Form 10-K for Fiscal Year Ended December 31, 2017

Management's Discussion and Analysis of Financial Condition and Results of Operations  
Application of Critical Accounting Policies  
Goodwill, page 87

1. The goodwill critical accounting policy cites an increase in forecasted revenue based on increased volumes under current contracts and the acquisition of additional storage contracts, the expansion of refineries in the Beaumont/Port Arthur area, growing crude oil production in the U.S. and Canada and the development of both inbound and outbound pipelines to and from the Jefferson Terminal over the next two years. Please provide us with your goodwill impairment analysis for this reporting unit as of your most recent

testing date. Please tell us how you considered actual historical results pursuant to item d of ASC 350-20-35-3C. In this regard, we note the sequential decrease of revenues during each of the quarters of 2017, along with increased net losses, increased adjusted net losses, and increased negative adjusted EBITDA for Jefferson Terminal over those periods. We note the losses continue into the two quarters of 2018.

Note 2- Summary of Significant Accounting Policies

Revenue Recognition, page 13

2. We note your disclosures on page 13 for the adoption of ASC 606, which appear to substantially replicate the disclosures you provided in your 2017 Form 10-K in accordance with SAB 74 rather than the disclosures required by ASC 606-10-50. Please tell us how you considered the disclosure guidance set forth in ASC 606-10-50 for your revenue that is subject to ASC 606 (e.g. explanations of your performance obligations, transaction price allocated to remaining performance obligations, significant judgments applied, determining the timing of satisfaction of each performance obligation, election of practical expedients, etc.). We remind you of the guidance in Rule 10-01(a)(5) of Regulation S-X, which would elicit both annual and interim periods financial statement disclosures prescribed by new accounting principles and practice in each quarterly report in the year of adoption.
3. We note your accounting policy for the recognition of maintenance revenue. Please describe to us the basis in GAAP for this policy.

We remind you that the company and its management are responsible for the accuracy and adequacy of their disclosures, notwithstanding any review, comments, action or absence of action by the staff.

You may contact Tracie Mariner, Staff Accountant, at (202) 551-3744, or Jenn Do, Staff Accountant, at (202) 551- 3743, if you have questions regarding comments on the financial statements and related matters.

Sincerely,
