# PROXY STATEMENT

and **Notice of 2018** Annual General Meeting of Shareholders

**Friday, Dec. 7, 2018** ■ 8 a.m. local time ■ **Dublin**, Ireland

# NOTICE OF ANNUAL GENERAL MEETING

**Friday, December 7, 2018**

**8:00 a.m. local time**

*Shelbourne Hotel, 27 St. Stephen's Green, Dublin, Ireland*

## MEETING AGENDA

1. Electing, by separate resolutions, the ten director nominees named in the proxy statement to hold office until the 2019 Annual General Meeting of the Company;
2. Ratifying, in a non-binding vote, the re-appointment of PricewaterhouseCoopers LLP as the Company's independent auditor for fiscal year 2019 and authorizing, in a binding vote, the Board of Directors, acting through the Audit Committee, to set the auditor's remuneration;
3. Approving, on an advisory basis, the Company's executive compensation;
4. Receiving and considering the Company's Irish Statutory Financial Statements for the fiscal year ended April 27, 2018 and the reports of the directors and auditors thereon, and reviewing the affairs of the Company; and
5. Transacting any other business that may properly come before the meeting.

Proposals 1 to 3 above are ordinary resolutions requiring a simple majority of the votes cast at the meeting to be approved. All proposals are more fully described in this proxy statement. There is no requirement under Irish law that Medtronic's Irish Statutory Financial Statements for the fiscal year ended April 27, 2018, or the directors' and auditor's reports thereon be approved by the shareholders, and no such approval will be sought at the Annual General Meeting.

## RECORD DATE

Shareholders of record at the close of business on October 9, 2018, are entitled to vote at the meeting.

## ONLINE PROXY DELIVERY AND VOTING

As permitted by the Securities and Exchange Commission, we are making this proxy statement, the Company's annual report to shareholders, and our Irish statutory financial statements available to our shareholders electronically via the Internet. We believe electronic delivery expedites your receipt of materials, reduces the environmental impact of our Annual General Meeting and reduces costs significantly. The Notice Regarding Internet Availability of Proxy Materials (the "Notice") contains instructions on how you can access the proxy materials and how to vote online. If you received the Notice by mail, you will not receive a printed copy of the proxy materials unless you request one in accordance with the instructions provided in the Notice. The Notice will be mailed to shareholders on or about October 23, 2018, and will provide instructions on how you may access and review the proxy materials on the Internet and how to vote.

## ADMISSION TO THE ANNUAL GENERAL MEETING

If you wish to attend the Annual General Meeting, you must be a shareholder on the record date and either **request an admission ticket in advance** by visiting [www.proxyvote.com](http://www.proxyvote.com) and following the instructions provided (you will need the control number included on your proxy card, voter instruction form or Notice), or bring proof of ownership of ordinary shares to the meeting. Tickets will be issued to registered and beneficial owners and to one guest accompanying each registered or beneficial owner.

August 24, 2018

By order of the Board of Directors,

**Bradley E. Lerman**

*Senior Vice President, General Counsel and Company Secretary*

**Important Notice Regarding the Availability of Proxy Materials for the Annual General Meeting of Shareholders to be held on December 7, 2018: This proxy statement, the Company's 2018 Annual Report to Shareholders and our Irish Statutory Financial Statements for the year ended April 27, 2018, are available at [www.proxyvote.com](http://www.proxyvote.com).**

## YOUR VOTE IS IMPORTANT. WE ENCOURAGE YOU TO VOTE.

If possible, please vote your shares over the Internet using the instructions found in the Notice. Alternatively, you may request a printed copy of the proxy materials and vote using the toll-free telephone number on the proxy card or by marking, signing, dating and mailing your proxy form in the postage-paid envelope that will be provided. All proxies will be forwarded to the Company's registered office electronically. Voting by any of these methods will not limit your right to vote in person at the Annual General Meeting.

**Under New York Stock Exchange rules, if you hold your shares in "street" name through a brokerage account, your broker will NOT be able to vote your shares on non-routine matters being considered at the Annual General Meeting unless you have given instructions to your broker prior to the meeting on how to vote your shares. Proposals 1 and 3 are considered non-routine matters under New York Stock Exchange rules. This means that you must give specific voting instructions to your broker on how to vote your shares so that your vote can be counted.**

## Shareholder Outreach on Governance

We recognize the value of shareholder engagement and take a proactive approach to shareholder outreach on governance matters. We continuously engage with our shareholders, including investment and governance specialists, to seek input on governance, executive compensation, strategic issues and to address their questions and concerns. We bring feedback from our shareholders to our Board; such feedback is instrumental to the Board's decision-making process.

### ENGAGEMENT CYCLE

## Performance Highlights

Medtronic is the global leader in medical technology – alleviating pain, restoring health, and extending life for millions of people around the world. Fiscal year 2018 was a solid year for Medtronic. The company delivered record revenue, made progress in each of its growth strategies, met its Covidien cost synergy commitments, and deployed its capital in line with its stated priorities, balancing the return of cash to our shareholders with disciplined reinvestment in its businesses.

During fiscal year 2018, Medtronic delivered record revenue of \$30.0 billion, growing in the mid-single digits<sup>(1)</sup> for the sixth consecutive year. The company made progress in each of its growth strategies. In Therapy Innovation, the company executed a steady cadence of meaningful product launches, as well as introduced some groundbreaking new technologies. In Globalization, the company expanded access to its therapies in emerging markets around the world, resulting in double-digit revenue growth<sup>(1)</sup>. In Economic Value, the company continued to extend its industry leadership in developing value-based healthcare solutions.

The integration of Covidien progressed as planned, and Medtronic fully delivered on its goal of realizing \$850 million of total cost savings by the end of fiscal year 2018. Operating margin improvement, coupled with Medtronic's solid revenue growth, were key contributors to delivering double-digit non-GAAP diluted earnings per share growth<sup>(1)</sup>. Free cash flow would have been \$4.7 billion when excluding the \$1.1 billion pre-payment Medtronic elected to make late in the fourth quarter to the U.S. IRS related to in-process litigation on Puerto Rico transfer pricing.

Medtronic strategically deployed its capital, meeting its commitment of returning a minimum of 50 percent of its free cash flow to its shareholders in the form of dividends and net share repurchases. Late in fiscal year 2017, the company announced the sale of a portion of its Patient Monitoring and Recovery division to Cardinal Health for \$6.1 billion as part of its disciplined portfolio management strategy. The transaction closed early in Medtronic's second quarter of fiscal year 2018.

Medtronic continues to create distinct competitive advantages and capitalize on the long-term trends in healthcare: namely, the desire to improve clinical outcomes; the growing demand for expanded access to care; and the optimization of cost and efficiency within healthcare systems. These trends, along with an aging population in most countries, produce secular growth tailwinds that Medtronic believes represent sustainable, long-term opportunities for the company. The company has a number of growth catalysts and is optimistic about its ability to deliver on its commitments and expand patient access to its products and services around the world.

Most importantly, in its fiscal year 2018, Medtronic served 71 million patients – more patients, in more places around the world, than in any year in its history. Two patients are benefitting from Medtronic therapies and services every second. This is a direct result of the dedication and passion of over 86,000 employees, collaborating with the company's partners in healthcare, to fulfill the Medtronic Mission.

A few of our more notable fiscal year 2018 performance highlights include the following:

- Achieved revenue of \$30.0 billion, GAAP net income of \$3.1 billion, and non-GAAP net income of \$6.5 billion.
- Returned \$4.3 billion to shareholders in the form of dividends and net share repurchases. Increased its cash dividend by 7 percent, the 40<sup>th</sup> consecutive year of increasing its dividend payment.
- Delivered solid, balanced geographic revenue growth, with low-single digit growth<sup>(1)</sup> in the United States, mid-single digit growth<sup>(1)</sup> in Non-U.S. Developed Markets, and double-digit growth<sup>(1)</sup> in Emerging Markets.
- The Cardiac & Vascular Group (CVG) grew revenues in the mid-single digits<sup>(1)</sup>, as the group continued to leverage its breadth of products and services, as well as its strong positions in important, rapidly expanding markets to drive sustainable growth. Combined, its products in transcatheter aortic valve replacement, AF ablation, and left-ventricular assist devices annualize at over \$2 billion and are growing over 30 percent.<sup>(1)</sup>
- The Minimally Invasive Therapies Group (MITG) grew revenues in the mid-single digits<sup>(1)</sup> and continued to benefit from five key growth drivers: Advancing Minimally Invasive Surgery, or MIS, Advanced Parameters & Informatics, Gastrointestinal Disease, End Stage Renal Disease, and Specialty Diversification. The group enjoyed momentum from recently launched products in Advanced Energy and Advanced Stapling, including ValleyLab™ FT10, LigaSure™ instruments and Signia™, its single-handed powered surgical stapler that provides surgeons with real-time feedback during surgery.
- The Restorative Therapies Group (RTG) grew revenues in the mid-single digits<sup>(1)</sup>, including 6 percent growth<sup>(1)</sup> in the fourth quarter, the highest quarterly growth in the history of the Group. This performance was driven by continued solid growth in Neurovascular and Neurosurgery, as well as a strong second half performance in Pain behind strong acceptance of new offerings in Spinal Cord Stimulation, including Intellis™ stimulator, EvolveSM workflow algorithm, and Snapshot™ reporting.
- The Diabetes Group grew revenues in the high-single digits<sup>(1)</sup>, driven by US patient demand for the MiniMed® 670G hybrid closed loop system. The group is experiencing strong global demand for its new sensor-augmented insulin pump systems.

(1) Growth rates represent comparisons to fiscal year 2017 on a comparable, constant currency basis, which excludes currency and the impact of the July 29, 2017 divestiture of Medtronic's Patient Care, Deep Vein Thrombosis, and Nutritional Insufficiency businesses. Diluted earnings per share used in these calculations is considered a non-GAAP financial measure under applicable SEC rules and regulations. Reconciliations from the most directly comparable GAAP financial measures to the non-GAAP financial measures are included in Appendix A of this proxy statement.

## Executive Compensation Philosophy

Our performance-based compensation programs align the interests of our Named Executive Officers (NEOs) with those of our shareholders. We have developed programs that enable us to attract, retain and engage highly talented executives with compensation packages established pursuant to the following principles:

- **Market Competitive.** We offer market-competitive total direct compensation consisting of base salary, an annual cash incentive and long-term cash and equity incentives. Our targets match the median of our peer group.
- **Pay for Performance.** We emphasize pay for performance by fixing at least 75% of target total direct compensation (base salary + target annual incentive + target long-term incentive) on the attainment of annual and long-term Company performance goals.
- **Market Median Pay.** We calibrate each element of total direct compensation to within a market median range that is +/- 15% of median of our comparator group for base salary and annual incentive and +/- 20% of median for long-term incentives and total direct compensation. We use the median because at least 75% of NEO compensation is tied to annual and long-term Company performance; performance that is above or below the median of our Comparison Group will generate compensation that is above or below the median compensation for the same group.
- **Comprehensive Benefit Programs.** We enhance competitive total direct compensation with comprehensive employee benefit programs that support retirement, health and wellness. NEOs have the same health and retirement benefits as all employees.
- **Shareholder Value Alignment.** We align incentive programs with shareholder value creation by using annual and three-year performance measures that drive shareholder value. Incentive goals are aligned with our Board-approved annual operating plan and our Board-approved long-term strategic plan, both of which are shared with investors. The Board made the decision in fiscal year 2018 to add a Relative Total Shareholder return metric to the 3-year long-term performance plan (LTPP) for fiscal year 2019. LTPP is a 3-year cash incentive, making up 1/3 of the long-term incentive opportunity.
- **Focus on Quality.** We emphasize quality; payouts under our annual incentive plan can be reduced if a quality compliance modifier performance threshold is not achieved. The quality modifier, which may reduce but not increase a payout, is designed to align Medtronic employees with the Medtronic Mission, "To strive without reserve for the greatest possible reliability and quality in our products...". The modifier uses Food and Drug Administration inspection observation to provide a standardized and rigorous assessment of our product and process quality.

## Sustainability and Citizenship Highlights

Medtronic's approach to environmental, social and governance ("ESG") is grounded in our Mission which articulates the Company's purpose and acknowledges our responsibility to contribute to human welfare; deliver the highest-quality products, therapies and services to patients; make a fair profit; recognize the personal worth of employees; and maintain good citizenship as a company.

Recognizing the significant impact that ESG has on our ability to achieve sustainable growth, the Nominating and Governance

Committee of the Company's Board of Directors has responsibility to review the Company's ESG performance, including the impacts of our operations on society and the environment.

An executive-level Sustainability Steering Committee, chaired by our Chief Financial Officer, oversees the Company's sustainability strategy, which is focused primarily on performance related to the following priority issues:

### SUSTAINABILITY STRATEGY

Access	Product Quality	Ethics in Sales & Marketing	Responsible Supply Management	Product Stewardship
Working with health systems around the world – sharing technologies, services, resources, and expertise – to remove barriers to affordable treatment of chronic disease	Implementing industry-leading lifecycle processes, quality culture, and regulatory compliance programs that ensure our products and services clearly comply with the highest standards of safety and reliability	Implementing industry-leading programs and culture initiatives that promote responsible business practices in the marketing, communication, and promotion of our products and services	Leveraging best practices to develop and implement programs that enhance product quality, worker rights, and environmental protection throughout our supply chain	Establishing a programmatic approach to eliminating materials of concern and minimizing the lifecycle footprint of our products and packaging

Our Sustainability Program Office monitors activities related to our material issues, as well as emerging risks, and escalates them to the Sustainability Steering Committee as appropriate. The program office also tracks long-term internal targets related to each priority issue.

In the past two years, Medtronic has launched a Global Human Rights program and a Responsible Supply Management program to embed management of these issues and ensure compliance with emerging regulations and customer expectations. We are also establishing a Product Stewardship program to formalize a company-wide approach to product and packaging sustainability.

Medtronic releases an Integrated Performance Report annually, which follows the Global Reporting Initiative Sustainability Reporting Framework. This report outlines our management approach and performance related to our five priority issues and 8 other issues identified as vital to our success:

- corporate governance
- device security
- financial strength
- philanthropy
- post-market surveillance
- stakeholder engagement
- talent, and
- trial data

We also report against select Sustainability Accounting Standards Board key performance indicators for our industry.

**The statement above provides information on Medtronic's activities related to the four overarching areas outlined in the Task-force for Climate-related Financial Disclosure (TCFD) framework: Governance, Strategy, Risk Management, and Metrics/Targets**

# CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This proxy statement contains forward-looking statements within the meaning of the U.S. federal securities laws. Forward-looking statements may be identified by words like "anticipate," "expect," "project," "believe," "plan," "may," "estimate," "intend" and other similar words. Forward-looking statements in this proxy statement include, but are not limited to, statements regarding individual and Company performance objectives and targets, statements relating to the benefits of Medtronic's acquisitions, product launches and business strategies, and Medtronic's intent to return capital to shareholders through dividends and share repurchases. These and other forward-looking statements are based on our beliefs, assumptions and estimates using information available to us at the time and are not intended to be guarantees of future events or performance. Factors that may cause actual results to differ materially from those contemplated by the statements in this proxy statement can be found in Medtronic's periodic reports on file with the U.S. Securities and Exchange Commission. The forward-looking statements speak only as of the date of this proxy statement and undue reliance should not be placed on these statements. We disclaim any intention or obligation to publicly update or revise any forward-looking statements. This cautionary statement is applicable to all forward-looking statements contained in this document.

# PROPOSAL 1 – ELECTION OF DIRECTORS

## Directors and Nominees

Our Board of Directors currently has twelve members, all of whom serve for a term of one year. All nominees are currently Medtronic directors who were elected by shareholders at the 2017 Annual General Meeting. In order to be elected as a director, each nominee must be appointed by an ordinary resolution and each must receive the affirmative vote of a majority of the votes cast by the holders of ordinary shares represented at the Annual General Meeting in person or by proxy. If a nominee becomes unable or declines to serve, the individuals named as proxies in the enclosed proxy form will have the authority to vote for any substitute who may be nominated in accordance with Medtronic's Articles of Association. We have no reason to believe this will occur. Shirley Ann Jackson, Ph.D. and Robert C. Pozen were not re-nominated because each has reached the mandatory retirement age for directors.

The Nominating and Corporate Governance Committee considers candidates for Board membership, including those suggested by shareholders, applying the same criteria to all candidates. Any shareholder who wishes to recommend a prospective nominee for the Board for consideration by the Nominating and Corporate Governance Committee must notify the Company Secretary in writing at Medtronic's registered office at 20 on Hatch, Lower Hatch Street, Dublin 2, D02 XH02, Ireland. Any such recommendations should provide whatever supporting material the shareholder considers appropriate, but should at a minimum include such background and biographical material as will enable the Nominating and Corporate Governance Committee to make an initial determination as to whether the nominee satisfies the criteria for directors set out in the Governance Principles.

If the Nominating and Corporate Governance Committee identifies a need to replace a current member of the Board, to fill a vacancy on the Board, or to expand the size of the Board, it considers candidates from a variety of sources, including third-party search firms that assist with identifying, evaluating and conducting due diligence on potential director candidates. The process followed

to identify and evaluate candidates includes meetings to review biographical information and background material relating to candidates, and interviews of selected candidates by members of the Board. Recommendations of candidates for inclusion in the Board slate of director nominees are based upon the criteria set forth in the Governance Principles. These criteria include business experience and skills, judgment, honesty and integrity, the ability to commit sufficient time and attention to Board activities and the absence of potential conflicts with Medtronic's interests. While the Nominating and Corporate Governance Committee does not have a formal diversity policy for Board membership, we seek directors who represent a mix of backgrounds and experiences that will enhance the quality of the Board's deliberations and decisions. When evaluating candidates for Board membership, the Nominating and Corporate Governance Committee considers, among other factors, diversity with respect to viewpoint, skills, experience, and community involvement, and input from other members of the Board.

After completing the evaluation process, the Nominating and Corporate Governance Committee makes a recommendation to the full Board as to individuals who should be nominated by the Board. The Board determines the nominees after considering the recommendations and report of the Nominating and Corporate Governance Committee and such other nominees and evaluations as it deems appropriate.

Shareholders who intend to appear at the Annual General Meeting to nominate a candidate for election by the shareholders at the meeting (in cases where the Board does not intend to nominate the candidate or where the Nominating and Corporate Governance Committee was not requested to consider the candidacy) must comply with the procedures in Medtronic's Articles of Association, which are described under "Other Information — Shareholder Proposals and Director Nominations" on page 69 of this proxy statement.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE **FOR** THE DIRECTOR NOMINEES.

