policies or as defined in securities legislation applicable to the Company, and

(ii) an Associate of any person who is an Insider by virtue of Section 2.1(r)(i) above;

(s) "**Investor Relations Activities**" has the same meaning ascribed to that term as set out in the TSXV Policies;

(t) "**Management Company Employee**" has the same meaning ascribed to that term as set out in the TSXV Policies;

(u) "**Notice of Exercise**" means a written notice in substantially the form attached as Exhibit A1 to Schedule A hereto or as Exhibit B1 to Schedule B hereto, as applicable;

(v) "**Option**" means the right to purchase Common Shares granted hereunder to an Eligible Person;

-
- (w) "**Option Agreement**" means the stock option agreement between the Company and an Eligible Person whereby the Company provides notice of grant of an Option to such Eligible Person substantially in the form of Schedule "A" hereto for Eligible Persons not engaged in Investor Relations Activities and substantially in the form of Schedule "B" hereto for Eligible Persons engaged in Investor Relations Activities;
- (x) "**Optioned Shares**" means Common Shares that may be issued in the future to an Eligible Person upon the exercise of an Option;
- (y) "**Optionee**" means the recipient of an Option hereunder, their heirs, executors and administrators;
- (z) "**Person**" means a corporation or an individual;
- (aa) "**Plan**" means this Stock Option Plan, the terms of which are set out herein or as may be amended and/or restated from time to time;
- (bb) "**Plan Shares**" means the total number of Common Shares which may be reserved for issuance as Optioned Shares under the Plan as provided in Section 3.2;
- (cc) "**Regulatory Approval**" means the approval of the TSXV and any other securities regulatory authority that may have lawful jurisdiction over the Plan and any Options issued hereunder, as may be required;
- (dd) "**Share Compensation Arrangement**" means any Option under this Plan but also includes any other stock option, stock option plan, employee stock purchase plan or any other compensation or incentive mechanism involving the issuance or potential issuance of Common Shares, including a share purchase from treasury which is financially assisted by the Company by way of a loan, guarantee or otherwise;
-

- 5 -

- (ee) "**Tier 1 Issuer**" has the same meaning ascribed to that term as set out in the TSXV Policies;
- (ff) "**Tier 2 Issuer**" has the same meaning ascribed to that term as set out in the TSXV Policies;
- (gg) "**TSXV**" means the TSX Venture Exchange and any successor thereto; and
- (hh) "**TSXV Policies**" means the rules and policies of the TSXV, as amended from time to time.

2.2 Currency. Unless otherwise indicated, all dollar amounts referred to in this Plan are in Canadian funds.

2.3 Gender. As used in this Plan and any Schedules hereto, words importing the masculine gender shall include the feminine and neuter genders and words importing the singular shall include the plural and vice versa, unless the context otherwise requires.

2.4 Interpretation. This Plan will be governed by and construed in accordance with the laws of the Province of British Columbia without giving effect to any choice or conflict of law provision or rule that would cause the application of the domestic substantive laws of any other jurisdiction.

3. STOCK OPTION PLAN

3.1 Establishment of Plan. This Plan is hereby established to recognize contributions made by Eligible Persons and to create an incentive for their continuing assistance to the Company and its Affiliates.

3.2 Maximum Number of Plan Shares. Subject to adjustment as provided in this Plan, the aggregate number of Plan Shares reserved for issuance under the Plan, including any other Common Shares which may be issued pursuant to any other stock options granted by the Company outside of this Plan, shall not exceed ten percent (10%) of the total number of issued Common Shares of the Company (calculated on a non-diluted basis) at the time an Option is granted. The number of Optioned Shares granted under the Plan cannot exceed the number of Plan Shares.

3.3 Eligibility. Options to purchase Common Shares may be granted hereunder to Eligible Persons from time to time by the Board. If and when the Company's shares are listed on the TSXV, Eligible Persons that are corporate entities will be required to agree in writing not to effect or permit any transfer of ownership or option of any of its shares, nor issue more of its shares to any other individual or entity as long as such Options remain outstanding, unless the written permission of the TSXV and the Company is obtained. The Company represents that Eligible Persons who are granted Options will be bona fide Directors, Employees or Consultants of the Company or a subsidiary of the Company at the time of grant of such Options.

- 6 -

3.4 Options Granted Under the Plan. All Options granted under the Plan will be evidenced by an Option Agreement in substantially the form attached hereto as Schedule "A" (or such other form determined by the Board) in the case of Optionees not engaged in Investor Relations Activities or Schedule "B" (or such other form determined by the Board) in the case of Optionees engaged in Investor Relations Activities, as applicable, showing the number of Optioned Shares, the term of the Option, a reference to vesting terms, if any, and the Exercise Price.

3.5 Terms Incorporated. Subject to specific variations approved by the Board, all terms and conditions set out herein will be deemed to be incorporated into and form part of an Option Agreement made hereunder. In the event of any discrepancy between this Plan and an Option Agreement, the provisions of this Plan shall govern.

3.6 Limitations on Option Grants. If the Common Shares are listed on the TSXV, the following restrictions on the granting of Options are applicable under the Plan:

- (a) Individuals. The aggregate number of Optioned Shares that may be reserved for issuance pursuant to Options granted to any one individual must not exceed 5% of the issued Common Shares of the Company (determined as at the Grant Date) in a 12-month period, unless the Company has obtained Disinterested Shareholder Approval pursuant to Section 3.10(c).
- (b) Optionees Performing Investor Relations Activities. The aggregate number of Options granted to Eligible Persons engaged to provide Investor Relations Activities in a 12-month period must not exceed 2% of the issued Common Shares of the Company (determined as at the Grant Date) without the prior consent of TSXV.
- (c) Consultants. The aggregate number of Options granted to any one Consultant in a 12-month period must not exceed 2% of the issued Common Shares of the Company (determined as at the Grant Date) without the prior consent of TSXV.

3.7 Options Not Exercised. In the event an Option granted under the Plan expires unexercised, is terminated or is otherwise lawfully cancelled prior to exercise of the Option, the Optioned Shares that were issuable thereunder will be returned to the Plan and will be available again for an Option grant under this Plan.

