letter from our chairman and CEO

Dear Stockholders,

FY 2020 was a great year for e.l.f. Beauty. We saw four quarters of net sales expansion, culminating in a 13% year-over-year increase in net sales in the fourth quarter (16% excluding e.l.f. retail stores).

Tarang Amin
Chairman and CEO

FY 2020 highlights include:

- Net sales of \$283 million, up 6% versus a year ago (11% versus a year ago, excluding e.l.f. retail stores).
- Gross margin of 64%, up 300 basis points versus a year ago (and up 1,700 basis points versus FY 2014).
- Net income of \$18 million and Adjusted EBITDA of \$63 million, up slightly versus a year ago, even with doubling our marketing and digital investment to 13% of net sales.
- e.l.f. Cosmetics grew the most market share of the top five color cosmetics brands in the U.S., up 50 basis points.
- We made our first acquisition of the pioneering clean beauty brand W3LL PEOPLE, bringing to the company 40 EWG VERIFIED™ products and access to this fast-growing beauty segment.

We accomplished these results by investing in our brand recharge and executing on our five strategic imperatives:

1. **Drive brand demand.** We launched our “e.l.f.ing amazing” campaign to bring e.l.f. Cosmetics’ superpowers of 100% vegan and cruelty-free, holy grail first-to-mass products, premium quality, extraordinary prices, and universal appeal to the forefront of the beauty conversation. We also created a groundbreaking “Eyes. Lips. Face.” hashtag challenge on TikTok, which quickly became the most viral campaign in TikTok U.S. history with over 6 billion views!
2. **Major step-up in digital.** True to our digitally native roots, we drove double-digit growth in traffic and new consumers to elfcosmetics.com, the #1 mass e-commerce brand site. Our Beauty Squad loyalty program grew to 1.8 million members. Consumption on our retailer.coms and Amazon was up over 50%.
3. **Provide first-to-mass prestige-quality products.** We strengthened our leading position in primers, brushes, and brow, gaining significant market share in these hero segments. Our Poreless Putty Primer is the best-selling primer in the U.S. and the #1 SKU in the face category. We continue to focus on skin care as a strategically important category, with consumption up 27% in FY 2020.
4. **Drive national retailer productivity.** We improved our shelf assortment and presentation via Project Unicorn, delivering the highest productivity of any color cosmetics brand at Target and Walmart. Our consumption at ULTA Beauty and other retailers also did well. Given the strength of our innovation and consumer engagement, Walmart and ULTA Beauty plan to expand our space in a subset of their doors in FY 2021.
5. **Deliver cost savings to fuel brand investments.** We successfully redeployed the \$13.7 million of savings from closing our 22 e.l.f. retail stores to our digital and national retailer business. We are particularly pleased with our pricing execution in July 2019 as it was the most significant pricing action that we've taken in our 16-year history, and, along with cost savings and favorable foreign exchange rates, overcame tariffs on China goods.

We're equally excited about our strategic extensions, specifically the acquisition of W3LL PEOPLE and the internal development of an exciting new brand we plan to introduce in FY 2021. We believe strategic extensions are key to our long-term growth as we evolve from a single brand to a multi-brand beauty company and help leverage the investments in our world-class team and capabilities.

The strength of our team can be seen in our response to COVID-19. We were one of the first beauty companies to be fully operational once restrictions were lifted in China. We continue to execute on our strategic imperatives and gain market share on the e.l.f. Cosmetics brand. Our team reflects the diverse beauty enthusiasts we serve with our employee base being 70% women, 55% Millennial, and over 45% diverse.

Our Board of Directors has extensive public company experience, extensive retail, beauty, and consumer products experience, and has been actively engaged in overseeing our strategic imperatives. I am so proud that e.l.f. Beauty is one of only 10 public companies with over 60% women on the board of directors (out of 4,800+ public companies).

Our mission to make the best of beauty accessible to every eye, lip and face is more important than ever. We believe that our fundamental value equation and digital engagement, as well as our world-class team's ability to adapt at "e.l.f. speed", positions us well to navigate COVID-19 challenges and continue to gain market share in the coming year.

Sincerely,

See Annex A for a reconciliation of GAAP measures to non-GAAP measures.

strong financial results

The transition period from January 1, 2019 to March 31, 2019 ("2019T") and the fiscal year ended March 31, 2020 ("FY 2020") was a terrific period for the Company, highlighted by five consecutive quarters of net sales growth.

We reversed declining sales trends at the end of 2018 and achieved \$64 million in net sales in 2019T, which represented 3% year-over-year growth (excluding the contribution from e.l.f. retail stores). Our disciplined execution fueled a 11% year-over-year net sales growth in FY 2020 (excluding the contribution from e.l.f. retail stores) that greatly outpaced the category, which declined in tracked channels in FY 2020 according to Nielsen.

We increased investment against our strategic imperatives in FY 2020 (including nearly doubling our marketing investment from the prior year) and delivered \$17.9 million of net income and \$62.6 million of Adjusted EBITDA in FY 2020.

We successfully navigated a 25% tariff being implemented on the majority of our products and increased gross margin in FY 2020 by 300 basis points compared to the prior year.

We reasserted our multiple areas of competitive advantage, which resulted in e.l.f. Cosmetics growing market share by 50 basis points during FY 2020 according to Nielsen. We entered COVID-19 headwinds with strengths relative to the category and expect to continue to take market share.

strengthening corporate governance

We have continued to strengthen our corporate governance. We appointed Beth Pritchard as our Lead Independent Director in February 2019. We also refreshed the membership of our Board committees twice in 2019T and FY 2020, leveraging the experience sets of our directors.

Additionally, although we are an emerging growth company (as defined in the Jumpstart Our Business Startups Act of 2012 (the "JOBS Act")), and are not required by applicable rules to hold a "say-on-pay" vote until March 31, 2022 (unless we meet certain thresholds earlier), we have included at the 2020 annual meeting a say-on-pay vote with respect to compensation paid to our named executive officers for 2019T and FY 2020. We are also asking stockholders to vote for holding our say-on-pay vote annually. We value ongoing stockholder input, which an annual say-on-pay vote will enable.

executing on strategic extensions

We completed the acquisition of W3LL PEOPLE in FY 2020, which was strategically important as clean is one of the fastest growing segments within beauty. We also incubated a new brand expected to launch in FY 2021. Both are key milestones as we evolve from a single brand to multi-brand beauty company.

continued progress against strategic imperatives

We made significant progress in FY 2020 against our strategic imperatives to grow and create long-term value for our stockholders, highlights of which are discussed below:

strategic imperative	FY 2020 highlights	
1 Drive brand demand	<ul style="list-style-type: none"> Of the top five color cosmetics brands in the U.S., e.l.f. Cosmetics grew the most market share in FY 2020, up 50 basis points. Our "Eyes. Our new @elfyeah TikTok channel (launched in mid-March 2020), a destination for Gen Z that delivers premium entertainment for TikTok's rapidly growing audience, amassed over 25,000 followers and over 650,000 likes in 18 days (and it continues to grow).

director independence

All of our directors, except our Chairman and Chief Executive Officer, are independent under NYSE listing standards, making our Board 89% independent.

Our Board has determined that Ms. Keith, Ms. Cooks Levitan, Ms. Parham, Mr. Perry, Ms. Pritchard, Ms. Simmons, Ms. Watson, and Mr. Wolford each qualifies as an independent director under NYSE listing standards. Mr. Amin is not considered independent because he is an employee of the Company.

NYSE's independent director definition includes a series of objective tests, including that the director is not, and has not been within the last three years, one of our employees and that neither the director nor any of his or her family members has engaged in various types of business dealings with us. In addition, as required by NYSE listing standards, our Board has made an affirmative determination as to each independent director that he or she has no material relationship with the Company (either directly or as a partner, stockholder, or officer of an organization that has a relationship with us). In making these determinations, our Board considered ownership of our stock and reviewed and discussed information provided by each director with regard to that director's business and personal activities and relationships as they may relate to the Company and our management.

There are no family relationships among any of our directors or executive officers.

the role and responsibilities of our board

Our Board represents our stockholders' interests and is responsible for furthering the long-term success and value of the Company, consistent with its fiduciary duties to our stockholders. Our Board has responsibility for establishing broad corporate policies, setting strategic direction, and overseeing management, which is responsible for the day-to-day operations of the Company.

In fulfilling this role, each director must exercise his or her good faith business judgment in the best interests of the Company and its stockholders. The Company is committed to conducting its business in accordance with ethical business principles. Integrity and ethical behavior are core values of the Company. Our Board provides the best example of these values and will reinforce their importance at appropriate times.

Our Board oversees the risk management process, while the Company's management oversees and manages risk on a daily basis. The Company's management provides regular reports to our Board on areas of material risk to the Company, including operational, financial, legal, regulatory, and strategic risks. In addition, as part of its review of operational risk, our Board reviews cybersecurity risks facing the Company, including the potential for breaches of our key information technology systems and the potential for breaches of our systems and processes relating to the protection of consumer and employee confidential information.

While our Board is ultimately responsible for risk oversight, each of our Board committees assists in fulfilling these oversight responsibilities. Their specific areas of responsibility are:

- the Audit Committee oversees management of risks relating to financial and internal controls. The Audit Committee also aids in the review of cybersecurity risks facing the Company;

- the Nominating and Corporate Governance Committee oversees the management of risks related to the effectiveness of our Board, including succession planning for our Board, and our overall governance and structure; and
- the Compensation Committee oversees the management of risks relating to the compensation of executive officers and employees.

To facilitate our Board's oversight of our risk management process, the chair of each committee reports (or delegates to another committee member or to our General Counsel to report) on its activities to our full Board, which enables our Board and its committees to coordinate the risk oversight role and keep informed of any developments impacting the Company's risk profile.

how our board is organized

Our Board currently consists of nine directors, with three classes of directors designated as Class I, Class II, and Class III. Each class of directors serves a staggered three-year term. At each annual meeting of stockholders, directors of the class whose term is expiring are elected for a term of three years. Our directors are classified as follows:

class I	term ends	class II	term ends	class III	term ends
Kirk Perry	2020	Lauren Cooks Levitan	2021	Tarang Amin	2022
Sabrina Simmons	2020	Richelle Parham	2021	Lori Keith	2022
Maureen Watson	2020	Richard Wolford	2021	Beth Pritchard	2022

board leadership

Tarang Amin	Chairman

Beth Pritchard	Lead Independent Director and Chair of the Nominating and Corporate Governance Committee
Sabrina Simmons	Chair of the Audit Committee

The Company's governance framework provides our Board with the discretion and flexibility to make determinations as needed to provide appropriate leadership for our Board. In making these determinations, our Board considers many factors, including the specific needs of the business and what is in the best interests of the Company and our stockholders.

Our Board believes that our current Board leadership structure provides an effective balance between strong management leadership and appropriate safeguards and oversight by our independent directors.

Our Board encourages all directors to play an active role in overseeing the Company's business. The non-management directors meet in executive session without management directors or management present on a regularly scheduled basis. These meetings allow non-management directors to discuss issues of importance to the Company, including the business and affairs of the Company as well as matters concerning management, without any member of management present.

Chairman. Mr. Amin, our Chief Executive Officer, currently serves as our Chairman. Our Board believes that having Mr. Amin serve as Chairman and Chief Executive Officer is important to the short- and long-term success of the Company as it

provides certain synergies and efficiencies that enhance the functioning of our Board and, importantly, allows our Board to most effectively execute its role in overseeing business strategy.

As the director closest to our business, Mr. Amin is best able to identify many of the business issues that require the attention of our Board and, as Chairman, can best focus our directors' attention on the most critical business matters. Further, in our Board's experience, having Mr. Amin serve as the combined role of Chairman and Chief Executive Officer allows for timely and unfiltered communication with our Board on these critical business issues.

Lead Independent Director. When the roles of Chair of our Board and Chief Executive Officer are combined or the Chair is not an independent director (as defined under the NYSE listing standards), our independent directors appoint an independent director to serve as the Lead Independent Director. Ms. Pritchard currently serves as our Lead Independent Director.

Our Board believes that having a Lead Independent Director helps to ensure sufficient independence in its leadership and provide effective independent functioning of our Board in its oversight and governance responsibilities. The Lead Independent Director performs the functions and duties provided in our Lead Independent Director Guidelines and as otherwise may be requested by our Board. Our Lead Independent Director Guidelines are periodically reviewed and updated by our Board and the Nominating and Corporate Governance Committee. A copy of our Lead Independent Director Guidelines is available on our investor relations website at investor.elfcosmetics.com/corporate-governance/governance-guidelines.