# CORPORATE GOVERNANCE

## Our Corporate Governance Principles

The Board of Directors has adopted Principles of Corporate Governance (the "Governance Principles"), last amended August 2017. The Governance Principles describe Medtronic's corporate governance practices and policies, and provide a framework for the governance of Medtronic. Among other things, the Governance Principles include the provisions below.

- A majority of the members of the Board must be independent directors and no more than two directors may be Medtronic employees. Currently one director, Medtronic's Chairman and Chief Executive Officer, is not independent.
- Medtronic maintains Audit, Compensation, Finance and Financial Risk, Nominating and Corporate Governance, Quality,

and Technology and Value Creation Committees, which consist entirely of independent directors.

- The Board conducts an annual self-evaluation to assess its performance.

Our Governance Principles, the charters of our Audit, Compensation, Finance and Financial Risk, Nominating and Corporate Governance, Quality, and Technology and Value Creation Committees and our codes of conduct are published on our website at [www.medtronic.com/us-en/about/corporate-governance.html](http://www.medtronic.com/us-en/about/corporate-governance.html). These materials are available in print to any shareholder upon request. From time to time, the Board reviews and updates these documents as it deems necessary and appropriate to keep abreast of governance regulations.

## Lead Independent Director and Chairman; Executive Sessions

Mr. Ishrak, our Chief Executive Officer, also serves as Chairman of the Board. The Board believes it is appropriate for Mr. Ishrak to serve as Chairman of the Board due to his extensive knowledge of, and experience in, the global health care industry generally and in the medical device industry specifically. This knowledge and experience is critical in identifying strategic priorities and providing unified leadership in the execution of strategy. We believe that Mr. Ishrak's experience and knowledge as the CEO and Chairman is an asset to Medtronic and promotes efficient board functioning, with independent board leadership provided by our "Lead Independent Director".

Under Medtronic's Principles of Corporate Governance, the independent directors annually elect a Lead Independent Director to ensure periodic refreshment of Board leadership roles. Our current Lead Independent Director is Scott C. Donnelly who replaced Richard H. Anderson on July 1, 2017.

As Lead Independent Director, Mr. Donnelly's duties include:

- presiding as chair of regularly scheduled meetings of the independent directors, and presiding as chair of Board meetings at which Mr. Ishrak is not in attendance;
- reviewing and approving the agenda for each meeting of the Board of Directors and each of its committees;
- leading Board discussion;
- overseeing the directors' annual evaluation of the Board and each of its committees and advising Mr. Ishrak on the conduct of Board meetings;

- facilitating teamwork and communications between the non-management directors and management, serving as a liaison between the two;
- overseeing the process for identifying and evaluating Board nominees, as the chair of the Nominating and Corporate Governance Committee;
- leading the process for assessing appropriate committee leadership and membership on a periodic basis;
- recommending, as appropriate, changes to governance policies and practices;
- reviewing all committee materials even for committees on which he does not serve; and
- acting as the focal point on the Board for suggestions from non-management directors, especially on sensitive issues.

In keeping with Medtronic's commitment to corporate governance best practices, Mr. Donnelly also takes the lead in both the Board's ongoing, thoughtful evaluation of Medtronic's governance structure and constructive shareholder engagement on emerging governance issues. Medtronic's accountability to its shareholders is clearly indicated by its openness to their engagement, including through its proxy access policy and strong Lead Independent Director. In this role, Mr. Donnelly ensures that he is available, if appropriately requested by shareholders, for consultation and direct communication.

Four regular meetings of our Board were held in fiscal year 2018. At each Board meeting, our independent directors meet in executive session with no Company management present, as did each of our committees.

## Board Role in Risk Oversight

Our Board of Directors, in exercising its overall responsibility to oversee the management of our business, considers risks when reviewing the Company's strategic plan, financial results, merger and acquisition-related activities, legal and regulatory matters and its public filings with the Securities and Exchange Commission. The Board is also deeply engaged in the Company's Enterprise Risk Management ("ERM") program and has received briefings on the outcomes of the ERM program and the steps the Company is taking to mitigate risks that program has identified. The Board's oversight of risk management includes full and open communications with management to review the adequacy and functionality of the risk management processes used by management. In addition, the Board of Directors uses its committees to assist in its risk oversight responsibility as follows:

- **Audit Committee:** Assists the Board of Directors in its oversight of the integrity of the financial reporting of the Company and its compliance with applicable legal and regulatory requirements. It also oversees our internal controls and compliance activities. The Audit Committee periodically discusses policies with respect to risk assessment and risk management, including

appropriate guidelines and policies to govern the process, as well as the Company's major financial and business risk exposures and certain contingent liabilities and the steps management has undertaken to monitor and control such exposures. It also meets privately with representatives from the Company's independent registered public accounting firm.

- **Finance and Financial Risk Committee:** assists the Board of Directors in its oversight of risk relating to the Company's assessment of its significant financial risks and certain contingent liabilities.
- **Compensation Committee:** assists the Board of Directors in its oversight of risk relating to the Company's assessment of its compensation policies and practices.
- **Quality Committee:** assists the Board of Directors in its oversight of risk relating to product quality and safety, cybersecurity, and research.
- **Technology and Value Creation Committee:** assists the Board of Directors in its oversight of risk relating to product technology and the Company's position with regard to technological innovation.

## Compensation Risk Assessment

We conducted a risk assessment of our compensation policies and practices and concluded that such policies and practices do not create risks that are reasonably likely to have a material adverse effect on our Company. The framework for the assessment was developed using materials from the Compensation Committee's independent consultant, Frederic W. Cook & Co., Inc. This framework included an update to a comprehensive internal survey used in fiscal year 2010 that was designed to identify material policies and practices to be assessed, a review of the identified compensation plans and practices against the evaluation framework and identification of mitigating factors with respect to any risks.

In particular, as a result of the assessment, we noted that:

- Base salaries at Medtronic are generally competitive in the median range of the executive compensation peer companies, not subject to any performance risk and act as a material component of total compensation for most Medtronic employees.
- Incentive plans for senior management and executive officers are appropriately weighted between short-term and long-term performance and between cash and equity compensation.

In addition, our practice of establishing long-term incentive performance targets at the beginning of each of our overlapping three-year performance periods reduces the incentive to maximize performance during any one year.

- Short-term incentive performance goals are recalibrated annually, based upon Medtronic's annual operating plan approved by the Board, and are different from the long-term performance measures.
- Executives and directors are subject to stock ownership and retention guidelines that require directors to maintain ownership of Medtronic stock equal to five (5) times their annual retainer, Medtronic's CEO to maintain ownership of Medtronic stock equal to six (6) times his annual salary, and the other NEOs to maintain Medtronic stock equal to three (3) times their annual salary. Until the ownership guideline is met, the CEO and directors must retain 75% of after-tax Medtronic shares received through settlement of equity compensation awards and other NEOs must retain 50% of such shares.
- Medtronic has implemented policies designed to recoup payments or gains from incentive and equity compensation improperly paid or granted to executives.

## Committees of the Board and Meetings

Our standing Board committees consist solely of independent directors, as defined in the New York Stock Exchange ("NYSE") Corporate Governance Standards. The Audit Committee was established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934 (the "Exchange Act"). Each director attended 75% or more of the total Board and Board committee meetings on which the director served in fiscal year 2018. In addition, it has been the longstanding practice of Medtronic for all directors to attend the Annual General Meeting of Shareholders. All directors attended the last Annual General Meeting.

The following table summarizes (i) the membership of the Board as of the end of fiscal year 2018, (ii) the members of each of the Board's standing committees as of the end of fiscal year 2018, and (iii) the number of times each standing committee met during fiscal year 2018.

- Reviewing candidates for the positions of Chief Financial Officer and Controller of Medtronic
- Establishing procedures concerning the receipt, retention and treatment of complaints regarding accounting, internal accounting controls or auditing matters
- Meeting privately in separate executive sessions periodically with management, internal auditors and the independent registered public accounting firm
- Meeting privately in executive session with the Chief Ethics and Compliance Officer, and approving any decisions with regard to hiring, terminating, disciplining, or compensating the Chief Ethics and Compliance Officer

(1) The Board has determined that all members of the Audit Committee satisfy the applicable audit committee independence requirements of the New York Stock Exchange (NYSE) and the Securities and Exchange Commission (SEC). The Board also determined that all members have acquired the attributes necessary to qualify them as "audit committee financial experts" as defined by applicable SEC rules.

Audit Committee Pre-Approval Policies

Rules adopted by the SEC require public company audit committees to pre-approve audit and non-audit services provided by a company's independent registered public accounting firm. Our Audit Committee has adopted detailed pre-approval policies and procedures pursuant to which audit, audit-related, tax and other permissible non-audit services are pre-approved by category of service. The fees are budgeted, and actual fees versus the budget are monitored throughout the year. During the year, circumstances may arise when it becomes necessary to engage the independent registered public accounting firm for additional services not

contemplated in the original pre-approval. In those instances, we obtain the approval of the Audit Committee before engaging the independent registered public accounting firm. The policies require the Audit Committee to be informed of each service, and do not permit any delegation of the Audit Committee's responsibilities to management. The Audit Committee may delegate pre-approval authority to one or more of its members, but such member(s) must report any pre-approval decisions to the Audit Committee at its next scheduled meeting.

## Director Independence

Under the NYSE Corporate Governance Standards, to be considered independent, the Board must affirmatively determine that the director has no material relationship with Medtronic, other than as a director. The Board of Directors has determined that the following directors (all of our non-management directors) are independent under the NYSE Corporate Governance Standards: Messrs. Anderson, Arnold, Donnelly, Hogan, Lenehan, Powell and Pozen, Drs. Jackson and Nabel, Gov. Leavitt and Ms. O'Leary. In making this determination, the Board considered any current or proposed relationships that could interfere with a director's ability to exercise independent judgment, including those identified by Medtronic's Standards for Director Independence, which correspond to the NYSE standards on independence. These standards identify certain types of relationships that are categorically immaterial and do not, by themselves, preclude the directors from being independent. The types of relationships and the directors who have had such relationships include:

- being a current employee, or having an immediate family member who is an executive officer, of an entity that has made or is expected to make immaterial payments to, or that has received or is expected to receive immaterial payments from, Medtronic for property or services, and each such relationship with Medtronic, through the relevant entity, is transactional in nature and is not a material transactional relationship (Messrs. Anderson, Arnold, Hogan and Pozen, and Drs. Jackson and Nabel);
- being an executive officer, director and less than 50% equity owner of an entity that receives immaterial payments from Medtronic for professional services, which relationship, through the relevant entity, relates to limited consulting services and is not a material relationship (Gov. Leavitt); and

- being an employee or executive officer of a non-profit organization to which Medtronic or The Medtronic Foundation has made immaterial contributions (Mr. Pozen, and Drs. Jackson and Nabel).

All of the relationships of the types listed above were entered into, and payments were made or received, by Medtronic in the ordinary course of business and on competitive terms, and no director participated in negotiations regarding, nor approved, any such purchases or sales. Aggregate payments to, transactions with, or discretionary charitable contributions to each of the relevant organizations did not exceed the greater of \$1,000,000 or 2% of that organization's consolidated gross revenues for any of that organization's last three fiscal years. The Board reviewed the transactions with each of these organizations and determined that the directors had no role with respect to the Company's decision to make any of the purchases or sales or to engage in the relationship, and that the nature and amount of payments involved in the transactions would not influence the relevant director's objectivity in the boardroom or have a meaningful impact on such director's ability to satisfy fiduciary obligations on behalf of Medtronic's shareholders.

In the course of fulfilling its duties, the Board of Directors also considered situations in which the director had a further removed relationship with the relevant third party, such as being a director or trustee (rather than an employee or executive officer) of an organization that engages in a business relationship with Medtronic or receives discretionary charitable contributions from Medtronic or its affiliates. The Board determined that no such further removed relationships impact the independence of its directors.

## Related Party Transactions and Other Matters

The Board of Directors of Medtronic has adopted written related party transaction policies and procedures. The policies require that all "interested transactions" (as defined below) between Medtronic or any of its subsidiaries and a "related party" (as defined below) are subject to approval or ratification by the Nominating and Corporate Governance Committee. In determining whether to approve or ratify such transactions, the Nominating and Corporate Governance Committee will consider, among other factors it deems appropriate, whether the interested transaction is on the same terms as are generally available to an unaffiliated third-party under the same or similar circumstances, the extent of the related person's interest in the transaction, and any other information regarding the interested transaction or the related party that would be material to investors in light of the circumstances. An interested transaction may be approved only if it is determined in good faith that, under all of the circumstances, the interested transaction is in the best interests of Medtronic and its shareholders. In addition, the Nominating and Corporate Governance Committee has reviewed certain categories of interested transactions and deemed them to be pre-approved or ratified. Also, the Board of Directors has delegated to the chair of the Nominating and

Corporate Governance Committee (or another member if the chair is interested in the transaction) the authority to pre-approve or ratify any interested transaction in which the aggregate amount is not expected to exceed \$1 million. Finally, the policies provide that no director shall participate in any discussion or vote regarding an interested transaction for which he or she is a related party, except that the director shall provide all relevant information concerning the interested transaction to the Nominating and Corporate Governance Committee.

Under the policies, an "interested transaction" is defined as any transaction, arrangement or relationship or series of similar transactions, arrangements or relationships (including any indebtedness or any guarantee of indebtedness) in which:

- the aggregate amount involved will or may be expected to exceed \$120,000 in any twelve-month period;
- Medtronic or a subsidiary is a participant; and
- any related party has or will have a direct or indirect interest (other than solely as a result of being a director and/or a less than ten percent beneficial owner of another entity).

An “interested transaction” includes a material amendment or modification to an existing interested transaction.

A “related party” is defined as any:

- person who is or was (since the beginning of the last fiscal year for which Medtronic has filed a Form 10-K and proxy statement) an executive officer, director or nominee for election as a director (even if they do not presently serve in that role);
- greater than five percent beneficial owner of Medtronic’s ordinary shares; or
- immediate family member of any of the foregoing, as such terms are interpreted under Item 404 of Regulation S-K.

During fiscal year 2018, Sarah Powell, a daughter of director Kendall J. Powell, was employed by Medtronic as a Principal Product Specialist. The aggregate value of the compensation paid to Ms. Powell during fiscal year 2018 was approximately \$166,300, which included salary, bonus and incentive payments and restricted stock units. In addition, Ms. Powell received the standard benefits provided to other non-executive Medtronic employees for her services during fiscal year 2018. Ms. Powell is not an executive officer of, and does not have a key strategic role within, Medtronic.

## Complaint Procedure; Communications with Directors

The Sarbanes-Oxley Act of 2002 requires companies to maintain procedures to receive, retain and treat complaints received regarding accounting, internal accounting controls or auditing matters and to allow for the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters. We currently have such procedures in place. Our 24-hour, toll-free confidential compliance line is available for the submission of concerns regarding accounting, internal controls or auditing matters.

Our Lead Independent Director may be contacted via e-mail at **leaddirector@medtronic.com**. Shareholders may also communicate with our independent directors via e-mail at **independentdirectors@medtronic.com**. Communications received from shareholders may be forwarded directly to Board members as part of the materials sent before the next regularly scheduled Board meeting, although the Board has authorized management, in its discretion, to forward communications on a more expedited basis if circumstances warrant or to exclude a communication if it is illegal, unduly hostile or threatening or otherwise inappropriate. Advertisements, solicitations for periodical or other subscriptions and other similar communications generally will not be forwarded to the directors.

## Our Codes of Conduct

All Medtronic employees, including our Chief Executive Officer and other senior executives, are required to comply with our Code of Conduct to help ensure that our business is conducted in accordance with the highest standards of ethical behavior. Our Code of Conduct covers all areas of professional conduct, including customer relationships, conflicts of interest, insider trading, intellectual property and confidential information, as well as requiring strict adherence to all laws and regulations applicable to our business. Employees are required to bring any violations and suspected violations of the Code of Conduct to the attention of Medtronic through management or our legal counsel or by using Medtronic’s confidential compliance line. In addition, our Code of Ethics for Senior Financial Officers provides specific policies applicable to our Chief Executive Officer, Chief Financial Officer, Treasurer and Controller and to other senior financial officers designated from time to time by our Chief Executive Officer.

These policies relate to internal controls, the public disclosures of Medtronic, violations of the securities or other laws, rules or regulations, and conflicts of interest. The members of the Board of Directors are subject to a Code of Business Conduct and Ethics relating to director responsibilities, conflicts of interest, strict adherence to applicable laws and regulations, and promotion of ethical behavior.

Our codes of conduct are published on our website, at **www.medtronic.com** under the **About Medtronic — Corporate Governance** section, and are available in print to any shareholder who requests them. We intend to disclose future amendments to, or waivers for directors and executive officers of, our codes of conduct on our website promptly following the date of such amendment or waiver.

## Director Compensation

The Nominating and Corporate Governance Committee conducts a biennial review of our non-employee director compensation program and makes recommendations for adjustments, as appropriate, to the Board. In connection with the review conducted in fiscal year 2018, the Nominating and Corporate Governance Committee's outside consultant on director compensation, Towers Watson, assessed the compensation paid to our non-employee directors against non-employee director compensation trends and data from our 27-company peer group, which includes both Irish and non-Irish companies. After consultation with Towers Watson, the Nominating and Corporate Governance Committee found the compensation program to be appropriate and no changes were made to the program in the last three fiscal years.

The principal features of the compensation received by our non-employee directors for fiscal year 2018 are described below.

Non-employee Directors are eligible for the following compensation:

- **Annual Cash Retainer** – Non-employee directors are entitled to receive an annual cash retainer for their service on the Board. Committee chairs and the Lead Independent Director are entitled to a supplemental annual cash stipend, and non-chair Audit Committee members are entitled to an additional cash stipend. Directors who are also Medtronic employees receive no fees for their services as directors. Our objective in using annual cash retainers and stipends is to recognize the stewardship role of non-employee directors with respect to our success and the

increasing demands and responsibilities of our non-employee directors. The annual cash retainer and stipend fees are paid according to the following schedule:

Director Compensation	
Annual Cash Retainer	\$ 175,000
Committee Chair Stipends:	
Audit	\$ 25,000
Compensation	\$ 20,000
Nominating and Corporate Governance	\$ 20,000
Finance and Financial Risk	\$ 20,000
Quality	\$ 20,000
Technology and Value Creation	\$ 20,000
Lead Independent Director Stipend	\$ 40,000
Member Audit Committee	\$ 15,000

- **Annual Stock Awards** – Each non-employee director receives an annual restricted stock unit award equal in value to \$175,000, which vests as described in the *Stock Awards* section below. We use full-value awards and a fixed dollar value for setting equity levels to compensate our non-employee directors in a manner that is consistent with majority practice and that is competitive with our peers. We believe that the annual equity grant to our non-employee directors, in combination with our stock ownership guidelines (described in the *Stock Holdings* section below), further aligns the interests of our non-employee directors with the interests of our shareholders.

