If you do not believe our comments apply to your facts and circumstances or do not believe an amendment is appropriate, please tell us why in your response.

Amendment No. 2 to Draft Registration Statement on Form S-1

Prospectus Summary, page 1

1. You state in your response to prior comment 1 that your reference to the "number of users brought onto our platform" is referring to the number of users invited to the platform during the period. Please clarify whether each invited user actually logged on and used your platform during the period. If not, explain the relevance to your operations of disclosing 170 users on average per customer. With regard to the 1.3 million users, please tell us whether a user can be counted more than once. In this regard, in your January 13, 2020 response to comment 7, you indicated that collaborators can use a variety of different log-in credentials and devices to access your platform. To the extent that a

collaborator can be counted more than once during the period, tell us how this factored into your calculations of total users, and revise your disclosures to clarify the limitations of this measure, as applicable.