3.8 Acceleration of Unvested Options. If there is a Change of Control, then all outstanding Options, whether fully vested and exercisable or remaining subject to vesting provisions or other limitations on exercise, shall be exercisable in full to enable the Optioned Shares subject to such Options to be issued and tendered to such bid.

3.9 Powers of the Board. The Board will be responsible for the general administration of the Plan and the proper execution of its provisions, the interpretation of the Plan and the determination of all questions arising hereunder. Without limiting the generality of the foregoing, the Board has the power to:

- 7 -

(a) allot Common Shares for issuance in connection with the exercise of Options;

(b) grant Options hereunder;

(c) subject to appropriate shareholder and Regulatory Approval, amend, suspend, terminate or discontinue the Plan, or revoke or alter any action taken in connection therewith, except that no general amendment or suspension of the Plan will, without the written consent of all Optionees, alter or impair any Option previously granted under the Plan unless as a result of a change in TSXV Policies or the Company's tier classification thereunder;

(d) delegate all or such portion of its powers hereunder as it may determine to one or more committees of the Board, either indefinitely or for such period of time as it may specify, and thereafter each such committee may exercise the powers and discharge the duties of the Board in respect of the Plan so delegated to the same extent as the Board is hereby authorized so to do; and

(e) may in its sole discretion amend this Plan (except for previously granted and outstanding Options) to reduce the benefits that may be granted to Eligible Persons (before a particular Option is granted) subject to the other terms hereof.

3.10 Terms Requiring Disinterested Shareholder Approval. If the Common Shares are listed on the TSXV and if required by the TSXV Policies, the Company must obtain Disinterested Shareholder Approval of Options if the Options, together with any other Share Compensation Arrangement, could result at any time in:

(a) the number of shares reserved for issuance under stock options granted to Insiders exceeding 10% of the issued Common Shares of the Company;

(b) the grant to Insiders, within a 12-month period, of stock options exceeding 10% of the issued Common Shares of the Company; or

(c) the issuance to any one Optionee, within a 12-month period, of a number of shares exceeding 5% of the issued Common Shares of the Company.

3.11 Effective Date of Plan. This Plan is effective as of the date first written above, subject to applicable Regulatory Approval and approval of the shareholders of the Company if required by the TSXV Policies.

4. TERMS AND CONDITIONS OF OPTIONS

4.1 Exercise Price. The Board shall establish the Exercise Price at the time each Option is granted, subject to the following conditions:

- 8 -

- (a) if the Common Shares are listed on the TSXV, then the Exercise Price for the Options granted will not be less than the minimum prevailing price permitted by the TSXV Policies;
- (b) if the Common Shares are not listed, posted and trading on any stock exchange or quoted on any quotation system, then the Exercise Price for the Options granted will be determined by the Board at the time of granting;
- (c) if an option is granted within 90 days of a distribution by a prospectus by the Company, the exercise price will not be less than the price that is the greater of the minimum prevailing price permitted by TSXV policies and the per Share price paid by public investors for Shares acquired under the distribution by the prospectus, with the 90 day period beginning on the date a final receipt is issued for the prospectus; and
- (d) in all other cases, the Exercise Price shall be determined in accordance with the rules and regulations of any applicable regulatory bodies.

The Exercise Price shall be subject to adjustment in accordance with the provisions of Section 4.9.

4.2 Term of Option. The Board shall establish the Expiry Date for each Option at the time such Option is granted, subject to the following conditions:

- (a) the Option will expire upon the occurrence of any event set out in Section 4.8 and at the time period set out therein; and
- (b) the Expiry Date cannot be longer than the maximum exercise period as determined by the TSXV Policies, which is currently 10 years.

4.3 Automatic Extension of Term of Option. The Expiry Date will be automatically extended if the Expiry Date falls within a blackout period during which the Company prohibits Optionees from exercising their Options, provided that:

- (a) the blackout period has been formally imposed by the Company pursuant to its internal trading policies as a result of the bona fide existence of undisclosed Material Information (as defined in the policies of the TSXV). For greater certainty, in the absence of the Company formally imposing a blackout period, the expiry date of any options will not be automatically extended in any circumstances;
 - (b) the blackout period expires upon the general disclosure of the undisclosed Material Information and the expiry date of the affected options is extended to no later than ten (10) business days after the expiry of the blackout period; and
 - (c) the automatic extension will not be permitted where the Optionee or the Company is subject to a cease trade order (or similar order under applicable securities laws) in respect of the Company's securities.
-

4.4 Hold Period.

- (a) If required by applicable securities laws, any Optioned Shares will be subject to a hold period expiring on the date that is four months and a day after the Grant Date, and the certificates representing any Optioned Shares issued prior to the expiry of such hold period will bear a legend in substantially the following form:

"UNLESS PERMITTED UNDER SECURITIES LEGISLATION, THE HOLDER OF THE SECURITIES REPRESENTED HEREBY MUST NOT TRADE THE SECURITIES BEFORE *[INSERT THE DATE THAT IS FOUR MONTHS AND ONE DAY AFTER THE DATE OF GRANT]*

- (b) If the Exercise Price of any Option granted hereunder is based on the Discounted Market Price (as defined in TSXV Policies) rather than the Market Price (as defined in TSXV Policies) or any Option is granted to an Insider, all such Options and any Optioned Shares issuable upon exercise of such Options will be subject to a four month and one day hold period commencing on the Grant Date, and the certificates representing any Optioned Shares issued prior to the expiry of such hold period will bear a legend in substantially the following form:

"WITHOUT PRIOR WRITTEN APPROVAL OF THE TSX VENTURE EXCHANGE AND COMPLIANCE WITH ALL APPLICABLE SECURITIES LEGISLATION, THE SECURITIES REPRESENTED BY THIS CERTIFICATE MAY NOT BE SOLD, TRANSFERRED, HYPOTHECATED OR OTHERWISE TRADED ON OR THROUGH THE FACILITIES OF THE TSX VENTURE EXCHANGE OR OTHERWISE IN CANADA OR TO OR FOR THE BENEFIT OF A CANADIAN RESIDENT UNTIL *[INSERT THE DATE THAT IS 4 MONTHS AND ONE DAY AFTER THE DATE OF GRANT]*."

