Re: Incapital Unit Trust, Series 90 ("Incapital")
File Nos. 333-205150; 811-22581

Dear Mr. Warren:

On June 22, 2015, Incapital filed a registration statement on Form S-6 under the Securities Act of 1933 (the "Securities Act") for the registration of units representing the ownership of interests in Incapital. Incapital proposes to offer one underlying unit investment trust, BofA Merrill Lynch Food Security Portfolio, Series 1 (the "Trust"). Based on our review of the filing, we have the following comments. Comments we give in one section apply to other sections in the filing that contain the same or similar disclosure. The captions we use below correspond to the captions the Trust uses in the registration statement. All capitalized terms not otherwise defined herein have the meaning given to them in the registration statement.

Prospectus

Principal Investment Strategy (p. 2)

1. The Trust's name is BofA Merrill Lynch Food Security Portfolio, Series 1, which suggests investment in the food industry. However, the Trust's prospectus does not state that it has adopted a policy to invest, under normal circumstances, at least 80% of the value of its net assets, plus the amount of any borrowings for investment purposes, in the particular type of investment suggested by the Trust's name. Explain how this is consistent with Rule 35d-1 of the Investment Company Act of 1940.
2. The first paragraph refers to a "*list of stocks...identified and published by Bank of America Merrill Lynch...as having exposure to the food security theme.*" Disclose the name of this list and whether it is publicly available.
3. Clarify whether the Sponsor intends to only select securities on the List or whether the Sponsor may consider securities not on the List.

Principal Risks (p. 3)

4. Disclose the risks relating to the Trust's food security theme.

We note that portions of the filing are incomplete. We may have additional comments on such portions when you complete them in a pre-effective amendment, on disclosures made in response to this letter, on information provided supplementally, or on exhibits added in any pre-effective amendment.

Response to this letter should be in the form of a pre-effective amendment filed pursuant to Rule 472 under the Securities Act. Where no change will be made in the filing in response to a comment, please indicate that fact in a supplemental letter and briefly state the basis for your position.

Please inform the staff of the information the Trust proposes to omit from the final pre-effective amendment pursuant to Rule 430A under the Securities Act.

Please advise us if you have submitted or expect to submit an exemptive application or no-action request in connection with the registration statement.

You should review and comply with all applicable requirements of the federal securities laws in connection with the preparation and distribution of a preliminary prospectus.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in these filings reviewed by the staff to be certain that they have provided all information investors require for an informed decision. Since the Trust and its management are in possession of all facts relating to the Trust's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

Notwithstanding our comments, in the event the Trust requests acceleration of the effective date of the pending registration statement, it should furnish a letter, at the time of such request, acknowledging that:

- The Trust is responsible for the adequacy and accuracy of the disclosure in the filing;
- Should the Commission or the staff, acting pursuant to delegated authority, declare the filing effective, it does not foreclose the Commission from taking any action with respect to the filing;

- The action of the Commission or the staff, acting pursuant to delegated authority, in declaring the filing effective, does not relieve the Trust from its full responsibility for the adequacy and accuracy of the disclosure in the filing; and
- The Trust may not assert the action as a defense to any proceeding initiated by the Commission or any person under the federal securities laws of the United States.

In addition, please be advised that the Division of Enforcement has access to all information you provide to the staff of the Division of Investment Management in connection with our review of your filing or in response to our comments on your filing.

Sincerely,