Committee Chairs. Each of the Audit Committee, the Nominating and Corporate Governance Committee, and the Compensation Committee is led by a chair that is an independent director.

Below is a summary of the key responsibilities of our Board leadership positions:

board committees

Our Board currently has three standing committees: the Audit Committee, the Nominating and Corporate Governance Committee, and the Compensation Committee. The primary responsibilities (and other details) of each committee are described below. These committees play a critical role in our governance and strategy, and each committee has access to management and the authority to retain independent advisers as it deems appropriate.

Each committee operates pursuant to a written charter. You may view each committee's charter on our investor relations website at investor.elfcosmetics.com/corporate-governance/board-committees. Each committee reviews and assesses the adequacy of its charter at least annually and recommends changes to our Board to reflect the evolving role of the committee.

how our directors are selected

board director suggestions

The Nominating and Corporate Governance Committee is responsible for reviewing with our full Board, on an annual basis, the appropriate characteristics, skills, and experience required for our Board as a whole and the individual directors. In evaluating the suitability of individual candidates for our Board (both new candidates and current directors), the Nominating and Corporate Governance Committee and our Board consider many factors, including the following:

- personal and professional integrity
- ethics and values
- experience in corporate management, such as serving as an officer or former officer
- practical and mature business judgment
- experience in the industries in which we operate
- conflicts of interest
- experience as a board member or executive officer of another publicly held company
- diversity of expertise and experience in substantive matters pertaining to our business relative to other Board members

Our Board evaluates each individual in the context of our Board as a whole, with the objective of assembling a group of directors that can best maximize the success of our business and represent our stockholders' interests through the exercise of sound judgment using its depth in these various areas. Our Board does not have a specific diversity policy but fully appreciates the value of diversity.

stockholder director suggestions

In addition to candidates identified through its own internal processes, the Nominating and Corporate Governance Committee will evaluate candidates for director that are suggested by any stockholder.

In order for the Nominating and Corporate Governance Committee to consider a stockholder suggestion, the stockholder must submit proof of Company stock ownership and submit an explanation of the reasons why the stockholder believes the candidate is qualified for service on our Board. To fully evaluate the candidate, the Nominating and Corporate Governance Committee may request the stockholder provide additional information regarding the suggested candidate.

The Nominating and Corporate Governance Committee evaluates candidates suggested by stockholders using the same principles and methodologies as it uses to evaluate other candidates (including candidates identified by our Board or the Company).

There is no set deadline or timing for a stockholder to suggest a candidate for our Board. Stockholder suggestions for nominees for director should be submitted in writing to:

e.l.f. Beauty, Inc.
ATTN: Corporate Secretary
570 10th Street
Oakland, California 94607

The procedures described above are meant to establish an additional means by which stockholders can contribute to our process for identifying and evaluating candidates for our Board and are not meant to replace or limit stockholders' general nomination rights, as discussed below, in any way.

stockholder director nomination right

Any stockholder may nominate a candidate or candidates for election to our Board at an annual meeting of stockholders if the stockholder complies with the advance notice, information, and consent provisions contained in our bylaws, which are briefly described below.

To nominate a candidate, a stockholder must submit a detailed resume of the candidate and an explanation of the reasons why the stockholder believes the candidate is qualified to serve on our Board. The stockholder must also provide other information about the candidate that would be required by the SEC rules to be included in a proxy statement.

In addition, the stockholder must include the consent of the candidate with respect to the candidate's nomination and commitment to serve if elected, and describe any relationships, arrangements or undertakings between the stockholder and the candidate regarding the nomination or otherwise. The stockholder must also submit a director questionnaire and an agreement completed by each candidate (forms of which must be requested from the Company), and the stockholder must provide any other information required by our bylaws. The stockholder must also submit proof of Company stock ownership.

If a stockholder wishes to nominate one or more persons for election to our Board at the 2021 annual meeting of stockholders, we must receive notice of the nomination between April 29, 2021 and May 29, 2021 according to our bylaws. However, if the date of the 2021 annual meeting of stockholders is more than 30 days before or more than 60 days after August 27, 2021, notice must be received not later than the 90th day prior to the date of the 2021 annual meeting of stockholders or, if later, the 10th day following the day on which public disclosure of the date of the 2021 annual meeting of stockholders is first made.

Stockholder director nominations must be submitted in writing to:

e.l.f. Beauty, Inc.
ATTN: Corporate Secretary
570 10th Street
Oakland, California 94607

Marathon Partners Equity Management, LLC and certain of its affiliates notified the Company on May 28, 2020 that it intended to nominate three nominees for election as Class I directors at the 2020 annual meeting. Marathon Partners Equity Management, LLC and its affiliates withdrew their notice of intention to nominate and their nominees on July 1, 2020.

termination of TPG board designation rights and cessation of TPG board representation

In connection with TPG's sale of approximately 3.6 million shares on December 2, 2019, which resulted in TPG being the registered holder of approximately 7.3% of the Company's outstanding common stock as of that date, and following discussions with the Company and at the Company's request, TPG, the Company and Mr. Amin (and certain of his family

trusts) agreed to terminate, effective as of December 4, 2019, the Second Amended and Restated Stockholders Agreement (the "Stockholders Agreement"), dated as of March 3, 2017, by and among the Company, TPG, and certain other additional equity holders of the Company. In addition, on December 3, 2019 (and in connection with TPG's December 2 sale of common stock), Mr. Ellis, the sole director designee of TPG pursuant to the Stockholders Agreement, resigned from our Board.

As a result of the termination of the Stockholders Agreement, any director that was a TPG designated director ceased to have that designation as of December 4, 2019 and TPG no longer has the contractual right to designate any directors or any nominees for election to our Board. No current director is a partner, member, director, officer, or employee of TPG or its affiliates.

how our directors are evaluated

Our Board is committed to continual corporate governance improvement. Our Board, and each committee, conducts an annual self-evaluation to review and assess its overall effectiveness, including with respect to strategic oversight, board structure and operation, interaction with and evaluation of management, governance policies, and committee structure and composition. As appropriate, these assessments may result in updates or changes to our practices as well as commitments to continue existing practices that our directors believe contribute positively to the effective functioning of our Board and committees.

meeting attendance

Our Board meets at least quarterly each year and special meetings may be held as permitted by our bylaws. Committee meetings are held at such times as the committee may determine, with the goal of meeting at least quarterly each year. Directors are expected to attend and participate in Board meetings and applicable committee meetings, and spend the time needed and meet as frequently as necessary to properly discharge their responsibilities.

During 2019T and FY 2020, our Board held 10 meetings. Each director, for the portion of 2019T and FY 2020 that the director was a member of our Board or a particular committee, as applicable, attended at least 75% of the aggregate of the total number of meetings of our Board held during 2019T and FY 2020 and the total number of meetings held during 2019T and FY 2020 by all committees of our Board on which that director served.

Although we do not have a policy with regard to directors' attendance at the annual meetings of stockholders, all directors are encouraged to attend annual meetings. Each director that was on our Board on the date of the 2019 annual meeting of stockholders attended the 2019 annual meeting of stockholders.

how our directors are paid

non-employee director compensation program

We compensate our non-employee directors for their service on our Board in accordance with our Non-Employee Director Compensation Program. We also reimburse all directors for their reasonable business expenses incurred in connection with their activities as directors. All our non-employee directors are eligible to receive compensation for their

service on our Board except for any non-employee director that is a partner, member, director, officer, or employee of TPG or its affiliates. No partner, member, director, officer or employee of TPG or its affiliates has been a member of our Board since December 3, 2019.

The only non-employee directors that were not eligible to receive compensation for their service on our Board in 2019T and FY 2020 were Mr. Ellis (who resigned from our Board on December 3, 2019) and Mr. McGlashan (who resigned from our Board on March 13, 2019) due to their respective affiliation with TPG.

Our Non-Employee Director Compensation Program in effect for 2019T and FY 2020 provided for the following compensation to our non-employee directors:

retainer	cash ⁽¹⁾	stock award ^{(2) (3)}	total
Annual Retainer	\$ 45,000	\$ 175,000	\$ 220,000
Lead Independent Director Retainer	\$ 20,000	—	\$ 20,000
Audit Committee Chairperson Retainer	\$ 15,000	—	\$ 15,000
Audit Committee Member Retainer	\$ 7,500	—	\$ 7,500
Compensation Committee Chairperson Retainer	\$ 10,000	—	\$ 10,000
Compensation Committee Member Retainer	\$ 5,000	—	\$ 5,000
Nominating and Corporate Governance Committee Chairperson Retainer	\$ 6,000	—	\$ 6,000
Nominating and Corporate Governance Committee Member Retainer	\$ 3,000	—	\$ 3,000

- (1) The cash portion is paid on a quarterly basis. If a director does not serve as a non-employee director for the entire period, the cash portion of the annual retainers will be pro-rated based on the portion of the period that director served as a non-employee director. Prior to January 1 of any year, a non-employee director may elect to receive all of his or her annual cash retainer for the following year in the form of time-vesting restricted stock units ("RSUs").
- (2) Payable in time-vesting RSUs. The actual number of RSUs granted to a non-employee director is calculated by dividing the dollar amount of the award by the closing trading price of our common stock on the date of grant. The dollar amount of the award is pro-rated for new non-employee directors. The RSU portion of the annual retainer is granted on the date of each annual meeting of stockholders, or for new non-employee directors, on the date of appointment, and vests in full on the earlier of (i) the first anniversary of the grant date or (ii) immediately prior to the next annual meeting of stockholders after the grant date, subject to the director continuing to serve as a non-employee director through the vesting date. All RSUs granted to our non-employee directors pursuant to the Non-Employee Director Compensation Program vest fully immediately prior to the occurrence of a change in control (as defined in our 2016 Equity Incentive Award Plan).
- (3) For the 2019-2020 board term, the value of the stock award was increased by 25% (or \$35,000) to account for the extra quarter between the 2019 annual meeting of stockholders (May 2019) and the 2020 annual meeting (August 2020) as a result of the change in our fiscal year-end. The fiscal year-end change resulted in there being five quarters of Board service between annual meetings instead of the normal four. For the 2020-2021 board term and future board terms, the value of the stock award for our non-employee directors will return to \$140,000 under our Non-Employee Director Compensation Program.

director compensation table

The following table shows the compensation earned by or paid to our non-employee directors for their service in 2019T and FY 2020. All dollar amounts are rounded to the nearest whole dollar amount. No non-employee director elected to defer any compensation earned by, or paid in, 2019T and FY 2020.

certain relationships and related party transactions

policy and procedures

The Audit Committee has adopted a written policy regarding transactions between the Company and our executive officers, directors, nominees for election as a director, beneficial owners of more than 5% of our common stock, and any affiliates or members of the immediate family of any of the foregoing. We refer to these individuals and entities as “related parties” and these relationships generally as “related party transactions”.

Any request for us to enter into a related party transaction in which the amount involved exceeds \$120,000 and a related party would have a direct or indirect interest must first be presented to the Audit Committee for review, consideration, and approval. The Audit Committee reviews all the relevant facts and circumstances of each related party transaction, including if the transaction is on terms comparable to those that could be obtained in arm’s length dealings with an unrelated third party and the extent of the related party’s interest in the transaction, and considers any conflicts of interest and corporate opportunity provisions of the Company’s Code of Business Conduct and Ethics.

related party transactions during the year

The following is a description of related party transactions entered into during 2019T and FY 2020 in which the amount involved exceeds \$120,000 and a related party would have a direct or indirect interest:

- we paid compensation to our directors and executive officers in 2019T and FY 2020. See under the headings “our board of directors—how our directors are paid” and “executive compensation”; and
- we entered into our standard indemnification agreement with Ms. Marchisotto, Ms. Fields, and Mr. Franks when each joined the Company. Our standard indemnification agreement requires us to, among other things, indemnify our directors and executive officers to the fullest extent permitted by Delaware law, including indemnification of expenses such as attorneys’ fees incurred by such individuals in any action or proceeding, including any action or proceeding by or in right of us, arising out of the person’s services as a director or executive officer. We have obtained an insurance policy that insures our directors and officers against certain liabilities, including liabilities arising under applicable securities laws.

rule 10b5-1 plans

Certain of our executive officers have adopted written plans, known as Rule 10b5-1 plans, in which they have contracted with a broker to buy or sell shares of our common stock on a periodic basis. Under a Rule 10b5-1 plan, a broker executes trades pursuant to parameters established by the individual when entering into the Rule 10b5-1 plan, without further direction from them. The individual may amend or terminate the Rule 10b5-1 plan in specified circumstances.

corporate governance materials

Our Corporate Governance Guidelines are intended to provide a set of flexible guidelines for the effective functioning of our Board, including director qualifications and responsibilities, management succession and Board committees. Our Corporate Governance Guidelines are reviewed regularly and revised as necessary or appropriate in response to changing

regulatory requirements, evolving best practices, and other considerations. A copy of our Corporate Governance Guidelines is available on our investor relations website at investor.elfcosmetics.com/corporate-governance/governance-guidelines.

