ServiceNow

3 years

Accounting Supervisor

February 2013 - February 2014 (1 year 1 month)

- Manage fixed asset and lease accounting.
- Monthly review of approximately 1,000 open purchase order line items by working with procurement, the purchase requester and vendor to attain a status on the requisition.

- Review all new facility leases and ensure that leases are recorded accurately. Found \$115K in leasehold concessions that facilities originally missed. Completed required documentation to receive concessions.
- Consistently work on process improvements. Notably, created a time-card process in SURF to track hours worked on internally developed software to create a consistent process and improve accuracy.
- Work with internal auditors to help implement SOX documentation for lease and fixed asset accounting.
- Work directly with external auditors (PWC) for audit and review deliverables.

Senior Accountant

March 2011 - February 2013 (2 years)

- Month-end GL accounting close cycle and financial statement preparation.
- Work closely with external auditors to complete a 2 ½ year audit as well as maintain focus on my accounting responsibilities and process improvements prior to the Company's IPO.
- Directly worked on an ERP migration from NetSuite to SAP.
- Complete monthly income statement and balance sheet fluctuation analysis. Analysis is used in monthly management and quarterly audit committee meetings.
- Work directly with the R&D and Subscription & Support functional areas to make sure that all expenses are adequately accrued.
- Directly assist in the consolidation process of over 20 subsidiaries along with translation/revaluation of foreign currencies.
- Actively supported both financial reporting and external auditors in taking ServiceNow public with an IPO in June 2012.

LPL Financial

Senior Accountant

August 2010 - March 2011 (8 months)

Margin Analysis Group

- Analyze revenue streams, and their corresponding expenses, from multiple sources to record numerous journal entries
- Manage the intercompany transactions from UVEST, a LPL subsidiary located in North Carolina, through phone and e-mail communications
- Manage revenues and expenses between LPL and AXA Financial per their agreement

- Create the monthly Revenue Estimate report prior to month-end close by compiling revenue & expense data from multiple sources and preparing a report that accurately depicts the month's performance
- Monthly Flux Analysis to explain the fluctuations between the budget and from the three-month averages
- 26 Account reconciliations (accruals, deferred revenue, payables, receivables, deposits, chargebacks, and inventory accounts)

G&A Group

- Account for Prepaid expenses
- Analyze the expense accounts to ensure accuracy
- Work with Accounts Payable to ensure monthly accruals are recorded in the proper account

Teledyne

Senior Accountant - Consultant

March 2010 - June 2010 (4 months)

- Temporary position covering a maternity leave in the accounting department
- Assist in managing month-end closing; close sub-ledgers; analyze account activity; prepare journal entries; reconcile inter-company transactions
- Prepare revenue, product line margin and gross discount analyses. Re-created and automated these reports using Microsoft Excel, Microsoft Query and Crystal reports
- Create cost reduction, margin enhancement, capital expense, and R&D reports for quarterly close.
- Analyze and adjust the warranty reserve and the excess & obsolete inventory accounts
- Created a new method to track gross sales vs. net sales by Regional Sales Manager. The report is used to track each sales manager's progress towards their incentive goals
- Assist in the set-up of a new project system to better distinguish qualified vs. non-qualified R&D projects for the R&D tax credit

Port of Tacoma

Accountant II

September 2006 - June 2009 (2 years 10 months)

- Monthly/Annual financial reporting (B/S, I/S, Cash Flow, P&L, Notes, Ad Hoc reporting); monthly variance analysis; Management report; accrual accounting; thorough knowledge of GAAP, FASB, and GASB

- Reconcile 50+ accounts (cash/bank, investments, fixed assets/depreciation, non-operating expenses, long-term debt, and other accruals and deferred assets/liabilities)
- Accounted for approximately 2,500-3,000 acres of leased land, suites, warehouses, and shipping terminals that accounted for \$73 million dollars of revenue
- Capital project budget that reached \$1 billion dollars; audit project costs, determine whether project should be capitalized or expensed, and create budget-to-actual cost report and report variances
- Managed a growing \$1.1 billion dollars in fixed assets, net depreciation
- Created and presented position papers to senior directors, and auditors, after thorough research of accounting standards. Most notably, created position paper that had a \$20-\$30 million dollar impact
- Assisted in budget/forecast of department expenses, depreciation and other non-operating expenses
- Interacted with C-level executives & department leaders; ensure understanding of financials, assist in budgeting process, and explain variances from budget

Bank of America

Senior Teller

November 2004 - July 2006 (1 year 9 months)

As a senior Teller I served clients by providing professional service for their banking needs. Each teller had product referral goals, which I consistently surpassed. My sales-to-referral numbers were well over 100%. As a senior teller, I was entrusted with a higher cash-at-hand dollar amount (\$40,000). I developed work schedules for the branch as well as submitted bimonthly payroll information for the branch.
