Filed June 20, 2014
File No. 333-195209**

Dear Mr. Kovie:

We have reviewed your registration statement and have the following comments. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure.

Please respond to this letter by amending your registration statement and providing the requested information. If you do not believe our comments apply to your facts and circumstances or do not believe an amendment is appropriate, please tell us why in your response.

After reviewing any amendment to your registration statement and the information you provide in response to these comments, we may have additional comments.

General

1. We note that your disclosure does not reference your Subscription Agreement with Lambert Private Equity LLC or your Private Equity Loan Agreement with Georgia Peaches LLC anywhere in the body of your prospectus. Please revise your "MD&A" section to include a discussion of these agreements and the material terms. Additionally, please revise your risk factors to provide potential investors with disclosure regarding any restrictions these agreements have on your operations or future offerings.
2. We note your responses to comments 1 - 5 and the revised disclosure you included in your Business Section on page 24. Based upon your current financial situation, including your lack of cash or capital financing, please balance your statements concerning your "immediate" acquisition strategy and "pre IPO" steps to be taken to implement this strategy with a detailed discussion of your sources of capital, your initial minimum financial requirements and how you are selecting which companies to approach for

potential acquisition.

3. We note your response to comments 3 -5; however neither financing agreement is signed by the respective parties. Please file executed copies of both agreements. Please refer to Item 601(a)(10) of Regulation S-K.

Summary of Financial Information, pages 8 and 9

4. We note your response to comment 13. Please provide the selected financial information including revenues, operating expenses, operating income (loss), and net income (loss) per Item 301 of Regulation S-K for all periods presented in your statements of operations. Also, please provide the equity section at each balance sheet date.

Risk Factors, page 10

5. We note your response to comment 14 but there still appears to be risk factors that do not relate to your business. For example, you state on page 12 that you have a limited operating history and no earnings. Please revise your risk factors to include only relevant information for your business.

Item 4. Use of Proceeds, age 17

6. We note your amended disclosure on page 17 in response to comment 17 of our previous letter. Supplement your tabular breakdown of your use of proceeds by providing an accompanying narrative detailing the material uses.
7. We note your response to comment 17. Please expand on your discussion of the minimum amounts needed to accomplish specified purposes of your business plan for which the proceeds are to be obtained per Item 504 of Regulation S-K. Please reference instruction 3 of Item 504 of Regulation S-K.

Item 5. Determination of Offering Price, page 17

8. We note your response to comment 12 that there is no selling shareholder component to this offering. However, there are still erroneous references to selling shareholders on page 18. Please revise.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes the information the Securities Act of 1933 and all applicable Securities Act rules require. Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

Notwithstanding our comments, in the event you request acceleration of the effective date of the pending registration statement please provide a written statement from the company acknowledging that:

- should the Commission or the staff, acting pursuant to delegated authority, declare the filing effective, it does not foreclose the Commission from taking any action with respect to the filing;

- the action of the Commission or the staff, acting pursuant to delegated authority, in declaring the filing effective, does not relieve the company from its full responsibility for the adequacy and accuracy of the disclosure in the filing; and
- the company may not assert staff comments and the declaration of effectiveness as a defense in any proceeding initiated by the Commission or any person under the federal securities laws of the United States.

Please refer to Rules 460 and 461 regarding requests for acceleration. We will consider a written request for acceleration of the effective date of the registration statement as confirmation of the fact that those requesting acceleration are aware of their respective responsibilities under the Securities Act of 1933 and the Securities Exchange Act of 1934 as they relate to the proposed public offering of the securities specified in the above registration statement. Please allow adequate time for us to review any amendment prior to the requested effective date of the registration statement.