In addition to our Corporate Governance Guidelines, we have adopted a Code of Business Conduct and Ethics for our directors, officers, and employees, including our principal executive officer and principal financial officer, and principal accounting officer. The Code of Business Conduct and Ethics is designed to help directors and employees resolve ethical and compliance issues encountered in the business environment. We will make any legally required disclosures regarding amendments to, or waivers of, our Code of Business Conduct and Ethics on our investor relations website. A copy of our Code of Business Conduct and Ethics is available on our investor relations website at investor.elfcosmetics.com/corporate-governance/code-of-business-conduct-ethics.

executive compensation

proposal 2: advisory vote to approve compensation for our named executive officers

FOR

Our Board unanimously recommends a vote “FOR” the approval, on an advisory basis, of the compensation for our named executive officers.

Our Board believes our executive compensation program aligns the interests of our executive officers with the long-term interests of our stockholders and, consistent with our pay-for-performance culture, rewards our executive officers when the Company achieves its short- and long-term strategic and financial goals.

what am i voting on?

As an emerging growth company, we are not required to hold an advisory vote to approve the compensation of our named executive officers (commonly referred to as a “say-on-pay vote”). We will not be required to hold a say-on-pay vote until we cease to be an emerging growth company, which will occur on March 31, 2022 or the earlier date that we meet certain market capitalization, revenue, or debt thresholds.

We are adopting the say-on-pay advisory vote early. Stockholders are being asked to indicate their support, on an advisory (non-binding) basis, for the compensation of our named executive officers for 2019T and FY 2020 as described in this proxy statement by casting a vote “FOR” the following resolution:

“RESOLVED, that the compensation paid to the Company’s named executive officers for 2019T and FY 2020, as disclosed pursuant to Item 402 of Regulation S-K, including the compensation discussion and analysis, compensation tables, and narrative discussion, is hereby APPROVED.”

This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement.

Stockholders should review the information under the heading “executive compensation—compensation discussion and analysis” and the tables and narrative discussion under the heading “executive compensation—executive compensation tables”. Our Board and the Compensation Committee believe that the policies and procedures discussed in the following sections are effective in achieving our goals and have contributed to the Company’s recent and long-term success.

Because the vote is advisory, it is not binding on our Board or the Company. Nevertheless, the views expressed by our stockholders, whether through this vote or otherwise, are important to management and our Board and, accordingly, our Board and the Compensation Committee intend to consider the results of this vote in making determinations in the future regarding executive compensation arrangements.

what is the required vote?

The compensation of our named executive officers for 2019T and FY 2020 will be approved, on an advisory basis, by a majority of votes cast (meaning the number of shares voted “For” must exceed the number of shares voted “Against” in order for this proposal to be approved). Abstentions and broker non-votes are not considered votes cast for this proposal and will have no effect on the vote for this proposal.

proposal 3: advisory vote on the frequency of the advisory vote on executive compensation

1 YEAR

Our Board unanimously recommends a vote for “1 YEAR”, on an advisory basis, for the frequency of the advisory vote on executive compensation.

Our Board believes an annual say-on-pay vote would enable our stockholders to provide us with input regarding the compensation of our named executive officers on a timely basis.

what am i voting on?

Stockholders are being asked to vote, on an advisory (non-binding) basis, for how frequently we should seek a say-on-pay vote (commonly referred to as a “say-when-on-pay vote”). As an emerging growth company, as in the case of the say-on-pay vote, we are not required to hold a say-when-on-pay vote. However, as a matter of good governance and in connection with our early adoption of the say-on-pay vote, we are also holding a say-when-on-pay vote.

Stockholders may vote for whether they would prefer a say-on-pay vote every year, every two years, or every three years. Stockholders may also abstain from voting on this proposal. While we will continue to monitor developments in this area, our Board currently plans to seek a say-on-pay vote every year and, as such, is asking our stockholders to vote for a frequency of “1 YEAR”. Our Board and the Compensation Committee believe that holding a say-on-pay vote every year is advisable for a number of reasons, including the following:

- it would enable our stockholders to provide us with input regarding the compensation of our named executive officers on a timely basis; and
- it is consistent with our goal to seek input from, and engage in discussion with, our stockholders on corporate governance matters and our compensation philosophy, policies, and practices for our executive officers.

Stockholders are not voting to approve or disapprove our Board’s recommendation. Instead, stockholders may vote for their preferred frequency of the say-on-pay vote: “1 year,” “2 years,” “3 years” or “Abstain.”

Because the vote is advisory, it is not binding on our Board or the Company. Nevertheless, the views expressed by the stockholders, whether through this vote or otherwise, are important to management and our Board and, accordingly, our Board and the Compensation Committee intend take into account the outcome of this vote in considering the frequency with which the say-on-pay vote will be held in the future.

what is the required vote?

As noted above, stockholders are not voting to approve or disapprove our Board’s recommendation with respect to the frequency with which the say-on-pay vote will be held in the future. With that said, the frequency choice (“1 year,” “2 years,” “3 years”) receiving the most votes will be given due regard by, but will not be binding on, our Board or the Company.

compensation discussion and analysis

The compensation discussion and analysis (the “CD&A”) provides information with respect to compensation for our named executive officers for:

- the transition period from January 1, 2019 to March 31, 2019 (“2019T”), which resulted from the change in late 2018 to the Company’s fiscal year-end from December 31 to March 31; and
- the fiscal year ended March 31, 2020 (“FY 2020”).

The compensation provided to our named executive officers in 2019T and FY 2020 is discussed in detail in the CD&A and in the tables under the heading “executive compensation—executive compensation tables”.

We are not required to include a compensation discussion and analysis in our proxy statement until we cease to be an emerging growth company. This year, however, we have elected to provide additional disclosure beyond what the JOBS Act requires of emerging growth companies.

The CD&A is organized into the following sections:

- executive summary, starting on page 39;
- named executive officers, starting on page 42;
- compensation philosophy, objectives, and design, starting on page 42;
- compensation setting process, starting on page 43;
- compensation program components, starting on page 45; and
- other compensation information, starting on page 53.

We reversed declining sales trends at the end of 2018 and achieved \$64 million in net sales in 2019T, which represented 3% year-over-year growth (excluding the contribution from e.l.f. retail stores). Our disciplined execution fueled a 11% year-over-year net sales growth in FY 2020 (excluding the contribution from e.l.f. retail stores) that greatly outpaced the category, which declined in tracked channels in FY 2020 according to Nielsen.

We increased investment against our strategic imperatives in FY 2020 (including nearly doubling our marketing investment from the prior year) and delivered \$17.9 million of net income and \$62.6 million of Adjusted EBITDA in FY 2020.

We successfully navigated a 25% tariff being implemented on the majority of our products and increased gross margin in FY 2020 by 300 basis points compared to the prior year.

We reasserted our multiple areas of competitive advantage, which resulted in e.l.f. Cosmetics growing market share by 50 basis points during FY 2020 according to Nielsen. We entered COVID-19 headwinds with strengths relative to the category and expect to continue to take market share.

strengthening corporate governance

We have continued to strengthen our corporate governance. We appointed Beth Pritchard as our Lead Independent Director in February 2019. We also refreshed the membership of our Board committees twice in 2019T and FY 2020, leveraging the experience sets of our directors.

Additionally, although we are an emerging growth company and are not required by applicable rules to hold a “say-on-pay” vote until March 31, 2022 (unless we meet certain thresholds earlier), we have included at the 2020 annual meeting a say-on-pay vote with respect to compensation paid to our named executive officers for 2019T and FY 2020. We are also asking stockholders to vote for holding our say-on-pay vote annually. We value ongoing stockholder input, which an annual say-on-pay vote will enable.

executing on strategic extensions

We completed the acquisition of W3LL PEOPLE in FY 2020, which was strategically important as clean is one of the fastest growing segments within beauty. We also incubated a new brand expected to launch in FY 2021. Both are key milestones as we evolve from a single brand to multi-brand beauty company.

continued progress against strategic imperatives

We made significant progress against our strategic imperatives to grow and create long-term value for our stockholders. See under the heading “introduction—e.l.f. Beauty at a glance—highlights from 2019T and FY 2020—continued progress against strategic imperatives”.

- **maintaining base salaries and annual cash incentive opportunities** for our named executive officers—we have **never changed** the base salaries or annual cash incentive opportunities for our named executive officers, which for Mr. Amin, Mr. Baruch, and Mr. Milsten remain the **same as 2014**;

- **substantially reducing** the targeted value of equity awards made in 2019T to our then-serving named executive officers as compared to the targeted value of equity awards made in 2018, including a **30% reduction** for Mr. Amin; and
- granting **50%** of Mr. Amin's equity compensation in the form of **performance-based restricted stock** (with stock price hurdles of **151%, 189%, and 226%** of the stock price on grant date) to even more closely align his compensation with the Company's strong pay-for-performance culture and focus on the delivery of substantial and sustainable value to stockholders.

The compensation for our named executive officers for 2019T and FY 2020 is discussed in more detail in the sections of the CD&A that follow.

named executive officers

Our named executive officers for FY 2020 were as follows:

name	position
Tarang Amin	Chairman, Chief Executive Officer, President, and Director
Rich Baruch	Senior Vice President and Chief Commercial Officer
Mandy Fields	Senior Vice President and Chief Financial Officer
Josh Franks	Senior Vice President, Operations
Scott Milsten	Senior Vice President, General Counsel, Chief People Officer, and Corporate Secretary

For biographical information regarding our named executive officers, see under the heading “our company”.

compensation philosophy, objectives, and design

We have a **pay-for-performance** culture. We believe our executive officers should be rewarded when the Company achieves its short-term and long-term strategic and financial goals, since these accomplishments reward our stockholders by generating better stock price returns.

Our executive compensation program is designed to achieve the following objectives:

attract and retain talent

Attract, motivate, and retain highly talented and experienced executive officers who drive our success.

align with stockholders

Align our executive officers' incentives with the long-term interests of our stockholders.

pay-for-performance

Reward our executive officers for their performance and motivate them to achieve the Company's short- and long-term and financial strategic goals.

We achieve our objectives through an executive compensation program that:

- provides a competitive total pay opportunity that enables us to compete effectively for executive talent with large legacy consumer products, retail, and beauty companies, as well as with high growth technology and digital companies in the San Francisco Bay Area;
- emphasizes pay-for-performance by delivering a majority of our executive officers' pay only upon the achievement of our short-term and long-term strategic and financial goals, which are designed to deliver responsible and sustainable stockholder value growth; and
- provides strong alignment with our stockholders, with a significant majority of the target compensation opportunity for our executive officers delivered in the form of equity awards.

Below is a summary of our key compensation governance practices:

✓ what we do	✗ what we don't do
<ul style="list-style-type: none"> ✓ We believe in pay-for-performance. The majority of our executive officers' pay is variable and at-risk, with the amount realized dependent upon the achievement of our short-and long-term objectives. ✓ We provide a compensation mix heavily weighted towards equity to align the interests of our executive officers with the interests of our stockholders. ✓ Our annual cash incentives are based solely on financial performance. ✓ We engage an independent compensation consultant to advise the Compensation Committee, which is comprised solely of independent and experienced directors. 	<ul style="list-style-type: none"> ✗ We don't guarantee annual salary increases or minimum cash bonuses. ✗ We don't modify our performance targets during the performance period. ✗ We don't have pension plans or executive-only benefit or retirement plans. ✗ We don't provide excise tax gross ups. ✗ We don't provide excessive perquisites to our executive officers.

compensation setting process

roles and responsibilities

The Compensation Committee has primary responsibility for reviewing and approving our overall compensation program, including reviewing and approving the form and amount of compensation to be paid or awarded to our executive officers, approving employment agreements with our executive officers, and performing a risk assessment of our compensation program in order to strike the appropriate balance of risk and reward without encouraging excessive or inappropriate risks that would have an adverse impact on stockholders. The Compensation Committee, management, and our independent compensation consultants work closely in managing our executive compensation program. A summary of each of their roles and responsibilities (and other relevant information) is summarized below:

role	responsibilities and other relevant information
Compensation Committee	<ul style="list-style-type: none"> • Reviews and approves individual executive compensation decisions, including compensation for each of our executive officers (including our Chief Executive Officer), and new hire packages and employment agreements for new executive officers. • Evaluates and manages our executive compensation philosophy and programs, overseeing decisions regarding specific equity-based compensation plans, programs, and grants. • Reviews, at least annually, the selection of companies in our peer group to determine the competitiveness of executive officer and non-employee director compensation programs.