The Director Compensation table reflects all compensation awarded to, earned by, or paid to the Company's non-employee directors during fiscal year 2018. No additional compensation was provided to Mr. Ishrak for his service as a director on the Board.

Non-Employee Director	Fees Earned or Paid in Cash	Stock Awards	Total
Richard H. Anderson	\$ 197,875	\$ 175,017	\$ 372,892
Craig Arnold	\$ 191,500	\$ 175,017	\$ 366,517
Scott C. Donnelly	\$ 227,125	\$ 175,017	\$ 402,142
Randall Hogan, III	\$ 198,250	\$ 175,017	\$ 373,267
Shirley Ann Jackson	\$ 191,750	\$ 175,017	\$ 366,767
Michael O. Leavitt	\$ 191,500	\$ 175,017	\$ 366,517
James T. Lenehan	\$ 190,875	\$ 175,017	\$ 365,892
Elizabeth Nabel	\$ 203,875	\$ 175,017	\$ 378,892
Denise M. O'Leary	\$ 191,500	\$ 175,017	\$ 366,517
Kendall J. Powell	\$ 181,125	\$ 175,017	\$ 356,142
Robert C. Pozen	\$ 181,125	\$ 175,017	\$ 356,142

## Fees Earned or Paid in Cash

The fees earned or paid in the cash column represent the amount of the annual retainer and annual cash stipend for Board and committee service.

The annual cash retainer, annual cash stipend and special committee fees are paid in two installments — in the middle and at the end of a fiscal year. The annual cash retainer and annual cash

stipend are reduced by 25% if a non-employee director does not attend at least 75% of the total meetings of the Board and Board committees on which such director served during the relevant year. The table on page 20 of this proxy statement under the section entitled "Committees of the Board and Meetings" shows the committees on which the individual directors serve.

## Stock Awards

Directors are annually granted restricted stock units on the first day of the fiscal year in an amount equal to \$175,000 divided by the fair market value of a Medtronic ordinary share on the date of grant. Grants are made on a pro rata basis for participants who are directors for less than the entire preceding fiscal year and are reduced by 25% for any directors who failed to attend at least 75% of the applicable meetings during such fiscal year. The restricted stock units vest on the one-year anniversary of the grant date.

Dividends paid on Medtronic ordinary shares are credited to a director's stock unit account in the form of additional units.

Prior to the Covidien acquisition in January 2015, directors were granted deferred stock units rather than restricted stock units. The balance in a director's stock unit account will be distributed to the director in the form of Medtronic ordinary shares upon resignation or retirement from the Board in a single distribution or, at the director's option, in five equal annual distributions.

## Stock Holdings

Non-employee directors held the following restricted stock units, stock options, and deferred stock units as of April 27, 2018:

Non-Employee Director	Restricted Stock Units	Stock Options	Deferred Stock Units
Richard H. Anderson	2,138		28,330
Craig Arnold	2,138		—
Scott C. Donnelly	2,138		2,125
Randall Hogan, III	2,138		—
Shirley Ann Jackson	2,138		29,183
Michael O. Leavitt	2,138		7,523
James T. Lenehan	2,138	4,484	21,878
Elizabeth Nabel	2,138		—
Denise M. O'Leary	2,138	4,484	30,521
Kendall J. Powell	2,138		20,970
Robert C. Pozen	2,138	4,484	25,651

To align directors' interests more closely with those of shareholders, the Nominating and Corporate Governance Committee approved the Medtronic plc Stock Ownership and Retention Guidelines pursuant to which non-employee directors are expected to own stock of Medtronic in an amount equal to five times the annual Board retainer. Until the ownership guideline is met, the directors must retain 75% of after-tax Medtronic shares received through settlement of equity compensation awards. Once the guideline is met, the directors must retain 75% of after-tax shares for one year following grant of equity compensation awards. For stock options, net after-tax profit shares are those

shares remaining after payment of the option's exercise price and income taxes. For share issuances, net gain shares are those remaining after payment of income taxes. Shares retained may be sold on the later of one year after grant or when the ownership guidelines are met. In the case of retirement or termination, shares may be sold after the shorter of the remaining retention period or one year following retirement or termination, as applicable. As of July 6, 2018, all directors were in compliance with the stock ownership and retention policy; however, due to their more recent appointments, Mr. Donnelly and Dr. Nabel are continuing to make progress towards the required ownership guidelines.

## Deferrals

Prior to the Covidien acquisition in January 2015, directors were able to defer all or a portion of their cash compensation through participation in the Medtronic Capital Accumulation Plan Deferral Program. This was a nonqualified plan designed to allow participants to defer a portion of their pre-tax compensation, and to earn returns or incur losses on those deferred amounts

based upon allocation of their balances to one or more investment alternatives, which were the same investment alternatives that Medtronic offers its employees through its 401(k) Plan. Director contributions in the deferred compensation program were discontinued effective as of the close of the Covidien acquisition in January 2015.

- (6) Includes 24,700 shares owned jointly with Mr. Pozen's spouse.
- (7) As of July 6, 2018, no director or executive officer beneficially owns more than 1% of the shares outstanding. Medtronic's directors and executive officers as a group beneficially own approximately 0.28% of the shares outstanding.
- (8) Amounts include the shares shown in the last column, which are not currently outstanding but are deemed beneficially owned because of the right to acquire shares pursuant to options exercisable or RSUs vesting and payable within 60 days (on or before December 8, 2018) and the right to receive shares for deferred stock units within 60 days (on or before December 8, 2018) upon a director's resignation.

## Section 16(a) Beneficial Ownership Reporting Compliance

Based upon a review of reports and written representations furnished to it, Medtronic believes that during fiscal year 2018, all filings with the SEC by its executive officers and directors complied with requirements for reporting ownership and changes in ownership of Medtronic's ordinary shares pursuant to Section 16(a) of the Exchange Act.

# COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis ("CD&A") describes the compensation programs and decisions made by the Compensation Committee in regard to the compensation of the following named executive officers ("NEOs") for fiscal year 2018:

Name	Title
Omar Ishrak	Chairman and Chief Executive Officer
Karen L. Parkhill	Executive Vice President and Chief Financial Officer
Michael J. Coyle	Executive Vice President and Group President, Cardiac and Vascular Group
Bradley E. Lerman	Senior Vice President, General Counsel and Corporate Secretary
Rob ten Hoedt	Executive Vice President and Group President, Europe, Middle East, and Africa

## Executive Summary

### Executive Compensation Philosophy

Our compensation programs align the interests of our NEOs with those of our shareholders. We provide market-competitive programs that enable us to attract, retain and engage highly talented executives with compensation packages established pursuant to the following principles:

- **Market-Competitive.** We offer market-competitive total direct compensation consisting of base salary, an annual cash incentive and long-term cash and equity incentives.
- **Pay for Performance.** We emphasize pay for performance by fixing at least 75% of target total direct compensation (base salary + target annual incentive + target long-term incentive) on the attainment of annual and long-term Company performance goals.
- **Market Median Pay.** We position each element of total direct compensation within a market median range that is +/- 15% of median for base salary and annual incentive and +/- 20% of median for long-term incentives and total direct compensation. Performance that is above or below the median of our 27-company comparison group ("Comparison Group") will generate compensation that is above or below the median compensation for the same group.
- **Comprehensive Benefit Programs.** We enhance competitive total direct compensation with comprehensive employee benefit programs that support retirement, health and wellness. NEOs have the same health and retirement benefits as all Medtronic employees.
- **Shareholder Value Alignment.** We align incentive programs with shareholder value creation by using annual and three-year performance measures that drive shareholder value. Incentive goals are aligned with our Board-approved annual operating plan and our Board-approved long-term strategic plan, both of which are shared with investors.
- **Focus on Quality.** We emphasize quality: payouts under our annual incentive plan can be reduced if a quality compliance modifier performance threshold is not achieved. The quality modifier, which may reduce but not increase a payout, is designed to align Medtronic employees with the Medtronic Mission, "To strive without reserve for the greatest possible reliability and quality in our products...". The modifier uses Food and Drug Administration inspection observation to provide a standardized and rigorous assessment of our product and process quality.

### Business Context for Fiscal Year 2018

#### Fiscal Year 2018 Highlights

During fiscal year 2018, we delivered strong results as we continue to execute on our sustainable growth strategy, driving therapy innovation and global market penetration, while delivering enterprise synergies to expand margins. Performance with respect to our differentiated growth platforms was as follows: (i) revenue growth was mid-single digit range on a comparable constant currency basis, (ii) diluted non-GAAP earning per share ("EPS") growth was in the

low-double digit range on a comparable constant currency basis, and (iii) excluding the \$1.1 billion pre-payment the company elected to make late in the fourth quarter to the U.S. IRS related to in-process litigation on Puerto Rico transfer pricing, free cash flow would have been \$4.7 billion. Nevertheless, our performance fell slightly below the financial goals we set for fiscal year 2018, as illustrated below. As a result, our payout for the annual incentive plan was below target and paid out at 93.02%. Our payout for the long-term performance plan was above target and paid out at 125.4%.

<sup>(1)</sup> Refer to page 41 for definitions of revenue growth and free cash flow used in calculating results for Medtronic's Annual Incentive Plan.

<sup>(2)</sup> These metrics represent non-GAAP financial measures included in Appendix A, adjusted for management's discretionary adjustments as allowed under the company's Annual Incentive Plan.

<sup>(3)</sup> Refer to page 43 for definitions of revenue growth and return on invested capital ("ROIC") used in calculating result for Medtronic's Long-Term Performance Plan.

The Company targets 4% plus organic revenue growth annually, and 8% non-GAAP EPS Growth, assuming modest currency volatility, over its long-range planning period. With our diverse growth platforms and leadership in growth markets, we expect to create long-term value growth for our shareholders.

The Compensation Committee made the following compensation decisions for fiscal year 2018 based on individual performance during fiscal year 2017:

- Salary merit increases for the NEOs averaged 2.1%.
- Base salary for Ms. Parkhill increased an additional 6.0% coincident with individual performance based progression towards the competitive market median following Ms. Parkhill's hire as CFO by the Company.
- Target annual incentive opportunities remained the same year-over-year.
- Long-term incentive opportunities remained the same year-over-year except for Ms. Parkhill, whose Long-Term Incentive Plan ("LTIP") opportunity increased 13.3% coincident with individual performance based progression towards the competitive market median following Ms. Parkhill's hire.

In addition, award payouts for the annual incentive plan and the three-year long-term performance plan were at 93.02% and 125.4% of target award opportunities, respectively, as summarized below.

### ACTUAL PERFORMANCE AS A PERCENT PLAN PERFORMANCE & ACTUAL AWARD PAYOUT AS A PERCENT TARGET AWARD PAYOUT

## Compensation of our Chief Executive Officer

The compensation of our CEO is positioned within the median range of our Compensation Comparison Group and is based on the same design elements and performance standards that are applicable to the other NEOs. For fiscal year 2018 the Compensation Committee determined to increase the CEO's base salary by 3%, maintain his target annual incentive opportunity at 175% of base salary, and maintain his long-term incentive opportunity at \$13.5 million, which

was equally allocated to stock options, restricted stock units, and long-term performance plan awards.

The following chart presents the increase in target total direct compensation for our CEO for fiscal year 2018 as determined following fiscal year 2017, as well as the total shareholder return for fiscal year 2017 for the Company, our compensation comparison group, and our industry peers.

Target total direct compensation represents base salary + target annual incentive + target long-term incentive

## NEO Pay Versus Performance

The Compensation Committee annually evaluates how the amount of annual cash compensation aligns with the Company's performance when ranked against the comparison companies. For purposes of this analysis, annual size and performance is evaluated based on company size, profitability, and growth; annual cash compensation represents the actual base salaries and annual bonuses paid for each fiscal year. As illustrated below, total annual compensation for the NEOs has been directionally aligned with the Company's size and performance over the last five fiscal years:

## Consideration of "Say-on-Pay" Voting Results

For fiscal year 2017, the Medtronic advisory vote on "say-on-pay" garnered shareholder support of 94%. The Compensation Committee reviewed shareholder and other stakeholder feedback along with the results of the shareholder "say-on-pay" vote in making compensation decisions during fiscal year 2018.

At our 2017 annual meeting, shareholders again showed strong support for our executive compensation programs with 94% of the votes cast approving our executive compensation.

Efforts to gather stakeholder feedback included periodic outreach to our largest shareholders. Based on this feedback and the 94% say-on-pay approval by shareholders in 2017, shareholders support our compensation policies and practices. Therefore, the Compensation Committee continued to apply the same principles in determining fiscal year 2018 compensation actions. The Compensation Committee did decide in fiscal year 2018 to add a Relative Total Shareholder Return metric to the LTIP (see page 43 for more detail). This decision was, in part, based on suggestions from shareholders over the past couple of years. The Medtronic advisory "say-on-pay" vote is held on an annual basis.

## Corporate Governance

The Compensation Committee has incorporated the following market-leading governance features into our programs:

Summary of Key Compensation Practices	
What We Do	✓ Double-trigger change of control vesting of compensation and benefits, including equity
	✓ Comprehensive clawback policy that applies to annual incentive, long-term incentives and equity compensation
	✓ Rigorous stock ownership requirements and holding periods on portions of after-tax shares until guidelines are met
	✓ Targets for performance metrics aligned to financial goals communicated to shareholders
	✓ Multiple performance metrics under our short- and long-term performance-based plans discourage short-term risk-taking at the expense of long-term results
	✓ Forfeiture policy providing forfeiture of equity awards when a NEO terminates employment for any reason other than retirement, disability, death, or termination under specific circumstances related to a change of control
	✓ Responsible use of shares under our long-term incentive program
	✓ Align pay and shareholder performance
	✓ Engagement of an independent compensation consultant
	✓ Limited perquisites
What We Do Not Do	✗ No defined benefit supplemental executive retirement plans or special healthcare coverage for NEOs
	✗ No "single-trigger" vesting of equity awards in event of a change of control
	✗ No dividends or dividend equivalents on unearned equity compensation
	✗ No hedging and pledging of Company stock permitted for executives
	✗ No "golden parachute" excise tax gross-ups
	✗ No backdating or repricing of stock option awards
	✗ No multi-year compensation guarantees

## Participants in Executive Compensation Design and Decision-Making Process

### Role of Compensation Committee

The Compensation Committee establishes our compensation philosophy, program design and administration rules, and is the decision-making body on all compensation matters related to our NEOs. The Committee solicits input from an independent outside compensation consultant and relies on the consultant's advice. For

more information on the Compensation Committee, its members and its duties as identified in its charter, please refer to the section entitled "Committees of the Board and Meetings — Compensation Committee" beginning on page 22 of this proxy statement.

### Independent Compensation Consultant

The Compensation Committee has engaged FW Cook, an independent outside compensation consulting firm (the "Independent Consultant"), to advise the Compensation Committee on all matters related to executive officer compensation. Specifically, the Independent Consultant conducts an annual competitive market analysis of total compensation for NEOs, provides relevant market data, updates the Compensation Committee on compensation trends and regulatory developments, and counsels the Committee on program designs and specific compensation decisions related to our CEO and other executives. This is the only work completed by the Independent

Consultant for Medtronic and the services of that firm are at the discretion and direction of the Compensation Committee.

In June 2013, the Compensation Committee adopted enhanced independence standards for outside consultants that mirror the NYSE listing standards. This policy established an assessment framework to confirm and report on a consultant's independence. The policy also requires a consultant to confirm its independent status according to the Compensation Committee's standards. The Compensation Committee reviews and confirms the independence of its outside consultants on an annual basis.

In light of the NYSE listing standards, the Compensation Committee has considered the independence of the Independent Consultant. In connection with this process, the Compensation Committee has reviewed, among other items, a letter from the Independent Consultant addressing its independence and the members of the consulting team serving the Committee, including the following factors: (i) other services provided to us by the Independent Consultant, (ii) fees paid by us as a percentage of the Independent Consultant's total revenue, (iii) policies or procedures of the Independent Consultant that are designed to prevent conflicts

of interest, (iv) any business or personal relationships between the senior advisor of the consulting team and a member of the Compensation Committee, (v) any Company stock owned by the senior advisor or any member of that individual's immediate family, and (vi) any business or personal relationships between our executive officers and the senior advisor. The Compensation Committee discussed these considerations and concluded that the work performed by the Independent Consultant and its senior advisor involved in the engagement did not raise any conflict of interest.

## Role of Chief Executive Officer in Compensation Decisions

In making compensation decisions for executive officers reporting to the CEO, the Compensation Committee solicits the views of our CEO and the Independent Consultant. The CEO is not present during Compensation Committee executive sessions and does not make recommendations to the Compensation Committee about his own compensation.

## Executive Compensation Program Design

The design of our executive compensation program is illustrated below:

The mix of total direct compensation for our NEOs is weighted 83% to 91% at risk with 66% to 75% allocated to long-term incentives, as illustrated below:

## How We Establish Executive Compensation Levels

The Compensation Committee considers relevant market pay practices when establishing executive compensation levels and evaluating compensation programs, including base salary and annual and long-term incentives. To facilitate our ability to benchmark competitive compensation levels and practices, the Compensation Committee established a Comparison Group. The Compensation Committee selected the companies that constitute the Comparison Group after discussing various recommendations from the Independent Consultant. The Comparison Group is selected using Compensation Committee-approved criteria designed to identify companies that reflect our size (measured by revenue, market capitalization, and other size measures), our complexity, and our global footprint and to ensure we include companies that represent our Medical Device and Life Sciences industry.

The Compensation Committee uses data from the Comparison Group to establish a competitive market median range within which individual pay can be positioned to reflect each NEO's experience and performance. Consistent with our pay-for-performance philosophy, we establish an award range for short-term and long-term incentives that generates above-market pay for above-market performance and below-market pay for below-market performance. In addition to the competitive market information, the Compensation Committee also reviews information about performance, potential, expertise, and experience for each NEO.

