Independent Accountant's Review Report

To the Board of Directors of Cutting Edge Superconductors Inc.

We have reviewed the accompanying financial statements of Cutting Edge Superconductors Inc., which comprise the balance sheet as of December 31, 2023 and December 31, 2022 and the related statements of income, changes in stockholders' equity, and cash flows for the years then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of company management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion. We are required to be independent of Cutting Edge Superconductors Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our review.

Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

CUTTING EDGE SUPERCONDUCTORS INC
NOTES TO FINANCIAL STATEMENTS (UNAUDITED)
DECEMBER 31, 2023 & 2022

NOTE A – ORGANIZATION AND NATURE OF ACTIVITIES

Cutting Edge Superconductors Inc. is a corporation organized in Puerto Rico. The company is producing enhanced MgB2 wires, based on our worldwide patented technology, improving superconductor performance on crucial equipment's such as MRI's scanners.

NOTE B – GOING CONCERN MATTERS

The financial statements have been prepared on the going concern basis, which assumes that the Company will continue in operation for the foreseeable future. However, management has identified the following conditions and events that created an uncertainty about the ability of the Company to continue as a going concern. The Company sustained net operating losses in 2022 of \$34,202.11 and 2023 of \$52,651.92.

The following describes management's plans that are intended to mitigate the conditions and events that raise substantial doubt about the Company's ability to continue as a going concern.

The Company intends to secure additional financing to sustain operations by engaging with the Puerto Rico Government and Netcapital.com. In 2023, the company successfully secured \$19,288 in funding from Netcapital.com and received \$55,000 through a Simple Agreement for Future Equity (SAFE). The ability of the Company to fulfill its financial obligations when they are due relies on the successful implementation of the management's strategies outlined above. It is important to note that the financial statements have not been adjusted to reflect any potential consequences should the Company fail to maintain its going concern status.

NOTE C – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP"). The Company's fiscal year ends December 31.

Significant Risks and Uncertainties

The Company is subject to customary risks and uncertainties associated with development of new technology including, but not limited to, the need for protection of intellectual property, dependence on key personnel, costs of services provided by third parties, the need to obtain additional financing, and limited operating history. The Company currently is developing

CUTTING EDGE SUPERCONDUCTORS INC
NOTES TO FINANCIAL STATEMENTS (UNAUDITED) (CONTINUED)

products for commercialization and there can be no assurance that the Company's research and development will be successfully commercialized. Developing and commercializing a product requires significant capital, and based on the current operating plan, the Company expects to continue to incur operating losses as well as cash outflows from operations in the near term.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Changes in estimates are recorded in the period they are made. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include all cash balances, and highly liquid investments with maturities of three months or less when purchased.

Intangible Assets

Intangible assets are stated at their historical cost and amortized on a straight-line basis over their expected useful lives, which usually varies from 3 to 10 years and up to 20 years for patents. An adjustment is made for any impairment. Intangible items acquired must be recognized as assets separately from goodwill if they meet the definition of an asset, are either separable or arise from contractual or other legal rights, and their fair value can be measured reliably. The intangible asset recorded on the books is comprised of intellectual property. These include patents, the company developed over the years and will be depreciated over management's estimate of the asset's useful life.

Intangible assets consist of fees paid to secure several patents. As of December 31, 2023, the Company has two patents approved by the United States Patent and several countries.

Revenue Recognition

The Company recognizes revenues in accordance with FASB ASC 606, revenue from contracts with customers, when delivery of services is the sole performance obligation in its contracts with customers. The Company typically collects payment upon sale and recognizes the revenue when the service has been performed and has fulfilled its sole performance obligation.

Revenue recognition, according to Topic 606, is determined using the following steps:

CUTTING EDGE SUPERCONDUCTORS INC
NOTES TO FINANCIAL STATEMENTS (UNAUDITED) (CONTINUED)

- 1) Identification of the contract, or contracts, with the customer: the Company determines the existence of a contract with a customer when the contract is mutually approved; the rights of each party in relation to the services to be transferred can be identified, the payment terms for the services can be identified, the customer has the capacity and intention to pay, and the contract has commercial substance.
- 2) Identification of performance obligations in the contract: performance obligations consist of a promised in a contract (written or oral) with a customer to transfer to the customer either a good or service (or a bundle of goods or services) that is distinct or a series of distinct goods or services that are substantially the same and that have the same pattern of transfer to the customer.
- 3) Recognition of revenue when, or how, a performance obligation is met: revenues are recognized when or as control of the promised goods or services is transferred to customers.

The Company's sources of revenue will be:

- a) Royalty from Patents
- b) Sales on Patents
- c) Sales on Samples or Products

R&D expense

Costs incurred in the research and development of the Company's products are expensed as incurred.

Fair Value Measurements

Fair value is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants based on the highest and best use of the asset or liability. As such, fair value is a market-based measurement that should be determined based on assumptions that market participants would use in pricing an asset or liability. The Company uses valuation techniques to measure fair value that maximize the use of observable inputs and minimize the use of unobservable inputs. These inputs are prioritized as follows:

Level 1 - Observable inputs, such as quoted prices for identical assets or liabilities in active markets;

Level 2 - Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly, such as quoted prices for similar assets or liabilities, or market-corroborated inputs; and

Level 3 - Unobservable inputs for which there is little or no market data which require the reporting entity to develop its own assumptions about how market participants would price the assets or liabilities.

CUTTING EDGE SUPERCONDUCTORS INC
NOTES TO FINANCIAL STATEMENTS (UNAUDITED) (CONTINUED)

The valuation techniques that may be used to measure fair value are as follows:

Market approach - Uses prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities.

Income approach - Uses valuation techniques to convert future amounts to a single present amount based on current market expectations about those future amounts, including present value techniques, option-pricing models, and excess earnings method.

Cost approach - Based on the amount that currently would be required to replace the service capacity of an asset (replacement cost).

NOTE D - EQUITY

The Company has authorized the issuance of 125,000,000 shares of Common Stock, each with a par value of \$0.00008. Holders of Common Stock are entitled to one vote per share on various matters of Company business. In the event of liquidation, the rights of Common Stockholders are subordinate to those of all Preferred Stockholders.

In 2023, the Company issued 275,543 shares of Common Stock through public funding on Netcapital.com. As of December 31, 2023, the total issued and outstanding shares are detailed as follows:

- Common Stock: 125,275,543 Shares Outstanding

NOTE E - DEBT

At December 31, 2023, the balance of the Loan from Shareholder is \$206,858.36. The owner has invested the entire amount since the company was incorporated. The loan is non-interest bearing. The loan has been reflected as non-current liabilities on the balance sheet. Shareholder has agreed to provide additional funds if needed.

NOTE F – RELATED PARTY

There are no related party transactions.