	<ul style="list-style-type: none"> Conducts annual reviews and approves (or, if applicable, makes recommendations to our board of directors regarding the adoption and approval of) our cash-based and equity-based incentive compensation plans and arrangements for our executive officers and non-employee directors.

Compensation consultants	<ul style="list-style-type: none"> The Compensation Committee has engaged Radford, an independent compensation consulting firm, to advise the Compensation Committee with respect to our overall executive compensation programs, including, among other matters, market comparisons, long-term incentive programs, targeted mix of compensation components, and characteristics of equity awards. Radford has been engaged by the Compensation Committee every year since 2016. Radford reports directly to the Compensation Committee and does not provide any non-compensation related services to the Company. Based on an assessment of the six independence factors established by the SEC, the Compensation Committee determined that the engagement of Radford does not raise any conflicts of interest or similar concerns. In addition, the Compensation Committee evaluated the independence of its other outside advisers, including outside legal counsel, considering the same independence factors and concluded their work for the Compensation Committee does not raise any conflicts of interest.

peer group

To assess the competitiveness of our executive compensation program, the Compensation Committee considers the compensation practices of peer companies reasonably similar to the Company on the basis of, among other things, industry, consumer focus, revenue, market cap, and geography. The Compensation Committee periodically reviews and approves changes to the peer group based on the recommendation of its independent compensation consultant. As part of the Compensation Committee's periodic review of our compensation peer group, the Compensation Committee, with assistance from Radford, approved the following peer group in December 2018. The Compensation Committee used this peer group in setting executive compensation for 2019T and FY 2020.

compensation program components

We have three primary elements of our compensation plan: base salary, annual cash incentive compensation, and long-term incentive compensation.

compensation type	form	characteristic	link to strategy
Base salary	Cash	Fixed	Provides a fixed level of pay to attract and retain talented executive officers.
Annual cash incentive	Cash	Variable/At-risk	Rewards achievement of the Company's annual financial goals.
Long-term incentive	Equity	Variable/At-risk	Rewards creation of long-term stockholder value.

targeted compensation mix

The targeted mix of our three primary compensation elements ⁽¹⁾ for FY 2020 for our Chief Executive Officer and our other named executive officers (other than Ms. Fields and Mr. Franks) ⁽²⁾ are as follows:

majority of compensation is tied to long-term stockholder value and is variable and at-risk

(1) Comprised of base salary (at the annual rate in effect) for FY 2020, target annual cash incentive for FY 2020, and the targeted value of the equity awards granted to Mr. Amin, Mr. Baruch, and Mr. Milsten in 2019T.

(2) Excludes Ms. Fields and Mr. Franks as each commenced employment with the Company in FY 2020 and received new-hire equity awards, which, at the Company and many other companies, tend to be larger than the targeted value of annual equity awards.

base salaries

The Company provides base salaries as a fixed source of compensation for our executive officers, allowing them a degree of certainty with respect to their day-to-day compensation. The Compensation Committee recognizes the importance of base salaries as an element of compensation that helps to attract and retain highly qualified executive talent. The relative levels of base salary for each executive officer is designed to reflect that executive officer's scope of responsibility and accountability to us, as well as our desire to maintain relative internal parity among our executive officers. The Compensation Committee reviews the base salaries of our executive officers periodically.

The base salaries for Mr. Amin, Mr. Baruch, and Mr. Milsten have not been increased in over six years and remain the same as the base salaries set forth in their respective new hire offers in 2014. This decision was made based on our philosophy of delivering the majority of compensation opportunity through long-term equity compensation. The base salaries of Ms. Fields and Mr. Franks were set in connection with their commencement of employment during FY 2020, were based on arms' length negotiations, and were consistent with the base salaries for the Company's other executive officers.

The annual base salaries for FY 2020 for our named executive officers were as follows:

FY 2020 annual base salaries

name	base salary ⁽¹⁾
Tarang Amin	\$ 475,000
Rich Baruch	\$ 325,000
Mandy Fields	\$ 350,000

(1) The base salaries for our named executive officers (other than Ms. Fields and Mr. Franks) for 2019T were, on an annualized basis, the same as their respective base salaries for FY 2020.

annual cash incentive compensation

The Company provides annual cash incentive compensation to motivate our executive officers to achieve our financial and strategic goals. Annual cash incentive compensation is based on predetermined financial measures that are chosen by the Compensation Committee at the beginning of the fiscal year and that are aligned with the Company's annual growth objectives as well as its long-term business plan. The financial measure performance goals for our annual cash incentive compensation are designed to be challenging.

We believe that annual cash incentive compensation:

- holds our executive officers accountable;
- aligns the interests of our executive officers, the Company, and our stockholders;
- enables us to focus on achieving and exceeding financial goals that drive stockholder value creation;
- attracts and retains the top talent in the industry; and
- recognizes and rewards individuals for contributing to the Company's success.

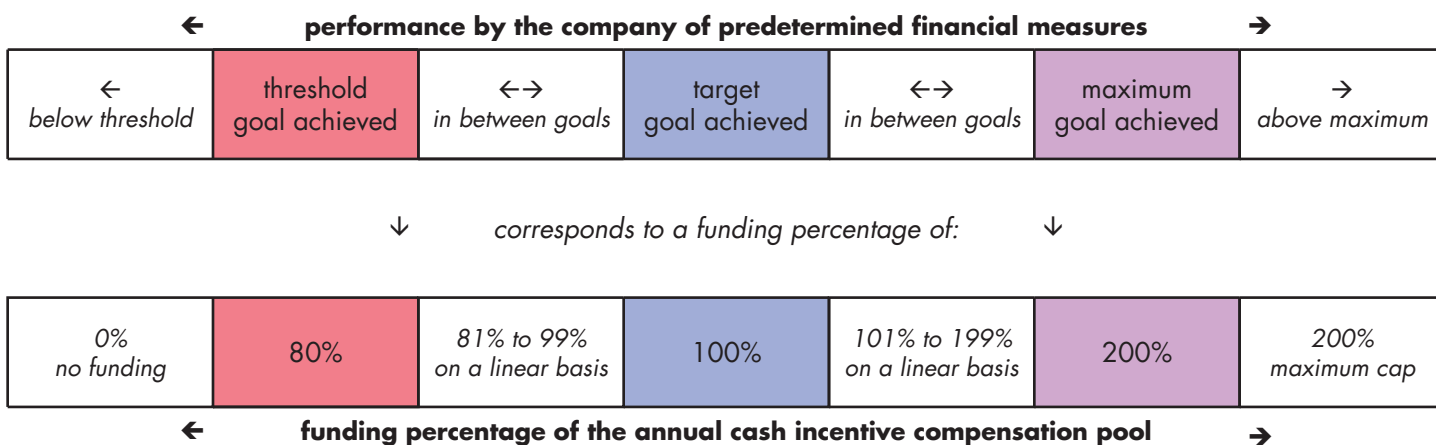

The annual cash incentive payout for each executive officer is determined based on a formula, consisting of the executive officer's base salary, target annual cash incentive opportunity (which is set at a percentage of base salary by the Compensation Committee early in the applicable fiscal year), and a funding percentage of the annual cash incentive compensation pool based on the performance by the Company with respect to predetermined financial measures chosen by the Compensation Committee. Individual performance has not been considered when determining annual cash incentive payouts for executive officers as the Company subscribes to a "one team" philosophy where all employees participate equally (subject to variations in target annual cash incentive opportunity) in the Company's successes and shortcomings.

The formula for determining the annual cash incentive payout for our executive officers is as follows:

$$\begin{array}{|c|} \hline \text{base} \\ \text{salary} \\ \hline \end{array} \times \begin{array}{|c|} \hline \text{target} \\ \text{percentage} \\ \hline \end{array} \times \begin{array}{|c|} \hline \text{funding} \\ \text{percentage} \\ \hline \end{array} = \begin{array}{|c|} \hline \text{annual cash} \\ \text{incentive payout} \\ \hline \end{array}$$

The funding percentage of the annual cash incentive compensation pool is determined based on the performance by the Company of the predetermined financial measures chosen by the Compensation Committee.

There is a threshold funding percentage of 80% (if the threshold performance goal is achieved) and a maximum funding percentage of 200% (if the maximum performance goal is achieved or exceeded), with funding percentages corresponding on a linear basis to performance between threshold and target levels and performance between target and maximum levels. If the threshold performance is not achieved, the funding percentage is set at 0% and no annual cash incentive compensation is paid.

The target annual cash incentive opportunities for Mr. Amin, Mr. Baruch, and Mr. Milsten have not been increased in over six years and remain the same as the annual cash incentive targets set forth in their respective new hire offers in 2014. Similar to the decision to keep base salaries consistent, no changes were made to the annual cash incentive targets for FY 2020 based on our philosophy of delivering the majority of compensation opportunity through long-term equity compensation. The target annual cash incentive opportunities for Ms. Fields and Mr. Franks were set in connection with their commencement of employment during FY 2020, were based on arms' length negotiations, and were consistent with the annual cash incentive targets of the Company's other executive officers.

The target annual cash incentive opportunities for FY 2020 for our named executive officers were as follows:

FY 2020 target annual cash incentive opportunities

name	target (% of salary)	target value ⁽¹⁾
Tarang Amin	100%	\$ 475,000
Rich Baruch	40%	\$ 130,000
Mandy Fields	50%	\$ 175,000
Josh Franks	40%	\$ 32,055
Scott Milsten	40%	\$ 130,000

(1) Mr. Franks' target value was pro-rated for the actual number of days Mr. Franks was employed in FY 2020. Ms. Fields' target value was not pro-rated as she commenced employment with the Company in April 2020, the first month of FY 2020.

2019T cash incentive compensation

The Compensation Committee decided to award cash incentive payouts for 2019T to provide appropriate retention and incentives in the transition period. The Compensation Committee considered in particular that, absent any short-term incentive compensation opportunity for 2019T, employees would otherwise have to wait 15 months between the 2018 annual cash incentive payments that were made in February 2019 and FY 2020 annual cash incentive payments (if any) that would be paid in May 2020. The Compensation Committee did not elect to put in a formal cash incentive compensation program for 2019T as it only consisted of 90 days, and instead decided to evaluate short-term cash incentive compensation for 2019T on a discretionary basis based on the Company's overall financial performance during the period.

The Company reversed declining sales trends at the end of 2018 and achieved \$64 million in net sales in 2019T, which represented 3% year-over-year growth (excluding the contribution from e.l.f. retail stores). The Company's net sales out-performance in 2019T was 12% above the consensus estimate of \$57 million. The Company also achieved \$13 million in Adjusted EBITDA in 2019T, which was 62% above the consensus estimate of \$8 million. Based on the out-performance, the Compensation Committee determined that cash incentive compensation payouts at 200% of target (on a pro-rated basis) would have been appropriate.

In order to additionally incentivize performance over the entirety of FY 2020, however, the Compensation Committee decided to create a cash incentive pool equivalent to 200% of target (pro-rated for the length of 2019T), half of which would be paid out for 2019T, and the other half of which would only be eligible to be earned based on performance over the entirety of FY 2020 as measured against the predetermined financial goals applicable to the FY 2020 annual cash incentive plan. As such, our employees (including our executive officers) who were employed during 2019T were awarded cash incentive payouts in an amount equal to 100% of annual cash incentive targets, pro-rated for the length of 2019T.

With respect to the remaining cash incentive pool, as an example, if the Company achieved a 90% funding percentage under the FY 2020 annual cash incentive plan, eligible employees would receive an additional payout of 90% of the 2019T cash incentive amount. In arriving at its decision, the Compensation Committee sought to balance fairness to employees (including our executive officers), who under our historic annual cash incentive plans have had the opportunity to earn annual cash incentives up to 200%, with driving financial success over the entirety of FY 2020.