The following table summarizes the selection criteria used by the Compensation Committee to select the Compensation Comparison Group.

### Selection Criteria

**Start with Standard & Poor's 100 largest U.S. companies**

**Limit to 5 Global Industry Classification Standard Sectors**

1. Health Care
2. Consumer Staples
3. Industrials
4. Information Technology
5. Materials

**Consider the following criteria for selecting companies**

1. Overall company size
2. Health care company
3. Global operations
4. Manufacturer
5. Government contractor
6. Geographic competitor

During fiscal year 2018, the Independent Consultant recommended two changes to the Comparison Group: (1) the removal of Du Pont from the Comparison Group because they were acquired by The Dow Chemical Company in September 2017 and are no longer a relevant comparison company; and (2) the addition of Danaher because it was reclassified from an industrial conglomerate to a health care company in fiscal year 2018 following the spin-off of Fortive. The Compensation Committee approved these changes. Summarized below is a comparison of the Company to the Comparison Group in various measures of financial and market size at the middle of fiscal year 2018:

## Fiscal Year 2018 Compensation Decisions

### Fiscal Year 2018 Annual Base Salaries for Named Executive Officers

One of the principles of our compensation philosophy as outlined on page 31 is to maintain base salary within a +/- 15% range around the median base salary paid by our Comparison Group. The range allows for pay decisions to take into account individual factors such as performance, potential, expertise, and experience. At the beginning of each fiscal year, the Independent Consultant presents to the Compensation Committee an analysis that

identifies the median base salary ranges for the CEO and each NEO based on their respective, or substantially similar, positions in the Compensation Comparison Group. Using this market data for each of the NEOs, the Compensation Committee approves base pay increases taking into account individual factors such as performance for the previous fiscal year (fiscal year 2017), potential, expertise, and experience.

The table below shows the fiscal year 2018 base salary increases for the CEO and each NEO.

Name	FY2017 Salary (000s)	FY2018 Salary (000s)	Merit % Increase	Market Equity % Adjustment
Omar Ishrak	\$ 1,596	\$ 1,643	3.0%	0.0%
Karen L. Parkhill <sup>(1)</sup>	\$ 750	\$ 810	2.0%	6.0%
Michael J. Coyle	\$ 880	\$ 898	2.0%	0.0%
Bradley E. Lerman	\$ 800	\$ 816	2.0%	0.0%
Rob ten Hoedt	\$ 760	\$ 771	1.5%	0.0%

(1) The base salary increase of 8% for Ms. Parkhill includes a 2% merit increase plus a 6% adjustment is part of individual performance based progression towards the competitive market median following Ms. Parkhill's hire as CFO of the Company.

## Fiscal Year 2018 Annual Incentive Target Pay

Using the same analytical approach described for the annual base salary, the Independent Consultant identifies the median for annual incentive target pay for the CEO and each NEO, which is set as a percentage of annual base salary. No changes were made to fiscal year 2018 annual incentive target pay. The table below shows fiscal year 2018 CEO and NEO annual incentive target pay as a percentage of base salary.

Name	FY2017 MIP Target	FY2018 MIP Target	% Increase/ (Decrease)
Omar Ishrak	175%	175%	0%
Karen L. Parkhill	110%	110%	0%
Michael J. Coyle	100%	100%	0%
Bradley E. Lerman	85%	85%	0%
Rob ten Hoedt	100%	100%	0%

## Fiscal Year 2018 Long-Term Incentive Plan (LTIP) Target Pay

Using the same analytical approach described for the annual base salary and annual target incentive, the Independent Consultant identifies the median for long-term incentive plan target pay for the CEO and each NEO, which is set as target value. For fiscal year 2018, other than for Ms. Parkhill, no changes were made to the long-term incentive plan target pay for the CEO and NEOs. The table below shows fiscal year 2018 CEO and NEO long-term incentive target.

Name	FY2017 LTIP Target (000s)	FY2018 LTIP Target (000s)	% Increase
Omar Ishrak	\$ 13,500	\$ 13,500	0%
Karen L. Parkhill <sup>(1)</sup>	\$ 3,000	\$ 3,400	13.3%
Michael J. Coyle	\$ 4,100	\$ 4,100	0%
Bradley E. Lerman	\$ 3,000	\$ 3,000	0%
Rob ten Hoedt	\$ 2,300	\$ 2,300	0%

(1) The LTIP increase of 13.3% for Ms. Parkhill is part of individual performance based progression towards competitive market median following Ms. Parkhill's hire as CFO of the Company.

## Fiscal Year 2018 Annual Medtronic Incentive Plan ("MIP") Design

Annual incentive compensation supports the Compensation Committee's pay-for-performance philosophy and aligns individual goals with Company goals as set forth in the Company's annual operating plan. Under the MIP, executives are eligible for cash awards based on the Company's attainment of performance measures established by the Compensation Committee and the Board of Directors as part of the annual and strategic planning process. Consistent with past practice, the Compensation Committee structured the 2018 annual incentive plan as follows:

- At the beginning of the fiscal year, the Compensation Committee established performance measures and goals based on the Board approved annual operating plan for revenue growth, non-GAAP diluted EPS ("diluted EPS"), and free cash flow.
- Also at the beginning of the fiscal year, the Compensation Committee sets individual target awards for each executive, expressed as a percentage of base salary, based on the executive's level of responsibility and an examination of compensation information from our Comparison Group and market data.
- After the close of the fiscal year, the Compensation Committee received a report from management regarding Company performance against the pre-established performance goals. Awards were based on each NEO's individual target award percentage and the overall Company results relative to the specific performance goals, as certified by the Compensation Committee.

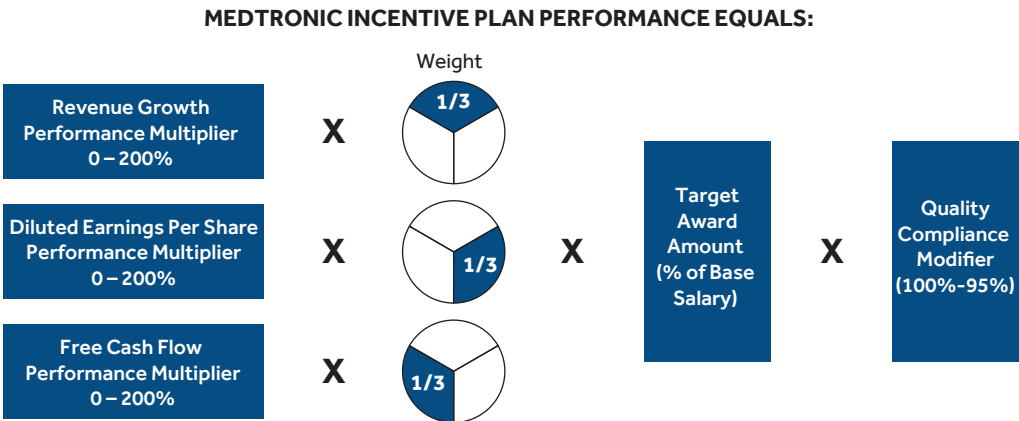

In establishing the annual incentive plan design, the Compensation Committee, in consultation with its Independent Consultant and management, considered shareholder feedback, competitive comparisons and the Company's strategic imperatives. When reviewing and approving the 2018 plan design, the Compensation Committee considered the 94% support expressed by shareholders for the fiscal year 2017 say-on-pay proposal and continued to use performance measures aligned with the Company's Board-approved annual operating plan and that represent the best financial measures of annual executive performance expectations. Accordingly, the key design elements of the fiscal year 2018 annual incentive plan, which are substantially the same as our fiscal year 2017 plan, are as follows:

- The performance measures were diluted EPS, revenue growth and free cash flow, each weighted equally at 33% (see the table on the following page for details about and definitions of each performance measure). The diluted EPS measure was also designated to be the plan threshold performance measure that had to be achieved in order for any payout to be made under the plan. If the minimum performance goal for the diluted EPS measure was not satisfied, then the plan provided no payout regardless of the results of the other performance measures.
- Effective starting fiscal year 2018, the Compensation Committee approved the replacement of the cash-flow indicator performance measure with the free cash flow performance measure in order to more closely align with market prevalence for Medtronic's industry and Comparison Group of companies and to drive longer term free cash flow growth.
- In addition to setting these three performance measures, the Compensation Committee also established minimum, target and maximum performance requirements for each measure. If the minimum performance requirement for a measure was not met, then no award for that particular measure was payable (and no payout was made at all if the diluted EPS minimum performance requirement was not met). If the maximum performance requirement for a measure was exceeded, then any payout associated with that measure was capped at the maximum performance level, which was 200% of target.
- Although not a performance measure, the Compensation Committee included a Quality Compliance Modifier as part of the plan design to reinforce the importance of quality. Accordingly, if the Company did not meet the requisite quality score, the payout is reduced by five (5) percentage points. The Quality Compliance Modifier may only reduce a payout and cannot increase a payout.

## Fiscal Year 2018 MIP Calculation Methodology

In calculating the annual incentive plan results, if the minimum performance for a measure is met, then a performance multiplier for each performance measure is determined and the overall performance score is calculated. For each performance measure, the performance multiplier would be 0 if performance is below the minimum, 0.5x if performance is at threshold, 1x if performance is at target and 2x if performance is at or above the maximum performance level. The performance multiplier for each performance measure is multiplied by the weighted percentage to obtain a performance score for that measure. The performance scores for each measure are added together for an overall performance score, taking into account the Quality Compliance Modifier. That overall performance score is then multiplied by the applicable NEO's individual target award and eligible earnings to arrive at the actual payment amount, as illustrated below:

## Fiscal Year 2018 Annual MIP Performance Measures

At the beginning of the fiscal year, the Committee approved the target performance goal and performance range for each of the three equally weighted performance measures. The targets are from the Company's Board-approved annual operating plan and the performance range is derived from the median performance range structure used by our compensation Comparison Group.

The following provides details about the performance measures, targets, and performance range.

Measure	Rationale	Performance Targets			Weight
Revenue Growth Over Prior Year (Comparable, Constant Currency)	Top line growth continues to be a key driver of shareholder value	Minimum (95% of Plan) (0.2%)	Target (100% of Plan) 5.4%	Maximum (105% of Plan) 10.7%	1/3 of Payout
Diluted EPS Growth (Non-GAAP)	Earnings both from operating efficiency and financial management is a key driver of returns to shareholders	Minimum (91% of Plan) \$4.37	Target (100% of Plan) \$4.82	Maximum (110% of Plan) \$5.30	1/3 of Payout
Free Cash Flow (Non-GAAP)	Under a free cash flow metric, Medtronic management is held accountable for GAAP net income including items such as litigation, tax payments and benefits not associated with balance sheet transactions – the Free Cash Flow may be adjusted to avoid payment timing based windfalls for large items	Minimum (80% of Plan) \$3,945	Target (100% of Plan) \$4,931	Maximum (120% of Plan) \$5,917	1/3 of Payout
Quality Compliance Modifier Performance Threshold	We focus on quality system compliance measured through FDA inspection results	A score of 30 points or less			A score of more than 30 points reduces payout by five (5) percentage points

#### FY18 MIP DESIGN

For purposes of the annual incentive calculation, "diluted EPS" refers to non-GAAP diluted EPS. A reconciliation of the GAAP to non-GAAP diluted EPS is included in Appendix A to this proxy statement. Revenue Growth represents fiscal year 2018 revenue in comparison to fiscal year 2017 revenue, excluding the impact of currency and the divestiture of Medtronic's Patient Care, Deep Vein Thrombosis, and Nutritional Insufficiency businesses. Free Cash Flow is defined as cash provided by operating activities, less additions to property, plant and equipment as shown on the Statement of Cash Flows, further adjusted for management's discretionary adjustments as allowed under Medtronic's Annual Incentive Plan. The Quality Compliance Modifier Performance Threshold uses a score card based on Food and Drug Administration ("FDA") inspections, non-material FDA warning letters, and material FDA warning letters.

## Fiscal Year 2018 Long-Term Incentive Plan (LTIP) Design

Using the same analytical approach described for annual base salary and short-term incentives, the Independent Consultant identifies a +/- 20% median range for long-term incentive target pay for the CEO and each NEO. Target LTIP is expressed as a fixed dollar value from which the underlying shares subject to the LTIP award are determined based on the market price at the close of business on the grant date.

The target is split equally among three LTIP components: stock options; restricted stock units; and a three-year cash incentive plan called the Long-Term Performance Plan ("LTTP"). For example, the hypothetical target LTIP of \$2,400,000 would be granted as \$800,000 stock options aggregate grant date Black-Scholes value, \$800,000 restricted stock units, and \$800,000 under the LTTP.

#### FY18 LTIP DESIGN

## Fiscal Year 2018 Long-Term Incentive Plan Components

### Stock Options

Stock options are a performance-based compensation component that tie one-third of the target LTIP value to stock price appreciation and shareholder value creation. Stock options

only have value when the market price exceeds the exercise price. All stock option grants have an exercise price that is equal to the market close stock price on the date of grant. Stock options have a ten-year term and vest over four years in equal increments of 25% per year beginning one year after the date of grant.

## Restricted Stock Units (RSU)

RSUs represent the second one-third of the target LTIP value, and are intended to assist in retaining high performing executives and align executives' compensation with shareholders through long-term stock ownership. The RSU grants cliff vest (100%) on the third anniversary of the grant date. Unlike the more commonly used time-based RSUs used by our Comparison Group, Medtronic's RSUs include a three-year minimum performance threshold that must be met before the RSUs vest. For fiscal year 2018 RSU grants, the performance threshold was set as the diluted EPS cumulative compound annual growth rate (cumulative CAGR) of 3%.

## Long-Term Performance Plan (LTPP)

Our LTPP is a three-year cash incentive plan that is based on long-term measures of Company performance. Our LTPP design was established following an extensive review completed by the Compensation Committee, Independent Consultant, and management. The review considered shareholder feedback, competitive benchmarking, and the Company's short-term and long-term strategic imperatives. The LTPP has different measures than our short-term incentive plan as it is tied to longer term financial performance measures that are not influenced by variability in the stock market. The LTPP pays in cash after the end of the three fiscal year performance period, provided a minimum level of diluted EPS is attained. A new LTPP award grant and performance period is established at the beginning of each fiscal year. Because three-year performance periods overlap, performance goals are established at the start of each performance period and, once established, do not change.

## Fiscal Year 2018 Long-Term Performance Plan Calculation Methodology

For each performance measure, the performance multiplier would be 0 if performance is below the minimum, 0.5x if performance is at threshold, 1x if performance is at target, and 2x if performance is at or above the maximum performance level. The performance multiplier for each performance measure is multiplied by the

weighted percentage to obtain a performance score for that measure. The performance scores for each measure are added together for an overall performance score. That overall performance score is then multiplied by the applicable NEO's individual target award to arrive at the actual payment amount.

### LONG-TERM INCENTIVE PLAN PAYOUT EQUALS:

## Fiscal Year 2018 Long-Term Performance Plan Performance Measures

At the beginning of the fiscal year, the Committee approved the LTPP performance measures and targets for the fiscal year 2018 – 2020 performance cycle. The targets were established based on Medtronic's strategic plan and aligned with the goals disclosed to investors. The revenue growth measure, target, and performance

range are different from those applicable to the annual incentive plan because the LTPP measures cumulative CAGR over a three-year performance period. Cumulative CAGR requires that each year's growth is counted. In contrast, standard CAGR measures only the beginning and end points.

The following table provides detailed information about each performance measure.

Measure	Rationale	Minimum	Target	Maximum	Weight
<b>Three-year Revenue Growth</b>	Uses a cumulative compound annual growth rate (Cumulative CAGR) over three fiscal years, which is a more rigorous measure of sustained revenue growth.	0%	5%	10%	50%
<b>Return on Invested Capital ("ROIC")</b>	ROIC measures all components of management's responsibility to generate sustained, long-term returns on invested capital.	10%	13%	18%	50%

The average revenue growth used in LTPP results is defined as the three-year cumulative compounded annual revenue growth measured at constant currency, excluding the impact of the divestiture of Medtronic's Patient Care, Deep Vein Thrombosis, and Nutritional Insufficiency businesses.

ROIC is defined as non-GAAP net income after the removal of the after-tax impact of amortization plus interest expense net of tax, divided by Invested Capital, averaged over the 3-year period. Invested Capital is defined as Total Equity Plus Interest-Bearing Liabilities less Cash and Cash Equivalents for each year.

## Fiscal Year 2019 LTPP Design Change

In fiscal year 2018, the Compensation Committee, in consultation with the Independent Consultant, introduced a Relative Total Shareholder Return ("Relative TSR") metric as a third metric in the fiscal year 2019 LTPP program. Beginning with the FY 2019 – FY 2021 LTIP performance period, Relative TSR will be weighted at one-third along with Revenue Growth and ROIC. This change is also in response to suggestions from shareholders about introducing this metric into the Company's long-term incentive plans.

## Fiscal Year 2018 Annual and Long-Term Incentive Plan Payouts

### Fiscal Year 2018 Annual Incentive Plan Results and Payouts

At the end of the fiscal year, the Committee reviewed performance against the incentive plan targets for fiscal year 2018 and approved the resulting CEO and NEO annual incentive plan payout percentages and payments as shown below.

#### ANNUAL MIP FINANCIAL RESULTS:

	Non-GAAP Diluted EPS <sup>(2)</sup>	Revenue Growth	Free Cash Flow <sup>(3)</sup>	Total Payout Percent
FY18 Actual	\$ 4.74	5.0%	\$ 4,770

### Fiscal Year 2016 — 2018 Restricted Stock Unit Payout Results

At the end of the fiscal year, the Committee certified the attainment of the 3% cumulative CAGR diluted EPS performance threshold results for the restricted stock unit performance period that began in fiscal year 2016 and was completed at the end of fiscal year 2018.