4.5 Vesting of Options.

- (a) No Option shall be exercisable until it has vested. The Board shall establish a vesting period or periods at the time each Option is granted to Eligible Persons, provided that Options granted to Eligible Persons performing Investor Relations Activities are required to vest in stages over at least 12 months with no more than one quarter of the Options vesting in any three month period.
- (a) If no vesting schedule is specified at the time of grant and the Optionee is not performing Investor Relations Activities, the Option shall vest immediately.

4.6 Non Assignable. Subject to Section 4.9(e), all Options will be exercisable only by the Optionee to whom they are granted and will not be assignable or transferable.

4.7 Option Amendment.

- (a) Exercise Price. The Board may amend the Exercise Price of any Options provided that, subject to Section 4.1, and if the Common Shares are traded on the TSXV, the Exercise Price of an Option may be amended only if at least six (6) months have elapsed since the later of:

(i) the Grant Date;

(ii) the date the Company's shares commenced trading on the TSXV; or

(iii) the date of the last amendment of the Exercise Price.

(b) Disinterested Shareholder Approval. If the Common Shares are listed on the TSXV, any proposed reduction in the exercise price of Options for Optionees that are Insiders will be subject to TSXV Policies, including Disinterested Shareholder Approval.

(c) Term. The term of an Option cannot be extended so that the effective term of the Option exceeds ten (10) years in total, or such other period as prescribed by the TSXV Policies. If the Common Shares are traded on the TSXV, an option must be outstanding for at least one year before the Company can extend its term and the TSXV treats any extension of the length of the term of the Option as a grant of a new Option, which must comply with pricing and other requirements of this Plan.

(d) TSXV Approval. If the Common Shares of the Company are listed on the TSXV, any proposed amendment to the terms of an Option must be approved by the TSXV prior to the exercise of such Option as amended.

4.8 Termination of Option. Unless the Board determines otherwise, the Options will terminate in the following circumstances:

(a) Termination of Services For Cause. If the engagement of the Optionee as a Director, Employee or Consultant is terminated for cause (as determined by common law), any Option granted hereunder to such Optionee shall terminate and cease to be exercisable immediately upon the Optionee ceasing to be a Director, Employee or Consultant by reason of termination for cause.

(b) Termination of Services Without Cause or Upon by Resignation. If the engagement of the Optionee as a Director, Employee or Consultant of the Company is terminated for any reason other than cause (as determined by common law), disability or death, or if such Director, Employee, or Consultant resigns, as the case may be, the Optionee may exercise any Option granted hereunder to the extent that such Option was exercisable and had vested on the date of termination until the date that is the earlier of (i) the Expiry Date, and (ii) the date that is 90 days after the effective date of the Optionee ceasing to be a Director, Employee or Consultant for that other reason.

- 11 -

(c) Termination of Investor Relations Services. If the engagement of the Optionee as a Consultant performing Investor Relations services is terminated for any reason other than cause (as determined by common law), disability or death, the Optionee may exercise any Option granted hereunder to the extent that such Option was exercisable and had vested on the date of termination until the date that is the earlier of (i) the Expiry Date, and (ii) the date that is 30 days after the effective date of the Optionee ceasing to be a Director, Employee or Consultant for that other reason.

(d) Death. If the Optionee dies, the Optionee's lawful personal representatives, heirs or executors may exercise any Option granted hereunder to the Optionee to the extent such Option was exercisable and had vested on the date of death until the earlier of (i) the Expiry Date, and (ii) one year after the date of death of such Optionee.

(e) Disability. If the Optionee ceases to be an Eligible Person, due to his Disability, or, in the case of an Optionee that is a company, the Disability of the person who provides management or consulting services to the Company or to an Affiliate of the Company, the Optionee may exercise any Option granted hereunder to the extent that such Option was exercisable and had vested on the Date of Disability until the earlier of (i) the Expiry Date, and (ii) the date that is one year after the Date of Disability.

(f) Changes in Status of Eligible Person. If the Optionee ceases to be one type of Eligible Person but concurrently is or becomes one or more other type of Eligible Person, the Option will not terminate but will continue in full force and effect and the Optionee may exercise the Option until the earlier of (i) the Expiry Date, and (ii) the applicable date set forth in Sections 4.8(a) to 4.8(e) above where the Optionee ceases to be any type of Eligible Person. If the Optionee is an Employee, the Option will not be affected by any change of the Optionee's employment where the Optionee continues to be employed by the Company or an Affiliate of the Company.

4.9 Adjustment of the Number of Optioned Shares. The number of Common Shares subject to an Option will be subject to adjustment in the events and in the manner following:

(a) Following the date an Option is granted, the exercise price for and the number of Optioned Shares which are subject to an Option will be adjusted, with respect to the then unexercised portion thereof, in the events and in accordance with the provisions and rules set out in this Section 4.9, with the intent that the rights of Optionees under their Options are, to the extent possible, preserved and maintained notwithstanding the occurrence of such events. Any dispute that arises at any time with respect to any adjustment pursuant to such provisions and rules will be conclusively determined by the Board, and any such determination will be binding on the Company, the Optionee and all other affected parties.

- 12 -

(b) If there is a change in the outstanding Common Shares by reason of any share consolidation or split, reclassification or other capital reorganization, or a stock dividend, arrangement, amalgamation, merger or combination, or any other change to, event affecting, exchange of or corporate change or transaction affecting the Common Shares, the Board shall make, as it shall deem advisable and subject to the requisite approval of the relevant regulatory authorities, appropriate substitution and/or adjustment in:

(i) the number and kind of shares or other securities or property reserved or to be allotted for issuance pursuant to this Plan;

(ii) the number and kind of shares or other securities or property reserved or to be allotted for issuance pursuant to any outstanding unexercised Options, and in the exercise price for such shares or other securities or property; and

(iii) the vesting of any Options, including the accelerated vesting thereof on conditions the Board deems advisable, and if the Company undertakes an arrangement or is amalgamated, merged or combined with another corporation, the Board shall make such provision for the protection of the rights of Optionees as it shall deem advisable.

