## Experience

### Chief Operating Officer

Xcinex ([www.xcinex.com](http://www.xcinex.com)) · Full-time

Mar 2019 – Present · 2 yrs 1 mo

San Francisco Bay Area

Xcinex is a per-ticket streaming service, utilizing our patented Tikit sensor technology to expand audiences for cinematic releases and provide a secure and private option for home viewing during the theatrical release window.

### Chief Technology Officer

Vmersion

Jan 2012 – Jan 2019 · 7 yrs 1 mo

Pleasanton, California

Vmersion-Health, a California Limited Partnership, was founded in 2011. The company develops and publishes social media applications exclusively for health-related causes. The company's core value is its guarantee to its users that the data they store on its servers belongs only to the user, and is never shared or co-opted by an outside party. Bett ...see more

### Chief Technology Officer

Enporion

Aug 2001 – Jan 2012 · 10 yrs 6 mos  
Tampa Florida, San Jose California

Enporion is a B2B Marketplace primarily focused on the Utility industry. Enporion was initially owned and operated by loaned employees of the 7 investor owned utilities. I was hired as part of the first permanent management team. Within the first year I brought all operations in-house and reduced technology based expenses by 90% while increasing system re ...see more

## Volunteer experience

### Beef Leader

Sunol 4H

Sep 2013 – Present · 7 yrs 7 mos

Children

The 4H beef program teaches children about the cattle industry. This is a hands on program that focuses on care and feeding, biology, sales and marketing and finance of a project show steer.

---

### Beekeeping Leader

Sunol 4H

Sep 2014 – Present · 6 yrs 7 mos

Children

The Sunol 4H Beekeeping group provides children a hands-on opportunity to learn about and manage honey bees. The group meets twice a month. The weekday evening meetings are

focused on teaching the children about bee biology, threats and dangers, research, products and the business aspects of beekeeping. The Saturday meetings are hands on in the hive either performing inspections, splits, or queen rearing.