The following table shows the results for fiscal year 2016-2018 Restricted Stock Unit Performance Threshold:

Fiscal Year	EPS <sup>(1)</sup>
FY2015 (Baseline)	\$ 4.08 <sup>(3)</sup>
FY2016	\$ 4.10 <sup>(4)</sup>

FY2018	\$ 4.74 <sup>(5)</sup>
3-year CCAGR <sup>(2)</sup>	3.86%

- (1) In order to provide year-over-year comparability and to calculate CCAGR above, FY2015 - FY2017 non-GAAP diluted EPS were adjusted for the divestiture of Medtronic's Patient Care, Deep Vein Thrombosis, and Nutritional Insufficiency businesses during the second quarter of fiscal year 2018.
- (2) Calculated as a CCAGR.
- (3) FY2015 non-GAAP diluted EPS excluded the impact of the Covidien acquisition in Q4 of FY2015 per Medtronic's standard practice for treatment of large acquisitions on in-flight incentive plans.
- (4) FY2016 non-GAAP diluted EPS was adjusted due to the determination of the Compensation Committee and Medtronic management that the special charge recorded in connection with the impairment of a debt investment should not be included in the Non-GAAP earnings adjustment used for the purposes of FY2016 Annual Incentive Plan (MIP) and Restricted Stock Unit performance threshold calculations.
- (5) FY2018 non-GAAP diluted EPS was adjusted as contemplated under the MIP for year-over-year comparability. For the reconciliation from GAAP diluted EPS to non-GAAP diluted EPS for FY2018, refer to Appendix A of this proxy statement.

### Fiscal Year 2016 — 2018 Long-Term Performance Plan Payout Results

At the Compensation Committee's May 2018 meeting, the Committee certified the results for the LTPP performance period that began in fiscal year 2016 and was completed at the end of fiscal year 2018. Payments of awards for this LTPP performance period were made during the first fiscal quarter of fiscal year 2019 and can be found in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table on page 49.

## Fiscal Year 2016 — 2018 Long-Term Performance Plan Results

The following table shows the results for fiscal year 2016 – 2018 LTPP and the resulting total payout percentage:

Year	Revenue Growth <sup>(1)(2)</sup>	ROIC
FY2016	48.7%	9.7%
FY2017	3.2%	9.9%
FY2018	0.7%	10.5%
Total/Average	20.6%	10.1%
2016-2018 LTPP Target	5.0%	13.0%
Payout Level	200.0%	50.8%
Objective Weight	50%	50%
Weighted Payout Percent	100.0%	25.4%
<b>TOTAL PAYOUT PERCENT</b>		<b>125.4%</b>

(1) Annual revenue growth represents reported revenue, excluding the impact of currency.

(2) Three-year average revenue growth calculated as the cumulative compound annual growth rate, excluding the impact of currency and the divestiture of Medtronic's Patient Care, Deep Vein Thrombosis, and Nutritional Insufficiency businesses.

### LONG-TERM PERFORMANCE PLAN PAYMENTS:

Name	FY16-FY18 Actual Performance	FY16-FY18 Targets	FY16-FY18 Awards
Omar Ishrak	125.4%	\$ 4,333,334	\$ 5,434,001
Karen L. Parkhill <sup>(1)</sup>	—	—	—
Michael J. Coyle	125.4%	\$ 1,216,668	\$ 1,525,702
Bradley E. Lerman	125.4%	\$ 933,334	\$ 1,170,401
Rob ten Hoedt	125.4%	\$ 766,668	\$ 961,402

(1) Ms. Parkhill was not eligible to participate in the FY16-FY18 plan.

## Other Benefits and Perquisites

Medtronic provides broad-based benefit plans to all of its employees, including the same programs for NEOs. All employees participate in the same health care plans, and we do not provide NEOs with any different or additional benefit plans, except for a business allowance of \$24,000 for U.S.-based NEOs and \$40,000 for the CEO. Our business allowance policy is described in detail below.

## United States Tax-Qualified Retirement Plans

Medtronic sponsors a number of United States tax-qualified retirement plans for its employees, including the NEOs. The Company maintains the Medtronic Retirement Plan ("MRP"), which consists of two types of benefits – the Final Average Pay Pension ("FAPP") benefit and the Personal Pension Account ("PPA") benefit. Employees hired before May 1, 2005 could elect to receive the FAPP and either the PPA or the Personal Investment Account ("PIA") feature in the Medtronic Savings and Investment Plan – our

401(k) plan. Employees hired or rehired on or after May 1, 2005 but prior to January 1, 2016 are not eligible for the FAPP benefit as that particular benefit has been closed to new entrants, but may elect either the PPA benefit under the MRP or the PIA feature under the 401(k) plan. Employees hired or rehired on or after January 1, 2016 are eligible for the Medtronic Core Contribution ("MCC") feature in the 401(k) plan. Additional details regarding the MRP and 401(k) plan are provided on 56 of this proxy statement.

## Supplemental Retirement Plans

The Company offers a Nonqualified Retirement Plan Supplement ("NRPS") designed to provide all eligible employees, including the NEOs, with benefits that supplement those provided under certain of our tax-qualified plans. The NRPS is designed to restore benefits lost under the PPA, PIA, FAPP or MCC due to covered compensation limits prescribed by the Internal Revenue Code. The NRPS also restores benefits for otherwise eligible compensation

deferred into the Medtronic Capital Accumulation Plan Deferral Program (the "Capital Accumulation Plan"). The NRPS provides employees with no greater benefit than they would have received under the qualified plan in which they participate were it not for the covered compensation limits and deferrals into the Capital Accumulation Plan.

## Nonqualified Deferred Compensation Plan

The Company provides all employees at the vice president level or above, including our NEOs, and highly-compensated employees with a market-competitive nonqualified deferred compensation plan through the Capital Accumulation Plan. Our plan allows these employees to make voluntary deferrals from their base pay and incentive payments, which are then credited with gains or losses

based on the performance of selected investment alternatives. These alternatives are the same as those offered in our tax-qualified 401(k) Plan for all employees. There are no Company contributions to the plan or Company subsidized returns or Company guaranteed returns.

## Business Allowance

Medtronic does not provide any perquisites such as automobiles, club memberships, or financial and tax advisors. Instead, we provide NEOs with a market-competitive business allowance. The NEOs may spend their business allowance at their discretion for expenses such as financial and tax planning, automobiles or club memberships. The business allowance is paid as taxable income, and we do not track how executives use their respective business allowances. The annual business allowances provided

to our U.S.-based NEOs in fiscal year 2018 ranged from \$24,000 to \$40,000. Additionally, it is occasionally appropriate for NEOs to be accompanied during business travel by their spouses. The expenses associated with such travel, while rare, are considered taxable income. The business allowances and travel expenses are included in the "All Other Compensation" column of the Summary Compensation Table.

## Corporate Aviation Service

The Medtronic Aviation service provides air transportation for use primarily by the CEO and members of the Board of Directors. Other executives may occasionally use the aviation services for business purposes based on availability and approval by the CEO or General Counsel. The service will help facilitate more effective and efficient travel planning and limited personal use is deemed appropriate in conjunction with scheduled business travel.

## Change of Control Policy

Compensation in a change of control situation is designed to protect the compensation already earned by executives and to ensure that they will be treated fairly in the event of a change of control, and to help ensure the retention and dedicated attention of key executives critical to the ongoing operation of the Company. Our change of control policy supports these principles. We believe shareholders will be best served if the interests of our executive officers are aligned with shareholders' interests, and we believe providing change of control benefits should motivate senior management to objectively evaluate potential mergers or

transactions that may be in the best interests of shareholders. Our change of control agreements are discussed in more detail in the "Potential Payments Upon Termination or Change of Control" section of "Executive Compensation."

Our Change of Control (COC) Policy requires a "double trigger" and only applies if a participant is involuntarily terminated without cause or the participant terminates employment for good reason within three years after a COC event. Our COC policy also does not provide for any "golden parachute" excise tax gross-ups.

## Compensation Risk Assessment

Compensation policies and practices are also designed to discourage inappropriate risk-taking. While you should refer to the section entitled "Governance of Medtronic — Board Role in Risk Oversight" beginning on page 19 of this proxy statement for a discussion of the Company's general risk assessment of compensation policies and practices, mitigating factors with respect to our NEOs include the following:

- The NEOs are subject to stock ownership guidelines that require our CEO to maintain ownership of stock equal to six (6) times annual base salary and the other NEOs to maintain ownership of stock equal to three (3) times annual base salary. As of July 6, 2018, all NEOs are in compliance with the stock ownership and retention guidelines.
- Incentive plans are more heavily weighted toward long-term performance to reduce the incentive to impair the prospects for long-term performance in favor of maximizing performance in one year.
- Improper payments or gains from incentives and equity compensation are subject to clawback.
- Short-term and long-term cash incentive payments are capped at 200% of target payout.
- Short-term and long-term cash incentive performance targets are established at the beginning of each performance period and are not subject to change. Short- and long-term incentive programs use different measures of performance. Short-term cash incentives focus on annual operating plan financial measures such as revenue growth, diluted EPS, and cash flow. Long-term cash incentives measure shareholder three-year ROIC and three-year revenue growth relative to our long-term strategic expectations communicated to shareholders.
- The Compensation Committee retains discretionary authority to override any incentive plan's formulaic outcome in the event of unforeseen circumstances.

## Executive Compensation Governance Practices and Policies

### Stock Ownership and Retention Policy

Medtronic's executive stock ownership and retention guidelines are meant to align management and shareholder incentives, at the highest levels of Medtronic's organization. Those guidelines require the CEO to maintain ownership of stock equal to six (6) times annual base salary and other NEOs to maintain stock ownership equal to three (3) times annual base salary. Until the ownership guideline is met, the CEO must retain 75% of after-tax profit shares received through settlement of equity compensation awards and other NEOs must retain 50% of such shares. For purposes of complying with the guidelines, stock is not considered owned if pledged as collateral for a loan. Shares owned outright, legally or beneficially, by an officer or the officer's immediate family members, after-tax unvested restricted stock units, and shares held in the tax-qualified and nonqualified retirement and deferred compensation plans count toward the guideline. For share issuances (restricted stock unit vesting), net gain shares are those shares remaining after payment of income taxes.

Compliance with our ownership and retention guidelines is measured at the beginning of the first fiscal month of a new fiscal year by the internal team at the Company responsible for handling executive compensation matters and the results of such measurement are reported to the Nominating and Corporate Governance Committee or Compensation Committee, as applicable, after the measurement. On each measurement date, compliance is measured using each executive officer's base salary then in effect and the average closing price per share of the Company's ordinary shares on the NYSE for the six (6) calendar months preceding the measurement date. As of July 6, 2018, all NEOs are in compliance with the stock ownership and retention policy.

### Hedging and Pledging Policy

Our insider trading policy prohibits our NEOs and directors (along with others) from engaging in short sales of Medtronic securities (including short sales against the box) or engaging in purchases or sales of puts, calls or other derivative securities based on Medtronic securities. The policy also prohibits our

NEOs from purchasing Medtronic securities on margin, borrowing against Medtronic securities held in a margin account or pledging Medtronic securities as collateral for a loan (unless the officer can clearly demonstrate the financial capacity to repay the loan without resorting to the pledged securities).

### Sale and Transfer of Awards

All stock option, restricted stock, restricted stock unit, and performance-based restricted stock/restricted stock unit awards are granted under plans that specifically prohibit the sale, assignment and transfer of awards with limited exceptions such as the death of the award recipient. In addition, the Compensation Committee may allow an award holder to assign or transfer an award.

## Incentive Compensation Forfeiture (“Clawback”)

The Company has a comprehensive Incentive Compensation Forfeiture Policy, which is designed to recoup improper awards or gains paid to executive officers. If the Board determines that any executive officer has received an improper payment or gain, which is an incentive payment or grant mistakenly paid or awarded to the executive officer as a result of misconduct (as defined below), the executive officer must return the improper payment or gain

to the extent it would not have been paid or awarded had the misconduct not occurred, including interest on any cash payments. “Misconduct” means any material violation of our Code of Conduct or other fraudulent or illegal activity for which an executive officer is personally responsible as determined by the Board. All executive officers are required to agree to this policy in writing.

## Equity Compensation Forfeiture

The Company may require the return or forfeiture of cash and shares received or receivable in certain circumstances in which an employee has a termination of employment from the Company or any affiliate. The Company may exercise its ability to require forfeiture of awards if the employee receives or is entitled to receive delivery of shares or proceeds under an equity award program within six (6) months prior to or twelve (12) months following the date of termination of employment if the current

or former employee engages in any of the following activities: (a) performing services for or on behalf of any competitor of, or competing with, the Company or any affiliate; (b) unauthorized disclosure of material proprietary information of the Company or any affiliate; (c) a violation of applicable business ethics policies or business policies of the Company or any affiliate; or (d) any other occurrence that is consistent with the intent noted in items a – c, as determined by the Compensation Committee.

## Tax and Accounting Implications

In evaluating compensation programs applicable to our NEOs (including the Company’s annual and long-term incentive plans), the Compensation Committee considers the potential impact on the Company of Section 162(m) of the Internal Revenue Code, which places a limit of \$1 million per year on the amount of compensation paid to certain of our executive officers that is deductible by the Company for federal income tax purposes. The Tax Cuts and Jobs Act, enacted on December 22, 2017, eliminates the performance-based exception to the \$1 million deduction limit under Section 162(m) effective as of May 1, 2018 (the start of our first taxable year beginning after January 1, 2018). As a result,

beginning in fiscal year 2019, compensation paid to our NEOs in excess of \$1 million will generally be nondeductible, whether or not it is performance-based (except for certain performance-based compensation paid pursuant to a legally binding arrangement in place on November 2, 2017). The Compensation Committee will continue to maintain maximum flexibility in the design of our compensation programs and in making appropriate payments to NEOs even if not deductible by the Company.

The Compensation Committee also considers accounting treatment in the design of the long-term incentive plan.

# COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed with management the section of this proxy statement entitled “Compensation Discussion and Analysis” required by Item 402(b) of Regulation S-K. Based on such review and discussions, the Compensation Committee recommended to the Board that the section entitled “Compensation Discussion and Analysis” be included in this proxy statement.

# EXECUTIVE COMPENSATION

## 2018 Summary Compensation Table

The following table summarizes all compensation for each of the last three fiscal years awarded to, earned by, or paid to the Company's Chief Executive Officer, Chief Financial Officer, and three other most highly compensated executive officers during fiscal year 2018 (collectively, the named executive officers or "NEOs"). Please refer to the section entitled "Compensation Discussion and Analysis" beginning on page 31 of this proxy statement for a description of the compensation components for Medtronic's NEOs. A narrative description of the material factors necessary to understand the information in the table is provided below, following the table.

(1) Mr. ten Hoedt was not a Named Executive Officer for fiscal year 2016. For Mr. ten Hoedt, amounts paid in Swiss francs were translated to U.S. dollars as of April 27, 2018 at a rate of 1 Swiss Franc = 1.05608 U.S. Dollars and as of April 28, 2017 at a rate of 1 Swiss Franc = 1.01389 U.S. Dollars.

## Salary

The salary column represents the base salary earned by the NEO during the applicable fiscal year. This column includes any amounts that the officer may have deferred under the Capital Accumulation Plan, which deferred amounts also are included in the 2018 Nonqualified Deferred Compensation Table on page 57 of this proxy statement. Each of the NEOs also contributed a portion of salary to the Medtronic Savings and Investment Plan, our 401(k) Plan.

## Bonus

Ms. Parkhill's 2017 amount represents a one-time \$1,000,000 bonus following the commencement of her employment with the Company. Mr. Lerman's 2017 and 2016 amounts represent \$250,000 installments of his original sign-on bonus of \$1,000,000.

## Stock Awards

The stock awards column represents aggregate grant date fair value of restricted stock unit awards and performance-based restricted stock units assuming full (maximum) achievement of applicable performance criteria over the performance period (collectively, the "restricted stock awards") granted in the respective fiscal year as computed in accordance with FASB ASC Topic 718, Compensation—Stock Compensation. Accordingly, the grant date fair value was determined by multiplying the number of restricted stock awards by the closing stock price on the date of grant. For a description of the vesting terms of the stock awards, see the narrative disclosure following the 2018 Grants of Plan-Based Awards table on page 52 and the footnotes to the 2018 Outstanding Equity Awards at Fiscal Year End table on page 53 of this proxy statement. Additional information regarding the assumptions used to calculate these amounts is incorporated by reference to Note 14 to the financial statements included in the Company's Form 10-K for fiscal year 2018.

## Option Awards

The option awards column represents the aggregate grant date fair value of stock option awards granted in the respective fiscal year as computed in accordance with FASB ASC Topic 718, Compensation—Stock Compensation. The fair value of each stock option award is estimated on the date of grant using the Black-Scholes option valuation model. The following table provides the assumptions underlying this estimate.

	Stock Option Grant Date		
	August 3, 2015	August 1, 2016	July 31, 2017
Fair value of options granted	\$ 13.58	\$ 14.86	\$ 13.73
Assumption used:			
Risk-free rate <sup>(1)</sup>	1.77%	1.22%	2.00%
Expected volatility <sup>(2)</sup>	20.82%	21.15%	19.53%
Expected life <sup>(3)</sup>	5.9 yrs	6.2 yrs	6.2 yrs
Dividend yield <sup>(4)</sup>	1.95%	1.95%	2.19%

- (1) The risk-free rate is based on the grant date yield of a zero-coupon U.S. Treasury bond whose maturity period equals or approximates the expected term of the option.
- (2) The expected volatility is based on a blend of historical volatility and an implied volatility of the Company's ordinary shares. Implied volatility is based on market traded options of the Company's ordinary shares.
- (3) The Company analyzes historical employee stock option exercise and termination data to estimate the expected life assumption. The Company calculates the expected life assumption using the midpoint scenario, which combines historical exercise data with hypothetical exercise data, as the Company believes this data currently represents the best estimate of the expected life of a new employee option.
- (4) The dividend yield rate is calculated by dividing the Company's annual dividend, based on the most recent quarterly dividend rate, by the closing stock price on the grant date.

For a description of the vesting terms of the option awards, see the narrative disclosure following the 2018 Grants of Plan-Based Awards table on page 52 and the footnotes to the 2018 Outstanding Equity Awards at Fiscal Year End table on page 53 of this proxy statement. Additional information regarding the assumptions used to calculate these amounts is incorporated by reference to Note 14 to the financial statements included in the Company's Form 10-K for fiscal year 2018.

## Non-Equity Incentive Plan Compensation

This column reflects the Medtronic MIP and LTPP payments earned by the NEOs during the applicable fiscal year and payable subsequent to fiscal year end. It includes any amounts deferred under the Capital Accumulation Plan (as stated in the 2018 Nonqualified Deferred Compensation table on page 57 of this proxy statement). The table below reflects compensation received by the NEO under each plan for the performance period ending through fiscal year 2018.

