**Note 1. ORGANIZATION**

TigerRisk Capital Strategies LLC (the “Company”), a wholly-owned subsidiary of TigerRisk Partners LLC (the “Parent Company”), was formed on July 3, 2008, under the Delaware Limited Liability Act. The Company acts as a broker-dealer engaging in private placement of securities, merger and acquisition advisory services, and providing related financial services. The Company, which is a member of the Financial Industry Regulatory Authority (“FINRA”) since May 2015, does not carry customer funds or securities. The Company is headquartered in New York, New York. On January 9, 2023, the Company’s ultimate parent, Cavu Ultimate Holdings, LLC (“Cavu”), was acquired by Howden Group Holdings Limited (“Howden”), a privately held, leading international insurance group headquartered in London, United Kingdom. On January 20, 2023, the Company changed its name to Howden Tiger Capital Markets & Advisory, LLC.

The Company operates by limiting its business activities to investment banking services contemplated by Footnote 74 of the SEC Release No 34-70073 adopting amendments to 17 C.F.R. §240.17a-5.

**Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Financial Statement Presentation:**

The accompanying financial statement has been prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”). The accounting policies and reporting practices of the Company conform to the predominant practices in the broker-dealer industry.

**Estimates:**

The preparation of the financial statement in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement. Certain amounts included in the financial statement are estimated based on currently available information and management’s judgment as to the outcome of future conditions and circumstances. Changes in the status of certain facts or circumstances could result in material changes to the estimates used in the preparation of the financial statement and actual results could differ from the estimates and assumptions.

**Cash:**

The Company maintains its cash balance in a bank deposit account at a major financial institution. Cash balances may periodically exceed the Federal Depository Insurance Corporation (“FDIC”) insurance coverage limits.

**Revenue recognition:**

Revenue from contracts with customers includes fees from investment banking. The recognition and measurement of revenue is based on the assessment of individual contract terms. Significant judgment is required to determine whether performance obligations are satisfied at a point in time or over time. Investment banking revenues include fees earned from providing services related to mergers and acquisition, private placements, and financial advisory services provided to the Company’s customers upon entering into an agreement. The Company recognizes investment banking fees in accordance with the terms of the related agreements. These agreements are generally recognized at the point in time that performance under the arrangement is completed (the closing date of the transaction) or the contract is canceled. Retainers received from customers prior to recognizing revenue are reflected as deferred revenue.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Leases:

The Company evaluates its vendor agreements under U.S. GAAP applicable to leases, including its expense sharing agreement for the recognition criteria under this guidance. It was determined that during the year ended December 31, 2022, no agreements or arrangements existed that would be classified as a lease under the guidance.

Accounts Receivable:

Customer accounts receivable are non-interest bearing uncollateralized investment banking fees receivable in accordance with the terms agreed upon with each customer. Since all of such fees receivables are believed to be fully collectible, no current expected credit losses are reflected in the accompanying financial statement (refer to Note 6).

Income Taxes:

The Company is a single member LLC and a disregarded entity for federal and state income tax purposes and generally would not incur income taxes or have any unrecognized tax benefits. Instead, its earnings and losses are reported by the members of Cavu, on their income tax returns in accordance with the laws of the applicable jurisdiction. As a result, the financial statement does not reflect a provision for income taxes.

Cavu is subject to the New York City Unincorporated Business Tax (the “UBT”). As a portion of the liability associated with the UBT is the result of the operations of the Company, the UBT, which is calculated using currently enacted tax laws and rates, is recorded as an imputed expense or benefit. The Parent Company pays the UBT on behalf of Cavu and the Company is required to reimburse the Parent Company for the Company's portion of UBT.

Note 3. FAIR VALUE OF FINANCIAL INSTRUMENTS

The following table presents the carrying values and estimates fair values at December 31, 2022 of financial assets and liabilities, and information on their classification within the fair value hierarchy. At December 31, 2022, the carrying values of the Company's financial instruments approximate their fair value due to their short term nature.

