Please respond to this letter by amending your registration statement and providing the requested information. If you do not believe our comments apply to your facts and circumstances or do not believe an amendment is appropriate, please tell us why in your response.

After reviewing any amendment to your registration statement and the information you provide in response to these comments, we may have additional comments.

General

1. We note your disclosure that you will seek to acquire additional companies and that you will focus on this component of your business. Please provide us with a detailed analysis of whether you are subject to the Investment Company Act of 1940. Please note that we may refer your response to the Division of Investment Management for further review.
2. We note your response to comment 25 of our letter dated March 6, 2014. Please remove the reference to the equity-based component of the profit allocation on page F-11.

Additionally, based on your response to comment 1, it appears that you will receive \$175,000 from your businesses, which equates to the amount to be paid to your manager. Please advise how you will profit from this arrangement.

Acquisition Strategy, page 9

4. We note your disclosure that you intend to raise capital for additional acquisitions primarily through debt financing, additional equity offerings, selling your businesses, or a combination of these factors. Please revise your prospectus summary to identify the most significant risks associated with your acquisition strategy.
5. Please disclose here that your goal is to identify and acquire a profitable platform business upon the completion of your public offering. We note your disclosure to this effect on page 70.

Termination of the management services agreement ..., page 26

7. We note your response to comment 16 of our letter dated March 6, 2014. Please clarify, in this risk factor, that Mr. Roberts, as the director and majority shareholder, would currently determine whether to terminate the management agreement. Additionally, please clarify whether you would be required to pay a termination fee if your manager is terminated for cause by vote of the board.

Special Note Regarding Forward-Looking Statements, page 40

8. We note your reference to the Private Securities Litigation Reform Act of 1995. Please note that you are not eligible for the safe harbor for forward-looking statements available under the PSLRA because you are not currently a U.S. reporting company. Please revise to remove this reference. Additionally, we note that you have provided an extensive list of what constitutes forward-looking statements. This definition of forward-looking statements is too broad. Please revise.

10. We note that your revised disclosure on page 49 directing investors to a section for more information about the offsetting management services agreement appears to cross-reference this same section. We also note the same issue with respect to your revised disclosure on page 51 directing investors to a section for more information about the transaction services agreements. Please remove or revise these cross-references.
11. We note your response to comment 23 of our letter dated March 6, 2014. We reissue our comment in part. We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes the information the Securities Act of 1933 and all applicable Securities Act rules require. Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

Notwithstanding our comments, in the event you request acceleration of the effective date of the pending registration statement please provide a written statement from the company acknowledging that:

- should the Commission or the staff, acting pursuant to delegated authority, declare the filing effective, it does not foreclose the Commission from taking any action with respect to the filing;
- the action of the Commission or the staff, acting pursuant to delegated authority, in declaring the filing effective, does not relieve the company from its full responsibility for the adequacy and accuracy of the disclosure in the filing; and
- the company may not assert staff comments and the declaration of effectiveness as a defense in any proceeding initiated by the Commission or any person under the federal securities laws of the United States.

Please refer to Rules 460 and 461 regarding requests for acceleration. We will consider a written request for acceleration of the effective date of the registration statement as confirmation of the fact that those requesting acceleration are aware of their respective responsibilities under the Securities Act of 1933 and the Securities Exchange Act of 1934 as they relate to the proposed public offering of the securities specified in the above registration statement. Please allow adequate time for us to review any amendment prior to the requested effective date of the registration statement.
