"Telehealth is exploding, and RPM is exploding faster. The space is white hot—the pandemic broke down all the barriers. It's all about trust in delivery, which is why caregivers are looking for a trusted player like BlueStar."

-- Grant Chamberlain, Managing Director, Ziegler Healthcare Investment Banking, Chicago

What BlueStar Does:

BlueStar provides everything a caregiving organization needs to connect with remote patients to deliver Remote Patient Monitoring (RPM) or Chronic Care Management (CCM): hardware, software, care plans, nurse monitoring, logistics, tech support, customer service, patient recruitment and onboarding, patient training, equipment retrieval and refurb. BlueStar does all the hard work of delivering the last mile of telehealth-- it allows the caregiving member to focus on clinical care.

Why Choose BlueStar:

BlueStar delivers RPM, CCM, and other population health services:

- Full-service – we do all the work—no new burdens on member staff
- No-risk—we only get paid as the member is reimbursed for our services
- No Upfront Investment—we are paid on a per-patient-per-month basis
- Hardware and Software agnostic—we're not pitching or selling any one tool
- Customized Solution provider—every member is different; we work (for free) to build a solution that fits their individual needs
- Experienced Military Providers—retired admirals and generals, serving thousands of families across America
- Service-disabled veteran-owned—eligible for diverse/inclusion set-asides

Our fully outsourced, turn-key solutions include:

- Patient Outreach and Marketing
- Patient Recruitment and Qualification
- Enrollment
- Equipment Purchasing
- Equipment Inventory Management
- Kitting and Testing
- Shipping and Receipt
- Patient Activation and Training
- Communications and Data Feed
- Software
- Technical Support To Patients and Staff
- Customer Service For Patients and Staff
- Medical Monitoring with US-Based Healthcare Professionals
- Alerts and Notifications
- Patient Engagement Programs
- EMR/EHR Interaction
- Billing Support and Documentation
- Equipment Retrieval
- Equipment Refurbishment and Re-Issue