(c) If the outstanding Common Shares are changed into or exchanged for a different number of shares or into or for other securities of the Company or securities of another Company or entity, in a manner other than as specified in Section 4.9(b), then the Board, in its sole discretion, may make such adjustment to the securities to be issued pursuant to any exercise of the Option and the exercise

price to be paid for each such security following such event as the Board in its sole and absolute discretion determines to be equitable to give effect to the principle described in Section 4.9(a), and such adjustments shall be effective and binding upon the Company and the Optionee for all purposes.

(d) No adjustment provided in this Section 4.9 shall require the Company to issue a fractional share and the total adjustment with respect to each Option shall be limited accordingly.

(e) The grant or existence of an Option shall not in any way limit or restrict the right or power of the Company to effect adjustments, reclassifications, reorganizations, arrangements or changes of its capital or business structure, or to amalgamate, merge, consolidate, dissolve or liquidate, or to sell or transfer all or any part of its business or assets.

5. COMMITMENT AND EXERCISE PROCEDURES

5.1 Option Agreement. Upon grant of an Option hereunder, an authorized director or officer of the Company will deliver to the Optionee an Option Agreement detailing the terms of such Options and upon such delivery the Optionee will be subject to the Plan and have the right to purchase the Optioned Shares at the Exercise Price set out therein subject to the terms and conditions hereof.

- 13 -

5.2 Manner of Exercise. An Optionee who wishes to exercise his Option, in its entirety or any portion thereof, may do so by delivering:

(a) a Notice of Exercise to the Company specifying the number of Optioned Shares being acquired pursuant to the Option; and

(b) cash, a certified cheque or a bank draft payable to the Company for the aggregate Exercise Price for the Optioned Shares being acquired.

5.3 Subsequent Exercises. If an Optionee exercises only a portion of the total number of his Options, then the Optionee may, from time to time, subsequently exercise all or part of the remaining Options until the Expiry Date.

5.4 Delivery of Certificate and Hold Periods. As soon as practicable after receipt of the Notice of Exercise described in Section 5.2 and payment in full for the Optioned Shares being received by the Company, the Company will or will direct its transfer agent to issue a certificate to the Optionee for the appropriate number of Optioned Shares. Such certificate issued will bear a legend stipulating any resale restrictions required under applicable securities laws and TSXV Policies.

5.5 Withholding. The Company may withhold from any amount payable to an Optionee, either under this Plan or otherwise, such amount as it reasonably believes is necessary to enable the Company to comply with the applicable requirements of any federal, provincial, local or foreign law, or any administrative policy of any applicable tax authority, relating to the withholding of tax or any other required deductions with respect to options ("**Withholding Obligations**"). The Company may also satisfy any liability for any such Withholding Obligations, on such terms and conditions as the Company may determine in its discretion, by:

(a) requiring an Optionee, as a condition to the exercise of any Options, to make such arrangements as the Company may require so that the Company can satisfy such Withholding Obligations including,

without limitation, requiring the Optionee to remit to the Company in advance, or reimburse the Company for, any such Withholding Obligations; or

- (b) selling on the Optionee's behalf, or requiring the Optionee to sell, any Optioned Shares acquired by the Optionee under the Plan, or retaining any amount which would otherwise be payable to the Optionee in connection with any such sale.

6. AMENDMENTS

- 6.1 Amendment of the Plan. The Board reserves the right, in its absolute discretion, to at any time amend, modify or terminate the Plan with respect to all Common Shares in respect of Options which have not yet been granted hereunder. Any amendment to any provision of the Plan will be subject to shareholder approval, if applicable, and any necessary Regulatory Approvals. If this Plan is suspended or terminated, the provisions of this Plan and any administrative guidelines, rules and regulations relating to this Plan shall continue in effect for the duration of such time as any Option remains outstanding.

- 14 -

- 6.2 Amendment of Outstanding Options. The Board may amend any Option with the consent of the affected Optionee and the TSXV, if required, including any shareholder approval required by the TSXV. For greater certainty, Disinterested Shareholder Approval is required by the TSXV for any reduction in the exercise price of an Option if the Participant is an Insider at the time of the proposed amendment.

- 6.3 Amendment Subject to Approval. If the amendment of an Option requires shareholder or Regulatory Approval, such amendment may be made prior to such approvals being given, but no such amended Options may be exercised unless and until such approvals are given.

7. GENERAL

- 7.1 Exclusion from Severance Allowance, Retirement Allowance or Termination Settlement. If the Optionee retires, resigns or is terminated from employment or engagement with the Company or any subsidiary of the Company, the loss or limitation, if any, pursuant to the Option Agreement with respect to the right to purchase Optioned Shares, shall not give rise to any right to damages and shall not be included in the calculation of nor form any part of any severance allowance, retiring allowance or termination settlement of any kind whatsoever in respect of such Optionee.

- 7.2 Employment and Services. Nothing contained in the Plan will confer upon or imply in favour of any Optionee any right with respect to office, employment or provision of services with the Company, or interfere in any way with the right of the Company to lawfully terminate the Optionee's office, employment or service at any time pursuant to the arrangements pertaining to same. Participation in the Plan by an Optionee is voluntary.

- 7.3 No Rights as Shareholder. Nothing contained in this Plan nor in any Option granted thereunder shall be deemed to give any Optionee any interest or title in or to any Common Shares of the Company or any rights as a shareholder of the Company or any other legal or equitable right against the Company whatsoever other than as set forth in this Plan and pursuant to the exercise of any Option in accordance with the provisions of the Plan and the Option Agreement.

- 7.4 No Representation or Warranty. The Company makes no representation or warranty as to the future market value of Optioned Shares issued in accordance with the provisions of the Plan or to the effect of the *Income Tax Act* (Canada) or any other taxing statute governing the Options or the Optioned Shares issuable

thereunder or the tax consequences to a Optionee. Compliance with applicable securities laws as to the disclosure and resale obligations of each Optionee is the responsibility of such Optionee and not the Company.

