**Re: GrowGeneration Corp.
Pre-effective Amendment 2 to Registration Statement on Form S-1
Filed June 15, 2016
File No. 333-207889**

Dear Mr. Lampert:

We reviewed the filing and have the following comments.

Consolidated Financial Statements for the Year Ended December 31, 2015 and the Period from Inception (March 6, 2014) to December 31, 2014, page F-17

Note 6. Income Taxes, page F-31

1. We note your response to prior comment eight; however, given the fact that you have generated losses since inception, it remains unclear to us how you determined a tax valuation allowance is not required for your deferred tax asset related to federal and state net operating losses. It appears to us that the cumulative operating losses since inception are significant negative evidence that would be difficult to overcome, despite the positive evidence provided in your response. Additionally, it appears that the positive evidence that you have provided is based upon "projected profits" which is less objectively verifiable than your recent historical results. Please advise or revise. Refer to FASB ASC 740-10-30-21 through 30-23.

Note 8. Stock Options, page F-34

2. Your narrative states that options were issued with exercise prices ranging between \$0.60 and \$0.66 per share; however, your table indicates that the weighted average exercise price is \$0.14 per share. Please revise or advise. This comment also applies to Note 8 on page F-13.

Note 9. Stock Purchase Warrants, page F-35

3. We note your response to prior comment 15. As previously requested, please expand your disclosure to state how you determined the fair market value of the stock purchase warrants as well as the assumptions used in your determination. In your table presentation you indicate that the weighted average exercise price is \$0.14. Please revise or advise.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes the information the Securities Act of 1933 and all applicable Securities Act rules require. Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures that they have made.

Notwithstanding our comments, if you request acceleration of the effective date of the pending registration statement please provide a written statement from the company acknowledging that:

- Should the Commission or the staff, acting pursuant to delegated authority, declare the filing effective, it does not foreclose the Commission from taking any action with respect to the filing.
- The action of the Commission or the staff, acting pursuant to delegated authority, in declaring the filing effective, does not relieve the company from its full responsibility for the adequacy and accuracy of the disclosure in the filing.
- The company may not assert staff comments and the declaration of effectiveness as a defense in any proceeding initiated by the Commission or any person under the federal securities laws of the United States.

Please refer to Rules 460 and 461 regarding requests for acceleration. We will consider a written request for acceleration of the effective date of the registration statement as confirmation of the fact that those requesting acceleration are aware of their responsibilities under the Securities Act and the Securities Exchange Act as they relate to the proposed public offering of the securities specified in the registration statement. Please allow adequate time for us to review any amendment before the requested effective date of the registration statement.
