INSTRUCTIONS FOR COMPLETING THIS FORM

This form complies with current California statutes regarding notary wording and, if needed, should be completed and attached to the document. Acknowledgments from other states may be completed for documents being sent to that state so long as the wording does not require the California notary to violate California notary law.

- State and County information must be the State and County where the document signer(s) personally appeared before the notary public for acknowledgment.
- Date of notarization must be the date that the signer(s) personally appeared which must also be the same date the acknowledgment is completed.
- The notary public must print his or her name as it appears within his or her commission followed by a comma and then your title (notary public).
- Print the name(s) of document signer(s) who personally appear at the time of notarization.
- Indicate the correct singular or plural forms by crossing off incorrect forms (i.e. he/she/they, is /are) or circling the correct forms. Failure to correctly indicate this information may lead to rejection of document recording.
- The notary seal impression must be clear and photographically reproducible. Impression must not cover text or lines. If seal impression smudges, re-seal if a sufficient area permits, otherwise complete a different acknowledgment form.
- Signature of the notary public must match the signature on file with the office of the county clerk.
 - ❖ Additional information is not required but could help to ensure this acknowledgment is not misused or attached to a different document.
 - ❖ Indicate title or type of attached document, number of pages and date.
 - ❖ Indicate the capacity claimed by the signer. If the claimed capacity is a corporate officer, indicate the title (i.e. CEO, CFO, Secretary).
- Securely attach this document to the signed document with a staple.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Member of
J. Wood Capital Advisors, LLC

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of J. Wood Capital Advisors, LLC as of December 31, 2021, and the related notes (collectively referred to as the “financial statement”). In our opinion, the financial statement presents fairly, in all material respects, the financial position of J. Wood Capital Advisors, LLC as of December 31, 2021 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of J. Wood Capital Advisors, LLC’s management. Our responsibility is to express an opinion on J. Wood Capital Advisors, LLC’s financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to J. Wood Capital Advisors, LLC in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

SD Mayer & Associates, LLP

We have served as J. Wood Capital Advisors, LLC’s auditor since 2015.

J. Wood Capital Advisors LLC
Notes to Financial Statement
December 31, 2021

1. Organization and Business

J. Wood Capital Advisors LLC (the “Company”) is a limited liability company formed under the laws of the State of California. The Company is a broker-dealer registered with the Securities and Exchange Commission (the “SEC”) and is a member of the Financial Industry Regulatory Authority.

The Company renders corporate financial advisory services to selected clients. Such advisory services involve mergers and acquisitions, debt and equity financing, derivative strategies and leveraged buyouts. The Company also serves as an underwriter of securities or selling group participant and engages in private placements of securities.

2. Summary of Significant Accounting Policies

Basis of Presentation

This financial statement was prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”) which require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement. Actual results could differ from these estimates.

Revenue Recognition

The revenue recognition guidance under Accounting Standards Codification (“ASC”) Topic 606, *Revenue from Contracts with Customers* requires that an entity recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The guidance requires an entity to follow a five-step model to (a) identify the contract(s) with a customer, (b) identify the performance obligations in the contract, (c) determine the transaction price, (d) allocate the transaction price to the performance obligations in the contract, and (e) recognize revenue when (or as) the entity satisfies a performance obligation. In determining the transaction price, an entity may include variable consideration only to the extent that it is probable that a significant reversal in the amount of cumulative revenue recognized would not occur when the uncertainty associated with the variable consideration is resolved. The revenue recognition guidance does not apply to revenue associated with financial instruments, interest income and expense, leasing and insurance contracts.

Advisory fees are recognized over time using a time elapsed measure of progress as the Company’s clients simultaneously receive and consume the benefits of those services as they are provided. Private placements, mergers and acquisitions and financial restructuring fees are recognized at the closing of the respective transactions. Unrealized appreciation or realized gains on securities are included in the statement of operations.

The recognition and measurement of revenue is based on the assessment of individual contract terms. Significant judgment is required to determine whether performance obligations are satisfied at a point in time or over time; how to allocate transaction prices where multiple performance obligations are identified; when to recognize revenue based on the appropriate measure of the Company’s progress under the contract; and whether constraints on variable consideration should be applied due to uncertain future events.

2. Summary of Significant Accounting Policies (continued)

Credit Losses

The guidance under ASC Topic 326, *Financial Instruments – Credit Losses* (“ASC 326”). ASC 326 impacts the impairment model for certain financial assets by requiring a current expected credit loss (“CECL”) methodology to estimate expected credit losses over the entire life of the financial asset. Under the accounting update, the Company has the ability to determine that there are no expected credit losses in certain circumstances (e.g., based on the credit quality of the customer).

The allowance for credit losses is based on the Company’s expectation of the collectability of financial instruments, including fees and other receivables utilizing the CECL framework. The Company considers factors such as historical experience, credit quality, age of balances and current and future economic conditions that may affect the Company’s expectation of the collectability in determining the allowance for credit losses. At December 31, 2021, the Company did not establish an allowance for credit losses.

Leases

The Company recognizes its lease in accordance with ASC Topic 842, *Leases* (“ASC 842”). The guidance increases transparency and comparability by requiring the recognition of right-of-use assets and lease liabilities on the statement of financial condition.

Lease liabilities were recognized at the initial present value of the fixed lease payments using the prime rate. Right-of-use assets are recognized based on the amortized initial present value of the fixed lease payments.