- 15 -

7.5 Other Arrangements. Nothing contained herein shall prevent the Board from adopting other or additional compensation arrangements, subject to any required approval.

7.6 No Fettering of Discretion. The awarding of Options under this Plan is a matter to be determined solely in the discretion of the Board. This Plan shall not in any way fetter, limit, obligate, restrict or constrain the Board with regard to the allotment or issue of any Common Shares or any other securities in the capital of the Company or any of its Affiliates other than as specifically provided for in this Plan.

**SCHEDULE A
STOCK OPTION AGREEMENT
(NON-INVESTOR RELATIONS)**

THIS STOCK OPTION AGREEMENT (this "**Agreement**") is made as of the ____ day of _____, 20__.

BETWEEN:

GREENPOWER MOTOR COMPANY INC., a company having an address at Suite 240 - 209 Carrall Street, Vancouver, BC V6B 2J2

(the "**Company**")

AND:

♦, of ♦

(the "**Optionee**")

WHEREAS:

A. The Company's board of directors (the "**Board**") has approved and adopted an incentive stock option plan (the "**Plan**") dated for reference May 14, 2019, as may be amended or restated from time to time, whereby the Board is authorized to grant Options (as defined herein) to Eligible Persons to acquire up to a maximum of 10% of the number of issued and outstanding common shares in the capital stock of the Company at the time of grant;

B. The Optionee provides services to the Company as a ♦[**director/officer/consultant**] of ♦[**the Company**] OR [a **subsidiary of the Company**] (the "**Services**"); and

C. The Company wishes to grant the Options to the Optionee as an incentive for the continued provision of the Services;

THIS AGREEMENT WITNESSES that in consideration of other good and valuable consideration (the receipt and sufficiency whereof is hereby acknowledged), it is hereby agreed by and between the Company and the Optionee (together, the "**Parties**") as follows:

1. In this Agreement, the following terms shall have the following meanings:

- (a) "**Date of Grant**" means the date of this Agreement;
- (b) "**Exercise Payment**" means the amount of money equal to the Exercise Price multiplied by the number of Optioned Shares specified in the Notice of Exercise;
- (c) "**Exercise Price**" means ♦ per Optioned Share;
- (d) "**Expiry Date**" means the date which is ♦ years after the Date of Grant;

- 2 -

- (e) "**Notice of Exercise**" means a notice in writing addressed to the Company at its address first recited (or such other address of the Company as may from time to time be notified to the Optionee in writing), substantially in the form attached as Exhibit A1 hereto, which notice shall specify therein the number of Optioned Shares in respect of which the Options are being exercised;
- (f) "**Options**" means the irrevocable right and option to purchase, from time to time, all, or any part of the Optioned Shares granted to the Optionee by the Company pursuant to Section 3 of this Agreement;
- (g) "**Optioned Shares**" means the Shares subject to the Options;
- (h) "**Personal Information**" means any information about the Optionee contained in this Agreement or as required to be disclosed about the Optionee by the Company to the TSXV or any securities regulatory authority for any purpose, including those purposes set out in Exhibit A2 attached hereto.
- (i) "**Securities**" means, collectively, the Options and the Optioned Shares;
- (j) "**Shareholders**" means holders of record of the Shares; and
- (k) "**Shares**" means the common shares in the capital of the Company.

2. All capitalized terms used but not otherwise defined herein shall have the meaning ascribed to such terms in the Plan.

3. The Company hereby grants to the Optionee, subject to the terms and conditions hereinafter set forth, Options to purchase a total of ♦ Optioned Shares at the Exercise Price.

4. Unless accelerated at the discretion of the Board within the rules and regulations of any applicable regulatory bodies, the Options shall vest as follows ♦[revise as applicable]:

- (a) ♦[provide] on the Date of Grant;
- (b) ♦[provide] on the first anniversary of the Date of Grant; and
- (c) ♦[provide] on the second anniversary of the Date of Grant.

-
5. The Options shall, at 5:00 p.m. (Vancouver time) on the Expiry Date, forthwith expire and be of no further force or effect whatsoever.
 6. Subject to the provisions hereof, the Options shall be exercisable in whole or in part (at any time and from time to time as aforesaid) by the Optionee or his personal representative giving a Notice of Exercise together with the Exercise Payment by cash, certified cheque or bank draft, made payable to the Company.
 7. Upon the exercise of all or any part of the Options and upon receipt by the Company of the Exercise Payment, the Company shall cause to be delivered to the Optionee or his personal representative, within ten (10) days following receipt by the Company of the Notice of Exercise, a certificate in the name of the Optionee or his personal representative representing, in aggregate, the number of Optioned Shares specified in the Notice of Exercise.
-

- 3 -

8. Nothing in this Agreement shall obligate the Optionee to purchase any Optioned Shares except those Optioned Shares in respect of which the Optionee shall have exercised the Options in the manner provided in this Agreement.
9. The Company agrees that prior to the earlier of the expiration of the Options and the exercise and purchase of the total number of Optioned Shares represented by the Options, there shall be reserved for issuance and delivery upon exercise of the Options such number of the Company's authorized and unissued Shares as shall be necessary to satisfy the terms and conditions of this Agreement.
10. The Optionee acknowledges, represents and warrants to the Company that:
 - (a) the Company has advised the Optionee that the Company is relying on an exemption from the requirements to provide the Optionee with a prospectus under applicable securities legislation and, as a consequence of acquiring the Securities pursuant to this exemption, certain protections, rights and remedies provided by applicable securities legislation, including, in most circumstances, statutory rights of rescission or damages, will not be available to the Optionee; and
 - (b) the Optionee is not a U.S. person as such term is defined in Regulation S promulgated under the United States Securities Act of 1933.
11. The Optionee hereby covenants and agrees with the Company that the Optionee will execute and deliver any documents and instruments and provide any information as may be reasonably requested by the Company, from time to time, to establish the availability of exemptions from prospectus requirements and to comply with any applicable securities legislation and TSXV Policies, including without limitation those provisions of any applicable securities legislation and TSXV Policies relating to escrow requirements.
12. The Optionee hereby acknowledges and agrees to the Company making a notation on its records or giving instructions to the registrar and transfer agent of the Company in order to implement the restrictions on transfer set forth and described in this Agreement.
13. Unless the Company permits otherwise, the Optionee shall pay the Company in cash all local, provincial and federal withholding taxes applicable to the grant or exercise of the Options, or the transfer or other disposition of Shares acquired upon exercise of the Options. Any such payment must be made promptly when the amount of such obligation becomes determinable. In addition to any remedies available to the Company under the Plan to comply with Withholding Obligations, the Company may in its discretion sell on the Optionee's behalf, or require the Optionee to sell, any Shares acquired by the Optionee under the

Plan, or retain any amount which would otherwise be payable to the Optionee in connection with any such sale.