Name	MIP	2016-2018 LTPP	Total Non-Equity Incentive Plan Compensation
Omar Ishrak	\$ 2,675,247	\$ 5,434,001	\$ 8,109,248
Karen L. Parkhill	\$ 828,808	\$ —	\$ 828,808
Michael J. Coyle	\$ 834,948	\$ 1,525,702	\$ 2,360,650
Bradley E. Lerman	\$ 645,187	\$ 1,170,401	\$ 1,815,588
Rob ten Hoedt	\$ 749,841	\$ 961,402	\$ 1,711,243

For a more detailed description of the terms of the non-equity incentive plan awards, see page 39 of the Compensation Discussion and Analysis and the narrative disclosure following the 2018 Grants of Plan-Based Awards on page 52 of this proxy statement.

## Change in Pension Value and Nonqualified Deferred Compensation Earnings

This column includes the estimated aggregate increase in the accrued pension benefit under Medtronic's defined benefit pension plans. The change in the present value of the accrued pension benefit is influenced by variables such as additional years of service, age, pay and the discount rate used to calculate the present value of the change. In determining the present value of accrued pension benefits under Medtronic's plans, a discount rate

of 4.34% was used for fiscal year 2018 and a discount rate of 4.30% was used for fiscal year 2017 and fiscal year 2016.

The pension values are calculated based on the accrued pension benefits (qualified plan and the nonqualified NRPS) as of April 27, 2018 and the fiscal year-end 2018 ASC 715 disclosure the financial statements included in assumptions. Assumptions are described in Note 17 to the financial statements included in the Company's Form 10-K for fiscal year 2018.

## All Other Compensation

The all other compensation column includes the following:

Name	Fiscal Year	Perquisites and Other Personal Benefits <sup>(1)</sup>	Tax Reimbursement <sup>(2)</sup>	Registrant Contributions to Defined Contribution Plans <sup>(3)</sup>	Total
Omar Ishrak	2018	\$ 139,837	\$ 72	\$ 10,660	\$ 150,569
Karen L. Parkhill	2018	\$ 42,771	\$ 50	\$ 58,257	\$ 101,078
Michael J. Coyle	2018	\$ 24,000	\$ 20	\$ 97,046	\$ 121,066
Bradley E. Lerman	2018	\$ 24,000	\$ 59	\$ 83,528	\$ 107,587
Rob ten Hoedt	2018	\$ 98,760	\$ 33,117	\$ —	\$ 131,877

(1) This column represents the aggregate incremental cost of the executives' business allowances, physical exams, automobile leases, travel expenses and other benefits. The value of perquisites and other personal benefits for each NEO are as follows:

- *Mr. Ishrak* includes a \$40,000 business allowance and \$99,837 attributable to personal use of Company aircraft. The amount disclosed does not include de minimis incremental costs incurred by the Company in connection with guests accompanying Mr. Ishrak on the Company aircraft during business flights.
- *Ms. Parkhill* includes a \$24,000 business allowance and reimbursement of relocation expenses of \$18,772.
- *Mr. Coyle* includes a \$24,000 business allowance.
- *Mr. Lerman* includes a \$24,000 business allowance.
- *Mr. ten Hoedt* includes \$15,841 of financial planning services, an automobile lease of \$45,851 and reimbursement of schooling of \$37,068.

The Company occasionally allows its executives to use tickets for sporting and special events previously acquired by the Company when no other business use has been arranged. There is no incremental cost to the Company for such use.

- (2) For Mr. ten Hoedt, this amount represents a gross-up of taxes on schooling reimbursement.
- (3) This amount reflects the contribution by Medtronic to match contributions NEOs elected to make to the SIP. Medtronic provides an automatic matching contribution equal to 50% of a participant's elective deferrals up to 6% of eligible compensation. The Company also may provide a discretionary matching contribution based on our financial performance during the fiscal year that, when combined with the automatic matching contribution, will not exceed 150% of a participant's elective deferrals up to 6% of eligible compensation. The fiscal year 2018 discretionary matching contribution was based on diluted EPS achievement of \$4.74 and equaled a \$0.658 matching contribution for every \$1 elective deferral a participant contributed to the plan up to 6% of eligible compensation. The amount for Ms. Parkhill includes \$47,597 in Company contributions to the qualified Medtronic Core Contribution Plan ("MCC") (\$8,100) and the nonqualified MCC (\$39,497). Participants in the MCC receive a contribution from Medtronic equal to 3% of eligible pay at the end of the fiscal year. The amount for Mr. Coyle includes \$86,387 in Company contributions to the qualified PIA (\$13,500) and nonqualified PIA (\$72,887). The amount for Mr. Lerman includes \$72,869 in Company contributions to the qualified PIA (\$13,500) and nonqualified PIA (\$59,369). For additional information on the nonqualified MCC plan, see the 2018 Nonqualified Deferred Compensation table on page 57.

## 2018 Grants of Plan-Based Awards

The following table summarizes all plan-based award grants to each of the NEOs during fiscal year 2018. Threshold amounts assume attainment of plan performance thresholds. You should refer to the Compensation Discussion and Analysis sections entitled "Fiscal Year 2018 Annual Incentive Plan Design" on page 39 and "Fiscal Year 2018 Long-Term Incentive Plan Design" beginning on page 41 to understand how plan-based awards are determined. A narrative description of the material factors necessary to understand the information in the table is provided below.

MIP = Annual performance-based plan award granted under the Medtronic Incentive Plan

LTPP = Long-term performance plan award granted under the Medtronic plc Amended and Restated 2013 Stock Award and Incentive Plan

OPT = Nonqualified stock options granted under the Medtronic plc Amended and Restated 2013 Stock Award and Incentive Plan

RSU = Restricted stock unit, with a performance threshold, granted under the Medtronic plc Amended and Restated 2013 Stock Award and Incentive Plan

### Estimated Future Payouts Under Non-Equity Incentive Plan Awards

Amounts in these columns represent 2018 MIP at threshold, target and maximum performance and future cash payments under the FY2018-FY2020 LTPP. The LTPP provides for annual grants that are earned over a three-year period. Earned payouts under the LTPP can range from 25% to 200% of the target grant based on the Company's performance relative to the following metrics: three-year cumulative compounded annual revenue growth rate and ROIC (12-month non-GAAP earnings after the removal of after-tax impact of amortization and excluding non-recurring items, plus interest expense net of tax all divided by Total Equity plus Interest-Bearing Liabilities less Cash and Cash Equivalents for each year averaged over the three-year period). Earned payouts under the MIP for each individual performance measure (annual revenue growth, diluted EPS, and cash flow indicator) can range from 50% to 200% of the target grant based on Company performance and a quality compliance modifier performance threshold as described on page 41 of this proxy statement. The threshold payout levels

described above reflect threshold performance achievement for one performance metric in the respective LTPP and MIP. The maximum dollar value that may be paid to any participant in qualified performance-based awards denominated in cash in any fiscal year is \$20 million for the Chief Executive Officer and \$10 million for each other participant. Both the MIP and LTPP have separate diluted EPS goals. Reconciliations of non-GAAP financial measures to the most directly comparable GAAP financial measures are included in Appendix A of this proxy statement.

### Estimated Future Payouts Under Equity Incentive Plan Awards

Amounts in this column represent grants of restricted stock units (RSUs). RSUs vest 100% on the third anniversary of the date of grant provided Medtronic achieves a minimum three-year cumulative diluted EPS threshold growth rate. Unvested RSUs receive dividend equivalent units (DEUs), which are credited and added to the share balance. DEUs are only paid to the extent the underlying RSUs are earned.

## All Other Option Awards/Exercise or Base Price of Option Awards

The exercise or base price of the stock option grant represents the closing market price of Medtronic ordinary shares on the date of grant. Option awards vest 25% on each anniversary of the date of grant over a four-year period.

## Grant Date Fair Value of Stock and Option Awards

This column represents the grant date fair value of each equity award granted in fiscal year 2018 computed in accordance with FASB ASC Topic 718, Compensation — Stock Compensation. For a discussion of the assumptions used in calculating the amount recognized for stock options granted on July 31, 2017 see page 50 of this proxy statement. Additional information regarding the assumptions used to calculate these amounts are incorporated by reference to Note 14 to the financial statements included in the Company's Form 10-K for fiscal year 2018.

## 2018 Outstanding Equity Awards at Fiscal Year End

The table below reflects all outstanding equity awards made to each of the NEOs that were outstanding at the end of fiscal year 2018. The market or payout value of unearned shares, units or other rights that have not vested equals \$81.29, which was the

closing price of Medtronic's ordinary shares on the New York Stock Exchange on April 27, 2018, and for performance-based restricted stock units and for performance share plan awards presumes that the target performance goals are met.

(1) Amounts in these columns may include dividend equivalents that will be distributed upon distribution of the underlying awards.

The amounts shown in the column entitled "Shares or Units of Stock That Have Not Vested" of the 2018 Outstanding Equity Awards at Fiscal Year-End table that correspond to a June 20, 2016, grant date for Ms. Parkhill reflect a time-based restricted stock unit award that vests 1/3 on each of the first, second, and third anniversaries of the grant date. For Mr. Coyle in the amount of 47,205, and Mr. ten Hoedt in the amount of 11,802, the August 1, 2016 grants vest in three years. The amounts shown

in the column entitled "Equity Incentive Plan Awards: Unearned Shares, Units or Other Rights That Have Not Vested" of the 2018 Outstanding Equity Awards at Fiscal Year End table that correspond to August 3, 2015 August 1, 2016 and July 31, 2017 grant dates reflect performance-based restricted stock or restricted stock unit awards that vest on the third anniversary of the date of grant provided the established performance threshold for each award is achieved.

## 2018 Option Exercises and Stock Vested

The table below includes information related to options exercised by each of the NEOs and restricted stock awards that vested during fiscal year 2018. The table also includes the value realized for such options and restricted stock awards. For options, the value realized

on exercise is equal to the difference between the market price of the underlying shares at exercise and the exercise price of the options. For stock awards, the value realized on vesting is equal to the market price of the underlying shares at vesting.

## 2018 Pension Benefits

The table below includes information with respect to Medtronic's pension plans for each of the NEOs as of April 30, 2018, which is the measurement date used for financial statement reporting purposes. A narrative description of the material factors necessary to understand the information in the table is provided below.

Name	Plan Name	Number of Years of Credited Service	Present Value of Accumulated Benefit <sup>(1)</sup> (\$)	Payments During Last Fiscal Year <sup>(2)</sup> (\$)
Omar Ishrak	Medtronic Personal Pension Account (Personal Pension Account)	6.833	96,634	—
	Medtronic, Inc. NRPS	6.833	1,216,660	—
Karen L. Parkhill <sup>(3)</sup>	—			
Michael J. Coyle <sup>(3)</sup>	—			
Bradley E. Lerman <sup>(3)</sup>	—			
Rob ten Hoedt <sup>(4)</sup>	Medtronic Pension Fund	11.333	6,249,432	1,767,788

(1) The present value of the accumulated benefits is calculated using the assumptions described in Note 17 to our consolidated financial statements in our annual report for fiscal year 2018 accompanying this proxy statement. Further, in accordance with the disclosure requirements, the accumulated benefit is calculated using the retirement age at which the benefit is unreduced under the plan (i.e., age 65). Only the Medtronic Retirement Plan component of the Medtronic Retirement Plan is reduced for early commencement if the benefit is commenced before the normal retirement age of 65. The Personal Pension Account Plan is an account-based plan and therefore is not reduced for early commencement. Please see below for additional detail.

(2) The amount for Mr. ten Hoedt represents ordinary contributions and a voluntary purchase into the pension plan. Both amounts are shown as a negative payment. The increase in the Present Value of Accumulated Benefit includes these amounts.

(3) Ms. Parkhill, Mr. Coyle and Mr. Lerman do not participate in the Company's defined benefit pension plans.

(4) Mr. ten Hoedt participates in a pension plan for Swiss employees.

The Medtronic Retirement Plan consists of two types of benefits, the Medtronic Retirement Plan (MRP) and the Personal Pension Account (PPA). Effective May 1, 2005, the Company froze the MRP to new entrants and provided all eligible employees the option of continuing to accrue retirement benefits under the MRP or to participate in one of two new options being offered. Employees hired before May 1, 2005 had the option of continuing in the MRP or electing to participate in either the PPA or PIA described below. Effective January 1, 2016, the Company froze the PIA and the PPA to new entrants. All eligible employees continue to accrue retirement benefits under the PIA or PPA. New employees hired on or after January 1, 2016 earn the Medtronic Core Contribution (MCC). The MCC provides a 3% employer contribution. The MRP is the final average pay component of the Medtronic Retirement Plan. Employees hired on or after May 1, 2005 chose within 60 days of their hire date to participate in either the PPA or the Personal Investment Account (PIA). The PPA is a cash balance component of the Medtronic Retirement Plan, and the PIA is a component of the Medtronic 401(k) Plan.

Mr. Ishrak is a participant in the PPA. The PPA is a tax-qualified cash balance defined benefit pension plan available to employees hired on or after May 1, 2005. The Company contributes 5% of eligible compensation for each year of participation into the participant's account. Eligible compensation under the PPA matches the MRP discussed above. Additionally, each year a participant's account will earn interest at a rate equal to the 10-year U.S. Treasury bond rate. For the fiscal year ended April 27, 2018 the interest rate was equal to 2.84%. Each participant's account has a three-year vesting requirement. The PPA value will be forfeited if the participant leaves the Company before that three-year vesting period is finished. Vested benefits in the PPA are portable and participants may receive distributions for any purpose, but may then be subject to taxation. A PPA participant leaving the Company may receive distributions in the following ways: 1) roll over benefit into another tax-qualified plan or certain IRAs; 2) lump-sum cash payment; 3) leave the PPA balance in

the plan (which will continue to earn returns equal to the 10-year U.S. Treasury bond rate); and 4) various monthly annuity options, including single life, ten-year certain, and joint and survivor options.

The benefits currently paid under the Medtronic Retirement Plan are limited to an annual maximum of \$210,000, in accordance with IRS requirements. The Company also has an unfunded Nonqualified Retirement Plan Supplement (the "NRPS") that provides an amount substantially equal to the difference between the amount that would have been payable to the executive under the Medtronic Retirement Plan in the absence of legislation limiting pension benefits and earnings that may be considered in calculating pension benefits and the amount actually payable under the plan. The NRPS is available to all participating employees whose income or benefits exceed the IRS maximum, not just the executive officers. Compensation used in the calculation of the NRPS benefit includes eligible compensation in excess of the IRS limitation and amounts deferred (excluding amounts paid and deferred under the LTTP or the performance share plan) pursuant to the Capital Accumulation Plan. NRPS benefits are determined based on the qualified plan formula (MRP or PPA) in which the executive elected to participate. The NRPS benefit calculated on the MRP formula is reduced based on the participant's age at the end of the month following separation from service (within the meaning of Section 409A of the Internal Revenue Code, generally retirement, termination of employment, or significant reduction in work schedule). The monthly benefit is the sum of the monthly principal amount and the monthly interest. The monthly interest is determined based on a declining balance schedule using an interest rate of 6%. The amount of retirement benefit earned under the NRPS is calculated upon separation from service. If the aggregate value is less than \$100,000, it is paid out as a lump sum six months after separation from service. If the aggregate value exceeds \$100,000, the value is paid out over a 15-year period in the form of a monthly annuity commencing six months after the separation from service. In

the event of the employee's death prior to the completion of the 15-year payment cycle, any remaining benefits from the NRPS are payable per the beneficiary designation on record. If a beneficiary is not named, the benefit is payable to the employee's surviving spouse, or if there is no surviving spouse, to the children, or if there are no survivors, to the estate.

Mr. ten Hoedt participates in the Medtronic Pension Fund ("MPF"). The MPF is a qualified cash balance pension plan available to all eligible employees working for Medtronic entities in Switzerland. The Company and employee contributions vary by age. For Mr. ten Hoedt specifically, the annual contributions during fiscal year 2018 were 15.5% for the Company and 9% for the employee. Pensionable

salary includes base salary and paid annual incentive. Additionally, each year a participant's account will earn interest, as set by the Pension Board, credited at the end of the calendar year. For fiscal year 2018, interest of 6% was credited. The MPF also provides risk benefits in case of a participant's death or disability, which are fully insured. There is no vesting, meaning that the full pension account is granted to the participant on termination of employment. A participant leaving the Company may receive the accrued pension fund in the following ways: (1) transfer the fund to a block account; (2) receive the fund in cash, subject to taxation; or (3) in the case of a retirement, receive the funds as an annual pension, either in cash or a combination of pension and cash.

## Capital Accumulation Plan

The Capital Accumulation Plan allows U.S. executives of Medtronic to defer:

- Up to 50% of their base salary;
- Up to 80% of their annual incentive plan payments;
- Up to 80% of their commissions (applicable only to those executives in a commission plan); and
- Up to 80% of their cash long-term incentive plan payments.

The minimum amount of each reward element that may be deferred is 10%. Medtronic does not make any contributions to the Capital Accumulation Plan; the aggregate balances shown above represent amounts that the NEOs earned but elected to defer, plus gains (or losses).

Participants receive credits of gains or losses daily based on funds that are indexed to 24 investment alternatives, which are all also available under the 401(k) Plan. Investment returns for these investment alternatives are shown below:

	Return on Funds 12 Months as of April 30, 2018
Medtronic plc Stock Fund	-1.43%
Interest Income Fund	1.95%
Vanguard Wellington	8.40%
Vanguard International Growth	25.72%
Vanguard Institutional Index	13.25%
Vanguard PRIMECAP	19.32%

When participants elect to defer amounts, they also select when the amounts will ultimately be distributed. Distributions may be made on a certain future date (as long as that date is at least five years beyond the period of deferral) or at retirement, or, for specified employees under Section 409A of the Internal Revenue Code, six months after the date of retirement (in the form of a lump sum distribution or installments over 5, 10 or 15 years). All distributions are made in cash, and there are limited opportunities to change the distribution elections. These include a hardship withdrawal and a "redeferral" election that must be made at least 12 months prior to a scheduled payment (and only if the redeferral is for at least an additional five years).

## RSUs

Under the Medtronic, Inc. 2003 Long-Term Incentive Plan, certain participants were allowed to defer the issuance of shares or cash deliverable upon the exercise of an option or stock appreciation right, vesting of restricted stock, or satisfaction of other stock-based awards or other cash-based awards, for a specified period or until a specified date.