	Carrying value	Level 1	Level 2	Level 3	Total at estimated fair value
<b>ASSETS</b>					
Cash	\$ 4,473,901	\$ 4,473,901	\$ -	\$ -	\$ 4,473,901
Accounts receivable	1,839,176		1,839,176		1,839,176
<b>TOTAL ASSETS</b>	<u>\$ 6,313,077</u>	<u>\$ 4,473,901</u>	<u>\$ 1,839,176</u>	<u>\$ -</u>	<u>\$ 6,313,077</u>
	Carrying amounts	Level 1	Level 2	Level 3	Total at estimated fair value
<b>LIABILITIES</b>					
Accounts payable and accrued expenses	\$ 3,023,381	\$ -	\$ 3,023,381	\$ -	\$ 3,023,381
Due to Parent Company	257,041		257,041		257,041
<b>TOTAL LIABILITIES</b>	<u>\$ 3,280,422</u>	<u>\$ -</u>	<u>\$ 3,280,422</u>	<u>\$ -</u>	<u>\$ 3,280,422</u>

**Note 4. RELATED PARTY TRANSACTIONS**

The Company entered into an expense sharing agreement whereby expenses including the Parent Company's office, certain payroll and personnel expenses, and other general administrative services are paid for by the Parent Company and allocated back to the Company. The Company also reimburses the Parent Company for the UBT associated with the Company's operations. In addition, the Company paid certain expenses on behalf of the Parent Company and charged the Parent Company during the year ended December 31, 2022.

At December 31, 2022, the Company had due to Parent Company in the amount of \$257,041 related to the above transactions, which are reflected on the accompanying statement of financial condition. Such payable is non-interest bearing and due on demand.

**Note 5. NET CAPITAL REQUIREMENTS**

The Company is a broker-dealer subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the Company to maintain minimum "net capital" of 6-2/3% of "aggregate indebtedness" or \$100,000, whichever is greater, as these terms are defined. In addition, the ratio of aggregate indebtedness to net capital shall not exceed 15 to 1. Net capital and aggregate indebtedness change daily. As of December 31, 2022, the Company had net capital of \$1,018,479, which was \$799,784 in excess of its required net capital of \$218,695, and the ratio of aggregate indebtedness to net capital was 3.22 to 1.

**Note 6. CREDIT LOSSES ON FINANCIAL INSTRUMENTS**

The Company accounts for estimated credit losses on financial assets measured at amortized cost basis in accordance with Financial Accounting Standards Board ("FASB"), Accounting Standard Codification ("ASC") Topic 326 that requires management's measurement of the current expected credit loss ("CECL") to be based on a broader range of reasonable and supportable information for lifetime credit loss estimates including historical experience, current conditions, and supportable forecasts.

A broker-dealer's estimate of expected credit losses should consider the expected risk of credit loss even if that risk is remote, regardless of the method applied to estimate credit losses.

A broker-dealer, however, is not required to measure expected credit losses on a financial asset (or group of financial assets) in which historical credit loss information adjusted for current conditions and reasonable and supportable forecasts results in an expectation that nonpayment of the amortized cost basis is remote.

**Accounts receivable**

Accounts receivable represents investment banking fees receivable. In consideration of the historical loss-rate of zero since inception for this asset class, while considering other current and future economic conditions, the Company assessed the risk of default from the customers to be virtually non-existent and considers any resultant allowance to be not material to the users of this financial statement. The Company will continue to evaluate the appropriateness of a credit loss allowance on this receivable as facts and circumstances may evolve.

At December 31, 2022 and 2021, the accounts receivable amounted to \$1,839,176 and \$1,789,168 respectively.

**Note 7. EMPLOYEE BENEFIT PLAN**

The Company has a 401(k) Plan whereby eligible employees are automatically enrolled at 6% employee contribution with an auto-escalation each year of 2% up to 10%, unless he/she opts out or elects a different contribution amount. Employees may contribute up to 100% of their compensation subject to certain limits based on federal tax laws. The Company makes matching contributions equal to 100% of the first 2%, and 50% of the next 4% of the employees' contribution, and then management has the ability to make discretionary contributions above the matching contribution. All Company contributions are subject to a 3 year vesting schedule. Matching contributions cannot exceed defined limits set by the Company.

**Note 8. SUBSEQUENT EVENTS**

The Company has evaluated its subsequent events through March 30, 2023, the date that the accompanying statement of financial condition was available to be issued. On March 2, 2023 and March 8, 2023, the Company made distributions of capital in the amounts of \$3,500,000 and \$1,000,000, respectively. Other than the acquisition by Howden and subsequent name change disclosed in Note 1, there were no other subsequent events which would require disclosure in the footnotes to the statement of financial condition.