- 4 -

14. This Agreement shall enure to the benefit of and be binding upon the Company, its successors and assigns, and the Optionee and his personal representative, if applicable.
15. Other than in the event of death of the Optionee in which case the Options may be transferred or assigned by will or by the law governing the devolution of property to the Optionee's executor, administrator or other person representative, this Agreement shall not be transferable or assignable by the Optionee or his personal representative and the Options may be exercised only by the Optionee or his personal representative provided that, subject to the prior approval of the Board and, if necessary, any applicable stock exchange, the Optionee may assign the Options to a company of which all of the voting securities are beneficially owned by the Optionee, which ownership will continue for as long as any portion of the Options remain unexercised.
16. The granting of the Options and the terms and conditions hereof shall be subject to Regulatory Approval as required.
17. The Optionee and the Company represent that the Optionee is a Director, Employee or Consultant of the Company or any Affiliate of the Company or of a company of which all of the voting securities are beneficially owned by one or more of the foregoing.
18. The Optionee represents that he has not been induced to enter into this Agreement by the expectation of employment or continued employment or retention or continued retention by the Company or any Affiliate of the Company.
19. The Options will terminate in accordance with the Plan.
20. The Optionee acknowledges and consents to the fact that the Company is collecting the Optionees' Personal Information for the purposes set out in Exhibit A2 which may be disclosed by the Company to:
 - (a) the TSXV or securities regulatory authorities;
 - (b) the Company's registrar and transfer agent;
 - (c) Canadian tax authorities; and
 - (d) authorities pursuant to the Proceeds of Crime (Money Laundering) and Terrorist Financing Act (Canada).

By executing this Agreement, the Optionee is deemed to be consenting to the foregoing collection, use and disclosure of the Optionee's Personal Information and to the retention of such Personal Information for as long as permitted or required by law or business practice. By executing this Agreement, the Optionee hereby consents to the foregoing collection, use and disclosure of the Optionee's Personal Information. The Optionee also consents to the filing of copies of any documents described herein as may be required to be filed with the TSXV or any securities regulatory authority in connection with the grant of the Options. An officer of the Company is available to answer questions about the collection of personal information by the Company.

- 5 -

21. Neither this Agreement nor the Plan confers on the Optionee the right to continue in the employment of or association with the Company or any Affiliate of the Company, nor do they interfere in any way with the right of the Optionee or the Company or any Affiliate of the Company to terminate the Optionee's employment at any time.
22. Reference is made to the Plan for particulars of the rights and obligations of the Optionee and the Company in respect of the terms and conditions on which the Options are granted, all to the same effect as if the provisions of the Plan were set out in this Agreement and to all of which the Optionee assents.
23. The Company will give a copy of the Plan to the Optionee on request.
24. Time is of the essence of this Agreement.
25. The terms of the Options are subject to the provisions of the Plan, as the same may from time to time be amended, and any inconsistencies between this Agreement and the Plan, as the same may be from time to time amended, shall be governed by the provisions of the Plan.
26. If at any time during the term of this Agreement the Parties deem it necessary or expedient to make any alteration or addition to this Agreement, they may do so by means of a written agreement between them which shall be supplemental hereto and form part hereof and which shall be subject to Regulatory Approval if required.
27. Wherever the plural or masculine are used throughout this Agreement, the same shall be construed as meaning singular or feminine or neuter or the body politic or corporate where the context requires.
28. This Agreement may be executed in several parts in the same form and such parts as so executed shall together constitute one original agreement, and such parts, if more than one, shall be read together and construed as if each of the Parties had executed one copy of this Agreement.
29. Delivery of an executed copy of this Agreement by electronic facsimile transmission or other means of electronic communication capable of producing a printed copy will be deemed to be execution and delivery of this Agreement as of the date first above written.

- 6 -

30. This Agreement shall be exclusively governed by and construed in accordance with the laws of the Province of British Columbia without giving effect to any choice or conflict of law provision or rule that would cause the application of the domestic substantive laws of any other jurisdiction, and shall bind and inure to the benefit of the Parties and their respective successors and assigns.

IN WITNESS WHEREOF the Parties have executed this Agreement as of the date first set forth above.

ACKNOWLEDGEMENT - PERSONAL INFORMATION

TSX Venture Exchange Inc. and its affiliates, authorized agents, subsidiaries and divisions, including the TSX Venture Exchange (collectively referred to as "the Exchange") collect Personal Information in certain Forms that are submitted by the individual and/or by an Issuer or Applicant and use it for the following purposes:

- to conduct background checks,
- to verify the Personal Information that has been provided about each individual,
- to consider the suitability of the individual to act as an officer, director, insider, promoter, investor relations provider or, as applicable, an employee or consultant, of the Issuer or Applicant,
- to consider the eligibility of the Issuer or Applicant to list on the Exchange,
- to provide disclosure to market participants as to the security holdings of directors, officers, other insiders and promoters of the Issuer, or its associates or affiliates,
- to conduct enforcement proceedings, and
- to perform other investigations as required by and to ensure compliance with all applicable rules, policies, rulings and regulations of the Exchange, securities legislation and other legal and regulatory requirements governing the conduct and protection of the public markets in Canada.

As part of this process, the Exchange also collects additional Personal Information from other sources, including but not limited to, securities regulatory authorities in Canada or elsewhere, investigative, law enforcement or self-regulatory organizations, regulatory services providers and each of their subsidiaries, affiliates, regulators and authorized agents, to ensure that the purposes set out above can be accomplished.

