We have reviewed your registration statement and have the following comments. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure.

Please respond to this letter by amending your registration statement and providing the requested information. If you do not believe our comments apply to your facts and circumstances or do not believe an amendment is appropriate, please tell us why in your response.

Risk Factors, page 7

1. We note that you have deleted your risk factor on page 36 regarding the potential difficulty in enforcing a U.S. judgment against the company and its officers and directors because the company is incorporated in Israel and the senior management and directors are located in Israel. Please revise your disclosure to include this risk factor or tell us why you believe the risk is not material to a potential investor.

2. Please reconcile your disclosure on your website and your disclosure in the registration statement regarding the status of your request to the FDA for orphan drug designation for THX-TS01 for the treatment of TS.