The 2019T cash incentive payouts for our named executive officers who were employed during 2019T were as follows:

2019T cash incentive payouts

name	target value ⁽¹⁾	actual payout (% of target)	actual payout
Tarang Amin	\$ 117,124	100%	\$ 117,124
Rich Baruch	\$ 32,055	100%	\$ 32,055
Scott Milsten	\$ 32,055	100%	\$ 32,055

(1) Represents 100% of annual cash incentive compensation target, pro-rated for the length of 2019T (which was 90 days).

The 2019T cash incentive payouts are reported under the heading “bonus” in the summary compensation table.

FY 2020 annual cash incentive compensation

Consistent with our pay-for-performance culture, the Compensation Committee based FY 2020 annual cash incentive compensation on predetermined Adjusted EBITDA goals for FY 2020, which were tied to the Company’s Board-approved budget for FY 2020. The Compensation Committee chose Adjusted EBITDA because it is a key measure the Company uses to understand and evaluate its operational performance and because the Compensation Committee believes Adjusted EBITDA is an important driver of the price of the Company’s common stock, which aligns executive compensation with maximization of stockholder value.

The FY 2020 annual cash incentive compensation pool was self-funded, meaning that the Company’s Adjusted EBITDA performance in FY 2020 needed to be sufficient to generate profit to pay the annual cash incentive payouts for FY 2020 and to generate profit for the Company and its stockholders.

The Adjusted EBITDA goals and the corresponding funding percentages for the FY 2020 annual cash incentive compensation pool were as follows:

Adjusted EBITDA goals for FY 2020 annual cash incentive compensation

	adj. EBITDA ⁽¹⁾	funding percentage ⁽²⁾
threshold	\$45.8 million	80%
target	\$49.0 million	100%
maximum	\$52.6 million	200%

(1) After funding of the annual cash incentive compensation pool. See Annex A for a reconciliation of net income to Adjusted EBITDA.

(2) The funding percentages correspond, on a linear basis, to performance between threshold and target levels and performance between target and maximum levels.

The Compensation Committee deliberately set the Adjusted EBITDA threshold, target, and maximum goals for FY 2020 lower than actual Adjusted EBITDA result in 2018 to account for the Company’s substantial planned investments in FY 2020 against its strategic imperatives and the expectation that it would take time to realize the benefits of these investments in a soft and highly competitive mass color cosmetics category. Most significantly, in connection with the e.l.f. Cosmetics brand recharge, the Company planned to increase its marketing and digital investments to 12-14% of net sales in FY 2020 (up from approximately 7% of net sales in the prior year). The Adjusted EBITDA target goal was set at \$49.0 million, above the high-end of the Company’s initial Adjusted EBITDA guidance for FY 2020 (which reflected the assumptions discussed above) of \$45-48 million. The Compensation Committee believed that the selected Adjusted EBITDA goals were challenging and rigorous and were aligned with the Company’s growth objectives for FY 2020 as well as its long-term business plan.

The Company achieved \$62.6 million in Adjusted EBITDA in FY 2020, after funding of the annual cash incentive compensation pool. This Adjusted EBITDA performance was approximately 19% greater than the maximum performance goal for FY 2020 and, as such, resulted in an overall funding percentage of 200%. In addition, in connection with the additional cash incentive pool created following the Compensation Committee's evaluation of 2019T performance as discussed above, the Compensation Committee awarded eligible employees an additional 100% of their actual 2019T cash incentive payouts (equal to 25% of annual cash incentive targets) based on FY 2020 Adjusted EBITDA performance, resulting in eligible employees receiving the equivalent of 200% of annual cash incentive targets for the entire 15-month 2019T and FY 2020 period.

The annual cash incentive payouts for FY 2020 for our named executive officers were as follows. All dollar amounts are rounded to the nearest whole dollar amount.

FY 2020 annual cash incentive payouts—2019T additional pool

Rich Baruch	\$	32,055	100%	\$ 32,055
Scott Milsten	\$	32,055	100%	\$ 32,055

(1) Represents the portion for which eligibility was tied to employment in 2019T as discussed above. Percentage is equivalent to 25% of the annual cash incentive target on a pro-rated basis (based on the length of 2019T (90 days)).

Scott Milsten	\$	130,000	200%	\$ 260,000

The sum of the annual cash incentive payouts for FY 2020 (including both the 2019T additional pool and the FY 2020 pool payouts) are reported under the heading "non-equity incentive plan comp." in the summary compensation table.

The total sum of the amounts reported under the headings "bonus" and "non-equity incentive plan comp." in the summary compensation table for 2019T and FY 2020 represent a payout of 200% of cash incentive targets for the entirety of 2019T and FY 2020, pro-rated as appropriate for each named executive officer for the length of employment during that period.

long-term incentive compensation

A core principal of our executive compensation program is that a significant percentage of compensation awarded to our executive officers be in the form of long-term incentive compensation. This compensation is dependent on the financial success of the Company and the sustained performance of our common stock over the long-term. This means that our executive officers are rewarded when they produce value for our stockholders. We have designed our long-term incentive compensation to motivate our executive officers to work toward objectives that we believe provide a meaningful return to our stockholders while also serving as an effective recruitment and retention tool.

In determining the size of equity awards granted to any executive officer, the Compensation Committee considers a number of reference points, including:

- performance of the Company, the executive officer's contributions to that performance, as well as expectations for that executive officer's future contributions to the Company's performance;
- the competitive market compensation levels for the executive officer's position;
- the relative mix of cash and equity, and in particular the fact that cash compensation paid to our executive officers is generally low compared to the competitive market; and
- internal parity among our executive officers.

Similar to many companies, the targeted value of our new-hire equity awards (the initial equity awards granted to executive officers upon commencement of employment) tends to be larger than the targeted value of annual equity awards granted to our executive officers. These larger up-front equity awards are intended to serve as an inducement for an individual to accept the new offer of employment with the Company, to provide the individual with an immediate equity stake in the Company, and, if applicable, to compensate the individual for forfeited equity awards at his or her previous employer. Our new-hire equity awards for executive officers are comprised of both restricted stock and stock options, which provide value to our executive officers only if the Company's stock price appreciates.

In order to enhance retention, the Company's restricted stock and option awards typically vest over a four-year period, subject to continued service to the Company through each vesting date.

While the Company does not have a formal written policy with respect to timing of equity awards, the Company grants annual equity awards (restricted stock awards, performance-based awards, and option awards) in a consistent manner to our executive officers. Since 2018, the Company has consistently granted annual equity awards to our executive officers on the first of the month that immediately follows the release of our year-end financial results. The Compensation Committee has determined that this methodology is prudent in that it allows for the market to process all reported public information prior to establishing the value of annual equity awards for our executive officers. Going forward, the Company expects to continue this timing of annual equity awards to executive officers, with annual equity award grants for fiscal 2022 to occur on June 1, 2021.

2019T and FY 2020 equity awards

For the calendar 2019 equity award cycle (shown in the 2019T row in the summary compensation table), the Compensation Committee decided to incorporate performance-based restricted stock awards ("PSAs") into Mr. Amin's equity compensation to even more closely align his compensation with the Company's strong pay-for-performance culture and focus on the delivery of substantial value to our stockholders.

The Compensation Committee split Mr. Amin's equity award (based on total number of restricted shares granted) into two tranches, with 50% in time-based restricted stock awards and 50% in PSAs, which vest 18 months after the achievement of certain stock price hurdles.

The Compensation Committee decided to use stock price hurdles as the performance metric for Mr. Amin's 2019T PSAs given the challenges of setting long-term performance targets for operational or financial metrics in light of our relatively recent history as a public company and the growing and evolving nature of our business at that time. The Compensation Committee selected stock price hurdles that it believed to be challenging and which would reflect the delivery of significant value to our stockholders.

To ensure that the appreciation was sustained, the Compensation Committee required that the average closing stock price equal or exceed the applicable hurdle for a period of 20 consecutive trading days. Additionally, the Compensation Committee implemented an additional time-based vesting period of 18 months after the applicable stock price hurdle is achieved. During this 18-month vesting period, the value of the 2019T PSAs will continue to fluctuate with the stock price, providing further incentive to sustain stockholder value created upon the achievement of the relevant stock price hurdle.

Below is a summary of Mr. Amin's 2019T PSAs:

Mr. Amin's 2019T PSAs

number of PSAs	stock price hurdle ⁽¹⁾	stock price hurdle as a percentage of stock price on the grant date ⁽²⁾	time-based vesting period
80,710	\$12.00	151%	18 months after stock hurdle is met
80,710	\$15.00	189%	18 months after stock hurdle is met
80,710	\$18.00	226%	18 months after stock hurdle is met

(1) Met if the average closing price per share of the Company's common stock equals or exceeds the stock price hurdle for a period of 20 trading days.

(2) The closing price of our common stock on March 1, 2019 was \$7.95 per share (as reported on the NYSE).

Due to dilution concerns and the Compensation Committee's decision to substantially reduce the aggregate targeted value of the equity awards, the Compensation Committee decided to grant only restricted stock awards in 2019T to our executive officers other than our Chief Executive Officer. No equity awards, other than new-hire equity awards for Ms. Fields and Mr. Franks, were granted to our named executive officers in FY 2020.

Below is a summary of the equity awards granted to our named executive officers in 2019T and FY 2020:

These amounts do not reflect the amount the named executive officer has actually realized or will realize from the equity awards upon the vesting thereof or the sale of the shares underlying such equity awards.

other compensation information

employment agreements

In early 2019, we amended and restated the employment agreements for Mr. Amin, Mr. Baruch, and Mr. Milsten. The term of each of the prior employment agreements expired on January 31, 2019.

We entered into an employment agreement with Ms. Fields upon her hiring and an employment agreement with Mr. Franks upon his hiring.

The employment agreements for our executive officers set forth the terms and conditions of employment of that executive officer, including, among other things, base salary, target annual cash incentive compensation opportunity, standard employee benefit plan participation, as well as non-solicitation and confidentiality covenants. Each employment agreement provides that the executive officer is an “at-will” employee and may be terminated at any time for any reason, subject, in certain cases, to the payment of severance benefits.

retirement plans

We maintain a 401(k) retirement savings plan for the benefit of our employees, including our executive officers, who satisfy certain eligibility requirements. Under the 401(k) plan, eligible employees may elect to defer a portion of their compensation, within the limits prescribed by the Internal Revenue Code, on a pre-tax or after-tax (i.e., Roth) basis through contributions to the 401(k) plan. We also generally make matching contributions based on the percentage of each employee’s elective deferrals, subject to a pre-determined maximum. We believe that providing a vehicle for tax-deferred retirement savings through our 401(k) plan adds to the overall desirability of our executive compensation package. See the “all other compensation” column in the summary compensation table for information relating to 401(k) plan matching contributions made to our named executive officers in 2019T and FY 2020.

employee benefits and perquisites

All of our full-time employees (including our executive officers) are eligible to participate in our health and welfare plans, including medical, dental and vision benefits, medical flexible spending accounts, short-term and long-term disability insurance and life insurance.

In addition, pursuant to his employment agreement, we offer Mr. Amin reimbursement of up to \$20,000 per year for expenses incurred by him in connection with financial planning and tax preparation assistance. Except as noted above with

respect to Mr. Amin, we do not provide our executive officers with perquisites or other personal benefits other than those which apply uniformly to all of our employees.

post-employment compensation

In hiring our current executive officers, we sought to develop compensation packages that could attract qualified candidates to fill our most critical positions, which required providing some protection in the event of an involuntary termination. In general, our executive officers' employment agreements define employment as at-will and provide severance benefits upon various terminations. Any payments or benefits upon a termination are subject to a release of claims and restrictive covenants, and we do not provide Section 280G gross-up payments.