The Personal Information the Exchange collects may also be disclosed:

- (a) to the agencies and organizations in the preceding paragraph, or as otherwise permitted or required by law, and they may use it in their own investigations for the purposes described above; and
- (b) on the Exchange's website or through printed materials published by or pursuant to the directions of the Exchange.

The Exchange may from time to time use third parties to process information and/or provide other administrative services. In this regard, the Exchange may share the information with such third party service providers.

**SCHEDULE B
STOCK OPTION AGREEMENT
(INVESTOR RELATIONS)**

THIS STOCK OPTION AGREEMENT (this "**Agreement**") is made as of the ____ day of _____, 20__.

BETWEEN:

GREENPOWER MOTOR COMPANY INC., a company having an address at Suite 240 - 209 Carrall Street, Vancouver, BC V6B 2J2

(the "**Company**")

WHEREAS:

A. The Company's board of directors (the "**Board**") has approved and adopted an incentive stock option plan (the "**Plan**") dated for reference May 14, 2019, as may be amended or restated from time to time, whereby the Board is authorized to grant Options (as defined herein) to Eligible Persons to acquire up to a maximum of 10% of the number of issued and outstanding common shares in the capital stock of the Company at the time of grant;

B. The Optionee provides investor relations services to the Company as a consultant (the "**Services**"); and

C. The Company wishes to grant the Options to the Optionee as an incentive for the continued provision of the Services;

THIS AGREEMENT WITNESSES that in consideration of other good and valuable consideration (the receipt and sufficiency whereof is hereby acknowledged), it is hereby agreed by and between the Company and the Optionee (together, the "**Parties**") as follows:

1. In this Agreement, the following terms shall have the following meanings:

- (a) "**Date of Grant**" means the date of this Agreement;

-
- (b) **"Exercise Payment"** means the amount of money equal to the Exercise Price multiplied by the number of Optioned Shares specified in the Notice of Exercise;
- (c) **"Exercise Price"** means ♦ per Optioned Share;
- (d) **"Expiry Date"** means the date which is ♦ years after the Date of Grant;
-

- 2 -

- (e) **"Notice of Exercise"** means a notice in writing addressed to the Company at its address first recited (or such other address of the Company as may from time to time be notified to the Optionee in writing), substantially in the form attached as Exhibit B1 hereto, which notice shall specify therein the number of Optioned Shares in respect of which the Options are being exercised;
- (f) **"Options"** means the irrevocable right and option to purchase, from time to time, all, or any part of the Optioned Shares granted to the Optionee by the Company pursuant to Section 3 of this Agreement;
- (g) **"Optioned Shares"** means the Shares subject to the Options;
- (h) **"Personal Information"** means any information about the Optionee contained in this Agreement or as required to be disclosed about the Optionee by the Company to the TSXV or any securities regulatory authority for any purpose, including those purposes set out in Exhibit B2 attached hereto.
- (i) **"Securities"** means, collectively, the Options and the Optioned Shares;
- (j) **"Shareholders"** means holders of record of the Shares; and
- (k) **"Shares"** means the common shares in the capital of the Company.
2. All capitalized terms used but not otherwise defined herein shall have the meaning ascribed to such terms in the Plan.
3. The Company hereby grants to the Optionee, subject to the terms and conditions hereinafter set forth, Options to purchase a total of ♦ Optioned Shares at the Exercise Price.
4. The Options shall vest as follows ♦[TSXV rules require the options to vest in stages over at least 12 months with no more than one quarter of the options vesting in any 3 month period]:
- (a) ♦[provide] on the date that is 3 months after the Date of Grant;
- (b) ♦[provide] on the date that is 6 months after the Date of Grant;
- (c) ♦[provide] on the date that is 9 months after the Date of Grant; and
- (d) ♦[provide] on the date that is 12 months after the Date of Grant.
5. The Options shall, at 5:00 p.m. (Vancouver time) on the Expiry Date, forthwith expire and be of no further force or effect whatsoever.

6. Subject to the provisions hereof, the Options shall be exercisable in whole or in part (at any time and from time to time as aforesaid) by the Optionee or his personal representative giving a Notice of Exercise together with the Exercise Payment by cash or by certified cheque, made payable to the Company.

- 3 -

7. Upon the exercise of all or any part of the Options and upon receipt by the Company of the Exercise Payment, the Company shall cause to be delivered to the Optionee or his personal representative, within ten (10) days following receipt by the Company of the Notice of Exercise, a certificate in the name of the Optionee or his personal representative representing, in aggregate, the number of Optioned Shares specified in the Notice of Exercise.

8. Nothing in this Agreement shall obligate the Optionee to purchase any Optioned Shares except those Optioned Shares in respect of which the Optionee shall have exercised the Options in the manner provided in this Agreement.

9. The Company agrees that prior to the earlier of the expiration of the Options and the exercise and purchase of the total number of Optioned Shares represented by the Options, there shall be reserved for issuance and delivery upon exercise of the Options such number of the Company's authorized and unissued Shares as shall be necessary to satisfy the terms and conditions of this Agreement.

10. The Optionee acknowledges, represents and warrants to the Company that:

(a) the Company has advised the Optionee that the Company is relying on an exemption from the requirements to provide the Optionee with a prospectus under applicable securities legislation and, as a consequence of acquiring the Securities pursuant to this exemption, certain protections, rights and remedies provided by applicable securities legislation, including, in most circumstances, statutory rights of rescission or damages, will not be available to the Optionee; and

(b) the Optionee is not a U.S. person as such term is defined in Regulation S promulgated under the United States Securities Act of 1933.

11. The Optionee hereby covenants and agrees with the Company that the Optionee will execute and deliver any documents and instruments and provide any information as may be reasonably requested by the Company, from time to time, to establish the availability of exemptions from prospectus requirements and to comply with any applicable securities legislation and TSXV Policies, including without limitation those provisions of any applicable securities legislation and TSXV Policies relating to escrow requirements.

12. The Optionee hereby acknowledges and agrees to the Company making a notation on its records or giving instructions to the registrar and transfer agent of the Company in order to implement the restrictions on transfer set forth and described in this Agreement.