Cash and Cash Equivalents

Cash and cash equivalents include investments in money market funds with a maturity date of three months or less.

Fixed Assets

Furniture and equipment is recorded at cost, net of accumulated depreciation, which is calculated on a straight-line basis over an estimated useful life of three to five years.

Income Taxes

The Company is a single member limited liability company and is treated as a disregarded entity for federal income tax reporting purposes. The Internal Revenue Code provides that any income or loss is passed through to the ultimate beneficial individual member. Accordingly, the Company has not provided for federal and state income taxes.

At December 31, 2021, management has determined that the Company had no uncertain tax positions that would require financial statement recognition. This determination will always be subject to ongoing reevaluation as facts and circumstances may require.

J. Wood Capital Advisors LLC
Notes to Financial Statement
December 31, 2021

3. Employee Benefit Plan

The Company participates in a 401(k) plan and a cash balance plan covering its employees. The Company elected to make contributions of approximately \$585,000 to the 401(k) plan and \$800,000 to the cash balance plan for the year ended December 31, 2021.

4. Investments

For the year ended December 31, 2021, the Company had investments in fixed income securities, equities and warrants. The net unrealized or realized profit on securities is reflected in the statement of operations. The values assigned to investments and any unrealized gains or losses reported are based on available information and do not necessarily represent amounts that might be realized if a ready market existed and such difference could be material. Furthermore, the ultimate realization of such amounts depends on future events and circumstances and, therefore, valuation estimates may differ from the value realized upon disposition of individual positions.

In the ordinary course of business, the Company receives securities as compensation or purchases securities for its own account.

Fair Value Measurement guidance establishes a hierarchy that prioritizes the inputs to valuation techniques giving the highest priority to readily available unadjusted quoted prices in active markets for identical assets (Level I measurements) and the lowest priority to unobservable inputs (Level III measurements) when market prices are not readily available or reliable. Accordingly, the degree of judgement exercised in determining fair value is greatest in Level III investments. The three levels of hierarchy are described below:

Level I - Quoted prices are available in active markets for identical securities as of the reporting date. The types of investments which would generally be included in Level I include listed equities and listed derivatives. As required by GAAP, the Company does not adjust the quoted prices for these investments, even in a situation where the Company holds a large position and a purchase or sale could reasonably impact the quoted price.

Level II – Pricing inputs are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value is determined through the use of models or other valuation methodologies. The types of investments which would generally be included in this category include less liquid and restricted debt or equity securities and certain over-the-counter derivatives.

Level III – Pricing inputs are unobservable for the investment and includes situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation. The types of investments which would generally be included in this category include equity and/or debt securities issued by private entities.

In instances where the Company receives securities as compensation or purchases securities for its own account, sometimes the securities may not be sold or otherwise liquidated for a set period of time. In these cases, an illiquidity discount may be taken on the quoted marketable value.

The Company purchased highly illiquid shares, valued at \$600,000 at December 31, 2021, which were included in the Level III balance.

J. Wood Capital Advisors LLC
Notes to Financial Statement
December 31, 2021

4. Investments (continued)

The following table presents the Company's fair value hierarchy for securities owned as of December 31, 2021:

	Level I	Level II	Level III	
Securities held at fair value:	Quoted prices in active markets for identical assets	Significant other observable inputs	Unobservable inputs	Balance as of 12/31/21
Equities	\$ 42,181,523	\$ 22,127,688	\$ 600,000	\$ 64,909,211
Fixed income securities	-	11,000,000	-	11,000,000
Other	346,500		-	346,500
	<u>\$ 42,528,023</u>	<u>\$ 33,127,688</u>	<u>\$ 600,000</u>	<u>\$ 76,255,711</u>

5. Regulatory Requirements

The Company is subject to SEC Uniform Net Capital Rule 15c3-1 under the Securities Exchange Act of 1934, which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2021, the Company had net capital of approximately \$50,951,000 which exceeded the required net capital by approximately \$50,847,000.

The Company does not handle cash or securities on behalf of customers. Accordingly, it is not affected by SEC Rule 15c3-3.

6. Fixed Assets

Fixed assets consist of the following at December 31, 2021:

Furniture and equipment	\$ 71,537
Automobiles	152,790
Less: accumulated depreciation	(198,923)
Total	<u>\$ 25,404</u>

J. Wood Capital Advisors LLC
Notes to Financial Statement
December 31, 2021

7. Commitments

The Company leases office space from the Managing Member of the Company. This lease provides for monthly payments of \$2,000 and expires on December 31, 2025.

Maturities of lease liability under the operating lease at December 31, 2021 are as follows:

<u>Year ending December 31,</u>	<u>Amount</u>
2022	\$ 24,000
2023	24,000
2024	24,000
2025	24,000
	<u>\$ 96,000</u>
Less: imputed interest	<u>(6,092)</u>
	<u>\$ 89,908</u>

The Company entered into two leases during the year ended December 31, 2021. Both are one-year leases.

8. Concentrations

The Company's cash and cash equivalents are held by one financial institution and therefore are subject to the credit risk at that financial institution. The Company does not consider itself to be at risk with respect to its cash balances.

9. Subsequent Events

The Company has evaluated events that have occurred after December 31, 2021 through the date the financial statements were issued and has determined that there were no material subsequent events requiring adjustment or disclosure.