For a summary of the material terms and conditions of the severance and change in control arrangements in effect as of March 31, 2020 for our named executive officers, see under the heading "executive compensation tables—potential payments upon termination or change in control".

anti-hedging/anti-pledging policy

Our Insider Trading Compliance Policy prohibits our employees, executive officers, and directors from engaging in the following transactions:

- purchasing the Company's securities on margin or holding the Company's securities in a margin account;
- pledging the Company's securities as collateral to secure loans;
- engaging in transactions in puts, calls or other derivative securities involving the Company's securities; or
- entering into hedging or monetization transactions or similar arrangements (including short sales) with respect to the Company's securities.

accounting and tax deductibility treatment

The accounting impact of our compensation programs and the tax deductibility of our compensation programs (including pursuant to section 162(m) of the Internal Revenue Code ("Section 162(m)")) are each one of many factors that are considered in determining the size and structure of our programs as we strive to make our compensation programs reasonable and in the best interests of our stockholders. Special rules limit the deductibility of compensation paid to our Chief Executive Officer and other "covered employees" as determined under Section 162(m) and applicable guidance. Under Section 162(m), any compensation over \$1 million paid to any of the covered employees in any single year is not tax deductible by us. The Compensation Committee is mindful of the benefit to us of the full deductibility of compensation, but the Compensation Committee believes that it should not be constrained by the requirements of Section 162(m) where those requirements would impair flexibility in compensating our executive officers in a manner that can best promote our corporate objectives of attracting and retaining top tier executive talent.

Non-equity incentive plan compensation for Mr. Franks is pro-rated for the actual number of days Mr. Franks was employed in FY 2020. Non-equity incentive plan compensation for Ms. Fields was not pro-rated as she commenced employment with the Company in April 2020, the first month of FY 2020.

The Monte Carlo simulation model utilizes multiple input variables to estimate the probability of meeting the stock price hurdles established for the PSAs, including a term of 10 years, a risk-free interest rate of 2.74%, and an expected volatility of our stock price of 53.0%. For a discussion of the valuation of these equity awards, see Notes to Consolidated Financial Statements at Note 14 in the 2020 Annual Report. (2) Except as otherwise indicated, the stock options, RSUs, and shares of restricted stock, as applicable, vest in four substantially equal installments on the first four anniversaries of the date of the grant, subject to continued service through the applicable vesting date. Ms. Fields' restricted stock award from April 22, 2019 vests on the first four anniversaries of June 3, 2019. Mr. Franks' restricted stock award from January 2, 2020 vests on the first four anniversaries of March 1, 2020.

(3) The stock options vest and become exercisable in three equal tranches on the 30th consecutive trading day that the per share closing price of the Company's common stock equals or exceeds \$29, \$33, and \$36, subject to the named executive officer continuing to provide services to the Company through the applicable vesting date; provided that in the event of a change in control (as defined in the 2016 Equity Incentive Award Plan), if the per share consideration provided to the stockholders of the Company pursuant to such change in control equals or exceeds the applicable share price target for a tranche that has not previously or otherwise vested, then the stock options for that tranche vest in full immediately prior to such change in control, subject to continued service through the closing of the change in control.

(4) The PSAs vest in three equal portions on the date that is 18 months after the date that the average closing per share trading price of the Company's common stock equals or exceeds \$12, \$15, and \$18 for a period of 20 trading days, subject to Mr. Amin continuing to provide services to the Company through the applicable vesting date; provided that in the event of a change in control (as defined in the 2016 Equity Incentive Award Plan), if the per share consideration provided to the stockholders of the Company pursuant to such change in control equals or exceeds the applicable share price target for a tranche that has not previously or otherwise vested or if the applicable share price target for a tranche has already been achieved, then the PSAs for that tranche vest in full immediately prior to such change in control, subject to continued service by Mr. Amin through the closing of the change in control. The \$12 stock price trigger was achieved on May 1, 2019 and the associated tranche will vest on November 1, 2020, subject to continued service by Mr. Amin through such date. The \$15 stock price trigger was achieved on July 19, 2019 and the associated tranche will vest on January 19, 2021, subject to continued service by Mr. Amin through such date. stock option exercises and stock vested

The following table presents information regarding stock options that were exercised and RSUs and restricted stock that vested with respect to our named executive officers during 2019T and FY 2020. Dollar amounts are rounded to the nearest whole dollar.

pension benefits

We do not have any defined benefit pension plans for our executive officers.

non-qualified deferred compensation

We do not offer any non-qualified deferred compensation plans for our executive officers.

potential payments upon termination or change in control

non-change in control

Each named executive officer's employment agreement provides that if his or her employment is terminated (i) by the Company for reasons other than death, disability or "cause" (as defined in each employment agreement), or (ii) by the named executive officer for "good reason" (as defined in each employment agreement) (a "qualifying non-change in control termination"), then, in addition to any accrued but unpaid base salary and paid time off and such employee benefits, if any, to which the named executive officer or his or her eligible dependents may be entitled under our employee benefit plans or programs, and reimbursement for reasonable business expenses, each as would have been payable through the date of termination and any unpaid annual cash incentive earned for a previously completed fiscal year, he or she will be entitled to receive:

- an amount equal to his or her base salary (except that Mr. Amin will be entitled to two times his base salary), payable in installments;

- continued COBRA coverage for the named executive officer and his or her eligible dependents for a period of up to 12 months (except that Mr. Amin, Mr. Baruch, and Mr. Milsten will be entitled to 18 months); and
- pro-rated annual cash incentive payout based on actual performance for the fiscal year in which termination occurs, provided that the named executive officer has been employed with the Company for at least six months of such fiscal year.

In addition, in the event the named executive officer's employment is terminated due to death or disability, he or she will be eligible to receive a pro-rated annual cash incentive payout based on actual performance for the fiscal year in which termination occurs.

All such severance payments and benefits are contingent upon each named executive officer's compliance with certain confidentiality and other provisions as set forth in his or her respective employment agreement, and the execution of a general release of claims in favor of the Company.

change in control

Pursuant to the 2016 Equity Incentive Award Plan, in the event that the successor corporation (or its parents and subsidiaries) in a change in control (as defined in the 2016 Equity Incentive Award Plan) refuses to assume or substitute for any equity awards granted under the 2016 Equity Incentive Award Plan (except for performance awards which vest in accordance with their terms), those equity awards will vest in full immediately prior to the change in control.

Under a resolution adopted by the Compensation Committee in 2016, the equity awards granted to Mr. Amin under our 2016 Equity Incentive Award Plan, unless otherwise determined by the Compensation Committee at the time the applicable equity award is granted, will vest in full immediately prior to a change in control, subject to continued service by Mr. Amin through the closing of the change in control.

With respect to the stock option awards granted to Mr. Amin, Mr. Baruch, and Mr. Milsten on February 14, 2017, in the event of a change in control, if the per share consideration provided to the stockholders of the Company pursuant to that change in control equals or exceeds the applicable share price target (\$29, \$33, or \$36) for a tranche that has not previously or otherwise vested, then that tranche vests in full immediately prior to that change in control, subject to continued service by Mr. Amin, Mr. Baruch, or Mr. Milsten, as applicable, through the closing of that change in control.

With respect to the PSAs granted to Mr. Amin on March 1, 2019, in the event of a change in control, if the per share consideration provided to the stockholders of the Company pursuant to such change in control equals or exceeds the applicable share price target (\$12, \$15, or \$18) for a tranche that has not previously or otherwise vested or if the applicable share price target for a tranche has already been achieved, then that tranche vests in full immediately prior to such change in control, subject to continued service by Mr. Amin through the closing of the change in control. The \$12 stock price hurdle was achieved on May 1, 2019, the \$15 stock price hurdle was achieved on July 19, 2019 and the \$18 stock price hurdle was achieved on February 25, 2020. As such, these PSAs will vest in full immediately prior to a change in control, subject to continued service by Mr. Amin through the closing of that change in control.

termination in connection with a change in control

In the event of a named executive officer's termination of employment by the Company without "cause" or by the named executive officer for "good reason", in each case, within 12 months following a change in control (a "qualifying change in control termination"), each equity award granted on or after our initial public offering in 2016 held by the named executive officer will vest in full and the named executive officer will also be entitled to the benefits described under the heading "executive compensation tables—potential payments upon termination or change in control—non-change in control".

estimated potential payments upon termination or change in control

The following table sets forth estimates of the benefits that our named executive officers would have received in the event of various termination and change in control events (assuming the termination and the change in control, as applicable, occurred on March 31, 2020). Ms. Fields is only enrolled in our dental and vision health insurance plans and not currently enrolled in our medical health insurance plan.

- (2) Represents (i) for accelerated RSUs and restricted stock awards, the market value of restricted stock and shares underlying RSUs as of March 31, 2020, based on the closing price of our common stock on that date of \$9.84 per share (as reported on the NYSE) and (ii) for accelerated stock options, the positive spread, if any, between the closing price of our common stock on March 31, 2020 of \$9.84 per share (as reported on the NYSE) and the applicable stock option exercise price. These amounts do not reflect the amount the named executive officer has actually realized or will realize from the equity awards upon the vesting thereof or the sale of the shares underlying such equity awards.

compensation committee interlocks and insider participation

The individuals who served as members of the Compensation Committee during 2019T and FY 2020 were:

The following table provides certain information, as of March 31, 2020, with respect to all of the Company's equity compensation plans in effect as of March 31, 2020 (which consist of the 2014 Equity Incentive Plan, the 2016 Equity Incentive Award Plan, and the 2016 Employee Stock Purchase Plan). No warrants are outstanding under any of the foregoing plans. All of our equity compensation plans that were in effect as of March 31, 2020 were adopted with the approval of our stockholders.

Equity Compensation Plans Not Approved by Stockholders	—	—	—
TOTAL	5,564,253 ⁽³⁾	\$ 11.16	9,966,635 ^{(4) (5)}

(1) The calculation of the weighted-average exercise price of the outstanding stock options and rights excludes the shares of common stock included in column (a) that are issuable upon the vesting of then-outstanding RSUs and restricted stock awards because RSUs and restricted stock have no exercise price.

(2) Excludes securities reflected in column (a).

(3) Consists of (i) 3,252,485 shares of common stock underlying outstanding options, (ii) 1,124,979 shares of common stock underlying outstanding RSUs, and (iii) 1,128,789 shares of restricted stock awards.

(4) The 2016 Equity Incentive Award Plan contains an "evergreen" provision, pursuant to which the number of shares of common stock reserved for issuance pursuant to awards under such plan shall be increased on the first day of each calendar year beginning in 2017 and ending in 2026, equal to the lesser of (i) 4% of the shares of stock outstanding on the last day of the immediately preceding calendar year (starting in calendar year 2021, this reduces to 2% of the shares of stock outstanding on the last day of the immediately preceding calendar year) and (ii) such smaller number of shares of common stock as determined by our Board; provided, however, that no more than 22,627,878 shares of common stock may be issued upon the exercise of incentive stock options. stockholder engagement

The Company is committed to acting in the best interests of its stockholders, and views ongoing dialogue with stockholders as a critical component of the Company's corporate governance program. Members of management and our Board actively engage with the Company's stockholders through in-person and telephonic meetings throughout the year in order to fully understand their viewpoints concerning the Company, to garner feedback on areas for improvement, and to help our stockholders better understand our performance and long-term strategic plan.

Management provides our Board with regular updates regarding its stockholder outreach efforts as well as feedback received from stockholders, which helps to influence our policies and practices. We believe our regular engagement with stockholders fosters an open exchange of ideas and perspectives for both the Company and its stockholders.

During FY 2020, the Company actively engaged with stockholders representing more than 50% of the Company's outstanding common stock in order to understand their viewpoints concerning a number of topics, including topics relating to the Company's strategic direction (such as our key strategic imperatives), the Company's opportunities for growth, the Company's capital allocation strategies, the Company's executive compensation programs and policies, and the Company's corporate governance profile and policies.

stockholder proposals

In the event that a stockholder desires to have a proposal considered for presentation at the 2021 annual meeting of stockholders and included in the Company's proxy statement and form of proxy used in connection with the 2021 annual meeting of stockholders, the proposal must be forwarded in writing to our Corporate Secretary and it must comply with the requirements of SEC Rule 14a-8.

Under SEC Rule 14a-8, stockholder proposals must be received not less than 120 calendar days prior to the one-year anniversary of the date the proxy statement was released to stockholders in connection with the previous year's annual meeting, which for the 2021 annual meeting of stockholders will be March 19, 2021. However, if we hold the 2021 annual meeting of stockholders more than 30 days before, or more than 60 days after, August 27, 2021 (the one-year anniversary of the 2020 annual meeting), we will disclose the deadline by which stockholder proposals to be included in

our proxy materials must be received under Item 5 of Part II of our earliest possible Quarterly Report on Form 10-Q or, if impracticable, by any other means reasonably determined to inform our stockholders.

