Report of Independent Registered Public Accounting Firm

To: The Stockholder
Bagby Financial Services, Inc.

Opinion on the Financial Statements

I have audited the accompanying statement of financial condition of Bagby Financial Services, Inc. LLC as of September 30, 2019, and the related statements of operations, changes in stockholder equity and cash flows for the year then ended, that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934 and the related notes [and schedules] (collectively referred to as the financial statements). In my opinion, the financial statements present fairly, in all material respects, the financial position of Bagby Financial Services, Inc. as of September 30, 2019 and its results of operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of Bagby Financial Services, Inc.'s management. My responsibility is to express an opinion on Bagby Financial Services, Inc.'s financial statements based on my audit. I am a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and I am required to be independent with respect to Bagby Financial Services, Inc. in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

I conducted my audit in accordance with the standards of the PCAOB. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. My audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. My audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. I believe that my audit provides a reasonable basis for my opinion.

Supplemental Information

The Schedule I, Computation of Net Capital Under SEC Rule 15c3-1, Schedule II, Computation for Identification of Reserve Requirements Under SEC Rule 15c3-3 (*exemption*) and Schedule III, Information Relating to Possession or Control Requirements Under SEC Rule 15c3-3 (*exemption*) has been subjected to audit procedures performed in conjunction with the audit of Bagby Financial Services, Inc.'s financial statements.

The supplemental information is the responsibility of Bagby Financial Services, Inc.'s management. My audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming my opinion on the supplemental information, I evaluated whether the supplemental information, including its form and content, is presented in conformity with 17 C.F.R. §240.17a-5. In my opinion, the Schedule I, Computation of Net Capital Under SEC Rule 15c3-1, Schedule II, Computation for Identification of Reserve Requirements Under SEC Rule 15c3-3 (*exemption*) and Schedule III, Information Relating to Possession or Control Requirements Under SEC Rule 15c3-3 (*exemption*) is fairly stated, in all material respects, in relation to the financial statements as a whole.

BAGBY FINANCIAL SERVICES, INC.
Notes to Financial Statements
September 30, 2019

(1) Organization and Nature of Business

Bagby Financial Services, Inc. (the Company) is a Missouri corporation conducting business as securities broker dealer. The Company is registered with the Securities and Exchange Commission (SEC) as a Broker Dealer pursuant to the Securities Exchange Act of 1934 and is a member of the Financial Industry Regulatory Authority - ("FINRA").

The Company limits its operations to mutual funds and the placement of variable annuities and variable life insurance policies. The Company holds no customer funds or securities and does not participate in the underwriting of Securities. Accordingly, the Company claims exemption from the requirements of Rule 15c3-3 under Section (k)(2)(i) of the rule.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The financial statements and accompanying notes are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") unless otherwise disclosed.

(b) Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

(c) Statement of Cash Flows

For purposes of the statement of cash flows the Company has defined cash equivalents as highly liquid investments, with original maturities of less than three months, that are not held for sale in the ordinary course of business. The company has adopted the indirect method of presenting the statement of cash flows in accordance with current authoritative pronouncements. There were no cash equivalents at September 30, 2019. Cash is held at one financial institution and is insured by the Federal Deposit Insurance Corporation.

(d) Revenue Recognition

The Company earns commissions from executing customer transactions in mutual fund securities and variable annuities. The Company recognizes revenue in accordance with ASC Topic 606 as services are rendered and the contracts identified performance obligations have been satisfied. There were no unsatisfied performance obligations at September 30, 2019.

BAGBY FINANCIAL SERVICES, INC.
Notes to Financial Statements
September 30, 2019

(e) Income Taxes

Certain transactions may be subject to accounting methods for federal and state income tax purposes which differ from the accounting methods used in preparing the financial statements. Accordingly, the net income or loss of the Company and the resulting balances in the Company's capital account reported for federal and state income tax purposes may differ from the balances reported for those same items in these financial statements.

The Company recognizes and measures its unrecognized tax benefits in accordance with ASC Topic 740, Income Taxes. Under that guidance the Company assesses the likelihood, based on their technical merit, that tax positions will be sustained upon examination based on the facts, circumstances and information available at the end of the financial reporting period. The measurement of unrecognized tax benefits is adjusted when new information is available, or when an event occurs that requires a change.

Management has determined that the Company has no uncertain tax positions that would require financial statement recognition at September 30, 2019. This determination will always be subject to ongoing evaluation as facts and circumstances may require.

In addition, no income tax related penalties or interest have been recorded for the year ended September 30, 2019.

(f) Advertising and Marketing

Advertising and marketing costs are expensed as incurred.

(g) General and Administrative Expenses

General and administrative costs are expensed as incurred.

(h) Fair Value Hierarchy

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

BAGBY FINANCIAL SERVICES, INC.
Notes to Financial Statements
September 30, 2019

(h) Fair Value Hierarchy - *continued*

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1. Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date.
- Level 2. Inputs other than quoted prices included in level 1 that are observable for the assets or liability either directly or indirectly.
- Level 3. Inputs are unobservable for the assets or liability.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, the liquidity of markets, and other characteristics particular to the security. To the extent the valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining the fair value is greatest for instruments categorized in level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

For further discussion of fair value, see “Note 5 Fair Value”

(3) Net Capital Requirements

The Company is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the "applicable" exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At September 30, 2019, the Company had net capital of \$197,800 which was \$192,800 in excess of its required minimum net capital of \$5,000. The Company's net capital ratio was 0.0002 to 1.