Participants are entitled to receive dividend equivalents on the RSUs generally in the same manner and at the same time as if each RSU were a share. These dividend equivalents are credited in the form of additional RSUs.

Deferred RSUs are payable on the date six months or one year following a separation from service, pursuant to individual award agreements. The Company may require a participant to return or forfeit the shares received or receivable in the event the participant is involved in performing services for or on behalf of a competitor, a violation of applicable business ethics policies or any other occurrence determined by the Compensation Committee.

## ESOP

Medtronic previously sponsored a non-qualified employee stock ownership plan ("ESOP") to restore certain qualified employee benefits that could not be allocated due to IRS limitations. The qualified ESOP expired in May 2005, and accordingly no additional contributions were made by Medtronic into that plan. All participants in the ESOP are fully vested. Dividends are credited to

the ESOP account each year and the account balance is distributed in a lump sum of shares of Medtronic stock in the fiscal year following termination or retirement. Active employees cannot take distributions from the account.

### **Nonqualified Retirement Plan Supplement (NRPS)**

The NRPS benefit calculated based on the Personal Investment Account formula is equal to 5% of the eligible compensation in excess of the IRS limitation and amounts deferred (excluding any LTPP CAP deferrals). Upon separation from service, within the meaning of Section 409A of the Internal Revenue Code (generally, retirement, termination of employment, or significant reduction in work schedule), the amount of retirement benefits earned under the NRPS is calculated. If the aggregate value is less than \$100,000, it is paid out as a lump sum six months after separation from service. If the aggregate value exceeds \$100,000, the value is paid out over a 15-year period in the form of a monthly annuity

commencing six months after separation from service. The monthly benefit is the sum of the monthly principal amount and the monthly interest. The monthly interest is determined based on a declining balance schedule using an interest rate of 6%. In the event of the employee's death prior to the completion of the 15-year payment cycle, any remaining benefits from the NRPS are payable per the beneficiary designation on record. If a beneficiary is not named, the benefit is payable to the employee's surviving spouse, or if there is no surviving spouse, to the children, or if there are no survivors, to the estate.

### **Medtronic Core Contribution Plan (MCC)**

Available to employees hired after January 1, 2016, the MCC is a defined contribution plan in which employees receive a contribution equal to 3% of eligible pay at the end of the fiscal year. Medtronic makes this contribution regardless of whether employees contribute. Employees become vested in MCC after three years of employment or upon attaining age 62, whichever comes first.

## **Potential Payments Upon Termination or Change of Control**

### **Letter Agreements**

Mr. Ishrak is party to a letter agreement with the Company that provides severance payments and benefits under certain termination events consistent with our change of control policy. In the event Mr. Ishrak's employment is terminated by the Company without "cause" (as defined in the letter agreement) or by Mr. Ishrak for "good reason" (generally defined to include material reduction in salary or MIP target award, material adverse change in title, position and authority, required relocation in excess of 50 miles, or material breach by the Company of the letter agreement), Mr. Ishrak will be entitled to the following payments:

(i) a pro rata MIP bonus for the year of termination based on actual performance and paid when MIP bonuses are paid generally, (ii) a lump sum equal to two times the sum of Mr. Ishrak's annual base salary and target annual cash opportunity under the MIP, and (iii) the value of 24 months of continued welfare benefits. These severance payments and benefits are subject to Mr. Ishrak's execution of a general release and continued compliance with the Company's standard confidentiality policies, a two-year non-competition and one-year non-solicitation agreement.

Mr. Ishrak's letter agreement also provides that, upon a termination of employment due to death or "disability" (defined to include absence from material duties and responsibilities with the Company for 180 days in any consecutive 12-month period as a result of incapacity due to mental or physical illness or injury), Mr. Ishrak will be entitled to a pro rata MIP bonus for the year of termination based on actual performance and paid when MIP bonuses are paid generally.

Ms. Parkhill is party to an agreement with the Company that provides severance payments and benefits under certain termination events consistent with our change of control policy.

In the event Ms. Parkhill's employment is terminated by the Company without cause, Ms. Parkhill will be entitled to the following payments:

(i) two times the sum of Ms. Parkhill's annual base salary and target annual cash opportunity under the MIP, (ii) the value of 24 months of continued welfare benefits, and (iii) continued vesting of the one-time, new hire restricted stock granted on June 20, 2016.

Mr. Coyle is party to an agreement with the Company that specifies cash severance payments under certain termination events. Mr. Coyle is entitled to receive an amount equal to his annual base salary plus his MIP bonus upon termination by the Company without cause.

Except for Mr. Ishrak, no NEO is party to an agreement that provides for severance benefits in excess of the broad-based plans. This includes the letter agreements for Ms. Parkhill and Mr. Coyle.

### **Company Severance Practices**

Mr. ten Hoedt and Mr. Lerman are subject to Medtronic's Section 16 Officer Severance Practices. These practices, which have received the approval of Medtronic's Board of Directors, provide severance payments and benefits under certain termination events. In the event Mr. ten Hoedt's or Mr. Lerman's employment is terminated by the Company without cause, such executive will be entitled to the following payments:

(i) two times the sum of such executive's annual base salary and the lesser of (a) the target annual cash opportunity under the MIP or (b) the actual payout of the MIP based on performance, (ii) the value of 24 months of continued health and dental insurance coverage, and (iii) outplacement services.

The table below illustrates the payments due upon involuntary termination as described in the section above, assuming a termination date of April 27, 2018.

Name	Severance Amount <sup>(1)</sup>	Welfare Benefits <sup>(2)</sup>	Equity Acceleration <sup>(3)</sup>	Total
Omar Ishrak	\$ 11,714,079	\$ 21,652	\$ —	\$ 11,735,731
Karen L. Parkhill	\$ 3,402,000	\$ 38,064	\$ 2,947,933	\$ 6,387,997
Michael J. Coyle	\$ 1,795,200	\$ —	\$ —	\$ 1,795,200
Bradley E. Lerman	\$ 2,922,373	\$ 49,932	\$ —	\$ 2,972,305
Rob ten Hoedt	\$ 3,111,896	\$ 38,568	\$ —	\$ 3,150,464

(1) Mr. Ishrak's amount includes the fiscal year 2018 earned MIP payment (\$2,675,247), plus the sum of two times his base salary (\$3,286,848) and the target MIP opportunity (\$5,751,984) at the time of termination. Ms. Parkhill's amount includes two times the base salary (\$1,620,000) plus her target MIP opportunity (\$1,782,000). Mr. Coyle's amount represents his current base salary (\$897,600) plus his target MIP opportunity (\$897,600). Mr. Lerman's amount includes two times the base salary (\$1,632,000) and the lesser of the MIP payout or the target value (\$1,290,373). Mr. ten Hoedt's amount includes two times his base salary (\$1,612,214) and the lesser of the MIP payout or the target value (\$1,499,682).

(2) Amount represents payments for welfare benefits for Mr. Ishrak, Ms. Parkhill, Mr. Lerman and Mr. ten Hoedt.

(3) Amount represents acceleration of a restricted stock grant provided to offset the forfeited value of certain LTI plan components at Ms. Parkhill's former employer, Comerica, Inc.

## Change of Control Agreements

Under Medtronic's change of control agreements, no benefits are payable to an executive officer unless there is both a change of control and a termination of the executive by the Company other than for cause or by the executive for "good reason" as defined by the agreement. This is known as a *double trigger*. Absent a change of control, the agreements do not require Medtronic to retain the executives or to pay them any specified level of compensation or benefits.

Each agreement provides that for three years after a change of control — the *first trigger* — there will be no adverse change in the executive's salary, bonus opportunity, benefits or location of employment. If during this three-year period the executive's employment is terminated by Medtronic other than for cause, or if the executive terminates his or her own employment for good reason (as defined in the agreements, and including compensation reductions, demotions, relocation and excess travel) — the *second trigger* — the executive is entitled to receive payment of accrued salary and annual and long-term incentives through the date of termination as well as accrued vacation pay, accrued pension benefits and any outstanding deferred compensation, and, except in the event of death or disability, a lump sum severance payment equal to the prorated value of the Highest Annual Bonus and three times the sum of his or her base salary and Highest Annual Bonus. For these purposes, Highest Annual Bonus means the greater of the average of the bonuses received by the executive for the last three completed fiscal years preceding the year of termination, and the bonus payable for the most recently completed fiscal year. Additionally, the executive is entitled to certain retirement and welfare benefits as further described below in the footnotes to the table. None of the change of control agreements include provisions for a "golden parachute" excise tax gross up. Instead, such payments may be subject to reduction (any such payment a "Reduced Payment") to the extent it would cause the recipient to receive an "excess parachute payment" (as defined in the Internal Revenue Code) unless the change of control payments, less the amount of any excise taxes payable by the NEO, is greater than the Reduced Payment.

Generally, and subject to certain exceptions, a change of control is deemed to have occurred if:

- a majority of Medtronic's Board of Directors are individuals other than the nominees for whose election proxies have been solicited by the Board, or who are then serving as directors appointed by the Board to fill vacancies caused by death or resignation (but not removal) of a director or to fill newly created directorships;
- another party becomes the beneficial owner of at least 30% of Medtronic's outstanding voting stock; or
- Medtronic merges or consolidates with another party (other than certain limited types of mergers), or exchanges shares of voting stock of Medtronic for shares of another corporation pursuant to a statutory exchange, sells or otherwise disposes of all or substantially all of Medtronic's assets, or is liquidated or dissolved.

If a change of control of Medtronic occurs, awards under Medtronic's annual incentive plan will accelerate and, subject to certain limitations set forth in the plan, each participant will be entitled to a final award based on certain assumptions as to target performance and salary. On August 22, 2013, shareholders approved the Medtronic, Inc. 2013 Stock Award and Incentive Plan, which replaced the Company's 2008 Stock Award and Incentive Plan, and which was amended and restated in connection with the Covidien acquisition. For awards granted under the Medtronic plc Amended and Restated 2013 Stock Award and Incentive Plan, or the predecessor 2008 Stock Award and Incentive Plan, and related agreements, stock options will only become exercisable in full, and all restrictions under such outstanding restricted stock or units (including PBRSUs) will only lapse, if the award is not replaced by a qualifying replacement award that satisfies certain conditions set forth in the plan or, if a replacement award is granted, upon termination of a participant's employment by the Company without cause or by the participant for good reason during the two years following the date of the change of control.

If a change of control occurs during a plan year, subject to certain limitations, Medtronic's matching contribution to the 401(k) Plan will equal the greater of Medtronic's target percentage matching contribution, or if the change of control occurs after the first quarter of a plan year, the percentage contribution Medtronic would have made upon completion of the plan year based on performance as most recently projected by Medtronic prior to the change of control and disregarding the effects of the change of control.

The table below reflects estimated payments for our NEOs as a result of the change of control agreements, assuming (1) the change of control occurred and (2) the Company terminates employment other than for cause or disability or the executive terminates employment for good reason, on April 27, 2018.

- (1) Awards under the Medtronic plc Amended and Restated 2013 Stock Award and Incentive Plan may consist of stock options, stock appreciation rights, restricted stock, performance-based restricted stock, restricted stock units, other stock-based awards, and performance cash awards. No more than 5% of the shares will be granted pursuant to restricted stock awards if such award will vest in full prior to three years from the award date or if a condition to such vesting is based, in whole or in part, upon performance of the shares or any aspect of Medtronic's operations and such vesting could occur over a period of less than one year from the award date.
- (2) Amounts disclosed do not include stock options, stock appreciation rights, restricted stock, performance-based restricted stock, restricted stock units, or other stock-based awards to acquire 3,901,350 Medtronic shares relating to former Covidien awards assumed in the acquisitions with a weighted average exercise price of \$36.39.
- (3) Column (a) includes 37,314,822 shares issuable upon exercise of outstanding options, with a weighted average exercise price of \$69.39, and the following equity awards, which increase the number of shares in column (a) and decrease the number of shares in column (c): 8,030,611 restricted stock units and their dividend-equivalent units in approved plans, 105,604 shares issuable pursuant to a non-qualified employee stock ownership plan in approved plans, and 475,457 vested units or exercised shares deferred and not yet issued in approved plans.
- (4) Column (c) includes 15,584,214 shares available for issuance as of April 27, 2018 under the Medtronic plc Amended and Restated Employees Stock Purchase Plan and 62,774,605 shares available for issuance as of April 27, 2018 under the Medtronic plc Amended and Restated 2013 Stock Award and Incentive Plan.

## CEO Pay Ratio

We are required by SEC rules and regulations to disclose the annual total compensation for our CEO, an estimate of the median annual total compensation for our worldwide employee population excluding our CEO, and the ratio of annual total compensation for our CEO to the annual total compensation for our median employee. For the fiscal year ended April 27, 2018, the annual total compensation for our CEO was \$17,585,131 as reported in the final column of the Summary Compensation Table and the annual total compensation for our median employee was \$73,693 calculated in accordance with the rules applicable to the Summary Compensation Table. For the year ended April 27, 2018, the annual total compensation for our CEO was 239 times that of our median employee.

For purposes of identifying our median employee, we used our worldwide employee population as of January 29, 2018 which

consisted of 89,376 total employees, of which 40,602 employees were employed in the United States and 48,774 employees were employed in foreign jurisdictions. As permitted by SEC rules and regulations, we excluded leased employees and independent contractors; no employees from entities we acquired during the year ended April 27, 2018, or foreign jurisdiction(s) were excluded. We used income as reported for federal income tax purposes for employees employed in the United States and an equivalent measure for employees employed in foreign jurisdictions for the 12-month period ending December 31, 2017 as our consistently applied compensation measure, and we annualized this amount for employees who commenced employment during that period. We applied this methodology to our worldwide employee population and did not use any form of statistical sampling.

# REPORT OF THE AUDIT COMMITTEE

The Audit Committee represents and assists the Board of Directors in its oversight of the integrity of Medtronic's financial reporting and compliance programs. In particular, the Audit Committee reviews the independence, qualifications and performance of Medtronic's independent registered public accounting firm and the performance of its internal auditors. The Audit Committee also has responsibility for oversight of Medtronic's compliance with legal and regulatory requirements. In this role, the Audit Committee, among other things, oversees Medtronic's policies and programs reasonably designed to ensure that Medtronic's relationships with, and payments to, health care providers are appropriate and lawful, and receives reports of Company and third-party reviews of such matters. As of the date of this report, the Audit Committee consisted of the five members listed below, each of whom is an independent director in accordance with the Securities and Exchange Commission ("SEC") and New York Stock Exchange requirements, meets additional independence standards applicable to audit committee members and qualifies as an "audit committee financial expert" within the meaning of that term as defined by the SEC pursuant to Section 407 of the Sarbanes-Oxley Act of 2002.

Medtronic's management is responsible for preparing Medtronic's financial statements and the overall reporting process, including Medtronic's system of internal controls. The Audit Committee is directly responsible for the compensation, appointment and oversight of Medtronic's independent registered public accounting firm, PricewaterhouseCoopers LLP ("PricewaterhouseCoopers"). That firm reports directly to the Audit Committee. The independent registered public accounting firm is responsible for auditing the financial statements and expressing an opinion on the conformity of the audited financial statements with generally accepted accounting principles in the United States ("U.S. GAAP") and auditing the Company's internal control over financial reporting. The Audit Committee also meets privately in separate executive sessions periodically with management, internal audit, compliance and representatives from Medtronic's independent registered public accounting firm.

In this context, the Audit Committee has held discussions with management and PricewaterhouseCoopers. Management

represented to the Audit Committee that Medtronic's consolidated financial statements were prepared in accordance with U.S. GAAP, and the Audit Committee has reviewed and discussed the audited financial statements with management and PricewaterhouseCoopers.

PricewaterhouseCoopers has informed the Audit Committee that, in its opinion, the consolidated balance sheets and the related consolidated statements of income, comprehensive income, shareholders' equity, and cash flows that accompany Medtronic's 2018 Annual Report present fairly, in all material respects, the financial position of Medtronic and its subsidiaries at April 27, 2018, and April 28 2017, and the results of Medtronic's operations and cash flows for each of the three fiscal years in the period ended April 27, 2018, are in conformity with U.S. GAAP.

The Audit Committee also has discussed with PricewaterhouseCoopers the matters required to be discussed by Auditing Standard No. 1301 (Communications With Audit Committees), as amended, and requested any other relevant input from PricewaterhouseCoopers. PricewaterhouseCoopers provided to the Audit Committee, and the Audit Committee received, the written disclosures and letter required by applicable requirements of the Public Company Accounting Oversight Board regarding PricewaterhouseCoopers' communications with the audit committee concerning independence, and the Audit Committee discussed with PricewaterhouseCoopers their independence.

Based on the considerations above, the Audit Committee recommended to the Board of Directors, and the Board has approved, the inclusion of the audited financial statements in Medtronic's Annual Report on Form 10-K for fiscal year 2018 for filing with the SEC. The Audit Committee has recommended PricewaterhouseCoopers as Medtronic's independent registered public accounting firm for fiscal year 2019 and recommended that the Board of Directors submit this appointment to the Company's shareholders for ratification at the Annual General Meeting. Audit and any permitted non-audit services provided to Medtronic by PricewaterhouseCoopers are pre-approved by the Audit Committee.

## AUDIT COMMITTEE (as of June 21, 2018):

Randall J. Hogan, III, Chair  
Richard H. Anderson  
Shirley Ann Jackson, Ph.D.

James T. Lenehan  
Elizabeth G. Nabel, M.D.

# AUDIT AND NON-AUDIT FEES

The following table presents fees for professional audit services rendered by PricewaterhouseCoopers for the audit of Medtronic's annual financial statements for the fiscal years ended April 28, 2017 and April 27, 2018, and fees for other services rendered by PricewaterhouseCoopers. All of the audit, audit-related, tax and all other fees were approved by the Audit Committee.

	Fiscal 2017	Fiscal 2018
Audit Fees <sup>(1)</sup>	\$ 16,369,000	\$ 16,180,000
Audit-Related Fees <sup>(2)</sup>	2,821,000	499,000
Tax Fees <sup>(3)</sup>	2,072,000	1,511,000
All Other Fees <sup>(4)</sup>	134,000	276,000

(1) Audit services consisted principally of domestic and international audits, statutory audits and assessment of internal control over financial reporting.