If a stockholder, rather than including a proposal in our proxy statement as discussed above, commences his or her own proxy solicitation for the 2021 annual meeting of stockholders or proposes business for consideration at the 2021 annual meeting of stockholders, we must receive notice of the proposal between April 29, 2021 and May 29, 2021. However, if we hold the 2021 annual meeting of stockholders more than 30 days before, or more than 60 days after, August 27, 2021 (the one-year anniversary of the 2020 annual meeting), we must receive notice of the proposal no later than the 90th day prior to the date of the 2021 annual meeting of stockholders or, if later, the 10th day following the day we first publicly disclose the date of the 2021 annual meeting of stockholders. Any such proposal must comply with the requirements of our bylaws, which contain additional requirements about advance notice of stockholder proposals.

audit matters

proposal 4: ratification of the appointment of independent registered public accounting firm

Our Board unanimously recommends a vote “FOR” the appointment of Deloitte as our independent registered public accounting firm for FY 2021.

Our Board, based on the Audit Committee’s assessment of Deloitte’s qualifications and performance, believes the appointment of Deloitte for FY 2021 is in the best interests of the Company’s stockholders.

what am i voting on?

Stockholders are being asked to ratify the appointment of Deloitte by the Audit Committee as the Company’s independent registered public accounting firm for FY 2021.

In making its selection, the Audit Committee annually reviews Deloitte’s independence, periodically considers whether to rotate the independent registered public accounting firm and considers the advisability and potential impact of selecting a different independent registered accounting firm. Additionally, the Audit Committee monitors the rotation of the partners assigned to our audit engagement team in accordance with applicable laws and rules.

Representatives of Deloitte are expected to attend the 2020 annual meeting. They will have an opportunity to make a statement if they desire and are expected to be available to respond to appropriate questions.

Neither our bylaws nor other governing documents or law require stockholder ratification of the selection of Deloitte as the Company’s independent registered public accounting firm. However, our Board is submitting the selection of Deloitte as the Company’s independent registered public accounting firm to the stockholders for ratification as a matter of good corporate practice.

If the stockholders fail to ratify the appointment, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee in its sole discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

what is the required vote?

The appointment will be ratified if a majority of votes cast (meaning the number of shares voted “For” must exceed the number of shares voted “Against” in order for this proposal to be approved). Abstentions and broker non-votes are not considered votes cast for this proposal and will have no effect on the vote for this proposal.

audit fees and services

The following table shows the aggregate fees billed to the Company by Deloitte, the Company's independent registered public accounting firm for FY 2020, 2019T, and 2018. All fees described were pre-approved by the Audit Committee.

type of fees	FY 2020		2019T		2018
Audit Fees ⁽¹⁾	\$	985,000	\$	365,300	\$ 1,023,500
Audit-Related Fees ⁽²⁾		—		—	\$ 112,432
Tax Fees ⁽³⁾	\$	17,825	\$	8,320	\$ 18,491
All Other Fees		—		—	—
TOTAL FEES	\$	1,002,825	\$	373,620	\$ 1,154,423

(1) Includes fees related to financial statement audit, quarterly reviews, registration statements, and China statutory audit.

(2) For 2018, includes fees related to M&A due diligence services.

(3) Includes fees related to general tax consulting, transfer pricing, and uniform capitalization services.

pre-approval policy

The Audit Committee has adopted a policy and procedures for the pre-approval of audit and non-audit services rendered by the Company's independent registered public accounting firm. Pre-approval may also be given as part of the Audit Committee's approval of the scope of the engagement of the independent auditor or on an individual, explicit, case-by-case basis before the independent auditor is engaged to provide each service. The pre-approval of services may be delegated to one or more of the Audit Committee's members, but the decision must be reported to the full Audit Committee at its next scheduled meeting. Actual amounts billed, to the extent in excess of any estimated amounts, are periodically reviewed and approved by the Audit Committee.

The Audit Committee has determined that the rendering of the services other than audit services by Deloitte is compatible with maintaining the principal accountant's independence.

audit committee report

The Audit Committee is comprised of independent directors as required by the listing standards of the NYSE and the SEC rules. At the time of approval of this report, the members of the Audit Committee are Ms. Sabrina Simmons, Ms. Richelle Parham and Mr. Richard Wolford. The Audit Committee operates pursuant to a written charter adopted by the Board.

The role of the Audit Committee is to oversee the Company's financial reporting process on behalf of the Board. Management of the Company has the primary responsibility for the Company's financial statements as well as the Company's financial reporting process and principles, internal controls, and disclosure controls. The independent auditors are responsible for performing an audit of the Company's financial statements and the effectiveness of the Company's internal controls over financial reporting in accordance with standards established by the Public Company Accounting Oversight Board (the "PCAOB").

In this context, the Audit Committee has reviewed and discussed the audited financial statements of the Company as of and for the transition period ended March 31, 2019 and as of and for the fiscal year ended March 31, 2020 with

management and the independent auditors. The Audit Committee has discussed with the independent auditors the matters required to be discussed by the PCAOB.

In addition, the Audit Committee has received the written disclosures and the letter from the independent auditors required by the applicable requirements of the PCAOB and the SEC relating to auditor independence communications, as currently in effect, and it has discussed with the auditors their independence from the Company. The Audit Committee has also considered whether the independent auditor's provision of non-audit services to the Company is compatible with maintaining the auditor's independence.

Based on the reports and discussions above, the Audit Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2020.

annual report

We encourage our stockholders to read our annual report for the fiscal year ended March 31, 2020 (the "2020 Annual Report") for information regarding our performance in FY 2020. Our 2020 Annual Report has been made available to our stockholders at www.edocumentview.com/ELF and posted on our investor relations website at <https://investor.elfcosmetics.com/stock-and-financial/Annual-Report-and-Proxy-Statement>.

The Company will provide, without charge, a copy of our 2020 Annual Report (including the financial statements and the financial statement schedules but excluding the exhibits) upon the written request of any stockholder. Requests for our 2020 Annual Report can be made by writing to our investor relations department at:

expenses of solicitation

The proxy is solicited on behalf of our Board, and we are paying for the cost of the proxy solicitation process. Proxies may be solicited by mail, the Internet, telephone, personal contact, email, other electronic channels of communication, or otherwise, and may also be solicited by directors, officers and employees. No additional compensation will be paid to our directors, officers or other employees for soliciting proxies.

We also will request brokers and fiduciaries to forward proxy materials to the beneficial owners of shares of our stock as of the record date and will reimburse them for the cost of forwarding the proxy materials in accordance with customary practice.

We have retained the services of Innisfree M&A Incorporated ("Innisfree"), a professional proxy solicitation firm, to aid in the solicitation of proxies. Innisfree may solicit proxies by mail, the Internet, telephone, personal contact, email, other electronic channels of communication, or otherwise. We expect to pay Innisfree a fee of \$20,000 for its solicitation services.

stockholders sharing the same address

Due to the small number of stockholders of record and cost to implement, we no longer provide "householding" of our proxy materials. Every stockholder of record, regardless of whether that stockholder of record has the same address and last name of another stockholder of record, will receive a Notice of Internet Availability of Proxy Materials or, if requested, one copy of our proxy materials.

If you are a beneficial owner of shares, and you share an address with other beneficial owners, your broker is permitted to deliver a single copy of our proxy materials to your address, unless you otherwise request separate copies from your broker.

forward-looking statements

This proxy statement contains forward-looking statements within the meaning of the federal securities laws. These forward-looking statements are based on management's current expectations, estimates, forecasts, projections, beliefs and assumptions and are not guarantees of future performance. Although the Company believes that the expectations reflected in the forward-looking statements are reasonable, actual results and the timing of selected events may differ materially from those expectations. Factors that could cause actual results to differ materially from those in the forward-looking statements include, among other things, the risks and uncertainties that are described in our 2020 Annual Report, as updated from time to time in the Company's SEC filings. Potential investors are urged to consider these factors carefully in evaluating the

forward-looking statements. These forward-looking statements speak only as of the date hereof. Except as required by law, the Company assumes no obligation to update or revise these forward-looking statements for any reason, even if new information becomes available in the future.

note regarding non-GAAP financial measures

This proxy statement includes references to non-GAAP measures, including the year over year percentage increase in net sales (excluding the contribution from e.l.f. retail stores) and Adjusted EBITDA. The Company presents these non-GAAP measures because its management uses them as supplemental measures in assessing its operating performance, and believes they are helpful to investors, securities analysts and other interested parties in evaluating the Company's performance. The non-GAAP measures included in this proxy statement are not measurements of financial performance under GAAP and they should not be considered as alternatives to measures of performance derived in accordance with GAAP. In addition, these non-GAAP measures should not be construed as an inference that the Company's future results will be unaffected by unusual or non-recurring items. These non-GAAP measures have limitations as analytical tools, and you should not consider such measures either in isolation or as substitutes for analyzing the Company's results as reported under GAAP. The Company's definitions and calculations of these non-GAAP measures are not necessarily comparable to other similarly titled measures used by other companies due to different methods of calculation. Net sales (excluding the contribution from e.l.f. retail stores) excludes net sales from the Company's 22 e.l.f. retail stores which were closed in February 2019. Adjusted EBITDA excludes costs or gains related to restructuring of operations, stock-based compensation and other non-cash and non-recurring costs.

questions and answers

why did i receive a notice regarding the availability of proxy materials on the internet instead of a full set of proxy materials?

Under SEC rules, we have elected to provide access to our proxy materials over the Internet.

On or about July 17, 2020, we will mail a Notice of Internet Availability of Proxy Materials to our stockholders of record as of July 6, 2020 directing stockholders to a website where they can access the proxy materials and view instructions on how to vote their shares via the Internet.

If you received the Notice of Internet Availability of Proxy Materials only and would like to receive a paper copy of the proxy materials, please follow the instructions in the Notice of Internet Availability of Proxy Materials to request that a paper copy be mailed to you. We encourage stockholders to take advantage of the availability of our proxy materials on the Internet to help reduce the environmental impact of the 2020 annual meeting.

what are the proxy materials for?

These proxy materials are being made available to you in connection with the solicitation of proxies by our Board for the 2020 annual meeting to be held virtually on August 27, 2020 at 8:30 a.m. Pacific time.

what does it mean if i receive more than one notice of internet availability of proxy materials or more than one set of proxy materials?

If you receive more than one Notice of Internet Availability of Proxy Materials or one set of proxy

materials, your shares may be registered in more than one name or in different accounts. Please follow the voting instructions in each Notice of Internet Availability of Proxy Materials or each set of proxy materials to ensure that all of your shares are voted.

how can i access the proxy materials over the internet?

The proxy materials are available at www.edocumentview.com/ELF.

what information is contained in the proxy materials?

The information included in this proxy statement relates to the election of directors and other proposals to be voted upon at the 2020 annual meeting, the voting process, the compensation of directors and our named executive officers, and certain other required information. The proxy materials also include our 2020 Annual Report.

is there a physical location for the 2020 annual meeting?

No. The 2020 annual meeting will only be held virtually online. To access the 2020 annual meeting, please visit www.meetingcenter.io/285699127 on August 27, 2020. The password for the 2020 annual meeting is "ELF2020".

Please see under the heading "additional information —important information regarding the virtual meeting" for additional information on how to register and attend the 2020 annual meeting.

who may attend the 2020 annual meeting?

All stockholders of record as of July 6, 2020, beneficial owners of shares as of July 6, 2020, holders of valid proxies for those stockholders, and other persons invited by us may attend the 2020 annual meeting.

You are a stockholder of record if your shares were registered directly in your name with the transfer agent for our common stock, Computershare, as of July 6, 2020.

If your shares were held not in your name, but rather in an account at a broker, as of July 6, 2020, then you are the beneficial owner of shares held in “street name” and the broker holding your account is considered to be the stockholder of record for purposes of voting at the 2020 annual meeting.

Please see under the heading “additional information —important information regarding the virtual meeting” for information on how to register and attend the 2020 annual meeting.

what proposals are being voted on at the 2020 annual meeting?

There are four proposals to be voted on at the 2020 annual meeting:

- the election of three Class I directors to hold office until the third anniversary of the 2020 annual meeting (Proposal 1);
- the approval, on an advisory basis, of the compensation for our named executive officers (“say-on-pay vote”) (Proposal 2);
- the indication, on an advisory basis, of the frequency of the advisory vote on the compensation for our named executive officers (“say-when-on-pay vote”) (Proposal 3); and

- the ratification of the appointment of Deloitte as our independent registered public accounting firm for FY 2021 (Proposal 4).

what if another matter (other than the proposals listed in this proxy statement) is properly brought before the 2020 annual meeting?