Advances to affiliates, contributions, dividends and other withdrawals are subject to certain notification and other requirements of Rule 15c3-1 and other regulatory rules. The Company is exempt from the provisions of Rule 15c3-3 under the Securities Exchange Act of 1934. The Company relies on its SEC Rule 15c3-3(k)(2)(i) exemption.

BAGBY FINANCIAL SERVICES, INC.
Notes to Financial Statements
September 30, 2019

(4) Concentrations and Economic Dependency

The Company's revenues are related to commissions as discussed in Note 2 above. There is no assurance of future revenues from such transactions.

The Company maintains its cash at a financial institution in amounts that at times may exceed federally insured limits. The Company has not experienced any losses in such accounts through September 30, 2019. As of September 30, 2019, there were no cash balances held in any accounts that were not fully insured.

(5) Fair Value

Cash, accounts receivable, accounts payable and other current liabilities (if any) are reflected in the financial statements at carrying value which approximates fair value because of the short-term maturity of these instruments.

(6) Commitments and Contingencies

Pursuant to Securities and Exchange Commission Rule 15c3-1(e)(2) the Company may not authorize dividends to its stockholder if such dividends cause the Company's net capital to fall below 120% of the Company's minimum net capital requirement. As of September 30, 2019, the Company was not in violation of this requirement.

The Company had no lease or equipment rental commitments, no underwriting commitments, no contingent liabilities, and had not been named as a defendant in any lawsuit at September 30, 2019 or during the year then ended.

(7) Related Party Transactions

During the reporting period, the Company paid a salary to its president in the amount of \$300.

The Company is wholly owned by the Cathy Elaine Bagby Revocable Trust, a related party.

The Company has an expense sharing agreement with Bagby Investment Consultants, LLC (BIC) a related party through common control in which BIC provides certain management, operating and overhead expenses. These include but are not limited to occupancy and equipment, technology and communications, office expense, supplies, postage, and consulting fees which totaled approximately \$9,458 during the reporting period. BIC has indicated it will not seek reimbursement for these expenses in the future.

(8) Income Tax

The Company has net operating loss carry forwards that may be offset against future taxable income from continuing operations. The loss carryforwards at September 30, 2019 total approximately \$49,000. There is also a capital loss carryforward that can only be used to offset capital gains. The capital loss carryforwards totaled approximately \$19,971.

BAGBY FINANCIAL SERVICES, INC.
Notes to Financial Statements
September 30, 2019

(9) Anti-Money Laundering Policies and Procedures

The Company is required to implement policies and procedures relating to anti-money laundering, compliance, suspicious activities, and currency transaction reporting and due diligence on customers who open accounts with the Company. At September 30, 2019 the Company had implemented such policies and procedures.

(10) Liabilities Subordinated to Claims of General Creditors

As of September 30, 2019, the Company had not entered into any subordinated liability agreements.

(11) Exemption from Rule 15c3-3

The Company is exempt from the Securities and Exchange Commission Rule 15c3-3 and, therefore, is not required to maintain a “Special Reserve Bank Account for the Exclusive Benefit of Customers”.

(12) Regulation

The Company is registered as a broker-dealer with the SEC. The securities industry in the United States is subject to extensive regulation under both federal and state laws. The SEC is the federal agency responsible for the administration of the federal securities laws. Much of the regulation of broker-dealers has been delegated to self-regulatory organizations, such as the Financial Industry Regulatory Authority, which has been designated by the SEC as the Company's primary regulator. These self-regulatory organizations adopt rules, subject to approval by the SEC, that govern the industry and conduct periodic examinations of the Company's operations. The primary purpose of these requirements is to enhance the protection of customer assets. These laws and regulatory requirements subject the Company to standards of solvency with respect to capital and financial reporting requirements.

(13) Evaluation of Subsequent Events

The Company has evaluated subsequent events occurring after the statement of financial condition date through the date of October 25, 2019 which is the date the financial statements were available to be issued. Based on this evaluation, the Company has determined that no material subsequent events have occurred which would be required to be recognized in the financial statements as of September 30, 2019.

However, the Company's sole shareholder has entered into a Purchase Agreement to sell all shares of the Company's common stock that are outstanding to an unrelated party. The transaction contemplated by the Purchase Agreement is subject to the prior notification to, and approval of the Company's regulator FINRA pursuant to the rules, as defined.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To: The Stockholder
Bagby Financial Services, Inc.

I have reviewed management's statements, included in the accompanying Management Statement Regarding Compliance with the Exemption Provisions of SEC Rule 15c3-3 (Exemption), in which Bagby Financial Services, Inc. (the Company) (1) identified the following provisions of 17 C.F.R. §240.15c3-3(k) under which Bagby Financial Services, Inc. claimed an exemption from 17 C.F.R. §240.15c3-3: under—k(2)(i), (the “exemption provisions”) and (2) the Company stated that the Company met the identified exemption provisions throughout the most recent fiscal year without exception. The Company’s management is responsible for compliance with the exemption provisions and its statements.

My review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company’s compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, I do not express such an opinion.

Based on my review, I am not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(i) of Rule 15c3-3 under the Securities Exchange Act of 1934.
