- The lease for the premises where your principal executive offices are located, which premises you disclose increased in size from 10,841 to 30,000 square meters since March 31, 2015;
- The May 18, 2015 revolving loan facility agreement for \$50 million from which you drew down \$20 million on November 20, 2015; and
- Any material contract(s) between you and any of your five largest customers that in the aggregate contributed approximately 59.1% of your 2015 revenues. To the extent you concluded that you are not substantially dependent on any contract or group of interrelated contracts with these customers within the meaning of Item 601(b)(10)(ii)(B), please provide us with detailed support of your conclusion.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes the information the Securities Exchange Act of 1934 and all applicable Exchange Act rules require. Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

In responding to our comments, please provide a written statement from the company acknowledging that:

- the company is responsible for the adequacy and accuracy of the disclosure in the filing;
- staff comments or changes to disclosure in response to staff comments do not foreclose the Commission from taking any action with respect to the filing; and
- the company may not assert staff comments as a defense in any proceeding initiated by the Commission or any person under the federal securities laws of the United States.