13. Unless the Company permits otherwise, the Optionee shall pay the Company in cash all local, provincial and federal withholding taxes applicable to the grant or exercise of the Options, or the transfer or other disposition of Shares acquired upon exercise of the Options. Any such payment must be made promptly when the amount of such obligation becomes determinable. In addition to any remedies available to the Company under the Plan to comply with Withholding Obligations, the Company may in its discretion sell on the Optionee's behalf, or require the Optionee to sell, any Shares acquired by the Optionee under the Plan, or retain any amount which would otherwise be payable to the Optionee in connection with any such sale.

14. This Agreement shall enure to the benefit of and be binding upon the Company, its successors and assigns, and the Optionee and his personal representative, if applicable.
15. Other than in the event of death of the Optionee in which case the Options may be transferred or assigned by will or by the law governing the devolution of property to the Optionee's executor, administrator or other person representative, this Agreement shall not be transferable or assignable by the Optionee or his personal representative and the Options may be exercised only by the Optionee or his personal representative provided that, subject to the prior approval of the Board and, if necessary, any applicable stock exchange, the Optionee may assign the Options to a company of which all of the voting securities are beneficially owned by the Optionee, which ownership will continue for as long as any portion of the Options remain unexercised.
16. The granting of the Options and the terms and conditions hereof shall be subject to Regulatory Approval as required.
17. The Optionee and the Company represent that the Optionee is a Director, Employee or Consultant of the Company or any Affiliate of the Company or of a company of which all of the voting securities are beneficially owned by one or more of the foregoing.
18. The Optionee represents that he has not been induced to enter into this Agreement by the expectation of employment or continued employment or retention or continued retention by the Company or any Affiliate of the Company.
19. The Options will terminate in accordance with the Plan.
20. The Optionee acknowledges and consents to the fact that the Company is collecting the Optionees' Personal Information for the purposes set out in Exhibit B2 which may be disclosed by the Company to:
- (a) the TSXV or securities regulatory authorities;
 - (b) the Company's registrar and transfer agent;
 - (c) Canadian tax authorities; and
 - (d) authorities pursuant to the Proceeds of Crime (Money Laundering) and Terrorist Financing Act (Canada).

By executing this Agreement, the Optionee is deemed to be consenting to the foregoing collection, use and disclosure of the Optionee's Personal Information and to the retention of such Personal Information for as long as permitted or required by law or business practice. By executing this Agreement, the Optionee hereby consents to the foregoing collection, use and disclosure of the Optionee's Personal Information. The Optionee also consents to the filing of copies of any documents described herein as may be required to be filed with the TSXV or any securities regulatory authority in connection with the grant of the Options. An officer of the Company is available to answer questions about the collection of personal information by the Company.

-
21. Neither this Agreement nor the Plan confers on the Optionee the right to continue in the employment of or association with the Company or any Affiliate of the Company, nor do they interfere in any way with the right of the Optionee or the Company or any Affiliate of the Company to terminate the Optionee's employment at any time.
22. Reference is made to the Plan for particulars of the rights and obligations of the Optionee and the Company in respect of the terms and conditions on which the Options are granted, all to the same effect as if the provisions of the Plan were set out in this Agreement and to all of which the Optionee assents.
23. The Company will give a copy of the Plan to the Optionee on request.
24. Time is of the essence of this Agreement.
25. The terms of the Options are subject to the provisions of the Plan, as the same may from time to time be amended, and any inconsistencies between this Agreement and the Plan, as the same may be from time to time amended, shall be governed by the provisions of the Plan.
26. If at any time during the term of this Agreement the Parties deem it necessary or expedient to make any alteration or addition to this Agreement, they may do so by means of a written agreement between them which shall be supplemental hereto and form part hereof and which shall be subject to Regulatory Approval if required.
27. Wherever the plural or masculine are used throughout this Agreement, the same shall be construed as meaning singular or feminine or neuter or the body politic or corporate where the context requires.
28. This Agreement may be executed in several parts in the same form and such parts as so executed shall together constitute one original agreement, and such parts, if more than one, shall be read together and construed as if each of the Parties had executed one copy of this Agreement.
29. Delivery of an executed copy of this Agreement by electronic facsimile transmission or other means of electronic communication capable of producing a printed copy will be deemed to be execution and delivery of this Agreement as of the date first above written.

ACKNOWLEDGEMENT - PERSONAL INFORMATION

TSX Venture Exchange Inc. and its affiliates, authorized agents, subsidiaries and divisions, including the TSX Venture Exchange (collectively referred to as "the Exchange") collect Personal Information in certain Forms that are submitted by the individual and/or by an Issuer or Applicant and use it for the following purposes:

- to conduct background checks,
- to verify the Personal Information that has been provided about each individual,
- to consider the suitability of the individual to act as an officer, director, insider, promoter, investor relations provider or, as applicable, an employee or consultant, of the Issuer or Applicant,
- to consider the eligibility of the Issuer or Applicant to list on the Exchange,
- to provide disclosure to market participants as to the security holdings of directors, officers, other insiders and promoters of the Issuer, or its associates or affiliates,
- to conduct enforcement proceedings, and
- to perform other investigations as required by and to ensure compliance with all applicable rules, policies, rulings and regulations of the Exchange, securities legislation and other legal and regulatory requirements governing the conduct and protection of the public markets in Canada.

As part of this process, the Exchange also collects additional Personal Information from other sources, including but not limited to, securities regulatory authorities in Canada or elsewhere, investigative, law enforcement or self-regulatory organizations, regulatory services providers and each of their subsidiaries, affiliates, regulators and authorized agents, to ensure that the purposes set out above can be accomplished.

The Personal Information the Exchange collects may also be disclosed:

- (c) to the agencies and organizations in the preceding paragraph, or as otherwise permitted or required by law, and they may use it in their own investigations for the purposes described above; and
- (d) on the Exchange's website or through printed materials published by or pursuant to the directions of the Exchange.

The Exchange may from time to time use third parties to process information and/or provide other administrative services. In this regard, the Exchange may share the information with such third party service providers.