Our Board knows of no other matters that will be presented for consideration at the 2020 annual meeting. If any other matters are properly brought before the 2020 annual meeting or any postponement or adjournment thereof, it is the intention of each person named as a proxy holder in the proxy card to vote on those matters in accordance with his or her best judgment.

what happens if a nominee is unable to stand for election?

If a nominee is unable to stand for election, our Board may reduce the number of directors on our Board or it may name a substitute nominee. If a substitute is named, shares represented by properly executed proxies may be voted for the substitute nominee.

how does the board recommend i vote?

Our Board unanimously recommends that you vote your shares as follows:

- “FOR” all of the three Class I director nominees named in this proxy statement and listed on the proxy card or voting instruction form (Proposal 1);
- “FOR” the approval, on an advisory basis, of the compensation for our named executive officers (Proposal 2);

- “1 YEAR” for the frequency of the advisory vote on the compensation for our named executive officers (Proposal 3); and
- “FOR” the ratification of the appointment of Deloitte as our independent registered public accounting firm for FY 2021 (Proposal 4).

does my vote matter?

YES, YOUR VOTE IS IMPORTANT.

We are required to obtain stockholder approval for the election of Class I directors and other important matters. Each share of common stock is entitled to one vote and every share voted has the same weight. In order for the Company to obtain the necessary stockholder approval of proposals, a “quorum” of stockholders (a majority of the issued and outstanding shares entitled to vote at the meeting) must be represented at the 2020 annual meeting in person or by proxy.

If a quorum is not obtained, the Company must postpone the 2020 annual meeting and solicit additional proxies. This is an expensive and time-consuming process.

Voting by proxy is important for us to obtain a quorum, hold the meeting, and complete the stockholder vote.

how do i vote?

You may vote your shares by proxy through the Internet, by proxy by telephone, or by proxy by mail as indicated on the Notice of Internet Availability of Proxy Materials, proxy card, or voting instruction form. You may also vote using the online ballot at the 2020 annual meeting. All shares entitled to vote and represented by properly executed proxies received before the polls are closed at the 2020 annual meeting, and not revoked or superseded, will be voted at the 2020 annual meeting in accordance with the instructions indicated on those proxies.

Whether or not you plan to attend the 2020 annual meeting, we urge you to vote by proxy through the Internet, by proxy by telephone, or using a proxy card or voting instruction form to ensure your vote is counted. You may still attend the 2020 annual meeting and vote by ballot even if you have already voted by proxy.

Voting procedures based on how your shares are held are described below.

Stockholders of record

- To vote by proxy through the Internet, go to www.envisionreports.com/ELF. You will be asked to provide your individual control number.
- To vote by proxy by telephone, call 1-800-652-VOTE (8683) within the U.S., U.S. territories, and Canada.
- To vote by mail, please request a full set of proxy materials (if you do not already have a full set) and then simply complete, sign, and date the enclosed proxy card and return it promptly in the postage-paid envelope. If we receive your properly executed proxy card before the 2020 annual meeting, we will vote your shares as directed by your proxy card.
- To vote by online ballot at the 2020 annual meeting, attend the 2020 annual meeting and vote your shares using the online ballot on the virtual meeting website.

Beneficial owners of shares

- You should have received a voting instruction form containing voting instructions from your broker rather than from us. Follow the detailed instructions in the voting instruction form to ensure that your vote is counted.

- You may also vote by proxy through the Internet or by proxy by telephone as instructed by your broker.
- If you wish to vote by online ballot at the 2020 annual meeting, you must obtain a “legal proxy” from your broker to vote. Follow the instructions included with the voting instruction form or contact your broker to request a “legal proxy”. *The voting instruction form you received in connection with the 2020 annual meeting is not a legal proxy. Please note requesting a legal proxy from your broker will revoke any vote by proxy you might have previously executed, and your shares will only be represented with respect to the proposals if you vote by online ballot at the 2020 annual meeting.*

Please see under the heading “additional information —important information regarding the virtual meeting” for information on how to register and attend the 2020 annual meeting.

when is the record date for the 2020 annual meeting?

On July 6, 2020, 50,451,340 shares of our common stock were issued and outstanding and entitled to vote. Every stockholder is entitled to one vote for each share of common stock held on July 6, 2020.

who can vote by online ballot at the 2020 annual meeting?

Stockholders of record as of July 6, 2020 may vote by online ballot at the 2020 annual meeting.

If you held your shares through a broker, you may not vote your shares by online ballot at the 2020 annual meeting unless you provide a legal proxy from your broker.

Follow the instructions included with the voting instruction form or contact your broker to request a legal proxy. *The voting instruction form you received in connection with the 2020 annual meeting is not a legal proxy. Please note requesting a legal proxy from your broker will revoke any vote by proxy you might have previously executed, and your shares will only be represented with respect to the proposals if you vote by online ballot at the 2020 annual meeting.*

Whether or not you plan to attend the 2020 annual meeting, we urge you to vote by proxy through the Internet, vote by proxy by telephone, or sign, date, and return a proxy card or voting instruction form to ensure your vote is counted.

how many votes are needed to approve the proposals?

Election of three Class I directors. Director nominees will be elected by the vote of a plurality of the votes cast at the 2020 annual meeting. A plurality voting standard means that the three nominees receiving the most “For” votes will be elected. “Withhold” votes and broker non-votes are not considered votes cast for this purpose and will have no effect on the election of the nominees.

Advisory vote on compensation for our named executive officers. This proposal will be decided by a majority of the votes cast. This means that the number of shares voted “For” must exceed the number of shares

voted "Against" in order for this proposal to be approved. Abstentions and broker non-votes are not considered votes cast for this purpose and will have no effect on the vote for this proposal.

Advisory indication of the frequency of the advisory vote on the compensation for our named executive officers. Stockholders are not voting to approve or disapprove our Board's recommendation with respect to the frequency with which the say-on-pay vote will be held in the future. The frequency choice ("1 year," "2 years," "3 years") receiving the most votes will be given due regard by, but will not be binding on, our Board or the Company. Abstentions and broker non-votes are not considered votes cast for this purpose and will have no effect on the vote for this proposal.

Ratification of appointment of Deloitte as our independent registered public accounting firm. This proposal will be decided by a majority of the votes cast. This means that the number of shares voted "For" must exceed the number of shares voted "Against" in order for this proposal to be approved. Abstentions and broker non-votes are not considered votes cast for this purpose and will have no effect on the vote for this proposal.

who counts the votes?

Computershare, our transfer agent, has been engaged as our independent agent to tabulate stockholder votes and appointed as the inspector of election.

what are "broker non-votes"?

If you are a beneficial owner of shares and your shares are held by your broker and you do not provide your broker with voting instructions, your shares may constitute "broker non-votes."

Broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given.

Broker non-votes are counted for purposes of determining whether or not a quorum exists for the transaction of business.

A broker is entitled to vote shares held by a beneficial owner on "routine" matters without instructions from the beneficial owner of those shares. However, absent instructions from the beneficial owner, a broker is not entitled to vote shares held for a beneficial owner on "non-routine" matters.

The proposals to be voted on at the 2020 annual meeting are classified as follows:

proposal	classification
1. Election of three Class I directors	non-routine
2. Advisory vote on compensation for our named executive officers	non-routine
3. Advisory indication of the frequency of the advisory vote on the compensation for our named executive officers	non-routine
4. Ratification of appointment of Deloitte as our independent registered public accounting firm	routine

If you hold your shares beneficially through a broker, it is critical that you cast your vote if you want it to count for the "non-routine" proposals. If you hold your shares beneficially through a broker and you do not instruct your broker how to vote for the "non-routine" proposals, no votes will be cast on your behalf for those proposals. Follow the detailed instructions in the enclosed voting instruction form to ensure that your vote is counted.

what if i return a proxy card but do not make specific choices?

If you return a signed and dated proxy card or otherwise vote without marking voting selections, your shares will be voted:

- “FOR” all the nominees listed on the proxy card as Class I directors;
- “FOR” the approval, on an advisory basis, of the compensation for our named executive officers;
- “1 YEAR” for the frequency of the advisory vote on the compensation for our named executive officers; and
- “FOR” the ratification of the appointment of Deloitte as our independent registered public accounting firm for FY 2021.

can i change my vote or revoke my proxy after submitting my proxy?

Yes. You can revoke your proxy at any time before it is exercised at the 2020 annual meeting.

If you are a stockholder of record, you may revoke your proxy before it is exercised at the 2020 annual meeting in any one of the following ways:

- you may grant a subsequent proxy through the Internet;
- you may grant a subsequent proxy by telephone;
- you may mail another properly completed proxy card with a later date;
- you may attend the 2020 annual meeting and vote by online ballot. Simply attending the 2020 annual meeting will not, by itself, revoke your proxy; or
- you may send a timely written notice that you are revoking your proxy to:

e.l.f. Beauty, Inc.

ATTN: Corporate Secretary

570 10th Street

Oakland, California 94607

Only your latest dated validly executed proxy that you submit (either by mail, phone, or the Internet) will be counted.

If you are a beneficial owner of shares and your shares are held by your broker, you should follow the instructions provided by your broker if you wish to change your vote or revoke your proxy.

what is a quorum and what constitutes a quorum?

A “quorum” is the number of shares that must be present, in person or by proxy, in order for business to be conducted at the 2020 annual meeting. The required quorum for the 2020 annual meeting is the presence in person or by proxy of the holders of a majority in voting power of the stock issued and outstanding as of the record date and entitled to vote at the 2020 annual meeting.

As there were 50,451,340 shares of our common stock issued, outstanding and entitled to vote as of July 6, 2020, the record date, a quorum will be present for the 2020 annual meeting if an aggregate of at least 25,225,671 shares are present in person or by proxy at the 2020 annual meeting. If there is no quorum, either the chairperson of the 2020 annual meeting or a majority in voting power of the stockholders entitled to vote at the 2020 annual meeting, present in person or represented by proxy, may adjourn the 2020 annual meeting to another time or place.

If you are a stockholder of record, your shares will be counted towards the quorum only if you submit a valid proxy or vote at the 2020 annual meeting. If you hold your shares beneficially through a broker, your shares will

be counted towards the quorum if your broker submits a proxy for your shares at the 2020 annual meeting, even if that proxy results in a broker non-vote due to the absence of voting instructions from you.

"Withhold" votes, abstentions, and broker non-votes, if any, will be counted for the purpose of determining the presence or absence of a quorum.

how can i find out the results of the voting at the 2020 annual meeting?

We will publish preliminary voting results in a Current Report on Form 8-K within four business days following the annual meeting and publish final results in a Current Report on Form 8-K as soon as practicable following final certification by the inspector of election.

will Deloitte be present at the 2020 annual meeting?

Representatives of Deloitte, our independent registered public accounting firm for 2019T and FY 2020, are expected to be present at the 2020 annual meeting and will have the opportunity to make statements, if they so desire, and to respond to appropriate questions.

when are stockholder proposals or director nominations due for the 2021 annual meeting of stockholders?

If a stockholder wishes to have a proposal considered for presentation at the 2021 annual meeting of stockholders and included in the Company's proxy statement and form of proxy used in connection with the 2021 annual meeting of stockholders, the proposal must be forwarded in writing to our Corporate Secretary, must comply with the requirements of SEC Rule 14a-8, and must be received by March 19, 2021. However, if we hold the 2021 annual meeting of stockholders more than 30 days before, or more than 60 days after, August 27,

2021, we will publicly disclose the deadline by which stockholder proposals to be included in our proxy materials must be received.

If a stockholder, rather than including a proposal in our proxy statement as discussed above, commences his or her own proxy solicitation for the 2021 annual meeting of stockholders (including nominating individuals for election to our Board) or proposes business for consideration at the 2021 annual meeting of stockholders, we must receive notice of the proposal between April 29, 2021 and May 29, 2021. However, if we hold the 2021 annual meeting of stockholders more than 30 days before, or more than 60 days after, August 27, 2021, we must receive notice of the proposal no later than the 90th day prior to the date of the 2021 annual meeting of stockholders or, if later, the 10th day following the day we first publicly disclose the date of the 2021 annual meeting of stockholders. Any such proposal must comply with the requirements of our bylaws, which contain additional requirements about advance notice of stockholder proposals.

Proposals and notices should be submitted in writing to:

e.l.f. Beauty, Inc.
ATTN: Corporate Secretary

Oakland, California 94607