# PROPOSAL 2 – NON-BINDING RATIFICATION OF INDEPENDENT AUDITOR AND BINDING AUTHORIZATION OF THE BOARD OF DIRECTORS, ACTING THROUGH THE AUDIT COMMITTEE, TO SET AUDITOR REMUNERATION

The Board of Director's Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the independent external audit firm retained to audit the Company's financial statements. The Audit Committee has recommended the re-appointment of PricewaterhouseCoopers LLP as our independent external auditor for the fiscal year ending April 26, 2019 and recommended that the Board of Directors submit this appointment to the Company's shareholders for ratification at the Annual General Meeting. PricewaterhouseCoopers LLP has been retained as our external auditor continuously since fiscal year 1963. The Audit Committee is responsible for the audit fee negotiations associated with the retention of PricewaterhouseCoopers. In order to assure continuing auditor independence, the Audit Committee periodically considers whether there should be a regular rotation of our independent external audit firm. Further, in conjunction with the mandated rotation of the auditing firm's lead engagement partner, the Audit Committee and its chairperson are directly involved in the selection of PricewaterhouseCoopers' new lead engagement partner. The members of the Audit Committee and the Board believe that the continued retention of PricewaterhouseCoopers to serve as the Company's independent external auditor is in the best interests of the Company's shareholders.

As required by the Audit Committee Charter and Irish law, the Board of Directors is submitting for shareholder ratification the selection of PricewaterhouseCoopers LLP and the authorization of the Board of Directors, acting through the Audit Committee, to set the auditor's remuneration. If the shareholders do not so ratify, the Audit Committee will reconsider its selection.

The re-appointment of PricewaterhouseCoopers LLP as the independent external auditor of the Company for the fiscal year ending April 26, 2019 and the authorization of the Board of Directors, acting through the Audit Committee, to set the auditors' remuneration is an ordinary resolution and must receive the affirmative vote of a majority of the votes cast in person or by proxy at the Annual General Meeting in order to be approved.

Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual General Meeting, will have the opportunity to make a statement if they desire and are expected to be available to respond to appropriate questions.

THE TEXT OF THE RESOLUTION IN RESPECT OF PROPOSAL NO. 2 IS AS FOLLOWS:

"RESOLVED, that the appointment of PricewaterhouseCoopers LLP as the independent auditor for the Company for the fiscal year ending April 26, 2019, be and is hereby ratified in a non-binding vote and that the Board of Directors, acting through the Audit Committee, be and is hereby authorized in a binding vote to set the remuneration of the auditor."

THE BOARD OF DIRECTORS RECOMMENDS A VOTE **FOR** THE NON-BINDING RATIFICATION OF THIS APPOINTMENT AND THE BINDING AUTHORIZATION OF THE BOARD OF DIRECTORS, ACTING THROUGH THE AUDIT COMMITTEE, TO SET THE AUDITOR'S REMUNERATION.

## Effect of Proposal

Even if the selection of PricewaterhouseCoopers LLP is ratified, the Audit Committee may change the appointment at any time during the year if it determines that a change would be in the best interest of the Company and its shareholders. The Audit Committee will consider the outcome of this vote in its decision to appoint an independent registered public accounting firm next year, but is not bound by the shareholders' vote.

# PROPOSAL 3 – ADVISORY RESOLUTION TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION ("SAY-ON-PAY")

Section 14A of the Exchange Act requires that we provide our shareholders with the opportunity to vote to approve, on a non-binding advisory basis, the compensation of our NEOs as disclosed pursuant to Item 402 of Regulation S-K in the Compensation Discussion and Analysis ("CD&A"), tabular disclosures and related narrative of this proxy statement. The Board of Directors has adopted a policy of providing for annual "Say-on-Pay" advisory votes. The next such advisory vote will occur at this Annual General Meeting of Shareholders.

As discussed in more detail in the CD&A, Medtronic's executive compensation program is designed to attract, motivate and retain top talent; emphasize incentive compensation alignment with sustained profitable growth; align with shareholder interests by encouraging executive stock ownership and linking a meaningful portion of compensation to the value of Medtronic ordinary shares; favor moderate cash allowances instead of Company-provided perquisites; and discourage inappropriate risk taking.

All executive compensation elements are targeted in relation to the median range of our competitive market, with actual compensation delivered based on Company and individual performance. Performance-based compensation constitutes 83% to 91% of target NEO compensation, and target long-term performance-based compensation constitutes 66% to 75% of NEO compensation. Fiscal year 2018 had strong financial results, and the Company's top-line and bottom-line growth rates were within the target range of the potential performance payout. In light of these business results, the Company's annual incentive plan and long-term performance plan paid out at 93.02% and 125.4% of targeted amounts, respectively.

In addition to aligning total compensation with Company performance, the Company has actively promoted an overall

compensation philosophy that is in the best interests of the Company's shareholders. For example, change of control agreements no longer include any excise tax gross-up provisions, and the Company does not provide excessive perquisites or benefits to our NEOs. Also, in furtherance of pay practices preferred by institutional shareholders, equity awards granted under the Medtronic plc Amended and Restated 2013 Stock Award and Incentive Plan that are replaced in connection with a change of control do not vest on the occurrence of a change of control and instead vest only if a participant is involuntarily terminated within a limited period following the change of control. The Company requires each executive to retain significant portions of his or her equity compensation awards and continues to follow a broad clawback policy that allows the Company to recapture equity compensation and other incentive awards paid to an executive who engages in misconduct.

Approval on an advisory basis of the compensation of our named executive officers is an ordinary resolution and must receive the affirmative vote of a majority of the votes cast in person or by proxy at the Annual General Meeting in order to be approved.

THE TEXT OF THE RESOLUTION IN RESPECT OF PROPOSAL NO. 3. IS AS FOLLOWS:

"RESOLVED, that the Company's shareholders approve, on an advisory basis, the compensation awarded to the named executive officers, as described in the CD&A, tabular disclosures, and other narrative executive compensation disclosures in this proxy statement."

THE BOARD OF DIRECTORS RECOMMENDS A VOTE **FOR** THE ADVISORY RESOLUTION TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION.

## Effect of Proposal

The Say-on-Pay resolution is non-binding. The approval or disapproval of this proposal by shareholders will not require the Board or the Compensation Committee to take any action regarding Medtronic's executive compensation practices. The final decision on the compensation and benefits of our executive officers and on whether, and if so, how, to address shareholder disapproval remains with the Board and the Compensation

Committee. The Board, however, values the opinions of our shareholders as expressed through their votes and other communications. Although the resolution is non-binding, the Board will carefully consider the outcome of the advisory vote on executive compensation and shareholder opinions received from other communications when making future executive compensation decisions.

# QUESTIONS AND ANSWERS ABOUT THE ANNUAL GENERAL MEETING

## Medtronic plc

Registered Address—  
20 On Hatch, Lower Hatch Street  
Dublin 2, D02 XH02  
Ireland

**This proxy statement, the accompanying proxy form, Medtronic's annual report for the year ended April 27, 2018, and our Irish Statutory Financial Statements for the year ended April 27, 2018, will be made available or sent to shareholders commencing on or about October 23, 2018.**

## Voting by Proxy

Shareholders of the Company who are entitled to attend and vote at the Annual General Meeting are entitled to appoint a proxy or proxies to attend and vote at the Annual General Meeting on their behalf. A proxy is not required to be a shareholder of the Company.

Appointments of proxies can be made as detailed in the section entitled Proxy Summary. In particular, if you are a shareholder

of record of Medtronic and you choose to submit your proxy by telephone, your use of that telephone system, and specifically the entry of your pin number or other unique identifier, will be deemed to constitute your appointment, in writing and under hand, and for all purposes of the Irish Companies Act of 2014, of each of Bradley E. Lerman and Martha Ha as your proxy to vote your shares on your behalf in accordance with your telephone instructions.

## How Proxies will be Voted

The individuals named in the enclosed form of proxy have advised the Board of their intention to vote at the meeting in accordance with instructions on all proxy forms submitted by shareholders and, where no contrary instruction is indicated on the proxy form, as follows: for the election by separate resolution of the individuals nominated to serve as directors; for the ratification, in a non-binding vote, of PricewaterhouseCoopers LLP as independent auditor for fiscal year 2018 and authorizing, in a binding vote, the Board of Directors, through the Audit Committee, to set the auditor's remuneration; and for approval on an advisory basis of the Company's executive compensation. The Board of Directors knows

of no other matter to be presented at the Annual General Meeting. If any other business properly comes before the Annual General Meeting or any adjournment or postponement thereof, the proxies will vote on that business in accordance with their best judgment.

You may revoke a proxy by submitting a later-dated proxy, by notifying Medtronic by fax, email, letter sent to Medtronic's registered office, or other verifiable communication before the meeting, or by revoking it at the meeting. Attendance at the meeting will not, by itself, revoke a proxy. All properly executed or transmitted proxies not revoked will be voted at the meeting.

## Voting at the Meeting

Each Medtronic shareholder of record at the close of business on October 9, 2018, is entitled to one vote for each share then held. As of July 6, 2018, 1,353,137,047 Medtronic ordinary shares (par value US \$0.0001 each) were outstanding and entitled to vote.

At the 2018 Annual General Meeting, the inspector of election appointed by the Board of Directors for the meeting will determine the presence of a quorum and tabulate the results of shareholder voting. As provided by the Company's Articles of Association, one or more shareholders present in person or by proxy holding not less than a majority of the issued and outstanding shares of

Medtronic entitled to vote at the meeting will constitute a quorum. The inspector of election intends to treat as "present" for these purposes shareholders who have submitted properly executed and transmitted proxies even if marked "abstain" as to some matters. The inspector will also treat as "present" shares held in "street name" by brokers that are voted on at least one proposal to come before the meeting. Adoption of proposals 1 to 3 will require the affirmative vote of a majority of the votes cast by the holders of ordinary shares represented at the Annual General Meeting in person or by proxy.

Abstentions and broker non-votes will not be considered votes cast at the Annual General Meeting. The practical effect of this is that abstentions and shares held in "street name" by brokers that are not voted in respect of these proposals will not have any effect on the outcome of voting on the proposals.

There is no requirement under Irish law that Medtronic's Irish Statutory Financial Statements for the fiscal year ended April 27, 2018 or the related directors' and auditor's reports thereon be approved by the shareholders, and no such approval will be sought at the Annual General Meeting.

## Admission to the Meeting

If you wish to attend the Annual General Meeting, you must be a shareholder on the record date and **request an admission ticket in advance** by visiting [www.proxyvote.com](http://www.proxyvote.com) and following the instructions provided (you will need the control number included on your proxy card, voter instruction form or notice), or bring proof of ownership of ordinary shares to the meeting. Tickets will be issued to registered and beneficial owners and to one guest accompanying each registered or beneficial owner.

Requests for admission tickets must be received no later than December 5, 2018. On the day of the meeting, each shareholder will be required to present valid picture identification such as a driver's license or passport with their admission ticket. If you do not request an admission ticket in advance, we will need to determine if you owned ordinary shares on the record date by:

- verifying your name and share ownership against our list of registered shareholders; or
- asking to review evidence of your share ownership as of October 9, 2018, such as your brokerage statement. You must bring such evidence with you in order to be admitted to the meeting.

Seating will begin at 7:45 a.m. and the meeting will begin at 8:00 a.m. Cameras (including cell phones with photographic capabilities), recording devices and other electronic devices will not be permitted at the meeting. You will be required to enter through a security check-point before being granted access to the meeting.

# OTHER INFORMATION

## Expenses of Solicitation

Medtronic's Board of Directors solicits your proxy for use at the 2018 Annual General Meeting of shareholders and any adjournments or postponements of the meeting.

Medtronic will bear the costs of soliciting proxies, including the reimbursement to record holders of their expenses in forwarding proxy materials to beneficial owners. Directors, officers and regular employees of Medtronic, without extra compensation, may solicit proxies personally or by mail, telephone, email, fax, telex, telegraph or special letter.

We have engaged The Proxy Advisory Group, LLC to assist in the solicitation of proxies and provide related advice and informational support, for a services fee, including the reimbursement of customary disbursements, that is not expected to exceed \$21,000 in the aggregate. Brokerage firms, nominees, custodians and fiduciaries may be asked to forward proxy soliciting material to the beneficial shareholders. All reasonable soliciting costs will be borne by Medtronic.

## Shareholder Proposals and Director Nominations

In order for a shareholder proposal to be considered timely for inclusion in Medtronic's proxy statement for the 2019 Annual General Meeting, the written proposal must be received by the Company Secretary at Medtronic's registered office no earlier than May 26, 2019 and no later than June 25, 2019. The proposal must comply with SEC regulations regarding the inclusion of shareholder proposals in Company-sponsored proxy materials.

Medtronic's Articles of Association provide that a shareholder may present a proposal or nominee for director from the floor of the Annual General Meeting that is not included in the proxy statement if proper written notice is received by the Company Secretary at Medtronic's registered office not less than 50 nor more than 90 days prior to the Annual General Meeting date. If less than 60 days' notice of the meeting date is given, the submission will be

considered timely if it is received by the close of business on the 10<sup>th</sup> day following the day on which notice of the meeting is given. Any such proposal or nomination must provide the information required by Medtronic's Articles of Association and comply with any applicable laws and regulations. If the shareholder does not also comply with the requirements of Rule 14a-4(c)(2) under the Exchange Act, Medtronic may exercise discretionary voting authority under proxies it solicits to vote in accordance with its best judgment on any such shareholder proposal.

All submissions to, or requests from, the Company Secretary should be made to Medtronic's registered office at 20 on Hatch, Lower Hatch Street, Dublin 2, D92 XH02, Ireland, Attn: Company Secretary.

## Delivery of Documents to Shareholders Sharing an Address

The SEC has adopted rules regarding delivery of proxy statements and annual reports to shareholders sharing the same address. We may satisfy these delivery rules by delivering a single proxy statement and annual report to an address shared by two or more of our shareholders who are not participating in electronic proxy material delivery. This delivery method, referred to as "householding," results in significant cost savings for us. In order to take advantage of this opportunity, we have delivered only one proxy statement and annual report to multiple shareholders who share an address unless Medtronic has received contrary instructions from one or more of the shareholders. Medtronic will deliver promptly, upon written or oral request, a separate copy of the proxy statement and annual report to a shareholder at a shared address to which a single copy of the documents was delivered.

If shareholders receive one set of materials due to householding, they may revoke their consent for future mailings at any time by contacting Broadridge, either by calling toll-free at 1-800-542-1061, or by writing to Broadridge, Householding Department, 51 Mercedes Way, Edgewood, NY 11717. Shareholders will be removed from the householding program within 30 days of their response, following which they will receive an individual copy of our proxy materials. If you are the beneficial owner, but not the record holder, of Medtronic ordinary shares and wish to receive only one copy of the proxy statement and annual report in the future, you will need to contact your broker, bank or other nominee to request that only a single copy of each document be mailed to all shareholders at the shared address in the future.

### Notice Regarding Adoption of Financial Reporting Standard ("FRS") 102

The Company adopted FRS 102 (The Financial Reporting Standard Applicable in the U.K. and Republic of Ireland) for the financial year ending April 27, 2018, for its parent entity Irish statutory financial statements. The Company will once again adopt FRS 102 for its parent entity Irish statutory financial statements for the financial year ending April 26, 2019. The Company intends to utilize the disclosure exemptions available. No disclosures in the consolidated U.S. GAAP financial statements would be omitted on adoption

of FRS 102 by the parent entity for its Irish statutory financial statements. A shareholder or shareholders having an aggregate holding of 5% or more of the total outstanding ordinary shares in the Company may serve objections in writing to the use of the disclosure exemptions to the Company Secretary at Medtronic plc, 20 On Hatch, Lower Hatch Street, Dublin 2, D02 XH02, Ireland before midday, Irish Time on December 1, 2018.

## Other

Medtronic's 2018 Annual Report, including financial statements, is being made available to shareholders of record as of October 9, 2018, together with the other proxy materials.

**MEDTRONIC WILL FURNISH TO SHAREHOLDERS WITHOUT CHARGE A COPY OF ITS ANNUAL REPORT ON FORM 10-K FOR THE FISCAL YEAR ENDED APRIL 27, 2018, UPON RECEIPT OF WRITTEN REQUEST ADDRESSED TO: INVESTOR RELATIONS DEPARTMENT, MEDTRONIC, 710 MEDTRONIC PARKWAY, MINNEAPOLIS, MINNESOTA 55432.**

The Board of Directors knows of no other matter to be presented at the Annual General Meeting. If any other business properly comes before the Annual General Meeting or any adjournment or postponement thereof, the proxies will vote on that business in accordance with their best judgment.

By Order of the Board of Directors,

Bradley E. Lerman  
Company Secretary  
Medtronic plc

# APPENDIX A – FINANCIAL AND NON-GAAP RECONCILIATIONS

(2) The currency impact to revenue measures the change in revenue between current and prior year periods using constant exchange rates.

(3) Revised revenue excludes revenue related to the divested Patient Care, Deep Vein Thrombosis, and Nutritional Insufficiency businesses for the second, third, and fourth quarters of fiscal year 2017.

Medtronic generally uses non-GAAP financial measures to facilitate management's review of the operational performance of the company and as a basis for strategic planning. Non-GAAP financial measures should be considered supplemental to and not a substitute for financial information prepared in accordance with GAAP, and investors are cautioned that Medtronic may calculate non-GAAP financial measures in a way that is different from other companies.

Management strongly encourages investors to review the company's consolidated financial statements and publicly filed reports in their entirety.

#### **DELIVERY OF FUTURE ANNUAL MEETING MATERIALS**

Medtronic offers shareholders the choice to receive future annual reports and proxy materials electronically over the Internet instead of receiving paper copies through the mail. This will allow us to conserve natural resources and save Medtronic printing and mailing costs. Whether you hold shares registered directly in your name, through a Medtronic stock plan, or through a broker or bank, you can enroll for future delivery of proxy statements and annual reports by following these easy steps:

- Go to our website at **<http://investorrelations.medtronic.com>**;
- In the **Shareholder Services** section, click on **Electronic Delivery of Proxy Materials**; and
- Follow the prompts to submit your electronic consent.

Generally, brokers and banks offering this choice require that shareholders vote through the Internet in order to enroll. Street name shareholders whose broker or bank is not included in this website are encouraged to contact their broker or bank and ask about the availability of electronic delivery. As with all Internet usage, the user must pay all access fees and telephone charges. You may view this year's proxy materials at **[www.medtronic.com/annualmeeting](http://www.medtronic.com/annualmeeting)**.
