RSM US LLP

Report of Independent Registered Public Accounting Firm

To the Managing Member of ICR Capital, LLC

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of ICR Capital, LLC (the Company) as of December 31, 2017, and the related notes to the financial statement (collectively, the financial statement). In our opinion, the financial statement presents fairly, in all material respects, the financial position of the Company as of December 31, 2017, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to access the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis of our opinion.

The accompanying notes are an integral part of this statement of financial condition.

ICR Capital, LLC

Notes to Statement of Financial Condition

December 31, 2017

1. Organization and Nature of Business

ICR Capital LLC (the "Company") is a Connecticut limited liability company whose sole member is ICR, LLC (the "Parent"), also a Connecticut limited liability company. The liability of the member for the losses, debts and obligations of the Company is generally limited to its capital contributions. The Company is a registered broker-dealer under the Securities and Exchange Act of 1934. The Company is a member of the Financial Industry Regulatory Authority, Inc. ("FINRA") and is also subject to oversight by the Securities and Business Investment Division of the Department of Banking of the State of Connecticut and similar agencies in states in which the Company operates. The Company does not affect securities transactions on behalf of clients but may engage in underwritings, private placements of securities, trading securities for its own account and providing consulting services in connection with mergers, acquisitions and similar transactions including providing fairness opinions and valuations in connection with those transactions. The Company operates under the provisions of Paragraph (k)(2)(i) of Rule 15c3-3 of the Securities and Exchange Commission.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Company have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Allowance for Doubtful Accounts

The Company evaluates its accounts receivable and, if applicable, provides for an allowance for doubtful accounts equal to amounts estimated to be uncollectible. The Company's estimate is based on a review of the current status of the individual accounts receivable. There was no allowance for doubtful accounts at December 31, 2017.

Income Taxes

The Company is a disregarded entity for income tax purposes and its results of operations are included in the income tax returns of its Parent which files its tax returns as a partnership. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

ICR Capital, LLC

Notes to Statement of Financial Condition (continued)

December 31, 2017

Recent Accounting Pronouncement

In February 2016, The Financial Accounting Standards Board issued ASU 2016-02, Leases, which replaces the existing guidance in ASC 840. The new standard establishes a right-of-use model that requires a lessee to record a right-of-use asset and a lease liability on the balance sheet for all leases with terms longer than 12 months. Leases will be classified as either finance or operating, with classification affecting the pattern of expense recognition in the statement of operations. The guidance will be effective for annual reporting periods beginning after December 31, 2018 and early adoption is permitted. The Company is currently evaluating the impact that ASU 2016-02 will have on its financial statements and related disclosures.

3. Cash

At December 31, 2017, cash consists of a checking account at a regional bank which is insured up to \$250,000 by the Federal Deposit Insurance Corporation resulting in a balance in excess of such insurance coverage of approximately \$1,535,000.

4. Net Capital Requirements

The Company is subject to the Securities and Exchange Commission ("SEC") Uniform Net Capital Rule, 15c3-1, (the "Rule"), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, as both defined, shall not exceed 15 to 1. In accordance with the Rule, the Company is required to maintain defined minimum net capital equal to the greater of \$100,000 or 6 2/3% of aggregate indebtedness.

At December 31, 2017, the Company had net capital, as defined, of \$1,625,949, which exceeded the required minimum net capital of \$100,000 by \$1,525,949. Aggregate indebtedness at December 31, 2017 totaled \$159,420. The ratio of aggregate indebtedness to net capital was 0.10 to 1.

5. Related Party Transactions – Allocated Expenses

The Company and its Parent have entered into an Administrative Services Agreement, as amended (the "Agreement") in a manner consistent with SEC rules 15c3-1, 17a-3, 17a-4 and 17a-5 and other relevant SEC and FINRA regulations and interpretations, whereas the Parent agrees to pay certain of the administrative and other expenses relating to the operation of the Company and the Company will reimburse the Parent for such expenses. Under the terms of the Agreement, the Parent may forgive reimbursement from the Company with such forgiveness representing additional capital contribution by the Parent.

At December 31, 2017, the Company recorded a payable in the amount of \$98,447 for certain expenses, which were paid on behalf of the Company and not yet reimbursed to the Parent. This payable is included in payable to related party in the Statement of Financial Condition.

ICR Capital, LLC

Notes to Statement of Financial Condition (continued)

December 31, 2017

6. Revenue from Contracts with Customers (Topic 606)

In May 2014, the Financial Accounting Standards Board issued ASU 2014-09, Revenue from Contracts with Customers (Topic 606). This standard outlines a single comprehensive model for companies to use in accounting for revenue arising from contracts with customers and supersedes most current revenue recognition guidance, including industry-specific guidance. The core principle of the revenue model is that revenue is recognized when a customer obtains control of a good or service. A customer obtains control when it has the ability to direct the use of and obtain the benefits from the good or service. Transfer of control is not the same as transfer of risks and rewards, as it is considered in current guidance. The Company will also need to apply new guidance to determine whether revenue should be recognized over time or at a point in time. ASU 2014-09, as deferred by ASU 2015-14, will be effective for annual reporting periods beginning after December 15, 2017, using either of two methods: (a) retrospective to each prior reporting period presented with the option to elect certain practical expedients as defined within ASU 2014-09; or (b) retrospective with the cumulative effect of initially applying ASU 2014-09 recognized at the date of initial application and providing certain additional disclosures as defined in ASU 2014-09.

The Company has evaluated the new guidance and the adoption will have an impact on the Company's financial statements. The Company has applied the new guidance to all its revenue contracts at the date of initial adoption of January 1, 2018. The non-refundable retainer fees that are recognized during the life of the Company's contract will be recognized when all performance obligations are met in accordance with the new standard. On January 1, 2018, the Company recorded a cumulative effect adjustment under the modified retrospective method of adoption of \$85,000 representing deferral of revenue received in advance.

7. Contingencies

The Company is subject to litigation in the normal course of business. The Company has no litigation in progress at December 31, 2017.

8. Subsequent Events

Subsequent events were evaluated through February 28, 2018 which is the date the financial statements were available to be issued.
